

Chapter 2063– 2064 of A Dish Best Served Cold Novel

Chapter 2063

“What did you say?” “The Mu Fan Group was trampled down?” Mark was shocked when he heard this.

He immediately raised his head and sternly questioned Xiang Jinbao and Yinbao.

“What about Helen?” “My wife, Helen Qiu, how are you doing now?” To Mark, what Noirfork master and what hundreds of billions of industries are just some extraneous things.

He doesn't care, he lost it now, and he will find it back in the future.

However, after hearing that the Mu Fan Group was also destroyed by others, Mark was no longer calm after all.

Mufan Group has been managed by Helen Qiu.

Now that there is something wrong with the Mufan Group, Mark has to worry about what will happen to Helen Qiu, the president of the group?

“Mr. Chu, Miss Qiu, she... she...”

Hearing Mark mentioning Helen Qiu, Jin Bao, and Yin Bao, he immediately lowered his head and stopped talking.

“Speak!” “What's the matter?” Mark drank again.

Jin Bao said bitterly: “Mr. Chu, the second master has worked very hard to protect Miss Qiu again.”

“However, the other party's power is too great.”

“The second master still failed to protect Miss Qiu after all.”

A few days ago, Lu Mingfeng and the two drove Miss Qiu out of the Villa at Yunding Mountain.”

“Furthermore, the two of them were so beastly that they wanted to be unfavorable to Miss Qiu.”

“Fortunately, Mr. Xu came in time and brought Miss Qiu. I picked it up.”

“However, an assistant beside Miss Qiu fell from Yunding Mountain in order to protect Miss Qiu. He was seriously injured, and I was afraid that he would not survive.”

.....

Jin Bao was still talking, but as soon as his words fell, he heard a crash.

The qi exploded, and a fierce air wave swept across.

Mark, who was calmly drinking tea in front of him a few seconds ago, immediately rushed out like lightning when he heard Jin Bao's words.

The speed was so fast that there was a gust of wind in the room.

Jin Bao and others squatted on the ground with a shock of the storm.

When they looked again, they found that Mark's figure had reached a hundred meters away.

“I'll be away for a few days.”

“On the days when I'm away, Team Azure Dragon, continue training according to the plan I have given you!” “Don't slacken~” At the end of the sky, there was Mark's voice rolling.

The deafening sound was the trembling eardrum of Croven Li and others.

“This...this...”

Looking at Mark, who had long since disappeared, in the room, Croven Li and the others were all bitter and their eyes twitched.

I thought that instructor Chu, what really special is a good man from Vietnam!

As soon as I heard that my wife had an accident, I didn't wait for others to finish talking, and didn't explain the funeral. I didn't even say hello to the military area, so I just swished and left.

“Mr. Chu, you go back to Noirfork first and save the second master~” “Mr. Chu~” The Jinbao brothers only reacted after Mark had gone so far.

Hurriedly chased out, crying bitterly in his eyes.

“Okay, don’t shout, you are all gone.”

“Besides, compared with my father, in the heart of Chu instructor, my wife is definitely the most important.”

Croven Li said, shaking his head.

Now, they can only hope that Mark can return to Noirfork as soon as possible after visiting his wife.

.... Just a few days ago, Lu Mingfeng and the two drove Miss Qiu out of the Yunding Mountain Villa.

“... “However, an assistant next to Miss Qiu, in order to protect Miss Qiu, fell from Yunding Mountain and was seriously injured, afraid that he would not survive.

“..... Phoo~

Chapter 2064

The wind was freezing and the wheels galloped.

The trees on both sides of the road seemed to be crazy, retreating in Mark’s sight.

At this time, Mark was driving an army green off-road vehicle, Mercedes-Benz at full speed on the highway leading to Gritsberg.

Beside the ears, there is the blast of air current colliding with the car window at high speed.

However, as far as Mark is concerned, everything in the world would hardly attract his attention.

In his mind, there are all Jin Bao’s words just now.

He did not expect that things would develop to this point.

He originally thought that in Noirfork, relying on Ericson and others, the situation could be stabilized.

After all, Noirforkzhi had a double-hearted influence on Mark, and he eliminated all of them.

It can be said that Noirfork is now Mark’s backyard, one piece of iron.

As long as Ericson and others blocked the news of their fall, Noirfork would not be able to mess up, and Mufan Group would not be able to fall.

However, he still underestimated the Chu Family's methods.

In order to deal with him, the Chu family even let other forces take over Noirfork.

Of course, if the goal of these people is only to destroy the forces they have established, it is nothing more.

But Mark didn't expect that they would actually attack his relatives!

Even Yunding Mountain Villa was occupied by them.

Helen was still swept out by them?

What made Mark even more difficult to calm down was that Qingtan might be in danger of life.

Yes, when Mark heard Jin Bao's words, he knew that the so-called assistant in his mouth was the Qingtan who was ordered by him to protect Helen Qiu.

Like Tongshan, Qingtan has followed Mark for ten years.

When Mark met her sister, Qingtan was only seven years old.

After that, she joined her sister in the Dragon Temple.

It can be said that in the past ten years, Mark has watched her grow up.

Now that something happened to Qingtan, Mark was naturally worried.

What's more, if Qingtan really died here, how would Mark explain to her sister?

"Lu Mingfeng?" "I advise you to pray that there will be nothing wrong with Qingtan, otherwise, I'm Brian Chu, and punish you nine races!" Mark clenched his palms, his brows and eyes were filled with endless anger.

Gritsberg.

The First People's Hospital.

Outside the operating room, two stunning women stood outside.

In the corridor, pedestrians passing by will look at it unconsciously.

After all, where beautiful women go, they are all eye-catching.

What's more, it's extremely rare to see one of these stunningly alluring girls in front of you.

Now that two of them appeared all at once, everyone was naturally surprised.

Many people are yearning and admiring.

Some people are full of envy.

"Hey~" "I don't know, which two lucky guys will be cheaper for the beautiful couple in front of me."

..... Regarding the admiring gazes around, whether it was Helen Qiu or Cynthia Chen, they didn't care. .

Perhaps, for so many years, they have become accustomed to the look of passers-by.

"Sister Qiu, you have been here for the whole night, so go back to the rest meeting."

After a brief silence, Cynthia Chen looked at the pale Helen Qiu and softly persuaded.

Helen Qiu shook her head: "No, I won't go."

"Qing Tan is here to save me."

"If she can't be saved, I won't forgive myself in this life."

"I have to wait. She comes out and waits for her to come out alive~" Tears flowed out of her eyes unconsciously as Helen Qiu spoke.

The bleak and haggard look is very pitiful.
