

Chapter 2075: The Results

Shao Fuchen did not need to say that; Lu Xingzhi would do that anyway. If Sergeant Hu's father had nothing to do with Jiang Yao's injury, he would not have paid much attention to it and would not have made a move. However, that matter involved Jiang Yao. Therefore, he would not just sit and wait for news.

Jiang Yao watched as Lu Xingzhi made phone calls, one after another. He called Liang Yueze in Jindo City, and he had also made two other phone calls. She did not know who he called, but he told them to look for Sergeant Hu's father.

When he ended his call, it had been almost half an hour. Jiang Yao listened to his voice as she gently dozed off in his arms.

After finishing his task, Lu Xingzhi stared at the woman in his arms, who did not appear to have moved. He was unaware she was holding his thigh and was sound asleep until just then.

She slept more soundly than she had when he reached the hospital. She did not even wake up when he moved her onto the bed.

She slept well, most likely due to how protected she felt while in his arms or hearing his voice.

Lu Xingzhi took off his shoes and climbed up to sleep with her for a while. If the head nurse had not returned with the report and startled Lu Xingzhi, they would continue to sleep in that posture.

One was worried that they did not have a good night's rest, and the other was sleeping soundly beside the person they loved.

"Doctor Jiang is asleep?"

When the head nurse realized that Jiang Yao was sleeping, she walked quietly and whispered, "She had not eaten much during the day. Maybe get your family to cook her something nice. She will need to eat even though she can't eat much. Otherwise, her body won't be able to take it anymore. You should spend more time with her. Do you see how relaxed she is when you're by her side?"

"Yes."

Lu Xingzhi thought he should stay and have dinner with her that night. He would coax her to eat one mouthful at a time.

"This is the results from the. The water contains abortion drugs. The ingredients are the same as in the report I gave you yesterday, so it should be the same type of abortion drug. Through the detailed analysis of the ingredients in the water, the laboratory department has given us three brands of abortion drugs that are very common on the market. One can easily purchase them in ordinary pharmacies. The ingredients are also the same."

The head nurse passed the report to Lu Xingzhi. "Doctor Jiang will understand the report. If you're worried, you can ask her to confirm it again when she wakes up."

After the head nurse left, Lu Xingzhi did not wake Jiang Yao. The results from the hospital were reliable, so Lu Xingzhi immediately passed them to the chief and Shao Fucheng.

The chief had to act since the water was tested to contain some abortion drugs. He issued an arrest warrant for Sergeant Hu's father. Please support our Bonnovel.com

The incident impacted four military wives and two babies. That was the first time in decades that the army had encountered such a vicious thing, and it was also the first time that they had experienced such a complicated matter. Lu Xingzhi was angrier than when the soldiers fought because they did not like each other.

Jiang Yao slept until seven in the evening. It was as if she had become much more energetic after a good sleep. The first thing she did when she woke up was to rub her tummy and act coquettishly toward Lu Xingzhi.

When Mrs. Jiang entered the door, she saw Jiang Yao acting coquettishly, so she started laughing..

"You're really shameless. The older you get, the more coquettish you act." Mrs. Jiang came in with a lunchbox and teased Jiang Yao. "Did you feel better after you slept?"

"I feel much better."

That was the truth. At least she did not feel weak all the time.

"You seem strong enough to speak. Your mother-in-law cooked this for you. She told me to bring this here for you." Mrs. Jiang placed the lunchbox in front of Jiang Yao and said, "If you can, eat some. Xingzhi has been waiting for you to wake up so that he could have dinner with you. But he hasn't eaten yet."

Mrs. Jiang rarely saw a man who loved his wife that much—Lu Xingzhi was the first.

Therefore, Mrs. Jiang thought they had made the right decision when they let Lu Xingzhi marry Jiang Yao. She could never let such a good son-in-law get away. Please support our Bonnovel.com

Jiang Yao giggled and then sniffed the lunchbox. She did not feel as uncomfortable as she did in the afternoon. The food was very light, so she did not feel nauseous when she smelled it.

Unfortunately, things did not go as planned. Jiang Yao wanted to eat more, but she could not finish it. Then, she watched Lu Xingzhi eat. He brought some food to her lips, and she reluctantly opened her mouth to eat two mouthfuls.

Lu Xingzhi did not plan to return to the army base that night. The army had to deal with the competition for the past two days. They would not make any progress if they could not find Sergeant Hu. So, he did not need to return to the army base.

The seniors stayed in the hospital with Jiang Yao until ten at night before returning to the hotel to rest. When they left, Mrs. Jiang and Mrs. Lu discussed what to cook for Jiang Yao the next morning.

They perceived Jiang Yao eating at night without vomiting as some improvement.

Even if she only ate a little.

It was a big world. If a person intended to hide, even if they were a veteran, it might take more than ten days to half a month. It was almost impossible to find that person for an even longer period.

Therefore, everyone was prepared to fight the battle. Everyone thought Sergeant Hu's father had done something unforgivable. Even if it took a year to find him, they would still have to find him.

However, to everyone's surprise, it only took a few hours to find him.

One of Lu Xingzhi's men found Sergeant Hu's father. It was the middle of the night, but the man did not know whether it was good or bad.

"Young Master Lu, the good news is that the person you are looking for has been found. The bad news is that the person has already died. He committed suicide."

That man said, "He committed suicide by lying on the train tracks. When he saw a train coming, he suddenly rushed toward the railway and was killed by the train. Many people at the railway junction saw that scene, so there was no doubt he had committed suicide. He also had a suicide note on him, but it was mostly stained with blood. Many of the words were already blurred."

"He bought a ticket to his hometown but got off the train midway. Someone saw him sitting in the station alone for two hours and then writing in a book in the waiting room. He scribbled for a long time before he left the station. I guess he was writing a suicide note. When he left, he left his luggage in the waiting room. The luggage is still at the station service desk.."
