

Chapter 2047– 2048 of A Dish Best Served Cold Novel

Chapter 2047

The cold laughter was full of contempt and arrogance.

It is like, in his eyes, Helen Qiu and others are just fish on his chopping board, let them kill.

But in fact, it is true!

Without Mark's shelter, the so-called Mu Fan Group was just the fat in their mouths.

As for Helen Qiu's so-called Noirfork Empress, it naturally became a joke!

As the saying goes, women are expensive for their husbands.

When Mark was there, Helen Qiu was majestic and noble. He was the empress of Noirfork and the first lady of Noirfork.

Now that Mark is dead, Helen Qiu's so-called names will naturally disappear.

In the eyes of Lu Mingfeng and the others, Helen Qiu was just a mean woman from a third-rate family.

Their Lu family and Xu family are both Gritsberg's top wealthy families, and Mark is here, and they are not afraid, let alone a weak woman who has no power to restrain the chicken.

"You dream!" "This Yundingshan villa was bought by Helen's husband with a lot of money. Even if Mark died, the house should belong to Helen."

"This is the private property of Helen's family."

You bad guys, why are you qualified to let Helen leave?" "I think it's you who should leave."

Susie was full of anger.

She grew up so big, it was the first time she saw such an arrogant person.

It's nothing more than breaking into their home, and now they have to occupy the magpie's nest and let the hostess of the house leave.

It is ridiculous!

Susie was an outsider who thought they were deceiving too much.

However, Susie's words seemed to anger Lu Mingfeng and others.

Lu Mingfeng's expression immediately became gloomy.

"The same thing, I don't want to repeat it a second time."

"I said, you are no longer qualified to live here."

"If you are acquainted, you can leave consciously."

"If you don't, don't blame me for being polite."

"Remind you, my subordinates are all three teachers and nine first-rate generations. If you let them drive you away. At that time, I can't guarantee your personal safety.", Lu Mingfeng's cold words sounded, in his tone of voice. Is a threat.

At the moment his words fell, only four or five bodyguards behind him were surrounded.

Looking at the posture, it seems that if Susie and the others don't get out, they are going to be tough.

"Stop!" Just when these big guys were about to deal with Susie, a cold voice came out in the villa.

Seeing Helen Qiu in a long skirt, her beautiful eyes were still red and swollen, she walked out expressionlessly.

"Helen, these bastards, want to drive you away."

"They want to occupy this Yunding Mountain villa."

Seeing Helen Qiu coming out, Susie ran over and gritted her teeth.

"Well, I know."

"Leave the rest to me."

Helen Qiu said in a low voice, it was her and Mark's matter, she didn't want to involve Susie in it.

“You should be Ms. Helen Qiuqiu, Mr. Chu’s married wife?” “I have long heard that Mr. Chu’s women are exceptionally talented. I used to sneer at Shaohua and I, but now it seems that it is true!” There are countless people, but only by her temperament and appearance, Miss Qiu is considered to be the top three.”

“It’s a pity that such a good girl is already married.”

“If I can meet Miss Qiu a few years earlier, you will be my Lu Daughter-in-law.”

Lu Mingfeng did not hesitate to praise Helen Qiu.

After all, the woman in front of her, no matter her figure or beauty, is the best one in a million.

Chapter 2048

But unfortunately, Lu Mingfeng has a virgin complex.

Naturally, he was not interested in a woman like Helen Qiu who was already married as a wife.

Helen Qiu ignored Lu Mingfeng’s words. She looked at them and said coldly: “The Yundingshan Villa is the private property of our husband and wife.”

“You trespassed into private houses and wanted to occupy other people’s properties. You have violated the criminal law.”

I have already called Wu Shi, and the officials will soon send someone over.”

“I would advise you, if you don’t want to go to jail, get out quickly.”

“Otherwise, my Helen Qiu will use legal weapons to appeal you. Court!” Helen Qiu’s cold words made people unable to hear the slightest emotion.

“Law?” However, Lu Mingfeng and Xu Shaohua both laughed when they heard Helen Qiu’s words.

In that way, it was like hearing the funniest joke in the world.

The words are full of sarcasm and ridicule.

“Miss Qiu, you used to be the woman of Noirfork Lord.”

“Don’t you know that rules and laws are only used to restrain the weak.”

“For the strong, rules are used to break.”

“Really?” Faced with Lu Mingfeng’s arrogant words, Helen Qiu replied in a deep voice, “If that’s the case, then we will wait and see.”

“Well, since Miss Qiu Yaxing, then I and Shaohua, Play with you.”

Lu Mingfeng chuckled softly, full of confidence.

Helen Qiu didn’t worry about this.

Right and wrong, black and white are right in front of her, she doesn’t believe it. The police are here, can they still favor Lu Mingfeng and the others?

What’s more, she specifically called Ferguson Wu this time.

They also had some friendship with Ferguson Wu, and Ferguson Wu had shown good things to Mark in every possible way before.

Even for the sake of friendship in the past, Ferguson Wu would definitely turn to them.

Sure enough, after a while, a large number of police officers appeared outside the Villa at Yunding Mountain.

The leader among them is Ferguson Wu, the lord of Wrilfill City.

Seeing Ferguson Wu, Susie was overjoyed, as if someone who fell into the water grabbed the last straw, and hurriedly shouted: “Wu City, you are here just right.”

“This group of bad guys bullied others, broke into private houses, and wanted to occupy Mu. The house of the Helen house.”

“Also please Wu Shi, to be fair to us.”

Susie said loudly.

In other words, Mufan Group is also the most tax-paying enterprise in Wrilfill City. Su Qian felt that no matter how stupid Ferguson Wu was, she would definitely be on Helen Qiu’s side.

“Wu City, I’m sorry to bother you so late.”

“It’s just that these people are really deceiving people too much.”

“Mark is not here, I can only turn to you.”

Seeing Ferguson Wu arrived, Helen Qiu expressed his gratitude. .

Before stepping forward, we must thank Ferguson Wu.

However, who could have imagined that facing Helen Qiu who came to thank Helen Qiu, Ferguson Wu pushed her aside, and the cold and majestic voice immediately sounded.

“I have received a report that Mark, the owner of the house, is suspected of illegal fund-raising and the source of a huge amount of property is unknown.”

“After the decision of the relevant departments, immediately seize all the real estate, car properties, stocks, etc. owned by Mark and Helen Qiu. Valuable assets.”

What?

“Wu Shi, you...you...?” Susie’s eyes widened at the time, and Helen Qiu’s pretty face was even more pale, and she stood still.

I thought it was a timely rain.

But Helen Qiu didn’t expect that what they were waiting for was a life-killing talisman!
