how can that be?

“The Wrifill Xia Family, after hearing the Fenghua Group's public speech, Father Xia's old face was pale, and there was undoubtedly a storm in his heart. You know, since the Haitian feast, Father Xia wants to rely on his granddaughter Xia Xue and Mark. The friendship between him has brought him closer to Mark. Therefore, during this time, Father Xia undoubtedly bet heavily on the Mufan Group. Many of the Mufan Group's industries, the Xia family have invested heavily in it. Before the Xia family, it was even more free. He gave Mark a jade worth hundreds of millions. What did he do for Mark so much to please the Mufan Group? Isn't he expecting that in the future, after the Mufan Group dominates Noirfork, he can give them a mouthful of the Xia family? Soup. But now, Mark has fallen, and the once beautiful Mufan Group has to be bought at a price. This is undoubtedly a fatal blow to the Xia family. It can be said that if what Lu Mingfeng said is true, before Xia What the family said will undoubtedly be in vain. “Grandpa, maybe not.

“Mr. Chu, a man of greatness, it's impossible to fall so easily.”

Xia Xueqiao paled and said in fear. However, Father Xia shook his head. “Before this, I thought so too.

“But now, I'm afraid it was Mr. Chu, who really fell.

“The old man Xia's face was solemn, and in the deep words, there were endless worries. Before that, the news of Mark's accidental death had spread all over the city. But there was no basis for things, few people believed. Now, this Lu Mingfeng has made this statement directly public. “If he is not fully certain, it is impossible for him to tell the story of Mr. Chu's fall in such a high profile.

“It's even more impossible, threatening to acquire Mufan Group.”

“Because he behaved in this way, which is tantamount to directly challenging Mr. Chu’s position as the Noirfork Supreme.

“Furthermore, after subverting the Haitian Feast, Noirfork formed the power structure!”

“The old man Xia said in a deep voice, and all the elders around the Xia family were panicked, with cold hands and feet. Xia Xue was even more panicked. “Could it be that Noirfork is really going to change the sky?”

This night, similar scenes appeared everywhere in Noirfork. “Dad, is this true?”

“My Brother Mark is dead?”

After Greg Shen learned of this, he didn’t care about playing with the sister who had just been out of the bath. He hurried back to the family when he picked up his pants and asked Shen Jiuyi in person.

Shen Jiuyi’s face was definitely not good. He didn’t answer Greg Shen’s words, but put on his shoes and ordered people to drive to Li’s Manor.

“If you want to know the answer, just follow me.”

After all, Ericson and three are Mark’s confidants.

If Mark really had an accident, it’s impossible for Ericson to know!
