

Wonder Doctor Chapter 2061

Li Ba's strength naturally went without saying, and after he joined in, the people on Leng Qian's side were simply overwhelmed.

Lin Ran naturally also stepped in to clear out some of the fish that had slipped through the net.

After just a few moments, the black-robed men were almost all killed.

And this was the largest massacre in the Tai Cang Tu since it had begun, and many of those watching around were a little chilled.

Although the Path of Chance was supposed to be a meritocracy, with you killing me and me killing him.

But this kind of massacre was very rare.

But Lin Ran didn't care, after all, the other party was from the Death Sect, if it was someone else he might have let go.

If it were anyone else, he might have let them go, but the Death Gate and he had already been at loggerheads for a long time.

If he hadn't survived from the brink of danger so many times, I'm afraid he would have returned to dust long ago.

Before even his own life was threatened, massacre was also a must.

"Chen Hu! Don't hand over the amulet yet!"

By now, the crowd had surrounded the group, and even the blockade formation had been used.

Last time, this guy had used a small movement talisman to escape, but this time, the crowd would not give him a chance at all!

"Ai!"

Chen Hu sighed helplessly at the sight of this, at this moment he had truly become a loner.

"I didn't expect that the real dark horse of this Chance Conference would actually be you!"

Chen Hu looked at Lin Ran with resignation in his eyes.

But it was useless to be resigned, he only had some regrets at this moment.

If he hadn't gone looking for someone to deal with Lin Ran after escaping, but had gone straight up the ladder, he could have taken a place in the top 100 with his direct strength.

After all, the number of talismans he had was already enough.

But saying more would no longer help, things were in the hands of the people their own choice had completely made him say goodbye to this chance meeting.

"One wrong step, one wrong step! I, Chen Hu, concede!"

With a wave of his palm Chen Hu's hand countless messengers immediately scattered in all directions.

Although he knew that there were formations around him, he was afraid that his move would be useless at all.

But he did it anyway.

“Collect!”

Leng Qian instantly collected all the letter talismans with a thought.

Seeing this, Chen Hu laughed blandly.

“Leng Qian, you are unethical, are you still prepared to swallow the letter talismans privately? Haha!”

Chen Hu said as his figure had started to fade and soon disappeared from the spot.

“To stir up trouble before you leave, Chen Hu, you underestimate me too much!”

Leng Qian laughed coldly, and then turned around and walked towards Lin Ran.

“Brother Lin Ran!”

Leng Qian said as he handed over all of Chen Hu’s messengers.

Lin Ran smiled at this, Leng Qian was indeed smart enough not to fall for Chen Hu’s trick, but he really didn’t need so many talismans.

“Just give me another three hundred, you can keep the rest!”

Lin Ran said as he directly took away three hundred letter talismans.

“Many thanks!”

Leng Qian smiled.

Lin Ran, however, waved his hand.

His own talismans were already enough, Li Ba was a follower not allowed to participate in the rankings, so the only ones who could really use the talismans were Linglong and Skywolf.

Skywolf himself had almost enough, while Lin Ran had defeated Daggerlust and Swordlust before, and had enough talismans for a thousand.

So these three hundred were actually for Linglong and Skywolf to ask for.

“You two share them, we’ll prepare to leave once we have enough!”

Lin Ran gave the two the messengers while urging them on.

“Good!”

Skywolf nodded his head.

Linglong, on the other hand, spat out her tongue and laughed.

“I didn’t think it would be good to follow you, it seems my three uncles didn’t lie to me!”

“Those three uncles of yours have screwed me over!”

Lin Ran said speechlessly.

“Hey! I’m not weak either, how much laughter have I had along the way following you, I wouldn’t have followed if others wanted me to!”

Linglong was very dissatisfied.

“Alright, alright!”

Lin Ran didn’t bother to say anymore, he really couldn’t reason with women, the more he reasoned, the more chaotic he became.

“Brother Lin Ran, look next!”

Leng Qian also walked over after dividing the messenger.

“I’m ready to start, what about you guys! Want to join us?”

Lin Ran asked.

“Hm! There’s enough for us too!”

Leng Qian said.

“Let’s go then!”

Lin Ran didn’t say anything and gave a greeting, and immediately the group walked towards the stairs.

Liu Pan had also shared some messengers, but it wasn’t enough, so it was a good thing that Liu Xu had given him his own, and he had barely reached the number of one thousand.

After Lin Ran and the others left the platform, there were significantly fewer people on the entire platform.

At the same time many people were secretly relieved, if such a terrifying person really wanted to bloodbath this place, I was afraid that not many people would be able to carry it.

After all, many strong people had already gone up the ladder before.

Above the platform was the ladder, which was very much like the Gate to Heaven.

The stairs go all the way up and there are very many stone gates scattered around on both sides.

Most of the stone gates below the fifty are scattered here, but at this point, according to the ranking information overhead.

A full forty of the fifty places here have already been taken.

That meant that from now on, as long as you captured the Gate of Opportunity then you were in the top sixty in the rankings.

“Brother Lin Ran, we won’t be going up, these remaining ten stone gates are enough, we’re afraid that there’s no hope for us if we go up!”

At the end of the stairs, Leng Qian spoke.

“Hm! Then we’ll leave it at that!”

Lin Ran nodded his head.

Although there were many stone doors, opening them once would require a thousand messengers.

Once they couldn’t open it, they would have to go back and get it together again, so many people didn’t want to take the risk, after all, the first hundred were rewarded.

Why risk not being able to open the stone door.

After parting from Leng Qian and the others, Lin Ran took Ling Long and the Heavenly Wolf and continued on up.

The stone door for the first fifty places was not here either, and one needed to continue upwards.

This last section of the path was winding upwards, and here in the Tai Cang Mountain Range there was a straight mountain peak that looked like a sharp sword stuck in the earth.

Next to the peak are steps spiralling upwards, and the final fifty stone gates are divided into sections on this peak.

“Where are you two going to open the stone doors!”

Lin Ran asked as he hurried along once.

“Where are you planning to go?”

Skywolf asked in return.

“First place!”

Lin Ran wasn’t hiding anything.

He himself had come for the first place, so naturally, he wouldn’t waste time opening the other stone doors.

“I’ll follow you up!”

Skywolf said.

“Right! I’ll go too!”

Linglong also said.

Lin Ran smiled at that.

“What are you guys going with me for? A tour? There’s only a large portion of the stone door left now, you guys might not even have the stone door left if you waste time later!”

“Also, don’t waste the amulets in your hands, the Tai Cang Tu examination is basically almost over by the time you get here!”

“Find a stone door to open and get the reward is the right thing to do, you guys can give it to me if you don’t want it!”

Lin Ran said.

“You’re thinking good thoughts! I’m leaving first!”

Linglong said and turned to leave, Tian Lang thought about it and also stopped in his tracks.

“I’ll wait for you!”

Said Skywolf and also turned to leave.

Lin Ran smiled helplessly and didn’t say much as he continued his journey alone towards the top of the mountain peak.

There was no longer any danger here, so it was useless for them to follow him, so he might as well hurry up and find a stone door to open and try to get a chance before he did.

However, Lin Ran was also very worried at this time.

All this way over, there was no sign of Su Sa.

I wonder what happened to Su Sa now!

If she failed, then he could only go and rush into the first stone door himself!

Wonder Doctor Chapter 2062

There were no words along the way, and Lin Ran rushed towards the top of the mountain in silence.

As he continued to hurry, the information on the ranking was constantly updated, and the number of stone gates continued to decrease.

The stone gates below the fiftieth place had been completely taken up.

Most of them were now hitting the fifty to forty spots.

It couldn’t be helped, there were only so many places to take and they had to be grabbed.

Lin Ran didn’t bother to care about how Linglong and Skywolf were doing, at this point he could already vaguely see the top of the mountain.

The fact that he hadn’t seen Su Sa on his way over, nor had he seen Fu Chen, made Lin Ran’s heart a little apprehensive.

He didn’t know what was going on with these two.

“Bang!”

Suddenly, just as Lin Ran was burying his head in the road, a loud bang suddenly came from the treasure ahead.

Lin Ran frowned at the sound and couldn’t help but speed up a few points.

At this moment, the stone door slot next to him had already reached the ninth place.

This meant that he was about to reach the top.

Speeding up soon Lin Ran saw the top of the mountain peak.

And the third place was located on the last step before the summit.

Lin Ran didn't hesitate and rushed straight up.

The next scene before him left him stunned.

The entire area between the top of the mountain was not very large, and in the middle of it two stone gates stood side by side, only one of them was slightly higher and the other slightly lower.

The first and the second!

Lin Ran looked stunned, only to see that the second stone door was already occupied!

And it was no one else, it was none other than the one Lin Ran had been searching for so hard, Fu Chen.

He was standing at the entrance of the stone door, as if he had just opened it and had not yet entered!

And there was also a person standing at the entrance of the first stone door, it was Su Sa.

It was just that this first stone door was not open.

"What a pity! A loss of success!"

Fu Chen suddenly spoke and laughed.

"Yes! But I'll come back again!"

Su Sa said and turned around to leave, she also saw Lin Ran, but at this moment, Fu Chen was right next to her, so she could only pretend not to see her.

However, Lin Ran directly reached out to stop her.

"Failed?"

"Mmm! You'd better not try, there's something odd about this first stone door, there's a very subtle thing!"

"I'll give it another try when I've gathered a thousand talismans, it's bound to open!"

Su Sa said solemnly.

Lin Ran, however, shook his head.

"There's no chance!"

"Look at the ranking!"

Su Sa was stunned, and was busy raising her head to look.

Upon looking, the entire person couldn't help but be stunned.

Only to see that the number of stone gates on the leaderboard overhead at this moment had plummeted to thirty!

All the stone doors from seventy downwards had actually been occupied.

And this rate was still climbing upwards.

“Halfway through the opening of the stone gates, many people can’t resist, there are too many people you go down and grab the talisman now, before you can gather enough chance exams I’m afraid it will be over too!”

Lin Ran said.

“Then what! You haven’t even tried it, if you try it rashly you’ll probably fail!”

Su Sa said.

“No, no! It’s not very likely, it’s bound to fail! This first gate of death will have to be opened at least twice to open it!”

On the other side, Floating Dust laughed, as if he was very much like to see how these two would choose!

“Open it twice? Are you confident?”

Lin Ran looked at Su Sa.

“Yes!”

Su Sa nodded.

“Then you go ahead!”

Lin Ran said as he fished out his messenger from his pocket and threw one over.

“What about you!”

Su Sa’s eyes flushed.

“It’s not the same who takes first!”

Lin Ran looked at her.

Su Sa couldn’t help but have her eyes redden.

The fact that she could hand over her letter grabbing talisman at this moment was enough to show Lin Ran’s attitude.

That was a first place chance, and compared to releasing Su Rou, it really made it hard to make a choice.

Su Sa was Su Rou’s disciple, so he was naturally righteous, but what about Lin Ran?

Even if he was Su Rou’s deceased friend, giving up his talisman in front of such a great chance was definitely not something that an ordinary person could do.

“Kid, are you serious? Or have you forgotten how generous the reward for first place is?”

Fu Dan couldn't help but ask with a frown as he watched.

“You have to be able to get the reward, and besides, I'm friends with her!”

“If she does get the reward, I don't believe she won't give me a little share!”

Lin Ran laughed, since he wanted to get close to this Fu Dust, he naturally had to act like he was righteous, or even like he could stick his neck out for his friend.

Although this pretence was uncomfortable for Lin Ran, he had no choice but to act like this for the sake of Song Nuan and the others.

“But what if she still can't open it!”

Voodoo Dust asked.

“Then I'll just have to resign myself to fate!”

Lin Ran guffawed.

Su Sa glanced at Lin Ran, and then without hesitation proceeded towards the first stone door.

“Let's go! You go for it!”

Lin Ran said as he turned around and walked away.

“Don't you look!”

Voodoo Dust suddenly asked.

Lin Ran waved his hand and cried out.

“I'm afraid he won't be able to open it, it's hard on his heart!”

“Haha!”

Fu Dust laughed at his words, while waving his palm, and instantly a bag flew over.

“Kid! Your temper is to my liking, here's a thousand letter talismans for you! Find a stone door somewhere and open it!”

“Many thanks!”

Lin Ran's heart was overjoyed, his face still clouded.

He didn't linger any longer, he couldn't overdo things, if Su Sa couldn't even open the stone door here.

Then he could only resign himself to fate, Su Rou did have to be saved, but Song Nuan and Qin Bing didn't know what the situation was at this point.

He had to be saved too!

So Su Sa's two chances were already the limit, and he had to get the spot himself as well.

Otherwise there was a good chance he wouldn't be able to take part in what was to come!

Lin Ran didn't bother about whether Su Sa had succeeded or not, as he arrived at the third stone door alone.

Without hesitation, he went straight up and took the amulet out.

One by one, the letter talisman covered the stone door.

Soon a stream of light appeared out of thin air on the stone door to envelop him.

At the same time, Lin Ran only felt that his divine sense instantly left his body, as if he had arrived in a separate space.

All around him was white.

The white colour was even a little blinding.

However, Lin Ran soon adapted to the place, and as he swept his gaze around, he found that it was all white.

Even the ground beneath his feet was white.

"What the hell is this place!"

Lin Ran frowned as he looked, wondering what exactly this stone door's test was.

"Weng!"

Suddenly, a black shadow rushed over from afar, the black shadow was so tiny that it could only barely be seen as a black dot.

Even Lin Ran couldn't see clearly what it was.

"Kid! Within one minute, use your divine sense to capture these black dots, reach a hundred and you'll pass the test!"

A voice rang out in Lin Ran's mind.

But Lin Ran was feeling a little inexplicably clever.

What kind of test is this!

Capturing a hundred black dots in a minute? Or using divine sense?

Although his mind was puzzled, Lin Ran was still busy releasing a wisp of his divine sense to meet the first black dot that came his way.

The divine sense was invisible and shadowless, and speed was all based on the mind.

As soon as Lin Ran's mind moved, his divine sense was already enveloped towards the black dot.

But just as Lin Ran was manipulating his divine sense to surround the black dot, suddenly the black dot rushed out directly from within his own divine sense.

It even rushed out a hole in his own divine sense.

“This!”

Lin Ran was so shocked in his heart that he even felt a dizziness in his divine sense.

That black dot might seem ordinary, but it was able to break through one’s divine sense and even cause one’s divine sense to be injured!

How could this feel like it was honing my divine sense!

This thought immediately popped into Lin Ran’s mind!

Wonder Doctor Chapter 2063

The divine sense is the most miraculous, but also the most fragile, part of a cultivator’s life.

In the Immortal World, there are specialised cultivators of divine sense, whose divine sense is incomparably powerful and originally too strong for ordinary cultivators.

So their divine sense has become a means of attack, not a weakness to speak of.

But more cultivators’ divine sense is an area that is very easy to break through.

Because there are very few cultivation techniques for divine sense, ordinary cultivators are hardly exposed to the cultivation methods for divine sense.

They can only passively rely on the strength of their own strength to increase the strength of their divine sense.

As a result, the stronger the strength, the stronger the divine sense.

But likewise, if one encountered someone who possessed the ability to target the divine sense, the danger was self-evident.

Lin Ran had not deliberately cultivated his divine sense, and in the end, his divine sense was only stronger than that of ordinary people because of his own strength.

Faced with this mysterious black dot, Lin Ran finally realised how fragile his divine sense was.

Leaving aside the fact that these black dots could break through his divine sense envelope, it was extremely difficult to catch a hundred black dots in a minute.

One hundred a minute meant that one second was less than one, at least two.

But now one could not even capture one.

“Ai! Fortunately, the other party didn’t set a time limit, otherwise one would have to go out and find the letter talisman again!”

Lin Ran laughed bitterly helplessly, and then he began to use his divine sense to envelop these black dots again and again.

But without exception, these black dots were very small and did not seem to be fast, but every time they touched Lin Ran's divine sense, they would cut through it and rush out.

Lin Ran's divine sense was like a piece of paper at this moment.

Even Lin Ran used the Lightning Subjugation Technique undeterred, but he was still unable to trap these black dots.

"Kid this kind of thing the lightning subjugation technique is useless, you can only rely on the power of your own divine sense!"

Lei spoke.

"You know about this kind of thing?"

Lin Ran asked busily.

"I don't know, but I've seen something similar to this! This kind of thing you can look at as something to sharpen your divine sense!"

"All the major clans will have them, only all the various ones are different!"

"Then what do I need to do?"

Lin Ran asked busily.

"How do I do it? Just hurt yourself, keep using your divine sense to envelop yourself, then get attacked and envelop yourself!"

"Slowly you'll find that your divine sense is getting stronger, until one day you'll be able to do what the other side said about capturing a hundred black dots in one minute!"

Lei laughed.

....

Lin Ran was speechless.

"How long is slowly? This Opportunity Conference is only a year, is it hard to think that I'll still be here cultivating my divine sense when the Tai Cang Diagram is all closed?"

Suddenly Lin Ran felt as if he had been punked, Fu Chen had given himself a thousand messengers, seemingly anticipating that he would come to this third stone door.

If this was the other party's ploy, then wouldn't he have been trapped!

"Kid! It's useless to think about anything now, you heard the other party didn't say when, that means if you don't meet its requirements, you may never get out!"

Ray said.

"I...."

Lin Ran was speechless, but when he thought about it, it was also so reasonable, instead of coming here to waste time worrying about things, he should hurry up and adapt.

At least the sooner they adapted the sooner they could still get out.

Even if the Tai Cang Tu was closed, he could still look for the natives here, so he might be able to get out from the natives' side.

Thinking of this, Lin Ran stopped talking.

The entire person directly sat down on his knees, and his divine sense all emanated out.

Since it was impossible for these black dots to kill him, he gave it up, and his countless divine senses enveloped the largest area around him.

He let those black dots weave back and forth within his divine sense.

His own divine sense was too weak to block these black dots, so Lin Ran was prepared to let these black dots temper his divine sense first.

As his divine sense enveloped, the black dots very loss also multiplied.

It gradually increased from one to ten.

In the end, it became a full hundred.

A hundred black dots littered the sky, and everywhere they passed was like a scythe slicing Lin Ran's divine sense into pieces.

There were even places where the divine sense had been completely cut off.

Sweat soon appeared on Lin Ran's face, and the intense pain of his divine sense caused his entire body to tremble a little.

But when he looked at the hundred black dots within his divine sense, his entire being was a little helpless.

If he could capture all these black dots, he would have passed the test straight away.

But now he could only endure the torture of his divine sense directly here.

One minute, two minutes, one day. Three days.

Lin Ran had thus persisted for a full half a month, or at least what felt to him like half a month had passed.

His divine sense was cut into pieces again and again.

When he couldn't carry it anymore, he rested for a while and then continued.

In this way Lin Ran lasted for half a month.

And this half a month had helped him immensely.

Although his divine sense was still unable to resist these black dots, the speed at which these black dots travelled within his divine sense had become significantly slower.

There was even a time when Lin Ran tried to capture a black dot and really slowed it down, only for his divine sense to eventually be breached!

But this was rare and valuable enough for him, after all, seeing hope was much better than not seeing any hope at all.

Time was still ticking away.

And at this time, at the top of Tai Cang, after a full day of fierce battle, the first stone door where Su Sa was was finally opened.

“Weng!”

With the moment the stone door was opened, Su Sa’s entire tense body could not help but sigh in relief.

If he failed this time, she would only blame herself more, after all, Lin Ran had given her all his hopes.

“Congratulations!”

Fu Chen stood at the second stone door and smiled.

“Where’s Lin Ran!”

Su Sa asked as she didn’t see Lin Ran.

“I’m off to open the third stone door!”

Fu Chen didn’t hide it.

“Where did he get the messenger?”

Su Sa was puzzled, but seeing that Fu Chen didn’t seem ready to talk, she stopped asking.

There were too many things that she needed to do after her own success in reaching first place, so at that moment Su Sa did not hesitate and entered directly behind the first stone door.

Fu Chen looked at Su Sa’s back as she left, and then looked at the third stone door not far away, a smile appearing at the corner of her mouth.

“They’re all good seedlings, it’s a pity! It’s really a bit sad to part with them!”

.

Time passed day by day, and after Su Sa managed to reach the top, there were only less than thirty spots left in the top one hundred Chance Stone Gates.

Starting from the fourth place downwards, and starting from the seventieth place upwards.

Most of the stone gates that had not been opened were concentrated here.

Originally, these last few dozens of stone doors were afraid that it would take another two days before they were completely finished being opened.

But with Su Sa's ascent to the top, the rest of the people who had opened the stone gates in the US were going crazy and grabbing them.

There were even long queues outside some of the stone doors.

With so many people and so few doors, many people felt that the other side couldn't open the stone doors and just waited at the entrance.

Some even grabbed a thousand more messengers to come over after failing, but the stone doors still remained unopened.

As each day passed, when Su Sa entered the third day after the first stone door, there were already only five stone door chances left in the entire stone door.

It was from the fourth to the ninth place!

The top ten stone doors were naturally difficult to open, so until now there were still five that hadn't been opened!

And at this moment, within the third stone door, Lin Ran's situation had been turned upside down.

Wonder Doctor Chapter 2064

In the still white space, Lin Ran was no longer sitting on the ground at this time, but stood up.

He stood where he was, but the countless divine senses around him seemed like a large net, enveloping him in all directions.

He only saw countless black dots in the sky as if they were a school of small fish, being chased by Lin Ran's divine sense as he ran.

Lin Ran could no longer remember exactly how long he had been in this space.

He only knew that after his constant persistence, his divine sense had now undergone a radical change.

From being unable to fight these black dots at all at the beginning, to now being able to play all by himself and run after them, how many people knew the heartache involved.

"Ninety! Ninety-one! Ninety-two! Kid Go is already ninety-three!"

Lei was also very excited.

He had watched Lin Ran's divine sense continue to grow along the way, so much so that he had captured ninety-three black dots one after another at this moment, and he was also very excited.

Ninety-four, ninety-five.

The number of black dots captured by the divine sense was still increasing.

But when the number of black dots captured by his divine sense reached ninety-eight, suddenly Lin Ran's divine sense collapsed with a "bang".

"Ninety-eight is the limit! Looks like I'll have to wait!"

Lin Ran's face turned pale, and beads of sweat continued to fall.

"Don't be anxious, you've survived for so long, it's not as bad as these two days!"

Lei said comfortingly.

Lin Ran nodded, in fact he was grateful to Li Ba and the others in his heart, these times Li Ba Lei as well as Xiao Jiu and Li and even Qing Zi.

Taking turns to come out to accompany himself, this was the only way that Lin Ran didn't go crazy.

All the way through to today.

The light of victory was just around the corner, and Lin Ran knew that he could not rush, he must be calm in order to hit the spot.

At this moment, he was no longer thinking about how it really was outside, he had been here for so long, so long that he was afraid that the Tai Cang Tu had closed down.

But there was simply nothing he could do, he had done all he could, the rest was up to the gods!

Lin Ran collected his mind and began to rest.

A few moments later when his divine sense had almost recovered, he opened it up again as if it were a large net, allowing those black dots to crush over his divine sense.

This was how he came to be, allowing the black dots to continuously crush his divine sense and strengthen it.

Then he would find a way to capture the black dots.

In the blink of an eye, another three days had passed.

Lin Ran felt as if the strength of his divine sense had reached its limit.

He finally got up again and started capturing it.

And at the same time within his Tai Cang Diagram, a strong voice rang out.

"The last stone door has been opened! The journey of opportunity ends here, those who have not seized the stone door, leave the Tai Cang Diagram immediately!"

"Those who grabbed the stone door have one more week, and must also leave the Tai Cang Diagram after one week!"

"After three days, the Immortal King will personally summon them!"

"Weng!"

As business rang out, those who had not obtained the stone door began to be enveloped in white light, before gradually leaving the Tai Cang Diagram.

Soon within the entire Tai Cang Diagram, there were only a hundred stone gates with people still inside.

"Weng!"

At this moment, within the third stone door, which had been closed for a full three months or so, the stone door finally opened.

Lin Ran's eyes finally opened slowly.

The pale voice echoed in his ears.

"Thankfully, I've caught up!"

Lin Ran was excited in his heart.

A week was not even needed for himself, and after the Tai Cang Diagram was completely closed, the Immortal King would summon him three days later.

Lin Ran could even vaguely guess something in his mind already.

"Let's go!"

Lin Ran smiled lightly and walked in towards the stone door.

It was useless to think about it any more now, when he met the Immortal King then, he would know completely what the other party's intentions were.

The area inside the stone door was not large, only the size of a gazebo.

The floor was covered with white jade and there were three stone pillars in front of it.

The stone pillars held three items from high to low.

Lin Ran took the first item out and saw that it was a nano-ring. After his divine sense probed it, he found that it contained 100,000 cubes of spirit liquid!

Lin Ran then took the second one up as well and found that it was still a nano-ring.

"Half a million cubes of spirit liquid!"

Lin Ran sighed, it was indeed the same as the news that had come out before.

Then, in that case, the last one should contain a hundred thousand eight hundred thousand realms of extremely fine magic weapons.

Lin Ran quickly took the last item out, and after his divine sense probed it, he indeed found a magic weapon.

It was a soft armour that was snow-white in colour.

The soft armour was spotlessly white and very soft.

Lin Ran stroked the armour and soon discovered the armour's extraordinary nature.

The armour was very peculiar, as if it had elasticity.

You would push it hard and it would become incredibly hard.

But if you gently stroked it, it would become very soft again.

It was like that saying about eating softness but not hardness.

“Once this armour is worn, I’m afraid that no one within the hundred thousand eight hundred thousand realms of strength will be able to hurt me!”

Lin Ran was excited in his heart.

Starting from the Hundred Thousand Eight Thousand Realm was a watershed.

It was extremely difficult to break through from the Extreme Dao Realm to the Hundred Thousand and Eight Thousand Realm.

That was why the Hundred Thousand Eight Thousand Sutras was also known as the threshold of the middle and high realms.

And with this General Dustless Armour, one would at least be much safer on the path to reaching the Hundred Thousand and Eight Thousand Realm.

Having received all the rewards, Lin Ran was ready to go out.

After gathering his things and arriving at the location of the first stone door, Lin Ran found that Fu Chen had already left.

Su Sa was still inside the stone door, seemingly not yet finished.

After thinking about it Lin Ran decided to go out first.

Since Su Sa had already won first place, he didn’t have to worry too much about the rest.

The event that Immortal Emperor City had come up with wasn’t so bad as to go back on its word.

Su Rou thought that she would be back soon.

And one’s immediate priority was to hurry up and get out and practise one’s Immortality Technique.

Wait for the Immortal King’s summons.

After all, there was no news of Song Nuan and the others’ safety so far!

Thinking of this, Lin Ran didn’t say anything and directly moved his mind, and a stream of light enveloped himself.

And then he left the Tai Cang Tu.

....

Outside of the Tai Cang Diagram, Luo Qiqi was leading a large group of people to guard around the square.

At this moment, the Heavenly Wolf and Linglong had already come out.

The three Leng Zhan were also guarding the area, but of course, they were all dressed normally at this time, looking no different from ordinary spectators.

In order to avoid suspicion, all three of them and Luo Qiqi only nodded without saying a word more.

Wolf Ba and Feng Sui also stood by the side, nervously watching the exit.

“Weng!”

As a stream of light flashed out, a figure instantly appeared in the square.

“Lin Ran is Lin Ran!”

Linglong exclaimed.

“No big deal, you have to call out to Master!”

Leng Zhan said.

“Master? My master is not.”

“No no you’re wrong boss, this has to be called Master Dad!”

The old cat next to him laughed.

“Master father? You guys!”

Linglong looked confused.

“Er.... Technically speaking!”

Leng Chop found himself unable to argue.

“Master father? Lin Ran and my master.... Oh my god my master actually ate the young grass from the old cow!”

Linglong felt his view of time collapse!

“What old cow eating young grass, don’t talk nonsense if you don’t understand!”

Leng Zhan had a speechless face.

“Alright, alright, stop it! Here we go!”

Luo Qiqi spoke up and interrupted the crowd.

And at that moment Lin Ran had already walked over with a smile.

“How is it?”

There was hope in Luo Qiqi’s eyes.

“Fortunately, Su Sa got the first place!”

Lin Ran said with a smile.

Luo Qiqi’s eyes went red at the sound of her words.

After all these years, Su Rou was finally able to come out!

Wonder Doctor Chapter 2065

“Let’s go!”

Lin Ran laughed.

Luo Qiqi nodded excitedly already unable to speak.

The three of them, Leng Zhan and Linglong, didn’t go back with Lin Ran, because they wanted to avoid suspicion so they just went to stay at an inn near Luo Ran’s merchant house.

Su Sa hadn’t come out yet, but at this point Lin Ran was no longer worried.

Perhaps the first place opportunity was too lucrative, so it was delayed.

Lin Ran sent Sky Wolf into the scroll space as well.

Only after the group had returned to the Luo Ran Merchant Firm did Lin Ran move them all out.

“I’m going to be in seclusion for a while, three days after they come out, the Immortal King will summon everyone then, so I’ll be informed at that time!”

Lin Ran said.

“Mm, don’t worry!”

Luo Qiqi nodded her head.

Lin Ran didn’t say much and entered within the secret room alone.

He himself had obtained the Hidden Spirit Fruit in the Seven Killings Valley this time, so Lin Ran also wanted to practice the Art of Undying as soon as possible.

After all, who knew what the Immortal King’s intentions were when he summoned him.

It was naturally best to have an extra means of preserving one’s life.

The entire Immortal Emperor City was reveling in the imminent conclusion of the Opportunity Conference.

Lin Ran was the only one who had begun a new journey of seclusion.

He had already gathered all three materials needed for the Art of Undying.

The Water of Rebirth, the Divine Sense of the Extreme Dao Realm and the Hidden Spirit Fruit.

The so-called Art of Undying was actually just an exaggeration.

The original intent of the Art of Undying was a splitting technique.

It is quite common for practitioners in the Immortal World to have split bodies.

However, generally, the split bodies are divided into primary and secondary.

Once the main body dies, the split body is naturally useless.

However, if the split body dies, the main body is unaffected.

This is why this technique is usually used to explore certain places that are full of danger.

However, if the body is divided into primary and secondary, the strength of the doppelganger cannot be as strong as that of the primary body, and this is the most obvious disadvantage.

But the Technique of Indestructibility is different. The Technique of Indestructibility is strictly speaking a copy of oneself coming out.

Both are the main body, and their strengths are exactly equal.

It is reasonable to say that this technique should be extremely counterintuitive.

But in fact it was not.

Although the Art of Undying was powerful, the threshold at which it could be truly cultivated was extremely low.

Replicating an Extreme Dao Realm powerhouse and replicating a Star Realm powerhouse were two completely different concepts.

Therefore, this Immortal Technique could only be used strictly at the Extreme Dao Realm.

First of all, one must satisfy that the divine sense is strong enough, at least to reach the Extreme Dao Realm.

But then one has to make sure that the strength is not too strong, or else the diversion will probably fail.

So it is very limited.

This is also inevitable, otherwise the Technique of Indestructibility could be used at any stage of strength, so wouldn't an Immortal Emperor be able to remain immortal forever?

Moreover, the path of cultivation is inherently very difficult, and a person who cultivates alone would still have to face great resistance or even fall in the middle of the process.

Not to mention the need to cultivate a split body.

The huge investment required was simply unaffordable to the average person.

Only Lin Ran didn't care, and first made a doppelganger to protect his life.

Spreading out the Water of Rebirth, under the envelope of countless divine senses, the Water of Rebirth soon unfolded in front of Lin Ran.

Lin Ran took out a special dagger.

The dagger was made of a type of jade throughout, the jade was Nine Heavenly Xuan Crystals, produced from the extremely cold land.

The dagger had been given to him by Luo Qiqi at a very high cost.

Holding the dagger in his hand, Lin Ran quickly split the Water of Rebirth in two.

The Water of Rebirth was the root of the doppelganger, and was a necessary material for Lin Ran to forge his doppelganger.

With the Water of Rebirth ready, Lin Ran then quickly condensed his divine sense into a head-sized sphere.

And this step was also the most dangerous one.

Divine Sense Cutting.

As the name implied, it was to split the divine sense in two, and only by infusing one's divine sense into the Rootless Water would the forged doppelganger be oneself.

"Phew!"

Lin Ran took a deep breath and adjusted himself before he slashed a dagger towards the divine sense.

"Bang!"

The dagger quickly slashed through the divine sense, and instantly Lin Ran only felt as if his head had been ruthlessly bumped by something.

A moment of dizziness shook Lin Ran's entire body, and the true qi in his body rippled with it.

His entire body was dizzy, and he suppressed the true qi that wanted to riot in his body by instinct.

With his hands clenched tightly, Lin Ran did not dare to move a muscle.

His forehead was soon wet with beads of sweat.

But at this moment, he didn't dare to move at all, his divine sense had been cut and his entire mind was a bit unclear at this point.

At this moment, even the weakest cultivator could kill him with a single sword.

Beads of sweat quickly drenched Lin Ran's clothes, but he could only grit his teeth and hold on.

Gradually Lin Ran's consciousness began to become clear again.

Only at this point his entire being was somewhat dazed.

Because his divine consciousness had been split into two parts, when his mind moved both divine consciousnesses would react in the same way.

For a while, Lin Ran was unable to tell which one he was controlling.

To take the simplest example, Lin Ran wanted to raise his hand, but he had no idea which of the two divine senses was controlling his own body.

He waited patiently.

After waiting for several hours, when his divine sense had recovered a little, he directly picked up the Hidden Spirit Fruit that was prepared next to him.

"Shatter!"

Lin Ran's mind moved, and instantly the Hidden Spirit Fruit was directly split into two.

Half of it flew towards the Water of Rebirth right in front of him.

While the other half Lin Ran swallowed it straight away.

"Weng!"

The Hidden Spirit Fruit entered his body, and instantly a silky smooth sensation swam through his entire body.

It made Lin Ran's somewhat dizzy divine sense instantly much more comfortable.

While outside of his body, the other half of the Hidden Spirit Fruit entered the Water of Rebirth and was instantly wrapped in the Water of Rebirth, while the other half of the cut Divine Sense also quickly disappeared into the Hidden Spirit Fruit.

Instantly, Lin Ran could not feel the presence of this general divine sense.

This caused Lin Ran's head to clear instantly.

The Water of Rebirth soon also disappeared into the Hidden Spirit Fruit.

Lin Ran picked up the Hidden Spirit Fruit and looked at it, which was only the size of his fist, before him, and finally breathed a long sigh of relief.

The seed of divine consciousness had been planted, and all that remained was to nurture it.

Lin Ran himself was now very weak and had to recover from the trauma to his divine sense as soon as possible.

Luckily, he had gained a lot from his trip to the Seven Killings Valley, and there were many herbs to restore his divine sense.

This was not the time to be frugal, so Lin Ran took out all the herbs that could restore his divine sense and started eating them without saying a word.

The Immortal King did not have much time left for him, so Lin Ran could only do his best to restore his state to its peak.

....

Three days later, with Su Sa's departure from the Tai Cang Diagram, the Opportunity Conference at Immortal Emperor City finally came to an end.

Su Sa left the Tai Cang Diagram and went straight to the Luo Ran Merchant Firm.

But at this time, Lin Ran naturally did not know either.

Time passed day by day, and Lin Ran's divine sense had finally recovered.

Moreover, because of this journey of chance and the cultivation of the Art of Undying, he had a vague feeling that his strength had actually broken through while he was recovering.

In one of the attics of the Luo Ran Merchant Firm, Luo Qiqi and Su Sa were sitting alone.

“When are you going to approach the Immortal King with your claim?”

Luo Qiqi asked.

“Three days later!”

Su Sa said, the wine cup in her hand trembling from some excitement.

After waiting for so long, I would finally get what I wanted!

Wonder Doctor Chapter 2066

Three days had quickly passed.

Lin Ran had also finally come out of his retreat.

Just at this moment, feeling the aura on his body, Luo Qiqi couldn't help but be stunned.

“The peak of the Extreme Dao Realm! You've crossed a level!”

“Mm!”

Lin Ran nodded his head.

He himself had broken through directly from the early stage of the Extreme Dao Realm to the peak of the Extreme Dao Realm.

This was definitely something he himself hadn't expected.

Of course, his own strength had broken through quickly, but in comparison, the growth of his doppelganger was somewhat slow.

Lin Ran flipped his palm and the half of the Hidden Spirit Fruit emerged.

“You've practiced the Art of Undying?”

Looking at the other half of the Hidden Spirit Fruit, Luo Qiqi couldn't help but be delighted.

“Yes! But when it will be birthed, we don't know yet!”

Lin Ran was helpless.

“Leave this to me! There's a cultivation pagoda at the Luo Ran Trading Firm, so I'll put your divine sense inside, and it will definitely be able to conceive in half a month at most!”

Luo Qiqi said excitedly.

“There's still such a place?”

Lin Ran was stunned.

“There's no need to be surprised, the cultivation world has a wide variety of magic tools, so naturally there are also magic tools that speed up cultivation time!”

“The most common time magic artifacts can only speed up by a hundred times at most! But this pagoda of mine is the top of the line, back then Zhen Yan wanted it, but I didn’t sell it to him!”

Luo Qiqi laughed.

“You didn’t even sell it to Zhen Yan?”

Lin Ran cried and laughed, there were many people out there who wanted to make Zhen Yan owe him a favour, but it turned out that Luo Qiqi actually didn’t sell it.

“Are you kidding, I have the top of the line one that can speed up a thousand times!”

“The time in the Tai Cang Diagram is just about the same as this one of mine!”

Luo Qiqi said smugly.

“I’ve seen this one before!”

Lin Ran couldn’t help but remember what had happened inside the third stone door, where he had obviously been cultivating for a long time, only to come out and realise that not even a few days had passed!

“Su Sa has come out! You go find her!”

Luo Qiqi said.

Lin Ran nodded, and immediately gave the Hidden Spirit Fruit to Luo Qiqi.

Luo Qiqi alone put the Hidden Spirit Fruit into the Cultivation Pagoda.

Only then did she go to the attic to rejoin the two.

The pavilion was very busy at the moment.

The three of them, Leng Zhan, had also come and also brought Linglong with them.

Heavenly Wolf and Little Jiu Li were standing together.

Next to them was Wolf Buster Li Ba as well as Feng Sui.

Looking at so many people, Lin Ran couldn’t help but feel sad.

It had not been easy for him to gather so many friends again since he had no one around him after his resurrection.

Thinking about the past years, it was really a bitter tale.

“The Immortal King will summon us tonight, what are your plans!”

Su Sa asked.

“Yes boss, what are your plans! Su Rou has also been rescued, or you can come with us to the Anti-Alliance!”

Leng Zhan said.

Immortal Emperor City was always too dangerous, going to the Anti-Union was the safest thing to do!

“I definitely have to go to the Anti-Alliance, but not now!”

Lin Ran said.

“The Immortal Emperor’s purpose will be revealed tonight, and the exact arrangements will depend on what the Immortal Emperor actually wants!”

“But Leng Zhan you guys have to leave!”

Lin Ran looked at Leng Zhan.

“I know, but if you don’t go back with me, Ling Sa and Long Ya’s side.”

Leng Xuan was a little embarrassed.

“I will go back with you guys, but we still have to wait for Su Rou!”

Lin Ran said.

“When Su Rou is released after the Immortal King’s summons tonight, you will go straight to the Anti-Alliance and take Su Rou with you!”

“What about you?”

Leng Zhan asked busily.

“I’ll go too!”

“You’re not going to find out.”

On the side, Su Sa was a little surprised, before Lin Ran had said he was going to find Song Nuan and the others.

“Don’t ask so many questions, some things are not known for your sake!”

Lin Ran said as he got up and said.

“Don’t go out and wander around for a few days, wait for everything until tonight to see what the Immortal King wants!”

“Mhmm!”

The crowd nodded their heads.

Indeed, even the most meticulous plans could not catch up with change, and it was the Immortal King’s summons tonight that would be fundamental to the direction of things.

....

In the evening, Lin Ran took Su Sa and left the Luo Ran Trading Firm.

At the same time, the cultivators who had won the first hundred chances within the entire Immortal Emperor City had all converged towards the Immortal Emperor City.

It was still the same huge square outside Immortal Emperor City.

Only at night, it was even more gorgeous.

A full hundred people soon all arrived.

Lin Ran and Su Sa were standing among them.

“Weng!”

Suddenly a pillar of light descended from the sky, while a voice rang out.

“Don’t resist! The Immortal King has summoned you!”

An old and mellow voice rang out, and the next moment the pillar of light instantly enveloped everyone.

As the light disappeared everyone also disappeared into the same place.

When Lin Ran and Su Sa reappeared, they were already inside a huge palace.

The palace was magnificent, and on the front seat was a sturdy figure, none other than Immortal King Fu Gu!

What Lin Ran didn’t expect was that there was someone sitting beside Immortal King Fu Gu, someone he had also seen before, and it was none other than Fu Chen!

“Why is it him?”

“Holy shit he’s the Immortal King’s man! Why the fuck didn’t he bend over backwards!”

“Holy shit, are you stupid, when you think about it, he’s an Immortal King’s man, and probably his son!”

“You don’t give a shit, you would know that his name is Fu Dust too, how come you didn’t flatter him!”

“Er.... I wasn’t sure actually, but now I’m sure!”

The other cultivators all chattered as well.

It was obvious that the crowd was surprised by the appearance of Fu Dust.

“No wonder Qiqi told me to get close to this guy! So he’s from the Immortal King!”

Lin Ran’s mind dawned on him.

“Gentlemen! Congratulations!”

The Immortal King rose with a smile and said.

“The Immortal King is welcome!”

The crowd of cultivators busily responded.

“I’ve summoned you all here today for two things only!”

“The first is that I need to meet the first place’s request, and the second is that I want to ask for your help on one matter!”

The Immortal King got straight to the point.

“There’s something you want us to help you with?”

“Holy shit really? The Immortal King is looking for our help?”

“What do you care, there must be a reward for asking for our help!”

“Also!”

“Lord Immortal King, if you have something to say, just say it, we will definitely go through fire and water!”

Someone shouted.

The Immortal King laughed and said.

“Then I will not be polite, little friend Su Sa will come to see me alone later, and I will meet your demands!”

“Now let’s get down to business first!”

“Yes!”

Su Sa nodded her head.

The Immortal King nodded in satisfaction, then swept his gaze over the crowd and said.

“Everyone knows about Chaos Space, right!”

“Chaos Space?”

Lin Ran couldn’t help but feel his entire body tighten when he heard this name, it was true that the Immortal King’s purpose was Chaos Space!

“Chaos Space is said to be dangerous, Lord Immortal King you are going to?”

“That’s right this favour is for you to take a trip to Chaos Space!”

Without any nonsense, the Immortal King pointed to the floating dust on the side and said.

“This is my son, Floating Dust, he has a mission this time that requires him to enter Chaos Space!”

“As we all know, Chaos Space is very dangerous, but the area we are going to this time is relatively safe!”

“Apart from our Immortal Emperor City which will send escort guards all the time, the rest are you!”

“There is a place in Chaos Space where a Ten Thousand Fruits Tree grows, this tree blossoms once every thousand years and bears fruit once every ten thousand years!”

“And recently is the time when it bears fruit, I ask you to help is very simple, escort Vuduan to find this Ten Thousand Fruits Tree, he only needs half of its fruit, the other one is yours whoever snatches it!”

“In addition to that, I, Fu Gu, promise that once you come out of it, each of you can make a claim on the same terms as this chance meeting, and I, Fu Gu, will meet you all!”

Wonder Doctor Chapter 2067

“Holy shit!”

“This is too damn generous!”

“I’m going! I’m signing up!”

“I’m going too!”

Soon there were people who couldn’t sink their teeth into it.

“Haha! No rush, no rush! Today is mainly to talk to everyone.”

“And it’s all voluntary, those who want to go will meet tomorrow morning at the square in front of Immortal Emperor City! I won’t force those who don’t want to go!”

The Immortal King was very polite in his words.

Lin Ran listened but his brows were furrowed.

He wasn’t a fool who would fall for a sugar-coated bait.

To put it nicely, those who came out could each have one claim met.

What if they couldn’t get out?

Moreover, he had heard about this Tree of Ten Thousand Fruits, one tree producing ten thousand fruits, each one different!

This kind of tree of great opportunity is a treasure even to Immortal Emperors, would they be willing to take it out?

How strong was the Immortal Emperor, how could he not be able to find someone to take the fruit with him to Fuchun.

This was clearly not a simple matter.

“What do you think?”

Su Sa came over and asked.

“You don’t need to go! Just save Su Rou!”

Lin Ran sipped his wine and said blandly.

“But it’s tempting.”

Su Sa was a little hesitant.

“You have to have the life to enjoy it even if the conditions are good! Go back and talk!”

Lin Ran didn't want to say more.

The banquet still continued, as the conditions offered by the Immortal King made many people agree on the spot.

The atmosphere was also pushed to a climax.

However, Lin Ran always sat in his seat and drank his wine without saying anything.

An hour soon passed, and finally everyone's enthusiasm for the meeting waned.

Seeing this, the Immortal King got up and said.

"Alright everyone, it's getting late everyone go back, let's gather at the square first thing tomorrow morning!"

"Also Su Sa you come with me!"

"Yes!"

Su Sa answered, then after glancing at Lin Ran, she followed the Immortal King and left.

Lin Ran also didn't say much as he got up and followed the crowd out of Immortal Emperor City and returned to the Luo Ran Merchant Firm.

....

"How was it?"

When they returned to the merchant house, Luo Qiqi and the others were busy coming over.

"Su Sa has already followed the Immortal King, so she should be fine!"

Lin Ran said.

"Hmm! Since the Immortal King has asked you to help, then Su Sa can only agree to this matter even if he doesn't want to, otherwise how could those cultivators feel comfortable going to Chaos Space with them!"

"But I still feel that there is something wrong with this matter, the Immortal Emperor has countless experts under him, how could he let a group of young cultivators whose strength is only at the Extreme Dao Realm go, and this Ten Thousand Fruits Tree is very precious, the Immortal King is actually willing to take out half of it Ran crowd to fight for it!"

"I'm afraid this matter is not simple!"

Luo Qiqi frowned.

She was able to run the Luo Ran Merchant Firm into the number one merchant firm in the Immortal Emperor Continent, her sensitivity to danger was naturally not something that ordinary people could imagine.

"There's nothing I can do even if I know, I have to go to this chaotic space, but fortunately the art of indestructibility is now in sight!"

Lin Ran said, and Luo Qiqi nodded at his words.

Indeed, she was quite relieved to have a doppelganger for the Art of Undying, otherwise she wouldn't be comfortable with Ran Linran going to Chaos Space alone.

Leng Zhan and the others went back to the inn and only came over occasionally, while Tian Lang was accompanying Xiao Jiu as well as Li.

An hour later, Su Sa was finally back.

Only what Lin Ran and the others didn't expect was that it was just her alone that returned.

"Where is everyone?"

Luo Qiqi couldn't help but ask when she saw this.

"Yeah where is everyone!"

Lin Ran also looked stunned, it was impossible for the Immortal King to go back on his word!

Looking at the two people's nervous looks, Su Sa suddenly laughed.

"The Immortal King has already sent someone there, Master will be back in a moment!"

Hearing Su Sa's words, Lin Ran and Luo Qiqi's eyes instantly turned red.

After waiting for so long and working so hard, today finally came to fruition!

Everyone did not sleep, and everyone kept watch in the attic, quietly waiting.

Time passed by minute by minute.

Finally, when it was nearing an hour, suddenly a group of people came from outside the Luo Ran merchant house.

They were all dressed in the unique robes of the Immortal King lineage, and at a glance they were people of the Immortal King.

And behind them at that moment was a woman in a white gown, if it wasn't Su Rou or someone else!

"Su Rou!"

Seeing Su Rou, Lin Ran couldn't help but have his eyes redden, although the two were still separated by a distance at this moment.

But he could tell that Su Rou had lost a large amount of weight, and her whole body looked even more fragile.

The sadness that leaked out between her eyebrows was heartbreaking to see.

"Su Sa! At your request, we have brought the people we met, and your claim has been met!"

The leader said aloud, and then left with his people.

"Su Rou!"

Luo Qiqi couldn't hold back any longer, and immediately rushed over.

Lin Ran also followed closely behind.

Su Rou stared blankly at the crowd, and when his eyes saw Lin Ran, his entire body followed in a daze.

"Lin.... You!"

"That's right, it's me!"

Lin Ran squeezed out a smile.

When Su Rou heard this, she could no longer hold back her tears, and her entire body followed as she flung herself into Lin Ran's arms.

"This..."

Su Sa at the side looked stunned, not expecting the outcome to be like this at all.

"Let's go, give them some space!"

Luo Qiqi was relieved and patted Su Sa on the shoulder as she led the crowd away.

"What the hell is going on here!"

Su Sa looked dumbfounded and couldn't help but ask.

"You really want to know?"

Luo Qiqi looked at her and laughed.

"Think, what's going on with Lin Ran and my master?"

Su Sa asked busily.

"It's actually nothing, if you want to know then I'll tell you, things have to start a thousand years ago!"

Luo Qiqi laughed.

Of course, she naturally wouldn't tell Su Sa about the people coming from Earth, the only thing she could tell her was about Lin Ran and Su Rou.

....

In the attic, Su Rou's mood was finally a little more stable.

"I didn't expect you to actually come back to life!"

Su Rou still had some disbelief.

"You'll be able to accept this matter in time, but how did you get trapped in the Thousand Machine Tower by the Immortal Emperor?"

Lin Ran asked.

"I was too impulsive and exposed myself so I was captured by the Immortal Emperor!"

“And this time they let me out, I’m afraid they didn’t even see me in their eyes!”

Su Rou said.

“By the way, where are Xiao Nuan and Qin Bing?”

“They’ve gone to Chaos Space!”

Lin Ran said.

“Chaos Space?”

Su Rou was stunned at his words.

“Yes, I’ll be going tomorrow as well!”

Lin Ran told them about the chance meeting this time.

“No, the Chaos Space is too dangerous, there are dangers inside that you can’t even imagine!”

Su Rou instantly tensed up.

“What do you mean?”

Looking at Su Rou’s nervous look, Lin Ran felt as if things were more complicated than he had imagined.

“I spied something about Chaos Space back then!”

“Within Chaos Space, a spatial rift is a minor thing, do you know what the most dangerous thing is?”

Su Rou said.

“What is it?”

Lin Ran frowned and busily asked.

“The most dangerous thing isn’t the spatial rift or the dangerous existence hidden inside, the most dangerous thing is that there are creatures moving around inside!”

“Creatures are moving around?”

Lin Ran’s face instantly changed as he heard this.

“That’s right!”

Su Rou nodded her head.

“Do you know what this means?”

“It means that there are alien creatures in Chaos Space!”

Lin Ran said.

“That’s right! And it’s a very powerful alien!”

Su Rou nodded her head.

Wonder Doctor Chapter 2068

“Chaos space, is simply not suitable for cultivators to live in for a long time, so there is hardly anyone who can live in chaos space for a long time either!”

“But there is a group of creatures in Chaos Space that can inhabit it for a long time!”

“They are not cultivators of the Immortal Realm, but they are very strong and will even hunt cultivators who enter!”

“Your strength is too weak, and if you go in there you won’t be able to defend yourselves at all if you run into these people!”

Su Rou seriously reminded.

“But I’m afraid that there won’t be fewer people going in this time, and there’s also an escort sent by the Immortal King!”

Lin Ran said.

“And no matter what, I have to go for a walk, after all, Song Nuan and the others are still inside!”

“Or else I’ll go with you.”

“No way!”

Before Su Rou could finish a sentence, she was cut off by Lin Ran.

“I can’t let you take any more risks, when I enter Chaos Space, you’ll have to go with Leng Zhan and the others to the Anti-Alliance!”

Lin Ran said.

“What about you? You’re going on your own?”

Su Rou was worried.

“Don’t worry, I’ll go with you guys!”

“Go together? You’re not going.”

Su Rou was stunned at hearing this, not knowing exactly what Lin Ran meant by this.

“You’ll understand when the time comes!”

Lin Ran laughed.

The two sat in the attic chatting about one thing or another, not having seen each other for a full thousand years, when they really met, there were times when they really didn’t need too many words.

“By the way!”

Suddenly Su Rou remembered something and said busily.

“Wang Yifeng is also at the Thousand Machine Tower, along with Xiao Cui!”

“The Thousand Machine Tower? What are they doing at the Thousand Machines Tower!”

Lin Ran was stunned, could it be that this dead fatty had also annoyed the Immortal Emperor?

“No, they’re not inside the Thousand Planes Tower, but near it, Wang Yifeng has always wanted to go inside the Thousand Planes Tower, but unfortunately, he never had the chance!”

Su Rou said.

“He wants to go inside the Thousand Planes Tower? That’s insane!”

Lin Ran was bewildered, what the hell was this dead fatty up to, Su Rou wanted to come out, but this guy actually wanted to enter the Thousand Machine Tower!

“This matter actually has something to do with you too, to put it mildly!”

Su Rou said.

“It has something to do with me too?”

Lin Ran sounded even more confused.

“Yes, do you know who’s inside the Thousand Machines Tower?”

“Who!”

Lin Ran’s heart thudded as he seemed to think of something.

“Wang Kun!”

Sure enough, Su Rou’s reply confirmed Lin Ran’s suspicions.

“Wang Kun is trapped in the Thousand Machines Tower, but he’s not a prisoner, but a worker captured by the Immortal Emperor! The kind responsible for working in the Thousand Machines Tower!”

“Does Wang Yifeng know about this?”

Lin Ran asked.

“Yes, I know!”

Su Rou nodded.

“He’s always wanted to save his father, so he’s been guarding the vicinity of the Thousand Machines Tower, it’s just a pity that he doesn’t stand a chance at all with the Tower being so heavily guarded!”

Lin Ran nodded, but in his heart, he had already made up his mind.

He had to go to the Thousand Planes Tower himself.

Leaving aside the fact that Wang Yi’s life was there, he would have to take a chance just on the news of Wang Kun.

He had chased himself all the way to the Immortal World in order to find Wang Kun!

Since there was now news, how could he miss it!

“If you’re going to break into the Thousand Machines Tower, you better be careful, it’s very dangerous inside!”

Su Rou knew Lin Ran, and this news telling him was almost certain that he was definitely going to the Thousand Chance Tower.

“I know!”

Lin Ran nodded his head, he had to go to the Thousand Chance Tower, only there was no rush it would be best to take stock of it.

There was no return to that place, and once trapped in it, it was likely that he would never be able to get out for the rest of his life.

Su Rou was the best proof of that.

....

Early the next morning, Lin Ran left the Luo Ran Trading Firm alone.

He didn’t say goodbye to anyone, fearing that they might follow him too.

Just before he left, he found Luo Qiqi.

“Don’t let Su Sa and Su Rou follow, this trip to Chaos Space will be enough for me alone!”

Luo Qiqi knew Lin Ran’s intentions, so naturally she didn’t say anything.

When Su Rou and the others found out later, it was already too late.

Lin Ran had arrived at the square outside Immortal Emperor City alone.

And the truth was pretty much what he had thought; more than half of the one hundred cultivators who had won the rewards of the Opportunity Conference had come.

As far as the eye could see there must have been at least fifty or sixty people!

The Immortal King looked very happy that so many people had come and said with a big wave of his hand without any nonsense.

“Since everyone is here, I won’t say much more, each person has a talisman, come out and find me to satisfy a claim!”

As soon as the Immortal King’s words fell, instantly countless letter talismans flew towards the crowd.

Lin Ran lifted his hand to receive one, looking at the white letter talisman in his hand, but his heart was very heavy.

It looked like the talisman hid a chance, but what was the point of fighting and killing?

Everything is fate!

A cultivator’s greed for life!

The Ten Thousand Fruits Tree is certainly good, but how many of them can really get it?

“All right! Let’s go!”

With a command from the Immortal King, a huge void ship instantly appeared in front of the crowd.

This Void Ship was even larger than the King-class Void Ship Lin Ran had been on back then.

On the deck at the prow of the ship was a huge flag with the word ‘Immortal’ written on it, a mighty sight.

“All aboard the void ship!”

As the Immortal King’s voice rang out, countless cultivators began to rush towards the Void Ship.

Lin Ran also boarded the Void Ship along with the crowd.

And only after he came up did he realise that Fu Chen was actually already standing at the front of the ship.

“The entirety of the next operation will be under Fu Chen’s charge, you only need to listen to his arrangements!”

The Immortal King said with a wave of his palm, and instantly a huge vortex appeared in mid-air.

“Set off!”

“Yes father!”

Fu Chen got up and answered, and immediately gestured at an armoured general next to him, who immediately began to urge the void ship towards the whirlpool.

“Weng!”

As the space around them darkened, the huge void ship had already entered the whirlpool.

There was darkness all around, with only a little bit of starlight constantly flickering.

The entire Void Ship cultivators murmured, this was the first time they had ever been to such a place.

“Alright gentlemen! Our journey has only just begun! It will be fifteen days before we reach Chaos Space!”

“Before that, I need to group you all up!”

Fu Chen got up and said.

“Group up? What for?”

“Right! Brother Fu Dan, since we are looking for the Ten Thousand Fruits Tree, it doesn’t matter much if we are grouped or not!”

Some cultivators were puzzled.

“Are you questioning the young master?”

The armored general next to him saw this and chided coldly.

His strength was at the Star Realm, and he was considered the strongest person on the entire Void Ship.

However, Lin Ran was frowning as he watched, when he was chatting with Su Rou last night, he had learnt a piece of news.

That was that in order to enter the Chaos Space, the minimum strength had to be at the Violet Sea realm.

This was because only cultivators of the Violet Sea realm could safely come out of the Chaos Space.

Cultivators below the Purple Sea realm had a very low probability of entering the Chaos Space and coming out alive!

It was reasonable to say that Fu Chen was the Immortal King's son, so how could the Immortal King be so unconcerned that he would naturally follow a Star Realm person!

However, he couldn't understand this question, and there was no way Fu Dan could answer him, so he simply stopped thinking about it.

"The grouping is so that we can all move in unison, there are a total of sixty-three people coming this time!"

"We are divided into six groups, those who have volunteered to combine can also, if not the rest of us will just see what fate has in store for us!"

Voodoo Dust said.

Wonder Doctor Chapter 2068

"Chaos space, is simply not suitable for cultivators to live in for a long time, so there is hardly anyone who can live in chaos space for a long time either!"

"But there is a group of creatures in Chaos Space that can inhabit it for a long time!"

"They are not cultivators of the Immortal Realm, but they are very strong and will even hunt cultivators who enter!"

"Your strength is too weak, and if you go in there you won't be able to defend yourselves at all if you run into these people!"

Su Rou seriously reminded.

"But I'm afraid that there won't be fewer people going in this time, and there's also an escort sent by the Immortal King!"

Lin Ran said.

"And no matter what, I have to go for a walk, after all, Song Nuan and the others are still inside!"

"Or else I'll go with you."

"No way!"

Before Su Rou could finish a sentence, she was cut off by Lin Ran.

“I can’t let you take any more risks, when I enter Chaos Space, you’ll have to go with Leng Zhan and the others to the Anti-Alliance!”

Lin Ran said.

“What about you? You’re going on your own?”

Su Rou was worried.

“Don’t worry, I’ll go with you guys!”

“Go together? You’re not going.”

Su Rou was stunned at hearing this, not knowing exactly what Lin Ran meant by this.

“You’ll understand when the time comes!”

Lin Ran laughed.

The two sat in the attic chatting about one thing or another, not having seen each other for a full thousand years, when they really met, there were times when they really didn’t need too many words.

“By the way!”

Suddenly Su Rou remembered something and said busily.

“Wang Yifeng is also at the Thousand Machine Tower, along with Xiao Cui!”

“The Thousand Machine Tower? What are they doing at the Thousand Machines Tower!”

Lin Ran was stunned, could it be that this dead fatty had also annoyed the Immortal Emperor?

“No, they’re not inside the Thousand Planes Tower, but near it, Wang Yifeng has always wanted to go inside the Thousand Planes Tower, but unfortunately, he never had the chance!”

Su Rou said.

“He wants to go inside the Thousand Planes Tower? That’s insane!”

Lin Ran was bewildered, what the hell was this dead fatty up to, Su Rou wanted to come out, but this guy actually wanted to enter the Thousand Machine Tower!

“This matter actually has something to do with you too, to put it mildly!”

Su Rou said.

“It has something to do with me too?”

Lin Ran sounded even more confused.

“Yes, do you know who’s inside the Thousand Machines Tower?”

“Who!”

Lin Ran's heart thudded as he seemed to think of something.

"Wang Kun!"

Sure enough, Su Rou's reply confirmed Lin Ran's suspicions.

"Wang Kun is trapped in the Thousand Machines Tower, but he's not a prisoner, but a worker captured by the Immortal Emperor! The kind responsible for working in the Thousand Machines Tower!"

"Does Wang Yifeng know about this?"

Lin Ran asked.

"Yes, I know!"

Su Rou nodded.

"He's always wanted to save his father, so he's been guarding the vicinity of the Thousand Machines Tower, it's just a pity that he doesn't stand a chance at all with the Tower being so heavily guarded!"

Lin Ran nodded, but in his heart, he had already made up his mind.

He had to go to the Thousand Planes Tower himself.

Leaving aside the fact that Wang Yi's life was there, he would have to take a chance just on the news of Wang Kun.

He had chased himself all the way to the Immortal World in order to find Wang Kun!

Since there was now news, how could he miss it!

"If you're going to break into the Thousand Machines Tower, you better be careful, it's very dangerous inside!"

Su Rou knew Lin Ran, and this news telling him was almost certain that he was definitely going to the Thousand Chance Tower.

"I know!"

Lin Ran nodded his head, he had to go to the Thousand Chance Tower, only there was no rush it would be best to take stock of it.

There was no return to that place, and once trapped in it, it was likely that he would never be able to get out for the rest of his life.

Su Rou was the best proof of that.

....

Early the next morning, Lin Ran left the Luo Ran Trading Firm alone.

He didn't say goodbye to anyone, fearing that they might follow him too.

Just before he left, he found Luo Qiqi.

“Don’t let Su Sa and Su Rou follow, this trip to Chaos Space will be enough for me alone!”

Luo Qiqi knew Lin Ran’s intentions, so naturally she didn’t say anything.

When Su Rou and the others found out later, it was already too late.

Lin Ran had arrived at the square outside Immortal Emperor City alone.

And the truth was pretty much what he had thought; more than half of the one hundred cultivators who had won the rewards of the Opportunity Conference had come.

As far as the eye could see there must have been at least fifty or sixty people!

The Immortal King looked very happy that so many people had come and said with a big wave of his hand without any nonsense.

“Since everyone is here, I won’t say much more, each person has a talisman, come out and find me to satisfy a claim!”

As soon as the Immortal King’s words fell, instantly countless letter talismans flew towards the crowd.

Lin Ran lifted his hand to receive one, looking at the white letter talisman in his hand, but his heart was very heavy.

It looked like the talisman hid a chance, but what was the point of fighting and killing?

Everything is fate!

A cultivator’s greed for life!

The Ten Thousand Fruits Tree is certainly good, but how many of them can really get it?

“All right! Let’s go!”

With a command from the Immortal King, a huge void ship instantly appeared in front of the crowd.

This Void Ship was even larger than the King-class Void Ship Lin Ran had been on back then.

On the deck at the prow of the ship was a huge flag with the word ‘Immortal’ written on it, a mighty sight.

“All aboard the void ship!”

As the Immortal King’s voice rang out, countless cultivators began to rush towards the Void Ship.

Lin Ran also boarded the Void Ship along with the crowd.

And only after he came up did he realise that Fu Chen was actually already standing at the front of the ship.

“The entirety of the next operation will be under Fu Chen’s charge, you only need to listen to his arrangements!”

The Immortal King said with a wave of his palm, and instantly a huge vortex appeared in mid-air.

“Set off!”

“Yes father!”

Fu Chen got up and answered, and immediately gestured at an armoured general next to him, who immediately began to urge the void ship towards the whirlpool.

“Weng!”

As the space around them darkened, the huge void ship had already entered the whirlpool.

There was darkness all around, with only a little bit of starlight constantly flickering.

Voodoo Dust said.

Wonder Doctor Chapter 2069

“Free grouping? That’s perfect, Black Brother Sugo I’ll be in a group with you guys!”

“Yeah, yeah, we’re in a group!”

“And us!”

As soon as Fu Chen’s words fell, there was an immediate murmur from the crowd.

Everyone knew each other and some of them had either formed friendships or feuds within the Tai Cang Diagram, so it became clear at this point.

“Young Lord, this is a really clever move on your part to prevent them from being stabbed in the back when they encounter danger!”

The armored commander said with a smile.

Voodoo Dust, however, said with a playful but smile.

“This time, completing the mission is the most important thing, there can’t be any mistakes!”

“My subordinate understands!”

The armored commander laughed.

“But Young Lord, do you see that there are too many people in that team!”

The armored commander pointed to one of the teams with the most people and said.

Sixty-three people were divided into roughly four camps at this point.

Three of them were squads that everyone had freely grouped together, while the other group was people who had not been grouped together.

In these three squads, the number of people was almost all around ten, eleven at the most, and eight or nine at the least was still normal.

But one of the squads had fourteen people!

Fuchun frowned at this and noticed that the two brothers, Black Hand and Hemlock, were the leaders of the squad.

These two men were very scheming, as he had learned later.

When Lin Ran, Leng Qian and the others had defeated the people of the Tiger Death Sect in Tai Cang Tu, these two brothers, Black Hand and Iron Fir, had directly led people into hiding.

This was because Lin Ran and the others were too strong and powerful, and they were afraid of being targeted.

Only later did they jump out after Lin Ran and the others had gone up the ladder.

Later on, they even captured two of the stone gate opportunities.

“There are still twenty-seven people left, let’s split up into teams first!”

Fu Chen did not speak directly, but looked at the remaining people and said.

“Twenty-seven people, three from each team all depends on fate!”

Fu Chen said with a wave of his palm, and instantly three different coloured rays of light enveloped down.

The twenty-seven people were divided into three groups.

It was red light that fell on Lin Ran, and as he looked around him at the people enveloped in red light, he realized that he didn’t recognize them.

“Brother Fuduan, is this grouping considered complete?”

Someone from the Black Hand camp asked.

They had the largest number of people, fourteen, and were explicitly one of the strongest.

“Not yet!”

Voodoo Dust guffawed.

“This operation is very dangerous, so a few of you from this group will have to come out and go to someone else’s group!”

Said Fu Dan, pointing distantly, and at once three rays of light reappeared, following which they landed on three of them.

Zhen Kui was originally smiling as he waited for the grouping to end, but who knew that a ray of red light would instantly fall on him.

“You three join the three teams just now according to your colours!”

Vuduan’s voice was bland, but it carried an irrefutable tone.

“Brother Fu Dan, that’s not right, you were still free to combine just now!”

Zhen Kui spoke up, looking displeased.

“The free combination I’m talking about isn’t for a dozen of you to be a team either!”

“Cut the crap and hurry over! We don’t have much time!”

Fu Chen said with a frown.

Zhen Kui still wanted to say something, but he was glared at by the armoured commander next to him, so he had to meekly walk over.

“Alright! You have ten minutes to choose a captain for each team!”

Voodoo Dust said, and then whirled away.

Lin Ran looked around himself at the nine unfamiliar faces and couldn't help but smile.

Lighthearted talk about choosing a captain, we were all cultivators, who would be convinced?

This was quite a calculated move by Fu Chen, he just didn't know what he was up to.

"There's nothing to say about our team, Black Hand Hemlock is naturally the captain!"

"Yeah I'm for it!"

"I'm fine with that too!"

"Fine!"

Murmurs soon came from the side.

Blackhand and Hemlock's teams were surprisingly unanimous.

A few other teams saw this and started talking as well.

"Why aren't all of you talking?"

Lin Ran looked at the people on his team and was speechless.

Why did these people all seem to be shy?

The captain's position wasn't even up for grabs?

"Brother Lin Ran, you're all here, is there still a need to grab this captain's position?"

One of the thin youths said with a face full of embarrassment.

"Yes, brother Lin Ran, we've all seen your strength before, I wouldn't dare to grab it anyway!"

"I'm about the same, my strength at the peak of the Extreme Dao Realm isn't as powerful as Chen Hu's!"

"Haha! I'm the same, or else let Brother Lin Ran be the captain!"

"I don't have a problem with that either!"

The crowd chattered.

At the side, Zhen Kui was a little upset at the words.

"Brother Lin Ran, I've heard about you, but strength is strength, leadership is a different matter!"

"To put it bluntly, I don't deny that you are strong, but if your leadership skills are not good, what if you run fast and we can't keep up in Chaos Space when the time comes?"

"Since we are a team, you can't just protect yourself!"

"What is Brother Zhen Kui's opinion?"

Lin Ran asked with a smile.

“In my opinion, we should make use of everyone’s talents, professional people should be the ones to do professional things!”

“This captain position, that must be given to someone with a big picture view!”

“Like who?”

Lin Ran asked with a smile.

“Yes Zhen Kui you just say who has it!”

“Yes speak directly!”

The crowd was also getting a little impatient.

“Me!”

Zhen Kui wasn’t polite and pointed directly at himself.

“You?”

The crowd all frowned a little at his words.

Lin Ran didn’t know this Zhen Kui, but there were multiple people among them who did.

This Zhen Kui was a follower of Black Hand and Hemlock, and he was a wallflower.

At the beginning, Zhen Kui didn’t even know Black Hand and Hemlock!

It was only when they met in Tai Cang Tu that he defected to them in order to protect his talisman.

This time, he actually wanted to be the leader of the squad!

“I don’t think it’s right, I still trust Brother Lin Ran!”

“That’s what I mean too!”

“Yes, Zhen Kui you say you have leadership skills, we have not seen it either, let’s not bullshit either want me to say is strength set captain!”

“Right!”

The crowd said.

Zhen Kui smiled and his face couldn’t help but look harder for a few minutes.

“Forget it!”

Suddenly, Lin Ran, who was on the side, spoke up.

“Since Brother Zhen Kui has put himself forward, then let’s give him a chance!”

“After all, what if Brother Zhenkui really has leadership skills?”

“That.”

“Brother Lin Ran, you’re thinking about it!”

“Right! This chaotic space is no joke!”

“That’s right, this captain is largely a matter of everyone’s lives!”

The crowd was a little nervous.

Lin Ran, however, smiled and waved his hand.

“I think we can try!”

“Brother Lin Ran!”

The crowd was a little confused.

Everyone was so supportive of him, so how could he still refuse!

“Haha! Since Brother Lin Ran has said so, then I, Zhen Kui, will not be polite!”

“There’s no need to be polite!”

Lin Ran laughed lightly.

He naturally wouldn’t bother explaining the crowd’s doubts, and in fact, Lin Ran really didn’t want to bother with too many things.

He himself had entered the Chaos Space this time to find people, and if he became this captain, he would be burdened with more than just the responsibility of finding people at that time.

He would also have to take care of the lives of these people, and Lin Ran did not want to add too many things to yourself if not necessary.

People are selfish, there’s no excuse for that!

Wonder Doctor Chapter 2070

“Alright, the teams have been divided up, a total of six teams will take turns to rest, while the other teams are scattered around the void ship to warn of the danger!”

Seeing that the teams had been divided up and the captains had all been decided, Fu Chen spoke directly.

It was just that Lin Ran was on a team that did not have Lin Ran as the captain this thing somewhat surprised him.

“What’s wrong with the young master?”

The armored commander saw this and was busy asking.

“This Lin Ran is not ordinary, when you get to Chaos Space you should pay more attention to it, nothing can happen this time!”

“Remember it’s not to have any accidents, otherwise not only will you have to die, even I won’t survive!”

“My subordinate understands!”

The armored commander busily said.

Although he didn't know the inside story of the matter, he did know some information.

It was said that this operation was decided by the Immortal Emperor himself, and even the Immortal King did not know what the real purpose was.

Time passed day by day, and the group had to spend a full half month inside the spatial tunnel.

During this period of time, Lin Ran had not moved at all, apart from cultivating and being on guard.

In fact, he hadn't brought anyone but himself with him this time!

Whether it was Feng Sui or the Thunder Dao pearl, or even Qing Zi, he hadn't brought them all with him.

This time, Lin Ran could be said to be completely alone.

Chaos space was too dangerous, and he didn't want anyone to follow him and risk their lives.

In other words, Lin Ran also had his own selfish intentions, if he unfortunately died in Chaos Space.

At least he would have a chance to rise again.

Not even to lose his most important things in it.

....

Half a month had passed in the blink of an eye.

At this moment, inside a tower-like pavilion within the Luo Ran Merchant Firm.

In a hall on the topmost floor, there was not a single person.

There was only half a hidden spirit fruit lying quietly on a stone pillar.

Only at this moment, this Hidden Spirit Fruit was already wrapped in a white glow outside.

A divine sense was rapidly expanding in it!

“Weng!”

Suddenly at a certain moment, a tremor rang out violently from within the entire Hidden Spirit Fruit.

The next moment the entire tower-like pavilion trembled.

“What's going on?”

Su Rou was sitting in the attic with Luo Qiqi, drinking wine, when she heard the commotion she couldn't help but tense up.

“Don't panic! Good thing!”

Luo Qiqi laughed, while pulling Su Rou up and rushing under the tower-like loft.

“It’s coming out?”

Feng Sui and the others were also busy rushing over.

Xiao Jiu and Li were even more eager to look at the tower-like pavilion in front of them.

“Who’s coming out?”

Skywolf and Su Rou were bewildered, not understanding what was happening.

“By the way, didn’t Lin Ran say earlier that he was going to go with us to the Anti-Alliance? What the hell is going on here?”

Su Rou busily asked.

Lin Ran had left without saying goodbye, making her more or less angry.

But this guy had never lied to himself, so she was waiting to see how this guy would actually fulfil what he had said!

“Wait a minute! You’ll find out later!”

There was hope in Luo Qiqi’s eyes.

It was not long before the trembling of the entire tower-like loft finally stopped.

The entire front of the pavilion also fell into silence once again.

Everyone was silent, just looking at the pavilion in front of them with burning eyes.

Although everyone did not know what was happening, they knew that soon the truth of the matter would be revealed.

“Brother!”

Suddenly, Little Nine at the side couldn’t help but speak up and shout.

“Brother? Lin Jean that’s not already.”

Su Rou’s entire body was dumbfounded.

“Bang!”

Suddenly the door of the attic was pushed open from the inside.

Followed by a black robed figure then walked out, if not Lin Ran or someone else!

“Lin.... You’re not...”

Su Rou’s entire body was dumbfounded.

“What the hell is going on here?”

Su Rou looked at Lin Ran and then Luo Qiqi, her entire body was a little confused.

“It’s a long story, but to put it simply, it’s that this kid has cultivated a technique of splitting his body!”

“This one in front of me is also him, and the one who left without saying goodbye is also him!”

Luo Qiqi laughed.

“A splitting technique? Then was the one who left the original body or the split body?”

Su Rou was busy asking.

There was a world of difference between the original and the split body.

“Hmm! This is really hard to say, this technique of his is called the Technique of Indestructibility, both are the original and both are split bodies!”

“Which one dies, which one is the split body, and the other one is the original!”

Luo Qiqi said.

“You really are!”

Su Rou was finally relieved.

It was a lie to say that she wasn't worried, the chaotic space was so dangerous, but Lin Ran still went.

But Luo Qiqi didn't care either, at this point Su Rou realized that this guy had already prepared the back way!

“Alright! It's time for us to set off too!”

Lin Ran laughed.

“Mmm!”

Luo Qiqi smiled and nodded, before arranging for someone to start going to get ready.

“Where to?”

Su Rou was still a little confused and was busy asking.

“To find that dead fatty, of course!”

Lin Ran laughed.

“The Tower of a Thousand Planes?”

Su Rou was stunned as she listened, wanting to persuade but the words came to her lips but she couldn't say them.

She knew Lin Ran's affairs very well, and coming to the Immortal World was not just because she was forced to.

What was more important was that there was this Wang Kun.

It was fine that she didn't know before, but now that she knew and wanted to stop him from going, it was simply impossible!

This was a knot in Lin Ran's heart that could only be solved and not blocked.

A day later, in the attic of Luo Ran's merchant house.

"You guys take care of yourselves this time, I won't be going!"

Luo Qiqi said.

"Mhmm!"

Lin Ran nodded his head, he knew very well that Luo Qiqi couldn't leave Immortal Emperor City.

Whether it was a stall as large as the Luo Ran Merchant Firm or the layout of the Pillow Book, Luo Qiqi and Qin Bing as well as Song Nuan were unable to leave.

Especially Luo Qiqi, her fortune was too big, and once she headed to the Anti-Alliance, she would probably cause the Immortal Emperor to be alerted.

So even if it was to set up a branch in the Anti-Alliance or even in a place like the Beast King Domain, she had her men go and do it.

Without too many separate words, the crowd had already experienced a full millennium of trials and tribulations.

There were times when a look was enough to replace all the hush-hush.

"Take care on the way!"

Luo Qiqi said.

Lin Ran nodded, and then without further ado, he led the crowd away.

Looking at Lin Ran and the others' backs as they left, Luo Qiqi's eyes burst into tears.

No one knew how much it really hurt in their hearts when they parted after all these people had gone through.

Who could understand the torment of not seeing each other for a thousand years and only a few days.

But Luo Qiqi knew in her heart that if she couldn't go home, what was the point of being together now!

The immortal world is not their immortal world after all, home is the place they go first.

◦ ◦ ◦ ◦

"How far away is the Thousand Machine Tower from here!"

Lin Ran put everyone into the scroll space, especially Su Rou, who had a complicated relationship with the Immortal Emperor.

Exposure would likely be targeted by the Immortal Emperor's people.

Although she had now been released, who could guarantee that the Immortal Emperor would really mind?

“If we take the Immortal Emperor City’s teleportation array, we can get there in two hours, though.”

Su Rou said.

“Understood, we’ll rush over there without doing the teleportation array!”

Lin Ran said.

The teleportation arrays were all run by the Immortal Emperor’s lineage, using them was bound to be discovered by the Immortal Emperors.

“We can get there in half a month at most without using a teleportation array!”

Su Rou said.

“Half a month? Not bad!”

Lin Ran took stock of the time, in half a month’s time his other doppelganger, should have already entered Chaos Space!

“Let’s go!”

Without any more nonsense, Lin Ran greeted, and Li instantly reminded of the surge, Lin Ran directly leapt onto Li’s back, and the two of them hurried in the direction of the Thousand Machine Tower.
