

Wonder Doctor Chapter 1991

The city of Liang, which was not too far away or too close, was significantly faster with Li's surrogate to catch up.

Although Lin Ran had divine wings, he was not very strong nowadays, so he naturally did not dare to use them to hurry along.

Who knew if there were any former great powers living in seclusion along the way, and if they were discovered and robbed of their divine wings, it was a minor matter.

What he feared most was to kill and exterminate them.

If that happened, Lin Ran would have to cry his eyes out.

Now that he had Li, it was a different story.

In his youth, Li's strength had already reached the peak of the Hundred Thousand and Eighty Thousand Realm, and his speed was naturally very fast.

And in the end, Lin Ran was also curious, if he let Lizzy devour all the essence blood within the giant dragon's relic bones.

Just what level could it reach, would it break through to the realm of perfection straight away?

Everything was hard to say.

Outside Liangcheng, on top of the rolling hills, a delicate figure was standing by the cliff.

She was about sixteen or seventeen years old, in her youthful prime, but there was a look of despair on her face.

Slowly she took a step closer to the edge of the cliff.

"Father, my daughter is unfilial, I'm sorry!"

Tears flowed from the woman's eyes, and the next moment despair had completely filled her cheeks.

Without the slightest hesitation, the woman instantly took that step, and her entire body plunged down towards the bottom of the cliff.

"Boss, this place is a famous mountain, it's said to be named something like Eagle Hook Mountain!"

Wolf Ba said with a voice transmission.

"Eagle Hook Mountain?"

Lin Ran was stunned to hear this and looked up to see that the mountain peak was indeed shaped like an eagle hook.

He saw that in mid-air, the edge of the top of the mountain, which was curved like the moon and resembled a hawk's hook, was raised high above the ground, and below it was a huge, moon-shaped wall, which looked just like a hawk's hook.

“It’s really a ghostly work of art!”

Lin Ran couldn’t help but sigh, even though Liangcheng was located in the middle of nowhere, the Bear King had become the emperor of the land here.

In order to be safe and at the same time not to alert the snakes, Lin Ran deliberately chose to travel from the hinterland of the mountain range.

At this moment, standing at the foot of the Eagle Hook Mountain, Lin Ran could not help but feel a sense of emotion.

The colourful mountains of his hometown were comparable to this Eagle Gou Mountain.

“Hmm? What’s that?”

Suddenly, Lin Ran’s brow furrowed slightly as he saw a black dot in mid-air that was rapidly enlarging.

It was accompanied by an ear-piercing shouting sound.

“That’s a person!”

Li suddenly spoke up.

“A person?”

Lin Ran was stunned at his words, how could someone have fallen from the sky? Could it be that legendary palm technique?

Holy shit, what are you thinking!

Lin Ran was speechless for a moment, so he spread out his divine sense and went to check. Suddenly, someone had fallen from the sky and he didn’t even know who it was, so he naturally wouldn’t make a move.

His divine sense quickly spread out, and Lin Ran followed and discovered that it was actually a 16 or 17 year old woman.

The woman seemed to be an ordinary person, without any semblance of cultivation at all.

At this moment, her face was filled with despair as she kept screaming.

“Holy shit! Suicide?”

Lin Ran froze, not expecting someone to actually commit suicide by jumping off a cliff in the Immortal World!

Since he had stumbled upon it, there was no reason to ignore it.

Mu Yang’s breath instantly surged, and the power of his divine sense lifted the woman up as if it was a large hand.

When the woman saw her speed suddenly slow down, she couldn’t help but be stunned, and when she saw the man and beast appearing below her, her heart instantly understood.

“Girl, why are you jumping off the cliff!”

Lin Ran asked helplessly.

By now the woman had landed smoothly on the ground, and when Lin Ran didn't ask this, it was fine, but when he did, the woman's eyes instantly turned red.

Followed by a full body sob.

“Not you don't cry ah! Fat save what happened, can you tell me first?”

Lin bought busy persuading, he couldn't see a woman crying the most.

“I'm fine!”

The woman forced herself to hold back the despair in her heart and rushed at Lin Ran.

“You're good, thank you! You should hurry and go!”

“Go? Where to?”

Lin Ran was surprised.

“Leave here, you should be going to Cool City, it's the only town around here!”

The woman was smart, seeing Lin Ran's raw eyes had already guessed that the man was going to Cool City.

“That's right, I am going to Liangcheng, you should be from Liangcheng too!”

Lin Ran asked rhetorically.

The woman nodded, but there were tears unconsciously flowing out of her eyes.

“Crying is not going to solve the problem, what exactly have you encountered, can you tell us?”

Lin Ran tried to make his tone seem calm.

The woman nodded and adjusted for a moment before speaking.

“It's nothing really, these are my own family matters, so you should go back! Cool City really can't go now!”

“Once you go, you likely won't be able to get out!”

“Why?”

Lin Ran didn't understand.

“Because. Because of the Bear King!”

There was panic on the woman's face.

“The Bear King? Can you tell me what's going on?”

Lin Ran was instantly interested, he had come over this time originally for the Bear King.

“Mmm!”

The woman nodded, and then spoke up.

It turned out that the woman’s name was Lan Qingtian, and she was a doctor’s daughter from Liang City.

“A healer’s daughter?”

Lin Ran was surprised when he heard that Lan Qingtian was a medical woman.

The entire Immortal Realm’s medical dao had been sort of given up on, and all the way over Lin Ran hadn’t come across anyone who had studied medical arts at all.

Although people from the Feng family had studied, it was all the art of healing that had been passed down from the family.

The later ones had not heard of anyone else who was also practicing the art of medicine.

I didn’t expect that in this Liangcheng City you would have a medical daughter.

“My father is an alchemist in Liangcheng, he makes a living from alchemy on a regular basis, although his days are not rich but at least he is happy!”

Said here Lan Qingtian’s face clearly surfaced a trace of happiness.

“But just a short while ago everything changed!”

Blue Qingtian’s eyes were red again.

“The City Lord, the Bear King, suddenly had to want a Pulse Melting Pill for some reason!”

“He even went so far as to order all the alchemists in the entire city, even those within his own mansion, to come out and refine it!”

“And it was ordered that anyone who couldn’t refine it within six months would have to die!”

“My father’s level of alchemy simply can’t refine the Pulse Melting Pill!”

At one point later, Lan Qingtian’s father was ready to take her and escape from Liangcheng.

After all, if they couldn’t refine the Pulse Melting Pill, death awaited them.

But who knew that the news that they were going to escape was known to the Bear King.

The Bear King himself came to stop them, and that was the time he met Lan Qingtian.

The Bear King was violent and lustful by nature, and when he saw how beautiful Lan Qingtian was, he spared his father, Lan Zheng.

But it was a demand that was set.

“Within six months, if you can’t make the Pulse Melting Pill, I won’t kill you! But your daughter must enter my mansion and become my concubine!”

The Xiong King was the lord of the entire Liang City, no one dared to disobey him.

In desperation, Lan Zheng could only think of a way to get Lan Qingtian to come out to collect pills on the pretext of letting her leave Liang City.

But Lan Qingtian only had one family member, Lan Zheng, so how could she watch her father die in Liangcheng for her?

Lan Qingtian wanted to go back, but all she could do was to be spoiled by the bears.

She was so desperate that she chose to kill herself.

But to her surprise, she was saved by Lin Ran.

“This bear king is really something, he actually wants the old cow to eat the young grass!”

Wolf Ba was also furious as he listened and transmitted his voice to express his displeasure.

Wonder Doctor Chapter 1992

“An old cow eating young grass? Can you be any more amusing?”

Lin Ran said helplessly, then looked at Lan Qingtian and said.

“What exactly is the origin of this Bear King? Why can he become the City Lord of Cool City’s?”

“I don’t know either, but some say he actually came to usurp the throne!”

Lan Qingtian.

“Usurped the throne?”

Lin Ran sounded even more confused, why was there a palace drama in here?

“I don’t know if it’s true or not, it’s said that the former Lord of Liang City was a member of the Liang family!”

“This Bear King was just one of their guards!”

“Later on, I don’t know what happened, but all the people of the Liang family suddenly disappeared overnight!”

“Only this Bear King was still around, so he rightfully took over the Liang Family and eventually became the City Lord of this Liang City!”

Lan Qingtian said.

“A retainer became the city lord?”

Lin Ran frowned slightly as he listened, he honestly didn’t believe this statement, there were obviously too many areas that didn’t fit into logic.

But what the truth was, he was not allowed to know, nor was he actually interested in knowing.

“Let’s go, take me to Cool City!”

Lin Ran greeted with a smile.

“Why do you still have to go to Cool City!”

Lan Qingtian was puzzled.

Lin Ran, however, smiled and said.

“Because I have this Pulse Melting Pill!”

“You have a Pulse Melting Pill?”

Lan Qingtian’s entire being instantly became excited at his words.

If Lin Ran had the Pulse Melting Pill, then wouldn’t his own father not have to.

“You wouldn’t be lying to me, would you?”

Lan Qingtian suddenly looked at Lin Ran with some suspicion.

“I lied to you?”

Lin Ran suddenly froze, how come he said he had a Pulse Melting Pill and this nee-san still didn’t believe him.

“I’ve heard my father say that the Pulse Melting Pill is a very powerful pill that can’t be refined by ordinary alchemists!”

“And you don’t have that kind of aura fluctuation of an alchemist, you clearly aren’t an alchemist either!”

Lan Qingtian said with a serious analysis.

Lin Ran laughed helplessly at the situation.

“Who told you that I’m an alchemist?”

“You’re not an alchemist, how did you get a Pulse Melting Pill?”

Lan Qingtian became even more puzzled.

“Can’t I have a Pulse Melting Pill just because I’m not an alchemist?”

When Lin Ran saw that this nee-san was asking so many questions, he immediately took out the Pulse Melting Pill.

Lan Qingtian’s eyes instantly went straight when she saw the bead.

Only to see that the bead in Lin Ran’s hand was snow white in colour, with two red dots on it and a red thread running right through the two red dots, the features were very obvious.

This Vein Melting Pill looked like something that Lan Qingtian had seen before, when the Bear King had asked all the alchemists in the city to refine the Vein Melting Pill, he had taken out pictures of it.

So when he saw this Pulse Melting Pill in Lin Ran’s hand, Lan Qingtian was instantly excited.

“Thank you! Thank you!”

Lan Qingtian said as he raised his hand to take it, but Lin Ran flipped his hand and took it away.

“I will personally give this Pulse Melting Pill to the Bear King, let’s go and take me to Cool City!”

“Ao!” Lan Qingtian was a little disappointed and muttered in his heart.

“What the! I thought I’d met a nice guy, but I didn’t expect it to be a profit-oriented guy as well!”

In her opinion, Lin Ran must have thought that the Bear King would give him some kind of reward when he wanted to personally hand over the Vein Melting Pill.

Just be smart, the Bear King is so sinister and cunning, I’m afraid there’s no benefit!

Lan Qingtian thought to herself, only how could she know.

Lin Ran was prepared to hand it over to the Bear King personally, in order to meet him so that he could complete his mission.

Lin Ran didn’t explain, and with Lan Qingtian leading the way, the two of them sat directly on the back of Li and headed straight for Liangcheng.

The entire Rang Cheng could be said to be heavily guarded.

It was very easy to enter it, but to get out it was necessary to go through heavy checks.

This was also to prevent some alchemists from running away.

Lin Ran and the two of them entered Liangcheng without any problems.

Seeing the very depressed streets, Lin Ran couldn’t help but feel a pang of emotion.

From the surrounding buildings as well as the shops he could imagine that the former Liang City should have been prosperous.

It was a pity that under the bear king’s trashing, the current Liang City was simply as cool as it could be.

“Let’s go! My home is just over here!”

Lan Qingtian led Lin Ran straight back to his home.

Inside a medicine shop not far down the street, Lin Ran met Lan Qingtian’s father, Lan Zheng.

Lan Zheng was an old man in his early fifties.

He was very ordinary looking, but his body had an aroma of medicine unique to alchemists.

This smell was very clear to Lin Ran, it was unique from years of contact with herbs and various alchemical materials.

Even as a doctor himself, he didn’t have this smell.

“Why have you come back? Who is he!”

Seeing Lin Ran, Lan Zheng was clearly a little puzzled.

He himself had told his daughter to leave, so how come she had come back and brought a youth back with her instead.

“Father, leaving you here by yourself, how can I let go of you!”

Lan Qingtian’s eyes were red, and then she said excitedly.

“It’s like this father, he has the Pulse Melting Pill that the Bear King wants, by the way what’s your name?”

Lan Qingtian asked awkwardly, so excited earlier that he had forgotten to ask this person’s name!

“Burn!”

Lin Ran said after thinking about it.

“Burn? Well, whatever you call it, father he has the Pulse Melting Pill!”

Lan Qingtian said excitedly.

“A Pulse Melting Pill?”

Lan Zheng obviously didn’t quite believe it and said.

“Young man, you’d better not get into this mess, be grateful and go! The Bear King isn’t someone to be messed with, he’ll be able to recognize a real or fake Pulse Melting Pill with one look!”

Lin Ran smiled helplessly at this and had to take out the Pulse Melting Pill again.

“This...”

Lan Zheng’s entire body was stunned when he took a look.

Wasn’t the one in front of him the real deal, the Pulse Melting Pill!

“You.... How did you get the Pulse Melting Pill! You’re not an alchemist!”

Lan Zheng was busy asking.

“You don’t need to care about how I have it, just tell me how I can meet the Bear King!”

“As long as I give him this Pulse Melting Pill, the trouble for you alchemists will naturally be gone!”

Lin Ran didn’t want to waste time.

Furthermore, this Pulse Melting Pill was something that Wolf Ba and the others had found back when they were in the Immortal Palace of Chance.

He naturally wouldn’t tell Lan Zheng father and daughter about such things.

“This, young man, although you’re still helping us like this, but old man doesn’t want to drag you into this!”

“The Bear King is not an existence to be messed with, otherwise.”

Lan Zheng still wanted to persuade, but Lin Ran waved his hand and said.

“You don’t need to care about that, just tell me how I can see him!”

“Father, you don’t need to persuade, people are still ready to wait to see the Bear King to get a reward!”

Lan Qingtian said with contempt.

Lan Zheng, however, was busy stopping her and said.

“Don’t be ridiculous!”

“I’m not talking nonsense, before I didn’t want to drag him into this and wanted him to give me the Pulse Melting Pill, but he very much wanted to go by himself!”

“Isn’t it for the reward!”

Lan Qingtian said righteously.

But Lan Zheng was busy stopping her and said.

“What do you know, people don’t want you to risk it!”

“Let me go and take risks?”

Lan Qingtian was stunned.

“You silly girl! What kind of person is the Bear King, if we really take the Pulse Melting Pill and go, what if he wants more later?”

“Even if he knows that we didn’t refine this Pulse Melting Pill ourselves, he will definitely still dig deeper to find out who actually gave it to him, do you think we can still live a peaceful life?”

“The fact that people are going to go in person is precisely because they want to stop the whole thing on their own!”

“I...”

Lan Qingtian was suddenly stunned, and looked at Lin Ran with a bit of guilt.
