

## Wonder Doctor Chapter 2051

Although Lin Ran's sudden appearance had disrupted the upper hand that his Chen family held, if he waited on.

Letting Leng Qian completely pull Lin Ran over, it would only be more difficult to deal with then.

It would be better to just strike and catch the other side off guard.

"Holy shit! How can you just say strike!"

Lin Ran was also startled at the sight, while his body jerked back and joined the Leng Clan's camp in the process.

"Do it!"

Seeing this, Leng Qian was also busy saying, while a smile appeared on his face.

The situation at this moment was undoubtedly what he liked best.

What had been a disadvantage for the Leng Family had become evenly matched because of Lin Ran's joining.

At least it was no longer a lopsided situation.

"Leave Leng Qian to me!"

Chen Hu shouted as he rushed in.

"Leave that kid to me!"

Jian Thirsty, who was on the side, said.

"Big brother, don't make a move yet, let me try his sword!"

"Good!"

Sword Thirsty smiled and nodded his head.

This brother of his own was also a sword nerd, and almost every place he went to, he would find a local famous swordsman to compete with.

Last time within the Green Pavilion, he had wanted to compete with Lin Ran in a sword match.

It was a pity that it didn't end up happening because of Luo Qiqi's arrival.

"Kid! No one is coming to save you today! Let me see whether your sword is powerful or mine!"

Sword Thirsty said as his entire aura exploded, his strength at the peak of the Extreme Dao Realm instantly locking Lin Ran right up.

"That's a bit interesting!"

Lin Ran guffawed and took out his own Frost Condensing Sword as well.

“That’s all the strength you have?”

Swordlust laughed at this.

“How can you play when you’re a level away from me? If this is what you rely on, then it’s too unbearable!”

With those words, the long sword in Sword Thirsty’s hand was already raised.

He could only see his entire body’s aura converging wildly towards the longsword at this moment, and it was as if his entire person was one with the longsword in his hand at this moment.

“Sword Dangling Slash!”

Suddenly Swordlust let out an explosive shout, and instantly the longsword in his hand slashed down towards Lin Ran.

Lin Ran’s eyes narrowed slightly at the sight, and the Frost Condensation Sword in his hand did not dare to be slow, stabbing straight up and instantly a sword aura emerged around him.

The sword shadows converged wildly, and finally a white sword shadow stabbed out of thin air.

Both sword shadows were extremely fast and had collided with each other in almost a single glance.

“Bang Bang Bang!”

The impact of the collision instantly exploded as Lin Ran and Swordlust took several steps backwards almost simultaneously.

Lin Ran’s face was fairly normal, while Sword Thirsty’s face was ugly.

He was at the peak of the Extreme Dao Realm, but Lin Ran was only at the early stage of the Extreme Dao Realm!

There was such a huge difference in strength, and after one sword, the two of them had actually fought on even terms!

“Second brother, you’re embarrassing yourself! No, let me do it!”

Knife Thirsty laughed.

The result before him was honestly a little surprising to him.

His own brother’s achievements in the sword dao were not his own in the sword dao, but he had actually fought Lin Ran to a draw in a single encounter.

This was honestly a bit humiliating!

It was especially unbearable for them, the disciples of a hidden family who prided themselves on being geniuses.

“No need! I will definitely behead him this time!”

Sword Thirsty said in a cold voice, while the longsword in his hand was already raised once more.

“Still coming?”

Lin Ran looked speechless, and at the same time, he was ready to repeat the same trick to rub this Sword Thirsty’s sharpness.

However, before he could do so, his face suddenly changed.

He saw Swordlust not far away throwing his longsword into the air, his hands folded and his gaze fixed on the longsword in mid-air.

The next moment his whole body’s aura burst out and surged towards the longsword.

The light above the longsword skyrocketed, and a layer of white sword Qi instantly appeared to envelop his entire being.

“I am originally a sword! Destroy all things!”

A majestic voice rang out violently, and the next moment the huge sword qi directly reversed its direction and stabbed towards Lin Ran.

And the sword-thirsty sword that was originally standing under the sword qi was also gone.

“Hm?”

Lin Ran frowned as he watched, the disappearance of the sword-thirsty was still acceptable.

But this so-called sword aura that destroyed all things was too strong.

It was a qualitative leap compared to the previous Sword Dangling Slash.

“It’s true that it came from a hidden family, it really has two tricks up its sleeve!”

Lin Ran said with a hint of frantic battle intent emerging from his eyes as well.

With such a powerful sword move one wondered if he was powerful or if his own Ten Thousand Swords Extermination was!

“Ten Thousand Swords Extinguish!”

Lin Ran didn’t say any more nonsense, instantly pointing the Frost Condensation Sword in his hand from afar, his entire body’s aura converging wildly, and several dao’s also surging in wildly.

Then, under the flick of Lin Ran’s finger, a seven-coloured sword aura went towards the huge sword Qi shadow and met it.

The exchange of blows between the two was so loud that even Leng Qian and Chen Hu, who were originally fighting together, could not help but stop their hands at this moment.

“Cousin, is Brother Lin Ran going to be alright!”

Leng Qian ran over and busily asked.

“It’s definitely no problem, he’s very strong!”

Leng Qiu said, she could simply say that she had unconditional faith in Lin Ran.

“Is that so?”

Leng Qian nodded at his words, but in his heart he was vaguely worried.

What he cared about was the situation, at this moment, Swordlust was alone against Lin Ran, both of them were fighting like this, if Swordlust joined the battle.

Then would Lin Ran still be able to resist?

Looking and Chen Hu in the distance, Leng Qian was vaguely worried in his heart.

If it really didn't work out then, he might even ask Leng Qiu to step in to pester the Chen Ghost.

Let Liu Suixin go to help Lin Ran.

Otherwise, one against two, Lin Ran's chances of winning were too low.

“Bang!”

As the thought was going through his mind, the two sword auras in front of him were already colliding together.

The huge sword qi was imposing, while Lin Ran's seven-coloured sword aura was extremely gorgeous.

The two collided and a blinding light erupted almost instantly.

It illuminated the surrounding crowd, who were all busy closing their eyes.

“Rumble!”

The explosion from the collision directly swept away, crushing the countless sky-high trees around them into pieces.

And at the same time, Lin Ran only felt an impact force pushing him backwards by tens of metres.

Luckily, the explosion came and went as quickly as it did.

After only a few moments, the surrounding area was calm again.

Lin Ran turned to look up, only to see that a huge deep crater had been blown out of the ground where the collision had occurred.

And in the deep crater was actually a man standing, none other than Sword Thirsty.

However, this guy's appearance at this moment was somewhat miserable.

The clothes all over his body had torn out several slits.

Even his hair was standing up.

If he hadn't protected his face, I'm afraid his face would have been blown black by now!

“You! What the hell kind of sword technique are you using!”

Jian Thirsty looked up at Lin Ran with resignation in his eyes.

“Lancang Sword Technique!”

Lin Ran laughed indifferently.

“Lancang Sword Technique? I’ve never even heard of it!”

“There’s plenty you haven’t heard of, what’s so surprising about it!”

“You!”

Sword Thirsty’s face turned red with anger, and his hands clenched even more unconsciously.

“Your swordplay is no good, it’s better to let your brother do it!”

Lin Ran laughed lightly.

“My swordplay is no good? You think yours is fine! Those who defeat me will only end up in two ways!”

“Either I use it to practice my sword until I can kill him! Or! Or you can die!”

Swordlust’s eyes suddenly turned icy cold as he shouted to the side.

“Brother, do it! Kill him!”

“Wouldn’t that have been enough earlier!”

Swordlust sneered, and the next moment he was already charging towards Lin Ran, the large blade behind him even drawing out in a smooth motion.

“Suffer death, boy!”

Next to him, Swordlust also rushed out of the deep pit.

“Two against one? That’s it for the Hermit Family?”

Lin Ran laughed.

### **Wonder Doctor Chapter 2052**

“Cut the crap, take your life as a sacrifice for our brother’s weapons today!”

Sword Thirsty said angrily, having fought Lin Ran to a draw, this made him very upset.

“Make a move!”

Chen Hu on the side saw this and didn’t say anything, greeting all of them at once and rushed towards Leng Qian and the others.

Chen Ghost even found the right moment to make a move on Leng Qiu.

Unfortunately, there was also Liu Suixin next to Leng Qiu, who was also very strong, so he had no problem in dealing with the ghost of Chen.

Originally, the Leng family had been on the losing end, but with the addition of Lin Ran, the situation was evened out.

However, Leng Qian also knew that Lin Ran would lose against the two brothers, Sword and Blade, on his own, if time was short.

Those two men were true Extreme Dao realm pinnacle powerhouses, and they were also from a hidden family, so their strength could not be underestimated.

Only he didn't know that Lin Ran hadn't even used his real cards yet.

“Sword Dangling Slash!”

“Windless Blade!”

Sword Thirst and Blade Thirst made their moves almost simultaneously, one sword and one blade coming straight at Lin Ran at the same time.

“Go!”

Lin Ran's eyes were icy cold, and the Frost Condensation Sword in his hand instantly drew a seven-coloured sword mane towards the two men's attack and met it.

“Boss, why don't I go out and help you?”

Li Ba asked in the scroll space.

“No, it's not time for that yet!”

Lin Ran said.

He had been a little worried in his mind about who the black shadow man he had encountered earlier and the mysterious man who had made the Bujinkan Swordsman give up his resistance with a single look were!

At this moment, although he was fighting one against two, he hadn't reached the point of exhaustion after all, if he exposed Li Ba back now, he would inevitably have less cards to play by then.

“Then you take care of yourself, I'll go out if I can't!”

Li Ba said.

“Mhmm!”

Lin Ran nodded his head while looking ahead.

As he spoke, the seven-coloured sword aura had already collided with the attacks of the two of them, the Dagger and the Sword Thirsty.

“Rumble!”

Instantly a terrifying wave of mighty energy actually spread out in all directions.

Lin Ran was also shaken back a few steps.

On the other hand, the opposite side of Sword Thirsty and Sword Thirsty only paused slightly before they came towards Lin Ran to kill him.

“One more person is indeed much more difficult to deal with!”

There was an icy coldness in Lin Ran’s eyes.

He knew very well that if he were to get tangled up with the other two, then he might really be in trouble.

Thinking of this, Lin Ran didn’t care about the divine lightning within his body instantly surged.

“Divine Lightning Transformation!”

The secret technique was executed, and Lin Ran’s entire body’s aura all rose wildly at this moment.

Originally, he was only at the early stage of the Extreme Dao Realm, but his aura had quickly climbed to the mid stage of the Extreme Dao Realm.

“Hm? Secret arts?”

“Kid, you really have a lot of things on you, can you forcibly raise to the middle Extreme Dao Realm is our opponent?”

Daggerlust and Time had disdain on their faces.

“Simply not measuring up to yourself!”

“Big brother do it!”

The two brothers were already killing towards Lin Ran once again as they spoke.

“Whoosh.”

A sword and a knife attacked Lin Ran’s upper body and legs, respectively.

Lin Ran’s eyes narrowed slightly, and with a shake of the Frost Condensation Sword in his hand, a large net of sword mane was instantly enveloped towards the sword thirst.

At the same time, Lin Ran waved his long sword in his hand and slashed towards the Sword Thirsty, who was attacking his legs directly.

“Bang Bang!”

The two clashed, and instantly the tremendous force shook the weapons in both of their hands.

The tiger’s mouth even went numb at this moment.

“This can’t be!”

Knife Thirsty was greatly alarmed in his heart, that collision just now the two could be said to have come to blows in real life.

But just now, Lin Ran’s strength was not at all inferior to his own.

This caused him to be extremely shocked in his heart.

The first time they had fought, this kid’s attacks hadn’t even been able to touch the two of them.

But how could he suddenly be an even match with himself in terms of strength?

“Brother, this sword net of his is too difficult to break!”

Suddenly the voice of Swordlust came from not far away.

Turning his head to look, he only saw a huge sword net enveloping Sword Thirst within it.

The sword-thirsty sword kept shattering the net, but wherever there was a break in the starlight around, a new net would soon envelop it.

It made it impossible for the sword-thirsty to charge out at all.

“Is it fun? I worked it out myself!”

Lin Ran laughed.

This sword net was going to be perfected by Lin Ran as he continued to increase in strength.

This sword net of his own was initially something he had only used as a defensive sword move.

But now he was discovering that it seemed that this sword net of his could also be used as a sword formation.

And if he really refined the sword net to the level of a sword formation, then it would obviously be even more powerful, whether in terms of strength or the effect of trapping the enemy.

“Humph! You really think you’re our opponent?”

There was madness in Thirsty Blade’s eyes, only to see the greatsword in his hand fiercely side, and in an instant a line of blood on his arm was directly smeared on the blade.

“Weng!”

A buzzing sound erupted from the greatsword in his hand the moment it was stained with blood, followed by the entire blade beginning to tremble.

As the greatsword trembled, the colour also began to change.

It gradually changed from the initial white to blood red.

Lin Ran could even see that a ring of red blood mist had sprung up around that greatsword.

“Blood Condensation Chop!”

Thirsty Blade shouted explosively, and in an instant, the blood-coloured greatsword in his hand slashed out towards Lin Ran.

“Whoosh!”

With a cracking sound, the next moment the blood-coloured saber actually had a red blade mane flying out directly.

The blade mane was blood red, and everywhere it passed, space was stirred up and fluctuated.

Lin Ran's eyes involuntarily tightened as he looked at this blade mane.

He could feel that this blade mane was so powerful that it was a little too strong, and should be able to put up a fight even against a hundred thousand or eight thousand realm powerhouses.

"Not bad for a disciple of a hermit family, strength is really still there!"

Lin Ran lamented in his heart, he had encountered many strong people along the way and knew well how much benefit a strong family power could bring.

These two people in front of him were definitely not as gifted as himself, strictly speaking.

Yet their strength was already this strong, and it wasn't without reason!

"Bang!"

Lin Ran was thinking when suddenly a shattering sound came from the distance, turning his head to look Lin Ran realized that it was his own sword net that had been broken through by the sword thirst.

"Ai!"

Lin Ran sighed helplessly, he really didn't want to use all his cards, but now this situation had no choice.

It was so easy to separate the two, if he let them converge, then he would really be somewhat passive.

Thinking of this, Lin Ran was no longer slow, and the Chaos Qi spiral within his body began to surge wildly.

A stream of Chaos Qi instantly filled all of his limbs and bones.

"Then let's have a good battle!"

Lin Ran had a frenzied battle intent in his eyes.

In the next moment, his paws lashed out as if he was a sharp sword and met the blood-coloured blade mane of the Thirsty Blade.

"Shatter me!"

With a roar, the Frost Condensation Sword in Lin Ran's hand was already slashing down in a smooth manner.

With the Chaos Qi and the Lancang Sword Technique, this strike could already be said to be Lin Ran's strongest strike.

"Bang!"

It was too late as the longsword instantly fell and collided with the blood-coloured blade mane.

After an explosive sound, Lin Ran actually felt a powerful force bounce him straight back.

The force on his palm caused a gaping hole in his tiger's mouth, and his body even more appropriately flew backwards towards the side unconsciously.

"What the hell is this thing! Why is it so hard!"

### Wonder Doctor Chapter 2053

“Hmph! Colliding with my blade mane, what do you think you are!”

There was disdain in Thirsty Blade’s eyes.

This move of his, the Blood Condensation Slash, was his strongest move.

Even back then, with this move, he had froze a hundred thousand eight hundred thousand realm powerhouse in slow motion.

Although he still lost in the end, the power of this move was evident enough.

“This can’t be!”

Lin Ran was puzzled in his heart as he flew backwards.

Even if this sword maneuver was strong, it didn’t make sense that he couldn’t even deal with his opponent’s sword maneuver even if he used his two bottom cards plus the strongest strike of the Lancang Sword Technique!

Even if he couldn’t, he would have to consume the power of the sword maneuver.

But what about now? The sword mane hadn’t been damaged at all, it was simply too unbelievable.

“Kid! Is that all your strength? I don’t think it’s good either!”

Suddenly a cold laugh came from the side, and Lin Ran’s heart went cold.

Who else but Swordlust could be this close to him at this moment!

Turning his head to look, he saw that Swordlust had already come over with his sword.

The longsword in his hand was emitting a black mist, and there were clearly some bloodstains on its body, so obviously this guy was no longer hiding his strength.

“I really don’t believe it!”

Lin Ran’s heart was also a little angry, so he lifted his Frost Condensation Sword and no longer bothered about the Sword Thirsty, turning around and using the force of the rebound to face the Sword Thirsty.

“You’re not worthy of yourself!”

There was a cold smile in Swordlust’s eyes as the longsword in his hand slashed in an arc towards Lin Ran.

“Ten Thousand Swords of Destruction!”

There was anger in Lin Ran’s heart as the Frost Condensation Sword in his hand instantly slashed out straight at his opponent.

“Give me death!”

Sword Thirsty also did not dodge, as the same sword instantly slashed out straight at Lin Ran.

These two brothers had naturally been deliberately arranged by the family elders since they were young.

Whether it was the blood-coloured greatsword or the black sword, it was actually a secret art.

This secret art used blood as a guide to be able to stimulate a power in the sword itself.

Lin Ran was actually relying on this kind of power when he was shaken back by the bloody blade mane before.

Seeing that his brother's blade maneuver could not even be defeated by this kid, Swordlust could not help but gain confidence.

If this kid couldn't even take his own brother's blade maneuver, how could he possibly block his own sword maneuver?

Lin Ran naturally didn't know what was in this guy's mind, and the suffocation in his heart made him not hold back his hand.

"Bang Bang!"

The book spoke long and short, and the two men's two sword maces collided almost instantly.

Even Lin Ran had exerted all his strength and was prepared for the same result of being shaken back.

However, to no one's surprise, the moment Lin Ran's sword mane and Swordlust's sword mane collided.

All that could be heard was a "Bang!" There was a crunching sound, and then Lin Ran found himself unhindered from killing Jiao Jian!

"How is this possible!"

"How could this be!"

Jiao Jian and Jian Thirst were confused almost simultaneously.

In Lin Ran's mind, however, he had understood at this moment.

"I knew it, how could Lancelot's Sword Technique be weaker than theirs!"

There was wild joy in Lin Ran's eyes, and almost simultaneously, he backhanded a sword maneuver towards the blood-colored blade maneuver in front of Sword Thirsty.

"Seeking death!"

With icy cold eyes, Thirsty Blade waved his hand to mobilize this strand of his own blade mane.

But what he didn't expect was that just as he raised his hand, he heard a crunching sound, and his own blade mane actually shattered as well.

"That's it?"

Lin Ran laughed.

Now he had completely understood.

It wasn't that his strongest strike was useless just now, but that the blade's aura was a little too strong.

That was why it caused him to fail to break the blade mane in the first place.

Swordlust was slightly more powerful than Swordlust, and the fact that Swordlust's sword mane was broken by his own strike made him understand why.

Both coming from hidden clans and with similar strengths, this kind of move attack was naturally all on the same level.

And this second complementary blow of his own had just shattered the blade mane completely.

"Do it and kill him!"

The eyes of the sword-thirsty changed at this point.

There was even a morose killing intent in Swordlust's eyes.

He was about the same age as himself and was only at the early stage of the Extreme Dao Realm, yet he was able to fight with both of them like this.

This kind of talent made them jealous.

If they gave this kid time to grow up, there would be no place for the two brothers in the future history of the younger generation!

"Sword Combination Destruction Formation!"

The two brothers shouted almost simultaneously.

"What's the Blade and Sword Combined Destruction Formation?"

Lin Ran was stunned to hear this, only his heart had a vague feeling of a bad premonition!

"Buzz!"

As the thought was going through his mind, not far away from him, Sword Thirsty and Sword Thirsty were simultaneously removing a stone from their necks.

The stone was pitch black and only the size of a fingernail.

Without any hesitation, the two of them directly crushed the stone the moment they took it out.

As soon as the stone was broken, Lin Ran instantly saw a terrifying aura emanating from the two men's bodies.

These auras climbed wildly, and eventually formed a thread of silk.

The threads converged wildly and formed a huge net in the blink of an eye.

This large net resembled a fishing net and instantly enveloped towards Lin Ran.

Lin Ran frowned as he watched, and before he could react this large net had instantly enveloped him.

"Do it!"

Daggerthirst and Swordthirst shouted almost simultaneously.

The next moment the two men's figures actually violently transformed into two streams of light that directly shot up into the sky quickly disappearing into the sky.

"Hm?"

Lin Ran frowned as he watched, not understanding what this incoming individual was up to.

But soon he understood.

There was suddenly a burst of air-breaking sounds above the sky.

The sound was as dense as if countless things were about to come crashing down from the sky.

"Hmm?"

Suddenly, Lin Ran saw that there was actually a cold flash in mid-air.

Only when he fixed his eyes on it did he realise that it was actually a white, almost transparent sword mane.

The sword mane was hard to see with the naked eye, and if the light hadn't refracted at some point, Lin Ran wouldn't have been able to notice it.

"Go!"

Lin Ran was busy radiating his divine sense out, and instantly his entire body was dumbfounded.

Under the search of his divine sense, he found that within the entire large net above his head, there were actually countless of these transparent sword maces densely packed.

There was even a sword mane!

These sword and blade maces were like rain pouring down towards him.

The speed was so fast that Lin Ran drew in a cold breath.

If all of these sword and blade maces were to hit him.

Would he still be able to live?

"The ocean is limitless!"

Lin Ran didn't dare to be the slightest bit slow, and instantly the first stance of the Lancang Sword Technique was executed.

At the same time, his own entire person was even holding the Condensing Frost Sword in his hand ready to make a move.

As soon as Dahai Wuqiu came out, countless sword arrows appeared out of thin air around him.

In an instant, they collided with the sword mists that descended from the sky.

It was as if fireworks had been set off in the entire sword net space, with explosions from the collision everywhere.

Lin Ran's eyes were icy cold as he watched, he could still deal with these attacks, but where were Swordlust and Swordlust?

Where had they gone?

Lin Ran couldn't help but look up, and with this look he couldn't help but feel a chill in his heart.

A white blade and a white sword had unexpectedly appeared above his head at some point.

And he actually didn't even notice it!

"Suffer death!"

Suddenly a stern cry actually erupted from the sword mane and the blade mane.

Lin Ran instantly woke up with a start, so these two guys were also hidden in these sword and saber mangles.

No wonder he couldn't find them at all.

#### **Wonder Doctor Chapter 2054**

"Get the hell out of here!"

The swords that the two men had transformed into were too close to themselves.

Lin Ran simply had no time to react otherwise, and could only instantly slap out with one slap, bringing a surge of his own energy towards the swords.

"Bang!"

The powerful qi was just flung out, and Lin Ran instantly detonated it away.

The partial explosion instantly sent the sword flying backwards.

And Lin Ran also quickly retreated at the same time to pull away from these swords.

"Interesting, a combined sword destruction formation, isn't it? Then today I will destroy you completely!"

There was madness in Lin Ran's eyes, and in an instant, the Frost Condensation Sword was put away as he pinched his sword fingers with both hands, and his entire body was instantly enveloped in a powerful sword aura.

"Ten Thousand Swords Exterminate!"

Lin Ran roared, and the next moment his entire person had directly transformed into a sword mane that spun and shot up into the sky.

The sword mane was immense, the most powerful of all the times Lin Ran had performed the Ten Thousand Swords Extermination.

The enormous sword mane directly enveloped Lin Ran's entire person.

"Eh?"

Blade Thirsty and Sword Thirsty could not help but frown when they saw this situation.

The two of them were hiding in the sword mane, which was meant to serve as a sneak attack.

But who knew that Lin Ran had actually hid in the sword mane as well.

Although this guy's sword mane was only one, the target was very obvious.

But then they would have to choose to fight hard.

After all, Lin Ran had cast out this Ten Thousand Sword Extinguisher and was clearly not prepared to continue dragging his feet with them.

As expected, the moment the sword mane came out, Lin Ran's entire person and the sword mane became one, and the next moment it swept over towards the top.

The powerful sword mane looked out of sight, and wherever it passed, it strangled countless sword and blade manes in the Sword Combination and Extinction Formation into pieces.

The entire formation seemed to have a small scope, but under Lin Ran's attack that was like the autumn wind sweeping away the falling leaves.

The number of sword and blade manes was also frantically decreasing.

"Big brother, we can't wait any longer, this kid is forcing us out again!"

Sword Thirsty said.

"I know, but he has too many cards, the two of us are probably no match for him!"

Thirsty Blade frowned, with resignation in his eyes.

"Or we'll fight him, there's no such thing as compromise in the Chance Conference! The two of us have a thousand messengers combined!"

"The Chen family can't be relied on now, I'll give you the messenger, I'll lead the attack and you help me!"

"If you're still no match for him, you'll go straight to the top of Tai Cang!"

Sword Thirsty said.

"No way! If you want to go, you should go too!"

Thirsty Blade said as he had already taken out a letter talisman and threw it to Thirsty Sword with a brain.

"Big brother!"

"Cut the crap! I'm big brother and you're big brother! It's settled!"

With that, Sword Thirsty had already rushed towards Lin Ran in the first place.

“Big brother wait for me!”

Seeing this, Sword Thirsty did not dare to slow down either and immediately followed.

Lin Ran’s gigantic sword aura was still sweeping across the entire Hopeless Destruction Formation, and by now both the sword aura and the blade aura were less than a dozen in number!

Suddenly a blade and a sword, two white mangles stopped not far from him.

Lin Ran looked at them and it was already clear in his mind that these two were sitting still.

“What? Giving up to fight?”

Lin Ran sneered.

“Kid, I admit that you’re strong, but we brothers aren’t vegetarians either, if you’re capable of receiving a blow from us!”

The white blade that Thirsty Blade said turned into a white blade instantly grew wildly, and in an instant it became the same size as Lin Ran’s sword mane.

“Come on!”

Lin Ran had a crazy battle intent in his eyes.

Without another word, he slashed towards the Thirsty Blade.

“Give me death!”

There was an icy coldness in Thirsty Blade’s eyes.

The huge blade instantly met him.

Almost at the same time, a sword mane converged not far away, and the huge sword mane slashed directly towards Lin Ran’s back from the side.

“Another sneak attack! Do you really think I’m stupid?”

Lin Ran sneered, and in an instant, his body turned violently and actually charged towards the sword-thirsty.

This sudden reversal of direction instantly caught the two of them off guard.

Jian Thirsty’s face even changed greatly.

There was still a gap between his own strength and that of Sword Thirsty.

His own elder brother could block Lin Ran’s strike, but he knew he couldn’t.

Seeing this, he turned his head and ran.

“Bang!”

The sword mane behind him was instantly split to pieces by Lin Ran.

Sword Thirsty's entire person was precisely detached from the sword mane state and thrown away right towards the distance.

"Poof!"

A mouthful of blood spurted out, and Sword Thirsty's entire body smashed heavily into the ground.

"Bastard stop!"

Swordlust's eyes turned red at the sight of this, and the huge sword mane finally came over to kill him at that moment.

"Roll!"

Lin Ran flung out a huge sword mane and collided with the blade mane in an instant.

And this time, the heavens were not on the side of the sword-thirsty.

The two collided, and in almost a single glance, the huge sword mane directly popped into pieces, and the entirety of the Thirsty Blade was thrown out with a mouthful of blood.

"Shatter it for me!"

Lin Ran emerged, his palm squeezing his sword finger and pointing distantly, instantly the sword mane shot up into the sky.

"Bang!"

With a crunching sound, the Sword Combined Destruction Formation instantly collapsed.

And at the same time, Lin Ran had already arrived in front of Sword Thirst with a flash.

With the Frost Condensation Sword pointed straight at his opponent's neck, Lin Ran was finally speaking.

"Want your life or want the amulet of faith!"

"You!"

There was anger in Jian Thirst's eyes, he had thought that at least one of the two could walk away, but now Lin Ran was going straight for him.

"Don't play tricks on me, I know you have the amulet!"

Lin Ran pointed to the sky, the number of letter talismans behind the word Sword Thirsty on the light screen above was very conspicuous.

"Second brother go!"

Suddenly the voice of the Swordthirsty came from not far away.

By now the Hopeless Destruction Formation had broken, and Chen Hu Leng Qian and the others couldn't help but suck in a breath of cold air as they looked at Lin Ran's side.

Lin Ran had actually defeated Thirsty Blade and Thirsty Sword all by himself.

“Big brother!”

Jian-lust’s eyes were also red.

But Lin Ran didn’t have the slightest intention of stopping, his palm fiercely grabbed and instantly strangled Thirsty Blade’s neck.

“I’ll ask once more, do you want your life or do you want the amulet of faith!”

“No! Don’t kill him, I’ll just give you the amulet!”

Sword Thirsty was busy saying.

How could he possibly watch his big brother being killed by Lin Ran.

It was bullshit to talk about any hidden family pride at this point, without the amulet he was sure Lin Ran would do it.

After receiving the letter talisman from Jian Thirsty, Lin Ran then nodded in satisfaction.

“You go out first!”

Lin Ran looked at Sword Thirsty and said.

“You!”

“You’re not qualified to talk nonsense to me!”

Lin Ran’s hand couldn’t help but tighten a few more times.

“Fine! I’ll go out!”

Jian Thirsty still compromised as he turned his head to look at Chen Hu, who was not far away, with anger in his eyes.

“Your Chen family is really disappointing!”

“You!”

Chen Hu was furious, but there was nothing he could do.

“We’ll settle our score when we get back! I’ll be waiting for you!”

Jian Thirsty finished his sentence with a flash of his body, a white light had enveloped him and he instantly disappeared from his spot.

“Now it’s your turn!”

Lin Ran then looked towards Sword Thirsty.

“Ai!”

Sword Thirsty sighed deeply, and eventually left unwillingly.

“Not good! Chen Hu has run away!”

Suddenly a cry of alarm rang out from the crowd, Lin Ran turned his head to look and indeed found that Chen Hu had disappeared.

A strange fluctuation was emanating from the space around him.

It was the fluctuation of the Small Shift Talisman!

“This guy ran really fast!”

Lin Ran said helplessly, no one had expected that Chen Hu would actually use a small movement talisman to escape!

But the Small Shift Talisman couldn't leave this Tai Cang Diagram at all, so he must still be in this Tai Cang Diagram!

### **Wonder Doctor Chapter 2055**

“Brother Lin Ran! What now?”

Leng Qian also ran over and asked busily.

“Let's say we come across it, what else can we do if we don't, many people are now running out of messengers, we have to hurry!”

Lin Ran said.

“That's all we can do! Ai!”

Leng Qian sighed reluctantly, there was nothing they could do if Chen Hu ran away, but it was a good thing that this guy still had some of his messengers missing.

But it was obviously inappropriate to go after him again at this time.

They also had to hurry up and grab the letter talisman, otherwise they would be straight out of the tournament when the hundred spots were enough.

“Bringing up the matter of the letter talisman, isn't there one readily available now!”

Leng Qian suddenly laughed.

Lin Ran was stunned as he followed his gaze and found that there was a large group of Chen Clan's men not far away at the moment.

Each of these people had ugly faces and stood in place without saying a word.

Daggerlust and Swordlust had been resolved out by Lin Ran, and Chen Hu had used the small movement talisman to run away, leaving all of them behind instead.

“Hand over the amulet! Then get out, or kill!”

Leng Qian waved his hand, and immediately a group of people from the Leng Clan surrounded the people from the Chen Clan.

“Ai!”

I don't know who in the crowd sighed, and followed the messengers one by one.

The rabbit dying and the dog cooking was what was said about them at this moment.

The group had no head even if they were powerful, they could only let the Leng family take their hands.

It had to be said that these people's messengers were a lot of money.

After Leng Qian had brought all these people's messengers, he only left a hundred or so for himself and gave the rest to Leng Qiu.

Lin Ran saw that the number of Leng Qiu and Leng Qian's talismans had also reached a thousand directly.

“You guys call out too then go out!”

Suddenly, Leng Qian looked at the Leng Clan's people who were following him.

“Yes!”

These people did not hesitate and immediately handed over their own messengers.

“Brother Suixin!”

Without any nonsense, Leng Qian directly gave all these messengers to Liu Suixin who was next to him.

And at that moment, Liu Suixin's number of talismans had also reached eight hundred.

This was a cooperative relationship, Liu Suixin relied on the Leng Clan and helped Leng Qian get the messenger first.

Then he would help him in turn.

Chen Hu's original wishful thinking was the same, but unfortunately and calculations were disrupted by Lin Ran.

After the Leng Clan's people left, Lin Ran set off with Leng Qian and the others.

At this time, it had only been half a month since they entered this Tai Cang Tu.

However, the battle had already entered a white-hot stage.

No one was willing to wait for a year, especially not those who were strong.

Whoever can be the first to gather 1,000 talismans and open the door of chance will be the one who gets the chance.

Whoever can be the first to gather 1,000 talismans and then go and open the door of chance will be the one who gets the chance.

The Top of Tai Cang was undoubtedly the most lively place right now.

All the way over, Lin Ran and the others had bumped into at least three waves of people.

But these people's messengers were simply too few.

Even after Leng Qian had robbed them all, he could barely scrape together thirty of them.

Liu Suixin's number had only exceeded 900, and he was still a hundred talismans short of the thousand mark.

"Brother Lin Ran, what do you think of this fork in the road ahead!"

At a fork in the road, Leng Qian stopped and asked.

"It's not that far from the platform at the top of Tai Cang, so it's the same wherever you go!"

Lin Ran said.

"In that case, then let's pick any one!"

Leng Qian said as she looked to the left and greeted.

"Or else we'll go here?"

"Yes!"

Lin Ran nodded his head, indicating that he had no objection.

The others naturally had no problem with it either so the group walked towards the left path.

However, just as they walked up this road, Lin Ran frowned slightly.

He saw that there was a design carved into the wall of the mountain at regular intervals.

At first, Lin Ran didn't care, but when he carefully identified the pattern as the Linglong Flower, his entire body was stunned.

"Linglong has been here?"

In the Seven Killings Valley the two were separated by the teleportation array themselves and ran into Leng Qian and the others.

It was rather unexpected that Linglong had actually arrived here.

"I have to go first, my friend is up ahead!"

Lin Ran greeted, and immediately rushed towards the front.

"Brother Lin Ran wait!"

Seeing this, Leng Qian was busy greeting and also followed with Leng Qiu and Liu Suixin.

It was strange to say that they hadn't encountered a single cultivator along the way.

By all accounts, everyone should be heading towards the Tai Cang Mountain Range at this time, so this road was a bit too quiet!

But at this moment, Lin Ran couldn't care less, if Linglong was really taking this path, then he had to find her as soon as possible.

The closer they got to the final place of opportunity, the more dangerous it would be.

If something happened to this nee-san, how would he explain to Ling Ran Long Ya.

The crowd rushed along, still not encountering anyone.

But soon, the sound of a fight came from ahead.

Lin Ran was stunned to hear it and rushed over, followed by Leng Qian and the others.

Within a few moments the group saw a platform that wanted to be on a wide outline.

This was the nearest platform to the Tai Cang Mountain platform.

If they passed through here, they would be able to reach the lower part of the Gate of Opportunity on Mount Tai Cang in less than half an hour.

And it was from above this platform that the sounds of the fight heard earlier came.

When Lin Ran and the others arrived, they saw a woman tangled up with a youth wearing a beast's skin.

The woman was no other than Linglong, while the man Lin Ran had never seen before.

However, this guy's methods were very domineering, he seemed to be a practitioner of the Dao of Fire, with fire flames permeating his hands and feet.

"Brother, this is Sky Wolf!"

Suddenly the voice of Little Nine rang out in the scroll space.

Following this, Little Nine and Li ran straight out.

"Sky Wolf? You guys know each other?"

Lin Ran was stunned.

"Of course I know him, he's Uncle Zhen Yan's disciple, and before Li appeared he was the most promising in the entire Beast King Domain to become the Beast King!"

Xiao Jiu was busy explaining.

"There's still such a thing?"

Lin Ran was also stunned, he didn't expect this Heavenly Wolf to come from such a big place, no wonder he could fight Linglong.

Linglong was the disciple of Long Ya and Ling Sa, and the two were high ranking members of the Anti-Alliance, Linglong's strength was naturally not bad either.

It was a bit of a tit for tat when these two ran into each other.

"Stop fighting! Our own people!"

Lin Ran was busy getting up and shouting.

“One of our own?”

Leng Qian and the others at the side looked at Lin Ran a little bewildered at his words.

How could they be one of their own? You just bumped into two people and they were your own people?

“Lin Ran! You bastard, I knew nothing good would come from you taking me to the Seven Killings Valley, you just wanted to get rid of me!”

When Linglong saw Lin Ran coming, she shouted in aggravation.

“How can you say that, I didn’t know that the teleportation array was random either!”

Lin Ran was speechless.

“You clearly did, men are all big pigs’ feet!”

Linglong said in an atmosphere.

“Stop it! How is that a big pig’s foot, you and I just met each other in passing, don’t think too much!”

Lin Ran said.

“You!”

Linglong was so angry that she stomped her foot, and by now the two had stopped their hands.

Tian Lang turned his head to look at Lin Ran, and then looked warily at Xiao Jiu and Li, after a moment to make sure the two were fine this was when he walked over with a smile.

“Li! Little Nine!”

“Skywolf it’s really you! Why are you here!”

Xiao Jiu asked with great excitement.

“Uncle Zhen Yan asked me to come, he’s worried about you and Li’s safety!”

Skywolf said.

“We’re fine following brother!”

“Right let me introduce to you, this is my brother Lin Ran, Uncle Zhen Yan has met him too!”

Xiao Jiu was busy introducing him.

### **Wonder Doctor Chapter 2056**

“I know him, I secretly observed him when I was in the Beast King Domain before!”

Sky Wolf said.

“Secretly observed me?”

Lin Ran couldn't help but sweat as he listened, how could he not have felt anything at all at that time.

"It was normal for your strength to be too weak at that time, but I didn't expect that after only a few years, your strength had actually increased so much!"

Sky Wolf said.

"It's alright, by the way Brother Skywolf, how long have you been here?"

Lin Ran suddenly asked.

"Been here all the time!"

Skywolf said.

"I was lucky, I appeared here directly after entering the Tai Cang Diagram, so I didn't go anywhere, I was here to grab the amulets of the people who came up here!"

Said Sky Wolf as he took out all the messengers.

"It's almost almost a thousand and a half, do you want it?"

Skywolf asked Lin Ran.

"No, I already have enough for mine, you can give it to Linglong!"

Lin Ran said.

"Give it to her? Then forget it!"

"You! What do you mean?"

Linglong was furious, but Skywolf said with a bland smile.

"Even if I give it to you, you won't have enough for a thousand pieces, it's useless!"

"Who said that this lady can't raise enough for a thousand pieces, you wait for me, I can definitely raise enough for a thousand pieces!"

Linglong said angrily.

Seeing this, Lin Ran helplessly waved his hand and said.

"Alright, you're still afraid that you won't have enough talismans now that we're here! When we get to the highest platform, there will definitely be a melee!"

"Right!"

Linglong nodded, the closer they got to the end the more intense this battle would be.

Because everyone wanted to grab the chance inside the Gate of Chance, but the number of talismans was a dead requirement to get inside you had to go and gather enough talismans.

"Alright, let's continue on our way!"

Lin Ran greeted, and with a whirl, the group hurried towards the highest point.

On the way, Lin Ran asked Skywolf.

“You’ve been here all this time, have you come across a mysterious black robed man who is extremely strong!”

“No!”

Skywolf said with certainty.

“I didn’t run into one, but I did run into a group of them, they were indeed uncommonly strong however they weren’t my match yet, seeing that I couldn’t beat them I went around!”

“A group?”

Lin Ran was stunned and couldn’t help but think of the group of black-robed people he had run into earlier.

Were these black-robed people in cahoots with that mysterious and powerful black-robed person?

Lin Ran didn’t have a clue in his mind.

But honestly, if the other party didn’t provoke him, Lin Ran actually didn’t bother to bother with them.

This was how the Chance Conference was, the weaker ones would not stand a chance after all, and although the Fuyi Swordsman was his friend, he was indeed a bit too weak to keep up.

But his strength was indeed a bit out of pace, so Lin Ran did not necessarily have to take revenge for him.

He just wanted to learn more about the power of this mysterious black robe.

The crowd chatted as they hurried along, and soon the largest platform on Tai Cang Mountain appeared in front of them.

This platform was enormous, the largest on the entire Tai Cang Mountain.

And it was only after reaching the platform at this point that Lin Ran and the others realised how lively it really was.

The entire platform was at least the size of ten football fields.

But at this moment, it was still packed with people and looked somewhat crowded.

Even in such a place, there were actually people fighting over the amulets.

Lin Ran gazed towards the front, only to see that in front of the platform was a huge mountain peak, with a staircase on top of the mountain range, winding up to the top of the mountain.

And on the mountain’s body, a stone door had been carved out of the mountain peak.

The stone doors were inscribed with formations of unknown patterns, and it was clear that these were the doors of chance.

The rewards for the first hundred places in this Chance Conference were all in here as well.

“Brother Lin Ran, look over there! Chen Hu!”

Suddenly, Leng Qian, who was on the side, spoke up.

Lin Ran followed his gaze and saw that Chen Hu was in the crowd not far away.

Next to him was a man dressed in black robes.

This person’s aura was unpredictable it was impossible to tell who he was, except that the dress was simply too similar to the mysterious man that Bu Er Swordsman had spoken of.

“How did they get together!”

Lin Ran was a little surprised in his heart.

This Chen Hu was really quite good at pulling people together.

It had only been so long since he had seen them, and this guy had actually found a new helper.

“Leng Qian! Lin Ran!”

A voice suddenly came, and Lin Ran turned his head to see that it was actually none other than Immortal Fox Water.

“You’re really fast, you’ve actually arrived already!”

Leng Qian laughed.

“I was lucky to be near this Tai Cang Mountain as soon as I came in, you guys seem to be less lucky when it comes to that!”

Immortal Foxwater laughed.

“It’s alright, how are things going now?”

Lin Ran asked, so many people had gathered here, not many fighting, were these here on holiday?

“Things are alright now, the Gates of Chance have been opened by thirty-five people! There are sixty-five left!”

Immortal Foxwater said.

“Sixty-five left?”

Lin Ran was stunned, not expecting that this Gate of Chance had actually been opened so many times already.

“Then heck why aren’t you even going up there now!”

Leng Qian asked busily.

“None of them want to risk it!”

Immortal Fox Waterway.

“This Gate of Chance isn’t as easy as you think, from the foot of this mountain, as soon as you start ascending the stairs, your messengers will all disappear!”

“Which means you have another chance to be able to pick the Gate of Chance!”

“But picking is just picking, it’s also questionable whether you can open it or not!”

There were at least a few dozen people here who had gathered enough talismans, but ultimately failed to open the Gate of Fate.

For those who could not open the door of chance, this chance would be nullified and they would have to go back to gather the letter talismans again.

Immortal Fox Water introduced.

It was also because of this situation that, after the crowd had calmed down, some people who had enough letter talismans began to wait and see.

The entire Gate of Chance was clearly the easiest for the last few, and the closer to the front the more difficult it would be as well.

So by now there would be this situation where the last thirty-five doors were opened and no one had gone to grab the ones in front of them yet.

“Hey hey! Someone’s gone up there!”

Suddenly someone in the crowd shouted out.

Lin Ran and the others looked and indeed found that someone had gone up the steps and was alone.

“That’s.”

Lin Ran’s first glance at the other person was definitely somewhat familiar, but he couldn’t recall where he had seen him before.

“This person’s name is Floating Dust, and he’s very powerful too! And he’s also from the Immortal Emperor’s lineage!”

Immortal Foxwater spoke.

Lin Ran was stunned at his words, Floating Dust? Could it be the same Floating Dust that he was looking for?

“I have to go up there too!”

Lin Ran said as he also wanted to follow.

However, he was stopped by Leng Qian who was on the side.

“Brother Lin Ran, don’t rush, you’re afraid you won’t be able to go up there just yet!”

“Hm?”

Lin Ran frowned as he listened, but when he saw the direction Leng Qian was pointing, he couldn't help but have his face sink.

He only saw that the mysterious man in black who was originally still talking to Chen Hu was actually walking towards his own change at this moment.

"It does seem that we can't get up there for now!"

Lin Ran was helpless, not expecting that this man in black had finally been moved by Chen Hu's words and was ready to make a move on himself.

"Brother Lin Ran what now!"

Leng Qian asked from the side.

"It's none of your business, I'll just do it myself!"

Lin Ran said, he didn't want Leng Qian to get caught up in this too.

This was Tai Cang Tu not Immortal Emperor City, if the other party was strong and really moved to kill, I'm afraid that Leng Qian might not be able to carry the load either!

The most important thing was that he still had Leng Qiu beside him, if something happened to this girl Lin Ran would likewise have some self-blame in his heart.

### **Wonder Doctor Chapter 2057**

Chen Hu and the black-robed man walked unhurriedly towards his side.

But before the two could step forward, suddenly Chen Hu laughed out at the crowd to the side.

"Isn't this old brother Liu Pan! The number of talismans seems to be short of two hundred! Not interested in making a deal again!"

Chen Hu did not lower his voice, and many people around him heard this.

"A deal? What kind of deal?"

Liu Pan's face was ugly, he hadn't even gathered enough talismans by now, and was really a bit anxious.

"How to trade? Simple! Help me out once, and I'll give you two hundred talismans to make up a thousand!"

Chen Hu said with a smile.

"Strike? Against whom!"

Liu Pan frowned and asked, as a disciple of the Liu family he had his own pride, but at this juncture a minute's delay would likely result in one less Gate of Opportunity.

He was also a little heartbroken.

"Haha!"

Chen Hu let out a laugh.

“Simple! That’s him!”

Said Chen Hu, pointing to Lin Ran in the distance.

“This kid, Old Brother Liu Pan, should have some problems too, how about joining forces with me?”

“Yes!”

Liu Pan actually agreed straight away.

“Good!”

Chen Hu smiled even wider when he saw this.

And from afar, Lin Ran Leng Qian and the others watched with a slight frown.

This Chen Hu was really good at attacking the heart, at this juncture he was actually willing to take out his own amulet to use as bait, he was really ruthless!

“Chen Hu, you are really shameless, you have pitted your own clan members and now you want to pit Liu Pan brothers?”

Leng Qian shouted.

Liu Pan not only frowned slightly at his words, he looked at Chen Hu.

He did notice that this guy actually didn’t even have a single Chen family member by his side.

And even if this place was near the end, it was fine to let his clan members leave, but how come the Dagger Thirsty Sword Thirsty that he had pulled together had disappeared as well.

“What’s the situation with Chen Hu?”

Liu Pan frowned and asked, himself originally an outsider, if this thing is fishy he can only and from a new consideration to participate or not.

“Liu Pan brother you look at the list above your head will know!”

Leng Qian laughed.

“The two fighters that Chen Hu pulled together have already been taken care of by brother Lin Ran!”

“Even though you have had your differences, I advise you to be more cautious in choosing sides at this time! Lest you push yourself into the fire!”

Liu Pan’s brow furrowed a few degrees tighter at his words.

Chen Hu’s face looked ugly as he gritted his teeth and said

“Yes! I admit that Lin Ran is strong, but do you think that no one can clean him up in this Tai Cang Tu? Don’t forget, he’s only at the early stage of the Extreme Dao Realm!”

Chen Hu said and pointed at the black-robed mysterious man next to him, before laughing confidently.

“This one beside me is Grandmaster Qin Night Qin, an existence at the peak of the Extreme Dao Realm, do I need to say more about how strong he is? Just take a look at the list yourselves and you will know clearly!”

When the crowd heard this, they looked up and saw that on the list, Qin Ye’s name was in third place, and the number of talismans was 1,500.

“I’m afraid that this person is not weak! And it’s likely that he is the mysterious person that Bu Er Swordsman said he was!”

Lin Ran frowned slightly as he watched.

This Qin night’s identity was a mystery, and Lin Ran didn’t know where he came from.

But based on the current situation, it was likely that he was from a hidden family.

It was just that if one thought about it carefully, one would realise that there was also a problem.

There was no way a hidden family would send a small team to the Chance Conference even if they were strong once again!

The disciples that came in from these great clans of the Chen Family and the Leng Family, apart from them, the young males, most of them were of varying strength.

Some were in the early stage of the Extreme Dao Realm, some were in the middle stage, and there were even those in the Third Dao Realm.

But the group of black-clothed people they had bumped into earlier were all at the peak of the Extreme Dao Realm, if this was the disciples of a hidden family.

Then what kind of strength would this hidden family have to be.

“Brother Liu Pan, time waits for no one, you better decide quickly!”

Chen Hu sneered.

Qin night on the side had even taken a step towards Lin Ran’s side.

The people around him ruthlessly and consciously busied themselves with making way, as if they were afraid of spilling over into themselves.

Liu Pan frowned, his eyes glancing at both sides from time to time.

There were even times when he thought about not participating in anyone else.

Once this muddy water chose the wrong camp, it could very well all be fatal for himself!

Seeing that he was just one step away from the Gate of Opportunity, he was really a bit indecisive.

“Brother Pan!”

Suddenly, just as Liu Pan was hesitating in his mind, a voice came from afar.

“Liu Xu?”

Seeing that the person coming was actually Liu Xu, Liu Pan could not help but be stunned.

“What happened to your arm!”

Seeing that Liu Xu was actually missing an arm, Liu Pan was instantly frozen.

“We met the Chen Clan’s people earlier, and we were attacked secretly!”

Liu Xu said.

Once Liu Pan heard this, his gaze had changed when he looked at Chen Hu.

“Brother Pan, it was Lin Ran! He was the one who saved us, and he didn’t even rob us of the amulet, Brother Pan this kindness!”

Liu Xu didn’t say any more, but Liu Pan had already made a decision!

“Make a move!”

Chen Hu suddenly opened his mouth and shouted.

Liu Xu’s sudden appearance had caused him to completely give up on pulling Liu Pan’s strings.

Rather than letting the other party converge it would be better to just make a move now.

“Make a move!”

Leng Qi also shouted almost simultaneously.

On the side, Liu Suixin Leng Qiu as well as Lin Ran rushed towards the crowd in front of them almost simultaneously.

Liu Pan, on the other hand, led Liu Xu to run to safety first, and only then did he come back to kill again.

What made Lin Ran different was that he originally thought that Immortal Fox Water would not participate in this melee.

But to his surprise, Immortal Fox Water had actually participated in the battle as well.

On the platform, which was originally quite calm, a melee instantly erupted.

Lin Ran bore the brunt of the battle and directly tangled with the black-robed Qin Night.

Leng Qian, on the other hand, led Liu Suixin to block up Chen Hu.

Xianhuoshui and Lengqiu originally wanted to join Chen Hu in the fight as well.

But the battle had just begun when suddenly a large group of men in black rushed in.

They were powerful and instantly surrounded Leng Qian and the others as soon as they entered.

The situation in the field changed again at once.

Lin Ran took a moment to look at the situation and found that the situation was still somewhat unfavourable to his side.

He himself was tangled up with the leader of the black-clothed people, and at this moment there was still Leng Qian Xian Xu Shui as well as Liu Suixin and Liu Pan and the few people he had brought with him, Ling Long and Tian Wolf.

Leng Qiu's strength was on the weaker side facing Chen Hu who also barely had a fighting chance.

So there were only six people who could really fight, Leng Qian.

But on the other hand, apart from Chen Hu, there were nearly ten black shadow people who suddenly appeared.

So the situation in the field instantly became one-sided on Lin Ran and the others' side.

"Get into the formation!"

Leng Qian knew that the situation was unfavourable to him, and with a flip of his palm he actually took out a palm-sized piece of stuff.

He threw it violently into the air while a mouthful of fresh blood sprayed directly onto it.

In the next moment, the millstone like object exploded into a ten thousand feet of white light.

The white light shot up into the sky and the next moment directly enveloped Leng Qian and the others.

Lin Ran was standing outside the formation at this moment and could not help but sigh with relief.

He knew the formation that Leng Qian had taken out, it was called the Execution of Heaven Combination Formation!

This kind of combined attack formation could unite the strength of the people within the formation, and was the most common combined attack formation for those who beat the strongest with more.

And with this formation, he thought they would be able to stall for a while.

Without bothering about them, Lin Ran turned his head to look at the black shadowed man in front of him, and his eyes turned icy cold.

### **Wonder Doctor Chapter 2058**

"Boss, are you sure about this? Or should I go out and help you?"

Li Ba asked busily.

"No, you coming out now won't have the slightest effect, you still have to take it by surprise!"

Lin Ran said.

"Then you take care of yourself! This guy doesn't look easy to mess with!"

Li Ba reminded.

Not to be messed with? Which of his own opponents was easy to mess with!

Not enough to say that now, it was useless, after all, he didn't even know who the enemy really was.

“Lin Ran! You’ve really made me look for you!”

Suddenly, the dark shadowed man in front of him actually spoke.

“You’re looking for me?”

Lin Ran was stunned, and his brow couldn’t help but frown a few degrees tighter.

“That’s right! I’m looking for you!”

“Who are you!”

Lin Ran asked warily.

“It doesn’t matter who I am, what matters is that today you are finished!”

The black shadow man said as his feet lashed out and his entire body was like a ghostly phantom coming towards Lin Ran in an instant to kill him.

The opponent’s speed was so fast that even Lin Ran sighed to himself, but after all, he was also someone who had experienced the baptism of the Great War.

Almost by reflex, he dodged directly.

At the same time, with a flash of coldness in his hand, the Frost Condensation Sword was already taken out, and he slashed over in one smooth motion.

“Clang gear!”

With this sword strike, Lin Ran had almost used his reaction to the utmost, and even struck with a sword intent that was through the sky!

But what he didn’t expect was that his opponent grabbed directly towards the Condensing Frost Sword with just one hand.

And a series of metal clashing sounds erupted!

“Explosion!”

Lin then gave a fierce roar as he retreated.

An instant sword qi explosion strangled the black robe on the opponent’s arm into pieces.

But following that, Lin Ran was dumbfounded.

The black robe on this guy’s arm was shattered, but what appeared was not an arm but actually a piece of black scales.

This guy’s arm was as if he was wearing a snake skin, and the scales covering it were unusually appalling.

“What the hell is this!”

Lin Ran couldn’t help but suck in a cold breath as he watched, even his own Lancang Sword Technique could block it, these scales were too sturdy!

“Master what this guy has on is intrinsic armour, it’s hard to break through!”

Suddenly Qing Zi’s voice rang out.

Intrinsic armour? What then!

Lin Ran busily asked.

The so-called intrinsic armour was actually a type of intrinsic weapon.

The weapons in a cultivator’s hands as well as the armour on their bodies were actually magic weapons, and these things could be upgraded to a life magic weapon if they were willing to use their own essence blood to embrace them.

If one is willing to use one’s own blood to nourish them, they can be upgraded to become a lifeblood magic weapon, and the power of a lifeblood magic weapon is much stronger than before.

It is a pity that the cost of such nurturing is too high, so people generally do not do it.

Unless one really came across a perfectly suited own magic weapon.

“Isn’t there any other way?”

Lin Ran asked busily.

“This is also the first time I’ve seen this, and truly strong people don’t engage in any intrinsic magic weapons, because once such things are burst, it will backfire!”

Qing Zi said helplessly.

“Er...”

Lin Ran was helpless, this intrinsic armour seemed difficult to break, so wouldn’t he be unable to hurt his opponent at all.

“Bang!”

Lin Ran was thinking in his mind when suddenly an aura erupted from Qin night’s entire body in front of him, and instantly the black robe was directly and completely shaken apart.

Lin Ran’s entire body froze at once.

He only saw that Qin night’s entire body, except for his eyes and nose and ears, his skin was actually covered in these scales.

It was as if he was wearing a custom-made snakeskin jacket.

“How the hell is this going to fight!”

Lin Ran couldn’t help but curse.

“Kid! Look at your no-good look, as the saying goes, if you don’t listen to an old man, you’ll suffer before you know it, you don’t ask your Uncle Lei before you fight, and you still want to fight?”

Ray’s voice suddenly popped up.

“Fuck off, who are you uncle! If you have a fart, let it out! Or else if something happens to me, you’ll have to be taken for marbles too!”

Lin Ran said in no good humour.

“You brat, no big deal!”

“What time is it now, hurry up and tell us what to do!”

Lin Ran urged.

“The solution? The solution is to chop him up!”

Lei laughed.

“Cleave him?”

Lin Ran said that he didn’t understand.

“Split him with your heavenly thunder! Are you stupid, this kind of armour is originally made of heaven and earth treasures!”

“If you keep striking with the heavenly thunder, within ten minutes this armour of his will be completely penetrated by the heavenly thunder, just wait for a while!”

“The armor will become as brittle as a piece of paper, and then you will still be able to clean it up!”

Ray laughed.

“You better not be lying to me, or else you won’t be able to return to the Thunder Dignity Pavilion!”

Lin Ran said as his palm was already raised, and a white light gushed out of his body like an electric snake in a frenzy.

“Heavenly thunder?”

Seeing the arcs of lightning leaping in Lin Ran’s hand, Qin night couldn’t help but frown slightly as well.

“That’s right it’s Heavenly Lightning, now you can taste the power of Heavenly Lightning first!”

Lin Ran said with a wave of his palm, and instantly countless lightning arcs rushed towards Qin night.

This guy, Qin night, looked with slightly narrowed eyes, only to see that there was just a bulge on top of his head, just like a lightning rod.

Lin Ran also wanted to laugh as he watched, and the thunder arcs flung out towards Qin night’s head and struck.

“Roll!”

Qin night roared in anger and raised his fist to blast.

With a loud bang, the first incoming thunderbolt was instantly shattered by him.

However, the tiny thunderbolts from the broken thunderbolts were directly attached to his fist.

“Bang Bang Bang!”

Qin night threw one punch after another, not even noticing that these tiny things had started to flow through the armour on his body.

Seeing this, Lin Ran was delighted and was in no hurry to keep slashing the Heavenly Lightning over, allowing Qin night to blast it to pieces.

And at this time in another place of engagement.

Leng Qian and the others were able to hold off the siege of Chen Hu and the others for the time being, thanks to the Interdictor Combined Attack Formation.

These people had all gotten together temporarily, and apart from the force that the black-robed man had brought with him, the only one left was Chen Hu.

There was little co-ordination between them, and they could only work hard.

For a while, they could not break through the formation of Leng Qian and the others.

“What is brother Lin Ran doing?”

Suddenly Leng Qian opened his mouth and asked.

“I don’t know! That seems to be heavenly thunder.”

Immortal Foxwater said.

“But why does he keep blasting each other with Heavenly Lightning, that black-robed man doesn’t seem to be afraid at all!”

Leng Qian was a little worried.

“Never mind that, we can’t even carry it a bit on our own side!”

Xianhuoshui frowned.

“It’s not that Leng Qian cares too much, we won’t last long at all, once Lin Ran’s side loses it will be us who follow!”

Next to him, Liu Pan also said.

“Lin Ran won’t lose!”

Suddenly, Leng Qiu next to him spoke up.

“You!”

Leng Qian looked helpless, this cousin of his was always obsessively confident in Lin Ran.

“I can’t help it if you don’t believe me, but Lin Ran definitely won’t lose, I know him!”

Leng Qiu said.

“Let’s hope so, if he loses, you must leave here at the first opportunity!”

Leng Qian said.

“I know, but he won’t lose for sure!”

Leng Qiu still insisted.

When the crowd saw this, they didn’t say much, since Leng Qiu had said so, plus the situation was already like this at this point.

What else could they do.

However, they were also very clear in their hearts.

Confidence was confidence, but if Lin Ran really once lost, then they could only choose to leave.

At the very least, they would have to leave this Tai Cang Mountain Range first, or else they would likely be directly besieged.

It would be light to get out then, and it was likely that even their little lives would have to stay here.

### **Wonder Doctor Chapter 2059**

The fears of Leng Qian and the others were not unreasonable, after all, Lin Ran was strong, but he was ultimately a single person.

If he couldn’t carry the attacks of that mysterious man Qin Night, once he fell, there was no one here who could stop Qin Night, they feared.

“What do you think of this Qin Night?”

Linglong suddenly asked Skywolf from within the Criminal Heaven Formation.

“Very strong, but not unbeatable!”

Skywolf was confident.

“You’re a madman, this Qin night’s strength is afraid that it’s not at all what we see on the surface!”

“This is Tai Cang Tu, his strength will definitely only get stronger!”

Linglong said.

“So what, in this Tai Cang Diagram he’s just an Extreme Dao Realm!”

Sky Wolf snorted.

“Ai! I hope that kid can resist!”

Linglong said with some worry.

Before they were all uncommonly strong, but it wasn’t until after this Qin night’s people appeared at this moment that it became clear to them that it wasn’t how strong they were, but that none of the truly strong people had appeared yet.

Sky Wolf was so strong that he had already saved up the number of talismans to a thousand with his own strength.

But at this time, he had no choice but to join Leng Qian and the others in manipulating the formation when he ran into these men of Qin Ye.

Moreover, Lin Ran had also noticed the problem, this group of Qin Ye's men were very strong, at least too much stronger than the group he had encountered before.

"Bang Bang!"

Not far away, the exchange of blows between Lin Ran and Qin Ye continued.

The crowd around them were all attracted by the exchange of blows here.

Even Lin Ran saw that not far away, on the Chance Steps only, Fu Chen was also looking over.

"Scram!"

Lin Ran forced the onrushing Qin night back with a swipe of his sword, his heart a little nauseous.

He himself had searched all the way over and had never found Fu Chen, not realising that this fellow had already gone up the steps to prepare for the Gate of Chance.

And this whole way over was either the Chen family or the black-robed man, greatly delaying his own speed.

Seeing that at this moment, Fu Chen might enter the Gate of Chance at any moment, Lin Ran was also a little anxious.

"Is the split enough!"

Lin Ran asked busily.

"Don't rush, look at those scales on his body, after all the lightning is on top of the scales, that's when you'll strike!"

Lei reminded.

Lin Ran could only grit his teeth and continue to strike Qin night with lightning.

Luckily, it didn't take long, and under Qin night's furious attack, soon his body scales were covered with an arc of lightning.

Seeing that the time was almost right, Lin Ran instantly slashed out with his Condensing Frost Sword in his hand.

"Ten Thousand Swords Exterminate!"

Several dao had all but attached themselves to the sword aura at the same time as the fury.

"Humph! You are still too young to break my original magic weapon!"

There was disdain in Qin night's eyes as the black scales all over his body suddenly erupted with a stream of light, as if he was condensing some kind of attack.

"Yeah! Then watch out!"

Lin Ran didn't hesitate in the slightest, and the Ten Thousand Sword Exterminator instantly slashed through a seven-coloured sword mane towards Qin night's chest directly.

"Come on!"

There was madness in Qin night's eyes, he was extremely confident in this original armour of his.

Moreover, even though his strength was suppressed, he was still a hundred thousand eight hundred thousand realm powerhouse after all, and this kid in front of him was at the early stage of the Extreme Dao realm.

He really didn't believe that the other party could hurt him!

Speaking too late, the seven-coloured sword mane had struck Qin night's chest almost instantly.

At the same time, Qin Ye's brother's armour flashed white with a bolt of light.

It had actually directly blocked Lin Ran's seven-coloured sword mane.

"Hm?"

Lin Ran frowned slightly as he watched, but just when he thought his attack was going to be blocked by his opponent.

Suddenly, he heard two crunching sounds, and the next moment, a crack appeared on Qin Ye's chest armour.

These cracks were so tiny that they seemed like spider webs.

But as the first cracks appeared, the whole armour was like a spider spreading like rain.

In just the blink of an eye, the cracks had spread to Qin night's shoulders.

This was followed by the back.

This armour covered Qin night's entire body, with only his eyes and nose exposed.

But at this moment, these cracks were like a silk thread that quickly spread to his entire body.

"How is this possible!"

Qin night also panicked at this point.

His greatest reliance was his armour.

But at this moment, this armour on his body was actually going to shatter.

Up until now, he hadn't even figured out how his armor had been made to look like this by the other party.

“Why are you still standing there, kid? Do it!”

Lei’s voice rang out.

Lin Ran instantly reacted as well, his eyes steeply chilling as he moved straight away the next moment.

“Bastard!”

Qin night willed Lin Ran to kill the entire man’s equation was instantly disordered.

The armour on his body was still crumbling and was even starting to fall off in places.

If he continued to tangle with Lin Ran this armor on his body was bound to completely collapse and finish.

But if he wanted to get away, Lin Ran would have to agree!

“Come on, let me see what you really look like behind the armour!”

Lin Ran laughed.

Wrapping himself up like a dumpling, Lin Ran was also curious about what this Qin night’s face actually looked like!

“Go.”

With a loud shout, the Frost Condensation Sword in Lin Ran’s hand instantly slashed towards the other party.

“Roll.”

Qin night was in a panic and was busy raising his arm to block.

However, the moment his arm collided with the sword’s aura, he heard a crunching sound.

The armour on Qin night’s arm was completely shattered.

“Bastard!”

Qin night’s eyes were cold, but there was nothing he could do at this moment.

Lin Ran didn’t stop at all and picked up his Frost Condensation Sword and killed him again.

“Bang, bang, bang, bang.”

As the sword slashed down, the armour on Qin night’s body would be shattered every time he tried to resist.

After just a few minutes had passed, the armour on Qin night’s chest had already lost a large portion of it.

“Lin Ran stop! Stop it now!”

Qin night was finally panicking.

Every piece of this armour on his own body had been refined by him with countless hours of effort, but at this moment, it had actually been beaten by Lin Ran to the point of falling apart.

“Stop? When you said stop, you stopped, when you helped Chen Hu out before, I didn’t see you hesitate!”

Lin Ran sneered.

Since he had interfered, he didn’t want to pull out so quickly.

Lin Ran wasn’t a good person either.

Moreover, this fellow had also robbed the Buji Swordsman of his amulet, although the latter was not strong.

But after all, he was also his friend, so it was just as well to take out this anger for him.

“Shatter it for me!”

Lin Ran accelerated his attack, and as he kept striking, the armour on Qin night’s body was crumbling off piece by piece.

Finally, after a few minutes had passed, the armour on Qin night’s body was so little that it could almost be described as pathetic.

“Bang!”

Another sword maneuver slashed down, directly onto Qin night’s shoulder.

Immediately, a large portion of the scales on his shoulder fell off.

But just as Lin Ran was about to continue his move.

Suddenly, a mark on Qin night’s shoulder caused his face to change instantly.

Lei’s voice also sounded thunderous almost simultaneously.

“Bastard! He’s from the Death Sect! Kid killed him!”

“I saw it!”

Lin Ran’s eyes turned icy cold at this moment, too.

He only saw a striking thunderbolt wound on Lei’s shoulder that was very conspicuous.

And this wound was no other than a wound that could only be found on a deadly enemy of the Thunder Zun Pavilion.

At the beginning, there were such marks on the 1 of the Deadly Sect as well as on Fang Ye.

I didn’t expect that within this Tai Cang Tu, someone from the Death Sect had actually been mixed in as well!

**Wonder Doctor Chapter 2060**

“Bastard!”

Qin night’s eyes also turned red when he saw his identity exposed.

“Kid, you’re really giving people a headache, no wonder you were able to kill that trash Fang Night!”

Qin night’s eyes were icy cold, and at this moment, only his head was still covered with scales.

His entire body’s aura completely radiated out at this moment, causing the surrounding space to vaguely vibrate a little.

“Even stronger than the peak of the Extreme Dao Realm!”

Lin Ran frowned as he watched.

The Tai Cang Diagram had a prohibition, and it was impossible for strength to exceed the Extreme Dao Realm.

But at this moment, Qin night’s strength had already caused the space around him to start vibrating.

Clearly this fellow’s strength had begun to draw some reaction from the Tai Cang Diagram.

It was just that he was smart enough to raise his strength to the extreme end of the Tai Cang Diagram, not letting it really suppress him.

But at the same time, his strength had already surpassed that of most peak Extreme Dao Realm powerhouses.

If one were to strictly speak, at this point, Qin night’s strength was somewhat similar to that of a half-step Extreme Dao realm.

Within this Tai Cang Diagram, it already belonged to the top of the list of existences, and even if it was stronger, that was it, it couldn’t be any stronger!

Even a single point of strength would probably cause the Tai Cang Diagram to suppress it.

“Ready to play with your life?”

Lin Ran laughed coldly as he watched.

“Kid! You’re too arrogant! A mere early stage of the Extreme Dao Realm, you think you’re invincible just because you killed Fang Ye?”

“The power of the Death Gate is not something you can understand at all!”

“Since you’ve found out, there’s nothing to hide, I’ll kill you today!”

Qin night looked like a madman, and all the remaining scales on his body were falling off piece by piece at this moment.

At the same time, all the scales that had been cut off by Lin Ran before also shook at this moment.

These scales seemed to be pulled by Qin Ye as if they were a letter talisman, floating up from the ground.

In just the blink of an eye, countless scales seemed like a sharp blade, all floating around Qin Ye.

“Kid! Suffer death!”

Qin Ye's eyes went crazy and the next moment his palm pushed violently.

In an instant, the countless sharp pieces resembled sharp blades and stabbed violently towards Lin Ran.

“Arise!”

Lin Ran didn't dare to slow down as his entire body's power surged wildly, and soon a white barrier appeared in front of him.

However, the very next moment the sharp scales had already smashed into the barrier only.

After a mere moment of struggle, a “bang” was heard.

Lin Ran's barrier actually shattered.

“What a sharp attack!”

Lin Ran's heart was shocked as he waved his hand to create several sword nets.

The sword nets quickly enveloped towards the scales and blocked them.

However, Lin Ran had still underestimated the power of these scales.

In just one glance, the sword net was instantly shredded by the scales.

“These scales are too strong!”

Lin Ran was somewhat speechless, his own sword net was actually shredded straight away.

No wonder before, no matter how he attacked, he couldn't break through this scale of his opponent.

Luckily, he had the help of the Heavenly Thunder.

But what about this moment?

The opponent's scales were so sharp that Lin Ran simply couldn't resist them, without all of them blasting at himself.

Even if only one or two of them struck a vital point, he would be finished.

“Kid, you're in trouble!”

Suddenly Lei's voice sounded again.

Lin Ran was busy looking up and couldn't help but gag.

He only saw a large area of scales in front of him like a giant net enveloping him right towards him.

The most terrifying thing was that these scales were as dense as cow hair, and there was nowhere for Lin Ran to hide.

“Grrrr!”

Lin Ran couldn't help but curse when he saw this, following which his entire body's aura was completely released.

The Chaotic Qi Spiral and the Divine Thunder Transformation Secret Technique were executed almost simultaneously.

The Frost Condensation Sword in his hand even opened up several seven-coloured sword maces one after another at this moment.

"Go!"

Lin Ran himself even transformed into one of the largest seven-coloured sword maces and met the scales right in front of him.

"Rumble!"

As soon as the seven-coloured sword mane and the countless scales collided, an explosion instantly rang out all around.

At the same time, the scales consumed the seven-coloured sword mane in a frantic sparring match.

It was almost a matter of a few breaths.

Lin Ran's seven-coloured sword aura and his opponent's scales had already clashed, causing a void crack to form around them.

Countless scales and seven-coloured rays were quickly swallowed up by the void cracks.

In the end, almost all of the attacks were sucked in, which prevented a more powerful explosion from occurring.

Lin Ran finally managed to stabilise his body, and when he looked at the countless holes on his body, which were like honeycomb coals, he couldn't help but sigh.

The blood on his body was continuously flowing outwards at this time, and he was injured in many places.

On the other hand, Qin night on the other side was even worse!

He didn't know how many seven-coloured sword maces had struck him.

At this moment, he himself was missing an arm, and a wound on his neck was even more shocking to the eyes.

"You Death Clan really have a shadowy soul, but each and every one of you is stupid as hell!"

"Not making a move outside, but having to come to a place of opportunity like this to strike, you're simply looking for death!"

"Fang Ye is dead, you think you can live just because you came here?"

Lin Ran's eyes were red, and the Frost Condensation Sword in his hand had already been raised once more.

The battle had reached this level, and the winner was already very obvious.

Chen Hu at the side was even looking a little desperate.

He had thought that Qin Ye would be able to take care of Lin Ran.

But who knew that this guy was just like a ball, the harder you suppressed him, the more he would bounce back.

Those of Qin night's men all wanted to come over to help at this point.

But Leng Qian and the others were fighting harder and harder, not giving them a chance at all.

No one was stupid, Lin Ran could beat Qin Ye like this.

As long as they held off those men of Qin Ye, then victory would be theirs sooner or later!

"It's time to end this!"

Lin Ran's eyes were icy cold as the Frost Condensation Sword in his hand was once again raised.

Power gathered wildly, and even the blood from Lin Ran's body floated towards the sword.

The original seven-coloured sword aura was hardened at this moment by the blood, turning it into a faint red colour.

The sword mane slashed out, and the next moment the power around it surged wildly, and the space around it was detonated by itself wherever it passed.

"This strike.... This strike has actually reached the level of a half-step of the Hundred Thousand and Eighty Thousand Realm!"

"Is this kid still human! He's clearly only at the early stage of the Extreme Dao Realm!"

"Demon! This person is definitely a demon, if we let him grow to the peak of the Extreme Dao Realm, will there be anyone here who is his match?"

"Go! Hurry up and go!"

"Yes go!"

The people watching around were all scared at this point.

There were many people on the entire platform, but there were not many who actually had enough letter talismans.

Most of the people possessed some letter talismans and were looking for a chance to get enough of them together.

But at this moment, Lin Ran's display of great strength made them feel afraid.

Once Lin Ran had completely taken over the place, the only thing waiting for them was to meekly hand over the talismans.

Lin Ran didn't bother with these people, as the bloodstained seven-coloured sword mane had already reached Qin Ye.

Although this guy was still struggling, he was soon completely engulfed by the sword mane.

Under the sword mane, Qin night could no longer see where he was.

A moment later, there was an explosive bang, and the seven-coloured sword mane burst into flames.

Qin night's figure had also completely disappeared from the spot.

"Go!"

Seeing this, Qin Ye's men turned around and were about to leave.

Lin Ran, however, looked on and laughed.

"Want to leave? Leave your life behind!"

He wouldn't spare any of the people from the Death Gate, and with a wave of his palm, Li Ba had already appeared.

"Do it! Kill them!"

Lin Ran said angrily, and at the same time rushed towards the other party.

"Leave it to me!"

Li Baba laughed out loud, and at the same time, he also rushed over.
