

## Wonder Doctor Chapter 1995

In the Immortal Realm Continent, there has rarely been an existence of towns with magical beasts in control since its inception.

Even if there were, then almost all of those entire towns were dominated by magical beasts.

For example, the major main towns in the Beast King Domain.

In the Immortal Emperor Domain, on the other hand, every town is occupied by humans, and there is no room for magical beasts to survive here.

There were only some very strong magical beasts that could freely enter and leave the main cities of Immortal Emperor City. The weak ones were always the ones whose items were traded back and forth.

“This Cool City is in the middle of nowhere, the Immortal Emperor can’t even manage this place, and the Eastern Chess King is too lazy to care.”

“So this Bear King has taken advantage of the opportunity to enter, and in my opinion if what the Blue Family’s father and daughter said is true!”

“Then back then, I’m afraid that the entire Liang family’s extermination and disappearance was also the work of this Bear King!”

“It’s just a turtledove taking over a nest, and a darkness!”

Lin Ran lamented.

At the same time, he had also discovered a problem, and that was that none of the people on this Sword Ranking Order seemed to be good people.

“Boss, he’s back!”

Wolf Ba suddenly reminded.

Lin Ran turned his head to look, and indeed, he found that the Bear King had come back with a smile.

“Brother Burn, it’s been a long wait!”

The Bear King sat down at one side and also poured himself a cup of wine while drinking it, as if to imply that there was nothing wrong with it.

“Brother Burn, I’m very interested in your magical beast Glaze, or else let it come out and fight with my King of the White Tiger?”

The Bear King smiled, the Pulse Melting Pill was already in hand, the next target would be that mysterious Li.

“I’m afraid that’s not a good idea, Li is fierce by nature, if it injures the King of White Tigers!”

“Brother Burn is not more worried than that, the stronger the magical beast is naturally the better, otherwise how can you have a sense of worry, this side of the white tiger was also very weak at first, and only rose to prominence under my cultivation!”

“If there is a stronger one than it, then naturally I won’t be partial to anyone, that’s how it’s always been in the immortal world!”

The Bear King laughed.

“This old bastard, he really won’t die until he reaches the Yellow River!”

Lin Ran said to himself in his heart, but on the surface he laughed.

“In that case, then let them play, but let me say something ugly first, if the King of the White Tigers is injured later, Lord Bear King can’t be blamed!”

“Naturally!”

The Bear King laughed.

Seeing this, Lin Ran didn’t say anything and waved his hand to directly make Li appear.

When he saw Li, the light in the Bear King’s eyes immediately rose, that undisguised greed looking at Li with a slight frown.

Although Li was a magical beast, he was gifted and had been able to speak human since he was a child, and although he could not yet take human form, his intelligence was no less than that of a human.

“It really is a supreme magical beast!”

The bear king was thrilled to see it, and with a wave of his hand, he untied the white tiger king next to him.

“You can play with it!”

Lin Ran spoke.

Li nodded his head without speaking.

The Bear King on the side, however, could no longer hold back his excitement and said.

“Fight as much as you like, it’s on me if you die!”

With that, the Bear King slapped one on the ass of the King of White Tigers.

At once, the King of White Tigers lunged towards Li.

This King of White Tigers knew very well that his days of comfort had come to an end, and if he could not take Li down today, then he was afraid that his status in the Garden of Ten Thousand Beasts would be reduced to that of a pet!

As the saying goes, people die for money and birds die for food. The White Tiger King knew very well what his future life would be like if he lost, so even though he was a little afraid of Li’s aura, he still used his full strength as soon as he came up.

The only thing that puzzled both the King of White Tigers and the Bear King was that at this moment, Li was standing still.

It was as if you yourself were a bystander.

“What exactly does this Li have to fall back on?”

The bear king looked puzzled, so but is there something wrong with his brain, or does he really have this strength?

Just as the Bear King was thinking in his mind, Lizi in front of him finally moved.

Just as the White Tiger King’s sharp claws were about to fall on Lizi.

Surprisingly, Lizzy also raised her own hand grip, followed by a slap directly on the cheek of the white tiger only playing.

“Roar!”

At once, the white tiger let out a miserable scream, and its entire body flew backwards towards the back.

On the other hand, Li was still standing in place as if he hadn’t moved just now.

One claw killed him in seconds!

“This.... What powerful qi and strength!”

The Bear King’s eyes were filled with joy as he watched.

Lin Ran was just about to speak, but who knew that the Bear King had actually waved his hand and killed the White Tiger King next to him!

A sword directly chopped the King of White Tigers into two halves.

“This...”

Everything happened in a flash of lightning, and even before Lin Ran could react, the King of White Tigers was already in two pieces.

“Out!”

The bear king shouted excitedly, and instantly a white inner lining flew out of the white tiger king’s body.

“Come here, it’s for you!”

The Bear King said with a smile.

Li sniffed and looked at Lin Ran.

Lin Ran nodded, signalling that it was fine, and only then did Li walk over.

This King of White Tigers was also extraordinary, so it would naturally be best if this inner liner, Li, could eat it!

Just Lin Ran also knows, this bear king’s stuff which is so good to get anymore, and the white tiger king although defeated, but there is no need to directly kill it.

The bear king's action could mean one thing.

That was that he really took a fancy to Li, and even went so far as to kill the King of White Tigers outright to please Li.

In his opinion, the King of the White Tigers no longer had the value to continue cultivating.

Without any nonsense, the Bear King directly let Li swallow the inner lining.

He then stroked Lizzy's fiery red fur and laughed.

"Li, right, not interested in following me again? This kind of inner urchin will be available every day from now on!"

"Hm?"

Lizzy immediately took two steps back when she heard that, and her eyes looked at the Bear King warily.

The Bear King, however, did not dodge either and said with a smile.

"I'm serious, as long as you follow me, I'll find you one of these inner bile every day!"

"You don't deserve it!"

No sooner had the Bear King's voice fallen than a condescending voice rang out, if not Lizzy or someone else!

"You can actually speak human words?"

The Bear King's heart was shocked.

Li, however, coldly snorted.

"If you, a tiny Third Dao Realm, can do it, why can't I!"

Said Li, his whole body's aura immediately emanated out, that heck that was none other than the Hundred Thousand and Eight Thousand Realm realm.

"One hundred thousand.... Eight thousand realm?"

The Bear King was immediately startled and his entire face turned a little ugly.

He himself was only at the Three Dao Realm, and he actually wanted a hundred thousand and eight thousand realm magical beast to follow him?

Was one crazy?

However, very quickly, the Bear King calmed down, and he was busy looking at Lin Ran.

This fellow was also at the Third Dao Realm, so that meant that although this glaze was strong, its master was also at the Third Dao Realm!

Then he had a chance too!

Thinking of this, the Bear King turned his head directly to look at Lin Ran.

“Brother Burn, tell me your terms, how can you get Li to follow me!”

“Impossible!”

Lin Ran didn't even think about it and directly refused, moreover, Li and himself could only be considered friends, not a master and magical beast relationship at all.

Therefore, who Lizzy was willing to follow was entirely his freedom, even if it said it wanted to leave now, there was nothing Lin Ran could do at all.

“Are the conditions not enough?”

The Bear King frowned.

“As long as you let Lizzy follow me, I can give you the entire Liangcheng!”

“It's not a matter of money!”

Lin Ran said and waved his hand at Lizzy.

“Go back!”

Li nodded and followed before disappearing into the courtyard.

As soon as Li left, the oppression on Xiong Wan's body suddenly became a few degrees smaller as he looked at Lin Ran and said.

“Brother Burn, I really like Li, are you sure you don't want to think about it?”

Lin Ran smiled at his words but said with a smile.

“As Li said, you don't deserve it!”

Wonder Doctor Chapter 1996

“What does Brother Burn mean by that?”

Xiong Wan's face instantly turned ugly.

Although Li was in the Hundred Thousand and Eight Thousand Realm, that was, after all, someone else, and it had something to do with you.

At this moment, Li had already gone back, and you, a three Dao realm brat, actually dared to speak to yourself like that!

“The meaning is clear enough, if Xiong Wan doesn't have anything else, I'll take my leave!”

Lin Ran said as he turned around and was about to leave.

“Want to leave? After drinking my wine and eating my white tiger's inner bile, isn't it too straightforward for Brother Burn to just leave!”

Xiong Wan said with a sullen face and a cold voice.

“Why doesn’t Brother Burn take a look at the condition of his body, there is some poison that still has to be resolved before he can leave!”

“Poison? There is?”

Lin Ran turned his head to look at the bear king with a smile on his face.

“No?”

The Bear King said as he raised his hand to mobilize the toxin, but after performing the mobilization technique twice in a row, Lin Ran did not react at all.

“There is?”

Lin Ran asked with a smile.

“How is this possible!”

The bear king’s eyes instantly changed, he had also watched Lin Ran drink the poisonous wine in the compartment before, but how could he now act like nothing was wrong.

“You.... Who the hell is this!”

The Bear King frowned and questioned.

“Isn’t it a little late for the Bear King to ask who I am?”

Lin Ran laughed.

Hearing these words, the Bear King instantly became wary.

“Kid, although I don’t know why the poison in your body isn’t working, you mustn’t forget that this is my Liang City!”

“And it’s still in my Ten Thousand Beasts Garden!”

“Be sensible and hand over Li! Let him recognize me as his master, or neither of you will leave today!”

The Bear King said as his entire body’s aura violently erupted, following which a formation actually appeared out of nowhere in the entire area of the Ten Thousand Beasts Garden.

The formation enveloped and instantly enveloped the entire Ten Thousand Beasts Garden.

Lin Ran couldn’t help but frown slightly when he saw this formation.

“Decapitation Formation! You actually have this formation!”

“Now that you know it’s the Zhangsheng Formation, why don’t you be obedient and let Na Li follow me!”

The Bear King sneered.

“I’d like to, but Li is not my beast, so it’s not up to me to decide who it will follow!”

“As for this Decapitation Formation, I’m afraid you’re a little too confident!”

Lin Ran said as he raised his hand and took out the Condensing Frost Sword.

The Bear King, however, had a smile in his eyes.

“You saying that just proves your stupidity, since Lizzy isn’t your magical beast, it won’t obey your orders!”

“Today, in this General Decapitation Formation, as long as it doesn’t make a move you won’t be able to escape!”

With that said, the Bear King’s entire body’s aura skyrocketed, and the next moment a large wolf tooth stick directly surfaced and lunged towards Lin Ran.

“Ai! You really don’t remember!”

Lin Ran shook his head helplessly at the sight, and immediately an aura instantly filled the air.

The Bear King’s body, which had just charged out a few steps, actually froze violently, and his entire eyes began to turn lax.

“Go!”

Lin Ran held the Condensing Frost Sword in his hand and instantly slashed out.

A sword aura went straight for the Bear King’s head.

The moment the sword mane was about to touch his body, he snapped awake and retreated backwards.

But Lin Ran’s sword mane was so fast that it instantly cut across the Bear King’s arm.

A bright red wound instantly sprang up with blood.

“A divine sense attack! You actually know how to attack with divine sense!”

There was shock in the Bear King’s eyes.

“Does it feel good to respond from the inside? Do you think you’re the only one who knows how to poison?”

Lin Ran laughed indifferently.

“You!”

The Bear King’s entire body trembled, he had already sensed that something was wrong with that blow just now.

How did a divine sense come out of his own body for no reason.

Now it seemed that that Pulse Melting Pill had really been tampered with just now.

“If you don’t reveal your true form, you really won’t have a chance today!”

Lin Ran laughed indifferently.

The Bear King’s face, however, turned increasingly blue.

“Damn you! Damn it!”

The matter of his own body being a magical beast was obviously already known to Lin Ran.

If this matter were to be blown out, it was something he absolutely could not tolerate.

It might even cause the Bear King to become a street rat in the entire Immortal Emperor Domain because of this matter.

After all, to rule over humans in their territory, such a matter would trigger public anger.

That was why he was so careful and kept showing his face as a human.

Anger made the Bear King completely furious, and his entire body's clothes instantly exploded and his muscles grew like wildly growing after rain.

Almost instantly, the originally sturdy man was completely transformed into an incomparably huge mad bear.

He had black fur all over his body much like a black bear, but on his head was a single horn that was red in colour.

“Red-horned black bear, this is a very high intelligence among black bears!”

Little Nine said busily.

“Red-horned black bear, why does it sound like a dish!”

Lin Ran laughed.

“Boss you're the only one who thinks it's a dish, this guy's combat power is comparable to the peak of the Third Dao Realm!”

Wolf Ba was busy reminding.

“It's alright, this guy's guts, I guess Glaze will like it!”

Lin Ran laughed.

This black bear's strength was indeed very good, especially since the main body was a black bear, its defensive strength should be amazing as well.

It was just that he didn't know who was more powerful against his own Lancang Sword Technique.

Thinking of this, Lin Ran didn't say anything, and his Condensing Frost Sword instantly slashed out, and the sword mane that was instantly formed by the immensity of the sea went straight for the black bear.

“Roar!”

The bear king let out a roar, and instantly the fur all over his body shot towards Lin Ran like steel nails.

However, these steel nails were enveloped by the countless sword maces of the immense ocean.

None of them could break through at all.

“Bastard! What sword technique is this!”

The Bear King couldn't help but suck in a cold breath.

“Lancang Sword Technique!”

Lin Ran guffawed, and in an instant, the sword slashed out with the intent of Tong Tian.

“Scram!”

The Bear King was exceptionally angry and lifted his arm towards this ray of Lin Ran's sword aura and slapped it over.

“Bang!”

The two instantly collided together.

However, in the next moment, the Bear King's face changed as he heard a crunching sound.

The entire arm of the Bear King was broken.

The Bear King's arm was exceptionally hard, and although it was severed by the sword intent, the skin was not cracked.

Only the bones in the arm were broken.

“How is this possible! How could this sword technique leave so!”

The Bear King was instantly shocked.

His own body was a black bear, and he knew very well how strong his defence was.

It was simply impossible for an ordinary person to sever his arm with a single sword strike.

But this youth in front of him had done it.

And it made it clear that his strength was only at the early stage of the Third Dao Realm!

“The Lancang Sword Technique is really powerful, I'm now somewhat looking forward to practicing the third style as soon as possible!”

Lin Ran was excited.

If he had practiced the third form of the Lancang Sword Technique, this black bear in front of him would probably have to perish with a single sword strike.

It was a pity that he didn't have a clue about the third stance of the Lancang Sword Technique.

As for when he would be able to complete it, that was something he could not even speculate.

“That's enough fun! Next you prepare for the road!”

There was an icy coldness in Lin Ran's eyes, and the Frost Condensation Sword in his hand had even been raised.

“With this sword, I’ll send you on your way!”

As the words fell, the sword shadow of sword intent through the sky instantly surfaced once more.

Seeing this sword shadow, the Bear King was instantly anxious.

“Brother Burn! Let’s have a talk, let’s discuss everything, I don’t want the glaze, can’t I!”

The Bear King was truly anxious, there was no need to care about anything else now, Lin Ran’s sword technique was too sharp, at this moment he only wanted to save his own life!
