

Chapter 2051: Can You Be Gentle?

"Can you be gentle? She is afraid of pain." Xiao Shan, who was driving, almost burst into tears when he heard that gentle sentence.

"I'm afraid there's no avoiding pain, no matter how gentle I am. There is so much dirt on your arm. It looks like it'll scar. Look at your beautiful skin. Look at your beautiful hands and feet. But you will have scars in the future." The military doctor sighed. All girls loved to be beautiful. He did not know if Jiang Yao would still wear short sleeves and skirts in the future.

Lu Xingzhi's gaze moved away from Jiang Yao's face and landed on her elbows and knees. It was not an exaggeration to say that her skin and flesh were scratched when she fell on small stones on the ground.

"What happened? How did things turn out this way? Everyone knew Doctor Jiang was pregnant. Even though there were many people, they should still take care of her and not squeeze in around her. Look at the injuries on her hands and feet. How badly did she fall?" Please read on FreeWebNovel.com.

"It's all because of Colonel Ye's little b*stard son!" At the mention of that incident, Xiao Shan was so angry that he raised his hand and slapped the steering wheel. "Colonel Ye's little b*stard son pushed her. She was standing beside me at that time, listening to me. That little b*stard suddenly pushed her from behind.

Xiao Shan was so angry that he did not even want to shout the child's name. Instead, he directly used the little b*stard to replace his name.

Colonel Ye had three children. Needless to say, there was one oldest daughter. Everyone in the army knew how vicious she was. The eldest son was a child that everyone liked. As for the younger son, everyone in the army knew how nasty he was.

The military doctor was shocked; he knew the child's size. "That child is quite strong, and he pushed her from behind. No wonder it's so serious. But why did that child push Doctor Jiang?"

"Who knows?"

Xiao Shan spat. "Perhaps it's because he held a grudge because of Ye Xueli's matter. When he saw Mrs. Lu, he took the opportunity to take revenge. No matter how insensible he is, a six-year-old child should not be so uneducated. He doesn't have a conscience or etiquette. Who would suddenly push someone.

"That child and Ye Xueli don't have a good relationship."

The military doctor shook his head. "Colonel Ye's current wife and Ye Xueli don't have a good relationship either. Colonel Ye's wife spoils that child. He doesn't care about his older brother and sister. He's also not close to them.

Colonel Ye and his wife won't tell a six-year-old child about what happened to Ye Xueli."

As a result, it was impossible to believe that a six-year-old youngster would want vengeance on his older sister, who was not close to him.

"We'll find out when we go back and ask that child," the military doctor said. "There were so many people there. Many people must have seen it if that child pushed her. The Ye family can't deny it."

Xiao Shan was worried about Jiang Yao, so he drove faster. After more than 40 minutes, the car stopped at the hospital entrance. There were already doctors and nurses waiting there. The moment they saw the car, they immediately carried the stretcher to help Lu Xingzhi bring Jiang Yao down and take her to the emergency department.

...

When Jiang Yao passed out, she felt a tingling sensation on her hands and feet. Later, she did not feel anything at all.

It was as if she had slept through a very long and tiring sleep. When she opened her eyes, she was still weak. It was as if she had not had a good rest for a few days..

Chapter 2052: Who Pushed Me?

“You’re awake?”

Jiang Yao had barely moved when Lu Xingzhi, who was standing beside the bed, noticed her. He immediately stood up and pushed Jiang Yao down. “Don’t move. The doctor told you to stay in bed and rest. If there’s anything, you can tell me. Are you thirsty?”

Jiang Yao nodded. Lu Xingzhi poured warm water and brought it to her lips as he asked, “Does your stomach still hurt? The doctor says that the baby is fine, but it’s safer to stay in the hospital for a few days for observation.”

“Okay.”

Jiang Yao’s throat felt much better after drinking two mouthfuls of water. She looked out of the window. The last time she closed her eyes, it was still bright. At that moment, it was already dark.

“What time is it? How long have I slept?” Jiang Yao wanted to look for her phone, but she could not find it.

“It’s past two in the morning. You slept for one day and half a night.” To Lu

Xingzhi, every second was torture. “Do you want to eat something?”

“I have no appetite.”

Jiang Yao shook her head.

“Then drink some milk. Mom and Dad will arrive tomorrow morning. Let Mom make you something to eat.” It was rare that Lu Xingzhi did not manage to coax her to eat. So, he heated some milk for her.

“Why did you tell Mom and Dad?”

Jiang Yao asked, “Did you say anything to scare them? Actually, I’m fine. I just need to rest for a while. I’m a doctor; I know about this.

“Mom called when you were having your checkup. She’s smart; I couldn’t hide it from her.” Lu Xingzhi had not wanted to alert the seniors at home. However, they were still at the hospital when his mother called him. She heard the background sounds and interrogated him. He could not hide it from her.

Even if Lu Xingzhi did not say anything, Mrs. Lu would still find out when she called the army base.

Jiang Yao drank the hot milk. She thought for a moment and said, "It's good that Mom is here. I'll need someone to take care of me for a few days. That way, you can still continue with the competition."

...

"I'm not competing anymore. Nothing is more important than you." Lu Xingzhi told Jiang Yao that he had given up on the competition.

She had been sleeping all day and did not move at all. She was always tossing and turning when she slept. It was as if there was no one around. Lu Xingzhi was tense. How could he still be in the mood to go back to the competition?

"Who pushed me today?"

Jiang Yao only had the energy to ask then. Everything happened too suddenly.

She only felt a pair of hands pushing her from behind. Then, the pain in her stomach made her panic. How could she still think about turning around to see who pushed her?

"Colonel Ye's youngest son."

Lu Xingzhi did not hide the details. "I'll deal with it when my parents arrive."

"Do Colonel Ye's children have a tradition of harming others?"

Jiang Yao scoffed. "Oh, right! Ye Jianguo probably picked him up."

After she finished mocking them, she pulled the blanket and covered half of her face. "Maybe Ye Xueli instigated it?"

"We'll know when we investigate it tomorrow."

Jiang Yao thought that Ye Xueli had instigated her younger brother. That was a possibility. After all, a six-year-old child would most likely be used by other people.

Furthermore, Colonel Ye's youngest son was not very smart. Otherwise, Xiao Ding and the others would not have been able to bully him until he walked home without his clothes..
