

Wonder Doctor Chapter 1971

“Rumble!”

Within the golden bell, countless white sword maces appeared out of nowhere, and the next moment they all poured out on the golden bell barrier.

The golden bell in front of him began to twist and turn as the countless sword rays split it, forming a bow that bulged out towards the back.

However, it was never pierced.

“The defensive power of this golden bell is really amazing!”

Lin Ran was shocked in his heart, the strength of his own Lancang Sword Technique needed no introduction.

But at this moment, he couldn't break through this golden bell's defense.

“Come again!”

There was ice coldness in Lin Ran's eyes, and in the next moment, the Frost Condensation Sword in his hand shook again in a smooth motion and slashed towards the front.

At the same time, countless sword maces began to converge within the golden bell, and in the blink of an eye, a silvery-white sword mace appeared in front of Lin Ran.

“Go!”

Lin Ran flicked his finger and followed the white sword mane straight ahead.

The speed of this sword mane was not fast, but the power contained in it was suffocating.

“If the second Sword Intent to the Sky still doesn't break through, then we'll have to use our bottom card!”

Lin Ran calculated in his mind.

The Sword Intent Tontine was already his strongest attack at the moment, but if he couldn't even break it, then he would have to use his bottom card.

“Bang Bang Bang!”

It was too late, and the second Sword Intent through the Sky arrived in front of Golden Bell almost instantly.

The next moment the entire sharp tip of the sword had already pierced on the Golden Bell only.

“Rumble!”

The entire Golden Bell began to tremble violently, and a crack appeared quickly.

And with the appearance of this one sword mark, it was as if the earth had cracked, and countless cracks began to spread rapidly.

“It’s going to break!”

As he watched the cracks rapidly emerge on top of the golden bell, Lin Ran revealed a look of wild joy.

At this moment, outside the Golden Bell, the Four Harmonious Generals saw this scene and could not help but have their faces turn grave.

“What about big brother?”

The other three were busy looking at the leader.

“Strike! The Golden Bell cannot be broken, otherwise we are afraid that we won’t be able to trap this kid!”

The leader shouted as he quickly choked in his hands.

“Good!”

The other three did not hesitate at the words, and made their best efforts to suppress the golden bell.

“Hold on, give me one incense stick of time and I’ll be able to completely exterminate this kid!”

“Good!”

Rumble!

The three of them struck at the same time, and three golden lights were quickly injected within the golden bell.

Instantly, Lin Ran felt the pressure on him increase violently, and the cracks on the golden bell only stopped spreading in an instant.

It was then actually like an ebbing tide as it frantically healed up again.

“This!”

Lin Ran was a little dumbfounded by this scene.

But at this moment, the power of his own sword mane was already rapidly weakening.

It was clearly impossible to break through this golden bell!

“Bastard!”

Lin Ran’s face was unusually ugly.

The second stance of the Lancang Sword Technique was supposed to be able to break through this Golden Bell Formation.

Instead, it ended up being stopped by the other party.

“If I practiced the third stance of the Lancang Sword Technique right now, this Golden Bell Grand Formation could be broken with a single sword!”

Lin Ran said to himself in his mind.

The Lancang Sword Technique was stronger one style at a time, it was just a pity that the current him hadn't realized the third style of the Ten Thousand Swords Extermination at all!

"I have to use my bottom card!"

Lin Ran sighed helplessly.

There was no telling what the situation was like outside now.

One minute longer he was trapped here, Wolf Ba and the others might be in even more danger by one minute.

That was why he wasn't waiting!

"Heavenly Thunder Transformation! Chaos Qi Spin Out!"

Lin Ran roared, and in an instant, thunder flashed on the surface of his body, and a stream of Chaos Qi in the Chaos Qi Whirlwind within his body was like a fountain.

At this moment, there was chaotic Qi faintly rolling around in Lin Ran's eyes.

"Sword Intent to the Sky!"

Lin Ran roared and once again swung his sword in his hand.

This sword was plain and unexceptional, but the moment it appeared, the entire golden bell seemed to stop chiming.

"That kid is here again!"

Outside, the Four Harmonious Generals' Eldest Two, Eldest Three and Eldest Four were staring at the golden bell.

Seeing Lin Ran's old trick again, the three of them could not help but sneer and inject three golden lights at the same time.

However, just as they were injecting golden light at the same time, this sword mane of Lin Ran's within the golden bell was I had already stabbed over.

"Bang!"

Only a crunching sound was heard, and the next moment the entire sword mane was actually instantly submerged into the golden bell barrier.

"How is this possible?"

The three people looked stunned, under their added support, this sword mane had actually still pierced through the Golden Bell Barrier, which made them all very surprised.

"Quick! Stop him!"

The oldest two were busy speaking and shouting.

The other two heard this and were just about to continue to strike.

But at that moment, they suddenly heard two crunching sounds.

At once, cracks appeared on the golden bell.

These cracks were like springing up, spreading in all directions.

No matter how the three people resisted, they could not stop it at all.

“Bang!”

Suddenly, there was a muffled sound, and the next moment, the entire golden bell exploded with a bang.

“Poof!”

The three of them were the first to be shaken by the explosion of the golden bell and instantly sent them flying backwards.

At the same time, a mouthful of fresh blood directly spurted out.

“What’s going on!”

On the side, the Boss, who had reached the last moment of choking, saw this scene and his face changed.

“Boss, can’t hold back this kid is too strong!”

“Yes, the power of that sword can’t even resist us!”

“This can’t be!”

The boss scolded with an ugly face.

“He’s a tiny Third Dao Realm, how could he be a match for you guys!”

“But boss, the facts are already in front of us!”

Lao Er said helplessly.

The oldest man’s face was so blue that he didn’t say a word as he turned his head and looked at Lin Ran with an icy gaze.

He saw that at this moment, Lin Ran was standing in place, his aura emanating a terrifying aura fluctuation.

He had actually vaguely reached the peak of the Third Dao Realm.

“How on earth did this one manage to do that, clearly he was still at the early stage of the Third Dao Realm before, how did he rival a peak existence so quickly?”

The boss muttered to himself in his mind in disbelief.

Only where did he know that Lin Ran had also only raised his strength to the current level after using the Chaotic Qi Spiral as well as the Heavenly Thunder Transformation.

“These four are really tough, no wonder they were placed here by Wang Mang to guard the exit!”

Once again, when he came out and saw that Wolf Ba and Li Ba were both fine, Lin Ran then let out a long breath of relief.

Only this breath had just been exhaled, and before he could take a moment to rest properly, a terrifying aura that made hearts tremble suddenly appeared not far away.

“Hm?”

Lin Ran was busy turning his head to look.

The whole person could not help but be stunned at this glance.

Only to see that not far ahead, the entire person of the boss of the Four Harmonious Generals Order was suspended in mid-air.

In front of him at that moment, a long black needle that was a meter long was hovering quietly.

The long needle was covered in black gas and was so thin that if it wasn't for the black gas emanating from the surroundings, I'm afraid Lin Ran wouldn't have noticed it.

But it was such an object that made Lin Ran feel deeply threatened.

It was as if it was a sharp blade that could pierce everything, and the moment it was sheathed, I was afraid that nothing could stop its attack!

“What the hell kind of move is this!”

Lin Ran's brow furrowed slightly as he watched, with caution in his eyes.

“Master, this thing is called the Soul Snatcher Needle! It's a secret technique! It's very sharp and cuts iron like mud, so you should be careful!”

Qing Zi's voice suddenly rang out.

Wonder Doctor Chapter 1972

“Soul snatching needles? Does it have an effect on the divine sense?”

Lin Ran asked busily, the name always felt like it was aimed at the divine sense!

“Yes, it can also break your divine sense, so you should never use your divine sense against this kind of thing!”

Qing Zi was busy reminding.

“Then how do I deal with it?”

Lin Ran was a little helpless.

Divine Sense wasn't allowed to be used, and it was also incredibly sharp and cut like mud, so wouldn't he be unable to deal with it at all!

“Although this thing is sharp, it's not powerful, and it will lose its effect in a few minutes at most!”

“So as long as master holds on for a while, this thing will be useless!”

“Hold on for a while? You’re kidding, what am I going to use to hold on?”

Lin Ran was somewhat speechless.

You even said that this thing was as sharp as iron, and you’re still asking yourself to hold on for a while, how is this going to hold on!

Lin Ran also wanted to ask if there was any other way to block this thing’s attack.

But before the words could be spoken, the four-legged general in front of him had already moved.

With a wave of his palm, the long black needle suspended in front of him instantly turned into a stream of black light and stabbed towards Lin Ran.

“Master, be careful!”

Qing Zi hurriedly shouted.

Lin Ran couldn’t even think about anything else at this moment, so he waved his hands and instantly the heavenly thunder turned into a thunder net and enveloped the black silver needle.

However, the long black needle was too fast.

It was so sharp that after just one encounter, two crunching sounds could be heard, and the next moment, it actually burst out of the huge net of heavenly thunder directly.

“How sharp!”

Lin Ran’s brow furrowed slightly as he watched, not daring to slow down in the slightest as his body flashed towards this side and ran.

However, the long black needle, as if it had locked onto Lin Ran, swung its body towards Lin Ran and cut straight across.

Lin Ran was so shocked by this that he was forced to fall backwards towards the sky.

However, a strand of hair was still cut by the long black needle.

Instantly, the hair broke apart from it.

“How terrifying!”

Lin Ran couldn’t help but exclaim in shock, while a sword mane slashed towards the long black needle.

However, what he didn’t expect was that his own sword mane was directly burst into two the moment it touched the long black needle.

“This!”

Lin Ran’s heart had already gone half cold, such a terrifying attack that even he couldn’t help but be a little scandalized.

“The ocean is limitless!”

Seeing that his sword mane was unable to nail this long black needle at all.

Lin Ran's mind moved instantly countless sword mists surfaced all over the sky.

The entire mid-air almost instantly became an ocean of sword mangles.

The countless sword mists hovered in the sky and then charged towards the long black needle under Lin Ran's guidance.

But the result was not the slightest bit surprising, as these sword mists were all pierced in half one by one by the long black needles.

The only thing that made Lin Ran happy was that he had enough sword maces, and as the sword maces blasted, the speed of the long black needles was obviously decreasing.

"Boss! How can this kid possibly block the Soul Snatcher Needle!"

At this moment, the other three men from the Four Harmonious Generals also came over, with shock in their eyes.

They all knew very well how strong their own boss's Soul Snatcher Needle was.

Even if they themselves were to encounter it, they were afraid that they would not be able to defeat it.

But this kid in front of him actually had a way to stall for time, which simply took him by surprise.

He had to know that the Soul Snatcher Needle was extremely sharp, and it was almost impossible for ordinary attacks and defences to slow it down!

But at this moment, this kid in front of him had actually managed to do it!

"This is the Lancang Sword Technique!"

The boss had a worried look in his eyes as he frowned slightly.

"Lancang Sword Technique?"

The other three were stunned, seemingly unaware of this sword technique!

"The Lancang Sword Technique is an untold secret of the Sword Immortal Sect!"

"Back when I first arrived at the Heavenly King Fort, I had heard the Fort Master talk about it!"

"Each of the four major powers in this East Flag City has their own secret, and this Sword Immortal Sect's Lancang Sword Technique is infinitely powerful, it's just a pity that there are too few people who can cultivate it!"

"Otherwise, of the four major powers in East Flag City, the Sword Immortal Sect wouldn't be at the bottom!"

"Is this sword technique that terrifying?"

The other three were all a little shocked, if this Lancang Sword Technique was really so powerful, did he have any hope of them winning today?

“Boss if he really blocked this Soul Snatching Needle we.”

“Then we’ll just have to leave!”

The boss said.

“If this Soul Snatcher Needle can’t even help him, we can’t help him at all in this Land of Opportunity!”

“We can only wait until we get out and figure out what to do!”

“And by then, once we get out, that Wolf Ba’s strength will also directly recover to, one hundred thousand eight hundred thousand realms, and our situation will only become more dangerous as well!”

“Then Gongzi he!”

“Don’t mind him, he is the son of the fortress master, how could he not have the means to save his life!”

Just as the four healers were discussing.

Lin Ran, who was not far away, had already begun his counterattack.

Although this Soul Snatching Needle was powerful, it was only a secret technique after all, and its power was limited.

At this point, the countless sword maces that kept falling all the way over had already weakened the Soul Snatcher’s power by a large margin.

Lin Ran was also clear that the time had come for him to strike back.

He saw his palm wave violently, and instantly the countless sword mists that were still around converged directly towards the direction of the long black needle.

“Rumble!”

The countless sword maces were extremely fast and swept towards the long black needle, almost instantly enveloping the entire needle.

Then a “bang” was heard, and instantly the countless sword maces exploded with a blinding white light.

Almost instantly, all the sword arrows exploded at the same time.

The next moment the white light died out and the crowd saw that the long black needles had directly dissipated as well.

“It’s blocked!”

Lin Ran was excited in his heart, not expecting that he had really succeeded.

“It’s over!”

At this moment, the Four Harmonious Generals were all shaking their heads, knowing clearly in their hearts that there was no longer anyone in the Land of Chance who could help Lin Ran’s group!

“This is the end!”

“Ah! We’ve come all this way for nothing!”

“Who says it wasn’t!”

The crowd of scattered cultivators around them all looked disheartened.

They had originally wanted to take advantage of the chaos and feel the fish, but who knew that even the Four Harmonious Generals of the Heavenly King Castle had failed to capture Lin Ran.

Not to mention them at this moment!

“Do it! What are you doing!”

Seeing that the Four Harmonious Generals were no longer striking, Wang Mang shouted angrily from afar.

At this moment, he was in a very bad situation, although he had the Tie Ta Elders on his side to help him.

But Wolf Ba’s strength had all been restored with Lin Ran’s help.

Although he was in this land of opportunity, Wolf Ba’s strength was still there after all, so he could deal with the two of them without any weakness at all.

As for Li Ba that was even easier, this fellow was facing people who were not very strong from the Heavenly King Fort, and one of them was able to entangle a dozen disciples from the Heavenly King Fort.

“Young master! Can’t you still see that? No one can even help them in this Land of Opportunity!”

Sihe General spoke up.

Wang Mang was stunned at his words, and his entire body froze in place.

Only then did he realize that this was the Land of Chance, and the Four Harmonious Generals were a person at the peak of the Extreme Dao Realm who couldn’t even kill Lin Ran.

Then even if he went out I’m afraid he wouldn’t be able to, and if he wanted to kill him then he would have to rely on the people who were still guarding the outside.

“Then go out and wait for them!”

Wang Mang didn’t say anything and was about to leave as soon as he saw that things couldn’t be done.

But at this point, if he wanted to leave Lin Ran would not go along with him!

“Wolf Ba! Kill him!”

Lin Ran’s voice was cold, and his gaze was burning as he looked at the Four Heavies!

“That’s what I’ve been waiting for!”

Wolf Ba laughed, he had been waiting for Lin Ran’s words for a long time!

Wonder Doctor Chapter 1973

“Boy! Do you know who I am?”

Wang Mang said angrily, his entire body slightly confused when he heard Lin Ran's words.

Kill him?

This brat actually let Wolf Ba kill himself outright.

He was the young grandson of the Heavenly King Fort, even if the elders of the four major powers in East Flag City wanted to strike at him, they would have to be scrupulous.

But this kid actually ordered to kill himself directly?

"I'm not interested in who you are!"

Lin Ran's voice was bland as he turned his head to look at Wolf Ba.

"Make your move! Sihe will stop me!"

"Understood!"

Wolf Ba responded, the killing intent in his eyes undisguised.

He knew that Lin Ran was giving him the chance to take revenge.

One of the disciples he had easily taken in had died at Wang Mang's hands.

How would Wolf Ba not hate this fellow.

Lin Ran was naturally very clear about the reason for this, which was why he had allowed Wolf Ba to take direct action.

The Heavenly King's Fort was very strong, but it wasn't as if he didn't have his own cards.

It was only natural to kill someone to pay for their life, and Lin Ran wouldn't have the slightest bit of sympathy or pity.

"Deceased brother!"

Suddenly Leng Han, who was on the side, couldn't help but speak up.

"Wang Mang is a member of the Heavenly King's Fort, so think carefully! Doing so may well trigger a feud between the Sword Immortal Sect and the Heavenly King Fort!"

"Kid, Leng Han is right, you'd better think carefully!"

Mai Shen also spoke up.

How they fought was a fight between the four major forces within East Flag City, while at this moment this Heavenly King Fort was an outside force.

And it had been eyeing to enter East Flag City.

If this matter with Lin Ran found a reason for the Heavenly King Fort to strike, the outcome wouldn't be too good, I'm afraid!

"Thanks for the reminder, I've thought it through very clearly!"

Lin Ran's voice was bland, as if he hadn't listened to the two at all.

"Deceased brother!"

Leng Han still wanted to open his mouth to persuade.

Although Lin Ran had not been in contact with him for a long time, he still knew something about his temperament.

He knew that it was almost impossible to change the decision that the other party had made!

"I don't know what kind of reliance the deceased brother has, to actually dare to directly call for war with the Heavenly King Fort here!"

Leng Han muttered to himself in his heart, while also vaguely looking forward to it.

The person that his own sister had taken a liking to, just how capable he was, actually daring to call out for war with the entire Heavenly King Fort, this when very much made him look forward to it.

"Kid! You're looking for death!"

General Sihe looked at Lin Ran with icy coldness in his eyes.

Although this was the land of the Immortal Mansion, but to kill Wang Mang in front of them.

This was simply not putting them in their eyes.

"Can you kill me?"

Lin Ran's expression was indifferent, and he wasn't angry even when he looked at the Four Harmonious Generals.

"Arrogant!"

The Four Hopeful Generals were instantly enraged at the sight of this.

The four of them lunged towards Lin Ran in unison.

And at this moment, at the back, Wolf Ba had already engaged Elder Tie Ta in a fight.

As soon as he heard that Wolf Ba wanted to kill Wang Mang, Elder Tie Ta didn't dare to be slow and directly blocked Wolf Ba for Wang Mang.

It was just that the difference in strength between the two of them was too great.

Elder Tie Ta and Wang Mang might still be able to tangle with Wolf Ba.

But at this point, Wang Mang was so scared that he didn't dare to fight at all, and within two minutes Elder Tie Ta couldn't carry it any longer and started to be pressed into the wind by Wolf Ba.

Victory or defeat would also be divided within a minute.

And yet, it was Lin Ran and the Four Heavies who were fighting on their side.

Lin Ran did not attack, but only defended, and the first form of the Lancang Sword Technique, the Sea of Immeasurable, was executed.

The entire sky was covered with countless sword marks, and it was as difficult as heaven for the Four Harmonious Generals to rush over to save Wang Mang.

After all, defending and attacking were two completely different concepts.

Lin Ran didn't even need to think about how to attack, he only needed to spread the Sea of Immensity in front of the Four Harmonious Generals, making them tired of breaking through his sea of swords.

"Boss, this won't work, there's no way we'll be able to make it there!"

Lao Er spoke up.

"I know!"

The leader of the Four Harmonious Generals said angrily, he was also very aware of the situation at this moment, but there was nothing he could do.

This kid in front of him, although he was only at the Third Dao Realm, his methods were mysterious and unpredictable, and his combat power was not even close to the four of them.

At this moment, the four of them could not get out of the tangle with all their defenses!

"Young master, I can't carry it anymore! You have to go!"

Suddenly, the angry roar of the Tie Ta Elder came from afar.

The crowd turned their heads to look, only to see that at this moment, the Tie Ta Elder's body was covered in wounds, and in some places, he had even revealed his white bones.

"Stop him! He must be stopped!"

Wang Mang's face was ashen at this moment, and he was busy looking at the Four Harmonious Generals on the side.

Only then did he realise that Sihe General had actually been entangled by Lin Ran.

"Rubbish! A bunch of trash!"

Wang Mang was furious, he knew very well that as soon as the Tie Ta Elder died, he would be the one to take the brunt of it.

If he could rendezvous with the Four Combined Generals, with their strength, he would be able to leave safely.

But at this moment, Wolf Fighter did not give him a chance.

He heard a muffled "bang" and a mist of blood flew out of the air.

Not far away, the Tie Ta elder was directly cut by the waist.

The blood was like a waterfall of misery!

“Resist! You must resist!”

Wang Mang was so shocked that he turned around and tried to run.

But the next moment a black shadow burst at him like a cannonball.

“What is it!”

Wang Mang was startled and took a few steps back and saw that the thing that shot towards him was a head.

And that head was very familiar to him, it was none other than Elder Tie Ta’s!

“You!”

Wang Mang was so scared that his face turned pale and he turned his head to look.

Only to see that Wolf Ba was already charging rapidly towards himself.

“Stop! Stop!”

Wang Mang was instantly anxious.

“Wolf Ba, I have no enmity with you why do you want to kill me!”

“If it’s because I broke your weapon, I can apologize like you and even let the Heavenly King Fort compensate you!”

Wang Mang even said, at this moment he was really a bit anxious.

Elder Tie Ta was already dead, and the Four Harmonious Generals couldn’t care about him at all, if he didn’t think of something, I was afraid that when Wolf Ba reached him, the only outcome waiting for him would be to be killed.

“Idiot! You don’t even know why you’re dying!”

Wolf Fighter had a fierce look in his eyes and waved his Wolf Soul Sword in his hand.

The instantly stained blood mist directly transformed into a figure.

The figure was a young man, who else could it be if not his disciple!

“You.... What is your relationship with him!”

Wang Mang couldn’t help but gulp, how could he not know who that person was.

It was just that Wolf Ba actually knew him too, which made him somewhat unexpected.

“What relationship do I have with him? He’s my only disciple!”

Wolf Ba had a fierce aura in his eyes, and his entire person had already rushed to Wang Mang’s body.

“Disciple.... Disciple?”

Wang Mang’s entire person was stunned, his heart had already cooled halfway.

How could he have never thought that Wolf Ba would actually be that person's master!

"Now that you're clear about it, prepare to die!"

Wolf Ba's eyes were icy cold, and the next moment the Wolf Soul Greatsword in his hand was already slashing down directly towards Wang Mang in anger.

"Boss! What now!"

Lao Er asked busily.

The Four Heavens General boss fell into silence at his words, but in just a moment he spoke.

"Go out immediately and ask for help from the Fort Master!"

"Huh? If we go out, then won't Wang Mang!"

"Even if we don't go out, what can we do? We simply can't break this kid's defensive sword formation, staying here is just waiting for death!"

The three Lao Er all fell silent at his words.

The boss was right, it was useless for them to stay here at this moment, it was better not to rush out and report the news first!

Wonder Doctor Chapter 1974

"Go!"

The boss greeted, already taking the lead and rushing towards the exit formation.

Wang Mang was instantly anxious at the sight of this scene.

"What are you guys doing! Don't go! Are you guys looking for death?"

Wang Mang said angrily.

However, the Four Harmonious Generals were not listening to him at all.

Although they were also members of the Heavenly King's Castle, as the saying goes, if a man doesn't do it for himself, he will be killed.

Right now, Wang Mang's death was almost a foregone conclusion.

It was useless for them to stay behind, so they might as well hurry out and explain the situation clearly, and perhaps they could still get the fortress master's forgiveness.

Only, would the Fort Master of the Heavenly King Fort really forgive them?

"Boss, or else we!"

The other three of the Four Harmonious Generals all looked towards the Boss.

They knew clearly in their hearts that protecting the young master was unfavourable, and with Wang Zhengtian's character it was inevitable that he would not be able to spare them.

“I understand your thoughts, no need to say more, just go!”

“Good!”

The other three nodded their heads at the words.

The situation was already over, there was nothing more they could do!

But at this moment, within the Land of Chance, with a miserable scream.

Wang Mang’s head finally fell to the ground.

Wolf Ba had crushed his head straight away, and the hatred in his heart seemed to have eased a little bit this time.

“Boss thanks a lot!”

Wolf Ba arched his hand at Lin Ran, with gratitude in his eyes.

“Pack up, let’s get ready to leave!”

Lin Ran’s voice was bland, and no fluctuation in expression could be seen on his face.

Leng Han walked over and rushed at Lin Ran.

“My late brother, I’ll take my leave first, before I leave, I’d like to remind you that there are many people from the Heavenly King Castle outside this exit!”

“Even Wang Zhengtian is here, so you should be careful yourself!”

“Mhmm!”

Lin Ran nodded and didn’t say anything more.

He was very clear about the situation at hand.

Killing Wang Mang here was nothing, the most important thing was how to deal with the wrath of the Heavenly King Castle after leaving this land of opportunity.

Especially Wang Zhengtian, who had killed his son, it was impossible to resolve this revenge.

But as the saying goes, one retribution for another, this Wang Mang also deserved to die.

“Ai! Let’s go!”

“Let’s go!”

Some of the other scattered cultivators around them also started to leave one after another.

Originally, they had thought that they could take advantage of the chaos to feel the fish and perhaps obtain one or two treasures.

But now they didn’t even dare to have the slightest thought.

Not even the Four Harmonious Generals of the Heavenly King's Castle were a match for Lin Ran and the others, let alone them!

Moreover, once Lin Ran left this land of opportunity, there would be a fierce battle with the Heavenly King's Fort by then.

If they didn't leave now, I was afraid that they would also be involved later.

One by one, the scattered cultivators left, and Lin Ran and the others were not in a hurry.

Li Ba ran and scavenged all of Wang Mang's belongings.

Lin Ran found that there was actually a storage device among them, and it was of good quality.

A stream of true qi was poured into it, and very quickly Lin Ran refined it away.

"Out!"

As Lin Ran's intention moved, instantly the entire contents of the entire storage magic tool emerged.

Upon seeing the mountains of Heavenly Origin Crystals in front of him, Lin Ran couldn't help but be stunned.

This Wang Mang was too damn rich.

There must be tens of millions of Heavenly Origin Crystals in front of him.

Converted into spirit liquid, it must be hundreds of thousands of cubes.

"The Heavenly King Fort is really generous, this Wang Mang's resources are really rich!"

Lin Ran whispered softly to himself and waved his hand to put away these Heavenly Origin Crystals go where not.

But following that, he was stunned.

Only to see that behind these Heavenly Origin Crystals, a figure had actually appeared.

If it wasn't Qiu Mo or who else!

"Lin Ran!"

Qiu Mo also saw Lin Ran and had a complicated expression not knowing what to say.

"You can go!"

Lin Ran gave her a bland look and didn't say much.

"Do you hate me that much?"

Qiu Mo stepped forward and looked at Lin Ran with resignation in her eyes.

"Or what?"

Lin Ran didn't turn around, his voice bland.

“Tianhu saved you because he wanted you to live well, not to get you involved in all this right and wrong!”

“I can let you go this time, but next time someone else might not!”

“It’s not possible for me and you, and you can’t expect someone to spare you every time!”

“Go find a place to live your life!”

After saying that, Lin Ran stopped talking nonsense and turned around, leading Wolf Ba and the others to leave the place directly.

For Qiu Mo, he didn’t have the slightest bit of sympathy.

It didn’t matter if it was in the mine pit back then, or here.

All there was was helplessness.

If it was said that in the mine pit you were impulsive, Lin Ran could still understand.

But what about this time?

Tianhu had saved you with good intentions, but you ended up running to Wang Mang.

All the paths were chosen by you, no one forced you.

You have to bear the consequences yourself.

“I know!”

There was despair in Qiu Mo’s eyes.

She only wanted to get Lin Ran’s attention, even if it meant standing in opposition to him.

But after this year or so had passed she realised.

She herself was simply not from the same world as Lin Ran.

Her opponent had already made his debut in East Flag City, while she was still that disciple of Baki City.

Although she had climbed up to Wang Mang, she was still an existence without any power.

Qiu Mo also left.

Lin Ran and the others quickly got onto the teleportation platform.

Amidst the black puppet’s emotive and expectant gaze, the crowd also disappeared.

....

And at that moment, outside the Immortal Palace.

On a huge plain only, the three large characters of the Heavenly King Fort hung above a banner.

This was precisely the camp of the Heavenly King Fort.

“Fort Master, the Four Harmonious Generals have come out!”

“Where are the men?”

A middle-aged man sitting on the main seat snapped open his eyes, having two cold auras shooting out.

“They didn’t come over, but said that the enemy was likely to escape from the other side, so they went straight to gamble on people!”

“Blocking people?”

Wang Zhengtian asked with a slight frown as he listened.

“Betting on what kind of people?”

“They didn’t say!”

The handlers were busy returning.

Wang Zhengtian, however, listened with a slight frown and had a vague sense of foreboding in his heart.

While this was going on, suddenly another voice from his men came from outside.

“Fort Master, the cultivators have already started to come out from the Land of Opportunity!”

“Good!”

Wang Zhengtian had a glint of joy in his eyes when he heard this, and immediately got up and greeted him.

“Follow me and set out to fetch Wang Mang!”

“Yes!”

The crowd replied, and immediately a group of people left the camp in a great swarm, rushing towards the huge teleportation array ahead.

However, not long after Wang Zhengtian had left the camp with his men.

Suddenly four figures quietly reacted to the camp, and they were no other than the Four Harmonious Generals.

“Hurry up, we only have a maximum of half an hour to take all that we can!”

The boss greeted.

“Understood!”

The other three nodded, and immediately went about their business within the camp.

Wang Zhengtian knew nothing about this, as he was excitedly waiting for his son to come out.

“Buzz buzz buzz.”

As the formation continued to light up, people began to come out of the chance space one after another.

Soon some of the people from the Heavenly King Fort that Wang Mang had brought in appeared.

When they saw Wang Zhengtian, one by one, they cried out straight away.

“Fort Master! It’s not good! The young master has been killed!”

“What? What are you guys talking about?”

Wang Zhengtian was immediately confused at his words.

“Don’t you know, Fort Master? The Four Harmonious Generals were the first ones to come out to report the news!”

Those people were also confused, how come their own Fort Master didn’t know yet?

“The Four Harmonious Generals?”

Wang Zhengtian could not help but be stunned at his words, followed by his face turning completely icy cold.

Wonder Doctor Chapter 1975

No wonder these four guys are afraid to come see me!

“Bastards!”

Wang Zhengtian’s face instantly went icy cold as a murderous aura directly filled out.

That aura of a hundred thousand eight hundred thousand realms shook everyone present and caused their faces to change dramatically.

“Who did this!”

Wang Zhengtian questioned in an angry voice.

“It was.... A disciple of the Sword Immortal Sect, I think his name is Deceased!”

“Where is he?”

“Just inside the Land of Chance!”

Wang Zhengtian’s face was icy cold at his words, and his fists all clicked involuntarily from clenching.

“The Sword Immortal Sect! What a Sword Immortal Sect, the deceased is it! I’ll make you become an ancient forever!”

“Everyone listen to the order, block the exit straight away! As long as they are disciples of the Sword Immortal Sect, a strand will be withheld!”

Wang Zhengtian said in a furious voice.

“Yes!”

A crowd of Heavenly King Fort's disciples heard the words and busily dispersed, surrounding the entire teleportation platform.

And at this moment, in the surrounding crowd, a figure dressed in white followed and stood up.

He stood inconspicuously in the crowd, and his unique aura was like a natural shielding layer, making it impossible for the people around him to notice him.

"The young master has already made his move? Then I'm afraid that this Heavenly King Fort cannot stay!"

The youth said with a flip of his palm, and in an instant a jade talisman had crushed and gone.

And at the same time, not far from this place of opportunity, the Feng family formation.

A jade pendant hanging around Feng Zheng's waist also instantly broke apart, with a crack directly causing the entire jade pendant to fall to the ground.

"Young master is taking action!"

Feng Zheng frowned, and immediately closed the ancient book in his hand before greeting one of the guards beside him.

"Go! Tell the Wind Shadow Guards to leave for the Heavenly King Castle immediately!"

"Yes! Family Master!"

Feng Zheng got up at the same time, a cold aura flashed in his eyes as he whispered to himself.

"Dare to touch the young master, your Heavenly King Fort is afraid that you are tired of living!"

◦ ◦ ◦ ◦

And at this time, at the exit of the Land of Chance.

With a "weng" tremor, Lin Ran and the others were moved out from within the Land of Chance.

As soon as they came out, the black puppet couldn't help but let out a loud shout.

"Me! Free at last!"

Venting out the thousand years of bitterness in his heart, the black puppet then looked at Lin Ran, he hadn't forgotten what this boy had promised himself.

"When will my flesh be refined?"

"As soon as the immediate matter is resolved!"

Lin Ran said, but at this moment, his brow was furrowed.

Only to see that at this moment, around the altar they were at, countless figures had surrounded the place heavily.

All of them were wearing the same costume, with three words embroidered on their chests, "Heavenly King Fort".

“We’re in trouble now!”

Not far away from the crowd, Leng Han frowned slightly as he watched.

Faced with such a battle from the Heavenly King’s Fort, it would be difficult for Lin Ran and the others to get away this time.

And this was at least a day’s journey from East Flag City, so even if the Sword Immortal Sect learned of the situation and rushed here, I’m afraid that the flowers would be cold!

“Hey! It can’t be helped, who let him be so arrogant, let this be a lesson!”

Mai Shen sighed.

“It’s just a pity that this lesson is too big!”

“Ai!”

Leng Han also sighed helplessly, there was nothing he could do about such things.

“I’m worried now what about Leng Qiu!”

“What else can we do, when we run into this kind of prick, it’s better for her to hurry up and change another person she likes!”

Mai Shen laughed.

While the two were talking, Wang Zhengtian’s voice had come from next to them.

“You are the deceased?”

“It’s me!”

Lin Ran’s voice was bland, unable to see the slightest fluctuation in emotion.

“Good! Very good!”

Wang Zhengtian’s hands were unconsciously trembling in anger.

His eyes were bloodshot and his voice was almost distorted as he shouted.

“Kill! Kill him for me!”

“Yes! Fort Master!”

The group of men around him busily responded, and immediately one by one they rushed towards the formation altar.

“You can make your move now!”

Lin Ran looked towards the black puppet and said.

“You’re using me as a gun again!”

The black puppet was displeased.

“Or what?”

Lin Ran, however, had a matter-of-fact look on his face.

“Do you think a fleshly body doesn’t cost something?”

“You!”

The black puppet was furious, but there was nothing he could do at this point.

Without getting rid of this puppet body, he could never be considered a human being.

And the ultimate goal of such a weapon spirit was to become a human being.

Only a human being is the favourite of the Immortal World.

Whether in terms of cultivation or otherwise, there is always a gap between a puppet and a human being!

The ultimate goal of the puppet made by the Empty Daoist was also to evolve directly into a human being.

Yu Chang was clearly that, only that he was made on Earth.

So there was still a long way to go if he wanted to cultivate to the point where he could become a complete human.

“Do it!”

Lin Ran’s voice was bland.

“Ai!”

The black puppet sighed helplessly, having already gotten into this thieving boat at this point trying to leave he was really reluctant.

Fortunately, this Wang Zhengtian was not too strong, although the black puppet was only at the peak of the Extreme Dao Realm.

But with this puppet’s body, he could still fight with Wang Zhengtian of the Hundred Thousand and Eight Thousand Realms!

“Get lost!”

The black puppet had a high and cold personality and did not care to fight with these stinking fish and shrimps.

An explosive shout rang out, instantly shaking the crowd of people from the Heavenly King Fort who rushed over around it and sent them flying backwards.

“Hm! Puppet?”

Wang Zhengtian’s eyes couldn’t help but chill at the sight, and immediately rushed towards the black puppet as soon as his paws hit the ground.

This black puppet was of extraordinary strength, and his own men were obviously no match for him.

Instead of wasting time here, they should just kill it themselves!

“You guys go and capture that brat for me, don’t kill him, old man, I will make his soul suffer torment for ten thousand years!”

Wang Zhengtian said angrily, his heart overflowing with resentment towards Lin Ran.

His only son had died in his hands like this, it was strange that he did not hate Lin Ran.

“Yes, Fort Master!”

The crowd heard this and rushed towards Lin Ran.

Wolf Ba had already pulled out his Wolf Soul Greatsword, he was also in the Hundred Thousand and Eighty Thousand Realms, how could these stinking fish and shrimps be his opponents.

“Waste this man!”

Lin Ran’s voice was bland.

“Got it!”

Wolf Ba smiled as he flung his greatsword, and instantly the strength of the Hundred Thousand Eight Hundred Thousand Realm exploded directly.

“What?”

Wang Zhengtian’s face instantly changed as he watched.

An Extreme Dao Realm puppet already gave him a headache, how could this guy have a Hundred Thousand Eight Hundred Realm powerhouse by his side!

“Feng Sui! You should do it too, just kill him!”

Lin Ran’s voice rang out once again.

“It’s Young Lord!”

An echo came from the crowd, followed by a white light rushing up into the sky, also at the strength of the Hundred Thousand and Eight Thousand Realm.

But Feng Sui’s aura was clearly the strongest being in the crowd!

“Feng Sui? Feng family, you guys actually too!”

Wang Zhengtian was instantly confused.

“How about us too? Offend the young master, your Heavenly King Fort will be exterminated on this!”

Feng Sui’s voice was bland, but what he said was unquestionable.

“Bullshit! Others are afraid of your Feng Clan, but I am not afraid, since you have also become the dog’s lapdog, then let’s fight to the death today!”

Wang Zhengtian said with a flip of his palm a jade talisman had already been taken out.

“Want to shout at someone? You are thinking too much, your Heavenly King Fort is already surrounded by the Wind Shadow Guards at this moment!”

Feng Sui laughed blandly.

“What did you say?”

Wang Zhengtian’s face changed completely at the sound of his words.

“Fort Master! It’s not good! The Heavenly King Fort is surrounded by the Feng family, Fort Master!”

Suddenly an eager voice came from the distance.

Wang Zhengtian looked over and found that it was none other than the elder he had left behind at the Heavenly King Fort!

“It’s over!”

Seeing this person, Wang Zhengtian’s heart completely went cold.

His own lair was blocked by the Wind Family, how could he still fight!

Wonder Doctor Chapter 1976

“My late little friend, there must be a misunderstanding here!”

Wang Zhengtian immediately changed his attitude and busily said.

“Misunderstanding? I see things very clearly, what misunderstanding can there be!”

Lin Ran laughed.

“You’re joking, it was me who offended you by teaching my son poorly, and I deserved to be killed!”

“I think this matter should end here!”

“As for the Heavenly King Fort, if you insist I will simply disband it on the spot!”

Wang Zhengtian was busy saying, cold sweat was already visible on his forehead at this moment.

Naturally, he would not take a black puppet into his eyes.

Even if there was one more Wolf Fighter, he could still hold out.

But at this moment, even Feng Sui had stepped forward, and this was still a fight!

He was ruthless, but he was not a fool and knew when to be tough and when to hold back.

Otherwise, the Heavenly King Castle would not have achieved what it has today.

“This Wang Zhengtian is really ruthless at heart! Even his own son’s revenge can be spoken of so lightly!”

Lin Ran thought to himself in his heart.

“Boss, what should we do?”

Wolf Ba at the side asked busily.

“Just kill him!”

Lin Ran’s voice was bland, but it was firm with no room for negotiation.

“My late little friend!”

Wang Zhengtian’s heart lifted at the sight of Long, Lin Ran’s reaction was clearly determined to kill him.

“My friend, we don’t have any grudges, and it was my son who died, so I’m not going to pursue it.

Seeing that Lin Ran did not eat this at all, Wang Zhengtian began to hit the moral high ground to judge Lin Ran.

“All right!”

Lin Ran raised his head and looked at Wang Zhengtian’s voice blandly.

“Everyone is a cultivator, do you have and don’t be absolute that everyone else is a fool?”

“Your current reconciliation is just buying time for yourself, do you think I’ll fall for it?”

“Cut the grass to the roots, I’m not a saint, I still know this truth!”

“You!”

Lin Ran’s words caused Wang Zhengtian’s entire body to be dumbfounded, frozen in place and hesitant to react in any way.

“Ai, this is the cruel cultivation world! Who can blame anyone!”

“Yes, one second one has to go and kill others, only to become a hunted existence himself in the next!”

“One can only say that Heavenly King Castle is too unlucky to have run into such a pervert!”

“Who says otherwise, obviously it’s only the Three Dao Realm, yet there are so many hundred thousand eight hundred thousand sutra powerhouses following them!”

“What’s even more terrifying is the Wind Family! That’s a family that has a certain reputation in the Immortal Realm!”

The crowd was talking, and there wasn’t even a hint of sympathy for the Heavenly King Fort.

This was how it was in the Immortal World, where the weak were always preying on the strong.

If it was Lin Ran who had been captured today, I’m afraid that he wouldn’t have ended up any better!

If Wang Zhengtian had the chance, how could he have spared Lin Ran!

“This kid is really ruthless!”

Not far away, Mai Shen couldn’t help but gulp.

Luckily, he hadn't gone too far in the first place, or else he would have been finished if they had just sent out a hundred thousand or eight thousand realm powerhouse with such strength!

"There is no such thing as being ruthless, the cultivation world is like this! People can't stand firm unless they are ruthless!"

Leng Han beside him said blandly.

"Yes! The rise of the great sects has not been on the bones of tens of thousands of people! This is the cruelty of the Immortal World!"

Mai Shen also lamented.

The Immortal World was like this, without strength you would never have a voice.

You are not even qualified to protect the people you care about.

At the beginning, Lin Ran had just awakened in the Immortal Realm, and hadn't he come this way all this way after leaving the Beast King Domain.

So he knew that without strength, no one would care about you even if you blew yourself up!

This was also the reason why he hadn't been in a hurry to find the girls, without strength even if he found them, what would happen?

Even if he found them, they would just be a drag!

He was just a drag...

"Deceased!"

Suddenly, Wang Zhengtian opened his mouth and shouted, only at this moment his voice became unusually hoarse and hard to hear.

"Do you really want to die by fish?"

"A fish to death? You're thinking too much!"

Lin Ran's expression was bland.

"Killing you is similar to that of an ant!"

After saying that, Lin Ran shouted at the three Feng Sui on the side.

"You have ten minutes to do so!"

"Understood!"

The three men answered in unison.

The next moment the sound of an exchange of blows was heard from above the sky.

And at this moment, Leng Han Mai Shen and the crowd of cultivators around them could not help but gulp.

Two hundred thousand eight hundred thousand realm powerhouses and a puppet at the peak of the Extreme Dao realm.

Three great forces besieging Wang Zhengtian, this simply had no intention of leaving the other side alive.

And that was indeed the case.

Leaving aside the black puppet and the wolf bully, Feng Sui's strength alone was absolutely crushing Wang Zhengtian's existence.

The battle in mid-air was one-sided, and from the beginning Wang Zhengtian was struggling to hold on.

However, it was obvious that the three of them were not prepared to hold back, and in just a few glances, they had already beaten Wang Zhengtian to the point where he was seriously injured.

"Ai! What a pity!"

"Yes! This is how the Heavenly King Fort will fall!"

"Who says otherwise!"

The surrounding crowd of casual cultivators looked on helplessly, shaking their heads.

In the face of absolute strength, the outcome of everything was not something one could decide.

"It's over!"

Wolf Ba suddenly opened his mouth and laughed.

At this moment, Feng Sui and the black puppet were on one side, trapping Wang Zhengtian in the middle.

And the Wolf Soul Greatsword in Wolf Ba's hand had already been refined.

He was only waiting for the blade to strike down to completely end Wang Zhengtian's life.

"Go!"

Wolf Ba shouted, and instantly the Wolf Soul Dagger slashed out a blade mane straight towards Wang Zhengtian.

Wang Zhengtian seemed to be desperate as he closed his eyes and his whole body trembled.

Lin Ran also turned around and looked at Wang Zhengtian from a distance.

But at that moment, a change occurred.

Just as the blade was about to strike Wang Zhengtian, a black vortex suddenly appeared in front of him!

The vortex appeared very abruptly and was only the size of a fist at first.

But this fist-sized vortex directly shattered Wolf Ba's sword maneuver!

"Retreat!"

Feng Sui's face changed greatly and he shouted.

At the same time Lin Ran's face also changed, he clearly felt a terrifying aura escaping from within the vortex.

This aura was very obscure and seemed to be absent, but it was this indistinct aura that caused all the people present to fall into an ice cave, because that strength was too strong!

"Young master, run! The other party's strength is at least at the Purple Sea Realm!"

"Purple Sea Realm?"

Lin Ran and the others all froze at the words.

The 108,000 realms were only above the Star Realm, and only after the Star Realm was the Purple Sea Realm!

The Violet Sea Realm was known as the pinnacle of the middle tier realms.

The Purple Sea realm is regarded as the pinnacle of the middle realm, because above it is the Little Perfection realm.

This is why there is a saying that the Purple Sea is the king if the Perfection does not come out.

"Don't rush he doesn't seem to want to come out!"

Lin Ran frowned.

The other party was so powerful, if he was really here to kill, there was no need to hide in the vortex!

With such strength even if the Eastern Chess King came, he wouldn't be able to please!

Not to mention them, the cultivators of the Third Dao Realm Extreme Dao Realm.

In front of the other party, this kind of strength was just like an ant.

And the truth was indeed just as Lin Ran had guessed.

The other party had no intention of striking at all, only seeing a wisp of black Qi floating out from within the vortex.

Then it wrapped around Wang Zhengtian and in the next moment, he disappeared into thin air.

The other party had actually come to save him!

Wonder Doctor Chapter 1977

It didn't take long for Wang Zhengtian to be torn like a vortex, and that vortex followed suit and dissipated.

It was as if it had never happened.

Lin Ran frowned slightly as he watched, Wang Zhengtian had escaped after all, but who was hiding inside the vortex!

Nowadays this was Lin Ran's main concern!

"Young master!"

Feng Sui looked at Lin Ran with a question in his eyes.

"Tell the Heavenly King's Fort to do something, kill all the dead guards of the Heavenly King's Fort, and disperse the others!"

Lin Ran's eyes were cold as he said.

"Yes!"

Feng Sui hurriedly took out a jade talisman and passed the message over.

"Go!"

Without further ado, Lin Ran greeted the crowd and directly led them out of the place.

"Let's go too!"

Leng Han sighed helplessly, and then also left with Mai Shen.

How could they have not expected that things would develop to such an outcome in the end.

Wang Zhengtian had actually been saved by the mysterious man.

When Lin Ran brought the crowd back to the Wind Family Formation, the Wind Shadow Guards from the Heavenly King Castle side had also rushed back.

According to Lin Ran, the entire Heavenly King Fort had been completely broken up.

Some of Wang Zhengtian's inner circle were killed on the spot, while the others were simply disbanded on the spot.

The Heavenly King Fort was now completely finished.

However, Lin Ran knew in his heart that as long as Wang Zhengtian remained alive, there was a possibility that the Heavenly King Fort would be revived.

This time, Feng Sui had also indirectly exposed the Feng family.

When Wang Zhengtian appeared in the future, the Feng family would also become his target!

Arriving at the Feng Family, Lin Ran met the family head, Feng Zheng, again.

"Young master!"

Feng Zheng bowed respectfully.

Lin Ran waved his hand to indicate that there was no need for him to do so.

"Find a place and we'll talk in detail!"

Lin Ran said.

“Young Master, follow me!”

Feng Zheng did not dare to be slow, and immediately led Lin Ran to a secret room.

Wolf Ba and the others had all gone back to the scroll space by now.

The only person following beside him was the black puppet.

“This friend is the Immortal Palace Land’s suppression puppet!”

Lin Ran introduced the black puppet to the situation and concluded to.

“Master of the Feng Clan, there is something I would like to ask you to do!”

“Young Lord, you have spoken highly of me, if there is anything you wish to ask, Feng Zheng will certainly do so again!”

“Then thank you in advance, Family Master Feng, it’s not really a big deal, I hope you can help him refine a flesh body!”

“I can pay for the materials and money needed!”

Lin Ran said.

“Right! I can also pay if it’s not enough, the more perfect the flesh body is as possible, the better!”

The black puppet said.

“Refining a fleshly body? Young Lord, it’s not difficult, I wonder how long it will take?”

Feng Zheng asked.

“Up to a year!”

The black puppet said.

“That’s fine! Then how about you coming to my Wind Family to pick it up after a year?”

Feng Zheng asked.

“Yes!”

“Since I have all things agreed then I will leave, I will be there in a year as promised!”

The black puppet said, and then left the Feng family directly.

Lin Ran didn’t say anything to this.

He and the black puppet were already in a cooperative relationship, and he didn’t think he had to capture him.

Although Yu Chang needed these puppets to improve his strength.

But in the end, what he needed were the puppets that Daoist Empty had made back then.

If he had a puppet like the black puppet, it would be good for him to have one, but if he didn't, he wouldn't force himself to have one.

After all, if they were not refined by Daoist Empty, they would not be as helpful to Yu Chang as he thought.

"Family Master Feng, let's sit down and talk!"

After sending the black puppet away, Lin Ran and Feng Zheng returned to the secret room.

"You've heard all about what happened to Wang Zhengtian today!"

Lin Ran was the first to speak.

"Mm!"

"I wonder what problems the Feng Clan Master might see?"

Lin Ran asked.

Feng Zheng smiled and pondered for a moment and spoke.

"I feel that this matter and may have been done by the Death Gate!"

"The Deadly Clan?"

Lin Ran was stunned.

"That's right! Because the means that the Death Sect makes good use of is the vortex! They can hide all their strength within the vortex!"

"This vortex is also very subtle, and ordinary people simply don't know how many secrets are hidden inside!"

Feng Zheng said.

"The Death Gate and the Heavenly King's Castle don't seem to have much intersection, do they!"

Lin Ran asked with a frown.

This matter was indeed somewhat unexplainable!

"It's true that there wasn't much of a crossover before, but Young Master, don't forget that you killed Fang Ye!"

Feng Zheng said.

"What do you mean?"

Lin Ran pondered.

"That's right, they need a spokesperson! A spokesperson in East Flag City."

"According to what you said before, Young Master, with Fang Ye's death at your hands, the Death Gate must have been alerted! Saving Wang Tianzheng should have been a coincidence!"

“And their real aim is to pick one of their spokespersons around East Flag City!”

Lin Ran had already roughly understood what Feng Zheng meant when he heard this.

The Deadly Sect’s power was spread throughout the Immortal Emperor Domain.

Even if the Death Sect had many emissaries, they couldn’t take care of every place.

And in this case they would need to send someone to manage the vicinity of East Flag City.

Fang Ye had died, so they looked at Wang Zhengtian.

“The young master is very clever!”

Feng Zheng stroked his beard and laughed.

“Master Feng, since this is the case, wouldn’t the Feng family be in danger as well?”

“If Wang Zhengtian rises again in the future, the Feng Family is afraid that the Feng Family will also be in danger.”

“Young Lord, there is no need to worry, our Feng Family has been able to stand in the Immortal Emperor Domain for so many years, there are always some cards.

“A single Wang Zhengtian is still not a threat!”

Feng Zheng said.

“That’s good, but you still have to be a little more careful, after all, there’s no harm in being prepared!”

|Linden

Lin Ran reminded.

“Understood!”

Feng Zheng respectfully saluted.

The doubts in Lin Ran’s heart were uncovered, so he did not stay any longer and immediately took Wolf Ba and the others back to the Plus Sword Immortal Sect.

Tian Xuanzi had said that he would take himself to a place when he came out of the Land of Chance.

Moreover, during this trip to the Immortal Palace, Lin Ran had seen his own shortcomings.

Especially when he fought against the Four Harmonious Generals just, that golden bell defence was indeed a bit pervertedly strong.

It was just that the third form of this Lancang Sword Technique was too difficult to understand, so Lin Ran still didn’t have a clue.

After the Sword Immortal Sect participated in the sect competition they could choose to go out and travel.

After Lin Ran went back to Tianxuanzi this time, he actually had the intention of going on a trip.

He just didn't know where his master was going to take him.

So he hadn't decided what to do yet.

On his way back to the Sword Immortal Sect, he happened to pass by East Flag City.

To Lin Ran's surprise, as soon as he arrived at East Flag City, he ran into Leng Qiu and the others who were preparing to part ways.

"Old friends? Where have you been?"

Leng Qiu pulled Lin Ran over and looked him up and down to see that nothing had happened to him before he breathed a sigh of relief.

"Something's happened, what's this?"

Lin Ran asked with a smile.

"We're getting ready to go back, you don't know that the three of us are super lucky this time!"

"All of them got quite a lot of good stuff!"

Bu Er Swordsman said excitedly.

Fang Yan, who was at the side, also nodded his head, unable to hide his smile.

"Is that so? Then congratulations in advance!"

Lin Ran laughed.

The three of them had arranged for the black puppet to do their chance, so naturally, they couldn't talk about such things, so Lin Ran simply pretended not to know!

And it seemed that Leng Qiu and the three of them didn't know about themselves and the Heavenly King Fort either.

Thinking about it, they were afraid that they had left the Land of Chance and rushed straight back, so it was normal that they didn't know about it.

Wonder Doctor Chapter 1978

The people parted ways, and then Lin Ran returned to the Sword Immortal Sect with Fang Yan and Bu Er Swordsman.

That evening, Lin Ran went straight to Tianxuanzi.

"Entered the Three Dao Realm?"

Seeing Lin Ran Tian Xuanzi smiled as he questioned and answered, a look of satisfaction in his eyes.

"Mm!"

Lin Ran nodded his head.

"Is there any progress in the third form of the Lancang Sword Technique?"

Tianxuanzi asked with a smile.

“No clue yet!”

Lin Ran said truthfully.

“Hmm!”

Tianxuanzi nodded and said.

“The Lancang Sword Technique is monstrously powerful, so indeed it cannot be understood overnight!”

“Since we’re back then let’s talk about what happened last time!”

Tian Xuanzi said with a wave of his palm, and instantly a formation appeared out of thin air to wrap up the entire pavilion.

“What are you doing, Master?”

Lin Ran looked dumbfounded, this was the Sword Immortal Sect and Master was actually being so careful, could it be that what he was going to say later was very important?

“What is going to be said next is very important, so I need to make sure you want to hear it first or not!”

Said Tian Xuanzi as he took out a Heavenly Dao stone and placed it on the table.

“Do you know why Su Sa didn’t participate in the clan competition as well as this trip of opportunity?”

“I don’t know!”

Lin Ran shook his head.

This matter was strange to him to say the least.

Su Sa was incredibly strong and was considered the number one person in the Sword Immortal Sect.

It was unknown if her third stance of the Lancang Sword Technique had been comprehended.

But for such a person to not participate in the clan competition to the Land of Chance was really a bit surprising to Lin Ran.

After all, with her strength, both of these events were definitely quite rewarding!

“Master! Where did Su Sa go?”

Lin Ran also felt puzzled and was busy asking.

“She’s within the Sword Immortal Sect, only she has more important things to do!”

“And this is the matter I want to talk to you about!”

Tianxuanzi said.

“Does this matter have anything to do with the Heavenly Dao Stone?”

Lin Ran asked.

This gesture was clearly another attempt to make a Heavenly Dao vow of his own!

“Yes!”

Tianxuanzi nodded his head.

“This matter is extremely involved, so if you want to know you must first make a vow!”

“But the reward that comes with it is also very generous!”

“If you are willing to give it a try, it will allow your strength to soar in a broken time!”

Lin Ran pondered for a moment at his words, and then said.

“As long as it’s something that doesn’t go against my heart, my disciple is willing to give it a go!”

“Haha! Naturally, it’s not against it, and I guarantee that after you go, you’ll find this matter to be extremely helpful to you!”

Tian Xuanzi laughed.

Seeing that his master had said so, Lin Ran didn’t say any nonsense and immediately said.

“Master, how do I make this vow!”

“It’s very simple!”

Tianxuanzi said with a wave of his palm, and instantly a line of words had floated in mid-air.

Lin Ran only took a glance at it and instantly smiled, the oath was almost no different from nothing.

“I, Lin Ran, swear that regarding this time, no matter when, where or what situation, absolutely not a word shall be spoken!”

“If there is any breach, the Heavenly Dao will chastise and punish!”

“Good!”

Seeing Lin Ran make an oath, Tian Xuanzi immediately collected the Heavenly Dao Stone, and then smiled.

“Very well! Take a look at this thing first!”

Tianxuanzi said as he took out a black stone.

The stone was only the size of a thumb and looked crystal clear, not knowing what material it was made of!

“Master this?”

Lin Ran did not understand.

“You put it on your Sword Ranking Token!”

“Sword Ranking Token?”

Lin Ran was stunned, but still took out his Sword Ranking Token as Tianxuanzi had said.

This Sword Ranking Token was what was used to check the Sword Immortal Sect's Sword Ranking!

I wonder what purpose Master had asked him to take it for!

After taking out the Sword Ranking Token, Lin Ran followed and saw that a groove had actually appeared in the middle of the Sword Ranking Token at some point.

This place he remembered very clearly, it was definitely not there before.

"This Sword Ranking Token will only open in this location when you encounter this bead!"

"You put it in and then activate the Sword Ranking Order!"

Tian Xuanzi said.

Lin Ran didn't dare to be slow and immediately squared the stone in, followed by an injection of true qi into it, and instantly a light shot out.

The light was white, and soon a white curtain of light appeared in mid-air.

Only to see on the light curtain only, it was the ranking of the disciples of the Sword Immortal Sect, and the one who was in first place at that moment was clearly Lin Ran himself.

"Master this?"

Lin Ran was puzzled, not knowing why Master was making him look at this.

"Don't be in a hurry!"

Tianxuanzi, however, waved his hand and said.

And as his words fell, immediately the white glow on the Sword Ranking token began to change.

The white glow grew darker and darker, and in the end it actually turned into a black glow.

At the same time, the white curtain of light on the mid-air also changed, and it actually turned into a black curtain of light.

"This!"

Lin Ran's entire body looked dumbfounded.

Only to see that on the black light curtain, the original names had actually started to change, and eventually a name that he didn't even recognise appeared.

"First place: Black Wind Valley Black Sky! Strength one hundred and eighty thousand realms! One hundred thousand reward points!"

"Second place: the Frozen Cottage Heavenly Poisoness! Peak Strength Extreme Dao Realm! Reward points 80,000!"

"Third place . . . . "

“Master this?”

Lin Ran looked a little baffled, wondering what the hell this meant, and also what these bounty points were for?

“This is what I want you to do, the real purpose of this sword ranking token!”

Tian Xuanzi smiled and poured himself a cup of wine, then said.

“Do you know why the Sword Immortal Sect has two trading markets?”

“Me!”

Lin Ran froze at his words.

Right! Why did the Sword Immortal Sect have two trading markets.

One was a free trading market that was formed spontaneously by the disciples.

And the other was the auction house opened by the Sword Immortal Sect.

It was just that no one would normally go there because the threshold of the Sword Immortal Sect’s own trading market was too high for the average person to afford to spend!

“Master, is this the Sword Immortal Sect’s trading market!”

Si Fine level fear!

“That’s right! This Sword Immortal Sect’s auction house is actually a cover, and what really takes place is this reward mission!”

“Let’s go, I’ll show you!”

Tian Xuanzi said as he took out a pair of masks and handed them to Lin Ran.

Following this, he put on a mask himself, Lin Ran saw this and without any nonsense instantly snapped the mask onto his face.

With a wave of Tianxuanzi’s palm, the two of them instantly disappeared into thin air.

When they reappeared, the two had already arrived at the entrance of the auction hall.

Tianxuanzi didn’t say anything and led Lin Ran straight in.

The two of them walked all the way towards the upper floors.

When they passed the third floor, Lin Ran clearly saw two golden puppets standing at the entrance of the stairs!

“My goodness, two hundred thousand eight hundred realm puppets!”

Lin Ran was shocked in his heart, the use of two such powerful puppets to guard the place was enough to see just how important the auction house was above.

I’m afraid that even if the Eastern Chess King arrived, it would take a lot of effort to rush up there.

And this was still on the surface, there was no telling how many powerful people were guarding this place in secret!

“Let’s go!”

Tian Xuanzi greeted, and led Lin Ran up to the fourth floor!

The entire auction house had six floors, which meant that from the fourth, fifth and sixth floors there were bound to be very big secrets hidden inside!

Wonder Doctor Chapter 1979

As they spoke, the two had arrived at the fourth level of the auction house.

Only once they arrived did Lin Ran realise that the entire fourth level was devoid of people holding hands.

There were only a few people in twos and threes picking out things here, and they were all wearing masks so they couldn’t tell who they were.

However, everyone’s aura was not weak, and Lin Ran found that among the few people here, the one with the weakest apparent strength was himself.

“The fourth layer is the gongfu layer!”

Tian Xuanzi spoke up.

Lin Ran also saw at this moment that there were very many stone pillars on the entire fourth level of the auction hall.

These stone pillars were almost a meter high, and on top of each of them was a light cluster with a scroll placed inside.

It was obvious that what was written on it should be a merit method.

“Exchange points for eighty thousand!”

“Why is it so expensive!”

Lin Ran was a little speechless, at this point he was still looking at the gongfa that was more on the outside.

Although this gong method was definitely much better than the ones outside, it was simply not suitable for him.

Lin Ran was somewhat speechless as he continued to walk inside, and a few moments later he found a gong method that was perfect for him.

“Illusory Sword Formation!”

This Illusory Sword Formation used swords to form formations, illusionally transforming into thousands, it was a sword formation technique that was very powerful in trapping and confusing the enemy.

However, when he took a look at the exchange price, Lin Ran couldn’t help but be confused.

“A hundred thousand something points?”

Damn, it seemed like Black Wind Valley’s Black Sky, who ranked first in the sword ranking token, only had 100,000 points!

In other words, if Lin Ran wanted to exchange this Illusory Sword Formation, he would at least have to kill a hundred thousand eight hundred thousand realm powerhouse and complete a mission to get it.

But couldn’t a hundred thousand eight thousand realms be as simple as just killing one!

“Ai! There are quite a few good things in this auction house, but it’s a pity that the few points are so high, how long will it take to redeem them!”

Lin Ran sighed helplessly.

As the two of them walked along, Lin Ran also gradually realized that the closer they got to the middle of the floor, the more expensive the items became.

Even at the end, Lin Ran saw a gongfu scroll worth half a million points on the fourth floor.

And there were only three words on it.

“Immortal Scroll I!”

“What is this Immortal Scroll One?”

Lin Ran felt curious and was busy asking.

“It’s a remnant scroll of an immortal spell!”

A remnant scroll of an immortal law?

Lin Ran was stunned as he listened, what was an immortal law? Those that could be called Immortal Laws were all bound to be powerful techniques.

And in the Immortal Realm, only those techniques created by former great powers that had reached the realm of perfection could be called Immortal Laws.

In other words, this scroll in front of him was at least created by a great power of the Perfection realm.

“Perfection whether it’s Great Perfection or Lesser Perfection, it’s actually very close to the half-step Immortal realm, it’s really impressive! I didn’t expect the Sword Immortal Sect to have such a thing!”

Lin Ran was astonished in his heart.

“Let’s go!”

Tianxuanzi seemed to have anticipated Lin Ran’s reaction and didn’t say much as he led him straight up to the fifth level.

The situation on the fifth floor was similar to the fourth floor, except that there was no one here anymore.

The entire fifth floor was empty, with only Lin Ran and the two of them here.

Seeing this, Tian Xuanzi opened his mouth and said.

“Remember, don’t reveal your identity to anyone here!”

“Also, although there are many things here, based on past experience, you can only exchange for one item at most in your lifetime of carrying out missions!”

“The fourth level is for gong methods, the fifth level is for weapons, and as for the sixth level is for secret arts!”

“So you’d better determine what you want to exchange in advance, and in the future, when you have enough points, you can just exchange it away!”

“Why can you only exchange for one item?”

Lin Ran didn’t understand.

Theoretically, this thing was right here, and he could redeem everything as long as he kept taking missions!

“You’re thinking too simply!”

Tian Xuanzi said.

“The techniques and secret arts and even weapons in here are actually only used before the Hundred and Eighty Thousand Realms!”

“Once you exceed the Hundred Thousand and Eight Thousand Realms, the things in here won’t be attractive to you anymore!”

“Even though you’re only in the Three Dao Realm right now, I said that your strength would increase very quickly here!”

“Because you won’t just have to engage in powerful battles, but also the chances you get afterwards!”

Lin Ran seemed to understand something.

Those who could be wanted by this auction house were not good existences to mess with, one would think.

If these people didn’t have some reserves I’m afraid no one would believe them if they said it out loud!

And as long as they killed these people, not to mention the points reward from the Sword Immortal Sect, just their own underlying wealth was afraid to be a considerable asset.

And in the cultivation world, the speed of cultivation is actually linked to wealth to some extent.

Even if you were a genius, but if you didn’t have the resources to cultivate, you wouldn’t be able to beat an idiot rich kid.

This is the reality.

“Alright, let’s go to the sixth level after reading this, you still need to give yourself a code name before you officially take the mission!”

Tianxuanzi said.

“A codename?”

Lin Ran was stunned at his words.

“That’s right, everyone has a codename, and in this case the codename is your name!”

“And once you fail in your mission, your codename is your only identity, you cannot reveal your true identity, let alone reveal that you are from the Sword Immortal Sect!”

“Disciple understands!”

Lin Ran nodded his head.

The Sword Immortal Sect was also doing this because they were afraid of drawing fire to themselves.

But if that was the case, why did the Sword Immortal Sect even bother with this reward auction?

Was this the Swordsman Sect’s own idea, or was there another hidden agenda?

Lin Ran had no idea of what was going on.

In fact, he wasn’t interested in knowing either, all he wanted was to improve his strength, and since the Sword Immortal Sect had this doorway he naturally wouldn’t refuse it.

Of course, Lin Ran would still follow his heart in doing things.

What sins these people registered by the Sword List had, he was bound to observe and see them too!

If these people were some great good people, he would rather give up the mission than kill them, that was his principle!

The sixth layer was soon finished by Lin Ran as well.

The kung fu, magic weapons, and secret arts Lin Ran had looked at almost all of them carefully.

After all, Tian Xuanzi had said that each person could only exchange one at most, I’m afraid, so he was picking them out very carefully too!

“How’s it going?”

Tianxuanzi asked.

Lin Ran pondered for a moment and said.

“I’ll choose the secret arts!”

“Secret arts? Which one?”

Tianxuanzi asked.

Lin Ran pointed to a spot in front of him closer to the middle.

There was a stone pillar there, and on it was a wooden box, which opened to contain a scroll.

“The Art of Undying!”

“This scroll?”

Tian Xuanzi frowned as he looked at it, and after a moment said.

“Or else in exchange for a scroll?”

“Why?”

Lin Ran did not understand.

“Because this secret art, since it was placed here, no one has ever practiced it, a total of three disciples of the Sword Immortal Sect have exchanged it, but Dao eventually all three died, and no one has practiced this indestructible art!”

Lin Ran said with a slight frown at his words.

“Isn’t this Art of Indestructibility difficult to cultivate?”

Tian Xuanzi shook his head.

“It’s not difficult to cultivate, the difficulty lies in the final step, eternal indestructibility!”

“This step requires very many heaven and earth treasures, one of the heaven and earth treasures has so far appeared once in the Smashing Immortal Realm, so the price you need to pay to practice it will be very high!”

Lin Ran’s brow furrowed even tighter at his words.

But this Art of Indestructibility was too appealing to him!

Practising the Art of Undying, one transformed into a doppelganger, the identity of the original one undying, becoming eternally undying!

Wonder Doctor Chapter 1980

To put it simply, this Art of Indestructibility is like a kind of splitting technique.

There is no difference between the doppelganger and the original doppelganger.

And as long as the original and the split body are both indestructible, then they can be cultivated again.

This was the meaning of the Art of Undying.

“If I can practice this technique, as long as I don’t face a great power who practices the Cause and Effect Dao, no one will be able to directly kill me at all!”

Lin Ran was looking forward to it in his heart.

But he had heard Tian Xuanzi’s words clearly.

This Art of Undying was certainly powerful, but it was also very doable to cultivate it.

After all, not a single disciple of the Sword Immortal Sect had been able to practice it for so many years, so who was he, Lin Ran!

“Forget it, it’s too early to say anything now, let’s wait until we have enough points in the future to consider it!”

Lin Ran pushed down the excitement in his heart and looked towards Tianxuanzi.

“Master, how do I determine this code name?”

“It’s simple, condense the codename you determine in the palm of your hand, and subsequently brand it on the sword list for whichever mission you intend to take up!”

“When others see that there is a branding, they will naturally not grab it from you!”

Tian Xuanzi said.

Lin Ran nodded at his words and immediately opened the Sword List list.

Sure enough, he saw that near the bottom of the sword list, there were many symbols with names already marked on them.

There were simple words such as “Heaven”, “Sword”, “Chop”, “Dragon” and so on.

“This flower! Could it be Su Sa?”

Lin Ran was stunned, Su Sa, like Fairy Su, loved peach blossoms, so when he saw this word “flower”, Lin Ran unconsciously thought of Su Sa.

According to what Tianxuanzi had said, Su Sa had come here.

I wonder if she had gone out on a mission by now!

“Think of your code name and start taking on missions!”

Tianxuanzi said.

Lin Ran nodded at his words, the code name was just a code name and he didn’t care that much.

The main thing was that this first mission to be taken up, one had to be a little cautious.

After all, it was his first time taking a mission, and Lin Ran didn’t want to find himself a too troublesome opponent, so this time it was purely for experience.

Let’s take a good look at what kind of demons and monsters were on the sword list of the Sword Immortal Sect’s auction house!

Lin Ran scanned around and finally landed his gaze on one of the names.

“The Green Demon Snake Lady! Strength middle stage of the Third Dao Realm, reward points of ten thousand!”

This Green Demon Snake Lady was similar in strength to himself and was not ranked on the Sword Ranking.

Lin Ran had also noticed that many of the senior brothers and sisters who were here to take up quests like himself preferred to take up quests that were not as strong as this!

“This Green Demon Snake Lady is not very strong, so she can be used to practice, and then take on more powerful ones when she’s familiar with them!”

With a slight calculation in his mind, Lin Ran immediately raised his hand and slapped it towards this line of information.

“Weng!”

As his palm fell, the entire Sword List list trembled, followed by a seal-like word right after the name of the Green Demon Snake Lady above.

“Burn.”

“Is this the code name you came up with?”

Tian Xuanzi asked with a smile.

Lin Ran nodded and asked.

“Master, when can I set off?”

After his codename was slapped on, specific information about this Green Demon Snake Lady appeared in his mind.

Lin Ran also knew the location of this fellow at this point, and could set off at any time.

“You can leave at any time, but before you leave you’ll have to go to the Hidden Scripture Pavilion and be able to give the Sword Ranking Order to the town elder there!”

“He will give you the same thing!”

“Disciple understands!”

Lin Ran nodded his head.

“Alright I’ve said everything that needs to be said, you don’t have to come see me tomorrow!”

“One last word before I leave!”

Tian Xuanzi spoke after a moment of contemplation.

“Immortal Su is the pride of our Sword Immortal Sect, if you have the chance in the future, please help to save her!”

“I’m afraid there’s nothing I can do in this life!”

“But you must also remember that if things are not possible, you must not force your way out!”

“Our Sword Immortal Sect can’t afford to lose any more talent!”

“I understand Su Sa’s nature, if there is a chance in the future she will definitely strike, but I still hope you can keep your sanity!”

“To be honest, you’re the second person I’ve looked up to over the years, although Su Sa’s qualifications are also very good!”

“But there are too many ties on her!”

“Hm!”

Lin Ran nodded his head.

In his heart, he was a little bitter, how could he have less constraints than Su Sa, only that he had never said anything about it!

If there was a chance in the future, he would not be able to stand by and do nothing!

After all, that was Su Rou, the woman he loved so much!

However, Lin Ran did not want to tell Tianxuanzi about these things, he was his own hermit anyhow.

As for whether or not he should strike in the future, Lin Ran would naturally listen to his own heart’s choice!

The next morning, Lin Ran arrived at the Hidden Scripture Pavilion early.

The Elder of the Hidden Scripture Pavilion was still sitting leisurely in his recliner, seemingly enjoying this life.

Lin Ran was also envious, when would he be able to spend his life in such a leisurely manner?

I’m afraid he would be content!

“Senior!”

Lin Ran stepped forward and saluted respectfully, then handed over the Sword Ranking Order.

The old man’s eyelids leaked a slit as he took the token and his expression remained unchanged as he smoothly took out a wooden box from his arms!

“Eat it and don’t use your true qi for a day!”

The old man said indifferently and stopped speaking.

Lin Ran didn’t ask too many questions and picked up the wooden box and left.

When he got back to his place, Lin Ran opened the wooden box and found that inside was a black bead.

Without thinking too much, Lin Ran swallowed the pillar directly.

But as soon as he swallowed it he realised that he seemed to have been somewhat pitied.

He couldn’t use his true qi for a day, so wouldn’t he be unable to do anything today?

He was thinking about sleeping all day.

Suddenly outside the door, however, came the voice of the Buji Swordsman.

“Is the late brother here?”

“Yes!”

Lin Ran answered and walked out.

“What is it?”

Lin Ran asked.

“Brother Deceased, it’s like this! After this Chance Conference is over, many people are getting ready to go home!”

“I’m going to get together and get drunk before we all leave!”

Buji Swordsman said.

“That’s fine!” Lin Ran agreed straight away.

He couldn’t do anything today anyway, so he could just drink to relieve his boredom!

At that moment, Lin Ran followed Bu Er Swordsman and went.

The Sword Immortal Sect would recruit disciples every year.

It couldn’t be helped that disciples of such great powers were generally divided into roughly two types of people.

The first type had a prominent family, and the second type was bent on seeking the Dao.

And no matter which type of person they are, they are unlikely to stay in one sect for too long.

This is the truth of the matter: people go to higher places.

Until one reached the peak of one’s cultivation peace, even a sect was only a stage in a cultivator’s life.

Lin Ran understood that many people from the Alliance, such as Tian Hu, might not return after this trip back.

Some were preparing to go out for training to improve their strength!

And some were probably going home to inherit their family fortune and get away with it!

There were many paths and many choices.

Even Lin Ran would have chosen to leave if not for this Sword Ranking Order mission.

The third form of the Lancang Sword Technique would not have helped him in the Sword Immortal Sect either.

It was just like what Tian Xuanzi had said.

“This Lancang Sword Technique Third Form, everything can only be understood by yourself, no one else can hand it over!”

The same was true for the way of cultivation.

If one wanted to climb to the highest peak, one would necessarily have to personally appreciate the beauty of nature.

If you want to reach the peak of cultivation, you have to experience the process yourself!
