

Chapter 2081– 2082 of A Dish Best Served Cold Novel

Chapter 2081 Retribution?

“The way of heaven is reincarnation, who can you spare?” “Mark, Mark, you also have today.”

“It’s really the sky with eyes~” The destruction of the Mu Fan Group was raging throughout Noirfork.

Qiu Muqi, Terrisa Qiu and other Qiu family members naturally know.

After learning the news, no one knew how happy and relieved Terrisa Qiu and others were.

At the beginning, their Qiu family was in Wrilfill, and they were also well-known high-ranking households.

Even if it is not a first-class power, the second-rate family can barely be included.

At its peak, Qiu’s family received a 50 million investment from Hongqi Group and signed a strategic cooperation project.

At that time, the Qiu family was at its peak in spring and autumn, how dazzling.

However, it was because Mark and his wife were bothered by it and deliberately targeted, their Qiu family was completely ruined in just one year.

Qiu Shui Logistics went bankrupt and auctioned. Even the bank deposits of Qiu Muqi and Terrisa Qiu and others were frozen, and the properties under their names were also auctioned off by the court to repay bank loans.

The life of the Qiu family today is extremely miserable.

Young ladies like Terrisa Qiu, who usually pamper themselves, are now reduced to working in restaurants.

Qiu Muqi even went to deliver food to make money.

It stands to reason that with their academic qualifications and business experience, even if the company goes bankrupt, it is not a problem to apply for a position in another company.

However, the Noirfork business community knows that the Qiu family has offended Mr. Chu.

Therefore, even if they apply for a job, no one dares to ask for them.

They can only do some hard work to supplement their families.

At the beginning, Qiu Muqi also wanted to take advantage of Ms. Mo's background and status to go to Gritsberg to develop in order to make a comeback.

At that time, the Qiu family really thought that they were going to transfer.

But in the end, it was because of Mark's husband and wife that they fell short.

Mo said that he had returned to Gritsberg with Miss Na Mo. The Patriarch of the Mo family, Lei Ting, was furious and directly beat Miss Mo family and told her to cut off all contact with the Qiu family.

So far, Qiu Muqi has not contacted her.

The last bit of hope was once again destroyed in the hands of Mark and his wife.

It is conceivable that Qiu Muqi and others hated Mark and his wife.

They don't want to retaliate against Mark and Mufan Group all the time.

But unfortunately, their abilities are so shallow that they can't shake such a behemoth Mu Fan Group at all.

But now, retribution is coming.

"Haha~" "Mark, Mark, you die well."

"You die well~" "This is all retribution, it's all retribution."

"I came today, just to see you with my own eyes. How was everything that I once owned was taken away?" Among the crowd, Terrisa Qiu and Qiu Muqi's sister and brother laughed wantonly, and their faces were full of pride and pride.

From Mark entering Zuoqiu's house, to Helen Qiu being swept out, to the establishment of Mufan Real Estate, finally Mark smashed Noirfork.

The Qiu family can be said to have witnessed the whole process of Mark's and his wife's rise in the early days.

They have seen Mark's embarrassment and Helen Qiu's helplessness.

It also witnessed the glory of Mufan Group.

One is a hero, and the other is Empress Noirfork.

The Qiu family witnessed with their own eyes how the couple stepped onto the top of Noirfork power.

But now, we have to witness their destruction with our own eyes.

Chapter 2082 Lord HaiDollar

"Seeing him raising a tall building, seeing him banqueting guests, seeing him, the building collapsed~" "Haha~" Qiu Muqi and Terrisa Qiu, like a silly pen, laughed wantonly in the crowd.

I saw my brothers and sisters before, and now they have come to such a miserable ending.

They had no mercy, but gloated.

Perhaps this is human nature.

And amidst the wanton laughter of Qiu Muqi and others, the bigwigs of all parties also entered the stage one after another.

Sanye Lei of Denham, Chen Ao of Edensberg, Ericson of Wrifill, Wang Jiexi of Haozhou, all the people who have a face in Noirfork have stepped into The Twinfill today.

Last time, they came to The Twinfill, when Mr. Chu held the Haitian feast here.

Now it is only half a year, but the time has passed.

Noirfork is about to usher in the birth of a new master.

However, this time, everyone did not expect much.

Even the atmosphere in the field was a bit dull.

Ericson and the others were even more expressionless, and walked into the restaurant while facing everyone's gaze.

Not long after, all parties gathered.

The entire The Twinfill was also completely sealed off.

No one is allowed to enter or leave.

Outside the restaurant, everyone saw such a situation, and a bad premonition suddenly appeared in their hearts.

“Is it a banquet?” “Why do you close the doors and windows?” “Is it really weird?” Someone wondered in the crowd.

I just feel that the atmosphere in front of me is a bit subtle.

“Hey~” “Do you still use it?” “Today’s banquet is clearly a Hongmen banquet.”

“After this banquet, Noirfork’s pattern is bound to be rewritten.”

The old man sighed with faint emotion.

When the young man next to him heard it, he was shocked.

“You mean, this banquet, do you want to see blood?” “My God!” “It’s all powerful guys from a prefecture-level city.”

“The boss of Fenghua Group really has such a bold force. , Dare to attack them?” The old man shook his head and continued: “One emperor and one courtier.”

“If the Fenghua Group wants to completely control Noirfork, it must sweep away Mr. Chu’s remaining power.”

“Especially, Yun Li’s family in Zhouzhou, Lei’s family in Denham, and Chen’s family in Edensberg.”

“These three were once Mr. Chu’s confidant, and they are the three strongest forces in Noirfork today.”

“Do you think that the new king of Noirfork will be allowed to exist in the old ministers of Mr. Chu’s era?” “Today’s banquet, we cloud Ericson Li of the state, I’m afraid it’s too much fortune~” “Since ancient times, the struggle between power and interest has been stained with blood and life.”

Among the crowd, the old man sighed with emotion.

After Terrisa Qiu heard it, she sneered.

“That’s what it deserves!” “The blame is on the second master for choosing the wrong person and standing on the wrong team.”

“What kind of shit Mr. Chu, a scornful hillbilly, a poor son-in-law.”

“Don’t look at the prestige before. , But it’s actually Jin Yu’s failure.” “What’s happening now?” “Then Mufan Group will be over as soon as Mr. Chu dies.” “If he is really capable, how could he fall so fast?” “Second Lord Choosing to be loyal to this class can only be said that the second master is blind.”

“Now that he is being cleansed, he is also responsible for himself, no wonder others.”

Terrisa Qiu and others said coldly.

However, just when everyone talked about each other.

As everyone knows, a military green off-road vehicle parked in front of a shop a kilometer away.

The car door opened and a thin man walked out.

The icy gaze swept across and fell on the carpenter at the door, a low voice, quietly sounded: “Within ten minutes, lay a coffin.”
