

Chapter 203

When Alyssa saw that Ruby was busy, she offered to take the two children back to Hunter's House for the time being.

Ruby didn't want to bother Alyssa anymore, but now she had no choice.

She simply couldn't take care of the two children. Finally, she took Alyssa's advice and sent the two children to Hunter's House.

Alyssa and Wendy were both happy to see the two baby girls lying on the big bed without crying or fussing.

"Mrs. Hunter, these two babies are so sweet. Look, they are not crying. Who could have such sweet children?"

"These two children probably also know that their mother left them. They are so good that it hurts me."

"These two children are really pitiful." Wendy looked at the children, "By the way, Mrs. Hunter, what are their names?"

Alyssa shook her head, "They don't have names yet! I've asked Kelly before. She's not a local, and she doesn't have a house here. When she got married, the children could stay with their father, but their father didn't want them at all. That's why the children's birth registration has not been resolved yet."

She knew about this matter because Kelly had also worried about it.

But she had no way to solve it.

She sought help from local legal aid and charity workers, but the problem could not be solved.

"They are two months old and still don't have names. It's really pathetic. How can their father be so heartless? What's wrong with the daughter? Nowadays, there are still people who prefer sons over daughters. Mrs. Hunter, these two girls are so lovely that no one can bear to leave them alone. Their father is really too cruel."

"People are always different from each other."

Alyssa was so glad that the twins in her belly were Leon's.

Leon really loved her.

Alyssa had never had a baby and was not very good at taking care of children, but Wendy was very experienced and patient with the children. With Wendy's care, neither of the children cried.

At night, Wendy took on the responsibility of taking care of the two children.

As Alyssa and Leon lay in bed, Alyssa's little head burrowed into Leon's arms again.

"They're over two months old and they don't have names. It's really sad. I don't know when they're going to have names."

"What names do you want to give them?"

"I don't know. What do you think?"

"One is Andrea and the other is Jacey."

"Those are two simple names. Will you give your children such simple names? Have you thought about the names of our children?"

"The boy's name is Allen and the girl's name is Miah."

"That's nice."

Alyssa was happy. Those two names sounded good.

She glanced at Leon and noticed that Leon kept looking at her. The look in his eyes made her a little nervous. She hurriedly withdrew her gaze, "You're looking at me again. It's getting late. Let's go to bed!"

She hurriedly lay back down, and suddenly felt Leon come closer to her from behind and hug her directly.

She felt awkward.

She inexplicably felt that Leon tried to come up to her.

She turned her head to look at Leon and said softly, "What do you want?"

"I just want to hold you. I feel especially warm when I hold you." Leon pouted like a child and moved into Alyssa's arms.

Alyssa chuckled at Leon's words. After a long time, she said, "You are not a child anymore, and you are still clinging to me so much. Let me tell you, you will be a father soon. When the time comes, your son and daughter will definitely laugh at you when they see you like this."

"They won't be able to enter the bedroom with me in it!"

"Domineering man!"

He couldn't even tolerate his children.

"The fact is that couples should be together. Alyssa, I don't care how much you love the children. You have to sleep with me at night."

Leon was used to sleeping with Alyssa at night.

Alyssa looked at Leon and hugged him, "I will always be with you. What's wrong with you? Why did you suddenly mention this? You look like you're insecure."

"Ella's big brother originally had a good relationship with his wife. But after they had the baby, their relationship wasn't that good anymore."

"Kole? Who told you that Kole and his wife didn't have a good relationship? I've heard from Ella before that they had a good relationship. Maybe you have the misconception that their relationship is not good. I've heard that they are quite close."

"Do I really have a misconception?"

"Of course, you must have misunderstood. Leon, I promise you that even if you are not with me, you are the only one in my heart, and that will not change. Now you can rest assured!"

Leon couldn't help but hug Alyssa when he heard these words.

Alyssa looked at Leon and asked softly, "What's wrong?"

"After hearing what you said, I want to hold you tightly so that you can't leave me. In this way, we can be together forever. In fact, I didn't think of anything else. I just want us to be together forever."

"We were meant to be together forever."

Alyssa kissed Leon on the lips as he looked insecure and Leon couldn't help but respond to Alyssa's kiss affectionately.

After a long time, they stopped and lay quietly on the bed. Alyssa said, "Let's go to sleep! It's late. If you don't rest, you won't have the energy to work tomorrow."

"After you have the children, I want you to make it up to me."

"Okay."

Alyssa nodded her head.

"For seven days and seven nights."

Alyssa glanced at Leon and noticed the seriousness in his eyes.

"Are you sure?"

"Yeah."

"And do you have enough stamina?"

"Sure."

Leon nodded.

Alyssa looked at Leon's serious look and smiled, "Okay, I promise you."

Leon took out the phone, "I'm recording it all."

"Okay, go ahead!"

Leon probably couldn't control himself. Otherwise, he wouldn't be so eager.

When she thought of her inability to satisfy Leon, she felt that it was all her fault.

She wanted to hug Leon, but looking at Leon's face, she gave up.

If she hugged him, there might be more problems.

She closed her eyes in peace, but Leon came over and hugged her.

"Alyssa."

"Hmm."

"I'm going to tell you again, when you have children in the future, you can't be with them all the time. Otherwise, I'll throw them all out."

Leon felt bad just thinking that the children would dominate Alyssa. Alyssa was his wife. No one could take Alyssa away from him.

Alyssa frowned. Leon was a petty man.

He made a big deal out of such a trivial matter.

However, she could see that Leon really loved her.

Thinking about it, Alyssa couldn't help but smile.

"Let's sleep! It's getting late."

"Okay."

Only when he got Alyssa's reply did Leon relax. He knew Alyssa would definitely listen to him.

With this problem solved, Leon soon fell asleep. Alyssa couldn't help but sigh as she watched Leon fall asleep. He looked like a big guy, but he was actually a child. He was worried that she would ignore him because of the children. How could that be?

When she saw him sleeping soundly, she turned around and hugged Leon.

Leon seemed to be a little tired and soon fell asleep.

The next few days.

Leon was still very busy. After being watched for so long, he didn't care anymore. Even Alyssa felt indifferent.

Ruby hadn't been feeling very well after dealing with Tony's affairs. With two children still in her care, she was clearly exhausted.

As soon as Alyssa had time, she would go to see the two children. After spending a few days with Andrea and Jacey last time, she especially liked these two children.

On this day, Alyssa came to see the children as she always did.

Before she got closer, she heard the children crying. On top of that, there was the sound of a man arguing.

"What kind of guardian are you? I'm the guardian of the children. This house must be mine."

"The house is not yours. Will you leave? If you don't leave, I'll call the police."

"Call the police? What are you going to call the police for?"

Alyssa walked in just in time to see Kyle drop Ruby's phone.

She saw Kyle throw his fist at Ruby and her face immediately turned grim, "Put your hand down. How dare you!"

Alyssa's voice was not loud. But compared to Ruby's voice, her voice had a huge intimidating power.

When Kyle heard Alyssa's words, he really stopped. But when he turned his head and saw Alyssa, he suddenly laughed coldly.

How dared a woman shout at him?

"Who are you? You're pregnant? What are you doing here instead of staying home to nurse your baby?"

"Do you believe that I can make you never have a boy in your life!" Alyssa's face was terrible. She couldn't accept this man cursing her children. He wanted a boy, but God would never let such a man get what he wanted.

"Bitch! How dare you meddle in our affairs! I am warning you to get the hell out of my way now. If you ever meddle in our affairs again, don't blame me for being rude to you."

"I'd really like to know how you'll be rude to me!"

Kyle walked up to Alyssa and lifted his hand to slap her.

Instead of hitting Alyssa's face, he hit the door.

He screamed in pain.

Alyssa, however, was very happy.

This bastard even hit a pregnant woman. He should have died a long time ago.

Kyle, who hit the door, also had a very ugly face. He glared at Alyssa, "Bitch!"

To be continued
