

Wonder Doctor Chapter 2011

“Boss, so what are you going to do next?”

Leng Chop asked.

“Go back to the Sword Immortal Sect, then set off for Immortal Emperor City!”

Lin Ran said.

There was still a month to go before the Opportunity Conference in Immortal Emperor City, so there was plenty of time.

“Alright, is it true that we don’t need to follow?”

Leng Zhan asked.

“No, let’s leave it at that, we’ll always see each other in the future!”

Lin Ran got up and said.

“Say hello to the old cat for me! By the way tell Long Ya and Ling Sa not to come looking for me!”

“Their identities in the Anti-Alliance are too obvious, if they come to Immortal Emperor City without permission they will probably be targeted!”

“Mhmm!”

Leng Zhan nodded.

Without further ado, Lin Ran got up and clinked a glass with each of the two again before turning around and leaving the tavern.

“Boss.... Just leave like that!”

Ah Zhan sighed helplessly when he saw it.

Lin Ran, who was so easy to find, but now it turned out to be 。。。。

“It can’t be helped, the boss has his own choices, he’s different from us, he has too many things to think about!”

Leng Zhan said and patted Ah Zhan’s shoulder.

“Let’s go, it’s time for us to move to pick up Old Cat!”

“Mmm!”

Ah Zhan nodded, and then the two of them also left the tavern.

...

But Lin Ran, after leaving the tavern, hurried all the way back towards East Flag City.

On the way, Lin Ran’s head hurt the more he thought about the words left behind in the pillow book.

He had never thought that the grudge would be so deep.

He didn't think about it and didn't bother to think about it anymore.

After two days of rushing, he finally returned to East Flag City.

At this time, the entire East Flag City was swarming with people, and many young talents were gathered in front of the teleportation array.

Lin Ran was also genuinely shocked when he came out.

Looking at these people, it was obvious that they were preparing to go to the Immortal Emperor City to participate in the Opportunity Conference!

Lin Ran shook his head helplessly at the sight, and then went straight back to the Sword Immortal Sect.

There were also far fewer disciples than usual within the Sword Immortal Sect.

Lin Ran also did not see the figure of the Immortal Swordsman, but as he was in a hurry to exchange the Art of Immortality, he did not stop and went straight to the auction hall.

As soon as he arrived at the auction house, Lin Ran saw a familiar figure standing at the entrance.

It was none other than his own master, Tian Xuanzi.

“Back?”

Tianxuanzi asked with a smile.

“Mm!”

Lin Ran nodded his head.

“Let’s go!”

Tianxuanzi greeted, and immediately the two of them went upstairs together as they did so.

Soon the two arrived at the floor where the Art of Undying was placed.

There wasn’t a single person here at the moment apart from the two of them, so one would think that either they were still out on a mission and hadn’t returned.

Either that or they had already left for Immortal Emperor City.

“Many people have already started preparing to leave!”

“What about you?”

Tianxuanzi asked.

Lin Ran said as he turned in his points for the Art of Undying.

“I’m ready to go as well, so after I get the Art of Undying, I’ll repair for two days and then set off!”

Lin Ran said.

“Hmm! Before you leave, Master wants to give you a word of advice! The entire Immortal Realm Continent is teeming with talent, and young talents are even more numerous!”

“Don’t take this competition for the chance of the Immortal Emperor City too seriously, the way of cultivation is the future, keep your mind at ease to go farther!”

“I will remember that!”

Lin Ran nodded his head.

“Alright, there is nothing more Master can say, there is still plenty of time, you can continue to wander around the Sword Immortal Sect!”

Tianxuanzi said, and then left alone.

Lin Ran wasn't in a hurry to leave, the upper three floors of this auction house were not generally accessible to people.

Moreover, Lin Ran couldn't take this Art of Undying with him, so he simply found a place and started looking through it.

Lin Ran sat down on a table at the side and quickly looked at it.

There were a total of three layers in the Art of Undying!

If you followed the instructions, you could prepare all the ingredients at once.

If you can prepare all the ingredients in one go, you can complete it in one go.

After you have practiced it, you can divide into one doppelganger.

The two doppelgangers are all by themselves, with no distinction between primary and secondary.

If one dies, the other will still be alive!

And then, as long as one finds enough materials, one can continue to form a doppelganger.

“This technique of indestructibility is really powerful, if that’s the case, wouldn’t it be true that if you hide a doppelganger you’ll be eternally indestructible!”

Lin Ran said to himself in his heart.

However, the sentence that immediately followed made him dumbfounded.

“The so-called art of imperishability has all sorts of variations, so remember not to take any risks in front of practitioners of the causal reincarnation path!”

“Karma Reincarnation can follow your karma and exterminate all your doppelgangers!”

“What a terrifying power!”

Lin Ran muttered to himself in his heart.

It seemed that this Art of Undying wasn’t really invincible, if it came across a great power of the Cause and Effect line, it would still kill him instantly!

“Forget about it for now, let’s see how to cultivate it first!”

Lin Ran was still excited in his heart, practitioners of the Cause and Effect Course were still a minority after all.

So, as long as one was careful then one was almost invincible.

There were a total of three steps in the entire Technique of Immortality.

The first step required one's divine sense to reach the Heavenly Realm.

The so-called Heavenly Realm is actually after the Extreme Dao Realm.

When a cultivator's strength reached the Extreme Dao Realm, the strength of their divine sense would also increase to the Heaven Realm, which was the minimum cultivation standard.

"I'm only in the middle of the Third Dao Realm, and I vaguely want to break through to the peak, this first step is just short!"

Lin Ran helplessly continued to look back.

The second step required finding the Water of Rebirth!

This Water of Rebirth was very precious, and was also fundamental to the cultivation of the split flesh body.

The Water of Rebirth should be available at the Luo Ran Trading Firm, Lin Ran calculated in his mind.

It seemed that he had heard of this item at the last East Flag City auction.

It seemed to have sold for a sky-high price in the end.

As for the last step, the third step was to find a hidden spirit fruit.

This hidden spirit fruit was even more precious than the water of rebirth.

It contains an unconscious soul within the period, and one only needs to inject one's divine sense into it to nurture it on its own and eventually achieve a doppelganger.

“No wonder Master said that no one had practiced it, the Water of Rebirth alone was so hard to find, let alone the Hidden Spirit Fruit!”

Lin Ran sighed helplessly, it was also difficult for him to practice this technique of indestructibility.

But there was nothing he could do, since he had already chosen it, he could only search for it slowly.

After reading it and writing down the method, Lin Ran got up and prepared to put the Art of Indestructibility back.

However, just as he was about to leave after putting the Art of Indestructibility back.

Suddenly, an object on a pillar next to him was the one that attracted him.

“Last time I came here, it seemed to be empty!”

Lin Ran frowned and was busy walking over.

He soon saw that the object was actually a clump of what seemed to be metal-like.

It was snow white, the size of a volleyball, and had this white pattern on it, as if it was a beautiful snowflake of ice crystals.

“Ice Xuan Iron?”

Seeing the name of this item, Lin Ran instantly smiled.

He was worried that the Frost Condensation Sword couldn't be repaired, but he had found the Ice Xuan Iron right here.

Using this item to repair the Frost Condensation Sword couldn't be any better!

But when Lin Ran took a look at the exchange points, he was immediately dumbfounded.

A full 80,000 points!

“Holy shit! There's only less than a month left, where am I going to get these 80,000 points!”

Lin Ran's face instantly turned black.

Wonder Doctor Chapter 2012

Looking at the Ice Xuan Iron in front of him, Lin Ran was at a loss.

It would have been fine if he hadn't seen this Ice Xuan Iron, but the key was that he had stumbled upon it.

This made him feel very uncomfortable.

Ever since he arrived in the Immortal Realm, he had not been able to find a suitable opportunity to repair his Frost Condensation Sword.

Now that the Opportunity Conference in Immortal Emperor City was about to begin, it was just the right time to bang on this Ice Xuan Iron.

To be honest, Lin Ran wanted to have the Frost Condensation Sword repaired.

But these 80,000 points.

“Damn it! I can't I take a chance too? Turn a bike into a motorbike?”

Lin Ran thought and opened the Sword Ranking Order.

He clearly remembered that the top ranking people in the Sword Ranking Order had very high points.

Sure enough, after this look, Lin Ran's heart fluttered.

“First place: Black Wind Valley Black Sky! Strength one hundred and eighty thousand realms! One hundred thousand reward points!”

“Second place: Frozen City Heavenly Poisoness! Peak Strength Extreme Dao Realm! Eighty thousand reward points!”

“Third place ”

Looking at the rankings in front of him, Lin Ran couldn't help but gulp.

It was true that the higher the ranking, the more points there were.

The third place gave only seventy thousand points, one didn't have too much time, and there was no need to complete two missions.

After thinking about it, Lin Ran's gaze fell on this Frozen City Heavenly Poisoness who was ranked second.

The peak of the Extreme Dao Realm of Strength, a big difference of one realm from me!

Lin Ran calculated in his mind.

Nowadays, he was only in the middle of the Third Dao Realm and was vaguely looking to break through.

This Heavenly Poisoness, on the other hand, was at the peak of the Extreme Dao Realm.

If he wanted to take her down with himself, I was afraid that it wouldn't be easy.

However, looking at the Ice Xuan Iron in front of him, Lin Ran still took it with a grit of his teeth.

For the sake of this chance meeting in Immortal Emperor City, Lin Ran still decided to go for it.

A good weapon could be a great upgrade.

Thinking of this Lin Ran did not delay, and after accepting the mission he left the Sword Immortal Sect directly and headed straight for the Feng Family Formation.

On top of the pavilion, Tian Xuanzi was sitting in front of a bar, while in front of him stood Elder Leng Chen!

“Sect Master, it seems that he has taken another mission out!”

Elder Leng Chen said busily.

“O?”

Tian Xuanzi heard this and was busy recycling and opened the Sword Ranking Order, and upon taking a look he couldn't help but be stunned.

“This kid, how did he take up the second Heavenly Poison Girl's mission!”

“Sect Master, do you want me to go and chase him back? The Heavenly Poisoness is an existence at the peak of the Extreme Dao Realm!”

Elder Leng Chen was busy saying.

“No need!”

Tian Xuanzi shook his head.

“You know this kid’s temperament, if he’s not sure he looks afraid he won’t take on such a mission!”

“I think he should have seen something else in the auction house!”

“How about this, you go and lock up all the 80,000 items, and if any other disciples want to ask, just wait for a month for now!”

“Wait for Lin Ran to come back and see what he really needs!”

“Good!”

Leng Chen Zhang Lao nodded his head.

Items worth eighty thousand points wouldn’t normally be affordable for anyone to exchange, such as the Art of Undying.

It had taken Lin Ran almost three months to complete it, constantly taking on missions.

A month to exchange items worth eighty thousand, and it coincided with the opening of the Immortal Emperor City’s Opportunity Conference.

So there weren’t many people who actually came to exchange, I’m afraid.

...

Lin Ran, after leaving the Sword Immortal Sect, went straight to the Wind Family Formation without stopping.

Since time was of the essence and the Heavenly Poisoness was extremely powerful, Lin Ran naturally had to bring some helpers with him this time.

If he couldn't take down the Heavenly Poisoness in a short time, he wouldn't mind being a hands-off person for once.

It would be foolish not to use a powerful follower.

Previously, Lin Ran had not brought Wolf Ba and the others with him in order to hone his skills.

But this time, the mission was different and the time frame was only one month, so he decided to bring two helpers just to be on the safe side.

After arriving at the Feng family, Lin Ran directly explained his intentions.

Naturally, Li Ba and Wolf Ba both wanted to go with him, and even Feng Sui said he wanted to go too.

But in the end, Lin Ran chose to bring only Wolf Ba with him.

Although Li Ba's strength was also at the peak of the Extreme Dao Realm.

Although Li Ba's strength was at the peak of the Extreme Dao Realm, he was only as strong as the Heavenly Poisoness.

But honestly, it was not necessary.

The main thing he was after this time was a quick victory.

A month's time would only be half a month.

After all, he still has to come back to exchange the Ice Xuan Iron and then find someone to repair his Frost Condensation Sword.

All of these would take time.

“Just stay at the Feng Clan and cultivate well, we'll move up to Immortal Emperor City in a month!”

Before leaving, Lin Ran admonished Li Bajie.

Only then did Li Bach have to stay behind while he and Feng Zheng prepared for their trip to Immortal Emperor City.

...

Frozen City, said to be a town, was actually a relatively large fortress.

Because this place was also just a bit larger in size, there were very few real residents.

The specific reason for this was naturally that the town's owner was none other than the Heavenly Poisoness.

This Heavenly Poisoness was brutal by nature, and according to the information given in the Sword List Order.

According to the information given in the Sword List Order, this Heavenly Poisoness had a rather miserable experience when she was a child, which caused her personality to be somewhat distorted.

Later on, she was attacked by poison and rose to power.

A few decades ago, she took over the present town, which was later covered in ice and snow.

So it also became the Frozen City.

Three days later, Lin Ran arrived here with Wolf Ba as well as Li.

As soon as he entered the boundaries of the Frozen City, Lin Ran was stunned.

The entire Frozen City was covered in snow as far as the eye could see.

Even the tree branches were covered in thick snow.

Beneath the snow was a very thick layer of ice crystals.

The trees around the entire Frozen City were almost all frozen into ice sculptures.

“This place, how can anyone live in it!”

Lin Ran was speechless.

It was freezing cold, so one could say that no birds could shit.

And it was also a town controlled by the Heavenly Poisoness, so how there were still people living here, he really couldn't understand.

Frozen City was not heavily guarded, and Lin Ran quickly entered the town.

It was only once he entered that it suddenly dawned on him why the entire Frozen City was still inhabited.

All he could see was that within the Frozen City, there were shops selling ice crystal materials everywhere.

It was surprising that the people here all made their living by selling ice crystal materials.

Ice crystal materials were considered a very rare material.

Whether it was for refining pills, refining magic weapons or cultivating a certain ice attribute technique, they were all used.

And with such huge profits, there were naturally people willing to take the risk.

After all, even if the Heavenly Poisoness was cruel, she would not really kill the entire town.

If Frozen City became an empty city, then who would she, the Heavenly Poisoness, have to enslave!

Lin Ran had wandered around the Frozen City for half a day, but he found that there was no way to blend into the palace where the Heavenly Poisoness was.

The entire palace was heavily guarded, and the Heavenly Poisoness would not come out at all.

In the end, Lin Ran had no choice but to buy a copy of the structure of Frozen City, and then sat in the tavern for a day.

Success was not to be missed, finally! After Lin Ran had sat in the tavern for a day.

From the mouth of an old man who was hunting, Lin Ran learnt a piece of news.

This old man had been poured a lot of wine by Lin Ran and was dizzy from drinking and said.

“Old man I used to see the back garden of Frozen City when I was hunting in the mountains.”

“I’m telling you, no one even knows about that place!”

“I also stumbled upon it by chance, and boy do I tell you secretly, that time the old man even found the Heavenly Poisoness bathing in the back garden!”

“That posture made the old man giddy for three days!

Wonder Doctor Chapter 2013

“Master, then you are really blessed with good eyes! But next time it’s better to look less, beware of eye poisoning!”

Lin Ran smiled and settled the bill, then left the tavern as he did so.

Peeking at the Heavenly Poison Lady bathing, this grand master was also talented, he really wasn’t afraid of poisoning his eyes.

Lin Ran found a random inn in the Frozen City and rested for the night, then early the next morning, he directly set off for the back mountain.

According to what this grand master said, on a cliff in the back mountain, the back palace of Frozen City could be clearly seen.

The palace where this Heavenly Poisoness was located had two main parts.

The first part was the front hall of the palace, which was embedded in the Frozen City.

The back palace, on the other hand, is built on a mountain, which is very steep on the back palace.

And it is difficult to climb because it is covered with snow all year round, so no one dares to go there at all.

Even if there were cultivators who could go there, the whole palace is shrouded by formations.

So it was almost impossible to get in unnoticed!

Lin Ran wasn't in a hurry, the first priority was to be able to meet the Heavenly Poisoness first.

With Wolf Ba's strength of 108,000 realms, as long as he could meet the real owner, taking her down was definitely not a problem.

So the most important thing was to be able to blend into this Heavenly Poisoness's palace first.

Coming to the back of the mountain, Lin Ran wandered around for a full morning.

Finally, in the afternoon, he found the place that the hunting old man had mentioned.

It was a relatively secluded cliff.

It was surrounded by large frozen trees.

Only after passing through this big tree did Lin Ran see a prominent jumping platform in front of him.

At this moment, when he was lying on the jumping platform, he could just overlook the back garden of the palace below.

The entire back garden was barely different from the Frozen City.

A winding wall cut off the back garden from the back hill.

In the back garden, various ice sculptures of trees are prominent.

And right in the middle of these ice carved trees, a turquoise pool was shimmering.

“How come this pool of water doesn’t freeze!”

Lin Ran was puzzled in his heart.

With the freezing weather, the water in this pool should have frozen long ago.

How come this pool of water didn’t look as if it had any intention of freezing at all.

Even soon Lin Ran saw that there were several people who looked like maids walking over from afar.

Each of them held items in their hands, including fruit and wine and even a tiger skin blanket.

These people respectfully set the items down by the pool and then retreated to the side.

Lin Ran looked a little puzzled as to what these people were up to!

But soon, he understood.

He only saw a woman clad in black robes slowly walking over.

Her entire body was shrouded in black robes, giving off a mysterious feeling.

“The Heavenly Poisoness?”

Lin Ran recognised her at a glance.

He saw the Heavenly Poisoness slowly arrive at the pool of water before raising both arms.

The maids beside her skillfully took off the black robe she was wearing.

A few moments later the entire Heavenly Poisoness had jumped into the pool of water.

Lin Ran couldn't help but gag as he watched.

“Holy shit! What that old man said was actually true, damn myself for actually peeking at this guy's bath!”

Lin Ran was somewhat speechless.

Although the Heavenly Poisoness was very powerful, she was still not bad as far as her body was concerned.

And her skin was quite white!

“Cao!”

Lin Ran couldn't help but curse, he was fucking here to kill, not to peek at a beautiful woman's bath!

Thinking of this, Lin Ran retreated straight back.

He followed the path he had come from to find the closest place to the fence, and then touched it.

Only when he was still a dozen meters away from the fence, he suddenly stopped.

It was because he saw and felt the fluctuations of the formation.

Lin Ran quickly hid to the side and began to familiarise himself with what kind of formation it was.

However, he soon realised that the formation was actually made up of multiple formations stacked on top of each other.

Although he knew some of these formations, more of them were unknown to even him.

Trying to break them one by one was almost impossible.

"This is trouble! How do I get in!"

Lin Ran was in a bit of a quandary.

He had found the Heavenly Poisoness, but this place was full of formations, so it wasn't really easy to enter it without alerting the other party.

"Boss, I have an idea!"

Suddenly Wolf Ba's voice came over.

"Speak!"

Lin Ran said busily.

"Boss, although there are many formations in this place, the strongest one is the Heavenly Poisoness, I am a hundred thousand eight hundred thousand realms strong, I can definitely break through this formation with my strength, but it will take time!"

"You don't have enough time, if you want me to say we'll just go in from the front of the house and kill it!"

"Even if this Heavenly Poisoness is powerful, she's only a peak of the Extreme Dao Realm!"

"If we surround her, we'll consume her to death in half a month at any rate!"

Lin Ran was speechless as he listened and said.

"You're thinking too simply, this Heavenly Poisoness dares to build a palace here, doesn't she have any cards up her sleeve?"

"Far from it, if she had the Great Shift Talisman in her hands, this mission would have been a complete loss!"

"That..."

Wolf Ba was speechless at once.

Lin Ran, on the other hand, did not speak, secretly calculating his countermeasures in his mind.

This mission only required killing the Heavenly Poisoness, and he didn't want to care much about anything else.

Firstly, the Heavenly Poisoness must still have a large group of followers here.

Although they were certainly not too strong, once they became entangled, he would not be able to get away for a short time.

So the best way was to get close to the Heavenly Poisoness directly and then find a way to kill her!

This was also the most direct and effective way.

"Master, I have a way to try!"

Suddenly, Qing Zi spoke up.

"O? What solution?"

Lin Ran asked busily.

"Master, I can take you guys in, I'm a divine weapon this formation can't even sense my presence, you guys hide in the Qiankun Violet Qi Vase!"

"When I get close to this Heavenly Poisoness, you guys will suddenly appear!"

"No way!"

Just as Qing Zi finished speaking, Wolf Ba was the one who spoke up.

“This way, although we can get close to her, it will take time to kill her, and by then all the cultivators inside will come out and surround us!”

“How are we going to get out? Breaking through this formation will also take time!”

Lin Ran nodded at his words.

The situation Wolf Ba said did exist as well.

But it was also true that this was the only way to get close to the Heavenly Poisoness at the moment.

“Brother, why don’t we let Li try? This Heavenly Poisoness cultivating Poison Attack must be very interested in poison mist!”

“Let Li emit out the poisonous mist to attract her out?”

Little Nine spoke up.

Lin Ran, however, shook his head straight away.

“No, if this Heavenly Poisoness really came out how could she come out alone, and it definitely wouldn’t do to let Li take the risk!”

Thinking about Zhen Yan, Lin Ran refused straight away.

If something happened to Li, Zhen Yan would still slap himself to death.

“Neither this nor that, then we might as well go up and continue watching the Heavenly Poisoness take a bath!”

Wolf Ba laughed.

“Fuck you!”

Lin Ran gave Wolf Ba a punch and was helpless.

All of them were silent for a moment, and eventually Lin Ran would say with a grit of his teeth.

“Use Qing Zi’s method and approach this Heavenly Poisoness first before we talk!”

“What about the formation?”

Wolf Ba asked.

“I naturally have a way!”

Lin Ran’s eyes were cold and stern.

When the time came, if it really didn’t work, he would directly use the Flame Stone given by the Zhen Yan Fire Lynx.

With the full force of the Zhen Yan’s strike, it would not even be a problem to raze this entire palace to the ground.

It was just that this Flame Stone was too precious and Lin Ran really didn’t want to use it, for it could save his life at a crucial time!

Wonder Doctor Chapter 2014

“Let’s go!”

Lin Ran greeted, the crowd would naturally not refute the decision he had made.

Moreover, in the end, this Heavenly Poisoness was of average strength, so even if they made a big deal out of it, the big deal would be to fling out their various bottom cards, and no one in this Frozen City would really be able to stop them.

The first thing he did was to send the group into the Qiankun Purple Qi Vase.

Afterwards, she found a place and rushed in towards the back garden.

Formations naturally had no effect on divine weapons.

Very smoothly the Qiankun Violet Qi Vase entered the back garden.

In order not to alert the Heavenly Poisoness, Lin Ran deliberately had Qing Zi come to the side of the road, and then there was no movement.

The Qiankun Purple Qi Vase was golden and purple in colour, so it was very conspicuous, and anyone who was not blind would have seen it when passing by.

After waiting patiently for a while, one of the maids passing by found the Vase.

She picked the bottle up, looked around and found nothing special, so she placed it on a stone lampstand as a decoration.

“Shit, this young lady doesn’t know her stuff!”

Wolf Ba said helplessly.

“Young lady? I’m afraid this maid is old enough to be your grandmother!”

Lin Ran couldn’t help but laugh.

He had just seen clearly that this maid’s cheeks looked very young though.

But the entire essence of the person was clearly not right, this skin was afraid that it had been treated!

“My god, forget it then, I’ll just watch the Heavenly Poison Maid!”

Wolf Ba was helpless.

No one could find them hiding in this Qiankun Purple Qi Vase, and Wolf Ba was very reckless.

His eyes were staring straight at the direction of the pool.

Not too long after looking at it, his old face turned red for a while and he couldn’t help but ask.

“Hey hey boss, can you be a little more accommodating with this task, or else let’s not kill this Heavenly Poisoness!”

“Look at this skin, my God! I’m still single, bro!”

“Fuck off!”

Lin Ran couldn’t help but curse.

“Did I bring you here for a blind date?”

“Still single? You’re single, but you’re looking for someone who plays with drugs, believe it or not, you won’t even make it through the spring night, and your bones will be cold the next day!”

“I.... I just think, how can such a good beauty be a poison player!”

Wolf Ba scratched his head and laughed awkwardly.

Lin Ran, however, didn’t bother to pay him any mind and turned his head to look in the direction of the pool as well.

Of course, Lin Ran naturally wasn’t peeking at this Heavenly Poisoness taking a bath.

He noticed that this Heavenly Poisoness was immersed in the turquoise pool, and there was actually a turquoise mist rising around her.

“There’s something odd about this pool!”

Lin Ran muttered to himself in his heart.

It was freezing cold and the Heavenly Poisoness was soaking in this pool, and she was not swimming without problems.

“Boss, I have to remind you, you’ve been staring at someone for ten minutes!”

“If you keep staring, I’ll have to tell Sister Nuan and the others later!”

Wolf Bar said from the sidelines.

“Fuck off, put away your slutty spring heart, damn it seeing this Heavenly Poison Girl makes your whole being abnormal!”

Lin Ran couldn't help but curse.

"Have you? That's probably the power of love!"

Wolf Ba lamented.

"If you keep fucking talking nonsense, let me have Qing Zi send you to that pool to bathe with the Heavenly Poisoness!"

Lin Ran said in no good humour.

"No, no!"

Wolf Ba sniffed and wimped out.

Lin Ran didn't bother with him and patiently watched what this Heavenly Poisoness was up to.

Finally, after waiting for another half an hour, the Heavenly Poisoness finally stood up from the pool.

Her back was turned towards Lin Ran and the others, and her white skin was like sheep's fat jade.

He could not help but gag at the sight of Wolf Ba.

However, Lin Ran frowned slightly as he noticed that underneath the skin of the Heavenly Poisoness, there was a black thread running around.

But this disappeared in the blink of an eye.

The Heavenly Poisoness quickly left the pool, and the female slave next to her was busy coming forward to change her clothes.

“It’s coming!”

Lin Ran warned, following which the crowd saw the Heavenly Poisoness get dressed and start to walk towards her side.

The location where this crowd was located was exactly where the Heavenly Poisoness had to go to return to the palace.

As long as the Heavenly Poisoness saw this Qin Kun Violet Qi Vase, the crowd would have a chance to get close to her!

One step, two steps, three steps.

Soon the Heavenly Poisoness reached the vicinity of the crowd.

She suddenly stopped in her tracks and her gaze fell on the Qiankun Violet Qi Bottle as she opened her mouth with a slight frown.

“When did this bottle appear?”

“In reply, Your Excellency! It was I who found it!”

A female slave beside her was busy kneeling down and submitting, her whole body trembling.

“Just now I passed by here and found this bottle thrown by the roadside, seeing that it looked good I put it here.”

The slave girl did not dare to hide it.

“Thrown at the roadside?”

The Heavenly Poisoness frowned slightly at her words and could not help but give the Qiankun Violet Qi Bottle a glance.

She then raised her hand and took the Qiankun Violet Qi Vial in her hand, while a turquoise true qi instantly diffused out, directly enveloping the entire vial.

“Don’t resist!”

Lin Ran busily warned, as a large turquoise mist had already filled the entire bottle at this moment.

It was just as well that Qing Zi’s Qiankun Purple Qi was able to dissolve it, otherwise at this moment Lin Ran and the others would have been poisoned!

“Hm?”

The Heavenly Poisoness suddenly changed her face.

“It can dissolve my Heavenly Poison?”

Looking at the bottle in her hand, she looked around again and felt the formation intact.

Only then did the vigilance in the Heavenly Poison Lady’s heart drop.

“You’ve done a good job! This month’s reward is two antidote pills, go and collect them!”

The Heavenly Poisoness turned her head to look at the female slave and said, before turning around and walking towards the palace.

“Many thanks, my lord! Thank you, my lord!”

The female slave was excited, this antidote to poison pills was simply a life-saving elixir to her.

“Boss! It worked!”

Inside the Qiankun Purple Qi Vial, Wolf Ba couldn't help but say excitedly.

Lin Ran nodded without speaking.

The first step had been successful, but when to make the move still had to wait.

“Let's not make a move yet, let's see where we're going with the Heavenly Poisoness, it's best to get a good feel for her before we say anything!”

Lin Ran reminded.

Wolf Ba was busy nodding, but Qing Zi spoke up.

“Master, I'm afraid there's not that much time left, this Heavenly Poisoness is trying to refine me!”

“Refining you? How long can you hold out?”

Lin Ran asked busily.

“If she keeps refining at most she can only last a day!”

Qing Zi said busily.

“Tell me when you can’t hold on much longer!”

Lin Ran said.

Qing Zi nodded.

The Heavenly Poisoness took the Pro-Akun Violet Qi Vial and soon arrived in one of the palace’s luxurious bedrooms.

She sat on the edge of her bed, holding the Qiankun Violet Qi Vial in her hand as she tried to refine it.

However, after only a few moments of refining it actually stopped.

Lin Ran suddenly saw that there was a hint of fatigue in the Heavenly Poisoness’s eyes, as if she was very tired.

“Boss, she’s not going to sleep, is she!”

Wolf Ba asked busily.

As soon as the words left her mouth, the Heavenly Poisoness actually got up and placed the Qiankun Violet Qi Vial on the table to the side.

And then turned around and went to the bedside to take off the black robe on her body.

The black robe came off and instantly a large area of snow white was revealed, Wolf Ba couldn’t help but look at it and said.

“Boss, I love it! Or else you talk to the Sword Immortal Sect, can we not kill it?”

“Are you sure?”

Lin Ran smiled at his words but smiled.

“Of course sure...”

Wolf Ba didn't finish his sentence before instantly stopping himself.

Only to see the fair skin of the Heavenly Poisoness instantly start to turn black, followed by folds that actually appeared.

What was originally a beautiful looking woman had turned into a dark-skinned old woman in an instant.

“Holy shit!”

Wolf Ba was dumbfounded at the sight of this and was so busy covering his mouth that he almost almost vomited!

Wonder Doctor Chapter 2015

“What are you still standing there for? Go on!”

Lin Ran laughed.

“Boss, don't play with me, just beat me to death like that!”

Wolf Ba covered his mouth and almost didn't throw up.

“Didn’t you love it? And sure! What, now you’re giving it to you and then you don’t want it yourself!”

Lin Ran laughed.

Qing Zi on the side even laughed as she said.

“You hold it in, if you dare to spit in this lady’s bottle, this lady will throw you into that old woman’s bed!”

“Don’t don’t! Big sister I’m wrong.... Not Missy I’m wrong!”

Wolf Ba had a bitter look on his face.

Lin Ran laughed and wasn’t teasing Wolf Ba.

Qing Zi, who was at the side, was busy speaking up and asking.

“Master, what exactly is this Heavenly Poison Lady doing?”

“I don’t know!”

Lin Ran shook his head.

“But this should be her original face.”

“You mean that the one before was all a fake?”

Qing Zi asked busily.

“It should be, she’s obviously going to rest!”

Lin Ran said.

Sure enough, as soon as the words left her mouth the Heavenly Poisoness went straight to bed and then began to rest.

It was just that while she was resting, she was still keeping her entire body pitch black.

It was a world away from the way she looked when she was bathing in the pool earlier.

“Boss, what do we do now? We can’t just stay here and watch this old woman sleep!”

Wolf Ba was a bit speechless.

It would be fine if this old woman was a beautiful woman, it would be good for the eyes, but the key was that this old woman was so ugly that he was afraid he would throw up if he continued to look at her!

“Master!”

Qing Zi also looked at Lin Ran, with a question in her eyes.

Lin Ran didn’t say anything, he just watched quietly for a moment before saying.

“Let’s wait a little longer, this Heavenly Poisoness doesn’t know what kind of technique she cultivates, she was so young before, but now she looks like this!”

“Besides, there’s no telling how many of her men are hidden in other locations in this palace!”

“Although the opportunity to strike now is just right, it always makes people feel uneasy in their hearts!”

Lin Ran said.

“But boss, don’t forget, if she starts refining after she wakes up from her sleep, Qing Zi can only last a day!”

Wolf Ba reminded.

“I know!”

Lin Ran nodded his head.

“Wait a little longer, at the very least, we need to find out what kind of technique this Heavenly Poisoness is cultivating!”

Lin Ran said.

“Or else we look for it?”

Qing Zi suddenly said.

“How can we find it?”

Wolf Ba asked.

“This is simple, she’s asleep, my Qiankun Purple Qi is perfectly capable of searching!”

Qing Zi laughed, and with that a wisp of purple aura drifted out from within the bottle, quickly enveloping the entire room.

This Qiankun Purple Qi whose origin was the spiritual qi of the heaven and earth, so there was no possibility for the Heavenly Poisoness to detect it.

And under the envelope of the clear violet Qi, the entire room was soon clearly reflected in front of everyone.

“Over there!”

Suddenly Wolf Ba pointed at a hidden compartment under the bed and said.

Seeing this, Qing Zi directly penetrated her purple Qi into it, and a moment later the situation inside the dark compartment emerged clearly.

The hidden compartment was very cleverly built, firstly, the location was very concealed, and secondly, to open it, one had to have the help of an external object.

There was a groove in the dark compartment, which obviously required the assistance of an external object, but the purple qi was so pervasive that there was no need to open it.

Inside the dark compartment was a scroll.

The scroll was very ancient and even a little yellowed, and at a glance it was something that was some years old.

“Quickly take a look, what is written on the scroll only!”

Lin Ran urged.

“Good!”

Qing Zi didn't delay at that moment, and as the purple Qi quickly enveloped her, the contents of the scroll only emerged clearly.

Only a few large blood-red characters were inscribed on the opening page of the scroll.

"Supreme Poison Attack!"

This was followed by a dense set of countless small characters, which were clearly a set of cultivation techniques.

"Supreme Poison Attack, how come I've never heard of this technique before!"

Wolf Ba shook his head, obviously a little disappointed, he had thought that this Heavenly Poison Girl must be cultivating at least some very powerful poison attack, but it turned out that he had never even heard of this Supreme Poison Attack!

"What do you think, Qing Zi?"

Lin Ran asked.

It was Qing Zi who had the most say in such matters, he and Wolf Ba were both outsiders after all, and regarding such powerful techniques in the Immortal World, Qing Zi knew far more than his own two.

"This Supreme Poison Attack reminds me of a person!"

Qing Zi said.

"Who?"

Lin Ran asked busily.

“A woman who is very famous even in the Immortal World, her name is Red Immortal!”

Qing Zi said and her face gradually became gloomy.

“This Red Fairy, it is said that she was a physician in the beginning, as you know, Master, back when the Immortal Realm’s medical path was still intact! Physicians in the Immortal Realm were also very respected!”

“This Red Fairy was considered the most famous one in the area at that time, not only was she pretty, but she was also very kind at heart!”

“But then this Red Fairy suddenly and inexplicably disappeared one day, and never appeared in the end, but just a few years after she disappeared!”

“The Immortal Road, but suddenly appeared a person named Poison Fairy, she is also very powerful medical skills, good at fighting poison with poison, at first also saved a lot of people!”

“But it wasn’t until yet another time that she had an accident while saving someone with poison, and as a result, she was met with suspicion, saying that she had come to harm people on purpose!”

“And even ended up seeing her driven out of the city, until she was never heard from again!”

“Not what’s the point of you saying all that! Something to do with the Heavenly Poisoness?”

Wolf Ba was a little helpless.

“What Qing Zi means is that this Heavenly Poisoness is likely to have received the Poison Immortal’s inheritance!”

Lin Ran’s brow furrowed.

“The Poison Immortal’s inheritance? This Poison Immortal doesn’t sound like he’s that powerful!”

Wolf Ba was not impressed.

“No, this Poison Fairy is very strong, she had struck out a few times later on and even killed a Star Realm powerhouse!”

“But in the end, she didn’t even appear again in the Immortal Emperor’s War, so there are very few records about her in the Immortal Realm!”

“I too, back then, when I was following the previous master before leaving the Immortal Realm, I once destroyed a stronghold of the Vulcan Claws!”

“Inside, I found records about this Poison Immortal, and it seemed that they were looking for the legacy of this Poison Immortal!”

Qing Zi was busy explaining.

“There’s no rush, you engrave all the contents on top of the scroll and we’ll take our time to read it!”

Lin Ran said.

Qing Zi nodded and was busy engraving out the entire contents of the scroll.

The Heavenly Poisoness didn’t know how long she was going to sleep, so Lin Ran had nothing else to do and was prepared to look through it, perhaps he could find something about this Poison Fairy’s past on it.

“No boss, this Heavenly Poisoness is just a peak Extreme Dao realm strength, is it necessary to be so inked up?”

“If you let me out, I’ll just slap it to death!”

Wolf Ba said with some impatience.

Lin Ran looked at him and helplessly shook his head and said.

“It’s simple for you to slap her to death, but wouldn’t there be nowhere to learn about this past!”

“The immortal realm landscape is chaotic, with multiple forces secretly entangled, we can’t miss out on any information we can learn about the past!”

“As the saying goes, knowing oneself and one’s enemy is the only way to win a hundred battles... I finally know why Yu Chang doesn’t take you on!”

“You’re such a hothead!”

“Me!”

Wolf Ba was dumbfounded by Lin Ran’s dislike, and simply sat down to drink wine.

Lin Ran also ignored him and began to carefully look through the scrolls.

Wonder Doctor Chapter 2016

The entire scroll has a very large amount of content written on it.

Most of them were about the cultivation method of this Supreme Poison Attack.

After reading it, Lin Ran discovered that this Supreme Poison Attack was not a pure cultivation method.

It actually contained a lot of methods for healing and saving people, but of course, the content was the same as what Qing Zi had said, which was all about attacking poison with poison.

The way of Chinese medicine is about the unity of heaven and man and the harmonisation of yin and yang.

In ancient times, there was the saying of attacking poison with poison, and Lin Ran had learnt about it in his ancestor's Xuan Yang Pharmacopoeia.

It was just that his ancestors did not practice poison attack, so there were very few methods of attacking poison with poison.

However, this scroll only contained very detailed records.

Lin Ran did not have much interest in these methods of treating illnesses with poison, and only wrote them down so that he could use them later if they were useful.

After that, he focused on the cultivation of this poisonous technique.

The entire Supreme Poison Technique required tens of thousands of poisonous substances to formulate the medicine pool.

These poisonous creatures were incomparably all very rare existences in the heavens and earth.

Because the places where they live are extremely dangerous, it is very difficult just to find them.

After finding these poisons, one needs to find a natural eye of aura.

The so-called eye of aura was a place where the spiritual energy of heaven and earth converged, and such a place could be realised by a formation, or it could be naturally nurtured by heaven and earth.

Seeing this, Lin Ran already had a large part of his mind clear.

The pool where the Heavenly Poisoness had bathed during the day was probably an eye of spiritual energy, no wonder the water was turquoise.

It must be that a very large amount of poison had been blended inside.

“This Frozen City, no matter how you look at it, doesn’t look like a place that possesses an eye of aura, this pool is also nine times out of ten a formation condensed out of it!”

“But this Heavenly Poisoness is really something, she actually managed to find so many poisonous creatures!”

Lin Ran lamented in his heart.

If he hadn’t seen this information, he wouldn’t have thought that this Heavenly Poisoness had such tricks up her sleeve.

Continuing to read further, Lin Ran quickly discovered the problem.

In the last part of the entire scroll’s record, it was indeed the record about the Poison Fairy that he was looking for.

The words of the record were not long, only a few cursive lines.

“This scroll was found inside a poisonous snake and I saved it this seems to be its gratitude to me!”

“At first I didn’t want to practise it, but my father was critically ill and with my medical skills at the time I was unable to save him, so I eventually started to learn this method of attacking poison with poison!”

“But I underestimated the power of this supreme poison technique, and after curing my father I had become a poisonous creature!”

“I wanted to return to a normal life, but they all said I was a bad omen and called me a poisonous creature!”

“Disheartened, I decided to live in seclusion!”

“What is right or wrong in all the laws of the world? It’s all in the heart!”

“It’s not as if fighting poison with poison is the only way to get rid of it.

“For those who come after you, it’s best not to touch this scroll, otherwise you’ll fall into the devil’s path in nine out of ten cases!”

The Red Immortal stays!

After reading it in one breath, Lin Ran waved his hand and dispersed the scroll.

There was a deep sense of helplessness in his eyes.

“What’s wrong with you, master?”

Qing Zi asked busily.

Lin Ran said with a helpless sigh.

“I didn’t expect the doctor-patient relationship in the Immortal World to be this tense!”

“Pfft!”

Wolfpa laughed at that.

“Boss, are you here to be funny? Is there a doctor-patient relationship in the Immortal World?”

“Nonsense, wherever there are doctors and patients, there’s a doctor-patient relationship!”

Lin Ran retorted.

“Do you guys know why this Poison Fairy ended up with the name Red Fairy when she left this last sentence?”

“That’s because she was always the Red Immortal in her heart, and the Poison Immortal was merely what outsiders called her!”

“There is nothing wrong with fighting poison with poison, it is also a way to cure illnesses and save people, but just because the world did not understand, she chose to live in seclusion, can you imagine how aggravated she must have been at that time?”

Wolf Ba and Qing Zi were both silent, neither of them had expected Lin Ran to see so much.

Lin Ran smiled and said no more.

Everyone was different and saw things differently, and Lin Ran asked himself if he was just a little sentimental!

Everyone who appeared in his life had a life and experiences that he wanted to understand, that’s how different people were from each other!

“How long have I been watching?”

Lin Ran asked.

“Almost three hours!”

Qing Zi said.

Lin Ran nodded, it did waste a lot of time when recording those poison cures.

“Alright, everyone, let’s get ready, we’ll do it when the Heavenly Poisoness goes to the pool again!”

Lin Ran said.

Wolf Ba smiled at that and instantly became interested.

“Holy shit boss, you still know me, when she goes to the pool that’s when she’s at her most beautiful, causing me to be a bit reluctant to make a move!”

“Get lost! Outrageous!”

Lin Ran gave Wolf Ba a helpless look, how this guy was becoming more and more like Wang Yifeng.

But that dead fatty had found Xiao Cui, damn it, he didn’t know where he was living a divine life.

But it’s his own fault, he’ll have to find them later!

This fat bastard, don’t wait until I find him, the piglets are all in a litter!

Soon, after the crowd had waited for another hour, the Heavenly Poisoness finally opened her eyes.

Both of her eyes were blood-red as she made her way up from the bed.

But soon the blood red faded away and the skin all over her body began to turn white.

A few moments later it changed from an old woman to a wonderful young girl.

“Holy shit! If I hadn’t seen it with my own eyes, damn it, I really would have been fooled by her!”

“Whoever marries her will be unlucky and won’t even have a place to return the goods!”

“Stop talking nonsense, she’s definitely going to the pill pond again, so it’s time for us to do something about it!”

Lin Ran interrupted Wolf Ba and reminded him.

Sure enough, the Heavenly Poisoness put on her clothes and immediately beckoned for the Qiankun Violet Qi Vial before leaving the room straight away.

All the way towards the back garden, there was actually not a single person on the road.

From yesterday to now, they had been in this palace for a day.

But not a single person had come looking for the Heavenly Poisoness at all.

This situation made Lin Ran’s heart a little surprised to be honest.

This situation could only mean one thing.

In this palace, the Heavenly Poisoness was the absolute king, and no one dared to disturb her without her say-so!

This was undoubtedly very beneficial to Lin Ran and the others.

With the Qiankun Violet Qi Bottle, the Heavenly Poisoness soon arrived at the back garden, and like yesterday was dressed by a female slave, and a few moments later she entered the pill pond with the bottle.

“Master, she’s starting!”

Qing Zi was busy reminding, at this moment the Heavenly Poisoness had already started to refine it.

“Wait a little longer, we’ll do it when she lets her guard down!”

Lin Ran said, as the Wolf Ba at the side had even taken out all of his Wolf Soul Greatswords.

“Just waiting for you to give the word!”

Lin Ran nodded, not speaking as the crowd waited quietly.

After only ten minutes, Lin Ran saw a turquoise poisonous mist begin to appear within the Qiankun Purple Qi Vial.

It was obvious that the Heavenly Poisoness’ refinement had begun to invade the interior of the Qiankun Vial.

“Do it!”

Lin Ran's eyes fiercely chilled, and in the next moment, his body had already disappeared within the Qiankun Violet Qi Vase in a flash.

"Who!"

The Heavenly Poisoness immediately woke up with a start, her two turquoise eyes snapping open and staring straight ahead!

Wonder Doctor Chapter 2017

"Hm?"

Seeing the sudden appearance of Lin Ran in front of her, the Heavenly Poisoness couldn't help but frown slightly.

"A little fellow! Quite handsome looking, how did you get in here!"

The Heavenly Poisoness asked in a cold voice.

"Does this matter?"

Lin Ran's voice was cold as he held the Frost Condensation Sword in his hand.

"Humph! How dare you trespass on my mother's place even at the tiny Three Dao Realm, you won't be leaving today, it just so happens that I'm still short of a man!"

The Heavenly Poisoness said and couldn't help but lick her lips.

"Lack of a man? I think you're not wanted! Ugly bitch!"

“How dare you call me an ugly bitch!”

The Heavenly Poisoness was instantly furious at her words.

Because of her cultivation of the Supreme Poison Technique, her appearance had become old and ugly, which was the most difficult thing to accept in her heart.

So apart from sleeping, she always changed her appearance in front of outsiders.

But this kid in front of her had actually called her old and ugly, had this kid seen her original appearance?

Thinking of this, the killing intent in the eyes of the Heavenly Poisoness suddenly radiated out.

Even a handsome looking man could never spy on her true face, which was something no human woman could accept.

“What? Did I call you ugly and wrong? Or are you annoyed and angry?”

Lin Ran laughed, but the Condensing Frost Sword in his hand was already raised.

“Come, come, let me slice you out of your original form with my sword! You hyaluronic acid fake beauty!”

“Hyaluronic acid? What the hell?”

The Heavenly Poisoness sounded dumbfounded.

Lin Ran, however, smiled, and the Frost Condensation Sword in his hand slashed out a sword aura straight at his opponent.

“Lancang Sword Technique 3rd Style, Ten Thousand Swords Exterminate!”

“Seeking death!”

The Heavenly Poison Lady’s face was grim as her palm instantly slapped out, a turquoise aura heading straight for Lin Ran.

The sword aura contained four types of light, and it was Lin Ran’s strongest strike right now.

He himself was only at the Third Dao Realm, but the Heavenly Poisoness was at the peak of the Extreme Dao Realm.

The difference was very clear to Lin Ran, so without any nonsense, he came up with his strongest move.

“Heavenly Thunder Out!”

Lin Ran let out a rebuke, and the purple qiong light within his body instantly filled out.

Heavenly thunder rolled around shrouded in a turquoise poisonous mist, and the Ten Thousand Sword Extinguisher was already heading straight for the Heavenly Poisoness.

However, the Heavenly Poisoness seemed completely unafraid, her body flickering out of the pill pond, and with a flip of her palm, a long turquoise sword emerged.

It went straight towards Lin Ran’s sword maneuver and met it.

“Bang!”

The moment of the collision, the longsword in the Heavenly Poison Lady's hand was directly shaken to the point of emitting a sword chanting sound.

At the same time, her entire body directly took several steps backwards.

But Lin Ran was also shocked to find that his strongest move, the Ten Thousand Sword Extermination, was actually tainted by the turquoise poison mist as well, and it quickly collapsed!

“Sure enough!”

Lin Ran sighed helplessly in his heart, the difference in strength was too great!

There was a difference of a major realm plus a minor realm, such a large gap in strength that even the Lancang Sword Technique couldn't make up for it.

If he mobilised all of his cards, the Divine Thunder Transformation and the Chaotic Qi Spiral, Lin Ran was confident that he could fight this Heavenly Poisoness.

But even if he did win, he was afraid that he would still be severely injured.

It was really unnecessary to take such a risk when the opportunities of Immortal Emperor City were about to open.

“Kid! Die!”

The Heavenly Poisoness was already killing again with her long sword in hand.

Lin Ran saw this but smiled and said.

“Alright, I’m not going to play with you anymore, today I’ll have a taste of the young master’s treatment too!”

With that said Lin Ran’s body fiercely retreated, looking at the Heavenly Poisoness in a daze.

“Young master’s treatment? What do you mean?”

The thought in her heart had just started when instantly a cold aura appeared out of thin air in front of her, followed by a voice.

“Ugly bastard, deceiving old me about my feelings, you can go to hell!”

“Hm?”

The Heavenly Poisoness was busy looking at the words, and immediately her entire heart just went cold.

This aura was clearly from the Hundred Thousand and Eighty Thousand Realms!

“Who are you? I don’t even know you!”

Heavenly Poison was filled with panic.

The Hundred Thousand Eight Thousand Realm was simply not an existence that one could fight against.

“You don’t know me, but I do know you! If you’re ugly, you’re ugly, but you have to pretend to be so pretty to deceive us innocent boys!”

“Today I’m going to do justice to the gods and kill you!”

Wolf Ba said as the big knife in his hand had already reached the Heavenly Poison Girl.

“Get lost!”

The Heavenly Poisoness hurriedly raised her sword to block, but almost instantly her whole body was split backwards by Wolf Ba.

The long sword in her hand even broke into two in an instant.

“Boss, how about it, am I fierce?”

Wolf Ba said triumphantly.

“Then you’d have to ask the beautiful woman in front of you, how would I know!”

Lin Ran laughed.

“You just don’t make fun of me!”

Wolf Ba was sweating.

“Alright, make it quick, someone is coming!”

Lin Ran said.

At this moment, Wolf Ba also sensed that someone within the palace was rapidly rushing towards him, so without further ado, he brought his sword towards the Heavenly Poisoness and killed her!

Lin Ran waved his palm, and instantly a formation appeared out of thin air, directly sealing the exit of the palace.

“Bastard!”

Seeing Lin Ran’s move to seal off the possibility of her men entering, the Heavenly Poisoness instantly turned pale.

“Death! All of you must die! Come out, children!”

The Heavenly Poisoness’ voice twisted and with a wave of her palm instantly the entire ground of the back garden began to shake.

Lin Ran was shocked to find that a poisonous creature the size of a washbasin seemed to spring up from the ground like rain.

These poisonous mists were colourful, and at first glance, they were highly poisonous.

“No wonder the water inside the entire medicine pond was terribly turquoise!”

Lin Ran couldn’t help but swallow his spit and followed a leap straight to mid-air.

But at this moment, a voice rang out.

“What are you running for, you kid, use the heavenly thunder!”

When he heard the voice of thunder, Lin Ran suddenly realized that heavenly thunder was the most Yang thing in heaven and earth, and it was the most restraining to these poisonous mists.

Thinking of this Lin Ran did not delay and the Heavenly Thunder instantly tilted down.

Countless heavenly thunder instantly enveloped the poisonous creatures on the surface of the earth.

“The crackling sound was like fried beans, and in just a few moments, the ground was covered with a large layer of poisonous corpses.

“It’s over!”

When the Heavenly Poisoness saw this, her entire aura instantly weakened.

Her own men couldn’t get in, and the poisonous mist couldn’t get out, so how could she have any chance of winning against Wolf Fighter.

“Hurry up and settle this, and we’ll leave!”

Lin Ran greeted, while quickly rushing to the pill pool and waving his hand to put it away.

“Master what do you need this pill pond for?”

Qing Zi asked, puzzled.

“This medicinal pond is full of heaven and earth spiritual energy, so if I bring it back and purify it, it might be able to help me break through the Third Dao Realm!”

Lin Ran laughed.

Qing Zi smiled with a speechless face.

Lin Ran also talked nonsense, and after collecting the medicinal pool, he ran to Wolf Ba’s side.

Wolf Bastard moved quickly too, and in three or two blows, he had beaten the Heavenly Poisoness senseless.

In the end, under Wolf Ba's suppression, Lin Ran finished off the Heavenly Poisoness in one piece, and then the two of them directly rushed out of the formation and left.

Until now, no one in the entire Frozen City knew that this Heavenly Poisoness, who had controlled the Frozen City for decades, had fallen.

"Boss, going straight back?"

Wolf Ba asked.

"Go back! This mission went well, there's almost twenty days left!"

"After we get back this time and prepare, we'll set off for Immortal Emperor City!"

Lin Ran said.

He had done all that he could do, whether or not he could just get out of Su Rou on this trip to Immortal Emperor City would depend on the heavens!

Wonder Doctor Chapter 2018

After finishing this mission, Lin Ran immediately rushed back to the Sword Immortal Sect.

When he returned to the Sword Immortal Sect, there were no longer any disciples to be seen within the entire sect, with only the sect's elders remaining behind.

Lin Ran went straight to the auction hall, and then saw the piece of Ice Xuan Iron that he had fancy when he had returned last time.

And at this moment, on top of the pavilion, Tian Xuanzi and Elder Leng Chen were sitting in front of a bar table.

A fine wine was set before the two of them.

“Sect Master, your guess was indeed good, I have just received news that that boy has taken a fancy to the Ice Xuan Iron!”

“Exchanged it?”

Tian Xuanzi asked with a smile.

“It has been exchanged!”

Elder Leng Chen said.

“Hm!”

Tianxuanzi nodded.

Both of them also knew that Lin Ran’s weapon, the Condensing Frost Sword, had always been broken, so it was no surprise that he had taken a fancy to this Ice Xuan Iron.

“Sect Master! I’m afraid he’ll be leaving after this time as well, you.”

Elder Leng Chen reminded.

“I know, but what should have been said when we met last time has already been said, since there are no words why do we need to say more!”

“The cultivation path relies on him after all! Isn’t it!”

Tianxuanzi laughed.

“What the sect master said is true, of which is the opportunity conference in Immortal Emperor City this time, I had heard that many young talents from the hermits have all come out, and I wonder how many disciples from our Sword Immortal Sect will be able to rise to prominence on it!”

Elder Leng Chen lamented.

Tianxuanzi, however, stroked his beard and laughed.

“Life and death are destiny and wealth are in the sky. Throughout the ages, there are still few geniuses in the Immortal World? But how many of them can really make it to the end?”

“To sum it up, there is a saying, but do good deeds and don’t ask about your future!”

“Good! A good one, but do good deeds, don’t ask about your future!”

Elder Leng Chen laughed.

Suddenly he frowned slightly and busily got up and said.

“Su Sa is here, you see.”

“No need, she has come to say goodbye too!”

Tianxuanzi laughed.

Only then did Elder Leng Chen sit down again at his words.

Sure enough a few moments later, Su Sa came up.

She still wore a veil and could not see her face clearly, but her whole aura had changed slightly.

Compared to a few months ago, there was clearly a little more composure.

“Ready to go?”

Tian Xuanzi asked with a smile.

“Mm!”

Su Sa nodded her head.

“Let’s go over there, we’ll always meet again in the greatness of the world!”

Tianxuanzi laughed.

“Sect Master, apart from saying goodbye this time, Su Sa also wants to formally say thank you for all the years of cultivation!”

Su Sa said and bowed respectfully.

Tian Xuanzi however smiled and waved his hand and said.

“It is also your fate and mine that you have come to the Sword Immortal Sect, not to mention that your master is her! Cultivate well, you still have a long road ahead of you!”

“This Immortal Emperor City Chance Conference is just a springboard, but it is not the end of your life!”

“You should be able to understand what I’m saying!”

Tian Xuanzi looked at Su Sa with other meanings in his eyes.

Su Sa nodded and said.

“Disciple understands!”

“Alright, go on! Also just to let you know, he’s back! It’s up to you to decide if you want to see him again before you leave!”

Tianxuanzi said.

“Mhmm!”

Su Sa nodded and said no more as she turned around and went down the pavilion.

And at this moment, Lin Ran had just left the auction house, having obtained the Ice Xuan Iron, he was also ready to leave for the Wind Family Formation!

Looking at the pavilion not far away, Lin Ran’s heart was a little hesitant, whether he should go see his master again or not.

Because if he left this time, he was afraid that it would be many years before he would see him again in the future.

Looking at the pavilion, Lin Ran was silent for a moment and finally decided not to go.

Master naturally knew about his return, but he hadn’t even come looking for him, so he obviously didn’t want to put any more pressure on him.

And he really didn't have any achievements to show off nowadays. Still, as the saying went, since there were no more words, there was no need to meet again.

"Senior brother!"

Suddenly a voice came from afar, Lin Ran turned his head to see if it was Su Sa or someone else!

"Senior Sister Su, are you preparing to leave?"

Seeing Su Sa, Lin Ran was obviously a little happier.

The only people in the entire Sword Immortal Sect who were on good terms with himself were Bu Er Swordsman as well as Su Sa.

Bu Er Swordsman seemed to have already departed, so he was still happy to see Su Sa at this moment.

"Well! Aren't you moving yet?"

Su Sa asked.

"I still have a few things to do, take care senior sister Su, I'll see you at Immortal Emperor City!"

Lin Ran smiled and arched his hand.

"Mm! I hope you don't not come!"

Su Sa laughed.

“Naturally not, as I said, your master will also be my friend!”

Lin Ran laughed lightly.

Su Sa also smiled and didn't ask any more questions.

Both of them knew very well in their hearts that the other party was not close to Fairy Su.

In particular, Su Sa had a feeling about Lin Ran that this kid's relationship with her own master was afraid to be more than ordinary shallow.

However, if the other party was unwilling to say, she naturally wouldn't pursue the matter.

The two nodded their heads and then left separately.

This time they parted, and there was no telling when the next time they would meet would be!

When he arrived outside the Sword Immortal Sect's sect, Lin Ran took one last look at the place where he had lived for almost two years, and finally turned around and left with a grit of his teeth.

....

Feng Family Formation, when Lin Ran arrived at the Feng Family, the family head, Feng Zheng, had already been waiting for a long time.

“Young master, when are you leaving! My manpower has already been arranged!”

Feng Zheng busily said.

For the sake of this Opportunity Conference in Immortal Emperor City, Feng Zheng had put a lot of thought into it, and had even specially selected manpower from within the family to go along with Lin Ran.

“There’s no need, just let Feng Sui come with me this time to Immortal Emperor City!”

“Young master, that’s not right, Immortal Emperor City is full of experts, if you.”

“Don’t worry, it’s not like I’m going to fight!”

Lin Ran waved his hand to indicate that Feng Zheng didn’t need to say more.

“Out of discovery again, I have two more things I need you to do!”

Lin Ran said as he took out his Frost Condensation Sword and Ice Xuan Iron!

“There’s still twenty days to repair my weapons, plus I need a secret room for seclusion!”

“Good!”

Feng Zheng didn’t hesitate and immediately made the arrangements.

Lin Ran was also very relieved about the repair of his weapon, the Feng Clan was very good at both the dan medicine and medical arts.

And down through the years, there had been many capable people among their clan.

The last time the black puppet body was refined, Lin Ran had also left it to the Feng family to do so, and it had already begun to take effect so far.

“I need to close down before we leave, don’t come and disturb me if there’s nothing else!”

Lin Ran gave a final admonition before diving headfirst into the secret room and beginning his hard cultivation.

There was another thing he had gained from this trip to the Frozen City, and that was the Pill Pond.

The entire Pill Pond could be said to have been formed by the convergence of spiritual energy from heaven and earth.

Although there was a lot of poisonous fog and venom within the pond, if he could refine it all, it would be the best way to improve his strength!

That day, Lin Ran had put away this pool of medicine so that he could improve his cultivation before he left.

His current strength was in the middle of the Third Dao Realm, only one step away from the peak.

Previously, he had been on a mission, so he had no time to retreat.

This time, his goal was to break through the Three Dao Realm directly, and preferably cross into the Extreme Dao Realm.

In this way, he would have more hope of winning at the Opportunity Conference in Immortal Emperor City.

Wonder Doctor Chapter 2019

The entire Immortal World had begun to become tense because of this Immortal Emperor City Opportunity Conference.

Even some clans that were normally hermits had popped up.

Everyone knew very well in their hearts that after so many years of silence in Immortal Emperor City, this time when the Opportunity Conference came out, it was bound to be accompanied by many big moves.

Looking at the history of the Immortal World, although only two Immortal Emperors had appeared, the first one had directly unified the entire Immortal World!

So many people were speculating when the current Immortal Emperor, Fulong, would reveal his ambitions.

Without unifying the entire Immortal World, the name of this Immortal Emperor would be somewhat compromised after all.

The entire Immortal Realm was stirred by the sound, and at that moment, the young Sky Wolf, who had walked out from the Beast King Domain, had also crossed into the boundaries of Immortal Emperor City.

Luckily, he had already been able to take on human form, so no one noticed him.

The two of them, Leng Zhan and Ah Zhan, who had separated from Lin Ran last time, had also met up with the old cat.

At this moment, the three had already embarked on a journey to escort Linglong to Immortal Emperor City.

The young talents from all the great clans were all heading towards Immortal Emperor City, except for Lin Ran who was still sitting alone in the Feng family's secret room continuing his hard work.

Time passed by day by day, and everyone was busy with this chance meeting.

In the courtyard of Liu family, a weak family in Mill City, a young man in his early twenties was looking excitedly at a small boat placed in front of him.

“Brother Tian, what exactly do you want from me!”

Suddenly a woman’s voice came from outside, she was none other than the most beautiful of the younger generation of the Liu family, Liu Shan.

“Shan Shan, look, we can go to Immortal Emperor City now!”

Liu Tian said excitedly.

Liu Shan smiled and took a look at the small boat in front of her, and couldn’t help but have a hint of disappointment in her eyes.

“Brother Tian, the boat you said you bought with all your savings is this?”

“Yes!”

Liu Tian was busy saying.

“Shanshan, don’t look at this boat, it’s not big, but it will definitely allow us to catch this chance meeting!”

“With our strength, we will definitely be able to win a very good result!”

Liu Tian said excitedly.

“But this ship is too small, I’ve heard that the one Chen Xuan’s family is using is a Warlord class Void Ship!”

Liu Shan said, a hint of envy clearly flashing in his eyes.

“A War Admiral class void ship? Shan Shan, our family doesn’t have the strength for that!”

Liu Tian shook his head helplessly.

“Why don’t we go and talk to Chen Xuan about it? We’ve all grown up together, he shouldn’t refuse!”

Liu Shan said.

“No way!”

Liu Tian refused without even thinking about it.

This Chen Xuan had been coveting Liu Shan for a long time, and he could not see that.

But Liu Shan was his own fiancé who was already engaged, so he naturally did not agree to let Liu Shan go to this guy Chen Xuan.

“What’s wrong with that? We can also get to Immortal Emperor City sooner by being Brother Xuan’s boat!”

Liu Shan insisted.

Liu Tian however gritted his teeth and said.

“Absolutely not, it’s not like you don’t know what kind of person that Chen Xuan is, I don’t care anyway! You go and pack up, we’ll leave later!”

For the sake of safety, Liu Tian decided to leave early, so as not to save Chen Xuan from running around looking for trouble again.

“Whatever, if this boat of yours breaks down on the way, I’ll see what you do!”

.

At this point, there were only five days left before the Chance Conference began.

In the Feng Clan, Lin Ran finally left the secret room where he was in seclusion.

“Boss! You’ve come out of seclusion! How was it?”

In the hall, seeing Lin Ran come out, Wolf Ba was the first to come over.

“Yes boss, how’s the strength?”

Li Ba was also busy running over.

“Not bad, didn’t let me down!”

Lin Ran laughed.

After a full half month of hard training, his entire aura had changed drastically by now.

“Didn’t let you down? You crossed into the Extreme Dao Realm?”

Li Ba was busy asking.

“Mm!”

Lin Ran nodded.

“Holy shit! Boss, you’re so perverted! Back when we first met, you were only at the Heavenly Mansion realm!”

“Now you’ve actually even caught up to me! It’s simply too demonic!”

Li Ba couldn’t help but say.

“How normal is that, what qualifications you have, what qualifications the boss has!”

Wolf Ba laughed.

“That’s also true, but with Boss’ strength breaking through, this trip to Immortal Emperor City naturally has a much greater chance of winning!”

Li Ba said and asked busily.

“Right boss, I heard that everyone can bring an attendant on this chance trip, or else you can take me with you!”

“No, naturally I have to be taken with me!”

Wolf Ba was busy speaking.

“Take you with me? You’re already in the Hundred and Eighty Thousand Realm, why are you still fooling around?”

Li Ba retorted.

Lin Ran couldn’t help but laugh at this too.

“There’s still this rule, so let’s go with Li Ba, Wolf Ba you’re out of luck!”

“No, who made this rule, what a pitfall this is!”

Wolf Ba was speechless.

Is it my fault if I’m strong?

“Alright, you guys go and pack up, there’s only five days left, so it’s time for us to set off!”

Lin Ran greeted, and with a whirl, he walked towards the Feng family hall.

Feng Zheng had already received the news of Lin Ran’s departure.

At this moment, he was waiting in the hall.

As soon as Lin Ran arrived, Feng Zheng was busy welcoming him over.

“How was it?”

Lin Ran opened his mouth and asked.

“Young Master, everything is ready!”

Feng Zheng said with a wave of his hand, and immediately a wooden box appeared in front of the two of them.

The wooden box was very long and the contents did not seem to be small.

Lin Ran only had to take one look at it to know that it must be his weapon that had been repaired.

Waving his hand to open it, a long white sword indeed appeared in front of Lin Ran.

Only to see that at this moment, the whole of the Frost Condensation Sword had undergone a heavenly change.

The original pattern on the sword had been completely changed, replaced by a single ice crystal lotus flower.

Upon entering his hand, Lin Ran could even feel a very cold and harsh icy aura contained within the period.

“Young master, I have added some miniature formations within this Frost Condensation Sword, which will enhance the whole sword greatly, you can try it out!”

Feng Zheng reminded.

Lin Ran nodded, and immediately slashed his sword towards the front.

He didn't use any power at all with this sword, it was just a pure slash of the sword.

However, the sharp blade of the sword froze in front of him, creating a ripple that was visible to the naked eye.

This was something that he would never have dared to think of before.

“Awesome!”

Lin Ran couldn't help but exclaim.

The Frost Condensation Sword was something he had obtained back on Earth.

Earth's casting technology was nowhere near as powerful as that of the Immortal World, and this miniature formation alone would have been absolutely impossible to achieve on Earth.

Looking at the repaired Frost Condensation Sword in his hand, Lin Ran was very satisfied in his heart.

“Since we're all ready, let's set off!”

Lin Ran greeted.

Feng Zheng smiled and said busily.

“Young Master, you have to go to Mill City before you leave again, I have already explained to Feng Sui that you will be using one of the Feng Clan's King Class Void Ships for this departure!”

“A void ship? Can't we just use the teleportation array to go to Immortal Emperor City?”

Lin Ran asked.

Feng Zheng said with a helpless sigh at his words.

“Originally, it was possible, but because of the huge commotion in Immortal Emperor City this time!”

“The teleportation array leading to Immortal Emperor City was already jammed to capacity half a month ago, and it’s already booked to the last day!”

“So, we can only use the Void Ship to get there!”

“Er....”

Lin Ran smiled for a moment, no wonder the entire Sword Immortal Sect had left early, so it was because there was a queue for the teleportation formation!

Wonder Doctor Chapter 2020

“No, then why are we going to Grindstone City!”

Lin Ran was a little speechless as he listened.

He had heard of this Grindstone City, it seemed to be not far from East Flag City, and was considered a city outside the boundaries of East Flag City and where Immortal Emperor City met.

The map of the entire Immortal Emperor Domain was very elaborate, with Immortal Emperor City being located in the middle, with the East Flag Domain and three other territories enclosing the entire Immortal Emperor City.

It was very much in the sense that the emperor lived in the middle.

“There’s no way around it, back when our Wind Family was living in seclusion in this Wind Family Formation, the Warlord-class Void Warship was hidden near the Mill City!”

Feng Zheng said helplessly.

Lin Ran smiled and thought about it and quickly became relieved.

Void warships were also wind many grades.

For example, this King-class Void Battle Ship of the Wind Family was already of a very powerful kind.

The Void Ship that Luo Qiqi used for her travels was also of the King class, and upwards that was an Immortal class Void Ship.

In the entire Immortal Realm, there were only three Immortal-grade Void Ships.

Two of them were in the Immortal Emperor City, and the other one was in the Anti-Alliance, like the Beast King Domain which didn't have such things at all.

This was also because a group of magical beasts possessed many powerful flying magical beasts.

So in terms of transporting combat power, although they didn't have Immortal-grade Void Ships yet they didn't lose to the other two powers at all.

"Alright, then we'll set off now!"

Lin Ran said.

He was pressed for time and didn't bother waiting much, and as he had his divine wings, it wouldn't be difficult to get to the vicinity of Grindstone City.

After deciding, Lin Ran soon gathered the crowd and sent them all within the spatial scrolls before setting off.

At Lin Ran's strong request, Feng Zheng finally gave in and didn't let the rest of the Feng family follow, but just let Feng Sui come along.

Originally, Lin Ran was not going to war with an Immortal Emperor, so bringing so many people with him would be a nuisance.

Having a Feng Sui with him and being able to communicate with the Feng family in real time was actually enough.

If something really happened, he wouldn't be left alone.

In addition, Lin Ran also had other considerations, and that was his relationship with the Feng family, which he didn't want to expose too early.

After all, the Feng family was also very strong, although it was not comparable to the few major powers in Immortal Emperor City.

But it was also very good as a landing place or a hidden undercard for himself.

His own goal was to save Su Sa, but Su Sa was after all someone who had offended the Immortal Emperor, so Lin Ran was also very aware of how difficult it would be.

If he were to accidentally offend the Immortal Emperor as well, he wouldn't even have a place to go.

....

After leaving the Wind Family Formation, the crowd rushed all the way towards Mill City.

Along the way, they saw a few sporadic searches for void ships.

It was thought that these people were all late starters like themselves.

A few hours later, when the group arrived near the Grindstone City, the void ships around were almost invisible.

This was normal, Mill City was not the direction leading to Immortal Emperor City after all.

The crowd was in fact already taking a long detour.

“The young master is in the mountain range ahead!”

In the scroll space, Feng Sui’s voice suddenly came out.

Lin Ran sniffed and looked, and indeed, he found a huge mountain range right outside of Mill City.

The mountain range wasn’t very long, but it was very tall, looking like a grindstone that stretched outside of Mill City.

It was said that the name Mill City came from this mountain range.

“The Void Ship is hidden in the belly of the Grindstone Mountain and is protected by several formations outside, so ordinary people can’t find it at all!”

Feng Sui said.

Lin Ran nodded, and immediately rushed towards the Grindstone Mountain.

And at this moment, at the highest point of the Grindstone Mountain, if one were to look carefully, they would find a very small airship that was swaying towards the front.

This ship belonged to none other than Liu Tian of the Liu Family of Mill City.

“No Brother Tian, can you be more stable, I almost fell off several times!”

Inside the boat, Liu Shan said with a face full of disgust.

If it wasn't for the clan's rule that she couldn't marry outside her clan she was afraid that she would have refused Liu Tian's engagement.

Thinking about Chen Xuan's warlord class void ship, Liu Shan's heart burst with envy.

Why was it that she was so beautiful but ended up being born into such a small family as the Liu family.

Why was she not born into the Chen family.

The main families of their own Liu family and the Chen family were clearly both large families in Immortal Emperor City.

But why was there such a huge gap in strength when they arrived at the Mill City branch of the family!

Every time she thought of this Liu Shan was extremely discontented in her heart.

She was so beautiful, she should be sitting in a wide and luxurious warlord class void ship, but why was she here?

While thinking in their hearts, both of them didn't notice that two trails of smoke had actually appeared below the hull of the small void ship that was trying to climb up and prepare to go over the Mill Hill.

“Look, Shanshan, we're about to go over.”

“Bang!”

Suddenly, before Liu Tian could finish his sentence, the entire void ship actually burst out with a loud bang.

The entire ship shook, and in an instant, there was a “click” and the entire ship fell apart.

“Ah!”

Liu Shan let out a shriek and fell downwards.

“Shan Shan!”

Liu Tian’s face changed dramatically and he hurriedly went to catch her.

But just at that moment, he saw that a figure had already appeared below.

The figure was a young man who raised his hand and directly caught Liu Shan, while smoothly sweeping her into his arms.

And when Liu Shan saw the other party’s face, her pretty face instantly turned red.

“Xuan. Brother Xuan! Why are you here!”

“It’s not that I came when you were in danger!”

Chen Xuan had a smile on his face, and his palm unconsciously touched Liu Shan on her waist, while still somewhat wanting to move up.

“Chen Xuan let go of her!”

Liu Wei's face turned red, but just after he finished his sentence, his whole body fell to the ground with a bang.

He didn't have anyone to pick it up.

"Liu Tian, what are you doing? Is this little raft for paddling?"

Chen Xuan asked with a laugh.

"This is Laozi's void boat!"

Liu Tian was busy getting up from the ground and stepped forward to separate the two, his face very ugly.

"Void ship? Are you fucking kidding me? You call this a boat? Sleeping a person is a problem, right!"

Said Chen Xuan, waving his hand, and instantly a huge Void Ship flew out above the sky, none other than his Warlord-class Void Ship.

"Take a good look, this is the fucking Void Ship!"

"You!"

Liu Wei was so blue in the face.

"Shan Shan let's go!"

Said Liu Tian, pulling up Liu Shan and about to leave.

However, Liu Shan was the one who shook him off and said.

“Go? Where to go! Walk to Immortal Emperor City! I’m afraid it will all be over by the time we get to the Chance Conference!”

“Liu Tian, I’m going with Chen Xuan this time!”

“Liu Shan, you!”

Liu Tian’s face instantly changed when he heard this.

The Liu family and the Chen family had always had a bad relationship, and even the main family of Immortal Emperor City was somewhat hostile.

So the Liu family had always been incompatible with the Chen family’s dealings!

Yet at this moment, Liu Shan actually.

“Counting on you, can you take me to Immortal Emperor City? But Brother Xuan will be able to!”

Liu Shan said in a cold voice.

“Liu Shan don’t you forget, he’s a Chen family member! And you’re from the Liu family!”

Liu Tian’s palms clenched.
