

Chapter 2007: I'm Lucky

Moe laughed so hard in Jiang Yao's pocket that he almost suffocated. "Stupid woman, how could you fall for such a stupid trick?"

"Damn kid!"

Jiang Yao was so angry that she gritted her teeth. Then, she stretched out her hand and squeezed Moe in her pocket. After that, she walked in the direction of the snack bar as if she wanted to buy something.

Many people were sitting in the snack shop. They had taken their dinner early and were chatting in the shade. Many people would spend a few minutes talking to others when they went there to buy something. It was not surprising when they saw Jiang Yao. They quickly shut their mouths. Some looked at Jiang Yao's face, and some looked at Jiang Yao's belly. However, no one dared make eye contact with her.

"Mrs. Lu, what are you here to buy again?"

The old woman from the snack shop quickly greeted her.

"I forgot to buy salt just now. Give me two packets of salt." Jiang Yao took some change and handed them to her. She asked, "What were you guys talking about just now? You seemed to be chatting happily."

The old woman did not say anything, but one of the ladies there said, "Just some family matters. Our lives are tough. We're not like you, who married a good man like Colonel Lu. He works hard daily and even has the time to cook you dinner when he's home. I heard that he even washes your clothes. You must have a lucky life, like a princess from ancient times."

"Yeah, I'm lucky. I married a husband who dotes on me. He's worried that I'm exhausted because I'm pregnant, and I still have to attend classes." Jiang Yao did not feel like they were mocking her. However, the people there were so angry when they heard her words that they almost died.

After the old woman handed her the salt, she walked away with a smile. Jiang Yao did not walk very fast. She was there to take a walk, so she was strolling around.

The people sitting at the snack shop were envious of her. They thought she behaved like a young miss from a wealthy family.

The lady who spoke to her then said, "A lazy woman like her would never be able to get married in our lifetime. She's still showing off. As a woman, she doesn't do anything. What does she have to show off?"

"That's right. I've never seen a man wash clothes, cook food, and serve a woman. She still feels proud to say that! When I was pregnant with the two boys, I was still working until my due date arrived. Which other woman would be as delicate as she?"

"What's the point of being arrogant when you're pregnant with a b*stard child?"

Hey, do you guys think Colonel Lu knows about that?"

"He probably doesn't know, right? If he knew, would he be able to stand it?"

...

She's pregnant with an illegitimate b*stard child. Would Colonel Lu forgive her if he knew about it?"

"Don't be so vicious. Jiang Yao was a kidnapped victim. She was defiled, so she was also a victim. Be careful, don't spout nonsense in front of her. It's not easy for a girl like her to be kidnapped, defiled by the kidnapers, and then get pregnant with the kidnapper's child. She's also suffering. Whether Colonel Lu knows it or not, don't gossip in front of him."

A rather kind-looking woman sighed and interrupted the lady. "Just think about how much the army and the city caused a ruckus when she was kidnapped. Then, you should be able to know just how much Colonel Lu loves her.."

Chapter 2008: I'm Angry

"Besides, it's their business who cooks and washes the clothes. Why do you care so much? The women in the city usually make classy wives. She's a graduate student, and she'll get a good job in the future. Now that she's pregnant, it's normal for Colonel Lu to dote on her. "

"That's easy for you to say. If your daughter-in-law were to let your son do the laundry and cook, would you be sitting here with your feet up and saying these nice things?" The lady who first spoke to Jiang Yao retorted to the old woman.

"Of course, I won't allow my son to pamper his wife like that, but Colonel Lu and Jiang Yao aren't my son and daughters-in-law, nor are they your son and daughters-in-law. Colonel Lu's mother did not say anything, so why do you care so much? Aren't you just gossiping about her?"

The old woman was a little angry, so her words were not pleasant. However, she was older, so the young woman did not dare to scold her.

Even though Jiang Yao had gone far away, she heard every word of the conversation at the snack shop.

She almost fainted from anger when she reached the door to her house. Support our FreeWebNovel.com

Lu Xingzhi had finished cooking, but Jiang Yao was not at home. Then, he remembered that she had gone out for a walk and that she wanted him to call her when it was time to eat.

He took off his apron and walked to the yard. He did not expect to see Jiang Yao sitting on a small wooden stool in the yard.

Her back was toward him, and she bent down as if she was playing with the grass by her feet. The setting sun shone on her body, but she looked like she was in a bad mood.

"It's time to eat," Lu Xingzhi said as he approached her.

Jiang Yao sat there without moving.

He took a few more steps and walked toward her. He crouched as he looked at her. He realized that Jiang Yao was unhappy. Her face was sullen, and her eyes seemed a little red.

Jiang Yao was not a crybaby. It was rare to see her in such a mood.

He did not know what was wrong with her. She was in a bad mood and did not tell him. She was sitting alone in the courtyard, angry. Lu Xingzhi felt sorry for her.

“What’s wrong? Who made you angry?” Lu Xingzhi touched Jiang Yao’s face gently.

...

Only then did Jiang Yao react. She raised her head and looked at Lu Xingzhi. She stomped her feet angrily. “I’m going to die of anger! Also, have you washed your hands? Don’t touch my face with your greasy hands. It will damage my skin!”

She could still remember asking him if he had washed his hands, which meant she had not died from anger.

Although she was in a bad mood, it was not bad enough to make Lu Xingzhi panic.

“I’ve washed them.”

Lu Xingzhi put his hands in front of Jiang Yao’s nose. His hands smelled of soap and lavender. “Didn’t you say you were going out for a walk? Why are you sulking here alone?”

After taking a closer look, he saw two salt packets on her knees. “Where did you get it?”

“I bought them.”

Jiang Yao threw the salt at Lu Xingzhi and said, “I’ve felt that there’s something

wrong with how the soldiers look at me these past few days. They were pointing at me discreetly.. I thought I was overthinking it, but I didn’t expect them to talk about my baby and me behind my back!”
