

Wonder Doctor Chapter 2071

The splitting of the troops was also something Lin Ran hadn't thought of before.

Originally, the black-robed Lin Ran was his base card and was going to follow Leng Zhan and the others directly to the Anti-Alliance to rendezvous with Ling Sa and Long Ya.

As a result, he didn't expect Su Rou to bring news of Wang Yi's life.

And most importantly, Wang Kun had actually appeared as well.

After searching for so long, there was finally news of Wang Kun, so how could Lin Ran miss it.

....

However, at this time, after a full half month of rushing, Fu Chen and the others finally saw a bright light ahead of the void ship.

"Attention all, Chaos Space has arrived!"

The armoured commander warned aloud.

One by one, the crowd also perked up, after half a month of waiting finally they had arrived at the Chaos Space.

"Weng!"

As the void ship shuddered violently, following which the crowd felt the light around them suddenly plunge into a white aura.

"Hurry up and adapt!"

Voodoo Dust spoke up and shouted.

The crowd had been in the spatial tunnel for half a month, so it was inevitable that their eyes were not quite accustomed to seeing the bright light at this point.

However, everyone was also a cultivator, and they quickly adapted to it.

After only a few moments, Lin Ran saw that he was in a foggy space.

There was white fog everywhere, and it looked very misty.

The white fog was obscuring vision and even divine sense was affected.

Lin Ran found that the range his divine sense could probe was at least a full third less than before.

"This chaotic space is exceptionally dangerous, so if not necessary all stay on the void ship!"

"Also from now on, six teams will be on guard three at a time, taking turns once every four hours!"

Fu Chen said.

The crowd also knew the power of this chaotic space, so naturally, they didn't dare to say anything.

“Young master, now set off?”

The armored commander was coming over and asked.

“Mm!”

Fu Chen nodded, with a profound look in his eyes.

“Understood!”

The armored commander saluted respectfully, and then retreated back.

The void ship soon set off, but the speed was already too slow compared to before.

There was white mist all around, and even with the help of the formation on the Void Ship, the range that could be scouted was still very limited.

So even the armoured commander did not dare to take too many risks at this point.

But even though it was slow, a void ship was still a void ship, and its speed was definitely much faster than a cultivator rushing on his own.

The white fog around them continued to recede towards the back.

Lin Ran was standing on the side of the deck at this moment, and everywhere his eyes could see was a desolate place.

There was not a single weed in this chaotic space, and the occasional tree that could be seen had completely withered away.

It was as if a battle had been fought here, and everywhere was a mess.

“Hey hey! Look, what is that thing!”

Someone suddenly exclaimed, and when Lin Ran and the others looked, between them, on the side of the void ship, a hill had actually appeared.

The hill wasn't very tall, but it was covered in green stuff.

Because it was a bit far away, it was impossible to see clearly what it was.

But that thing didn't move either, it was like a large plant covering the hill.

“Hey hey do you guys think there could be some kind of exotic herbs up there!”

“I feel like it, this is chaotic space, it's desolate everywhere, and this hill just looks very extraordinary!”

“Why don't we go and try?”

Some cultivators were starting to press on a little.

Being able to come to the Chaos Space was all a chance, and they naturally didn't want to miss the chance to be able to look for treasures.

“Go if you want to die!”

Suddenly the armored general on the side spoke up.

“What do you mean?”

The few people who were discussing frowned and asked.

“Know what that is?”

The armored general sneered.

“The Earth Jedi!”

“Earth Jedi?”

The crowd was stunned at the words, followed by one’s face turning pale.

“What’s the Earth Jedi?”

Lin Ran frowned as he listened, he had never really heard of this Earth Jedi before.

“But he has heard of the Earth Extinction Formation!”

“How could it be something like that!”

“Right! And even if it is the Earth Extinction, it’s not like we don’t have a chance, there are so many of us!”

Some of the cultivators were still a little undeterred.

“Humph! Bunch of idiots!”

The armored commander said in a cold voice.

“This is not just any Earth Jedi, this is the Nine Deaths Earth Jedi!”

“Each Earth Jedi has undergone nine life and death tests, even a Purple Sea realm powerhouse would have no hope of coming out alive if he broke in!”

“Just you guys? I’m afraid you’ll lose your lives before you can even find what’s inside!”

“The Nine Deadly Earths!”

The crowd drew in a cold breath as they listened.

“Alright, don’t get red-eyed, this hill was made by a former great power, and there is a Daoist Tree on it!”

“This Nine Deaths Earth Extinction is also a barrier he set up, that Dao Becoming Tree is for his closed disciple, it has been planted here for at least eight hundred years!”

Fu Chen suddenly spoke up.

“Eight hundred years? A Daoist tree?”

The crowd was incomparably envious and unusual at the words.

Lin Ran also knew about this Dao Becoming Tree.

It was said that this Dao-forming tree was very miraculous, and that each Dao-forming tree would only give birth to one fruit under normal circumstances.

The fruit was naturally the Dao fruit.

Just one of these Dao Fruits would allow a cultivator to reach the realm of Little Perfection.

Of course, one still needs to cultivate the previous realms on their own.

It was only when breaking through to the Little Perfection that one could break through directly.

It was considered a very powerful fruit.

You should know that the higher up the cultivation lineage you go, the more difficult it becomes.

And the gap between the Violet Sea realm and the Little Perfection realm was even more of a chasm.

The Little Perfection realm upwards was already considered the top of the range.

So to allow a Violet Sea realm powerhouse to step directly into the Little Perfection realm, the value of it was naturally self-explanatory.

Moreover, this Dao of Becoming tree has never been passed down in a single lineage because it only opens one fruit.

After the fruit is plucked, the Dao-forming Tree will wither and die.

And the seeds within the fruit can be cultivated again in the Cheng Dao tree.

And so on.

Of course, it does not mean that if you have a Daoist Tree, you can endlessly cultivate strong people.

The cost of cultivating a Daoist tree is also very high.

No matter how many kinds of heaven and earth treasures are needed to nurture it, it also requires the cultivator to be here all year round to take care of it.

The price paid can be said to be enormous!

So the Daoist Tree is powerful, but it is impossible to cultivate strong people in bulk!

What's more, in today's cultivation world, the number of Dao Cheng trees can be described as a phoenix's hair.

"Now you know how powerful it is?"

The armored commander said disdainfully.

"Remember, there are many good things in Chaos Space, but the ones you can actually touch are very few!"

"Whoever dares to touch such a mastered object, I don't need to say much about the consequences!"

“Understood!”

The crowd gulped.

Leaving aside the Nine Lands of Death, the great power behind the tree that could cultivate this Daoist tree.

If one were to mess with someone, I’m afraid the entire Void Ship would have to be finished with a single slap!

“Alright, I know that everyone is coming to Chaos Space for the first time and they all want to find treasures!”

“How about this, seeing as everyone is here to help me, I happen to know a place that is unowned!”

“There is a fossilised dragon egg inside, that thing is useless to me, I’ll show you all later, it’s up to your own destiny who gets it!”

Fu Dan suddenly laughed.

“Young master!”

The armored commander opened his mouth to say something.

Instead, Fu Chen waved his hand and said.

“It doesn’t matter, everyone has followed me here, so naturally I can’t treat you poorly!”

Wonder Doctor Chapter 2072

“Fossilised dragon eggs?”

When the crowd heard this name, a look of shock appeared in their eyes.

The dragon was an ancient divine beast, and although there was a dragon clan in the current cultivation world.

However, they were generally in seclusion and would not come into contact with outsiders at all.

During the battle of the Immortal Emperors, the dragon clan was also affected, resulting in a major injury to their vitality.

So nowadays, dragons are almost invisible in the cultivation world.

The strongest power of the dragon race is the power of the dragon veins.

What Li devoured at the beginning was the bloodline power extracted from the dragon bones.

Just that one time, it allowed Lizzy to evolve to a very powerful level and even reached the hundred thousand eight hundred thousand realm.

What’s more, what was in front of the crowd at this moment was a fossilised dragon egg.

If the bloodline power within it could be extracted, it would be an existence that could not be exchanged for a thousand pieces of gold for a cultivator, especially a body refining cultivator.

There was some excitement in everyone's hearts.

The fact that Fu Chen was willing to tell them about this place really made him grateful.

But the truth was also in front of them, who could obtain the fossilised dragon egg, that also depended on their own strength.

The Void Ship shuttled all the way, and after half a day it finally started to slow down.

When the crowd felt the ship slowing down, they all rushed up to the deck to look around.

Soon a huge deep pit appeared not far from the void ship.

The pit was so large that even when standing on the Void Ship and looking down, one could not even see the end of it.

But Lin Ran soon noticed that the outline of the huge deep pit looked surprisingly very much like a trail left by a claw.

"A dragon claw?"

Lin Ran's heart was shocked as he looked.

The deep pit in front of him was simply too appalling.

"The fossilised dragon egg is inside the deep pit, anyone want to try it out?"

Fu Chen walked out and asked with a smile.

"Me!"

Zhen Kui immediately stepped forward.

He was a body refining practitioner himself, and this fossilised dragon egg meant a lot to him.

"We want to try too!"

Suddenly two youths in another small group next to him also stood out.

These two were one strong and one thin, forming a stark contrast.

Lin Ran had seen these two before, they were a pair of brothers who had come out of some hidden family.

The strong one was the younger brother, named Chen Qi, while the skinny youth was naturally the older brother, named Chen Jun!

These two were very interesting, I don't know if it was a deliberate arrangement by the family or a result of their own physique.

The older brother, Chen Jun, cultivated the Training Stream, while the younger brother, Chen Qi, cultivated the Body Refining Stream.

"Chen Jun! You want to interfere too?"

Zhen Kui looked at the two, his eyes somewhat icy.

The preciousness of the dragon egg fossil was self-evident, and he naturally did not want others to grab it.

However, he still underestimated the determination of the two men.

“Zhen Kui, this thing is originally a masterless object, why should you only be able to get it yourself?”

Chen Qi said.

“Humph! Don’t measure yourself, just the two of you are no match for me at all, so who are you to interfere!”

Zhen Kui sneered.

“Zhen Kui, our acknowledgement is no match for you, but do you think you are the only one who wants this dragon egg?”

Chen Jun said and pointed behind himself.

“Now we are a squad presence, so naturally the whole squad will be on board if we want to grab it!”

“As for who can grab it, it all depends on their own ability!”

“Squad? You two must be stupid! Look who’s in my squad!”

Zhen Kui sneered.

Lin Ran was in his own squad, and he really wasn’t afraid of grabbing between squads.

“Discuss amongst yourselves, I’ll give you half an hour, you must leave when the time is up!”

Fu Chen guffawed, then went back inside the cabin.

“Humph! You want to rob it, right? Then let’s each go by our own abilities!”

Chen Jun didn’t bother with nonsense, and with a wave of his hand the entire squad moved.

Most of them within this squad were from hidden families, and after the matter of the Tai Cang Tu, they were all still on good terms.

But in comparison, the squad that Zhen Kui and the others were in was obviously a bit worse.

Zhen Kui was just about to rush out, but he found that no one in his squad was following him.

“What’s wrong with you?”

Zhen Kui saw this and could not help but question.

“Zhen Kui, we are not interested in this dragon egg, you can go grab it yourself if you want to, don’t drag us along!”

A cultivator spoke up.

“Right! This deep pit is obviously not ordinary, I advise you to be more careful!”

“What do you guys mean by that? I’m the captain!”

Zhen Kui said in a cold voice.

“Captain is right, but we are not your thugs either, if it’s for the matter of the Ten Thousand Fruit Tree, we are duty-bound!”

“But for your sake alone chance, who is it?”

“And I’ve heard that the Chen brothers are the ones who took out the benefits! What about you?”

“You!”

Zhen Kui’s face sank as he heard this, and he was busy looking at Lin Ran at the side.

To be honest, he really didn’t see the strength of the others, and if he could convince Lin Ran to help him, he didn’t care if the others went or not.

“Brother Lin Ran, what do you say!”

Zhen Kui said.

“I suggest you don’t go! That deep pit is not simple!”

Lin Ran’s voice was bland.

“Humph! If you don’t want to go, just say so, why beat around the bush, I can still get the dragon egg fossil without you!”

Zhen Kui said and turned around and rushed out of the void ship.

Lin Ran frowned and didn’t say anything, he just quietly looked down.

At this moment, the Chen brothers had already led their own squad to the edge of the canyon.

And Zhen Kui was also following behind.

The canyon was so large that the people standing at the edge looked like ants.

But Lin Ran didn’t care about this, he felt something strange when he looked inside the canyon.

This place was a little too quiet.

Although chaotic spaces were inherently dangerous, this canyon was so quiet that one couldn’t help but feel suspicious.

“Go!”

The Chen brothers did not delay, and after just a slight survey of the canyon, they immediately jumped down.

Not willing to be left behind, Zhen Kui followed suit and jumped down as well.

Seeing this scene, Lin Ran couldn't help but sweat for the crowd!

"Brother Lin Ran, what do you think?"

A youth in the squad came over and asked.

"This place is not simple, they will probably not get anything!"

Lin Ran said.

"Why?"

The youth didn't understand.

"Although this chaotic space is mysterious, it's not like no one can come here!"

"If a former great power found this dragon egg fossil, how could they not take it away!"

"Besides, Fu Chen also said that it's an ownerless object, and most of the things within the chaotic space are treasures!"

"Since it's an ownerless object, why wouldn't a great power take it away?"

"What you mean is!"

The youth's face instantly changed as he listened.

"Just wait and see, there's definitely something wrong!"

Lin Ran was full of confidence.

As if to confirm his words, the crowd had just jumped down the canyon not long after.

Followed by a miserable scream from within the canyon.

At once several streams of light rushed up into the sky, and it was none other than the Chen brothers and Zhen Kui, as well as the other cultivators.

As soon as these people rushed up, their faces were all very ugly, and without saying a word, they rushed towards the Void Ship.

But before they could go far, suddenly another stream of light rushed out from the back, a cultivator who had fallen out of line.

Lin Ran frowned as he watched, but at that moment, suddenly a loud and clear sound of a dragon's roar came from beneath the canyon, and the next moment a white light rushed into the sky and directly swept back the cultivator who had fallen behind.

All that was left was the miserable screams of the cultivator.

And at this moment, Zhen Kui and the others who ran back to the Void Ship were each so frightened that their faces turned pale, unable to utter a word for half a day!

Wonder Doctor Chapter 2074

“Lin.”

“How dare you fucking impersonate my brother! I’ll get you to death!”

While Xiao Cui was shocked, Wang Yifeng flipped his palm and his divine Dragon Axe instantly emerged.

Without saying a word, he greeted Lin Ran’s head.

“Fuck you!”

Lin Ran was speechless when he saw this, every time he met this fatty, he had to do it!

The key was that he didn’t even ask questions.

“How dare you scold me! Impersonating my brother, if I don’t get you killed today, my surname isn’t Wang!”

Wang Yifeng said as the divine Dragon Axe in his hand had already split in front of Lin Ran.

“You are a pig!”

Lin Ran was speechless and dodged with a dodge while kicking Wang Yifeng in the buttocks.

At once, Wang Yifeng’s entire body crashed towards the front in a doggy pile.

“I am none other than Lin Ran!”

“Lin, you bastard, my brother has been dead for over a thousand years, and you’re still fucking amusing me here!”

“Today it’s useless even if the King of Heaven comes!”

Wang Yifeng said as he was about to continue to strike.

Lin Ran was speechless and had to shout.

“Wang Kun!”

“Wang.”

When Wang Yifei heard these two words, the divine Dragon Axe that he had raised immediately froze.

He looked at Lin Ran for half a day and couldn’t utter a single word.

Xiao Cui at the side was also looking at his heart, and he was busy speaking up and asking.

“From Earth?”

“From Temperance City!”

Lin Ran replied back.

As soon as these two words left his mouth, Wang Yifeng and Xiao Cui’s eyes instantly turned red.

“Where the fuck did you die!”

Wang Yifeng cried like a tearful man and directly jumped into Lin Ran's arms.

"My cao! Can you fucking pay attention, your daughter-in-law is still here!"

Lin Ran pushed Wang Yifeng away and wiped the snot and tears from his chest.

"I... I just got too excited!"

"Boss, serve the wine!"

Wang Yifeng greeted.

This time Xiao Cui didn't say anything else.

Instead, she took the initiative and stood aside to pour wine for the two.

"Rise!"

Lin Ran beckoned, and instantly an array enveloped the entire tavern.

Only then did he say.

"Come on, we haven't seen each other for so many years, let's have a good chat!"

"A must!"

Wang Yifeng said before taking a sip of wine and then said.

"First you tell me how the fuck you survived? The pillow book at the beginning but it said that you would definitely die!"

"Besides, Zhen Yan also read it, saying that your seven spirits had scattered six of them, and that there was no way to return to heaven! Otherwise, I wouldn't have left you to go out on your own!"

"Come on, I don't blame you, and I didn't even know I'd survive!"

Lin Ran laughed bitterly.

"Back in my hometown, Elder Feng once gave me a heart-locking pill, something you don't know!"

"He said that this heart lock pill could save my life, and that people die for a thousand years and come back to life!"

"At first I heard it as a joke, but I didn't expect it to be true!"

Lin Ran said roughly, and Wang Yifeng then suddenly understood.

"Then how have you come through all these years? Tell me about it!"

Wang Yifeng asked curiously.

Lin Ran was helpless, so he had to give a short account.

Hearing Lin Ran say that he had already met Wolf Buster Li Ba and even Luo Qiqi Leng Zhan and others.

Wang Yifeng was also very envious.

“Ranzi, to be honest I haven’t left since I arrived here, I haven’t seen so many people for hundreds of years!”

Lin Ran smiled at this and waved his hand to move all the people out.

“This...”

Seeing the people who appeared in front of him, Wang Yifeng’s eyes instantly reddened again.

“Alright, everyone will have plenty of time to talk later, let’s get down to business first!”

Lin Ran said and glanced at the shopkeeper next to him.

The shopkeeper was very sensible and left with a busy greeting.

“How’s Wang Kun!”

“Hey!”

Wang Yifeng’s entire face turned helpless when he heard Lin Ran mention Wang Kun.

“Su Rou is also here, so you should know all the details!”

“This Wang Kun, meeting each other is hard! It’s even harder to save each other!”

Wang Yifeng said as he muffled a mouthful of wine.

“Otherwise I wouldn’t have spent hundreds of years here!”

“Yes Lin Ran, Wang Kun was trapped in the Thousand Machine Tower and couldn’t get out at all, at first Wang Yifei only suspected that he was inside!”

“Later on, it was only after Su Rou helped to confirm that he was in the Thousand Machines Tower!”

Said Xiao Cui at the side.

“Ranzi, I actually have a plan, only it is very difficult to implement, and once I do, the Immortal Emperor Domain might not be able to stay!”

Wang Yifeng said.

“What plan?”

Wang Yifeng said after thinking about it.

“Burning the Thousand Machine Tower by fire!”

“Burning the Thousand Machines Tower by fire?”

Lin Ran was stunned to hear that.

“That’s right! It’s the Fire Burning Thousand Chance Tower!”

“There is a Red Flame Mountain three days’ journey east of Thousand Machine Village!”

“There are very many Red Flame Moths living in this place!”

“This kind of thing, when it meets the force, spontaneously ignites, and the fire can’t extinguish it! Even if the Thousand Machine Tower is made of hard material, the formations and people inside won’t be able to withstand it!”

“If we can get enough Flame Moths, we can send them all into the Thousand Machine Tower!”

“When the whole Thousand Machine Tower is in chaos, that’s when we’ll strike!”

“But all the same, it’s too tight from Immortal Emperor City, we only have an hour at most!”

“One hour must find Wang Kun and leave, otherwise the consequences are unthinkable!”

The crowd was silent when they heard Wang Yifeng’s plan.

This was indeed a solution, but equally, this solution was also quite dangerous!

The Immortal Emperor was in Immortal Emperor City, and the teleportation array would be there in two hours at most.

If they couldn’t leave before the Immortal Emperor arrived, it was likely that because of a single Wang Kun, everyone would all be buried here with him.

“Is there any other way?”

Lin Ran asked, frowning.

“No!”

Wang Yifeng shook his head.

“Then there’s no choice, you should let the people of the village go their separate ways tomorrow!”

Lin Ran made his decision at once.

“Hm!”

Wang Yifeng nodded his head.

When things came together, the village of Thousand Machines would definitely be involved too, so it would be better to disperse now!

“Tomorrow I will personally go to the Red Flame Mountain to find the Red Flame Moth, so you guys should not interfere in this matter!”

Lin Ran said.

“Why?”

The crowd didn’t understand.

“Don’t ask so many questions, too many people are sometimes not a good thing!”

“And Su Rou has only just come out, if she’s involved this time too, the Immortal Emperor will probably kill to silence her!”

“I’ll just go alone on this one!”

Lin Ran’s tone was irrefutable.

The crowd didn’t say anything when they saw this.

Everyone was clear about what Wang Kun meant to Lin Ran.

After chasing him all the way from his hometown to here, the biggest obsession in Lin Ran’s heart was this Wang Kun.

As long as he was found, Lin Ran would be able to find answers to many things in his mind.

So Wang Kun had to be saved, and no mistakes could be made!

The plan was set, and only then did the group talk about the past.

Lin Ran asked Wang Yifeng.

“Do you still have news of Yue Beishan?”

“Yue Beishan? No, I’m afraid this kid is probably dead already!”

Wang Yifei said, Yue Beishan had originally been at odds with them and had followed them to the Immortal World by mistake.

At this moment, when he was mentioned, Wang Yifeng naturally wished that he would die here.

“This man is extremely talented in cultivation, I’m afraid he won’t die, and I feel that he will probably clock back in the future!”

Lin Ran said.

“Cut, let him find it so many of us still can’t fix him!”

Wang Yifeng said disdainfully.

Wonder Doctor Chapter 2075

Regarding the matter of Yue Bei Shan, Lin Ran actually didn’t care too much.

He was only vaguely worried in his heart, the main thing was that this Yue Beishan was the one who had brought him to the Immortal World in the first place.

If something really happened to him in the Immortal World, he would be a bit uncomfortable in his heart.

But then again, life and death are in the hands of the gods, and if I hadn’t taken him away from home, I’m afraid his bones would be cold.

If he hadn’t been taken away from home, his bones would have been cold and he would have earned his keep in the Immortal World.

The people met and chatted until late at night, and only then did they each go to sleep.

In order not to alert the snake, Lin Ran let Wang Yifeng stay in the village and took his own men to the Red Flame Mountain.

The number of Red Flame Moths needed to set the entire Thousand Machine Tower on fire was also very large.

Lin Ran expected that his men would have to stay at the Red Flame Mountain for at least two to three days before they could almost catch enough Red Flame Moths.

....

While the black-robed Lin Ran's side was setting off for the Red Flame Mountain, the group of people far away in Chaos Space had gradually arrived near the Ten Thousand Fruit Tree, led by the Void Ship.

The Void Ship began to slow down, and at this moment, the crowd standing on the deck could clearly see it.

Not far ahead, a huge tree in the sky was swaying in the wind, making rustling sounds from time to time.

This huge tree was truly worthy of the word "heavenly".

The trunk near the ground must have been at least ten metres thick, looking like a giant pillar of the sky, plunging into the clouds.

Not far up the trunk, a fork begins to appear.

The branches are also staggeringly thick.

The whole tree is like a natural ladder, and one can climb upwards by stepping on the branches.

And as high as the naked eye can see, one can see that near the top, there are countless fruits.

These fruits are of different colours.

Some are red, some are black, and some are even green.

It was as if there were all types of fruits growing on a large tree.

"The Ten Thousand Fruits Tree! The Ten Thousand Fruits Tree, it really does live up to that name!"

"Gentlemen!"

Suddenly Fu Chen's voice rang out, having actually walked out from inside the cabin at some point.

"We are about to reach the range of the Ten Thousand Fruit Tree, and here I must remind you all of something!"

Vuduan swept his gaze over the crowd and spoke aloud.

"First of all, flying through the air is not allowed near the Ten Thousand Fruits Tree! The fluctuations in the air will directly cause these fruits to wither and lose their effect!"

"Therefore, everyone needs to walk to the Ten Thousand Fruit Tree, but of course the strength can be used to enrich the body, and picking the fruit is naturally not difficult!"

Said Fu Dan, pointing to the ten thousand fruit trees, and said.

“What is visible to the naked eye now is only the root of this ten thousand fruit tree, you guys remember, picking fruit cannot exceed the seven coloured fruit only up!”

“This you will understand once you start picking upwards, stop when you see the seven-coloured fruit!”

“The fruit below the seven-coloured fruit is mine, Fuzhen! And those above the seven-coloured fruits are yours!”

“When my picking is finished, you will be given time to pick your own, and it will all depend on your abilities as to who gets more!”

After saying that, Fu Chen waved his palm, and instantly several nano rings flew over towards the crowd.

“One for each of you, don’t try to hide the fruits privately, that will only lead to your death in this chaotic space!”

“Stop the ship!”

As soon as Fu Chen’s words fell, the armoured commander next to him spoke up.

The crowd took the naginata ring in their hands, and although they were a little upset in their hearts, they all didn’t say anything at this point.

Originally, it was also true that Fu Chen had already left everyone a chance, so if they were to hide the fruits privately again and were found out then there would really be nothing to say!

However, Lin Ran felt that things didn’t seem right.

According to common sense, the fruits on the Tree of Ten Thousand Fruits must be of higher and higher quality from the bottom to the top.

It didn’t make sense for Fu Chen to keep the lowest quality for himself, and instead let everyone else share the good ones on top!

It was not in keeping with human nature, and there was nothing to be afraid of! This was clearly out of order!

“Could it be that he’s confident that the crowd simply can’t take away anything above the seven-coloured fruits?”

Lin Ran couldn’t help but frown slightly as he thought of this.

He looked towards the surroundings and didn’t find anything hidden, but why would Fu Chen do that?

“Let’s take a step and see what happens!”

Unable to figure it out, Lin Ran simply didn’t bother to think about it, everything would naturally become clear when the time came.

The Ten Thousand Fruits Tree was extremely special, plus the crowd could not fly through the air, so the speed of picking it was really a bit slow.

An hour later, Lin Ran had only picked ten of them.

At this rate, it would take at least two to three days to reach the so-called seven-coloured fruits.

However, Lin Ran was not in a hurry, as he was picking the fruits on one side.

On the other hand, the black-robed Lin Ran on the Red Flame Mountain had also started catching Red Flame Moths.

This thing had no attacking power, just like an insect, except for a very special flame inside its body.

It was naturally very quick to catch.

Together with the help of Li Ba Wolf Ba and the others.

Two days later, the crowd had already prepared more than twenty Red Flame Moths for the naginata.

“This many Red Flame Moths is already enough!”

Lin Ran looked at the nano-ring with satisfaction and waved his hand to put the crowd into the spatial scrolls.

The stuff was ready, now all that was missing was a wind!

Moreover, for this trip to the Thousand Machines Tower, Lin Ran had to wait for a moment.

That was that it couldn't be earlier than the strike inside the chaotic space.

Once his side struck and the Immortal Emperor got word of it, then he would be in a dangerous situation when he was in Chaos Space.

Therefore, he could only wait until he was absolutely safe in the chaotic space before the Thousand Machines Tower side could make a move.

However, Lin Ran was not in a hurry, as the Chaos Space picking was still on his own, he could instead make a trip to Thousand Machine City first.

He might even be able to find a break in the Thousand Planes Tower!

The two sides were moving at the same time, and things were going very smoothly.

....

In the Chaos Space, the harvesting of the Ten Thousand Fruits Tree had finally advanced to its conclusion after three days.

As he watched each fruit being placed into his Nascent Soul Ring, Lin Ran couldn't help but feel greedy at some points.

Although these fruits were not worth a fortune, if any of them were placed outside, they would definitely be a mad rush!

And the higher up he went, the more precious he found the fruits to be.

Especially when he saw the seven-coloured fruits that began to appear not far above his head, his entire body could not help but gag.

At first, he didn't know what this seven-coloured fruit was, but only after seeing it up close did he realise.

This was actually a seven-coloured condensation fruit.

What was a seven-coloured condensation fruit?

It was said that in the early days of the opening of the Immortal World, there had been three kinds of fruits.

They were the Seven-coloured Fruit, the Fruit of Creation, and the Fruit of the Dao!

Of these three fruits, the Fruit of Creation eventually became a human being, and the Dao Fruit had the least number of fruits that were consumed and gave birth to the first cultivators!

The Seven Coloured Fruits are the most miraculous, eventually evolving into the Demonic Beasts.

The most representative of these is the different talents possessed by magical beasts.

These talents are as diverse as the fire of the Amazing Fire Lynx, the charm of the Fox Demon.

The Golden Python's powerful scales, and so on.

This seven-coloured condensation fruit is the closest thing to it after the seven-coloured fruit.

Wonder Doctor Chapter 2076

This fruit is said to have a muscle-generating effect.

It is also an absolute treasure for recovering from injuries.

It is no exaggeration to say that as long as you do not suffer a serious injury that will kill you, this fruit can bring you back from the brink of death.

Of course, the quantity needed is also very large.

But even so, the value of a single Seven-coloured Condensation Fruit was extremely high!

"Holy crap! This Seven-coloured Condensation Fruit is quite a lot!"

"Hey hey, can we do it now?"

"Nonsense! Fu Dan has already said it's all ours from here on up, so why can't we make a move!"

One of the acute ones immediately raised his hand to pick them.

But before his palm touched the seven-coloured condensation fruit, a black aura shot out from behind him.

With a "bang", the cultivator's palm instantly exploded into blood.

"Ah!"

A miserable scream resounded throughout the entire Ten Thousand Fruits Tree.

At the same time, the cold voice of the armored commander came from behind him.

“The picking isn’t over yet, whoever dares to touch the seven-coloured condensation fruit, this is the end!”

“You!”

That cultivator’s face turned blue and his entire body was in pain.

The others didn’t dare to make a move when they saw this.

They could only forcefully suppress the greed in their hearts and continue picking the fruit in front of them.

Although there was resentment in the hearts of the people, no one was looking for pain when they saw the opportunity right in front of them.

They all just wanted to help Fu Chen to get it over with so that they could go and grab their own chance.

After another hour had passed, Lin Ran and the others finally came down from the Ten Thousand Fruits Tree.

And by now, the Nascent Rings in everyone’s hands had almost all been filled up.

Fu Chen had the armoured commander start counting the Nascent Rings, and it was counting the fruits one by one.

It was as if there was a quantity of these fruits.

“Young Lord, there are ten missing!”

Suddenly the armored commander got up and said.

Fu Chen smiled and glanced at the naginata ring in the armored commander’s hand, then turned his head to look at Zhen Kui who was on the side.

“Do you want to die?”

“What does it have to do with me, does missing ten pieces mean it must be my doing?”

Zhen Kui said discontentedly.

“I’ll say it again, do you want to die?”

Fu Chen’s face was cold and his palm was already on his waist, as if he would strike without ceremony if the other party spoke one more word of nonsense!

Zhen Kui’s face finally changed.

But he couldn’t understand in his mind, with so many people picking, how did Fu Chen know that the ten missing pieces were the ones he had hidden?

“I didn’t take them!”

Zhen Kui insisted with a grit of his teeth.

Even if he handed them over now, he was afraid that Fu Dan would not let him go, so he might as well just grit his teeth and finish.

What makes you think that I must have taken it?

“Brother Fuchun, do you have proof that he took it?”

Black Hand spoke up when he saw this.

“Yes, Brother Fuduan, so many people are picking at the same time, if it’s really less, it can’t be sure that it’s Zhen Kui!”

Next to him, Tiesun also said.

Zhen Kui was their little brother, so he naturally had to stand up and say a few words at this point.

“Evidence? You want proof, don’t you!”

Fu Chen said as his eyes fiercely turned icy cold, and the next moment his hand waved, and instantly a cold aura shot out violently.

The speed of the cold mane simply staggered Lin Ran a little.

The cold mane passed straight through Zhen Kui’s body in just one glance.

Before Zhen Kui could even react, his entire body had instantly exploded into a bloody mist.

And after he burst open, ten fruits also emerged.

Only these ten fruits were covered in blood and even showed some signs of decay.

“This....”

The crowd was dumbfounded as they watched, the fruits had obviously been swallowed by Zhen Kui earlier.

Only then would it look like this.

But why! It was clear that Fu Chen had already said that he would give them a share of the chance.

Why did Zhen Kui still do this?

“The hearts of the people are not enough for the snake to swallow the elephant, the chance prepared for you guys don’t want it, flying to rob me, do you have a problem with me killing him?”

Fu Chen turned his head to look at Black Hand and Tie Suan.

Both of them had icy faces, but neither said anything.

In the end, this matter was because Zhen Kui himself had gotten greedy, and there was no way to blame Fu Dan.

“Alright! Go grab your own chance!”

With a wave of his hand, Fu Chen put away his Nascent Soul Ring, then said indifferently.

When the crowd heard this, they instantly forgot about the Zhen Kui to the clouds, and one by one, they rushed towards the Ten Thousand Fruits Tree.

Lin Ran followed behind the crowd and did not rush over, he always felt that something was not quite right.

At this moment, a black jade talisman had already gone out in the hand of the floating dust that had just turned around.

He turned and looked at the many cultivators, his palm gently squeezing the black talisman, not knowing what he was calculating.

At this moment, the crowd had already rushed under the Ten Thousand Fruits Tree, and some had even started climbing.

Although Lin Ran was following behind the people, he had also reached the range of the Ten Thousand Fruits Tree by now.

Without saying a word, Fu Chen quietly looked ahead.

Suddenly, just as Lin Ran also began to prepare to climb the Ten Thousand Fruits Tree, Fu Chen's palm gently crushed the black amulet.

As soon as the letter talisman shattered, a hidden light began to rise around the Ten Thousand Fruits Tree, yet the crowd of cultivators who were in the midst of excitement at the moment didn't even notice!

"Hm?"

Lin Ran, who was walking at the end, suddenly felt that something was wrong, something around him seemed to have isolated his senses of Fu Chen.

But Fu Chen was clearly on the void ship.

When Lin Ran turned his head to look, he found that at some point, a figure shrouded in black robes had appeared on Fu Chen's void ship.

He slowly took out a scroll and handed it to Vuduan.

In turn, Fu Chen bowed at him, and then let the armoured commander start to activate the void ship.

The black-robed figure instantly disappeared from the spot.

And the huge Void Ship began to turn around, as if to leave!

"Not good!"

Lin Ran's heart was finally seized at this moment, sure enough things weren't that simple!

"Don't even grab it, we're being sold!"

Lin Ran opened his mouth and shouted.

But at this moment, no one paid any attention to him at all, the group closest to the top had already approached the seven-coloured condensation fruit, with only greed left in their eyes.

“A bunch of idiots!”

Lin Ran saw this and jumped straight down the Ten Thousand Fruits Tree.

If he let Fu Chen go, what would he do if he got all the fruits, there was no way he could leave this chaotic space.

However, Lin Ran had just jumped off the Ten Thousand Fruits Tree and hadn't even run out two steps when a barrier instantly appeared in front of him, directly bouncing him back.

“A formation?”

Lin Ran's head exploded when he saw the formation in front of him.

It was over!

This was obvious that Fu Chen wasn't prepared to let them go back, no wonder the promises given by the Immortal King earlier were so generous.

Each of you would be able to meet one thing, so they didn't expect you to get out alive at all!

“Ah!”

Lin Ran was thinking in his mind when suddenly a miserable cry came from above his head, followed by a figure instantly falling from a high altitude, its body instantly falling to pieces!

“There's an enemy! There's an enemy!”

I don't know who shouted, and almost simultaneously Lin Ran saw it.

Countless grey robed figures appeared out of thin air, and then rushed towards himself and the others.

“Fu dust! Where's Fu Chen!”

“That brat has run away!”

“Holy crap! Fu dust!”

The crowd soon noticed that not far outside, the Void Ship had turned on its full power and rushed out towards a short distance away.

Fuchun stood on the deck, looking in his direction, with a faint smile on the corner of his mouth, wondering what he was thinking!

Wonder Doctor Chapter 2077

“Bastard!”

Lin Ran's eyes were icy cold as he watched.

Who would have thought that the end result would be like this.

After all, Fu Chen was from the Immortal Emperor's lineage, and most of them, the cultivators, were from the Immortal Emperor's domain, and to put it mildly, they were all the Immortal Emperor's subjects.

But now the descendants of the Immortal Emperor were actually treating them like this.

Completely sold them out!

"Bastard, when I get out I'll definitely expose Fu Chen's crimes, and then the entire cultivation world will come to strain the Immortal Emperor!"

"Cut the bullshit, you think we can still get out with Fu Chen gone?"

"Get out? You want to see what's in front of you? You still want to go out!"

The crowd of cultivators all had despair in their eyes.

Leaving aside how strong the enemy in front of them was, just the fact that Fu Chen had left already made it impossible for them to get out.

Not being strong enough to barge in this chaotic space was undoubtedly seeking death!

"Who the hell are you people!"

The grey-robed man herded Lin Ran and the others under the Ten Thousand Fruits Tree, and didn't make a move, just watched quietly.

"You're being asked!"

Blackhand's voice was cold as he chided.

However, the other party remained unanswered, as if they hadn't heard at all.

Just when the group of cultivators were all a bit intolerant, suddenly a black-robed figure appeared out of thin air.

This black-robed figure was no other than the person who had made a deal with Fu Chen on the void ship earlier.

Without saying a word, he waved his palm and instantly one of the cultivators below was grabbed by him out of thin air.

The crowd could clearly see.

That cultivator's entire body was suspended in mid-air, and the next moment the black-robed man actually charged directly towards him.

He was expected to be killed directly in seconds.

However, who knew that the black-robed man would directly enter the cultivator's body.

The next moment the cultivator's whole body clothes instantly exploded and the black robe re-covered his body.

Only at this moment, the pair of eyes under the black robe had turned blood-red, which was very appalling.

“Little ones, welcome to Chaos Space!”

A hoarse voice rang out, a voice that was not the voice of the cultivator from before at first hearing.

It was obvious that at this moment he had had control of his body taken away from him.

“Who are you?”

Black Hand questioned in a cold voice with a grim face.

“Who am I? Haha! That’s a good question, who am I? I am naturally Qi Fang!”

The black-robed man laughed coldly.

“Bullshit! You are not Qi Fang at all!”

Black Hand said angrily.

Qi Fang was the very name of that cultivator, but was he still himself now?

“Haha! It doesn’t matter if you don’t admit it, but I am Qi Fang, and the same Qi Fang is now me!”

The black-robed man laughed triumphantly.

“What on earth have you done to him!”

The Black Hand’s face was cold, on the brink of fury.

“What could I have done? I just made him stronger!”

The black-robed man said with a wave of his palm, and instantly a huge void ship appeared next to him.

This Void Ship was at least on the same level as the one from Voodoo Dust!

“I’m giving you two choices now! The first is to come with me! You can live!”

“Second, die here!”

“Come with you? You.”

“Your words are too much!”

Black Hand didn’t finish a sentence, and instantly the black-robed man’s eyes chilled, and a black light shot out directly from his sleeve, heading straight for Black Hand.

“Get out!”

Black Hand’s face sank as he raised his hand to block it.

However, the next moment, everyone was stunned.

They only saw that the black light had actually passed through Blackhand’s body in an instant.

Black Hand didn't even have the slightest ability to react, and his entire aura instantly died out.

"Does anyone else have any questions?"

The black-robed man's blood-red gaze swept over the crowd, frightening them so much that they couldn't help but take two steps back.

Lin Ran couldn't help but gulp as he watched this scene, this tactic was already too strong, it was simply not something they, the Extreme Dao Realm, could fight against!

"Very well! Get on board!"

The black-robed man nodded in satisfaction, while the grey-robed men around him had already started escorting a group of cultivators onto the ship.

As for Black Hand's corpse, they hadn't even spared it and carried it onto the void ship as well.

"Weng!"

The huge Void Ship immediately set off, while the formation around the Ten Thousand Fruit Tree disappeared going in an instant.

"This is troublesome!"

Lin Ran stood on the void ship with a somewhat complicated mood.

He had thought that his strength was already very good, and that he would be able to protect himself even if he encountered danger in this chaotic space.

But who knew that the enemy he encountered this time would be so mysterious.

Moreover, they were so strong.

The most crucial thing was that one had no idea what the origin of these black-robed people was.

However, all the same, when Lin Ran saw these black-robed people, his heart was a little more confident about finding the two Song Nuan.

There were only so many aliens in the entire Chaos Space, so perhaps Song Nuan and the others were in their hands.

The entire void ship was surprisingly quiet.

Neither the black-robed man nor the grey-robed man spoke either.

Naturally, Lin Ran and the rest of them, the cultivators, wouldn't ask for trouble.

Looking at what had happened to Black Hand and Qi Fang, they all just wanted to live a little longer.

As the Void Ship continued to sail towards the front, the entire Void Ship fell quiet.

Soon, however, there were grey-robed people who began to get busy.

They were holding a white stone in their hands.

And then, starting from the front, one by one, they asked the cultivators to touch it.

There was no telling what exactly they were doing, and soon it reached Lin Ran.

Lin Ran reached for the white stone, and suddenly he saw it.

The grey-robed man actually had no hands at all under his grey robes.

The stone that was sent over was being dragged by a grey aura.

This aura was all too familiar to him, it was none other than the aura of divine sense.

“These things! It’s a soul body!”

Lin Ran instantly felt a flash of light before his eyes.

No wonder that black-robed man had come up and grabbed Qi Fang’s body, so these people were all soul bodies.

Then, did they capture these people of their own for the same reason.

Thinking carefully, at this moment Lin Ran suddenly felt as if these people of his own had been tricked from the start.

What with the so-called chance of the Ten Thousand Fruit Tree and what with each person meeting a claim after they got out.

Obviously it was all to trick them into coming in!

And the real purpose was most likely to channel these soul bodies into suitable bodies!

“The Divine Shadow Clan!”

Suddenly, Lin Ran thought about remembering this race.

According to what Luo Qiqi and Su Rou had said, there was a Divine Shadow Race in Chaos Space.

Back then, during the Immortal Emperor War, it was the Divine Shadow Race that the current Immortal Emperor, Fulong, had enlisted to help.

But then the Divine Shadow Race left, never imagining that they were actually living in Chaos Space!

“What exactly does the Immortal Emperor want?”

Thinking about what the black-robed man had given Fu Chen earlier, coupled with the situation the crowd was in at the moment.

Lin Ran felt as if this was a conspiracy that had been brewing for a long time.

But what exactly this conspiracy was, he didn’t know right now.

But he could feel that this conspiracy seemed to be about to be revealed soon.

....

After Lin Ran touched the stone in the grey-robed man's hand, a red light emerged from it.

There was no telling what it represented.

But the grey-robed man who had given himself the test saw the red light and his face was clearly pleased.

It seemed that he had something that met their requirements.

Only later, after these grey-robed men left, there was no more movement.

Lin Ran noticed that the black-robed men were instead looking at themselves from time to time, not knowing what they were plotting!

....

And at this time in the outside world, in Thousand Machine City, the black-robed Lin Ran had finally made a decision after two days of actually squatting in the tavern!

"Burn the Thousand Machines Tower!"

Wonder Doctor Chapter 2078

"How is Ranzi?"

Inside Qianji City, Wang Yifeng had rushed over overnight.

And in the last few days, under his arrangement, Qianji Village had been completely deserted.

For safety's sake, he had even brought Xiao Cui over with him.

"We've already checked it out, there are two major Star Realm and one Purple Sea Realm powerhouse sitting inside the Thousand Machine Tower!"

"But every ten days this Purple Sea Realm powerhouse will close down for ten days, sort of only coming out once every ten days!"

"And one of the Star Realm powerhouses will leave the Thousand Machine Tower every three days and make a trip back to Immortal Emperor City!"

"Tonight is when he leaves, so we'll go straight to the Thousand Machines Tower later!"

"Good!"

Wang Yifeng nodded his head.

Lin Ran didn't say anything, and took out all the Red Flame Moth Nascentra that he had prepared earlier.

"For tonight's operation, I! Wolf Ba! Li Ba! And Feng Sui the four of you do it!"

"Release these Red Inferno Moths in all four directions at the same time, and when something happens to the Thousand Machine Tower you guys will leave and I'll go find Wang Kun myself!"

Lin Ran said.

The crowd nodded their heads all indicating that they had no objections, this matter had been mentioned by Lin Ran before, so the crowd wouldn't say anything more at this point.

Although Su Rou was the strongest, she was the one with the most sensitive identity, and this time the matter must never be exposed.

The other reason why they were in such a hurry was because Lin Ran was worried about an accident happening to himself in the chaotic space.

Fuchun might return at any time, and if he didn't do something about it, when the time came, he would know that he still had a doppelganger in the Immortal Emperor's domain!

It was likely that he would be silenced by the Immortal Emperor.

The incident in the chaotic space was simply a stain on the Immortal Emperor, and he definitely didn't want it to spread!

Time was running out, so Lin Ran immediately didn't even bother!

He took his men and rushed towards the Thousand Planes Tower overnight.

The entire place where the Thousand Planes Tower was located was heavily guarded.

Only a tower-like pavilion could be seen from a distance.

The whole pavilion was lit up, so there was no telling what was going on!

Lin Ran's four men soon arrived at their respective locations.

As soon as the time came, they released the Red Flame Moths inside their Nascent Covers in unison.

Although the Red Flame Moth was a magical beast, it was also a type of insect.

As soon as they were released, they were instantly attracted to the light of the Thousand Machine Tower.

Each one of them stirred their wings and flew towards the Thousand Machine Tower.

In the darkness of the night, there was a tiny flame of fire, as if a meteorite had fallen from the sky and rushed towards the Tower.

Inside the Tower, the armoured soldiers on guard looked up at the sky and were all a bit dumbfounded.

What was this? It was a locust plague!

"My lord! There's a huge swarm of red hot moths coming from outside."

One of the generals was busy running to report.

But at this moment, Qin Lao, who was sitting on the futon, had disdain in his eyes.

"A small group of red moths is not enough to panic! Activate the first formation!"

"Yes!"

The general answered, and immediately ran out.

At this time, outside the Thousand Machine Tower, Feng Sui and the others had all rushed to Lin Ran's place.

Without saying a word, Lin Ran directly put them into the scroll space, and then rushed towards the Thousand Machines Tower all by himself.

"Weng!"

A white aura suddenly appeared out of thin air in the pitch black sky, instantly enveloping the entire Thousand Machines Tower.

"A formation?"

"Sure enough, you guessed right!"

Lin Ran laughed.

At this moment, he was standing outside this formation with a smile in his eyes.

"Make your move!"

Lin Ran greeted, and at once a violent aura struck out directly from within his sleeves and robes.

It was a sword shadow that carried a sharp aura.

"This is a strong man's sword?"

Lin Ran looked somewhat mesmerized as this sword was naturally struck by Su Rou.

Although she couldn't be exposed, it was possible for her to hide in the scroll space and let loose a cold arrow.

The sword blade struck out and instantly hit the formation.

A bang was heard, and the next moment the entire formation shattered with a bang.

Countless red-flame moths swarmed towards the Thousand Machine Tower unimpeded.

"My lord, the formation has been broken!"

The general was busy running back again.

And this time Elder Qin had stood up, with a hint of coldness in his eyes.

"Old man found it long ago, hurry up and activate the first."

"My lord is late, the Red Flame Moth has already arrived at the Thousand Machine Tower!"

"Report! My lord, the east side of the Thousand Machine Tower is already on fire!"

"Report..."

The information came one by one, hearing Elder Qin's face grow ugly.

“Why are you still standing there! Get someone to put out the fire!”

Said Elder Qin, who had already rushed out with a rush of steps.

If something were to happen to the Thousand Machine Tower, not to mention him or the strong man above him at the Purple Sea realm would be finished!

The secrets of the Immortal Emperor were at stake here!

Elder Qin rushed out, but his gaze swept around without discovering who had breached the defences outside the Thousand Machines Tower.

This was because at this moment, Lin Ran had already blended into the Thousand Machine Tower.

The flames of the Red Flame Moth were so special that ordinary water would not be able to extinguish them, so at this moment Lin Ran was not worried about his back way being blocked at all.

The Thousand Machine Tower was set ablaze and there was chaos.

Lin Ran had already taken the opportunity to feel his way inside the Tower.

The entire Thousand Machine Tower was dimly lit.

There was no telling where the bright light from outside was coming from!

Upon entering the Thousand Machines Tower, Lin Ran realised that the entire Thousand Machines Tower was actually empty, and there were no so-called slaves in sight.

“What’s going on here?”

Lin Ran couldn’t help but ask.

“You have to go down! The secret of the Thousand Machines Tower is underground! Wang Kun is on the third underground level!”

Su Rou was busy reminding.

Lin Ran nodded and immediately followed the route Su Rou had given him and rushed towards the lower level of the Thousand Machines Tower.

Along the way, Lin Ran discovered that the corridors within the Thousand Machines Tower were warped with many miniature formations.

Most of these formations would gather spiritual energy, and there was no telling what they were for!

Moreover, there wasn’t a single person in the entire Thousand Machines Tower along the way.

It took a full ten minutes of running before a downward facing iron door appeared in front of Lin Ran.

Lin Ran slashed out his sword and smashed the iron door open, but before he could rush in, he immediately saw it.

At the scourge of the iron door, there was a large group of people standing there.

These people had bewilderment in their eyes, all wearing only trousers and dark skin, if they weren't slaves or something!

"Who's name is Wang Kun!"

Lin Ran looked at these people and asked.

"Yet not a single person answered him!"

"Get out of here!"

Lin Ran warned, and then spun on through the crowd and continued to rush towards the bottom.

It was the best time for these people to escape as there was chaos outside, but how many they managed to escape was beyond his control!

After all, he was not a Bodhisattva, and there were things he could not do anything about.

As the first man rushed out, more slaves gradually started to follow behind him.

Lin Ran didn't bother, having already rushed to another iron gate by now.

The environment underneath this Thousand Machine Tower was not like that above, it was filthy and messy everywhere.

Fortunately, Lin Ran was not prepared to stay here for long, so he broke through the second stone door and rushed straight in.

The situation inside was similar to that outside, there were still a very large number of slaves.

At the same time, Lin Ran also saw that there were actually very many spirit stones on this second level.

These spirit stones were piled up like a mountain, and there was no telling what they would be used for.

However, Lin Ran did not bother to stay any longer and continued to rush towards the third iron door.

But just then, a furious voice came from outside.

"Who dares to barge into the Thousand Machine Tower! Get the hell out!"

The voice boomed through with uncommon strength!

Wonder Doctor Chapter 2079

"Find Wang Kun quickly!"

Su Rou urged, while several sword maces struck out directly to seal the passage behind him.

Lin Ran didn't say anything, and immediately split open the iron door in front of him with his sword, before rushing in.

At this moment, he had already arrived at the third underground level of the Thousand Machine Tower.

And the environment on this third level could be said to be even worse, it was almost dark.

Lin Ran had no choice but to radiate his divine sense out and quickly saw the situation on the third level clearly.

There were dozens of small and large mountains made of spirit stones within this third layer.

However, these spirit stones had all turned into rotten stones, as the spirit energy inside had all been depleted.

Next to each pile of spirit stones were a few naked people sitting on the ground.

They all looked incomparably frail, and it would not be an exaggeration to describe them as being in their old age.

“Who is Wang Kun!”

Lin Ran asked as he swept his gaze over these people.

However, these people merely looked up at him, and not a single one of them spoke.

“Who is Wang Kun!”

Lin Ran asked again.

But still, no one paid any attention to him.

“Bastards!”

Lin Ran was also a little anxious, and at this moment the rumbling and crashing sounds outside were ringing out.

That Star Realm powerhouse was clearly attacking strongly.

So there wasn't much time left for Lin Ran.

“Get up for me!”

In his haste, Lin Ran's divine sense instantly spread out and enveloped everyone.

At the same time, he sent a wisp of divine sense into the scroll space, revealing all of these people's faces.

“Is there him!”

Lin Ran asked busily.

“The one at the very back!”

Su Rou was busy saying.

Lin Ran turned his head to look and saw that there was a pile of spirit stones at the very bottom, and at that moment there was only one person with his head down who seemed to be resting.

Lin Ran did not dare to be slow and immediately rushed over.

The man was still sitting in front of the pile of spirit stones, not saying a word and not even raising his head.

“Wang Kun!”

Lin Ran shouted.

When the other man heard someone call out to him, he only raised his head slightly, the dead silence in his eyes not changing in the slightest!

Lin Ran looked at him and at this moment even wanted to slap him to death!

If it weren't for him, he wouldn't have lasted this long!

All these years, even thousands of years in the Immortal World, and today finally! Finally, it was time to find him!

“Go!”

Lin Ran didn't bother to talk to him, waving his hand and directly collecting him, this was not the place to talk at this moment.

Now that he had found Wang Kun, some things would naturally become clear in the future.

But the most important thing now was to find a way to get out of here!

“Lin Ran, that's Elder Qin outside! Or else it's better for me to do it!”

Su Rou's voice came over.

“No way!”

Lin Ran refused outright.

“You're no match for him, there's a hundred thousand to eight thousand realms difference between the Star Realm and the Extreme Dao Realm!”

Su Rou said busily.

Lin Ran didn't answer, he also knew that the difference was huge, but if Su Rou made a move, he would definitely be exposed then!

“You don't need to care!”

Lin Ran insisted to, while waving his palm, and instantly Lizzy emerged.

“Lizzy! I'll leave it to you this time!”

“Alright!”

Lizzy looked at Lin Ran and nodded.

It and Lin Ran could only be considered friends, not a true master and magical beast, so there were times when Lin Ran had to consult Lizzy.

“Mm!”

When he saw Lizzy agree, Lin Ran was relieved.

“Go.”

With a beckoning call, Lin Ran instantly led Li outside.

At this moment, the sword formation left behind by Su Rou outside had already been breached by Elder Qin.

The two of them had only rushed to the second level when they ran into the oncoming Qin Lao.

“Lin Ran! How dare you!”

Seeing Lin Ran that Qin Lao was clearly stunned.

The top one hundred of the Immortal Emperor City’s Opportunity Conference were now all of a certain amount of fame in Immortal Emperor City.

Lin Ran was naturally no exception, and this Old Man Qin still recognized Lin Ran even though he was guarding the Thousand Opportunities Tower.

“The situation is forced, I’m sorry!”

A cold aura flashed in Lin Ran’s eyes as he charged towards one side the next moment.

“Want to leave? Dream on!”

Elder Qin waved his hand and struck, but at this moment, Li at the side was a forward lunge towards him.

Originally only the size of a fist, Lizzy’s size skyrocketed the moment she lunged out, and her aura climbed to the Hundred Thousand Eight Hundred Realms in an instant.

Although it was a bit inferior to Elder Qin’s Star Realm.

But Lizzy was a magical beast and had swallowed countless magical beast innards along the way!

With the powerful talent of a magical beast, it was not at all deficient to Qin Lao.

Lin Ran turned his head to take a look, and when he saw that Elder Qin had no way of dealing with Lizzy, he put his mind at ease.

Li was fast, so as long as he broke out of this Thousand Machines Tower, it wouldn’t be a big problem to take Li and leave directly at that time.

However, Lin Ran had underestimated the importance of this Thousand Machines Tower after all.

He had just rushed out of the first level and into the hall when a figure appeared in front of him.

This figure was covered in white robes, even his beard and hair were white, and he stood in place without speaking, but it was like a wall that gave Lin Ran a chill.

“Lin Ran, this is the Purple Sea realm powerhouse of the Thousand Machines Tower, Chen Yuan!”

Su Rou spoke, her voice clearly tinged with worry.

“Or else it’s better to let me out, you’re no match for him!”

Su Rou was truly worried about Lin Ran’s safety.

However, Lin Ran laughed and said.

“No need, I naturally have a way to deal with him!”

Said Lin Ran, looking towards Chen Yuan in front of him and smiling.

“Senior Chen, can we talk!”

“Little fellow, you’ve messed up this Thousand Machines Tower of mine like this, talk? How do you want me to chat with you?”

“Even if I wanted to chat with you, would the Immortal Emperor, his elder, be willing to chat with me?”

Chen Yuan said with his palm already raised, clearly ready to make a move.

“Wait!”

Lin Ran spoke.

“Elder Chen, truth be told I’m only here to find someone!”

“If you are willing to let me go, feel free to ask for any conditions!”

“What a big mouth, I’ll give you any condition you want! I want an enlightenment pill, do you have one?”

“Or rather, I want the Su Rou in you, do you give it?”

Chen Yuan sneered.

When Lin Ran heard this, a few more killing intents were evident in his eyes.

“Little fellow, don’t look at me with that look in your eyes, Su Rou has been imprisoned here for hundreds of years, her scent is more than familiar to me!”

“You’d better let her out, you’re no match for me!”

“You’re dreaming!”

There was an icy coldness in Lin Ran’s eyes.

“Elder Chen, I’m already being polite, if you’re still like this, then don’t blame me for being impolite!”

“Not polite? Little fellow, how on earth did you win the first hundred places in the Chance Assembly?”

“I am a Violet Sea Realm, you are a mere Extreme Dao Realm, and you are worthy to negotiate with me?”

“I repeat, let Su Rou out! Or else you will prepare to die!”

Chen Yuan said as an aura had emerged from his hand to exhale.

The terrifying might that filled the air instantly pressed Lin Ran to feel like a mountain was pressed on him.

The difference in power was too great!

It was no longer a difference of a few levels, but an essential difference in strength itself!

“You forced me to do this!”

A cold aura rose in Lin Ran’s eyes, and with his backhand, he had already taken out a fiery red stone.

It was clearly the Flame Stone that Zhen Yan had given him in the first place.

Seeing the stone in Lin Ran’s hand, Chen Yuan couldn’t help but frown slightly.

He had never seen this stone before, but ever since it had been taken out, he had felt his heart tighten, and it vaguely seemed to threaten his life.

“What is this thing!”

Chen Yuan asked, frowning.

Instead of answering directly, Lin Ran smiled and asked.

“It doesn’t matter what it is, can I go now?”

Wonder Doctor Chapter 2080

Chen Yuan frowned tightly and did not reply.

The red stone in this kid’s hand seemed extremely extraordinary, and even vaguely made him feel threatened.

But if he just let this brat go, how would he explain to the Immortal Emperor.

But if one was really pushed, this kid’s stone really contained some kind of terrifying might.

Even if he could escape, what would happen to the Thousand Machines Tower?

Thinking about the secrets within the Thousand Machines Tower, Chen Yuan was in a bit of a dilemma.

The secrets within the Thousand Machines Tower were even more important than his own life!

If he died, the family behind him would still be able to receive the protection of the Immortal Emperor.

If he died, his family would still be protected by the Immortal Emperor, but if the Thousand Machines Tower was finished, his family would probably be implicated!

Thinking of this, Chen Yuan finally gritted his teeth and said.

“You can go!”

“Very well! Thank you, Senior Chen!”

Lin Ran said as he took a step and walked away, but his gaze was fixed on him with a deadly stare.

He wasn't stupid either, where he didn't know that this guy was afraid he had some other plans.

Step by step, he walked towards the outside of the Thousand Machines Tower.

Very soon Lin Ran saw the entrance to the Thousand Machines Tower.

And behind him, Chen Yuan was following step by step, not leaving a single step.

"This old thing is really cautious!"

Lin Ran said to himself in his heart.

But just as he was about to walk out of the Thousand Machines Tower, a voice suddenly rang out in his mind.

"Ranzi! You can't go!"

"What's wrong?"

Lin Ran stopped in his tracks with a start, the voice was really Wang Yifeng's!

"You tell him!"

Wang Yifeng urged in an angry voice.

Then came the calm, followed by Wang Kun's voice.

"This Tower of a Thousand Machines, it must be destroyed! Otherwise the hometown will be finished!"

"Why?"

Lin Ran's whole body shook as he listened, how could there still be something about his hometown.

"Ranzi, just now I told Wang Kun our identities, and he said that the Thousand Machines Tower is actually a place to explore our hometown!"

"The countless spirit stones below are the energy, the purpose is to find the spatial tunnel to our hometown!"

Wang Yifeng said busily.

"But how do they know where the tunnels are!"

Lin Ran asked, frowning.

"Because of your ancestor!"

Wang Yifeng said.

"Back then, the Nine Heavenly Mystics were amazingly talented and far better than those who came from other small worlds!"

“The current Immortal Emperors have always wanted to spy out where the Nine Heavenly Mystic Maidens’ homeland is!”

“But there was never any progress until Wang Kun appeared and was caught by them!”

“You also know about Wang Kun, they got the hometown out of this guy’s head!”

“So they started building the Thousand Machine Tower!”

Wang Yifeng said a lot in one breath.

Lin Ran, however, listened with a sinking feeling in his heart, this matter was not clear at all at this point.

But if Wang Yifeng’s words were true, then this Thousand Machine Tower must be destroyed!

Otherwise, if his hometown was lost before he and the others could return in the future, then there was no point in playing!

“I know!”

Lin Ran stopped talking, there were some things that had to be checked out!

It was just a pity that now was not the time.

“Let’s go!”

Chen Yuan saw Lin Ran stop in his tracks and couldn’t help but frown slightly.

Lin Ran, however, smiled and turned to look at him.

“Senior Chen, you should know who I’m here for!”

“I don’t know!”

Chen Yuan said in a cold voice.

“You’re lying!”

Lin Ran looked at him.

“The slaves on the first and second levels were all killed by you, right!”

“But you didn’t do anything to the slaves on the third layer alone!”

“Even when the previous Qin Lao chased me, he didn’t want to make a move within the third layer!”

“You know what happened to Wang Kun!”

“Who the hell are you!”

Chen Yuan’s face finally changed.

“It doesn’t matter who I am, Wang Kun is now in my hands!”

“So, the secrets of this Thousand Machines Tower, do you think I still don’t know?”

Lin Ran looked at Chen Yuan with an icy coldness in his eyes.

“Kid, I advise you not to be too presumptuous, behind this Thousand Machines Tower is the Immortal Emperor!”

“If you dare to fool around, I guarantee that you won’t be able to leave the Immortal Emperor Domain!”

“Immortal Emperor Domain?”

Lin Ran laughed.

“If someone put a knife to your parents’ neck and told you to eat shit, would you dare to eat it?”

“Immortal emperor? That’s your immortal emperor, not mine! If you dare to hit on my hometown, even the Immortal Emperor his old man won’t do it!”

Lin Ran said without any nonsense and instantly heard a “bang” as the red stone in his hand was instantly crushed and burst.

“Weng!”

The moment the red stone burst, an aura immediately emerged, followed by a sky of fire flames rushing out from within the aura.

It seemed like a red beast lunged straight towards Chen Yuan in front of him.

The red beast was stout and its breath was out of sight, as if it was the king of heaven and earth.

With its blood-bowl mouth open, a red mist rushed straight ahead.

“This is! The Zhen Yan Fire Lynx! How could you possibly have”

“Bang!”

Chen Yuan’s shocked eyes did not even react as the Amazing Fire Lynx’s red mist instantly crushed him into bloody foam.

The difference in strength between Chen Yuan and the Amazing Fire Lynx was far greater than that between Lin Ran and him.

The Flame Stone that contained the full power of the Amazing Fire Lynx’s strike was so powerful that I was afraid that even if an Immortal Emperor came, he would be able to engage in a round.

Not to mention just a single Chen Yuan.

“Ai! It’s a pity!”

Lin Ran lamented a little, he only had one of these Flame Stones.

If he used it, it would really be gone.

Even though Xiao Jiu and Li still had one each, it was someone else’s, so it wouldn’t be appropriate for him to have it!

But at this point, if he could escape from here, he would have achieved his goal.

“Go on!”

Lin Ran greeted the Zhen Yan Fire Lynx’s virtual shadow in front of him.

The red beast instantly charged towards the interior of the Thousand Machine Tower ahead.

Almost the moment Lin Ran rushed out of the Thousand Machine Tower.

A loud “bang” sounded behind him.

The flames of the sky instantly began to burn from the bottom of the Thousand Machines Tower, enveloping the entire Tower in an instant.

“Prying into your hometown, thinking too much!”

Lin Ran took one last look at the Thousand Machine Tower, turned around and left without the slightest hint of lingering.

“Roar!”

With a roar from behind, Glaze rushed into the sky, then turned into a stream of light and disappeared into the spatial scrolls within Lin Ran’s body.

As for Elder Qin, there was no need to think that he had already died in the explosion just now.

Even if he didn’t die, it was useless.

Because Lin Ran was ready to start running away!

Ten minutes later, Lin Ran led the group to a mountain range outside of Thousand Machine City.

He met up with the three people who had been waiting here for a long time, Leng Zhan, and then boarded the Void Ship together.

“Can we leave safely?”

Lin Ran asked as he stood on the deck.

“Don’t worry boss, we’ve been playing in the Immortal Emperor Domain for so many years, we’ve long since worked out a route that will allow us to leave safely!”

“Yes, just rest assured boss, in two months at most, we’ll be able to leave the confines of the Immortal Emperor Domain!”

Ah Zhan also said.

“Lin Ran, you’re really going to go against the Alliance with us!”

Linglong asked curiously at the side.

“What else? I can still stay in the Immortal Emperor Domain?”

Lin Ran laughed bitterly, he wasn’t worried about himself, what he was most worried about now was Luo Qiqi.

If he made such a big stir, I was afraid that Luo Qiqi would also be implicated!

However, neither his own identity nor Luo Qiqi's had ever been revealed.

Unless the Immortal Emperor really wanted to kill the fish, he wouldn't be able to do anything to Luo Qiqi!

Thinking of this, Lin Ran looked at Leng Zhan and said.

"How are you arranging for Kiki's side?"

"Boss, don't worry, there's a separate teleportation formation inside the Luo Ran Trading Firm, as long as Kiki is safe she can be instantly teleported to the edge of the Immortal Emperor Domain!"

"I've arranged someone there who can take her directly to the Anti-Alliance!"

"Mm!"

Lin Ran smiled at this and was then completely at ease.
