## Chapter 2043

But unfortunately, Shen Jiuyi and the others didn't even enter the door, let alone find Ericson to confront him.

“Damn it!” “The two of Lu Mingfeng and Xu Shaohua are really deceiving too much.”

“Relying on their own background, they are rampant in Noirfork.”

“I still pretend to buy Mufan Group?” “What should I do now? , Things are completely out of control.”

“Waiting for tomorrow, I am afraid it will be more difficult to deal with.”

When the whole Noirfork was in a hustle and bustle, the three of Ericson and Chen Ao met secretly in a hotel in Wrilfill. .

In fact, as early as a month ago, Lu Mingfeng and the others had already contacted Ericson and the others.

These people are not Noirfork people, but have Yenching background.

The first sentence they and Ericson et al. saw was to make Chen Ao and the three surrender and use it for them!

Ericson and three naturally refused.

Mr. Chu treats them very well. Now that Mark has just fallen, how could they turn to serve his master and cross the river to demolish the bridge?

At that time, Ericson and others thought that after they refused, Lu Mingfeng and the two would retreat and would no longer think about setting foot in Noirfork.

But then Ericson found out that they were wrong.

Wrong!

In the next January, Lu Mingfeng and others used their strong background and monstrous connections to conquer the city in Noirfork.

Where the edge is heading, it is the Mufan Group founded by Mark!

At that time, Ericson and the others realized the wolf ambition of Lu Mingfeng and Xu Shaohua.

What they are trying to do is by no means money interests.

Rather, you want to be the co-master of Noirfork and replace Mark!

This month, Ericson and others tried various methods to fight against it.

But as a result, it is still difficult to save the overall situation.

In today's Mufan Group, all industries have almost fallen into the hands of Fenghua Group.

Now, they even initiated the acquisition of Mufan Group, deliberately destroying Mufan Group!

Originally, Ericson and others planned to use the name of Mr. Chu to unite multiple forces to fight against Fenghua Group.

But now, as Lu Mingfeng publicly broke the story of Mark's fall, the last way for Ericson and others was undoubtedly blocked.

Seeing that the Mufan Group was over, Ericson and the three people naturally felt anxious.

Gather here at this time to discuss countermeasures.

"Or, let's ask Miss Qiu to make a statement."

"Say Mr. Chu is still alive and sue Fenghua Group for rumors?" Ericson suggested.

Chen Ao shook his head: "It's useless. The more you explain this kind of thing, the more you doubt it. The only way is for Mr. Chu to show up, and a lot of suspicions are naturally self-defeating."

"But it's obvious that it is. Impossible."

"Hey~" Lei Lao San sighed, "So, I can only sit and watch Lu Mingfeng and completely annex the Mufan Group?" "You have to know that when the Mufan Group falls, they will let's us to deal with it."

As the saying goes, one court is one courtier.

The three of them were Mark's cronies, and they rejected the olive branch that Lu Mingfeng extended in person.

If Lu Mingfeng really dominates Noirfork in the future, the fate of the three of them will be absolutely uncomfortable.

However, just when the three of them were almost desperate, a phone call came in suddenly.

Ericson checked the number and then answered.

After a while, Ericson's expression changed abruptly: "What did you say?" "They attacked Yundingshan Villa?"

"F\*ck, these bastards, don't even women let go?" "Send my order and immediately send more staff to go to the Yunding Mountain Villa!" Ericson's face was condensed and said angrily.

"Ericson, what's the matter?" "What's the matter?" Lei Lao San and Chen Ao were also suddenly surprised and asked in confusion.

Ericson said with a black face, "Something happened, Mr. Chu's relatives, I am afraid it is in danger."

What?

"You mean, they took people to the Genting Mountain Villa?" "Damn it!" "No, we have to get over."

"Mr. Chu treats us well, we failed to keep his career, but we must protect him. Isn't it a relative of you?" Lei Lao San's expression was also aside immediately, and he was about to go out soon to rush to the Yunding Mountain Villa.

However, Chen Ao stopped them.

"The other party is coming fiercely. Now that I have decided to start, I must be fully prepared."

"Even if the three of us pass, I am afraid that it will not make any difference."

"What's more, the three of us may have some reputation in Noirfork. But in the eyes of Lu Mingfeng and the others, it is estimated that nothing is considered."

"Also, don't forget, Lu Mingfeng and Xu Shaohua are beside Lu Mingfeng and Xu Shaohua, but there are still martial arts powerhouses to help."

"You think the three of us can stop. That martial artist punches?" Chen Ao said in a deep voice.

Like a basin of cold water, it was poured down suddenly.

Both Ericson and Lei San also stopped immediately.

Obviously, the two of them also realized that what Chen Ao said was reasonable.

Even if they rush past, they will not play any role.

Then Lu Mingfeng didn't even care about Mr. Chu, let alone the three of them?

"It's just that, do we just watch Mr. Chu's relatives in danger, and ignore it?" Lei Lao San said bitterly, sighing.

Chen Ao continued to replied: "You must manage it, but you should think of some other methods."

"Lu Mingfeng and the others are aggressive and have a terrible background. In this case, it is no longer what our civil forces can handle."

Remember, Ericson, you said earlier that Mr. Chu has some friendship with Wu Shi."

"Look, can you contact Ferguson Wu?" "For the current plan, we can only use official forces to protect Mr. Chu's family members."

Chen Ao said in a deep voice.

After Ericson heard it, he felt reasonable: "Okay, I will try to contact."

Soon, the phone was connected.

"Mr. Li, can something happen?" Ferguson Wu's voice came through the phone.

Ericson first made a few words of courtesy, and then explained his intention.

"Wu City, the matter is urgent. Please arrange some people to go to the Yunding Mountain Villa first to stabilize the situation."

"I know, this request is a bit abrupt."

"But I also invite Wu City, because of the face of friendship with Mr. Chu. , Order asylum."

Ericson said anxiously.

However, on the other end of the phone, Ferguson Wu's nonchalant laughter came.

"Friendship?" "Before, I really wanted to have friendship with that Mr. Chu."

“But unfortunately, Mr. Chu’s eyes are above the top and he doesn’t want to pay attention to Mr. Wu.”

“So, I have friendship with Mr. Chu. I didn’t hand it in.”

“Wu City, let’s talk about these things later, please send someone to the Yunding Mountain Villa first.”

Ericson was not interested in hearing him talk about these old things, but kept urging.

However, facing Ericson’s request, Ferguson Wu did not respond directly, but said indifferently: “Mr. Li, this Noirfork sky should also change, right?”
