

Wonder Doctor Chapter 1997

“Don’t you think it’s too late to regret it now?”

Lin Ran laughed.

“No brother Burn, there’s no deep hatred between us, right, and you know very well that although I’m not as strong as you, if we really fought, you wouldn’t feel too good even if you won!”

“Why bother!”

The Bear King tried his best to persuade.

Originally, he had thought that Lin Ran was just an ordinary Third Dao Realm powerhouse who had rushed over to trade with him on the strength of some of his own.

But now it seemed that the other party’s strength wasn’t as simple as it seemed at all either.

And from that magical beast with a hundred thousand eight hundred thousand realms, Glaze had not yet made a move, if he did he would not have any chance of surviving at all.

In fact, where did he know that Lin Ran had more than just one hundred thousand eight thousand realm powerhouse by his side, Liz.

Wolf Ba was also at the Hundred Thousand Eight Hundred Thousand Realm, and although Li Ba wasn’t, he was also an Extreme Dao Realm powerhouse!

If all of these people were known to the Bear King, I was afraid that this fellow would simply give up in fear.

It was just that Lin Ran didn’t want to do that, the sword list mission was originally meant to hone himself, if he relied on them for everything, this sword list mission would become somewhat meaningless!

“No point in talking, let’s go on our way!”

Lin Ran’s expression was bland as he shook the Condensing Frost Sword in his hand, and in an instant a wisp of sword aura had already split out.

“Bastard!”

Seeing Lin Ran’s softness and hardness, the Bear King was also a little enraged.

He was at least the City Lord of Liang City, and for Lin Ran to give him such a lack of face was simply not intended to leave him a way out.

“Burn, I’m warning you for the last time, don’t force me! It’s not good for anyone if the fish really dies!”

The Bear King’s whole body trembled, and his breath was filling up even more rapidly, as if he wanted to fill the entire Medicine Garden.

“You’re so full of nonsense! To tell you the truth, I came to Cool City this time just to come and kill you!”

“Now you can die!”

Lin Ran said in a cold voice.

“Kill me? I don’t even know you, why would you want to kill me!”

The Bear King was puzzled, although he was violent, he hadn’t attracted any powerful existences while hiding in this Cool City, this kid had actually come specifically to kill him!

“Who the hell are you?”

The Bear King asked with a frown.

“You won’t know!”

Lin Ran’s voice was bland, and his Condensing Frost Sword was already raised.

At the same time, he had discovered that these people recorded on this Sword List Order didn’t even seem to know that he was already wanted.

But come to think of it, if they knew that they were wanted, they would probably have already prepared a response.

“All right, you can go on your way! Think about the mistakes you’ve made on the road to Yellow Springs!”

Lin Ran said indifferently, and the next moment the Condensing Frost Sword had already opened up three swords in quick succession.

Each sword slash was accompanied by a flash of this sword aura.

A full three sword maces instantly gathered in front of the Bear King.

“Bastard!”

Seeing this, the Bear King became completely furious, only to see his entire body’s breath fiercely “thump, thump, thump”.

Following this, Lin Ran heard a series of explosive sounds throughout the entire Beast Garden.

At the same time, a wave of auras began to rush towards him from all corners of the Garden of Ten Thousand Beasts.

Lin Ran’s divine sense radiated out and he instantly discovered that the incoming auras were actually the magical beasts in the Garden of Ten Thousand Beasts!

Poisonous snakes, ant beasts, and fierce birds, all the magical beasts in the Garden of Ten Thousand Beasts were rushing towards him.

The Bear King looked like a madman and laughed.

“Kid, I told you long ago, you’re still a bit young to kill me in this Garden of Ten Thousand Beasts, you’d better play with these magical beasts of mine!”

“Just these stinking fish and shrimps?”

Lin Ran laughed while waving his palm, and instantly a sword shadow emerged from the Condensing Frost Sword.

The entire space around him seemed to appear dotted with stars.

A huge sea of immeasurable sword arrows instantly filled the entire space.

“Bang Bang!”

As soon as the sword mane appeared, instantly the surrounding beasts that rushed in began to be decimated by the sword mane one after another.

At first, there weren't many magical beasts that were okay to die, but as time passed, the inner guts of magical beasts of all sizes in the entire Ten Thousand Beasts Garden followed.

“Li! It's your turn!”

Lin Ran laughed, so many magical beast innards were simply a chance for Lizzy.

Where would Lizzy miss it, in an instant the space around him rippled and Lizzy rushed straight out.

Windily, he swallowed all the inner guts straight away.

“Now it's your turn!”

Lin Ran turned his head to look at the Bear King.

The surrounding magical beasts simply couldn't get close enough, and the power of the three sword maces in front of him simply couldn't be resisted by himself.

The Bear King instantly had the intention to retreat.

“Go!”

With a thought in mind, the Bear King instantly did not delay and turned around to run.

“Want to leave? You might as well stay for me!”

Lin Ran sneered, and three sword maces stabbed directly towards the Bear King from three directions at the same time.

“Burn, don't go too far, I have no enmity with you why are you targeting me!”

The Bear King said angrily as he ran wildly.

“Yes there is no hatred or grudge, but who told you not to do anything, besides you deserve to die!”

Lin Ran didn't bother to talk nonsense with him, and with a wave of his palm, three sword maces were already heading straight for the Bear King in an instant.

The sword maces were getting closer and closer, and the Bear King didn't dare to run anymore, turning around to block.

However, the power of the Lancang Sword Technique was so strong that it could not be blocked by the Bear King.

With a muffled “bang” sound, a strand of the sword mane had already slashed heavily into the Bear King’s body.

“Bastard!”

The Bear King’s huge body snapped, his eyes turning bloodshot at this moment.

However, Lin Ran didn’t give him much time to react, as with two successive “bang-bang” sounds, two other sword rays had already passed through the Bear King’s torso.

“You! You!”

There was resentment in the Bear King’s eyes.

However, after only two angry roars, the Bear King’s entire body collapsed to the ground.

Blood soon turned the fur of his entire body red.

The ground was covered in dirty blood.

Lin Ran could feel that the formations around the entire Ten Thousand Beasts Garden were rapidly dissipating.

“Go take care of the people outside!”

Lin Ran waved his hand and released Li Ba and Wolf Ba.

“Leave it to us!”

The two answered and whirled around before running towards the outside of the Ten Thousand Beasts Garden.

Lin Ran, on the other hand, slowly stepped in front of the Bear King and took out the inner pellet inside this fellow’s body.

It was a red inner pellet the size of a fist, with very complex patterns on it, and one could even see some other coloured inner pellets in it, giving it an indescribably strange overall appearance.

“Are you eating it?”

Lin Ran turned his head to look at Lizzy.

Lizzy, however, shook her head and said.

“Don’t eat it, this inner lining is too bogged down, I can’t see it!”

“Pfft!”

Lin Ran was speechless, the inner urchin of a Third Dao Realm magical beast, you actually couldn’t see it?

Well, are magical beasts this picky about their inner urchins these days?

“Let’s go!”

Lin Ran waved his hand and put the Bear King and the inner urchin all into the scroll space.

This guy couldn't look at it, but there would always be someone else who could.

Moreover, the skins and inner urchins of the Three Dao Realm magical beasts were also worth a lot of money when taken to the auction house.

After collecting the Bear King's corpse, Lin Ran quickly rushed towards the outside of the Ten Thousand Beasts Garden.

As soon as he arrived outside, he found that the guards in the entire Ten Thousand Beasts Garden had all been brought under control.

All of these people were standing together, gazing adoringly at the two Li Ba's.

It was obvious that these two guys must have used some means to shock these guards.

And at this moment, on the street not far away, many residents of Liang City had gathered, and there was no shortage of cultivators among them.

Lin Ran even saw the two Blue Family fathers and daughters.

Wonder Doctor Chapter 1998

"Boss!"

When they saw Lin Ran come out, the two Wolf Ba's men busily ran back.

The crowd around them couldn't help but look at this scene.

A Hundred Thousand Eight Thousand Realm and an Extreme Dao Realm, two people whose strength could completely walk across the streets in Cool City, actually called out to a Three Dao Realm powerhouse as their boss?

One's eyes were not blind, right!

Or had they misread it?

For a while, everyone did not quite believe their eyes.

But it was only after they confirmed again and again that they were indeed not mistaken, that they were relieved.

"Father!"

Lan Qingtian looked a little dumbfounded.

On the side, Lan Zheng, however, patted his daughter's shoulder and said.

"This son is extraordinary, it's a pity! You didn't manage to grasp it!"

"What are you saying, father?"

Lan Qingtian's pretty face flushed red, not daring to look at Lin Ran.

“You’re my daughter, don’t I know what’s on your mind?”

“Your father, although I’m not very capable, I’m at least an alchemist, and I know quite a few cultivators!”

“Are there fewer people who have proposed marriage to our family over the years?”

“You can have one that you like!”

“Father!”

Lan Qingtian’s pretty face reddened slightly, somewhat not wanting to discuss this topic.

“Alright, alright, a daughter is too old for her father, you can see for yourself!”

“But I have to remind you, there are only a few chances that one can grasp in this lifetime, so think about it!”

“I...”

Lan Qingtian didn’t know what to do for a moment.

Although she didn’t want to admit it, the youth in front of her was indeed somewhat attractive to her.

He was not very young, yet he already had so many powerful followers.

Even looking at the situation, the Bear King should have cooled off.

The appearance of such a powerful youth in such a poor countryside was like a god descending from the earth.

Not to mention Lan Qingtian, some of the other women in the town were also looking at Lin Ran as if they were looking at Prince Charming at this time.

But did one really have the opportunity?

“Miss Lan!”

Lan Qingtian was thinking in her mind, but Lin Ran had already walked over with a smile.

“Ah.... I’m here!”

Lan Qingtian reacted, her pretty face couldn’t help but blush, and she lowered her head somewhat shyly.

“Little brother Burn, old man ask a question, the bear king he?”

On the side, Lan Zheng was busy speaking up and asking.

“He’s dead, from now on Liangcheng will be completely free!”

Lin Ran laughed.

“Dead?”

Lin Zheng was stunned at hearing this, and his gaze at Lin Ran couldn't help but be a little more fearful.

The Bear King, that was a Third Dao Realm powerhouse, had actually died in the hands of this youth in front of him?

Then wouldn't this youth be even more powerful than the Bear King?

"Alright, I have things to do so I won't stay any longer, farewell!"

Lin Ran smiled and arched his hand at the father and daughter, about to leave.

"You're still not indicating?"

Lan Zheng was busy gesturing at his daughter.

There was a tangle in Lan Qingtian's eyes, not knowing what to do.

But at this moment, Lin Ran was already turning around and preparing to leave, so Lan Qingtian gritted her teeth and immediately shouted.

"Burn!"

"Hm? There's something else?"

Lin Ran turned his head and asked.

"I . . . . "

Lan Qingtian's words reached his mouth, but they never came out.

"What's wrong with you?"

Lin Ran asked in confusion.

"I..."

"I'm fine, you have a safe trip!"

Lan Qingtian finally managed not to say anything, shyness holding her back.

"Mmm! You too!"

Lin Ran guffawed and whirled, already getting onto Li's back, the one person and the beast soon rushed out of Cool City and disappeared into the mountains outside the city.

"You!"

Lan Zheng sighed helplessly.

Lan Qingtian, however, held his pretty face red and said.

"I know I missed it, but I only met him once, I really can't say it!"

Lan Zheng helplessly patted Lan Qingtian's shoulder and said.

“Silly girl, father is not afraid that you will miss out, but that you won’t be able to wait for the next time!”

“Do you know how many cultivators there are in the entire Immortal World? Do you know why all the cultivators in Liangcheng are so weak?”

“Existences with the strength of Burn are afraid that they might only come to Liangcheng once in their lifetime, so if you miss out, then you might really be missing out!”

“Ai!”

Lan Zheng shook his head.

Lan Qingtian pursed his lips, and although he had some regrets in his heart, his mouth did not say anything else.

Lin Ran, however, left Liangcheng and hurried all the way back towards East Flag City.

After a day’s rush, he easily returned to East Flag City, but instead of returning to the Sword Immortal Sect, he went straight to the Feng family.

Feng Sui had been staying in the scroll space, acting as a middle point of contact between the Feng family and himself.

When Lin Ran arrived at the Wind Family, he was already waiting in the hall.

Feng Zheng had already been waiting in the hall for a long time.

“Young master!”

Seeing Lin Ran enter, Feng Zheng Meng rose to salute.

“Lord Feng Clan is no more than that!”

Lin Ran was busy stopping Feng Zheng, after which the two of them then took their seats.

“Clan Master Feng, I think you should already know what I’m here for this time, so I won’t talk nonsense! Can you see if you can extract this giant dragon relic bone?”

Lin Ran said as he had already taken out a giant dragon relic bone.

“Young master, don’t worry, although this giant dragon relic bone is precious, our Feng family has quenched it before, so it’s not a difficult task!”

Feng Zheng said.

“Good! Then, in that case, I’ll give you all the giant dragon relic bones, and you can arrange for someone to extract them as soon as possible!”

Lin Ran said.

He then handed over the entire Giant Dragon Remains to Feng Zheng.

After arranging for the giant dragon relic bones, Lin Ran then moved both Wolf Ba and Li Ba out.

“The other thing is these two friends of mine, I wish to stay at the Feng family for the time being!”

“I’m afraid I’ll be out on the road for the next long while! There’s not much point in them following me!”

Lin Ran said.

“Don’t worry, Young Master, I will naturally take care of these two friends of yours!”

“It’s just that, Young Lord, will you be leaving East Flag City?”

Feng Zheng asked busily.

“Not for now, at least until I reach the Extreme Dao Realm!”

Lin Ran said.

The Sword Ranking Token only had a mere 20,000 points for himself now, which was still quite a bit short of the 100,000 or so points for the Art of Undying.

Moreover, his current strength really wasn’t that strong, and he was afraid that he wouldn’t be able to go to many places after leaving East Flag City.

It would be better to stay near East Flag City and exchange it for the Art of Indestructibility first while raising his strength up.

“Good! If that’s the case then I’ll be relieved, young master remember that if you want to leave East Flag City, make sure to notify old me!”

Feng Zheng busily said.

“Why is that?”

Lin Ran asked, puzzled.

“Because something big is about to happen in Immortal Emperor City!”

Feng Zheng said.

“A big event? What big event?”

Lin Ran frowned slightly as he listened.

“We don’t know exactly yet, there’s just a rumour that something big is about to happen in Immortal Emperor City recently.”

“At the same time, we’ve also found out that the entire younger generation of the Immortal Emperor Domain seems to be heading towards Immortal Emperor City right now!”

Feng Zheng said.

“The younger generation are all marching towards Immortal Emperor City? Why is that?”

Lin Ran didn’t understand.

“Has this ever happened before?”

“No!”

Feng Zheng shook his head.

“The current Immortal Emperor has been in seclusion since his ascension to the throne sealed the madness of the Lord of the Four Directions City, and has shown his face only a handful of times so far!”

“Within the entire Immortal Emperor City, the one who usually shows up outside to preside over things has always been the Immortal Emperor’s son!”

“I’m afraid that the news that has come out this time is not just an empty rumour!”

“It’s better for Young Lord to be cautious, if you really want to travel to Immortal Emperor City, make sure to inform me!”

“So that I can arrange for someone to protect Young Master!”

Feng Zheng spoke with great solemnity.

Lin Ran nodded and didn’t say anything more.

Instead, a hint of curiosity had risen in his heart.
