

Wonder Doctor Chapter 2031

“Friend, don’t speak too harshly, we all came to Immortal Emperor City but for the Opportunity Conference!”

“It’s better to do things for yourself!”

Lin Ran’s voice was bland.

However, Chen Gui did not give him any face at all, and smacked his hand away while saying in a cold voice.

“Leave a line? Who the fuck are you to ask me to leave a line?”

Said Tatsuki with a wave of his palm, pointing at the dueling platform next to him.

“Dare to play with Laozi? A punk at the early stage of the Extreme Dao Realm?”

“I’ll fight you!”

Suddenly, Su Sa who was next to him spoke up.

“You? I think it’s better to forget it, I don’t fight women! If you’re willing to have a drink with me, I’m more than welcome to!”

Chen Gui said and unconsciously licked his lips with a greedy look on his face.

This scene made Su Sa look extremely disgusted, and she directly turned around and walked towards a side table, while saying in a cold voice.

“Give him ten slaps!”

“Er....”

Lin Ran was speechless as he listened, this was to use himself as a robbery!

But they say that women can't be messed with, especially pretty women.

Lin Ran was helpless and could only shake his head at Tatsuki, then went straight up to the dueling stage again.

From afar, Leng Qian couldn't help but glance at Leng Qiu, not understanding what kind of relationship this was.

It was clear that his own cousin seemed to have a somewhat unusual relationship with this Lin Ran.

But at this moment, why was this guy helping another beautiful woman out?

“What are you looking at, that's someone's senior sister!”

Leng Qiu said.

“Ao!”

Leng Qian replied, but the look in his eyes was clearly somehow not too convinced.

The so-called senior sister was nothing more than a fellow disciple of a clan.

The fellow disciples in the cultivation world were different from those on Earth.

The cultivation world is inherently cruel, and it's good that fellow disciples don't fight with each other.

Expecting others to stand up for you was something you almost didn't dare to think about.

"How did this kid get involved with so many beautiful women!"

On the side, Immortal Fox Water also began to mutter in his heart.

But at this moment, Lin Ran really didn't have the time to care about what they were thinking.

This was because at this moment, Tatsuki had also followed him onto the dueling stage.

"Kid, you want to stand out, right? Today, I'll let you understand what it means to have a high degree of authority!"

Chen Gui's eyes were filled with disdain.

Lin Ran, however, waved his hand and said.

"Alright, no more nonsense, let's do it! If I get enough slaps my mission will be done!"

"Seeking death!"

Seeing that Lin Ran was actually ignoring him like this, Chen Gui's eyes instantly turned icy cold, and his entire body lashed out towards Lin Ran and charged straight over.

At this moment, Lin Ran was standing still, calculating in his mind how he was going to hit this ten slaps.

On the surface, Chen Gui's strength appeared to be in the middle stage of the Extreme Dao Realm.

But as a follower of Sword Thirsty, his combat power was definitely not something that could be judged by his surface strength.

For example, Liu Yijian, although his apparent strength was at the peak of the Extreme Dao Realm, his swordplay was really not good.

So when they fought, Lin Ran could easily defeat him.

However, this Chen Gui was different. Although he was a follower, his attainment in the Way of the Sword was also very high due to the influence of the Dagger and Sword Thirst.

Lin Ran quickly noticed this as soon as he fought with him.

But the good thing was that this fellow's strength was only in the middle stage of the Extreme Dao Realm.

So this guy's combat power was actually similar to Liu Yijian's, or at most, a little stronger than Liu Yijian.

If he were at the peak of the Extreme Dao Realm, then Lin Ran would really have to deal with it carefully.

But after all, he was only a middle stage of the Extreme Dao Realm, so Lin Ran's pressure was not that great.

The two had already exchanged no less than dozens of rounds in an instant.

Seeing this, Cinnabar Ghost laughed and said.

“Kid, with this strength you still stand out, you want to slap old me ten times, right? Today I’m afraid you won’t be able to slap me once, so I’ll let old me send you ten slaps!”

With that, Chen Gui sneered, and immediately his palm was like a casserole, and he greeted Lin Ran’s face.

“It’s now!”

Lin Ran had long since mastered this guy’s moveset.

Seeing this, he dodged Tatsuki’s blow with a side-step and flipped his hand to slap Tatsuki directly on the face.

“A crunching sound rang out.

The whole dueling arena fell silent for an instant.

Only not far away, Chen Hu’s fists were clenched and his heart was very upset!

This Tatsuki’s Bamboo, Dagger and Sword were the very people he had roped in.

Although it was their followers who were now being cleaned up.

But at this moment, this situation was somehow showing that the people he had roped in, Chen Hu, were not as strong as this Lin Ran that Leng Qian had roped in.

“Humph! A follower is just a follower, if it was Blade Thirsty and Sword Thirsty themselves, this kid is definitely no match for them!”

Chen Hu consoled himself in his mind.

However the situation in the field was turned upside down with this slap.

The Chen Ghosts were completely enraged by Lin Ran's slap and attacked without any rules, completely playing with their lives as they surrounded Lin Ran.

However, this gave Lin Ran more opportunities to do so.

His stance was already fast, and he had the aid of his divine wings.

After only a few moments, the sound of slaps was heard from the field.

One after another, it was like a firecracker.

The slaps rang out for almost a minute before they suddenly stopped as Lin Ran dashed off the dueling platform.

"Ten times is enough!"

Lin Ran looked at Su Sa and laughed helplessly.

On the other hand, Tatsuki on the field was already enraged and was about to rush off the dueling platform to strike at Lin Ran with a single arrow step.

"Stop!"

From afar, Chen Hu saw this scene and spoke up.

However, Chen Gui was in the middle of his anger and simply did not care.

In an instant, he had already rushed out of the dueling stage towards Lin Ran and killed him.

“This fool!”

Lin Ran laughed helplessly in his heart.

The next moment, a “whoosh” sound broke through the air around the Green Pavilion.

In an instant, a cold aura had already rushed in front of the ghost of Chen.

A long, sharp sword hovered in front of the ghost, and the sharp edge of the sword was aimed at his neck.

If Tatsuki dared to take one more step forward, there was no doubt that the sharp blade would instantly cut through his neck and kill him.

“Get on the dueling platform! Or don’t blame the old man for not being polite!”

An old man’s voice came out, causing Chen Gui to gag at the sound.

This old man was obviously the Green Pavilion’s watcher and was terribly strong!

Cinnabar Ghost didn’t dare to speak until after this long sword slowly faded away.

Only then did he look at Lin Ran with anger in his eyes.

“Kid, if you have the guts to follow me to the dueling stage!”

“Get on the dueling platform? Why? I’ve already finished my ten slaps!”

Lin Ran said with a show of hands.

Only this sounded even angrier to Tatsuki.

“Bastard thing! Fight me to the death if you dare!”

Tatsuki was furious.

Lin Ran, however, smiled and said.

“Are you out of your mind? Tomorrow is the Chance Conference, and I’m looking for you to duel to the death? I’ve had enough?”

“Let’s go!”

Lin Ran said and greeted the crowd as they prepared to leave.

However, just at this moment, Chen Gui suddenly spoke up at Chen Hu who was at the side.

“Young Chen! Are you just going to watch? My young master is someone you’ve roped in, right, don’t you have a word to say?”

The crowd smiled and looked at Chen Hu, only to see that at this moment, Chen Hu’s face was ugly, and after a moment, he answered.

“Since it’s someone that our Chen family has roped in, I naturally won’t leave it alone, brother Lin Ran! Do you have to give me an explanation for this matter today!”

“After all, you’ve beaten up our Chen Family’s guest!

Wonder Doctor Chapter 2032

He naturally has to manage the guests that Chen Hu pulls in.

And this control is also divided into people.

Liu Yijian had also lost to Lin Ran before, but how come Chen Hu didn't care, but now it was to take care of Chen Gui?

Obviously, Liu Yijian did not deserve this.

Since he had lost to Lin Ran, Chen Hu honestly could no longer see him.

Every person who came out of a hidden family had strength he was not sure of, so there were times when he was blocking.

It was just a pity that in the end Liu Yijian did not win Chen Hu's leverage.

And Tatsuki's master, Thirsty Blade was Thirsty Sword obviously won!

So when Lin Ran defeated Liu Yijian, he didn't stand out, but when Lin Ran defeated Cinnabar Ghost, he rightfully accounted for it.

"Joke! What do you want to say, Chen Hu? I can accompany you for a chat!"

Next to him, Leng Qian also stood out when he saw this.

Joking aside, this was exactly the time to show his sincerity towards Lin Ran, so how could he not speak up.

“Leng Qian this is none of your business here, I advise you better not interfere!”

Chen Hu said in a cold voice.

“Don’t interfere? This Chen Gui, if I remember correctly, is just a follower of the man you’ve roped in!”

Leng Qian sneered.

“For the sake of a follower you are going to step in, does it mean that I have to sit back and do nothing even if brother Lin Ran, whom I have drawn in, is being bullied?”

“Do you really want to care?”

Chen Hu’s voice went a few degrees colder.

“Naturally, I have to manage!”

Leng Qian didn’t back down either!

“I’m just afraid that you can’t afford to manage it!”

Chen Hu said as his voice had gone icy cold.

In a whirl, he only saw his palm wave, and instantly a black-robed figure had rushed over from afar.

This black-robed figure Lin Ran and the others had not paid attention to before because his aura was too ordinary.

However, at this moment, after really emitting his aura, Lin Ran and the others were shocked.

This fellow's aura was actually a hundred thousand eight hundred thousand realms long!

"Young Master!"

The black-robed old man rushed towards Chen Hu and saluted respectfully.

Chen Hu, however, didn't even look at him.

"Use the Chen Clan's Kill Word Order and kill him!"

Chen Hu's voice was icy cold.

But as soon as those words left his mouth, the entire gladiatorial arena instantly fell silent.

"The Kill Word Order? What are you trying to do, Chen Hu!"

Leng Qian's face also changed at his words.

The word kill order was a means of the Chen Clan.

In Immortal Emperor City, the four great clans and these auction houses had intricate interests!

And the bosses behind these auction houses often did not want to offend the people of the Four Great Clans.

Young people were fine, but if they came to be one of the more powerful people from the Four Great Clans.

There was no way for these watchmen in the Green Pavilion to stop them.

That is why they have set a rule.

Each clan had a kill order.

As long as the killing order was issued, no matter where they were within the Green Pavilion, they could strike!

And no one would be bothered.

But of course, when it was over, the family that used the kill order would have to pay a corresponding price.

If there were no such restrictions, then the Pavilion would not be a place where the Four Great Families could strike at will.

The price was usually very high, so the Four Great Clans would not use the kill order when it was not necessary.

When Chen Hu proposed to use the kill order, Leng Qian actually understood what this guy was thinking in his heart.

Next to him, Leng Qiu explained the matter of the Kill Word Order to Lin Ran.

As he listened, Lin Ran's face also turned icy cold.

Chen Hu's intentions with this move were too obvious.

Now that talents were surfacing in the entire Immortal Emperor City, it was only natural that there would be some friction and fighting between them.

However, once Chen Hu issued this killing order, it was obvious that he really wanted to kill Lin Ran.

As for the reason, it was simply because Lin Ran could not be used for him.

“Chen Hu! If you dare to use the killing order against Lin Ran, I’ll put my word on it.

“I, Leng Qian, will dare to use the Kill Word Order against your so-called Daggerlust and Swordlust!”

Leng Qian was not polite either.

“Against Daggerlust and Swordlust? Leng Qian, do you think I, Chen Hu, am scared?”

Chen Hu said disdainfully.

“Putting aside for the moment, these two brothers are now living in my Chen family!”

“Just the family behind them, if you dare to move I guarantee you will regret it!”

Leng Qian’s eyes narrowed slightly at his words and he did not say a word.

Indeed, some hidden families were also very powerful.

In the entire Immortal Realm there were a few of these families that were existences that no one wanted to mess with.

At the beginning, the elders of the Leng Family had also warned Leng Qian.

However, no one knew how powerful this sword-thirsty family was after all.

No one could confirm whether Chen Hu's words were a bluff or whether that was really the case.

But if one really kills Blade and Sword Thirsty for the sake of proof, when the time comes, if the other side is really a very powerful hermit family.

That was not something that could be resolved by regret.

"Brother Leng Qian, you shouldn't get involved in my affairs!"

Lin Ran suddenly spoke.

He understood the worries in Leng Qian's mind.

Besides, he was alone, so even if he really offended that hidden family, the big deal was that he could just hide away.

But the Leng family couldn't.

And most importantly, he didn't want to owe anyone any favours.

"Brother Lin Ran!

Leng Qian still wanted to say something.

Instead, Lin Ran waved his hand and interrupted him.

“There’s no need to say more!”

“You two are chatting quite a lot, what about my statement?”

On the side, Chen Hu looked at Lin Ran indifferently.

The black-robed old man next to him, however, had already taken out a token with the word “kill” written on it.

“There is a limit to my patience! You have one more minute to think about what to do!”

“Otherwise, you know the consequences!”

Chen Hu said, sitting down on the side, his face full of playfulness.

On the side, Feng Sui and the others all had icy cold faces.

Feng Sui, in particular, had even gripped the messenger stone he was carrying.

As long as the Chen Family dared to make a move, he would definitely be the first to send the news back to the Feng Family.

Although the Feng Clan’s strength was considerably weaker compared to the Chen Clan.

However, if it really came down to a fish death, the Feng Family would at least be able to give the Chen Family a good deal of heartache for a while.

Lin Ran looked at Chen Hu indifferently and opened his mouth to laugh a moment later.

“No argument, if you want to fight, fight!”

“Good boy! You have guts!”

Chen Hu snorted coldly at this, and immediately waved his hand, and the black-robed old man next to him instantly charged towards Lin Ran.

However, at the same time, Feng Sui and Wolf Ba at the side also met him almost simultaneously.

The strength of the three of them was instantly displayed, and the aura of three hundred thousand eight hundred thousand realm powerhouses immediately shook the surrounding crowd.

Especially when they saw that there were two hundred thousand eight hundred thousand realm powerhouses on Lin Ran’s side, their faces couldn’t help but change.

Who was Chen Hu?

He was the youngest son of the Chen Family of Immortal Emperor City, and he only had one Hundred Thousand and Eight Thousand Realm powerhouse with him when he went out.

But this kid called Lin Ran had two of them by his side, and he was not even inferior to Chen Hu on the surface.

It was even much stronger than him.

“What the hell is this kid’s origin!”

Chen Hu couldn’t help but suck in a breath of cold air when he saw this.

A strong person of the Hundred Thousand Eight Thousand Realm was already a mid-stream pillar in the cultivation path.

There were few people who were willing to be followers of others, let alone those who were weaker than themselves!

The one beside him was specially arranged by his father for his own safety.

It turned out that Lin Ran actually had two of them with him.

“Is it possible that this kid is also a big deal?”

He was also afraid that Lin Ran was too powerful and would offend the forces behind him.

But he didn’t know that Lin Ran had no power behind him other than the Feng family.

It was always just him!

t

Wonder Doctor Chapter 2033

“This Lin Ran is really deep! No wonder he is so domineering, it turns out that he also has his own capital!”

On the side, Immortal Fox Water looked shocked in her heart.

Two hundred thousand and eighty thousand realm powerhouses were following him, a gesture that even she was a little envious of.

Although the four great clans of Immortal Emperor City were very strong, the Hundred Thousand and Eight Thousand Realms were strong people, not slaves!

To get these people to willingly follow an Extreme Dao Realm cultivator, apart from having a powerful background.

He must also be demonic enough himself, otherwise who would be willing to be the follower of a junior!

“This is going to be a good show!”

A smile appeared at the corner of Leng Qian’s mouth.

Chen Hu had scared himself with the family background of Sword Thirsty and Sword Thirsty, now it was good, once Lin Ran had struck this background he was afraid that it would only be stronger than Sword Thirsty and Sword Thirsty.

He had really lifted a stone and smashed his own feet.

“Third Elder, what now?”

Chen Hu secretly transmitted a voice.

“Let’s wait and see what happens! This kid is from an extraordinary background, but our Chen Clan is not something to be messed with either!”

A voice came out, but there was no way to see where this person was!

“Hm!”

Chen Hu nodded heavily at his words, his heart settled with these words from the Third Elder.

The exchange of blows continued in the field, and the black-robed old man faced the siege of two hundred thousand eight hundred thousand realm powerhouses, Feng Sui and Wolf Ba.

There was no room for him to fight back.

The killing order had been used, but the result was a shock.

In particular, Chen Gui, who was standing on the side, looked green in the face.

How could he have ever thought that he would actually provoke such an existence.

The follower beside him was even stronger than the two young masters of his own family.

Su Sa, on the other hand, was sitting on the side quietly sipping his tea, looking at Lin Ran thoughtfully.

This guy had too many secrets on him, and now he even had two hundred thousand eight hundred thousand realm powerhouses following him around, which made her feel increasingly impervious to Lin Ran.

She wondered just how many more secrets were hidden in this guy's body.

The book was a long story short.

The two of them, Wolf Ba and Feng Sui, had beaten the black-robed old man back in almost a few glances.

In the end, Feng Sui even blasted this black-robed old man in the chest, instantly causing a mouthful of blood to spurt out of him.

“Young Master!”

The black-robed old man flew backwards and looked at Chen Hu next to him.

Chen Hu gritted his teeth at this point and did not know what to do.

“Third Elder!”

Chen Hu was busy transmitting his voice.

At this point in time, he was already in a bit of a difficult position.

If he were to stop here, then his Chen Family’s reputation would be weakened by a few points.

But what else could he do if he didn’t stop, even the black-robed old man was no match for these two.

If they continued, they could only let the Third Elder fight.

And once the elders were allowed to make their move, then I was afraid that there would really be no room for reprieve in this matter.

After all, the elders were the mainstay of a family, so if they did not fight, it could be said that it was a petty fight between the youngsters themselves.

But if the elders were to take action, it would probably escalate directly to a feud between two families or even two powers.

This was exactly what Chen Hu was worried about.

This was because he did not know Lin Ran’s background.

“Weng!”

Suddenly, just as Chen Hu was at a loss for words, there was a fluctuation in the space around him, and instantly a figure appeared out of thin air in front of the crowd.

It was an old man, his hair and beard were all red, and he stood there with an extraordinary aura as if he was a statue, inspiring awe.

“This strength!”

Lin Ran frowned as he looked, this old man’s strength was feared to be above the Hundred Thousand and Eighty Thousand Realms.

The aura emanating from his body was much stronger than both Feng Sui and Wolf Ba!

“Third Elder?”

When Feng Sui saw this person, he recognized him at a glance.

“Feng Sui! I didn’t expect that your Feng family was getting more and more regressive as you live, and now you are actually reduced to being a follower to a kid of the Extreme Dao Realm?”

The Third Elder’s voice was icy cold and carried a bit of teasing.

“Doesn’t Third Elder feel that he is slapping his own face when he says this?”

Feng Sui was not moved by anger either, but laughed instead.

“The Third Elder of the Chen Family, an expert of the Star Realm, is actually protecting Chen Hu in secret, what are you doing if you’re not laughing at fifty steps?”

“Joke!”

The Third Elder was not moved by anger either and retorted.

“Chen Hu is the future of my Chen Clan, so it is only right for me to protect him!”

“And you? Is it possible that this Lin Ran is also the future of your Feng Clan? When did the Wind Family have a Lin surname?”

“There is no need for Third Elder to worry about that!”

Feng Sui’s voice was bland.

Seeing this, the Third Elder couldn’t help but frown a few times and spoke.

“How do you want to end today’s matter?”

“That depends on how you want to end it, Third Elder!”

Feng Sui’s voice was bland, while looking at Lin Ran and said.

“Lin Ran is a valued guest of our Feng Clan, if your Chen Clan really wants to silence him, then be prepared to go to war with our Feng Clan!”

“That’s all I have to say!”

The Third Elder’s face became even gloomier at his words.

“You’re threatening me?”

“You can interpret it that way!”

Feng Sui didn't say any nonsense and directly stated his position.

Seeing this, the Third Elder couldn't help but clench his fists a little tighter.

Although there was a huge gap in strength between the Feng Clan and the Chen Clan, they were still an old clan with a deep heritage after all.

If they really fought, it would be a problem for the Chen Family.

Moreover, the current situation in the Immortal World was turbulent, and the Immortal Emperor City Opportunity Conference was a kind of signal release.

To be honest, he didn't want to make an enemy of the Wind Family!

“Elder!”

Next to him, Chen Hu was busy shouting in a low voice.

The Third Elder glanced at him, with the same contemplation in his eyes.

This matter was too involved, but if they were to stop here, their Chen Family's face would really be somewhat disgraced.

“What a wonderful thing!”

Suddenly, a voice came from the side.

Lin Ran and the others turned their heads to look, only to see two gorgeously dressed youths, one carrying a long sword and the other carrying a large sword, walking in.

These two had a stern aura, perhaps because it was related to the cultivation of the Way of the Sword.

The moment they appeared the eyes of the whole room looked over.

“Young master!”

Seeing the two men, the ghost of Chen immediately greeted them.

“What’s going on? I’ve been informed that you’ve been bullied?”

One of the youths carrying a long sword spoke up and asked.

“Yes young master, it’s that kid!”

Without any nonsense, the ghost of Chen pointed at Lin Ran and said.

“O? A brat at the early stage of the Extreme Dao Realm, you’ve let me down a bit, Chen Gui!”

The youth’s voice said icily.

“No young master, this brat is very strong in combat and is good at the sword dao! I’m no match for him!”

Tatsuki said busily.

“Good at the sword dao?”

The youth next to him, who was carrying a long sword, smiled and became interested.

“May I dare to fight with me!”

The youth was very direct!

“Why wouldn’t you dare! A million squares of spirit liquid! Fight if you can afford it!”

Lin Ran’s voice was bland, since he was going to participate in this chance conference, he wasn’t going to hide it, since he was going to fight, he should be completely famous!

“A million squares? What do you think you are?”

The young man with the long sword said disdainfully.

Lin Ran smiled at his words, but he also laughed.

“I don’t know what I am, but I know what you are!”

“You can’t even take out a million squares of spirit liquid, and you’re calling your mother here?”

A man of clay still smells like dirt, let alone Lin Ran being a big living man!

After beating the little one, the big one is still pretending to be a pussy, he really thinks he is a soft persimmon!

Anyone can come up and pinch him twice!

t

Wonder Doctor Chapter 2034

“Sharp-tongued brat!”

A killing intent erupted in the eyes of the longsword youth.

It was obvious that Lin Ran’s words had enraged him.

“Second brother!”

The long sword youth suddenly pressed his brother next to him and spoke.

“Tomorrow is the Chance Conference, we’ll meet sooner or later so why rush this moment!”

He said and looked at Lin Ran with disdain in his eyes.

“But we two brothers really aren’t something that anyone can mess with!”

“Since you’re so powerful, I’ll set up a game that you can break! You’ll leave today, if you can’t break it! You might as well prepare to sleep here for a long time today!”

Said the young man with the long sword, looking to Chen Hu and the Third Elder at the side with a smile in his eyes.

“Both of you, what we talked about before, I promise! But the condition is that your Chen Clan will strike to destroy him!”

“As long as you do, what you want! I will naturally offer it after the Opportunity Conference!”

“Is that true?”

The Third Elder’s eyes lit up when he heard that!

“Naturally, it’s true!”

The young man with the long sword had a smile in his eyes.

On the other hand, Leng Qian Leng Qiu as well as Immortal Fox Shui at the side were looking with a pale face.

This Chen Family was really shameless!

How dare they have a secret deal with a hidden family!

“This is the end, the Chen Family has a deal with the Hidden Family, what will Lin Ran do today!”

Leng Qiu was a little anxious.

“Cousin, think of something quick!”

Leng Qiu was busy urging.

Leng Qian, however, looked with an ugly face and said only after a long time.

“There’s really no way out! The Chen family has a deal with the family behind that Dagger and Sword Thirsty!”

“The Chen family will definitely take desperate measures, even if I inform the Leng family elders!”

“I’m afraid that in the end, the Leng family won’t care!”

“Then we can’t just watch them kill Lin Ran!”

Leng Qiu was completely anxious.

The Leng Family had the interests of the Leng Family, so naturally they couldn’t make too much of a fuss with the Chen Family over the affairs of their juniors!

But Leng Qiu was truly worried about Lin Ran.

“Don’t be anxious yet, don’t forget that Lin Ran is also surrounded by experts!”

“If the Third Elder strikes, there’s no guarantee that Lin Ran doesn’t have equally powerful experts behind him!”

Leng Qian said.

“And what if there aren’t!”

Leng Qiu said busily.

But her heart went cold after that, because Leng Qian wasn’t speaking anymore.

Apparently he didn’t know how to answer either!

“Now we can only pray that he does!”

A moment later, Leng Qian finally spat out the words.

But at this moment, the situation in the field had become tense.

On the side, Su Sa also had no desire to be drinking and got up and came next to Lin Ran.

“You, senior sister?”

Lin Ran looked stunned.

“Senior sister has made a scene, it’s come to this, can you be left to fight it alone?”

Su Sa said.

“But Senior Sister, it doesn’t seem to be of much use to have one more of you!”

Lin Ran said helplessly.

“It’s not much use, but do you have to say it so directly?”

Su Sa gave Lin Ran a blank look.

Lin Ran was also speechless, things had come to this point, what else could he do!

“Senior sister, if things don’t go right later, don’t resist, I’ll take you away!”

Lin Ran said through a voice transmission.

He himself was no fool, if this Chen family really had no shame in making a move against him, then he would have no choice but to run away first!

As for this beam, there would be plenty of opportunities to be able to settle it later!

“Mhmm!”

Su Sa nodded, this was not the time to show off, it was naturally best if Lin Ran had the means to save his life and leave!

It was too late to say anything.

While the crowd was talking, the Third Elder was the one who had suddenly moved.

Without saying a word, without even a sign, he directly lunged towards Lin Ran with a flash of his body.

“Seek death!”

Wolf Ba saw this and directly blocked in front of Lin Ran without saying a word.

“Stop!”

Seeing this, Feng Sui also rushed over.

However, the two of them were only at the Hundred Thousand and Eighty Thousand Realm after all, facing a Star Realm powerhouse who was at full strength.

In almost one glance, in an instant Wolf Ba was knocked backwards and sent flying.

At the same time a mouthful of blood spurted out directly.

Feng Sui was a little stronger, but he only lasted for a moment before his entire body also flew backwards.

“Boss! Quickly go!”

Wolf Ba was in a hurry when he saw this.

Feng Sui at the side even waved his hand and was about to crush the messenger.

Even if this thing couldn't save Lin Ran, if Lin Ran died.

Their Feng Clan would also be at odds with the Chen Clan!

“Ai!”

Looking at the Third Elder who had already rushed closer, Lin Ran also sighed helplessly, his palm already touching the Flame Stone.

This Flame Stone was a life-preserving item given to him by the Zhen Yan Fire Lynx, and once it was used the entire Green Pavilion would be razed to the ground.

Paying for such an important treasure, if he didn't kill this Third Elder as well as Chen Hu, Lin Ran would really feel heartbroken.

However, just as he was about to use this Flame Stone.

Suddenly a black light flashed in front of him.

In an instant, a white mane instantly slapped out and met the Third Elder right in the face.

“Bang!”

The white light instantly collided with the Third Elder, and the next moment the Third Elder, who had been so arrogant, actually flew straight backwards.

At the same time, a mouthful of blood spurted out.

“Who! What man!”

Chen Hu’s face changed greatly at this scene, the Third Elder was so strong that he was actually beaten by the other party and vomited blood in a single glance.

With a quick flash, that black shadow had already reached the chair next to him, while pouring himself a glass of fine wine.

Once the wine was drained, Lin Ran was able to get a clear look at the other party’s appearance.

But after this glance, he froze in his tracks.

“Luo... Luo Kuo!”

The person in front of him was not none other than Luo Khuo.

Back then, Lin Ran had just left the Beast King Domain and had met this Luo Kuo when he was in Beast Hunting City.

This fellow had ignored him back then, causing him to be jerked off by the Wan Family of Beast Hunting City as well as the Dynasty Beast Mountain in an underhanded manner.

I never thought that meeting him again would be in Immortal Emperor City.

But thinking about it, it was normal that this Luo Kuo, who was originally a senior member of the Luo Ran Merchant Firm, would appear in Immortal Emperor City.

“Luo Kuo! You Luo Ran Merchant Firm has to interfere in our Chen Family’s affairs too!”

The Third Elder covered his chest and stood up, with anger in his eyes.

“That’s right, when did your Luo Ran Merchant Firm start meddling in the affairs of other clans too!”

Chen Hu also said angrily from the side.

“What are you! You are also qualified to talk to Laozi!”

Luo Kuo gave Chen Hu a disdainful glance, then looked at the Third Elder and said.

“My lady, she’ll be here soon! I advise you to think about what to say later!”

After saying that, Luo Lulu directly threw the wine cup on the ground and got up to walk towards Lin Ran.

This scene left Leng Qian and Xianhu Shui and Leng Qiu dumbfounded as they watched.

“See, I told you! Little friend Lin Ran must have an expert behind him too!”

Leng Qian said excitedly.

“You pull back! I’m pissed off at you!”

Leng Qiu was helpless, but if it wasn't for the sudden appearance of this mysterious Luo Kuo, Lin Ran would have been in trouble by now!

"Little friend Lin Ran, do you still remember me!"

Luo Qiu stepped forward and said with a smile.

"How could I not remember, but senior Luo Kuo this doesn't seem to be your character!"

Lin Ran laughed, with a bit of teasing in his words.

"Miss will be here soon!"

Hearing these words, Lin Ran already knew clearly that Luo Qiqi was coming!

After holding back for so long, was it finally time to meet today?

Lin Ran found that there was still some tension in his heart.

It had been so many years, and he actually still had nerves!

"Don't make fun of me, little friend Lin Ran, hey! Just because of my mistake back then, I've been grounded in this Immortal Emperor City for so long by the young lady!

"Luckily! Fortunately, you're fine, and today you're finally here, I'm finally liberated!"

Luo Kuo laughed.

And as he spoke, the sound of several to footsteps had come from not far away, Lin Ran looked only to see a silhouette already striding up.

t

Wonder Doctor Chapter 2035

It was a woman dressed in white with a green veil over her face.

Her pace was not fast, but she could be seen to be a little anxious.

Beside her were three other figures.

These three figures were all wearing black robes, and their faces were not clear.

However, the strength of each of them was unfathomable.

Even at this moment, Luo Lulu would not unconsciously feel fear when facing these three people.

“The Three Elders of the Dark Night?”

Seeing these three people, Feng Sui could not help but have his eyes change.

“Young Lord, these three are extremely powerful!”

Feng Sui was busy coming over to remind them.

“How strong are they!”

Lin Ran asked busily.

“These three are all at the realm of Little Perfection, even Immortal Kings have to give a few face when they see them!”

“Immortal King?”

Lin Ran was stunned to hear that, the Immortal King was the son of an Immortal Emperor, to make him even give a few face was enough to see how strong these three were.

But come to think of it, Luo Qiqi supported such a large merchant firm, how could she not have strong people around her to protect her!

“Miss Luo! What do you mean by that?”

The Third Elder’s face was ugly, especially when he saw the Three Elders of the Dark Night beside Luo Qiqi.

He was so frightened that he almost didn’t sit straight down on the ground.

These three people, those were existences that could easily crush themselves to death with any one of them.

Although Roy had brought them along before, those occasions were all very significant!

Today, in the Green Pavilion, for the sake of a single Lin Ran, he actually brought along the Three Elders of the Dark Night, this was too big a face!

“Who are you?”

Luo Yi turned his head to look at the Third Elder, with a question in his eyes.

“I am the Third Elder of the Chen Clan!”

The Third Elder said.

“Ao! Third Elder, so you’re the one dealing with him?”

Roy asked, pointing at Lin Ran who was next to him.

The Third Elder was stunned and said busily.

“No.... No! It’s just some misunderstanding!”

“Misunderstanding? What a misunderstanding! Then I’d like to know what kind of misunderstanding it is that actually requires the use of your Chen Family’s kill-word order!”

Luo Yi’s voice was bland, but he pressed on step by step.

“This....”

The Third Elder was momentarily speechless not knowing how to answer!

“Can’t say it? That’s fine! Then you don’t have to say it!”

Roy said and looked to the side of Luo Kuo’s voice said icily.

“Send a message out! The highest decapitation order of the Luo Ran Merchant Guild!”

“Miss, please say!”

Luo Lulu was busy bowing and kneeling down with a serious face.

The Third Elder on the other side heard this and his whole body trembled.

Since the establishment of the Luo Ran Merchant Guild, the Supreme Decapitation Order had been used once!

The other party was a large merchant bank that was competing with the Luo Ran merchant bank.

The other side was almost killed by the experts hired by the Luo Ran Merchant Firm.

This battle also directly established the untouchable status of the Luo Ran Merchant Firm!

But now, in front of everyone, Roy was once again announcing this order to kill!

“Pass my order down, in this Immortal Emperor City! Whoever dares to make a move against Lin Ran! I, the Luo Ran Merchant Firm, will not rest until they die!”

“Yes!”

Luo Yi’s voice was bland, but Luo Kuo’s blood was boiling as he listened!

Leng Qian Leng Qiu as well as Immortal Fox Shui at the side looked even more dumbfounded.

Once this decimation order from the Luo Ran Merchant Firm came out, Lin Ran could simply walk across the Immortal Emperor City!

Even your young disciples from the Immortal Emperor’s lineage would give him some face!

Not to mention the Chen family!

The Third Elder's face had turned cold as he listened, but he didn't dare to make any sudden moves at all!

The Luo Ran Merchant Firm was no joke!

There was a saying in the Immortal World.

It is better to be an enemy of an immortal than to have bad relations with a merchant firm.

In the former case, you can still hide, but in the latter case, you have nowhere to go!

It was about the immense power of the Luo Ran Merchant Firm.

One must know that the Luo Ran Merchant Guild was spread throughout the entire Immortal Realm.

The Anti-Alliance and even the Beast King's Domain all had a Luo Ran Merchant Firm!

Who would dare to mess with such a wealthy merchant house?

Not to mention taking out all of its wealth, even if it were to take out half of it.

It was likely that even an Immortal Emperor would be tempted to help out once!

And the Chen family? In front of the Luo Ran Merchant Firm, it was simply not enough!

And not to mention, the Luo Ran Merchant Firm was also in good terms with such great figures as Song Nishang and Qin Han.

It may seem like you've offended one merchant, but who knows how many people you've offended!

This was the most terrifying thing about the Luo Ran Merchant Firm.

"Is there anything else?"

Luo Yi turned his head to look at Chen Hu as well as the Third Elder and the others.

"Nope.... It's alright!"

The Third Elder was like a frosted aubergine, not daring to let out even half a fart.

Chen Hu even sighed helplessly as he looked on, knowing that today this was something that he was afraid would spread completely.

The name Lin Ran would also become one of the most resounding names before the Chance Conference began.

With the protection of the Luo Ran Merchant Firm, who would dare to target him? I'm afraid that no one but an Immortal Emperor would dare!

"The Luo Ran Merchant Firm is really generous!"

"But I'm just curious, is it hard to say that we can't make a move against him even inside the Chance Conference tomorrow?"

On the side, Daggerlust suddenly spoke up and asked with a smile.

"As I said, it's in Immortal Emperor City! The Chance Conference is a Chance Conference! If you have the strength I naturally don't care!"

Luo Yi said indifferently.

“That’s good!”

Sword Thirsty said with a guffaw, then gave Chen Hu a disappointed look before turning around and leaving with Sword Thirsty and Chen Ghost.

Lin Ran looked at Roy and at this moment was actually a little unsure of what to say!

“Come with me!”

Roy’s voice was a little shaky, and he also seemed to be trying desperately to suppress the emotions that were about to erupt.

“See you later!”

Lin Ran turned his head and rushed to say goodbye to Leng Qian Leng Qiu as well as Immortal Fox Shui.

He then followed Luo Yi and left.

“Why are you still standing around? Go together!”

Luo Yi rushed at Su Sa who was still dazed at the side.

“O!”

Su Sa nodded, and then followed suit.

....

The group of people soon left the Green Pavilion.

When they reached the entrance, Roy greeted the two of them and boarded a luxurious whisking car.

The front of the carriage was pulled by five beasts with fire flames burning all over their bodies.

And around it was even a team of generals in black armour guarding it.

In the entire Immortal Emperor City, apart from the Immortal Emperor's lineage, I'm afraid that the Luo Ran Merchant Firm had the biggest show!

It could not be helped, who made them rich!

The three of them boarded the whisking car together, and the news about Lin Ran was spreading fast tonight.

Only at this time, Lin Ran was naturally not interested in caring about it.

Like Su Sa, he looked at Roy in front of him, each with his own questions on his mind.

Roy didn't speak as she sat next to Lin Ran and Su Sa sat opposite.

After the car had gone for a while, Luo Yi's entire body leaned on Lin Ran's shoulder.

The palm of her hand even naturally took Lin Ran's arm.

At this moment Lin Ran's whole body couldn't help but tremble, after more than a thousand years, the familiar feeling of meeting again had returned.

It was a pity that this feeling also seemed to have changed.

Luo Qiqi was no longer the little heel sister she used to be!

She had now also become an existence that could withstand one side of the Immortal World.

“You....”

Lin Ran wanted to speak.

Instead, Luo Qiqi made a no-speech gesture and then said.

“Don’t ask or say anything! I just want to spend some time with you quietly like this!”

Lin Ran saw this and stopped speaking.

But at this moment, Su Sa on the opposite side was already looking a little confused.

“What is this? An old cow eating young grass? Luo Yi, the owner of Luo Ran Merchant Firm, must be a thousand years old, right, and she’s actually leaning on the arms of a man a thousand years younger than her?”

“Oh my god! This relationship is too messy!”

Su Sa felt like her world view had collapsed!

t

Although in the Immortal World, everyone is a cultivator looks are easy to change, so generally age will not be an issue.

But the problem was, no one would find someone a thousand years older than themselves!

What the hell were Luo Yi and Lin Ran playing at?

The more Su Sa found herself in contact with Lin Ran, the more she realised that this guy was full of mysteries!

Now that she had met Roy, she didn't expect Roy's relationship with him to be a mystery too!

None of the three of them spoke, and they just rushed along in silence.

Time passed by minute by minute, and Lin Ran didn't know how long had passed.

When the carriage came to a halt, Roy was still leaning on his shoulder, unwilling to get up for a long time.

The opposite side looked at Suza with confusion, but she could not say anything if Roy did not speak.

It was quiet for nearly ten minutes before Roy opened her eyes.

Her aura had clearly changed the moment she opened her eyes.

Lin Ran only felt that her familiar Luo Qiqi was gone, and in her place was a towering powerhouse.

"You've had a hard time all these years!"

Lin Ran lamented in his heart.

He couldn't think of anything else that could make a person's temperament change so drastically, other than the experiences he had had over the years.

"Let's go!"

Roy greeted and took the lead in getting out of the carriage.

Lin Ran and Su Sa then followed suit.

Once they got off the carriage, Lin Ran then noticed that they had actually arrived at the entrance of Luo Ran's merchant house.

Looking at the imposing entrance of the merchant house in front of him, Lin Ran couldn't help but be staggered.

This was a merchant house, but it was built like a palace!

As his eyes swept across, Lin Ran noticed that there were eight guards in armour standing at the entrance of the merchant house.

Each of these men had a powerful aura, with a hundred thousand to eight thousand realms.

"That's quite a big gesture, it's true that if you have money, you can do whatever you want!"

Lin Ran lamented in his heart.

There were only two Hundred Thousand Eight Thousand Realm powerhouses beside himself, and even more so one beside Chen Hu, but the ones watching the door at Luo Ran Merchant were all eight in number.

And that was only on the surface, who knew how many more experts were hidden in secret at Luo Ran Merchant.

“Let’s go!”

Without any nonsense, Luo Yi greeted and took the lead in walking towards the inside.

Lin Ran and Su Sa exchanged a glance and followed suit.

“Miss!”

As they passed the entrance, the guards around them all curtsied and saluted respectfully, shouting.

Roy, however, did not react, as if he was already used to it.

The three of them quickly entered the merchant house, but did not go upstairs.

Under Roy’s guidance, they passed through a corridor and soon a garden appeared in front of them.

“Miss, it’s all ready!”

Luo Lue greeted them from the front, a smile on his face.

“Keep watch here, no one is allowed to come over!”

Roy said.

“Yes!”

Luo Liao was busy nodding.

The three of them went straight to an attic in the garden.

There were three handsome maids waiting here at this moment.

When they saw the three of them arrive, they were busy inviting them to take their seats.

The wine and food were then brought up.

Roy didn't say a word, greeted them and ate alone.

Lin Ran didn't ask too many questions when he saw this, and ate first with Su Sa.

Half an hour later, all three of them had almost finished eating.

Only then did the pretty waiter remove the food.

Roy seemed ready to speak as well, wiping his mouth for a moment to look at Su Sa and said.

"It's been so long since we've seen each other, I didn't expect you to have grown up!"

"Are you sure about the chance meeting this time?"

"Try my best!"

Su Sa said back.

Who could say that they were absolutely sure until the end of the chance conference when there were so many talents!

“Hmm! I won’t say much else, but there’s someone you should pay attention to at the Fate Tournament! This person’s name is Fu Chen!”

Roy said.

“Fu dust?”

Su Sa was stunned, she didn’t seem to know this person.

“This person is also from a hidden family?”

Su Sa asked.

Roy shook his head.

“He’s the son of an Immortal King, and this Chance Conference is likely to be held for him!”

“For him?”

Su Sa was stunned.

“Don’t ask about the specifics, what I know is limited, just that you must pay attention to this Fu Dust and never offend!”

“Why?”

Su Sa asked with a frown.

“I don’t have a good feeling about people from the Immortal Emperor lineage, you should know that!”

“So what?”

Luo Yi looked at Su Sa blandly.

“There are many people under the sky who don’t have a good feeling towards the Immortal Emperor’s lineage, and there are even those who harbour grudges!”

“But what happened? Didn’t the Opportunity Conference still come?”

Speaking of this, Roy poured a cup of wine alone and continued.

“Don’t think I don’t know the purpose of the two of you attending this Opportunity Conference!”

“But everything is all about strategy! If you guys offend this Fu Dust, I guarantee it! You won’t have access to the very core of this Chance Conference!”

“If you want to get to the core, you have to let Fu Dan look after you!”

Luo Yi spoke in a categorical manner.

As Lin Ran listened, he too was suddenly struck by a sudden realization.

The true purpose of the Chance Conference was known only to Immortal Emperors, and the so-called ranking rewards were all just a means of attracting people.

As for the true purpose, no one would know until the Chance Conference was over.

“Leave this Fu Dust to me! You just need to fight for the first place as much as possible!”

Lin Ran suddenly spoke.

Su Sa and Luo Yi both looked at him.

Lin Ran said.

“Since we need to ingratiate ourselves with this Vuduan in order to get closer to our ultimate goal, Su Sa definitely can’t do this kind of thing, so why don’t I do it instead!”

“In the end our real aim is just to win the first place too!”

“If the trouble doesn’t come to us then, what does it matter what his real aim is? Does it matter to us again?”

Roy’s mouth twitched at his words, but he didn’t say anything.

“What you say is also true, let everything be as it is!”

Su Sa said.

The three of them talked for a while longer, and Roy finally spoke up.

“Send Su Sa back to rest!”

“Rest?”

Su Sa was stunned and looked at Luo Yi in confusion.

“Aunt Luo, I should call you Aunt Luo, you’re just going to let me go back to rest?”

“Do you think I can sleep?”

“You’ll have to go even if you can’t sleep! Because what’s coming next is not for you to hear!”

Roy said seriously.

“What is it that I can’t listen to? Su Rou is my master! I know all about your relationship with my master, what is there that I can’t hear?”

“Could it be your relationship with him?”

Su Sa questioned.

Lin Ran sighed helplessly at this, there were too many things about himself and Luo Qiqi Su Rou.

It simply wasn’t something Su Sa could understand!

“Listen, go back! There are really some things you can’t talk about now!”

“If we can save Su Rou this time, I’ll let her tell you everything!”

Lin Ran said.

Su Sa looked at Lin Ran with her silver teeth clenched, she could feel that if she was here, Roy and Lin Ran wouldn’t say the most important things.

Eventually she compromised!

“Yes! I’ll wait!”

After saying that, Su Sa turned around and left the place.

As soon as Su Sa left, Lin Ran couldn’t wait to look at Roy.

“Where did they go?”

“Chaos space!”

Roy said directly without any nonsense.

“Chaos Space? Where is it? Why didn’t you go there?”

Lin Ran asked after him.

“I was too weak for an Immortal Emperor to see!”

Roy wasn’t hiding anything.

“Too weak? What exactly is that place? Will they be in danger?”

Lin Ran said already a little anxious.

“It’s also dangerous and not dangerous, it all depends on what the Immortal Emperor tells them to do!”

Roy said.

t

Wonder Doctor Chapter 2037

Roy said as he poured a glass of wine for both of them before saying.

“I’m glad to see you’re still so worried about them!”

“I’m not just worried about them, I’m worried about everyone!”

Lin Ran said as he took a sip.

“Tell me, what’s going on? When you first mobilised the Eastern Chess King to come to me in East Flag City, why did you end up leaving hastily!”

“It’s a long story!”

There was a profound look in Luo’s eyes, and after a moment he opened his mouth to recount it.

It turned out that back in East Flag City, Luo had gone out of his way to use his connections to get the East Chess King to help find Lin Ran.

But in the end, he hadn’t waited for Lin Ran, but he had waited for news of Song Nuan and Qin Bing.

On that day, news came from Song Nuan and Qin Bing that they had been summoned by the Immortal Emperor.

The purpose of their visit to the Immortal Emperor’s City was well known to everyone.

Every time they were summoned by the Immortal Emperor, they were very nervous.

They were afraid that their purpose would be leaked.

Because of Su Rou's matter, the three of them were actually a little nervous as well.

Because once the three were exposed, the sacrifice was all a small matter, the most important thing was that it might affect the overall layout of the pillow book.

"At that time, the two of them said that the Immortal Emperor had summoned them, so I hurried back."

"Later, I also got the summons and the three of us went to see the Immortal Emperor together."

"But in the end, the Immortal Emperor only left the two of them behind, as well as some other powerful people!"

"Only later did I learn that they were going to Chaos Space!"

Speaking here, Roy took a sip of wine before he continued.

"What's inside Chaos Space I don't actually know!"

"I only know that this place belonged to the very beginning of the birth of the Immortal World!"

"Many powerful immortal weapons and even divine weapons were almost always birthed in this chaotic space!"

"The highest that the foundry masters of the Immortal Realm can forge are only quasi-immortal weapons!"

"And the ones that can be counted as immortal weapons are all things obtained in this chaotic space!"

Afterwards, Roy went over the information he had gathered.

The general meaning was.

In this chaotic space, there were many dangerous places, but equally the chances were also great.

In some of the cracks in space-time, there were even hidden divine weapons.

Whether Ken could bring them out or not would all depend on his own ability.

“Of course, Song Nuan and the girls were definitely not sent to Chaos Space for these immortal artifacts and divine weapons!”

“But what exactly the purpose is, I don’t know!”

Lin Ran’s brows had furrowed together when he heard this.

“Do you think that the core secret of this Opportunity Conference could be this Chaos Space?”

“It’s possible!”

Roy nodded his head.

Lin Ran already understood in his heart when he heard this.

This Opportunity Conference might just be a chance for others.

But to himself, it wasn’t just a chance to be able to save Su Rou.

It was likely still a chance for himself to gain insight into what was actually in this chaotic space.

“What you said before is good, it’s best to let Su Sa fight for the first place while you find a way to find Fu Dust!”

Roy said suddenly.

“Why?”

Lin Ran was puzzled.

“Because if the purpose of the Chance Conference is for the Chaos Space, then you must find a way to blend in!”

“Song Nuan and the girls have been in Chaos Space for many years!”

“If in don’t find a way to get in to find them.”

When he said this, Roy’s eyes were also red.

“I understand!”

Lin Ran nodded his head.

He was finally seeing the situation at hand clearly.

It wasn’t at all that he could choose whether or not to search for this Voodoo Dust.

Rather, one had to go searching for it.

Because if you didn't look for it, then it was likely that you would miss out on the chaotic space.

And if you miss it, I'm afraid that Song Nuan and the others will never know how he will be in his lifetime!

"Alright, I've said all I need to say, so it's time for you to talk about your business!"

Luo Yi looked at Lin Ran, his eyes hooded with some watery mist.

"My business isn't easy either, it's better to let them talk about it!"

Lin Ran said with a wave of his hand, and instantly Wolf Buster Li Ba and the others were all moved out.

"Qiqi!"

"Sister Qi!"

Seeing Luo Yi, Wolf Ba and Li Ba both got excited as well.

Little Nine even directly jumped into Luo Yi's arms.

"Little Nine!"

Luo Qiqi's eyes were also red.

"I didn't expect you all to come!"

Luo Qiqi said excitedly.

“We all ran into the boss, so we followed him all the way here!”

Wolf Ba laughed.

“Hmm! Where’s Yu Chang?”

Luo Qiqi asked.

Wolf Ba was here, how come she hadn’t seen Yu Chang? She remembered that the two had left together at the beginning.

“He went on a tour, and we parted ways afterwards!”

Wolf Ba said.

“So!”

Luo Qiqi was a little disappointed at her words.

Their group, if it wasn’t for Lin Ran’s resurrection, might not have met for a long time.

Unexpectedly, they were now meeting again.

“Right, I also met Leng Zhan and the others, but now they have a special status, so I didn’t let them come with me!”

Lin Ran suddenly said.

“Leng Zhan? Holy shit, then we’re almost all together in this group, right!”

Wolf Ba said excitedly.

Li Ba also nodded.

“Sort of, but how we’re going to leave the Immortal Realm, we don’t know yet! So there’s no rush then!”

Lin Ran said.

When the crowd heard that they could leave, they couldn’t help but be excited, and honestly who didn’t want their home.

The crowd was gradually getting lively as well.

Luo Qiqi had the maids serve a lot more food and wine.

The crowd ate until late at night, when they all dispersed.

Lin Ran, led by Luo Qiqi, went to a balcony in the attic.

At this point, only the two of them were left, and Luo Qiqi finally couldn’t help herself and jumped straight into Lin Ran’s arms.

“After all these years, you’ve finally come back!”

“Yeah, I didn’t think I’d be able to come back to life either!”

Lin Ran cried and laughed.

Who would have thought that an elixir back on Earth would have allowed him to actually be reborn in the Immortal World.

“Now that times are turbulent, I don’t know when I can go back!”

Lin Ran lamented.

Luo Qiqi, however, looked at Lin Ran and said seriously.

“You really want to go back?”

Lin Ran was stunned.

“Don’t you want to?”

“Of course I want to, but have you ever thought about it?”

“We’ve been in the Immortal World for thousands of years! Going home! Is there still a home?”

Luo Qiqi’s words were like an explosive thunderstorm that instantly struck Lin Ran’s mind.

Yes! One had been in the Immortal World for so long.

He had been asleep for a thousand years, so what did Earth look like now?

Did one still have a home?

“No matter what, we have to go back!”

“Even if there’s no home anymore!”

Lin Ran had determination in his eyes.

This was his obsession, and he had to go for it!

“Alright, let’s not talk about that, it’s getting late, tomorrow is the Chance Conference!”

“I still have one more thing I need your help with!”

Lin Ran said as he changed the subject.

“What is it you say!”

Luo Qiqi asked busily.

“I’ve cultivated a technique and need two materials, see if the Luo Ran Trading Firm has any!”

Lin Ran said as he wrote out the two materials.

Heck that was none other than the materials for the Art of Undying, the Water of Rebirth as well as the Hidden Spirit Fruit!

“Water of rebirth? The Hidden Spirit Fruit?”

Luo Qiqi looked stunned, then thought for a moment and said.

“Both of these things are very rare, especially the Hidden Spirit Fruit, after all these years the Luo Ran Trading Firm has only received one, which was later bought away by the Immortal King!”

“This Water of Rebirth is fine, I’ll have someone check it out and they should be able to buy it!

t

Wonder Doctor Chapter 2038

“Try as much as you can, one is one!”

Lin Ran said.

He hadn’t expected to be able to put it all together at once.

It was just that he was afraid that there would be variables after the Chance Conference, so he also wanted to practice this Immortality Technique sooner.

If he completed it, he would have a way out by then.

The day dawned.

At dawn, news came from Luo Qiqi that the Water of Rebirth had been found.

As for the hidden spirit fruit, there were no surprises, it had still not been found!

But with the Water of Rebirth, Lin Ran was already satisfied.

It was already dawn, and Lin Ran was finally setting off with the group.

Luo Qiqi personally sent Lin Ran off.

The group headed towards the largest square in Immortal Emperor City in great numbers.

Because the commotion was too big.

So along the way, almost everyone who passed by would point and whisper.

“That’s the Luo Ran Trading Firm, it’s amazing!”

“Isn’t it, look at the mounts pulling the chuck wagon, they are at least at the Extreme Dao Realm!”

“It’s simply terrifying, hey hey you guys look at that cart that should be Lin Ran!”

“Most likely!”

“Yes definitely, the one who made the Chen family suffer a big loss last night!”

“So jealous, how come the one sitting in that seat isn’t me?”

“You? You’d better wash up and go to sleep!”

Lin Ran naturally didn’t take the crowd’s chatter to heart, he had experienced too many things himself in the past few years.

His state of mind had long since been beaten into a very light hearted state.

The largest square in Immortal Emperor City was located right in front of the Immortal Emperor’s palace.

Here, a huge statue stood.

The carving was of none other than the Immortal Emperor himself.

Because back when the Immortal Emperor had just come to power, many people still only recognised the old Immortal Emperor in their hearts!

After all, one had unified the entire Immortal Realm, while the other merely controlled only the Immortal Emperor's Domain.

So the achievements between the two were not equal in a way.

The Immortal Emperor Fulong had built a huge statue here in order to secure his position as soon as possible.

The symbolism is that a new emperor has risen.

And this place has gradually turned into a scenic spot in Immortal Emperor City.

At this moment, the entire square was covered with a sea of people.

A large number of cultivators seemed like ants, crowding the entire square to the point of overflowing.

In the midst of the crowd, a silhouette was looking around, and beside her stood three other figures.

These three figures were all dressed in black robes, and their faces could not be seen clearly.

But if Lin Ran was here, he would definitely be able to recognise them, as these three were none other than the three Leng Zhan.

“Three uncles! No luck! Who the hell are you talking about!”

Qian Ying turned her head to look at the three men and asked.

“Don’t be anxious, he’s not here yet!”

One of them said.

“Hey hey here it comes!”

Suddenly another man next to him exclaimed.

Sinn Ying turned her head to look and saw a large group of people swarming towards the square in great numbers.

And the few people at the head of the group were none other than the people from the Luo Ran Trading Firm.

“See, it’s that young man sitting in the chuck wagon!”

“Him? Isn’t his name Lin Ran? I heard all about it last night! About him and the Chen family!”

Sinn Ying said.

“Right! His name is Lin Ran, remember that, when you find him later find a way to follow him all the way!”

The black shadow man said.

“No three uncles, you guys know him? Let me follow him you guys aren’t afraid that something will happen!”

The shadow man said in confusion.

The three men smiled but looked at each other then laughed.

“Only good things will happen to you if you follow him, nothing bad will happen! Because he’s a good man!”

“Well, we have to go, someone is coming out of the palace!”

The three said as they rushed at Qian Ying with a final admonition, and then left.

Qian Ying looked in the direction where Lin Ran was, and when she saw him get out of the carriage, she walked over too.

Lin Ran hadn’t realised until now that he was being watched.

“Alright, let’s send it here! Let’s talk when I come out of the Chance Conference!”

Lin Ran and Luo Qiqi said goodbye.

Luo Qiqi nodded, but there was clearly a watery mist of reluctance in her eyes.

It said it was the Chance Conference, but who knew how the selection was actually done! Would there be any danger?

If Lin Ran didn’t have a reason for having to participate, Luo Qiqi really wanted to take him away with her.

After bidding farewell to Luo Qiqi, Lin Ran took Li Ba directly to the square.

There was a rule at this Chance Conference that each person could only bring one person whose strength did not exceed the Extreme Dao Realm to participate.

Therefore, Lin Ran had brought Li Baba alone.

Of course, Little Nine and Li were naturally still with him.

Little Nine was a fellow demon stone, while Li Li was a magical beast, which was still not against the rules of the tournament.

Lin Ran even saw that some people were sitting directly on their mounts, so apparently these magical beasts could be brought in too!

“Rumble!”

Suddenly, the doors to the Immortal Emperor’s palace in front of them opened.

Instantly a line of armoured generals rushed out in a mighty rush.

And in one of them was a middle-aged man sitting on a carriage with a unique aura and a gaze like a dragon.

Where he swept past, it was as if a king was sweeping the world.

“This is Immortal King Fu Gu?”

Lin Ran’s eyes narrowed slightly as he looked, and indeed a kingly aura was overbearing.

This kind of aura was often only bred by such people who had been in high positions for a long time.

In ancient times, this kind of aura was known as Dragon Qi.

Only those of the royal family had it.

Immortal King Fu Gu swept his gaze over the crowd, then with a slap of his whisker his entire body rushed into the air.

He hovered in space and suddenly spoke.

“Everyone is all here, right! Then I’ll talk about the rules!”

“Hey! Hello!”

Lin Ran was stunned, he was listening to the Immortal King talk about the rules of this Opportunity Conference, when a woman’s voice came over to his ears.

“Who is it?”

Lin Ran turned his head to look and found a woman about Su Sa’s age, standing next to him.

Su Sa did not come with Lin Ran this time, as Lin Ran was going to approach this Fu Dust.

And Su Sa only needed to compete for first place, so the two did not come together.

But who was this woman who had suddenly appeared?

“Hello, my name is Linglong! You should be called Lin Ran!”

The woman smiled.

“Linglong?”

Lin Ran was stunned at her words.

“They’re the ones who told me to come and find you!”

Linglong pointed to the three figures in the crowd at the back and said.

Lin Ran looked over and instantly understood.

These three were none other than the three Leng Zhangs.

So this Linglong didn’t need to think that it was the disciple that Lin Ran and Long Ya had taken in.

“Hello! I’m Lin Ran follow me!”

Lin Ran said helplessly.

These three were really good at finding things for themselves, this was good, Su Sa wasn’t following himself.

As a result, another Linglong had come along.

“What? Seeing how reluctant you are, I’m at least a pretty girl alright!”

Linglong was a little displeased.

“No, just follow!”

Lin Ran didn't bother to say more.

“Hey! They said you're a nice guy, why don't I look like that!”

Linglong said.

“I... How come I don't look like a good person?”

Lin Ran was speechless.

“It's not! Good people are usually ugly!”

Linglong said with a straight face.

Lin Ran was completely speechless and said.

“Then you've seen too little, I'm a good person and I'm handsome too!”

“Also I say Linglong beauty, can you be quiet for a while, before not listening to the rules, we go in and touch the elephant blindly?”

“Ao!”

Linglong sniffed and spat out her tongue, not speaking at that moment.

The two looked at Immortal King Fu Gu together and listened carefully to the rules.

t

Wonder Doctor Chapter 2039

Immortal King Fugu hovered in mid-air, his whole being like a king overlooking the earth, looking down on the world.

His voice rumbled in everyone's ears.

"In this chance meeting, participants must enter within this scroll of the Tai Cang Diagram in my hands.

"I'm sure you all know the legend of the Tai Cang Diagram very well, so I won't say any more and remind you here!"

"Within the Tai Cang Diagram is a small world that contains life!"

"Because of the ancient battle, the energy of the Tai Cang Diagram was so consumed that the life within it was nearly extinct!"

"It took so many years for it to come back to life!"

"Therefore, this time when entering the Tai Cang Diagram, no one is allowed to harm the life inside!"

"If not, they will be directly disqualified!"

Disqualified?

Lin Ran was stunned at his words, he had heard before that the Tai Cang Diagram was a small world inside.

He had thought that he might have to face the threat of the natives inside this time.

Unexpectedly, the Immortal King had actually set this rule directly.

In that case, the natives inside no longer seemed to be a threat.

However, when one thought about it, the number of people participating in the Opportunity Conference this time was probably as many as a hundred thousand.

If such a large number of people were to go in and sweep through, I'm afraid that the entire Tai Cang Tu would simply become a dead tu with no one living in it.

"Alright, let's get down to business!"

The Immortal King's voice boomed as he continued.

"The rules of this Opportunity Conference are very simple!"

"Within this Tai Cang Diagram, there is a Tai Cang Mountain with a total of one hundred Gates of Chance on top of the mountain peak."

"To open the Gates of Chance, you need a thousand letter talismans!"

"And for these amulets, you will have to go and grab them from others, one piece from each of you!"

One piece per person? A thousand of them?

Lin Ran was stunned, wouldn't that mean that each person would have to go and defeat a thousand people before they could open a Gate of Chance.

This was quite a fierce fight.

“Of course, this Gate of Chance also has a ranking, from the hundredth to the first, the higher the strength required to open it!”

“Each Gate of Chance corresponds to a ranking, and what is placed inside is the reward for this Chance Conference!”

The Immortal King said here, with a wave of his palm instantly the Tai Cang Diagram had been thrown into mid-air.

“Without further ado, the time to enter the Tai Cang Diagram is one hour!”

“Let’s begin!”

As the words fell, the Tai Cang Diagram instantly unfolded, its size actually directly covering the entire square.

“Take this!”

Lin Ran turned his head and handed out a stone at Linglong.

“This?”

Linglong was stunned.

“The sensing stone, this Tai Cang Tu can’t possibly have crowds of people in groups, it must be a random teleportation!”

“When you get inside, come find me if you still want to follow me!”

Lin Ran said.

“Looking for you? Hey, I’m a girl, shouldn’t you be the one looking for me?”

Linglong was puzzled.

“I’m not available!”

Lin Ran said blandly.

“You!”

Linglong was so angry that she stomped her foot, actually asking herself, a girl, to take the initiative to look for you?

That’s simply too straight!

“I really don’t know why Uncle Leng and the others want me to follow this wooden head!”

Linglong pouted.

Lin Ran, however, didn’t say much as the Tai Cang Diagram above his head had already fully unfolded at this moment.

A huge white whirlpool had already emerged.

And at this moment, people had already started to rush towards this vortex.

“Set off when you’re ready!”

Lin Ran gave a final reminder and turned his head to look at Luo Qiqi, Leng Zhan Wolf Ba and the others in the distance, before turning around and rushing directly towards the vortex.

“Damn it!”

Linglong was furious, and with a grit of her teeth, she could only follow.

A full hundred thousand people, all surging towards the Tai Cang Tu, the scene was simply as spectacular as it could be.

If this Tai Cang Diagram wasn’t a quasi-immortal weapon taken out by an Immortal King, I was afraid that many people would feel that this Tai Cang Diagram would be crushed by so many people.

The moment he entered the vortex, Lin Ran only felt a buzzing around him, and the next moment his entire body lost consciousness.

After an unknown amount of time, when Lin Ran woke up again.

He found himself deep on an isolated island.

The entire island was small, only a dozen square metres or so.

Outside the island, there was a lake.

Beyond the lake was the mainland.

Lin Ran was not in a hurry to leave the isolated island, he first sensed Linglong’s location and found that she was not too far away from him, so his heart was relieved.

“Tai Cang Mountain is usually located in the middle of the Tai Cang map, and my current location is to the west! Let’s rush towards the east first!”

Lin Ran roughly judged his position and then set off.

Since Linglong was behind him, he was not in a hurry to hurry and was waiting for Linglong as he did so.

According to the rules set by the previous Immortal King, one could only stay within this Tai Cang Tu for a maximum of one year!

That meant that if one did not get a chance within a year, then one would have no chance at all.

Of course, if all one hundred Gates of Chance were opened early.

Then the Chance Conference would also end prematurely.

So everyone didn’t dare to slacken off.

Even though there was a year, who knew if there would be a very powerful and strong person who would be able to open the Gates of Chance in advance during this year.

“Weng!”

Suddenly, just as Lin Ran was rushing along, two names popped out of thin air above the sky.

“Daggerlust: number of talismans fifty-one!”

“Swordlust: number of talismans fifty-one!”

There were still statistics?

Lin Ran looked stunned, one of these fifty-one was bound to be their own.

That meant that these two people had already robbed a full hundred people of their messengers.

When he looked around himself, there was not a single person in sight, Lin Ran couldn't help but be speechless.

There were times when luck was indeed a part of strength.

“Buzz!”

Just as Lin Ran continued his journey, another name suddenly popped up.

“Heavenly Wolf: Number of talismans twenty-one!”

Sky Wolf? Who was this Sky Wolf again?

As he watched an unfamiliar name start to pop up, Lin Ran couldn't help but feel sad.

This Opportunity Conference was truly a crouching tiger hiding dragons, it had only been a short time since the start of the competition and it was already so fierce.

In order to prevent any ambushes around, Lin Ran deliberately called out Li Baba as well.

Li B was also at the peak of the Extreme Dao Realm, and would undoubtedly be a powerful helper within this Tai Cang Tu.

The two of them hurried all the way towards the front.

Lin Ran could feel that Linglong was also rapidly approaching towards him behind him.

It was just that this ninny's speed seemed somewhat abnormal, as he had already slowed down his speed.

But she still hadn't caught up, always walking and stopping!

It was as if she was shopping.

"Let's ignore her for now!"

Lin Ran thought to himself, by now he had reached the foot of a hill, which wasn't too small and it would be a bit of a waste of time to stop.

Lin Ran planned to go up the hill first and look around before deciding if he should stay and wait for her.

With this in mind, Lin Ran was already rushing towards the hill.

Li Ba followed closely behind, however, not long after he had rushed up the hill, Lin Ran suddenly stopped in his tracks.

"Boss, what's wrong?"

Li Ba asked.

"Be careful there's someone here!"

Lin Ran lowered his voice and said.

Li Bashi sniffed and was busy looking, and he really found that there were many footprints in front of the hill.

There must be at least a dozen of them!

t

Wonder Doctor Chapter 2040

“Walk over and take a look!”

Lin Ran greeted.

Li Ba nodded, and without any nonsense, the two of them immediately felt their way towards the front.

The entire hill was empty, and it didn't look like anyone was there anyhow.

However, the footprints that appeared out of nowhere were very clear.

Lin Ran and the two of them lowered their breath and felt their way towards the front, and indeed, in less than ten minutes, they saw them.

On the other side of the hill, a dozen or so people were surrounding three people in the middle.

These three men were all sitting on the ground, with resignation written all over their faces.

And when Lin Ran saw these three people, he couldn't help but look stunned.

Because he realized that he actually knew all three of these people!

“How come it's them?”

Li Ba, who was next to him, also exclaimed in shock.

The three people who were surrounded in the middle at this moment were none other than Mai Yang, Mai Shen, and Bai Qiu, one of Leng Qiu's suitors.

"Boss, what should we do? Should we make a move?"

Li Ba asked from the side.

He knew that these three people had some problems with Lin Ran, so it was questionable whether Lin Ran would make a move or not.

"Let's wait and see first!"

Lin Ran said.

To be honest he didn't want to make a move, he wasn't a saint either.

When he was in East Flag City, these three guys hadn't targeted themselves much.

Especially this Bai Qu, because of him, he had even been targeted by Bai Chang at the Sword Immortal Sect.

Although these things weren't on Lin Ran's mind, it didn't mean that he didn't remember them.

Moreover, this Chance Conference was supposed to be about the word chance.

Whoever made it to the end would be based on their own abilities.

Lin Ran was not obliged to help them either.

“Linglong should be arriving soon, we’ll leave as soon as she arrives!”

Lin Ran said.

“Good!”

Li Ba naturally had no problem with this.

However, just as Lin Ran was about to leave.

Suddenly, one of the leading youths in the crowd actually fished out a dagger from his arms!

“Hm?”

Lin Ran frowned as he looked.

What did the other side mean by this?

Lin Ran kept an eye on the changing message overhead.

Mai Shen’s trio’s messenger had obviously been snatched away.

But why had this guy even taken out his dagger?

“Boss! That man has risen to kill!”

Li Ba frowned and said.

“Can one still kill within this Tai Cang Tu?”

Lin Ran’s face also turned ugly.

“The Immortal King doesn’t seem to have said that one can’t kill! It only says that you can’t make a move against the natives here!”

Li Ba said.

While the two were talking, the youth in front of them had already copied the dagger and slashed towards Mai Shen’s neck.

“Bastard!”

When Lin Ran saw this, a nameless fire came out, and the next moment, his whole body was like an arrow rushing towards the other party.

“Go!”

With a wave of his palm, an instant sword mane went straight at the youth?

“Who?”

The youth was also startled and immediately put away the dagger in his hand and dodged it.

“Bang!”

The sword mane instantly struck an empty space, and the youth and a dozen other people all looked towards Lin Ran.

“Deceased.... Older brother?”

Seeing Lin Ran, the three of them, Mai Shen, were visibly stunned.

“My name is Lin Ran!”

Lin Ran glanced at the three men, his voice bland.

“Lin.... Lin Ran?”

The three were all confused at the words.

Bai Qiu, in particular, asked incredulously.

“What did you say? Your name is Lin Ran? The one who was personally sought out by the Eastern Chess King back in Eastern Flag City?”

“Yes!”

Lin Ran nodded his head.

“The Lin Ran who made even Chen Hu suffer last night?”

Bai Qu asked again.

“Yes!”

Lin Ran nodded his head.

“You!”

Bai Qu immediately broke into a cold sweat as he listened.

Let’s forget about the highest decapitation collar that Merchant Luo Ran had awarded Lin Ran last night.

Just being in East Flag City, where East Flag City could even personally send someone to look for him, this status was already not an existence he could mess with.

“You ”

“You just don’t you you!”

On the side, Mai Shen was still sober and was busy looking at Lin Ran.

“Brother Lin Ran, what happened before was our fault, please help us out!”

“Yes brother Lin Ran, before in Xue Cheng, I was. I was wrong brother!”

Mai Yang really couldn’t make it up, in Xue City he was close to leading people to storm straight into the Xue family to find someone.

Even because of him, Lin Ran was almost killed by Fang Ye.

“Alright!”

Lin Ran glared at the three before turning his head to look at the youth next to him.

“Whose men are you?”

“Kid, I advise you to get lost if you’re sensible, Laozi is one of Young Chen’s men!”

The youth’s face was icy cold, and it was obvious that he might make a move at any moment.

“Chen Hu?”

Lin Ran asked.

“Good to know!”

The youth had smugness on his face.

The Chen family, one of the four great families of Immortal Emperor City, that wasn’t something that anyone dared to mess with!

“Ao so, let me ask, is it possible to kill someone in this Tai Cang Tu? You should have already robbed them of their amulets!”

Lin Ran asked.

The youth couldn’t help but laugh at his words.

“I say Lin Ran, aren’t you, you’re a fool! Did the Immortal King say that you can’t kill anyone within this Tai Cang Tu?”

“Besides, I told you to get lost that was because I didn’t want to kill you, you and my young master will naturally seek you out for your grudge!”

“If you’re talking nonsense with me here, believe it or not, I’ll just chop you up!”

Lin Ran smiled at his words.

“Where did you get the confidence? Your young master didn’t even manage to chop me up, just you?”

“Besides, everyone came to the Chance Conference just for the chance!”

“It’s even better to rob the talisman and kill someone, don’t you think you’ve gone too far?”

“Too much? I think you’re just fucking tired of living!”

The youth said angrily, and the next moment his dagger was put away with a flip of his palm, replaced by a large knife with a cold glow.

“Kill him for me!”

The youth greeted, while at the same time rushing towards Lin Ran first with an arrow step.

“A quick battle!”

Lin Ran said indifferently, and Li Ba next to him was busy nodding his head at his words.

These people were only at the peak of the Three Dao Realm, and they were bullying Mai Shen’s trio for the sake of having more people.

In front of Li Ba, they were not enough to be seen.

In almost one glance, Li Ba had already toppled the leading youth to the ground.

Lin Ran didn't bother to care and came next to Mai Shen's trio and asked.

"There's no danger to your life, right!"

"Nope.... No."

Mai Shen's old face was a little embarrassed.

Mai Yang and Bai Qu at the side were even holding their old faces red, unable to say a word for half a day.

Back in the day, when Lin Ran was still in East Flag City, his strength was even inferior to theirs.

But it had only been a few years? Lin Ran had already reached the Extreme Dao Realm, while they were still at the Three Dao Realm.

There were times when talent and luck were all part of cultivation.

"Boss, it's done!"

In just two minutes, Li Ba came back, by now with a large string of messengers in his hands.

"Where are they?"

Lin Ran turned his head to take a look and found that all those people had unexpectedly disappeared.

"Ao, I was afraid they would turn around and join Chen Hu in looking for trouble, so I told them to get out!"

Li Ba said.

Lin Ran nodded at his words and looked at Mai Shen's trio and said.

“You guys should go too, I can save you once, but I can't save you a second time!”

“No, brother Lin Ran, we do want to leave, can you see if you can return that amulet.”

Mai Yang said with some embarrassment.

“What did you say?”

Lin Ran smiled at his words.

“Don't even think about these amulets, if I still exchange them for you, why would I save you?”

With that Lin Ran turned around and walked away, not bothering to bother with these three people anymore.
