

Chapter 2059– 2060 of A Dish Best Served Cold Novel

Chapter 2059 a long-lost call

On this day, not only the Li family and the Lei family, but also the leaders of the 18th Dadi City in Noirfork received invitations from Lu Mingfeng.

The banquet invited all the powerful in Noirfork, and three days later, they gathered in The Twinfill in Wrilfill City.

In addition, Lu Mingfeng still arrogantly threatened. If they don't come, the Mufan Group will end in their final outcome.

But when the Noirfork land was surging, the military area was still calm.

After all, the Noirfork Military Region is isolated from the world and never interferes in these secular disputes.

In addition, Mark has been busy cultivating during this period of time, and naturally has no idea about these things happening outside.

On this day, Mark just woke up from his cultivation state.

In the room, Mark stretched his bones, and then there was a crackling sound from his body.

“This dragon god body is worthy of the supreme martial arts world's ultimate body refining technique.”

“Too grandma's hidden disease that is difficult to get rid of by the Shengshengzhihua soup, relying on the power of this dragon god, it has been repaired in just a few days. Now.”

Thinking of this, Mark couldn't help but feel complacent.

Since mastering the Yin Dragon Body, the overall power of Mark's Dragon God Body has undoubtedly gone further.

Especially the self-healing effect of Yinlong body is extremely significant.

Markton felt that his sacrifices were not in vain.

Of course, Mark's Yinlong Body can only be regarded as a small achievement, and the self-healing effect is much worse than the after-rhyme.

But what can Mark do?

This dragon god body is a double cultivation technique, even if Mark wants to improve the yin dragon body's ability, he alone cannot cultivate.

"However, if this Yin Long body can be small, I am already content."

Mark smiled to himself.

Now that Mark's injury is completely healed, and his strength is back to its peak, this feeling of healing from a long illness naturally makes Mark feel good.

The feeling of mastering power again is undoubtedly very intoxicating!

Even Mark's footsteps were unconsciously lighter.

After returning to the peak, Mark didn't delay for a moment. He immediately picked up the phone and dialed a number that he hadn't contacted for a long time.

The phone was only connected after ringing for a long time.

"Are you?" On the other end of the phone, an old man's low and vigilant voice came.

"Old Han, it's me."

Mark replied in a deep voice.

"you...."

you are?

"The voice on the other end of the phone trembles obviously. However, it is still a little vigilant and suspicious. "You guy, you have been so cautious all your life."

"In response, Mark shook his head and smiled, and then continued, "Xinghuo LiaoDollar changed the world, Chu Xiaolong chanted my Tianfan.

"Now, you should know who I am?"

"Mark's faint laughter, with infinite domineering and arrogance. At the moment Mark's words sounded, the air here almost stagnated. A long time of speechlessness. Finally, I don't know how long it has been, during the call. , Old Han's trembling voice just sounded. "Little...Little Lord?"

"It's you?"

“It’s really you?”

.... “Little Lord, is it really you?”

“I knew you were not dead.”

“Little Lord’s chosen son, will never die so easily~” ... “Little Lord, do you know how long the old slave waited for this call?

“...”These days, I can’t think about days and sleep at night.

Waiting for your call all the time.

“.... “The little master, the old slave waits so hard~” Old Han’s words trembled, and the whole person looked excited and panic. At this time, the old man was so happy as a child!

Chapter 2060

Even through the phone, Mark still seemed to be able to think of Adam Han’s tears.

Mark didn’t say a word, just like that, quietly listening to Old Han’s words, allowing the young man to vent his emotions.

After a long time, Adam Han calmed down.

“Little lord, I’m sorry, I’m gaffe.”

“I’m just so happy.”

“But lord, where have you been these days?” “Why, you didn’t contact me until now.”

“Do you know , We’re looking for you, it’s hard to find.”

During the period of Mark’s disappearance, Adam Han naturally did not idle.

He also tried to use the power of the Dragon Temple to find Mark, and also to search for Mark’s body in the sea area where the incident occurred.

However, the power that Adam Han can use is very limited.

After all, Old Han is just a housekeeper. Without Mark’s personal authorization, he would not be able to mobilize someone above the Dragon King in the Dragon Temple.

Especially those “Dragon Gods”, one by one, are rebellious and domineering.

In the Dragon Temple, Mark was able to restrain them.

Except for Mark, none of those people are birds.

Even Elder Han couldn’t give them orders at all.

“Old Han, I’m sorry, I worried you.”

“The main reason is that the enemy we face is too strong this time.”

“I was seriously injured earlier, and I was worried about being exposed, so I didn’t dare to contact you.”

Mark felt a little guilty in his heart. .

In fact, during this period, Mark never wanted to get in touch with Old Han and the others, and even Mark wanted to go to Wrifill to visit Helen Qiu and his mother.

However, Mark did not dare to take risks.

The power of the Chu family is too terrifying, once his whereabouts are exposed, then Mark will undoubtedly suffer a disaster.

Therefore, Mark could only choose to hide himself before he had enough self-protection ability.

“What?” “Little lord, are you injured?” “How are you now?” “Do you need me to contact Zihua and let her go to treat you?” Hearing Mark’s injury, Old Han suddenly became nervous.

Following Mark for so long, Han had already put Mark’s safety at the highest position.

Now that he learned that Mark was seriously injured, he was naturally nervous.

“Almost healed.”

“The strength has been restored to its peak state.”

“Otherwise, I won’t contact you.”

Mark replied in a deep voice.

“Yeah.”

“Little lord, you did the right thing.”

“During this time, Chu Zhengliang and his sons were frantically searching for your whereabouts.”

“Just a few days ago, they didn’t stop using the Chu family to walk around the world. Family power, and also use Trumen’s intelligence network to search for you.”

Old Han whispered.

After Mark heard this, his expression changed slightly.

“Can use the global family power?” “Presumably, this has to be approved by the Chu Family Patriarch?” Mark sneered coldly, with a bit of self-deprecation and sarcasm.

It is said that tiger poison does not eat seeds.

But Mark didn’t expect that the man would have participated in the siege of himself.

After so many years, it really hasn’t changed at all, it’s still as unfeeling as it was back then.
