

Wonder Doctor Chapter 2001

The place where Granny Leng is located is a place called Black Iron City.

This Black Iron Castle is also considered to be somewhat famous in East Flag City.

Because there was a huge black iron mine near this Black Iron City, it could be said that it was a town with a treasure.

In the earliest days, Black Iron City was home to three groups of strength.

But after the Leng family discovered the black iron veins, they secretly used them to exchange them for cultivation methods and even to buy powerful puppets.

After several years of accumulation, they eventually overwhelmed the other two major powers in one fell swoop and completely turned Black Iron City into their own town.

Although the current city lord did not explicitly say who it was, everyone in Black Iron City knew that the Leng Family, where Granny Leng was from, was almost explicitly the lord of Black Iron City.

In order not to be too flashy, when he entered Black Iron City, Lin Ran put away his glass.

Since he didn't know much about this Leng Granny, Lin Ran didn't rush to do anything about it and found a tavern to inquire about the situation once he arrived in town.

Sitting down at the tavern, Lin Ran casually ordered some food and some fine wine, and drank alone.

He had left Li Ba and Wolf Ba at the Feng family's house, and it was indeed a bit boring being out alone!

Lin Ran shook his head helplessly as he sipped his wine and listened to the chatter of the others around him.

It was mid-afternoon and the tavern was crowded, so Lin Ran was in no hurry and waited patiently. If he couldn't find out anything here, then he would have to risk going to the Luo Ran Trading Firm to buy a copy of the information about Granny Leng.

Suddenly, just as Lin Ran was about to continue waiting for a while, a silhouette appeared in front of him.

"Is anyone doing this?"

The voice was so familiar that it made Lin Ran startled.

"No!"

Lin Ran replied back, while looking up to find that it was actually a woman wearing a white gown.

The woman had an extraordinary aura, and although her face was covered in a white veil, she could still make out her unparalleled eyebrows at a glance.

"Su Sa!"

Seeing the woman, Lin Ran couldn't help but be stunned that it was Su Sa, who he hadn't seen in a long time.

"What a coincidence, I didn't expect to see you in this Black Iron City!"

Su Sa sat down, while smoothly pouring herself a cup of wine.

“Yes! What a coincidence, I hadn’t seen Senior Sister attend the last Clan Chance Conference, but I didn’t expect to see you again here!”

Lin Ran laughed.

“You mean the last sect competition, I went to watch it then, you were amazing!”

Su Sa laughed.

“Senior sister is joking, senior sister travels here, is it because!”

Lin Ran said with a smile, but hadn’t said the exact reason.

“Isn’t it the same for senior brother here!”

Su Sa said with the same smile, neither of them saying anything out of the blue.

“Then I wonder if senior sister has ever known about the Leng Family in this Black Iron City?”

Lin Ran suddenly asked.

He hadn’t inquired about the Leng Family within this very tube, but instead he had run into Su Sa, so perhaps he could ask her.

“The Leng Family?”

Su Sa was stunned, but in her heart she already understood and laughed.

“You’ve really asked the right question, I just came out of the Leng Family’s Black Iron Vein!”

“The Leng Family’s Black Iron Vein?”

Lin Ran was stunned at his words.

“Senior sister as far as I know this Leng Family’s Black Iron Vein is the root of their rise to power!”

“You went to someone’s mine vein and actually came out again, that’s something.”

“Haha! It’s nothing, the Leng Family’s black iron veins do have strong hands, but it’s not like I’m going to make enemies with the entire Leng Family!”

“Right, now the Leng Family is afraid that they are already on alert, senior brother’s mission might have to be careful!”

Said Su Sa as she took out a piece of information and handed it to Lin Ran.

“Take a look for yourself!”

“Mhm!”

Lin Ran didn’t say anything and took it up straight away.

The information was very small with only two pages.

However, the content recorded on it was a joy to Lin Ran’s heart.

Su Sa obviously knew the content of Lin Ran’s mission, so the information he was given was exactly what he needed.

The first page contained information on the Leng family's experts.

As a large family, the Leng family must have hidden experts that had not been revealed.

The other page was information that Lin Ran needed very much.

The information recorded was precisely about Granny Leng.

"This Granny Leng is very old and lives alone all year round at the Meditation Nunnery in the hills behind Black Iron City!"

Su Sa said.

"Are you sure it's alone?"

Lin Ran asked with a smile.

"It's really hard to say this! It says it's alone, but who knows if there are other experts from the Leng Family protecting it in secret or not!"

Su Sa didn't hide it and laughed.

"Of course, according to my speculation, there will definitely be someone protecting, after all, this Leng Granny is a very important person of the Leng Family!"

"It is said that it was Granny Leng who presided over the destruction of the Leng Family at that time! So even if I said that there was no one around her to protect her, would you believe me?"

"Fine!"

Lin Ran laughed helplessly.

But already knowing where Granny Leng was, he was already satisfied, only sweeping that he didn't have to go searching all over the Leng family.

"By the way, you still have to thank me!"

Su Sa laughed.

"Thank you?"

"That's right, because I made a mess at the Leng Family's mine, so now the whole Leng Family's attention is over there in the mine."

"Do I need to say more?"

"No need!"

Lin Ran laughed.

This was indeed an opportunity, Su Sa had just made a scene at the Leng family's mine pit with her first foot, so surely no one would think of going back for an elderly old woman on their own.

But then again, this old woman Leng was so old, how could there still be a reward for her mission.

"Do you know anything about this Leng Granny?"

Lin Ran asked busily.

“Not bad, I know some, there have been people who have taken up her quests before, it’s just a pity that no one has ever completed them yet, and the person who took them up eventually disappeared!”

Su Sa said.

“So dangerous!”

Lin Ran couldn’t help but gulp as he listened.

To say it like that seemed like this Leng Granny was the mission ender.

“Alright, I won’t talk to you anymore, I should go too!”

Su Sa got up and said.

But at that moment, suddenly the doorway next to her was rushed in by a man who seemed to be the tavern’s pedo, only to hear him shout.

“Latest news, latest news! There’s news from Immortal Emperor City! The Opportunity Conference will open in a month’s time!”

“Opening in a month?”

Upon hearing this news, the entire tavern was immediately excited.

Lin Ran and Su Sa also glanced at each other, clearly seeing the anticipation in each other’s eyes.

“You’re going?”

Su Sa asked, somewhat puzzled.

“Aren’t you going too?”

Lin Ran asked rhetorically.

“I’m not interested in those spirit liquid rewards, what I’m doing for is my master!”

Su Sa said.

Lin Ran smiled at that and said.

“Pretty much, what I’m doing for is also for your master!”

“You!”

Su Sa glanced at Lin Ran somewhat speechlessly.

She knew that Lin Ran and her own master seemed to have some relationship.

But this guy’s words didn’t seem like his own master’s disciple, so she didn’t know what kind of relationship the two had.

“Alright, let’s go! Good luck with your mission, see you at Immortal Emperor City then!”

Su Sa said as she had turned around and left the tavern.

Lin Ran wasn’t stopping either, both people had their own paths to walk, and although they both had a common purpose, the paths still had to be their own.

Amidst the excitement of the other cultivators in the tavern, Lin Ran also quietly left.

t

Wonder Doctor Chapter 2002

The entire mountain where it is located has been sealed off for the sake of this meditation nunnery, which is a forbidden place in Black Iron City.

This was the Leng family's handiwork, and naturally, it was so that Granny Leng could enjoy her old age in peace!

Lin Ran was walking alone on the road up the mountain at this moment.

Just from the moment he reached the foot of the mountain, an old woman opened her tightly closed eyes in the Jing Xin Nunnery on the mountain.

"Someone's coming?"

The old woman got down from her bed and made it to the bar, pouring herself a glass of wine and water alone.

"Granny, someone is coming from down the hill!"

Suddenly, a young woman came through the door.

She was very pretty and wore a gorgeous outfit with the word "Leng" embroidered on her chest.

"Girl, you go to the teleportation formation!"

Granny Leng didn't even raise her head, she just said indifferently.

The woman's face changed when she heard this, but she did not dare to say anything more, so she immediately nodded and left.

This situation had occurred several times in the past.

Each time, it was always very dangerous, but I didn't expect that now Granny Leng would let her go to the teleportation formation again.

When she arrived at the teleportation formation, the woman didn't bring a full one, she immediately took out a fist-sized crystal stone and placed it in a groove of the formation.

After doing this, the woman then stopped moving and turned her head to look at the quiet heart nunnery where Granny Leng was, not saying a word as if she was waiting for something.

....

However, Lin Jeanna, after only a few moments, had already seen the Jing Xin Nunnery from afar.

When he saw that the courtyard was empty, he simply pushed the door and walked in.

"Come in!"

Suddenly, the voice of an old woman came from inside.

Lin Ran smiled at this and then swirled in.

Granny Leng was still sitting in front of the bar, drinking wine by herself.

Although she was old, she was also a cultivator, and this body was naturally very hardy.

“Grandma is waiting for me?”

Lin Ran asked with a smile when he saw Granny Leng.

“Otherwise, where else would an old woman go when she’s so old?”

Granny Leng laughed, seemingly used to it all long ago.

“Since Granny is waiting for me, I guess she must know the reason I’m here!”

Lin Ran asked with a smile.

“I know, there have been at least a few groups of people who have come before you!”

Granny Leng laughed.

Lin Ran smiled helplessly at that, this made it sound like people weren’t afraid of themselves at all!

“Young man, before you make a move, Granny will ask you a question first!”

Suddenly Granny Leng spoke.

“Grandma, please speak!”

Lin Ran said.

“Do you know what happened back then!”

“The events of that year? What is Granny referring to?”

Lin Ran asked, frowning.

“It seems that you don’t know!”

Granny Leng sighed looking helpless.

“One by one, you don’t know what happened back then, yet you all came for the Hunt List, what exactly did they give you!”

“The hunting and killing list?”

Lin Ran was even more puzzled as he listened.

Could this hunting list that Granny Leng was talking about be the sword list?

But how did she know? He had carried out quite a few missions himself, but no one really knew about the existence of the hunting and killing list!

“Think it’s incredible? How do I know about the hunting and killing list?”

Granny Leng laughed.

“That’s right!”

Lin Ran didn’t deny it either, with this attitude and these words, the other party clearly knew something.

“Then I’ll tell you, old woman, after I’ve finished, you’ll decide if you still want to make a move!”

Said the old woman as she got up and fished out an item from a cupboard to the side and placed it in front of Lin Ran.

“Take a look for yourself!”

Lin Ran saw this and without any nonsense, he directly opened the box.

Immediately a dragon shaped jade pendant appeared in front of Lin Ran.

This piece of jade pendant was snow white and looked very exquisite, the entire jade pendant seemed like a giant dragon soaring with domineering aura.

Lin Ran soon discovered that on the back of this jade pendant was actually a pale and ancient word carved into it.

“Cang!”

“Cang? This is?”

Lin Ran frowned as he looked at it not understanding what Granny Leng meant by showing him this.

“Look below it again!”

Granny Leng gestured.

Lin Ran saw this and was busy looking at the box again.

Following this, he noticed that there was actually a jade pendant underneath the box.

The shape of the jade pendant was practically identical to the piece in his hand.

Lin Ran picked up the jade pendant and found that there was a word engraved on the back of the pendant.

“Only this word was actually “vu!”

“Cang?”

“Vu?”

Lin Ran suddenly felt that he had thought of something.

The jade pendant with the word vu written on it was blood red in colour, and was essentially different from Cang’s.

However, the two words on it reminded Lin Ran of something.

It seemed that the current Immortal Emperor’s name was called Fu Long!

And his son, the Immortal King, was precisely called Fu Gu.

And this Cang was most likely the name of the previous Immortal Emperor.

“Granny, what was the last Immortal Emperor’s name?”

Lin Ran asked busily, this question had not been said to him by the pillow book at first, so Lin Ran did not know the old Immortal Emperor’s name either.

“Yi Cang!”

Granny Leng said blandly.

“Yi Cang?”

Lin Ran’s entire body shook at his words, it was really the same as what he had thought.

But if it was really the same as what Granny Leng had said.

Then who exactly was the hunting list hunting?

And why did Granny Leng have the talismans of two Immortal Emperors in her hands?

Lin Ran couldn’t figure it out for a while.

“Granny, why do you have two jade talismans?”

Lin Ran asked as he got straight to the point.

Both of them knew exactly what the other was thinking, so it was better to open up the sky rather than cover it up.

“That’s why there’s a hunting list!”

Granny Leng said blandly.

“I’m afraid that anyone who accepted the Immortal Emperor Vulong’s jade talisman back then was on the hunting and killing list!”

“People who received the Vulcan Immortal Emperor’s jade talisman?”

“Impossible, I can tell you that I didn’t find it in anyone else’s hands!”

Lin Ran affirmed, whether it was the Green Demon Snake Lady or the Bear King, he had indeed not found this blood-red jade talisman on the other party.

“There’s nothing strange, how many years have passed since then, who would still keep these things!”

“It’s just me, the old lady, who still has them!”

Granny Leng said as she got up and put the two jade talismans back again.

Lin Ran didn’t say a word, but something had vaguely occurred to him, but he was still not sure.

“Alright, everything that needs to be said has been said, do you still want to do it?”

Granny Leng asked with a smile.

If Lin Ran didn’t know clearly that she was the one he was after, he would really just think of her as a kind old woman!

“Granny I’m sorry!”

Lin Ran got up and arched his hand.

“Ai!”

Granny Leng sighed helplessly, seemingly disappointed with Lin Ran’s decision!

“Young man, I’ll remind you one last time, think twice about making a move, once you do it things will really be out of the question!”

Granny Leng spoke bitterly.

However, Lin Ran smiled and said.

“No need, although I’m not sure how things went back then, but I’m the one who took the mission after all!”

Saying this Lin Ran had already taken out his Condensing Frost Sword and looked at Granny Leng.

“Granny is an open-minded person, I won’t force myself, granny make your move!”

“Ai! In that case, then old woman I can only endure this compassion!”

“Just watch!”

Granny Leng’s words suddenly became hoarse, and the next moment the entire person directly fishtailed out.

The entire person’s aura actually became incomparably cold and harsh at this moment.

Her aura actually caused Lin Ran to feel a hint of coldness, a feeling as if she was an evil spirit crawling out of hell!

Wonder Doctor Chapter 2003

Granny Leng’s aura suddenly became cold and harsh, surprising Lin Ran as well.

An old woman who was over half a hundred years old even in the cultivation world, but possessed such a cold and harsh aura, which really scared Lin Ran.

At the same time, it also made Lin Ran wonder what this old woman had done when she was young that she would become one of the sword list's hunter-killers.

Even several of the people who came to hunt had failed, so why was that again?

Could it be that this old woman used to be a follower of the old and current Immortal Emperors as well?

But with only the strength of the Three Dao Realm, how could the Immortal Emperors have taken a fancy to it?

A series of doubts surfaced in Lin Ran's mind, but no one could tell him exactly what the reason was.

Lin Ran didn't think too much about it, his Condensing Frost Sword was instantly swung out, and the Sea Immensity was directly cast away.

"Young man, prepare for the journey!"

Granny Leng said in a cold voice, at this moment her entire figure was hidden in the darkness.

Lin Ran was simply too quick to reach her, and could only use his divine sense to lock onto her location.

This tactic of Granny Leng's was actually already considered a type of assassination technique, it was just a pity that she wasn't strong and couldn't manage to hide her figure completely in front of Lin Ran.

If she was strong, even Lin Ran's divine sense would not be able to sense her position.

However, at this moment, there were sword mists all around herself, and the space in this Meditation Nunnery was already small.

Being filled with so many sword maces, it could be said that moving was a problem, let alone stabbing oneself.

However, when Granny Leng began to move the next moment, Lin Ran was dumbfounded.

He saw that Granny Leng seemed like a wisp of smoke, weaving back and forth among his countless sword maces, not even touching a single one of them.

It was as if Granny Leng's stance was like she was in no man's land.

"This stance, it's too strong, no wonder several people who had taken up the quest before hadn't succeeded in the end!"

Lin Ran was shocked in his heart.

He himself had still underestimated this Granny Leng, to be able to live to the current age and even help the Leng Family occupy a city with black iron veins, how could she be an ordinary person.

As she thought, Granny Leng had already killed Lin Ran and was close to him.

The two of them were chatting, but at this moment they were really fighting without any mercy at all.

With a flip of her palm, a curved blade slashed directly towards Lin Ran's neck.

"Good timing!"

Lin Ran's eyes were filled with surging battle intent, and the next moment, he saw his palms clenched into fists, and the Heavenly Thunder within his body instantly filled the wind of his fists, blasting directly towards Granny Leng.

“Bang!”

A fist and a curved blade instantly collided together.

However, what Lin Ran didn't expect was that the moment this pair collided, he and Granny Leng actually took several steps backwards together.

Neither of them had the upper hand in this exchange of blows.

“A young man can be feared, old woman, with all the experience I've accumulated over these endless years, I'm even with you, it seems you're also a genius!”

“It's just a pity that geniuses are all prone to die young!”

Granny Leng said as the harshness in her eyes intensified, and the next moment her whole body trembled as she actually disappeared back into place.

Lin Ran looked around vigilantly, the Condensing Frost Sword in his hand had already started to have wisps of sword aura converging.

His own ocean was limitless and could not threaten this cold woman at all.

However, Lin Ran did not dare to put it away, as there were countless sword mists permeating the area, and she was still in no man's land, so if he withdrew the Great Sea Immensity, it would only allow her to move more freely.

Under the divine sense lock, Granny Leng is also clear that she simply cannot occupy too much of the initiative of sneak attack.

So she simply didn't waste any time in this regard and kept her figure in one place without moving.

This caused Lin Ran to look on with a slight frown.

A person who knew the art of assassination was hidden in the darkness but didn't move at all.

It was clear that the other party had already locked onto him, but he still stood still, which could only mean one thing.

That was that she was brewing a killing move, a killing move that the opponent could not resist at all even though he clearly knew his position.

“Sword intent through the sky!”

Thinking of this, Lin Ran immediately stopped talking nonsense and with a shake of his long sword in his hand, countless sword maces instantly coalesced in front of him to form a white sword mace.

The sword mace was not large, but it was permeated with an aura of sharpness.

Although Granny Leng was hiding her figure, the exchange of blows between the two was as if it was out in the open, and everyone was preparing their own killing moves.

“Buzz!”

Suddenly, Granny Leng's figure fiercely emerged.

She looked at Lin Ran with a smile in her eyes.

“You're the strongest of all the people who came over to kill me!”

“But unfortunately, you still have to fail!”

Granny Leng said as her body violently accelerated towards Lin Ran and won straight over.

“How will I know if I don’t try!”

There was battle intent in Lin Ran’s eyes as he waved his palm and instantly the Heavenly Sword Intent slashed towards Granny Leng in front of him.

Granny Leng was still holding the curved Ren Ren in her hand.

In the next moment, the sword blade and her curved blade instantly clashed together.

A loud bang was heard as Granny Leng and her curved blade were instantly sent flying backwards.

On the other hand, Lin Ran’s Heavenly Sword Aura was only partially consumed.

“Why is this sword intent so strong!”

Granny Leng was also startled and instantly waved her palm, following which she only heard two “whooshing” wind-breaking sounds emerge directly in front of Lin Ran.

They stabbed directly at Lin Ran’s face.

“There really is a backhand!”

Lin Ran was startled at the sight and his body was busy dodging, but these two sword maces were too close to him.

Seeing that he couldn’t dodge, in his desperation Lin Ran’s body surged with Heavenly Lightning and in an instant two fists blasted straight up.

“Rumble!”

The explosion only sounded, directly sending even Lin Ran flying out.

After easily stabilising themselves, Lin Ran and Granny Leng looked at each other, both with caution in their eyes.

The strength of this Granny Leng was indeed not to be underestimated, for someone who had lived for so many years, her combat experience was indeed no cover.

Although she was not even close to the strength of the Green Demon Snake Lady and the Bear King before.

However, when they really fought, the difference between them was immediately obvious.

“Ginger is still old and spicy! I’ve seen it!”

Lin Ran arched his hand and said.

“No! You haven’t seen it yet!”

But Granny Leng laughed.

“As I said, you will definitely die here today too!”

“You can’t kill me!”

Lin Ran looked at Granny Leng as he casually returned, and was quickly thinking of a countermeasure in his mind.

This Granny Leng was about as strong as himself, and her methods were secretive and unpredictable, so it really wasn't an easy task to kill her today.

Her own Ocean Infinity was useless against her, and only her sword intent could hurt her.

However, it was still not enough to kill her.

"If I practiced the third stance of the Lancang Sword Technique, I might be able to kill her easily!"

Lin Ran calculated in his mind.

The third form of the Lancang Sword Technique, the Ten Thousand Swords Extermination, could definitely kill her directly, but this third form Lin Ran didn't have any clue until now.

"Kid! I'm not going to play with you anymore, if I said you're going to die today, then you'll really die! Take your time to play!"

Granny Leng laughed, while flipping her palm, a white bead had emerged.

Then Granny Leng directly crushed the bead with a bang.

Wonder Doctor Chapter 2004

What was this thing?

Lin Ran frowned as he looked at it, the object seemed to be an ordinary stone, and it didn't seem to change much after being crushed by Granny Leng, but why did she do it?

However, what Lin Ran did not know was that just as Granny Leng crushed the bead.

Far away in front of the teleportation array not far from the Jing Xin Nun, a stone bead in the maid's hand also shattered in an instant.

Seeing this stone bead shatter, a chill flashed in the maid's eyes as she immediately turned around and rushed up to the teleportation formation.

The next moment only saw the girl cut her finger, and a drop of blood fell directly on top of the teleportation formation.

“Buzz!”

A buzzing sound erupted from the teleportation formation, followed by a red light instantly rushing up into the sky and disappearing above.

At the same time, far away in the Black Iron City, the Leng Family residence.

In a courtyard, there were three gazebos, each with an old man sitting on his knees.

The three men had their eyes closed and seemed to be meditating and cultivating.

Suddenly, all three opened their eyes, and after a glance at each other, they all got up and rushed towards the front.

Almost at the same time, a vortex appeared in front of the three, and the three of them instantly rushed into it.

“You're calling someone?”

In the Meditation Nunnery, Lin Ran looked at the cold granny in front of him, his eyes gradually becoming icy cold.

“You’re not stupid yet, but unfortunately they’ve already arrived!”

Granny Leng laughed.

As soon as her voice fell, in an instant three auras had rushed in from outside the Jing Xin Nunnery.

Lin Ran was busy dodging out of the way, making way for the three.

He saw that all three of them were old men, and their ages looked just a little younger than Granny Leng’s.

However, the auras on all three of them were surprisingly consistent, all of them were in the middle of the Third Dao Realm like Granny Leng.

“How come these people are all at the Third Dao Realm!”

Looking at the three, Lin Ran was puzzled in his heart.

It didn’t matter that Granny Leng was at the Third Dao Realm, how come the three helpers he had found were also at the Third Dao Realm.

The entire Leng family had a large family, there shouldn’t be any more powerful existences!

Could it be that there was some special relationship between them?

As Lin Ran was thinking in his mind, it was Granny Leng’s words that confirmed his suspicions.

“I didn’t expect that I would have to trouble you three brothers in my lifetime!”

“Miss, don’t say that, the three of us are sworn to follow Miss to the death!”

One of the old men said.

“You are from the same period!”

Lin Ran looked at the four men and frowned.

He could probably guess that these three old men must have been this Leng Granny’s guards or something when they were younger.

He just didn’t expect that after so many years, not only was Granny Leng alive, but even her followers were alive as well.

“Alright, do it! Kill him!”

Granny Leng suddenly looked towards Lin Ran and said.

“Yes!”

The three of them hurriedly replied, and immediately the three quickly separated to directly surround Lin Ran in the middle.

Seeing this scene, Lin Ran’s heart couldn’t help but sink.

He could already think of how the few people who had come to hunt this Leng Granny before had died!

This old woman Leng was afraid that she had used such a fishing method to kill many of the Sword Immortal Sect’s hunters.

And today, unfortunately, he himself had become the fish that the other party was trying to catch!

“If you want to kill me, then we’ll have to see if you have what it takes!”

Battle intent surged in Lin Ran’s eyes, and heavenly thunder instantly filled his body, as arcs of lightning leapt across his body.

Lin Ran’s aura was also surging wildly, if he hid his clumsiness now, he wouldn’t even know how he would die.

Lin Ran was not going to be reckless, so he instantly performed the Heavenly Thunder Transformation technique.

His original strength at the middle of the Third Dao Realm instantly reached the peak of the Third Dao Realm.

“A secret technique! There’s still some substance!”

“So what, you still have to die!”

“Let’s do it!”

The three elders each said a word, and instantly all three of them made their moves.

“Slaughter and Destruction Formation!”

The three of them shouted almost simultaneously.

The next moment a golden light shot out from each of the three’s hands, converging directly towards Lin Ran’s head.

A tremor shook the Frost Condensation Sword in Lin Ran's hand, and the countless sword rays formed by the Sea of Immensity flashed throughout the Jing Xin An.

However, the three elders' golden light converged, and in an instant ten thousand golden rays poured down, actually forming a golden bell.

The golden bell directly enveloped Lin Ran, and a bell sounded as if waves of the sea were sweeping towards Lin Ran.

"Lightning Stunning Technique!"

The first thing Lin Ran felt was a dizziness in his head, this was a divine sense attack.

The Surprising Thunder Technique was instantly cast, and the surging power of his divine sense instantly dispersed the surrounding chiming sounds.

However, what he did not expect was that his own Lightning Stunning Secret Technique was scattering the sound of bells.

However, when the Lightning Stunning Mystic Technique struck the golden bell, it was all shaken back.

The Lightning Stunning Secret Technique recoiled and instantly Lin Ran's divine sense itself clashed against him causing him to suffer a powerful blow.

A mouthful of blood spurted out straight away.

"Young man, you have a long walk ahead of you, but alas! You won't see the sun tomorrow!"

Granny Leng stood outside and smiled.

The originally amiable face was actually ice-cold and even a hint of mischief at this moment.

“Is that so?”

Lin Ran wiped off the blood from the corner of his mouth, his entire breath had weakened by a large margin.

“Master, this golden bell is very difficult to break open, the divine sense attack will be bounced back!”

“You have to find a way to break it with force!”

Qing Zi’s voice rang out.

Lin Ran nodded his head.

However, in his heart, he knew clearly that this golden bell could bounce back divine sense attacks, and he was afraid that nine out of ten of his own sword attacks would also be bounced back.

The space inside this golden bell was already small, so if he wasn’t careful he would probably kill himself!

But now he had no choice!

If he couldn’t even break the golden bell, he was afraid that he would even lose his life, so how could he talk about completing his mission!

“Let’s try!”

Lin Ran sighed, this was the only way left when things came to a head.

Thinking of this, Lin Ran instantly copied the Condensing Frost Sword and stabbed at the one in front of him.

“Weng!”

The sword arrows clashed and instantly Lin Ran felt a sharp sword intent being bounced back, heading straight for him.

“Sure enough!”

Lin Ran’s heart sank, and he was busy dodging out of the way.

But what he didn’t expect was that the sword aura from his own sword was like a bullet.

It bounced back and forth throughout the golden bell, unable to stop at all.

“Damn it! How does this play out!”

Lin Ran couldn’t help but curse when he saw this.

A single strand of sword mane wouldn’t disappear and kept bouncing back and forth, if one were to slash out ten in one breath.

Then I’m afraid that in less than a minute, he would have to become a complete honeycomb!

“No! There must be a way, this Golden Bell can’t be so invincible, and the Three Dao Realm’s formations can’t be this perverse!”

Lin Ran forced himself to calm down.

He hid to the side and quietly watched as his sword rebounded back and forth.

He noticed that the power of his sword was gradually diminishing as it kept rebounding.

In other words, when the power of his own sword mane reached a certain level, it would still hour.

This Slaughter and Destruction Formation was not truly invincible either, and it was impossible to bounce back all the attacks.

“But even so, I still have no way of striking!”

Lin Ran felt like he still hadn't caught the point.

If he wanted to break through this Slaughter and Destruction Formation, he would have to use an attack completely different from his previous sword technique to do so.

But there were only so many of his own means, the Sword Dao was mainly offensive.

The Thunder Dao aided, and there was no way the Wind Dao waterway would attack and kill directly!

“Do I have to comprehend the third style of Ten Thousand Sword Destruction in this midst?”

Lin Ran felt a pang of headache.

Wonder Doctor Chapter 2005

“Master said there is no way to teach the Ten Thousand Sword Extermination, you can only rely on your own enlightenment!”

That meant that each person's Ten Thousand Sword Extermination was different.

In his mind, Lin Ran sorted out all the information he had about the Ten Thousand Sword Extermination.

The strength of a sword technique was tied to one's own strength.

The most direct manifestation of this was the strength of one's own strength.

If the Three Dao Realm and the Extreme Dao Realm used the same sword technique, it was inevitable that the latter was more powerful.

And if a strong person from the Third Dao Realm and the Extreme Dao Realm were to enlighten the Ten Thousand Swords Extermination at the same time.

Suppose the enlightened Ten Thousand Sword Extinguisher is different.

Then by extrapolating backwards, one would be able to find out why it is not the same.

There are many factors that contribute to the strength of a person, and this is also true of the Sword Dao as a Dao that focuses on killing and destroying.

Putting aside the influence of the three dao of thunder, lightning, wind and water, while at the same time putting aside the influence of the strength gap.

Two people with exactly the same strength and practising the same Dao could not possibly have different enlightenment of the Ten Thousand Swords of Extermination.

But the results were different, so there was only one reason!

"It was the Dao they cultivated, as well as their respective encounters, their understanding of the Dao and their differences in strength that caused this difference!"

“Ten thousand swords destroy, ten thousand dao as a guide, swords destroy heaven and earth!”

“Where is the sword without the Dao, where is the destruction without the law! Ten thousand swords are ten thousand dao, one hundred thousand eight hundred thousand realms one hundred thousand eight hundred thousand dao!”

“Ten thousand swords extinguish then, there are one hundred and eight thousand, no wonder Master said that everyone has enlightened differently!”

“That must be it!”

There was wild joy in Lin Ran’s eyes, it was said that a person’s thoughts were most confused when they were in the most danger!

But who knows, when it’s the most dangerous, one’s mind is also the most active!

The difference between a fool and a wise man is whether you can keep yourself thinking calmly at the most dangerous times.

There is no such thing as a genius in this world, they are just good at thinking!

“My Ten Thousand Swords Extermination is my Dao!”

“Go!”

Lin Ran flung out the Frost Condensation Sword in his hand, and the Heavenly Lightning within his body instantly filled out and attached itself to it.

At the same time, Lin Ran slowly raised his hands, and on his left and right palms, two colours of aura, one white and one green, quickly diffused out.

These two auras were clearly the Dao of Wind and the Dao of Water, which he had enlightened when he had broken through to the Third Dao Realm.

The four dao quickly converged on the Frost Condensation Sword, while a wisp of sword aura was also forming rapidly.

The Dao of Sword, the Dao of Lightning, the Dao of Wind, and the Dao of Water.

The four dao types were like a twine being forcibly tied on top of the sword aura at this point.

At this moment, Lin Ran also noticed that the colour of this sword aura of his was changing.

From white at first, it turned into milky white, and then turned into aqua blue.

In the end, the different colours all converged on top of the sword mane.

Together with the original colour of the sword mane, it was exactly four colours.

“Is this the sword mane that has fused with the dao?”

Lin Ran was a little stunned as he watched, this wisp of sword mane was indeed beautiful.

It was a pity! If his own Dao of Healing could be used.

It would be a sword mane that had incorporated the five dao types.

Its power would have been even stronger, I’m afraid!

“That’s it, I don’t have time!”

Seeing that the surrounding golden bells had already begun to shrink in space, Lin Ran didn't delay at that moment.

With a point of his finger, the four-coloured sword mists instantly rushed towards the front.

Everything started off beautifully.

But the moment the sword mane rushed out, Lin Ran suddenly felt a palpitation in his heart.

He clearly saw that his sword mane, which had fused the four dao types, actually began to collapse the moment it rushed out.

It felt like four pieces of wood, pushed out side by side, but without the restraints of the rope, each of the four pieces of wood went off in a different direction.

“No! I'm still wrong!”

Lin Ran was taken aback in his heart, but at this point there was really no place to run if he wanted to dodge.

He was busy mobilising the True Qi and Heavenly Lightning within his body, forming a thick defensive layer in front of him.

Almost at the same time, the four fused sword maces had already split in four and crashed right towards the golden bell in front of him.

“Bang Bang Bang!”

A series of explosive sounds shook Lin Ran's ears to the point of pain.

He was busy closing his eyes, and the next moment a strong white light illuminated the entire interior of the golden bell in white.

Lin Ran, who had his eyes closed, even felt his eyes getting a little sore.

Almost at the same time, the splitting sword mists kept being rebounded by the golden bells, some of them hitting other golden bells.

Instead, some of them blasted directly at Lin Ran's defence layer.

With his eyes closed, Lin Ran could clearly feel his defensive layer being rapidly worn down.

In just a few moments, he felt that he was somewhat unable to carry the load.

But just as he was getting desperate, he suddenly heard a loud "bang".

The defensive layer in front of him instantly burst apart.

At the same time, Lin Ran's entire body was blown backwards and a mouthful of blood instantly spurted out.

The surroundings quickly quietened down.

Lin Ran quickly dispersed his divine sense and was surprised to find that the golden bell that had enveloped him had disappeared.

He busily steadied himself and continued to spread his divine sense, only to find that the three elders of the Leng Clan had actually vomited blood as well.

Their condition was not much better than his own.

“It seems like a crooked hit!”

Lin Ran was somewhat pleased in his heart.

Although he hadn't succeeded with this Ten Thousand Swords Extermination, it was powerful enough to be stronger than the Sword Intent Passage.

This could also mean that even though he hadn't created his Ten Thousand Swords Extermination.

But at least it was in the right direction, it was just that he hadn't yet grasped the key mysteries of it.

Lin Ran's eyes quickly adjusted as he collected his divine sense and swept his gaze around.

He found that only the three elders had been injured, while Granny Leng had hidden away early on, untouched in the slightest.

“Kid, you really impress me, who taught you such a powerful sword technique anyway!”

Granny Leng asked with an ugly look on her face.

“Do you think I would tell you?”

Lin Ran sneered.

The Sword Immortal Sect had made such a show of force, in order to keep all those who took the mission from revealing their identities.

The price paid was huge, and that black bead, although he didn't know what it was from.

Although the black bead was of unknown origin, it could completely change a person's aura, so it would be very difficult to detect who was on the mission!

Otherwise, with the Sword Immortal Sect's Lancang Sword Technique, how could this Black Iron City Leng Family not know about it!

Granny Leng gave Lin Ran an icy look and stopped speaking.

It was also something she hadn't expected when things had come to this.

For a Third Dao Realm brat to actually be able to break through the Slaughter Formation of her own men was somewhat beyond the scope of her control.

"Miss! Are you alright!"

The three elders quickly stood up, only at this moment the three of them were clearly still covered in blood.

The three of them were afraid that they had been injured quite badly when the Slaughter and Destruction Formation was broken by Lin Ran earlier.

"How are you three, can you still do it!"

Granny Leng asked busily.

"No problem miss, I'll definitely kill him today even if I have to fight for my life!"

The leading elder assured.

"Good! Let's do it together!"

Killing intent also appeared in Granny Leng's eyes, three of her own men had been injured by this kid.

She also didn't want to delay any longer and was ready to just join forces with the four of them to kill this brat.

"The four of you are almost ten thousand years old combined, aren't you? You're really going backwards the more you live! You don't even want to have a face!"

Lin Ran looked at the four of them and sneered.

"Cut the crap! Kill you and who knows the four of us will join forces!"

The leader elder said angrily.

"Right! Kill him."

"Kill him!"

The other two echoed, they all felt their faces burning hot at being spoken to like that by Lin Ran!

"Cut the crap, just do it!"

Granny Leng said in a cold voice, while already being the first to charge towards Lin Ran.

Wonder Doctor Chapter 2006

When the three elders of the Leng Clan saw that Granny Leng was the first to make a move, they didn't even bother, and each of them followed closely behind and charged straight towards Lin Ran.

“Good timing!”

Lin Ran had madness in his eyes when he saw this.

He had just gained a hint of insight into the Third Form of Ten Thousand Sword Extermination, and these few guys couldn't help themselves.

It was just as well that he could use this to properly test out what was wrong with his Ten Thousand Sword Extermination.

“Ten Thousand Swords Extermination!”

Lin Ran roared, and instantly the Condensing Frost Sword came out of his hand and hovered directly in midair.

At the same time, the other three dao in his body directly erupted with three rays of light towards the Condensing Frost Sword.

With four dao, four different coloured rays of light were soon formed on the surface of Neng Shuang's shoulders.

These rays of light looked very beautiful, but Lin Ran knew that this was not the fundamental form of the Ten Thousand Swords Extermination.

He had just used this move to blast the golden bell, but the moment he struck it out, this Ten Thousand Swords Extinguisher had just shattered straight away as well.

“Where exactly did the problem occur?”

Lin Ran looked at the Ten Thousand Sword Extinguisher in front of him and quickly pondered in his mind.

And when the four of them, Granny Leng, saw this sword of Lin Ran's, they instantly listened to their steps as well.

The power of this previous sword was still fresh in their minds now.

The three elders were directly seriously injured, and if Granny Leng hadn't dodged quickly, she was afraid that she would have been injured at this point as well.

"This kid's sword technique is odd, everyone be careful!"

Granny Leng spoke up and warned.

"Miss, this kid's sword technique is incomparably sharp, especially this sword technique that combines many dao, his strength should not be underestimated!"

The leading elder spoke up.

"Hm!"

Granny Leng nodded her head, but another elder on the side said.

"I don't think we can give him time, just now inside the Golden Bell when he slashed out with this sword, it was clearly in tatters!"

"It was able to break through the golden bell entirely because of the power of the sword mane itself!"

"I think he must not have practiced this sword yet!"

"O? There's something to that?"

Granny Leng fell into deep thought at her words.

“I agree with Lao Er’s thoughts, just now that kid’s sword move indeed didn’t look like it was intentionally split in four!”

The leading elder also said.

Granny Leng nodded and said.

“In that case, let’s try our hand first!”

“Good!”

The other three didn’t object, and at that moment, the four of them directly spread out their distance nor did they approach Lin Ran, but the attacks in their hands were already blasting out.

“Shame on you!”

Lin Ran couldn’t help but curse when he saw this, these four people must have been over ten thousand years old combined.

Now they were actually joining forces against him alone, how shameless!

Although his heart was angry, Lin Ran had no choice but to dodge back and forth.

But while he could dodge, there was no way to dodge the Ten Thousand Sword Extinguisher that had coalesced.

Soon, one of the four attacks slashed towards the Ten Thousand Sword Extinguisher.

“Bastard!”

Lin Ran’s heart sank when he saw this, his own Ten Thousand Sword Extinguisher had not yet been completely enlightened, and its form was very unstable at this point.

If his opponent blasted it, nine times out of ten, he would probably get hurt!

It was even possible that it would directly detonate the power of the Inner Dao of the Ten Thousand Sword Extermination.

However, just as Lin Ran was worrying about how to stabilise his Ten Thousand Sword Extinguisher.

Suddenly, a scene appeared that left him dumbfounded.

He saw that while the attack struck the Ten Thousand Swords Extinction, a white light actually emanated from the Ten Thousand Swords Extinction, instantly swallowing it up.

“How is this possible!”

Granny Leng looked aghast.

The other three elders beside her were also each looking dumbfounded.

This was the first time they had seen a sword technique that could swallow their attacks.

“Swallowed?”

Lin Ran was also dumbfounded as he watched.

However, he quickly reacted.

If even the opponent's attacks could be swallowed and taken for their own use, then that meant that this Ten Thousand Swords Extermination sword technique wouldn't be able to swallow any power!

What other power do I have?

Lin Ran quickly pondered in his mind.

The Dao of Sword, the Dao of Lightning, the Dao of Wind, the Dao of Water, it seems that these are the only four dao that I have!

The Dao of Medicine couldn't be used, so it couldn't count at all.

But what else did he have after running away from these?

The Chaos Cyclone! Definitely not!

Although the Chaos Cyclone is infinite, in the end it is only a force that transforms one's true qi and cannot be considered a force.

But there really didn't seem to be anything more than that!

Couldn't one use the Dao of Healing?

That's not realistic at all. The Dao of Healing is not something one can use whenever one wants to!

The entire Immortal Realm's healing dao had been sealed off by his own master.

The Immortal Emperors of the Immortal World still had no way out, so how could one possibly have a way out.

“No! It’s not the healing dao, I still have the power!”

Suddenly Lin Ran thought of something, it was true that he couldn’t use his medical dao, but he still had the power of divine sense!

“Right! It must be the power of divine sense, so many dao cannot be fused, a force must be needed to link them together!”

“Everyone’s Ten Thousand Sword Extermination is different, so it must not be some kind of Dao power connecting them!”

“And what everyone possesses is divine Sense!”

There are strong and weak divine senses, but everyone has them!

So the last force of this Ten Thousand Swords Extermination must also be the power of divine Consciousness.

Thinking of this, a hint of excitement flashed in Lin Ran’s eyes, and he was busy mobilising his divine sense to sweep towards the Frost Condensation Sword.

The majestic power of divine sense formed a huge net, instantly enveloping the Frost Condensation Sword.

And at this moment, the entire Condensing Frost Sword let out a loud and clear sword chant.

“Miss! The situation is not good!”

Feeling the terrifying might emanating from the Condensing Frost Sword, the leader elder’s back couldn’t help but feel a chill!

“Miss or we should retreat first!”

“Yes! This kid’s sword technique is too strong!”

The other two elders also advised.

“Retreat? Where to retreat? Any more retreats could be the family!”

“Is it hard to let what happens in our generation implicate the clan?”

Granny Leng’s face was icy cold, with a hint of determination.

“A word from you, Miss! The worse that can happen is that we will die with him!”

“Right! We’ve lived for thousands of years anyway, we’ve had enough!”

“Say the word, my lady!”

The three elders said excitedly, not a single one of them actually backed down.

“Needless to say, we don’t have a choice! Let’s do it!”

Granny Leng’s voice was ice-cold as her body flickered violently and had instantly disappeared from the spot!

Seeing this, the three elders all had a hint of determination on their faces as well, each copying their weapons and charging straight towards Lin Ran.

“Die!”

Lin Ran’s divine sense had already locked onto the location of Granny Leng, who was hiding her form.

With a point of his finger, the Frost Condensation Sword was a fast meteor, and in less than a suction of time had directly reached the other party.

The powerful force instantly tore through the surrounding space.

The darkness was completely swallowed up, and Granny Leng’s figure instantly emerged.

She could only see that she was choking three spell decisions in her hand.

However, before the three spell daggers could be struck, they instantly seemed to be attracted by the sword shadow.

Together with Granny Leng’s entire body was sucked towards the Condensing Frost Sword right by itself.

“Miss!”

“Miss danger!”

The three elders’ eyes turned red as they watched, but at this moment, they were too far behind to stop it!

“Is this the Ten Thousand Swords Extermination? It’s really as terrifying as this!”

Lin Ran muttered, and the next moment his palm snapped.

The Frost Condensation Sword was like a stream of light, instantly passing through Granny Leng’s body.

Wonder Doctor Chapter 2007

“No!”

The three elders looked instantly furious.

But anger was anger, but at this moment, they were unable to help at all.

Even in their hearts, they all knew very well that if the three of them rashly went forward, they were afraid that the final result would be the same as Granny Leng’s.

“Miss!”

The three elders looked at Granny Leng with despair in their eyes.

Granny Leng’s body was directly penetrated, spilling blood all over the ground.

Her face instantly turned pale, having lived for thousands of years, this was the second time she had been so badly injured.

The first time was during the great battle between two Immortal Emperors vying for the Immortal throne.

But it was unexpected that after so much time had passed, she would actually be wounded so badly at the hands of a late-blooming youth.

“Protect the Leng family! He must be killed!”

There was madness in Granny Leng's eyes, and the next moment she used her last ounce of strength her entire body directly disappeared into the spot.

"Hm?"

Lin Ran frowned as he watched, this old woman didn't look like she was going to survive, so what else did she want to do now that she was hiding!

As he was thinking in his mind, suddenly Lin Ran felt a palpitating sensation rise to his heart.

"No!"

Lin Ran's heart was terrified and he dodged to avoid it.

But at that moment, a white light instantly appeared next to him, turning the entire Jing Xin Nunnery into daylight.

The next moment, a loud bang was heard, and the entire Meditation Nunnery was instantly razed to the ground by the terrifying explosion.

Lin Ran was the first to be hit by the blast, and he was sent flying backwards, spurring out a mouthful of blood.

The surrounding area was in chaos and Lin Ran felt that his bones were falling apart.

It took a few moments before he struggled to crawl out of the pile of rocks.

At first glance, his entire body was dumbfounded.

At this moment, the entire Jing Xin An was completely gone, with only a large pit sprawled across the place, and he was at the bottom of this large pit.

He found that around the big pit, the three elders of the Leng Family were standing there.

And at this moment, behind them, there was actually a golden light enveloping them.

These three had actually cast out the Golden Bell again.

Only this time, it wasn't just themselves that were enveloped, even the three of them were trapped within the golden bell.

“What do you want?”

Lin Ran's heart couldn't help but lift.

Granny Leng was already dead, and his mission had been completed.

But now trying to leave had become a problem.

These three people had directly trapped everyone here with the golden bell, what exactly did they want?

Lin Ran had a very bad feeling in his heart, it always felt as if these three people had discussed the matter.

“Kid! You killed Miss, you won't get out alive today either!”

The leader elder looked at Lin Ran with an icy coldness in his eyes.

“Just the three of you?”

Lin Ran looked at the three with disdain in his eyes.

He himself had already comprehended the third style of the Lancang Sword Technique, the three people in front of him posed no threat to him at all.

“You’re right! It is impossible for the three of us to kill you!”

“But don’t forget, we still have the Slaughter and Destruction Formation!”

Another elder laughed.

“If the three of us explode ourselves in this Slaughter and Destruction Formation, what do you think you will do?”

The last elder laughed coldly.

Lin Ran smiled but his face changed greatly.

The second stance of his own Lancang Sword Technique, Sword Intent Through the Sky, was unable to break through this golden bell.

This showed that the defensive power of this golden bell was not bad at all!

And the most important thing was that this golden bell could also rebound.

If the three elders were to explode themselves within this golden bell, all the power would bounce back and forth within the golden bell before the power reached a level where it could break through the golden bell.

Lin Ran didn’t need to think about it to know the consequences.

He would be instantly blown into powder.

Even if he could carry the golden bell through the time before it shattered, what about the moment it shattered?

The self-destruction of three Three Dao Realm powerhouses, and in a confined space.

Its power Lin Ran simply dared not think about.

“Crazy people, you three are just crazy!”

Lin Ran cursed, having already started to think of countermeasures at this point.

The Qiankun Violet Qi Vial?

The first thing Lin Ran thought of was Qing Zi.

But Qing Zi had only just woken up, so if she was still hiding in the Qiankun Violet Qi Vase this time, she would be left to bear the burden.

I was afraid that Qing Zi would still fall into a coma.

With the Immortal Emperor City’s Opportunity Conference around the corner, Lin Ran did not want Qing Zi to fall into a deep sleep.

“Ai! Looks like there’s no way out!”

Lin Ran was helpless as he touched his palm to the Flame Stone that he was most reluctant to use.

Back when he had left the Beast King Domain, the Zhen Yan Fire Lynx had once given himself and Little Nine as well as Li Du a chance.

He had a Flame Stone that contained a powerful strike from the Amazing Fire Lynx, so he would have no problem breaking through the Golden Bell's defences.

Little Nine and Li also had the Astonishing Fire Lynx's original scales, which had extremely strong defensive power.

But that was theirs after all, and it was a bit of a waste to use the scales against the three members of the Leng Clan.

Just as Lin Ran was about to take the Flame Stone out and directly obliterate the three people in front of him.

Suddenly, the golden bell around them wavered.

Following that, the golden light actually began to dissipate away out of thin air.

"Hmm?"

Lin Ran frowned as he watched.

The three elders of the Leng Clan also changed their faces greatly.

The leading elder said angrily.

"Do it quickly, someone has pulled the formation flag!"

As soon as Lin Ran heard this, he knew that his chance had come, and immediately, without any more nonsense, he dashed directly towards the three people with a flash.

“Get lost!”

The leading elder instantly made his move.

However, he was no match for Lin Ran.

In a single glance Ten Thousand Sword Extermination was instantly cast out, directly penetrating the other party’s body.

“You don’t want to live either!”

The elder refused exceptionally and surprisingly chose to explode himself the moment Lin Ran killed him as well.

“Damn it!”

Lin Ran couldn’t help but curse and turn around to retreat.

However the huge explosion still sent him crashing towards the inside of the

“Big brother!”

The other two elders’ eyes instantly turned red as they watched.

“That kid must die!”

“Yes! He must die!”

The two remaining elders had madness in their eyes and immediately didn't care who broke their formation.

They charged straight towards Lin Ran on the ground.

Granny Leng and the leading elder had fallen one after another, causing the anger in their hearts towards Lin Ran to reach an extreme point.

Without a word, the two of them charged towards Lin Ran with one left and one right.

At the same time, their entire bodies were bursting with white light, clearly preparing to directly explode themselves.

"Shit! You're crazy!"

Lin Ran saw the long hold and cursed, turning around and preparing to run.

Although his own strength was strong, he had been blown up twice by Granny Leng and the leading elder before.

If he were to be blown up by these two at this moment, he would have to lose half his life even if he didn't die.

However, he wanted to leave, but the other side obviously did not agree.

Both of them used all their strength to follow Lin Ran like a tarsal body.

This made it very difficult for Lin Ran.

If he turned around and fought at this moment, he would not be able to escape and would definitely be seriously injured.

But if he didn't fight, the result would still be the same if the two men followed him.

Just when Lin Ran was a little helpless, he was ready to accept the fact that he would be seriously injured by the explosion.

Suddenly a white light shot out from the nearby forest around him, instantly enveloping him.

Followed by a voice coming through.

"Don't resist! He can save you!"

Lin Ran was busy looking at his words, and the person who spoke was surprisingly a person dressed in black night clothes.

There was no time to think at this moment, Lin Ran hid within this white light while hurriedly mobilising all of his true qi.

He was ready to resist the two elders' self-destruction.

Wonder Doctor Chapter 2008

"Bastard!"

The two elders were both exceptionally angry at the situation.

But at this point, they could no longer control the self-destruction.

In the end, amidst their anger and reluctance, they heard two loud thuds and the entire mountain was instantly silenced.

Lin Ran hid within the white light and clearly saw that the two meter elder's self-destruct did not break the white light defense at all.

He gathered up his true qi, got up and looked at the black shadowed man not far away, arching his hand.

"Thank you for your friend's help, we'll see you later!"

After saying that Lin Ran was about to leave.

His own mission had been completed, and it was time to meet the Sword Immortal Sect.

And he didn't even know what the origin of this person in front of him was, so he didn't want to get too involved with the other party.

Who knew if there would be something else waiting for him if he saved himself.

"Friend wait!"

The dark shadow man was busy speaking.

"Something wrong?"

Lin Ran looked at the other party warily.

"There's something I want to confirm with you!"

The black shadow man said.

“What is it!”

Lin Ran asked, but no sooner had he finished speaking than the words were spoken.

Suddenly, he felt that another person had actually appeared behind him.

This person was also wearing black night clothes, only his figure was considerably stronger.

“What do you mean by that?”

Lin Ran asked in a cold voice as he looked at the black shadow man.

“My friend, don’t be nervous, that’s my companion! We are a party of two!”

The first black shadow man said as he took out a wooden box and then gently opened it!

The wooden box opened instantly a jade talisman appeared inside the box.

Lin Ran’s face instantly changed when he saw the jade talisman.

Inside the wooden box, a jade talisman the size of a fingernail was lying quietly.

The jade talisman was snow white in colour and very obviously shaped as a flame-shaped symbol.

Lin Ran recognised it at a glance, it was clearly the jade pendant that he had made himself with the nine fish spitting pearls back in the day.

And this jade pendant was no one else’s, it was the one that belonged to Ling Sa.

Lin Ran clearly remembered that back then, Ling Sa liked to wear fiery red clothes, so he had made this fiery red jade pendant and gave it to her.

But he had never expected to meet again, but it would be at a time like this.

“Who are you?”

Lin Ran’s expression did not fluctuate, this was a secret in his heart, naturally he did not want the other party to see it.

“You answer me first, do you recognise this thing!”

The black shadow man spoke.

“On what grounds should I answer you first!”

Lin Ran asked as he looked at the other party.

The black shadow man fell into contemplation at his words and said a moment later.

“Temperance City!”

“Eh?”

Lin Ran’s whole body shook as he listened, Tamagawa City was his hometown!

But how did these two people in front of him know about it.

“Who the hell are you guys!”

Lin Ran's heart was already bubbling with killing intent.

The other party had found him and said this, so he obviously knew his identity.

Could it be that something bad had happened to Ling Sa?

Lin Ran's heart seized up at this moment.

However, the black shadow man suddenly laughed.

"Haha! Haha!"

"What are you laughing at!"

Lin Ran looked at the other party with an even more alert gaze.

However, the black shadow man did not explain at all, and a moment later he became slightly more stable.

Then he actually pulled off the black cloth from his head with one hand.

A cold and familiar face suddenly appeared in front of Lin Ran.

"You.... It's you!"

"Boss! It's me!"

The black shadowed man laughed.

The one who appeared in front of Lin Ran was clearly none other than Leng Zhan.

“Boss there’s me too!”

The black shadow man behind him was also busy saying.

Following that, he also pulled off his own black cloth mask, and a familiar face also appeared, and it was none other than Ah Zhan!

“You guys!”

Lin Ran’s eyes instantly went red as well.

“Boss!”

“Boss!”

Leng Zhan and Ah Zhan’s eyes were also red, and the three of them hugged each other tightly.

This was the most affectionate gesture between men.

“By the way, where are the old cats? Why aren’t they with you guys?”

A few moments later, Lin Ran suddenly asked.

“Boss let’s talk while we walk, this Leng family’s people will probably arrive in a while!”

Leng Chop reminded.

“Right, right!”

Lin Ran nodded his head busily.

In a whirl, the three of them ran towards one side.

And not long after the three of them left, several elders from the Leng Clan also arrived.

“Who the hell did this!”

Seeing the Jing Xin Nunnery that had been razed to the ground.

There was anger in the eyes of the leading Leng family elder.

“Elder! There’s a fate brief here!”

A guard’s voice suddenly came from the side.

The elder was busy looking, and he really found that he was holding a life slip in his hand.

“This is left by the old ancestor!”

When he saw the signature on the destiny brief, the Elder’s face changed.

Only to see that a name was being engraved on the fate slip, and it was clearly Granny Leng!

The elder hurriedly sent a wisp of true qi into the destiny slip.

Then a voice came out, and it was the voice of Granny Leng.

“My descendants must remember not to take revenge! I was born with this calamity, all because of the scourge of the Immortal Emperor dispute back then!”

“Once I die and my grudge is settled, the Leng family is counting on you! Remember not to get involved in this war again!”

“If there is another calamity in the future, remember that avoidance is the true way out!”

There were only a few simple words in the voice, and they seemed to have been prepared by Granny Leng in advance.

However, these few words were full of Granny Leng’s helplessness and her worry for the future of the Leng Family.

“Put this jade slip away!”

The elder handed the jade slip to the guard beside him and admonished.

He then took another look at the mountain and said.

“Restore the Jing Xin An!”

“Yes!”

The guard next to him answered.

Elder Zhang then led his men out of the place.

The Leng Family was only a small family in the end.

Although it had some heritage, it was ultimately weak compared to a large power like the Sword Immortal Sect.

Granny Leng obviously knew this, although she did not know that the hunter behind it came from the Sword Immortal Sect.

However, she was clear that the Leng Family was no match for these people.

If she really had to die, she would have to give up herself to save the whole family.

So this jade slip had been prepared by her when Granny Leng was first assassinated.

But after Lin Ran, and the three of them, Leng Zhan, left, they went straight to the nearest town.

Inside a tavern this was where they stopped.

“Boss this tavern is a stronghold for us, don’t worry!”

Leng Chop laughed, while greeting the junior with a table of good wine and good food.

“Boss I’m so excited, I didn’t expect you to still be alive!”

Ah Zhan said busily.

“Can’t you talk, I knew Boss wouldn’t hang up so easily!”

Leng Chop was busy saying.

“Look at my mouth, how could anything happen to the boss!”

Ah Zhan was busy saying that mouth.

“All right, let’s just see so we don’t need to talk about these useless things, I will also be lucky to take a heart lock pill back then, this is only after a thousand years to resurrect!”

Lin Ran laughed.

“Boss how come your appearance has changed so much!”

Ah Zhan couldn’t help but ask.

“It’s because of a kind of bead, it’s like this when you’re on a mission, and it will change back when you turn back!”

Lin Ran laughed.

The two men smiled and then it dawned on them.

“Boss! Where have you been all these years? We’ve known about it since the last time Roy sent out a message for the Eastern Chess King to look for you in the Eastern Flag Domain!”

“But we haven’t found you after all these years of searching!”

Leng Zhan said.

“You guys knew about me back then? Hey it seems that I’m too nerdy!”

Lin Ran laughed helplessly, he had spent most of his time cultivating at the Sword Immortal Sect, so it was normal for them not to be able to find him.

At that moment, Lin Ran told them about his situation all these years.

Hearing this made the visitor very excited, especially when he heard that Lin Ran had rejoined Li Ba and Wolf Ba.

Wonder Doctor Chapter 2009

After recounting what had happened to him over the past few years, Lin Ran asked.

“You two appeared here, it wouldn’t be because of me, would it? But how did you guys know I was here?”

“Not because of you to be exact!”

Leng Xie scratched his head and laughed.

“Boss, we actually came over this time for Granny Leng!”

Ah Zhan said.

“Granny Leng? What do you mean?”

Lin Ran frowned as he listened, the two of them were also here for Granny Leng?

“Boss, it’s a long story, actually your Sword Immortal Sect’s hunting list was our doing!”

Leng Zhan laughed.

“You guys stirred it up? What the hell is going on?”

Lin Ran was even more bewildered when he heard this, the Sword Ranking Order was clearly the Sword Immortal Sect’s.

How come this hunting list Leng Zhan said that they had made it.

“Just take a look at this and you’ll understand!”

Leng Zhan said as he actually took out a token as well, which was clearly the Sword Immortal Sect’s Sword Ranking Order.

“How come you also have the Sword Ranking Decree? You are also disciples of the Immortal Sword Sect?”

Lin Ran exclaimed in shock, if that was the case, then things would become increasingly complicated.

“We’re not disciples of the Immortal Sword Sect, we only have a cooperative relationship with the Immortal Sword Sect!”

Said Leng Zhan, explaining the matter roughly, and only then did Lin Ran suddenly understand.

It turned out that the Sword Immortal Sect’s Sword Ranking Order was also known as the Hunt List.

And the information that appeared on the Hunt List was actually what Leng Zhan and the others were collecting and collating!

They were responsible for collating the information on the strength of these people and where they were, so that a disciple of the Sword Immortal Sect could then go after them.

“But the Sword Immortal Sect is clearly in East Flag City, under the jurisdiction of the East Chess King, so why would they risk growing up to cooperate with you?”

Lin Ran was still puzzled in his heart.

Leng Zhan smiled at his words but said.

“Because of grudges, do you know who the Sword Immortal Sect’s founding ancestor, Senior Sword Immortal, is?”

Leng Zhan laughed.

“Who?”

Lin Ran shook his head.

“He was one of the disciples of the old Immortal Emperor back then!”

Leng Zhan said.

“A disciple of the old Immortal Emperor?”

Lin Ran was even more surprised as he listened.

“That’s right!”

Leng Zhan nodded his head.

“Although the Old Immortal Emperor is dead, but the thin dead camel is bigger than the horse, many of those who followed the Old Immortal Emperor back then are the ones who survived.

Ninety percent of these people have gone to the Anti-Alliance.

But the remaining ten per cent have either returned to a quiet life or are waiting for their chance to take revenge!

The founder of the Sword Immortal Sect, Elder Sword Immortal, was waiting for his chance to take revenge!

But unfortunately he didn't wait!

The Sword Immortal Sect became an unused flag!

Leng Zhan said and poured Lin Ran a cup of wine before he continued.

“It wasn't until we appeared that we sort of activated the Sword Immortal Sect as a shadowy pawn from scratch!”

“What exactly is going on?”

Lin Ran asked, there were so many questions, even if the Sword Immortal Sect was created by the disciples of the old Immortal Emperor, the new Immortal Emperor had been in charge of the Immortal Emperor Domain for so many years now.

Why would the Sword Immortal Sect risk interfering again?

“It's a long story, I'll tell you slowly!”

Leng Zhan said, then took a sip of wine himself, before saying.

“This matter technically goes back to when we first entered the Immortal Realm!”

It turned out that after the group arrived at the Immortal Realm, Lin Ran died and Li Sheng was killed.

Of the remaining people, Yue Bei Shan chose to leave directly because he had a grudge against Lin Ran back on Earth.

In the end, the only ones left were the four Song Nuan girls, Ling Sa Long Ya and the three brothers Li Ba Wolf Ba Leng Zhan and Pillow Book, as well as Yu Chang.

Yu Chang was a puppet made by the Empty Daoist, and the Pillow Book wanted to bring him into the fold.

But he did not want to get involved in what happened back then, after all, he was made on Earth and honestly had no idea in his heart about the battle for the Immortal Emperor.

If Lin Ran had been around, he might have stayed too.

But once Lin Ran was dead, he had no desire to stay and was ready to leave to travel throughout the Immortal World.

Seeing this, the Pillow Book did not say much, but secretly found Wolf Ba, hoping that he would follow Yu Chang.

Wolf Ba did not understand at the time what this was and what the intention was, and the Pillow Book only said.

“If you follow him, he will have a chance to come back in the future, if not, it may become a scourge!”

“This sentence later we understood what it meant!”

Leng Chop said.

“Scourge?”

Lin Ran frowned, Pillow Book had always been very meticulous in his work, especially when it came to matters concerning the Immortal Emperor.

That was the obsession in his heart.

“That’s right! After Wolf Bastard and Yu Chang left, Pillowside Book had Li Ba as well as us three brothers follow Lin Ran and Long Ya to the Anti-Alliance!”

“Because of the Pillowside Book, so Ling Sa and Long Ya soon became core members of the Anti-Alliance, where all the people were followers of the old Immortal Emperor!”

As soon as they saw the token of the Pillow Book, they knew that their hope had come.

Later, Sister Song Nuan and the four of them went to Immortal Emperor City alone.

This was also arranged by the Pillow Book, in order to plant eyes beside the Immortal Emperor!

“Placing eyes?”

Lin Ran frowned as he listened.

“Nonsense! Didn’t he have any consideration for the safety of Song Nuan and the others?”

Lin Ran was a little angry.

He didn't care if Pillowside wanted to take revenge, but letting the four girls take risks was something that had touched his bottom line.

"Boss, don't be angry yet, Pillow Book said at the time that you would definitely be angry when you found out, so he left a jade talisman for you to see for yourself!"

Leng Xie said and took out a jade talisman with his backhand.

"I'd like to see what this guy has to say!"

Lin Ran snatched the jade talisman and crushed it straight away.

Following this, a wisp of white smoke emerged and instantly coalesced into the form of a pillow book.

"Kid, long time no see!"

The pillow side book looked at Lin Ran with a smile, very happy.

"You're really generous to leave a wisp of soul here waiting for me!"

Lin Ran said in a cold voice.

"Come on, didn't you just let your four women go to Immortal Emperor City! I already knew you would be angry, but you had to wait for me to finish my sentence!"

The pillow said without good humour.

"Say it! If you can't give me a reason to believe me, I'll slap you to death right now!"

Lin Ran said angrily.

Song Nuan and the others were his scales of adversity, and the fact that he had originally arrived in the Immortal Realm with himself because of his ordeal made him feel guilty in his heart.

If something happened in the Immortal Realm, then he would be completely devastated.

“You’re just being concerned!”

“Song Nuan and the four of them are exceptionally gifted, their cultivation qualifications are no worse than yours, and even Su Rou is far above you!”

“Do you still remember that Su Rou is a heaven-destined person with a true qi in her body, and that true qi made her an excellent cultivator directly after she arrived in the Immortal World!”

“In addition, Song Nuan is naturally gifted, and Qin Bing has made similarly rapid progress in the way of alchemy!”

“Although Luo Qiqi has average cultivation qualifications, her business acumen is ahead of its time in the entire Immortal Realm!”

“So, I’ve started to lay out a very big game!”

“As long as we succeed, the current Immortal Emperor will have to be finished too!”

“And then what? The whole Immortal Realm is in chaos? All the people fighting for the Immortal Emperor’s throne and killing each other in a bloodbath?”

“That’s a great move on your part!”

Lin Ran retorted.

“Kid, you’re thinking too simply, things aren’t at all what you think they are!”

The pillow said seriously.

“Do you think that even if the current Immortal Emperor unifies the entire Immortal Realm, the Immortal Realm will be peaceful?”

“Let me tell you, these are only superficial phenomena, after I returned to the Immortal World, I was given a phrase left by the Immortal Emperor!”

“These words are: “If Fulong doesn’t die, the Immortal World will die!”

Wonder Doctor Chapter 2010

It turns out that at the beginning, the Pillow Book just gave his token to the Lingsha and the others for them to go to the Anti-Union.

And at that time, Li Ba was also living in the Anti-Alliance.

But later, a hundred years later, the Pillow Book came back once.

He looked for a place to fight at that time, but it was extremely dangerous inside, and he was not sure he could get out.

So before deciding to enter, there were some things he had to arrange.

So it quietly returned to the Anti-Alliance and met with the then Lord of the Anti-Alliance.

This man was a sworn brother of the Immortal Emperor and was incredibly strong.

“He told me that the Immortal Emperor didn’t care about the Immortal Emperor’s throne back then, and had even offered to surrender it to quell the war!”

“But the subsequent development of the situation was no longer something he could decide at all!”

“Not even the current Immortal Emperor, Fulong, was able to decide!”

“Because the force that Fulong found was too powerful, so powerful that two Immortal Emperors couldn’t even take them to the bottom!”

“What kind of power did he seek out!”

Lin Ran asked, frowning.

“I don’t know, I only know that they call themselves the Divine Shadow Clan!”

“The Divine Shadow Clan?”

Lin Ran frowned as he listened, a race he had never even heard of.

“This Divine Shadow Race had been involved in the struggle for the immortal throne of two Immortal Emperors!”

“It was only when the old Immortal Emperor was eventually born in another country that they gradually left!”

“But according to the Lord of the Anti-Alliance, this Divine Shadow Clan did not want to leave at all at that time!”

“Only later did they choose to leave due to some kind of pressure!”

“But they had been plotting how they could return to the Immortal World!”

“This continent is where they wish to live!”

The Pillow Book said here, his eyes turning a few degrees colder as he said.

“Even for this reason, they have blocked off the entire Immortal Realm, which is now like a prison!”

“You can only enter but not leave! So if you want to go home, you must break through this cage!”

“It’s really because of this that Song Nuan and the girls have decided to go to Immortal Emperor City as eyes and ears!”

“I never forced them!”

“They just wanted to do something that would take you home!”

Lin Ran was silent at his words.

“Even if you say it’s all true, but the old Immortal Emperor has been dead for so many years now, why do you still want them to get involved in this matter back then!”

“Couldn’t the Anti-Alliance deal with Immortal Emperors?”

Lin Ran asked rhetorically.

The Pillow Book smiled at his words but smiled and said.

“Kid, you think too simply, do you think that being an Immortal Emperor will really allow you to look out of the world?”

“It’s not for no reason why Voltron hasn’t moved for so many years!”

“You he may look free and easy, but he’s not at liberty to do anything about it now!”

“The Immortal World nowadays is just the last glimpse of calm before the storm!”

“After so many years of development, the Divine Shadow Clan is already gradually grasping the rules of how the entire Immortal Realm operates, and they will soon adapt to the Immortal Realm!”

“And when that time comes, even Immortal Emperor Fulong won’t be able to stop them at all!”

“Therefore, Voltron simply does not dare to go to war with the Beast King Domain and the Anti-Alliance before he is absolutely certain!”

“Because once the war starts, the Divine Shadow Clan will definitely take advantage of the situation!”

“But you should also know that the Immortal Emperor is, after all, an Immortal Emperor, and there’s no way he’ll let someone else take his place!”

“That’s how selfish people are!”

“The Immortal Emperor is also seeking to be able to unify the Immortal Realm as soon as possible so that he can deal with the Divine Shadow Clan with all his might!”

“But the Anti-Alliance and the Beast King Domain won’t be willing to be controlled by Voltron, so this matter is intricate and complicated is not at all as simple as it seems on the surface to you!”

Lin Ran said as he listened with a pounding head.

“I don’t care about the Divine Shadow Clan or the Immortal Emperor Voltron, I just know that absolutely nothing must happen to Song Nuan and the girls!”

Lin Ran said.

“Don’t worry, the four of them are already very strong nowadays, there’s absolutely no problem as long as they’re careful!”

The pillow said.

“Alright, this wisp of my soul is almost about to disperse, I’m still happy to see you resurrected!”

“Don’t be a fucking meathead, where is your original body!”

Lin Ran asked after him.

“The main body? I haven’t been able to sense him for many years, he’s probably dead or still alive and trapped somewhere!”

“Kid, if it’s fate we’ll meet again, if not then you can find a place to live in this immortal world!”

The pillow said as his body had started to become unreal.

“Cao! Who the hell is going to live in this place, I’m going home sooner or later!”

Lin Ran said in no good humour.

“Haha! You’ll have to work hard then!”

The pillow said as his figure had completely dissipated away.

The shock in Lin Ran's heart could not be calmed for a long time.

He poured several mouthfuls of mulled wine before he gradually accepted the reality.

"Who are the people on the hunting list?"

Lin Ran suddenly asked.

"They're all people who betrayed the old Immortal Emperor back then!"

Leng Zhan said.

Lin Ran nodded without saying more.

Like Yu Chang, he had little interest in the battle between the Old Immortal Emperor and the New Immortal Emperor.

It was also fortunate that the missions he had taken on were basically all people who were ten evils, if they were good people instead, he wouldn't have bothered to kill them!

As for the feud for the Immortal Emperor, he hadn't participated in it either, so he could only help if he could with Pillow Book's obsession!

If he couldn't help himself, there was nothing he could do.

"Boss, come with us to the Anti-Alliance!"

Leng Chop suddenly spoke up and persuaded.

“Yes boss, there must be something wrong with the chance meeting that Immortal Emperor City has put up this time, it’s better to go with us to the Anti-Alliance!”

Ah Zhan was also busy persuading.

“Go to the Anti-Alliance? I’d like to go, but what about Su Rou!”

Lin Ran had helplessness in his eyes.

Leng Zhan and Ah Zhan were both silent, they also knew that Su Rou was trapped in the Thousand Machine Tower, but that place was heavily guarded, and the Thousand Machine Tower was even an Immortal Emperor’s One Sword Magic Weapon.

Trying to break in and rescue her was almost impossible to succeed at all!

“I can’t go to the Anti-Alliance yet, I must go to this trip to the Immortal Emperor City’s Opportunity Conference!”

Lin Ran said while pouring in a mouthful of mulled wine.

The two men, Leng Zhan, knew Lin Ran’s nature so they stopped persuading him.

“Boss, we’ll go with you when the time comes!”

Leng Chop said.

“No need, I’ll go alone!”

Lin Ran said.

“Why?”

Leng Chop asked.

“I’m going to be an eye candy too, I can’t let the four of them suffer this alone!”

Lin Ran said.

“But we’ll be there too, Lin Ran and Long Ya have taken on a disciple called Ling Long who will also be attending this chance meeting! Old Cat is already on his way to bring her here!”

Leng Chop said.

“Linglong? I remember, when the time comes, you guys will go to Immortal Emperor City alone!”

Lin Ran said.

“Alright then!”

Leng Zhan saw Lin Ran’s insistence and said no more.

All three of them fell silent, and after a few moments Lin Ran opened his mouth and asked.

“Where’s Wang Yifeng? Where did he go?”

Leng Xuan was stunned at his words and said.

“I don’t know! The Pillow Book looked for him alone, and then he left with Xiao Cui!”

“No one knows where he went!”

“This Pillow Book, I’m afraid he’s said something to that dead fatty again!”

Lin Ran was helpless, a good group of people were now scattered across the entire Immortal World Continent.

Yu Chang didn’t know where he was travelling, and Wang Yifeng and Xiao Cui also seemed to have evaporated into thin air.

But the good thing was that he had already identified the location of most of them.

Once he found the four Song Nuan girls, he would take them out of Immortal Emperor City and then try to find Yu Chang and the dead fatty!

Lin Ran calculated in his mind.

As for Yue Bei Shan, Lin Ran didn’t even bother to look for him, this kid was not badly gifted, and he thought that he should be able to get along in the Immortal Realm.

It would be good to settle the grudge between himself and him!
