

## Chapter 2011: The Ways To Spoil Someone

It seemed like her bad mood had passed.

“Why do you suddenly want to eat melon seeds? Are you still angry?” Lu Xingzhi walked over and poured the melon seeds onto the table. Then, he sat beside Jiang Yao and peeled the melon seeds for her.

“Just feel like eating it,” Jiang Yao responded. Then, she diverted some of her attention from her phone to look at Lu Xingzhi before she turned back to watch Moe’s game. When she saw that Moe’s game was over, she hurriedly took the phone. She said excitedly, “It’s my turn now. Watch carefully. I’ll let you see what it means to have hand and eye coordination with speedy reflexes. With your ability, you’ll be stuck on level three.”

Moe was so angry that he was about to die. However, he was stuck on level three, indeed. Therefore, he was at a disadvantage if he took turns playing with Jiang Yao.

She had nimble human hands; she was always bullying Moe.

He wagged his tail and jumped onto the coffee table to peel the melon seeds and eat them. Once Jiang Yao took over, the game would not end until she played for more than ten minutes.

Moe looked at the peeled melon seeds on the side. He stretched his claws to take some of the peeled seeds when he saw something. He looked at the man sheepishly and obediently withdrew his claws.

Moe looked enviously at Jiang Yao, who was playing the game seriously and did not even look at Lu Xingzhi, peeling the melon seeds. He thought, ‘How could this woman have such a good life? She even found a man patient enough to peel the melon seeds for her and watch her play the game.’

Jiang Yao played the game for a full 20 minutes before it ended. The game’s difficulty had increased, and she could not keep up with it. Finally, it was game over for her.

When Moe heard that, he immediately jumped back onto her shoulder and took her phone to play the game.

Jiang Yao rubbed her shoulders and neck, which had not moved for 20 minutes, then moved to sit beside Lu Xingzhi. When she saw the pile of melon seeds on the table, she smiled at him.

“I’m touched by your kindness.”

Jiang Yao cupped Lu Xingzhi’s face and leaned forward to reward him with a kiss. Then, she smiled and swept all the melon seeds into her palm before stuffing them into her mouth. She was so satisfied!

“If those gossip women knew that you were peeling melon seeds for me, they would be so jealous that their eyeballs would fall out.”

Jiang Yao snorted angrily, “That auntie was right. Our parents didn’t say that it was wrong for you to spoil me. Who are they to be bossing me around?”

“When Mom was pregnant with my sister, they didn’t have much money.” Lu Xingzhi laughed. “Dad tried his best to buy Mom the things she wanted to eat. During the New Year, the family bought some

new items. Mom wanted to eat melon seeds, but she had a toothache at the time and didn't dare eat them. Mom nagged at Dad before she went to bed. In the end, Dad spent the whole night peeling a big bowl of melon seeds for her. When Mom woke up the following day, she immediately cried when she saw the bowl by her bedside. Mom said it was the most meaningful New Year's gift that Dad had given her." Jiang Yao was speechless. "Dad must have taken the whole night to do that.."

...

#### Chapter 2012: It Must Have Something To Do With Her

"Yes, he peeled the whole bag of melon seeds the whole night. Second Uncle Lu was dumbfounded when he saw that in the morning." Mrs. Lu had told that incident to her two children when they were growing up. It was a very warm story that made everyone feel touched when they heard it.

While they were chatting, Jiang Yao forgot to play the game. Moe took Jiang Yao and hid in the study. Moe thought that Jiang Yao would forget about the game if she did not see her phone. Moe also wanted to win favor with Lu Xingzhi. So, it was a good thing for him.

It was Sunday the next day. Jiang Yao was still not asleep when it was already 10 P.M. Lu Xingzhi thought she could sleep the next day, so he did not rush her.

The two of them sat on the sofa and read the parenting books. Lu Xingzhi wrapped a blanket around Jiang Yao's legs because he was scared she would be cold.

Lu Xingzhi's phone rang just as the two of them discussed who would be the bad cop in the future.

"Colonel, it's bad! Xiao Shan is fighting with someone! He is so aggressive that even I can't stop him!" Zhou Junmin sounded a little anxious. "We are at the edge of the basketball court. You will see us when you come to the basketball court!" Support our FreeWebNovel.com

Jiang Yao and Lu Xingzhi were close to each other, so she could hear everything clearly on the phone.

"I'll go out for a while. Wait at home." Lu Xingzhi put down his book and rushed out the door.

Jiang Yao held the blanket in her hands and was stunned for a few seconds. Then, she called out to Moe. "Let's go take a look. I feel like that matter has something to do with me."

Jiang Yao was right. That matter had everything to do with her.

When Xiao Shan passed by, he happened to see two people smoking. They were smoking and chatting. They were talking about Jiang Yao. Xiao Shan had a bad temper, so he went to question them. He did not expect the two of them to have such foul mouths, and then they started fighting. Zhou Junmin said, "Look at Xiao Shan. He hit them really hard. That kid is pretty capable. Two against one, and he didn't suffer much. He also hit whoever tried to pull him away."

Zhou Junmin took a punch in the face. He had no choice but to call Lu Xingzhi.

Xiao Shan could not hit Lu Xingzhi.

Lu Xingzhi realized that Xiao Shan was not losing the fight, so he stood at the side and watched them. However, he rushed forward when it looked like Xiao Shan was losing. He only needed a few moves to stop the fight.

“Xiao Shan, your stamina isn’t good enough. You’ll need to improve your physical training tomorrow!” Lu Xingzhi shouted at Xiao Shan. “With your weak stamina, you’ll only embarrass our group during the skills competition!”

Xiao Shan choked. He was about to explain that it was not a fair fight, but after a second thought, he immediately agreed. “Yes, Colonel!”

...

No one said he was fighting. Colonel Lu mentioned that they were only sparring. He even gave him pointers when he realized that there was something wrong with Xiao Shan’s physical strength.

“Xiao Shan attacked us first.”

“This matter is not over!” The two men shouted at Xiao Shan.

After all, Xiao Shan was an elite selected through several selection processes. He was better than those new soldiers who had only joined the army for less than two years..
