

Chapter 1993– 1994 of A Dish Best Served Cold Novel

Chapter 1993

In the room, Mark smiled faintly.

The bright smile is like the warm sunshine in winter.

At that moment, Yu Yun's long silent heart suddenly made waves.

She was there, speechless for a long time.

Among his eyebrows, only Mark's bright smile was left.

Pure, like the sky after the rain, without any color.

For so many years, this may be the purest passage she has heard.

Not for disputes, not for profit, and no unbearable purpose.

Yes, it's just pure kindness to her.

However, facing Mark's kind words to persuade him, Yu Yun finally shook his head.

If you want to wear a crown, you must bear its weight.

Since she embarked on this road of no return, Yu Yun's life has not belonged to her.

Who doesn't want to laugh to life every day?

However, she is in her position. If she wants to give orders to all quarters, she must be cold and dignified.

“Okay, it's time.”

“Undress and go to bed.”

Yu Yun seemed to no longer want to talk about these things, so she turned around and walked over to the bed and started preparing for her practice.

Mark couldn't help laughing wryly when he heard the sound.

Mark only felt senile and cold from the woman in front of such ambiguous words.

“This woman is really a piece of profound ice that can’t be melted.”

After laughing, Mark didn’t talk nonsense.

Three times and five divided by two, he was very skillful and simply took off his clothes, then blindfolded, climbed into the bed quickly like a little sheep, “behaved” waiting for the “prosperity” of Yu Yun.

“My son, please have mercy!” Mark deliberately put on a shy look, and then imitated a woman’s voice, “Jiao Didi” said.

“Go to death~” Mark was obviously deliberately making fun of Yu Yun.

Sure enough, Yu Yun’s pretty face turned red at the time, like a ripe peach, delicate and charming.

Then, in shame, he drew his sword angrily, vowing to hack this shameless thing alive.

“Cough cough cough~” “Miss Yu, just kidding.”

.... “Damn~” “Are you really hacking?”

“Stop!” “You come again, I will tell the world about the mole on your chest~” Mark can tell about such a brazen threat.

However, there is no way, small lives matter.

What’s more, Mark also accidentally saw Yu Yun’s body in Tang’s gate.

It is not intentional to tarnish others’ names.

“Huh?” “Old lady, is there anyone in the house?” Although Yu Yun’s boudoir was separated from the main hall and separated by several rooms.

However, Yu Yun’s shame and anger were so crisp that Lu Tianhe and others who were recounting the past in the room naturally heard it.

Lu Tianhe had to be curious, and immediately looked at the sound source.

After all, he had been stationed here for many years before, and this old house of the Chu family has almost always been alone with the old prince, and it is rare to see outsiders move in.

Now that I heard it, I naturally felt curious and surprised.

The old lady smiled: “Son of the old man, stay here for a few days.”

“Don’t pay attention.”

The old lady said lightly.

Lu Tianhe nodded, and seeing that the old lady didn’t say much, he didn’t continue to question.

“Okay, old lady, it’s late.”

“I and Shaohong will go back first.”

“When I have time in the future, I will visit your old man.”

“I will trouble you for what I told you today. I’m old, so much trouble.”

Chapter 1994 Lu Tianhe’s Request

“I have no choice. The death order given above, and we racked our brains, but we really can’t think of any suitable candidates.”

“You are so knowledgeable, so you can only ask for your help.”

Lu Tianhe said respectfully.

Fang Shaohong, who was on the side, smiled at the old lady in embarrassment.

The old lady nodded: “Okay, I will try to help you find it.”

Soon, the old lady sent the two military commanders out of the house.

“Mark, come here, grandma will tell you something.”

After returning to the room, the old lady went to Mark’s room to talk to Mark.

However, he shouted for a long time, and no one responded.

Pushed the door, but it was locked.

“Huh?” “Is it possible that you are already asleep?” The old lady was slightly puzzled, and then stood by the door and felt it carefully.

Then he laughed.

“Smelly boy, play tricks with me.”

“Really be my old woman, so foolish?” “But I didn’t expect it, the progress is very fast.”

“Yun’er, kid, really let him get it done?” Suddenly, the old lady looked up and looked at the direction of Yu Yun’s boudoir, but an inexplicable smile appeared at the corner of her mouth.

Before, the old lady didn’t have much hope for this matter.

After all, the Dragon God Body is a double cultivation technique.

Generally, only between husband and wife partners can practice.

However, Mark and Yu Yun have never lived together, and their status and status are worlds apart.

Especially after Yun, the old lady knows her temperament, she has been in a high position for a long time, cold and arrogant, she is at the pinnacle of extreme power.

For women like this, there is probably no man in the world who can conquer her.

And the fact is exactly the case. The old lady once introduced her to many wealthy and nobles, but without exception, no one can catch her.

Later, Yu Yun went further in her career, almost standing on the top of the world’s power.

Under such circumstances, she even more dismissed other people.

Therefore, let her put down her grudges and do double repairs with a member of the opposite s*x. It can be imagined how much courage and determination it takes.

But I didn’t expect it to happen.

One night passed quickly.

The next day, Mark pretended to walk out of his room, stretching his waist.

“Comfortable, the medicated bath was so comfortable last night.”

“Too grandma, you can give me the formula?” “Otherwise, after a hundred years, your craft will be lost.”

Mark’s face was not red. Do not jump, make up nonsense.

Yu Yun on the side rolled her eyes, thinking that this guy can really pretend to speak nonsense without blushing.

But the old lady didn’t say it through seeing through.

She knows that Yu Yun cares about face.

“Okay, stop talking nonsense.”

“Sit down and I will tell you something.”

The old lady suddenly became serious.

Mark was immediately curious: “What’s the matter?” “Someone visited last night, do you know?” “It’s from the Gritsberg Military Region.”

“They want to secretly form a special team in Noirfork to prepare for the battle soon. The International Special Forces Tournament held in mainland Australia.”

“Therefore, you need to find an instructor to be responsible for training this team.”

“I think you are good.”

“Anyway, you heal at night, and there is nothing to do during the day.”

“Just enter the military area.”

, Help them lead this team.”

The old lady said slowly.

Mark was not interested. When he was in Yeyang Town, someone came to ask him to be an instructor, but he refused.

Now, naturally, I am not interested in going.
