## Chapter 2069 Are You Friends?

“What a beautiful girl?”

“It’s like a person in a painting.”

“At the moment this woman appeared, everyone here was stunned. As the so-called, the love of beauty, everyone has it. No matter men, women, young or old, they are undoubtedly shaken by the beauty of this woman in front of them. , It is so stunning! Even middle-aged men like Ye Tian and Ye Ya are undoubtedly deeply shocked by the nobility and stunning beauty in front of them. What kind of face is that almost eclipses the world. What kind of luxury is that, It almost made everyone worship. Ye Ximei couldn’t help being deeply embarrassed. I only felt that such a woman should only exist in the handed down paintings. But how did they think that such a strange woman was in reality. It also really exists! The ethereal majesty and the dusty temperament all give people a sense of illusion and unrealism. The youthful young people like Ye Jian and Jiang Yulang are already deeply obsessed, except for shock. Beyond that is boundless admiration. “My God!

“Is this a fairy?”

“If my girlfriend had such a face and such a temperament, Ye Jian would have lived ten years less, so I would not hesitate to do it.”

“Ye Jian looked straight, he swore that he had never seen such a graceful and noble woman in his life. “Only ten years?”

If she is my girlfriend, Jiang Yulang will live less than 50 years, I am willing!

Jiang Yulang also felt amazing. He once thought that the school flowers of their university were already beautiful enough. However, compared with the girl in front of him, the so-called school flowers are just shit. No, shit is not as good. However, it is normal. People, only saw her peerless appearance and noble temperament, and Wei Wuya, as a martial artist, he more valued, or the aura and majesty exuded from this woman. The oppression brought to him by the woman in front of him was even better than him. His teacher gave him more than a few times the richness. You know, Wei Wuya is already a martial arts master. And his teacher is one of the six great pillars of Vietnam, the titled master. But this person is in front of him. , Just the spreading power, it is already several points stronger than his teacher. “This woman, what is the origin?

” “Friend or foe?”

“Wei Wuya had no idea at the time.

That kind of feeling is like an ant looking up at a mountain, and there is a feeling in his heart as if he is facing an abyss, like walking on thin ice.

There is only one thought in his mind now, that is, who is this person?

“Could it be that one of the Six Pillars, Queen of Phoenix?” In Wei Wuya’s cognition, there is only one woman in the titled master of Vietnam.

That is one of the gods of the pillar country titled “Queen of Phoenix”.

If this is the case, then things will be easier.

At this time, the woman in the purple skirt had already arrived in front of everyone.

Upon seeing this, Wei Wuya hurried over, clasped his fists and said respectfully: “Your Excellency is the “Queen of Phoenix” senior?” “Junior Wei Wuya is ranked ninth on the Huaxia Grandmaster Ranking.”

“The senior family teacher should know him, titled “Ice King”, and talk to seniors. The same, it is also one of the Six Pillars of Vietnam.”

Wei Wuya said respectfully, with a low posture.

Even in front of her, he was an old man, even calling himself a junior.

It can also be seen that Wei Wuya is so jealous and afraid of the woman in front of him.

However, facing Wei Wuya’s words, the woman was silent.

Wei Wuya was not angry when he saw this.

The strong are mostly cold and cherish words like gold.

Even his teacher, when instructing him in martial arts, was very reticent, cold and majestic.

Therefore, it is normal for this woman to ignore herself.

## Chapter 2070

Therefore, Wei Wuya continued: “I have heard the name of Queen Feng for a long time, and I have seen it today. This junior is really fortunate.”

“After I have dealt with all the troubles in front of me, I will personally host a banquet to entertain seniors. I don’t know how seniors can Enjoy your face?” Wei Wuya said respectfully.

When Ye Ximei waited for the Ye family to hear this, his heart was completely cold.

Before that, they thought that this girl was sent by Xu Lei to rescue them.

Now it seems that they think too much.

The woman in front of him obviously knew Wei Wuya.

In other words, she was in a group with Lu Mingfeng.

However, when Ye Ximei and the others were full of despair, a cold voice quietly sounded.

“You guys, Mark’s relatives?” “Huh? You...you are...”

“Hearing this, Ye Ximei and everyone in the Ye family trembled, and the corners of the mouths of Ye Tian and Ye Ya brothers twitched. Good point, how come this girl suddenly asked this? Could it be that the woman in front of you, with Mark Know? Thinking of this, Ye Ximei quickly asked: “Girl, are you friends with our Mark?”

When Ye Ximei asked this, everyone in the Ye family looked over. Obviously, they were all waiting for her answer. But after waiting for a long time, the woman still didn’t respond. In fact, even herself, I don’t know what exactly is the relationship between me and Mark. Are they friends? But they just met right away, and they knew each other only for more than a month. Even in this more than a month, she wanted to kill him more than once. Friends? Obviously not counted. What’s more, she is alone and alone, and she is only around her subordinates who respect her and respect her, so why have friends? But if she is not a friend, why should I help his relatives? And why? He said, did he really wait for him in Noifork for ten days? Yes, after leaving the old house of the Chu family, Yu Yun wanted to return to the sect immediately. But I don’t know why, but she always remembered Mark’s ten days. The appointment. It was so so brooding that she was thinking about this ten-day appointment when she was practicing. In the end, she returned to Noifork. I wanted to see what Mark wanted to give her. Of course, this For a while, Yu Yun has not been idle. She has been investigating Mark’s identity. What connection does this young man named Ye have with the Chu family? Why, the old lady of the Chu family actually spoiled him so much. In the ancestral land of the Chu family under the house, a person with a foreign surname was allowed to come and go freely. In this way, Yu Yun investigated the Ye family in Denham under investigation. When she saw the Ye family in danger, Yu Yun also took action. Saved. But in fact, even Yu Yun doesn’t know what the relationship between herself and Mark is. Since she is not a friend, why did she subconsciously want to take action after seeing his relatives in distress. Asylum? In the end, she shook her head and said coldly, “Not a friend.

“At most, owe him some favors.”

” Ok?

“Senior Empress Feng, do you want to save them?” “These people are just rural uncles, ants, why are they qualified to let seniors help?” The more Wei Wuya heard it, the more he felt wrong, and in the end he couldn’t hold back, and immediately said Persuade.

However, as soon as his words fell, he saw the woman in front of him wave his sleeves.

Stabbing~ A flash of blue light, tearing the sky.

With a bang, it hit Wei Wuya’s chest.

Pouch~ Broken ribs and blood flying.

Wei Wuya’s whole body was like a cannonball, and he was directly shot out.
