

Chapter 2081: You Don't Have Any Luggage

Jiang Yao was the first of the four women to return to the army base after the accident. Her home was filled with people the moment she returned. The chief and his wife were there, too; they wanted to comfort those involved in the incident.

For the time being, the incident involving Sergeant Hu's father drugging the water with abortion drugs remained a secret. According to Shao Fucheng, Sergeant Hu's family was ignorant of his father's actions. Therefore, that matter was investigated secretly to safeguard Sergeant Hu's family.

Few people were aware that the three military spouses were in difficulty due to consuming the water that Sergeant Hu's father had provided for them. As a result, the army continued to keep silent for the time being.

The competition was still going on. They could only weep and lament the unfortunate and tragic circumstances of the women who had lost their babies.

However, most people still focused their attention on Jiang Yao.

Almost everyone envied how lucky Colonel Lu's wife had been.

Colonel Ye's son pushed her, but she still managed to leave the hospital so early. No one imagined she had such lovely in-laws, and even her parents seemed great. Her husband even cared for her as she stayed and rested in bed. The four seniors took turns looking after her; they conversed with her to pass the time.

It was said that a woman's marriage was her second reincarnation. Many people were jealous that Colonel Lu's wife had such a great deal.

She had great parents who doted on her. They did not mistreat her even though she was a daughter.

Then, she had a pair of tolerant and considerate in-laws who treated her as if she were their own daughter.

Those words were quietly conveyed to Jiang Yao by Moe, who had been out all day. Moe was like a little spy who would lie beside Jiang Yao and talk for a long time every time he came back. He was relaying all kinds of gossip to Jiang Yao.

After Jiang Yao heard it, she smiled, but she did not take it to heart. Her life was her own. She did not care if other people envied her.

Chu Sheng arrived at the army base in the late afternoon of the second day. She was accompanied by Chen Xuyao.

They each arrived with a sizable suitcase. Chen Xuyao threw one of the luggage to Lu Xingzhi as they walked through the door. He looked like he wanted to throw the bag away. "These are for Jiang Yao, prepared by Grandma Liang, Auntie Liang, and my parents. Remember to inform Grandma Liang and the others that you've received them. Otherwise, they will suspect that I threw them away."

Lu Xingzhi raised his eyebrows and took the suitcase. He picked it up and weighed it. It was not light at all. No wonder Grandma Liang and the rest suspected that Chen Xuyao would throw it away.

“You didn’t bring any luggage?”

Lu Xingzhi opened the suitcase and looked inside. There was nothing in it that belonged to Chen Xuyao. It was full of nutritional food for Jiang Yao.

Chen Xuyao pointed at Chu Sheng’s suitcase. “It’s all stuffed into her suitcase. It’s so hot in the south, so bringing two sets of summer clothes won’t take up much space. Besides, Chu Sheng doesn’t wear makeup, so she doesn’t need to bring any bottles. Her suitcase is empty.”

Chen Xuyao might have looked like he was taking it for granted, but Chu Sheng nearly scratched him in the face when he shoved his things into the luggage.

He pried Chu Sheng’s box open and looked at her clothing before placing each of his belongings inside her bag. He locked the bag and handed it to her..

Chapter 2082: I Can Understand It

He cast a casual glance, and by chance, he saw Chu Sheng’s underpants wrapped in a clear bag. The laces were dark. He had no idea that her often tightly-wrapped clothing would be so sexy below it.

It was difficult to entice someone like her.

Chu Sheng sat down on the couch after giving Chen Xuyao a stern look. She reached into her pocket for a pen and paper. She was going to stoop to write when Chen Xuyao removed the pen and paper.

“Why do you still need to write? Just use sign language. I can translate if they don’t understand you.” Crossing his legs, Chen Xuyao sat close to Chu Sheng. Please support our FreeWebNovel.com

Chu Sheng gave Chen Xuyao a stern look while making hand motions. Then, she waited for Chen Xuyao to translate for her before turning to face him.

Chen Xuyao poured himself a cup of tea. He lowered his head and was about to drink it when he changed directions midway. He pushed the cup in front of Chu Sheng. He said, “Your hand gestures are just for show, but the words Chen Xuyao is mentally retarded are written on your face. Did I translate that correctly?”

Chu Sheng’s face went rigid. She was speechless.

He did translate it correctly.

‘Oh, no! He actually translated it right, damn it! Oh, dear!’

“All right, let’s get to work.”

Chen Xuyao patted Chu Sheng’s thigh; he took the chance to touch her. He loved the hot weather in the south. The summer there was always particularly long. Therefore, girls always wore skirts.

Chu Sheng sitting next to him in a skirt was to his liking. He would occasionally even touch her hands and thighs. It was much more gratifying to see her expression of rage and helplessness.

Jiang Yao sat next to Lu Xingzhi in silence. She pondered whether she needed to make a noise to demonstrate that she and Lu Xingzhi existed as she watched them make out.

They should not assume that she was blind to Chen Xuyao's exploitation of Chu Sheng. She had no idea Chen Xuyao would pursue someone with such a brazen attitude.

"Let's talk business now." While trying to contain her laughter, Jiang Yao asked, "By the way, where is the suicide note? Do you still have it?"

Chu Sheng made clear that she desired to read the suicide note. Lu Xingzhi had returned the suicide note ahead of time.

"How much content have you recovered?"

Jiang Yao gazed at the suicide letter with a slight frown. The smell of blood was less overpowering than before as time passed, and it was exposed to more air. "Recovery is challenging due to the insufficient equipment in the city."

Lu Xingzhi shook his head. "He said he still needs time to try other methods."

"It's okay. I'll just look at the handwriting."

Chu Sheng signed, and Chen Xuyao, a competent translator, translated.

"I can understand it."

Jiang Yao smiled. "Chen Xuyao, you should drink some water for now. I'm sure Xingzhi can understand her just fine."

"Why do you have me, Jiang Yao? So callous!" Chen Xuyao shrugged. After seeing Chu Sheng's eye roll, he made a zipping motion in front of his mouth and took the teacup. He lowered his head and drank some water.

Chu Sheng picked up the suicide letter and read it cover to cover, taking her time. She closed her eyes and continued to sit there. Nobody was aware of her thoughts.

She eventually opened her eyes and was greeted with three sets of perplexed eyes. "I am emulating the emotion of the owner of this letter when he was composing this suicide note," she said with a smile.. "What would I be thinking if I were writing a suicide note? What kind of mood would I need to write this entirely?"

Chapter 2083: What Did You See?

Chu Sheng placed the note on the table before meditating with her eyes closed. Jiang Yao's eyes did not move away from the will for more than ten minutes.

Her face turned paler as she finished reading the note.

The blood on the suicide note had dried into a dark red color. Even though the paper appeared frail, it did not affect her eyesight. She read through the letter without any hindrance.

After reading the suicide note, she understood who the author was referring to as the innocent person.

Sergeant Hu's father's target was only her, and the other three women were collateral damages.

The man's goal was to get rid of her child, but because he did not dare to be too obvious for fear of being discovered, he had no choice but to implicate those innocent women. Please support our FreeWebNovel.com

He only wanted to take the life of her and Lu Xingzhi's child, but in the end, it backfired. He did not manage to harm his target, but three other women became his victims. He had taken two innocent lives.

The suicide note mentioned that Colonel Lu's wife must have done a lot of good deeds as a doctor. Perhaps that was why the heavens spared her.

Sergeant Hu's father even apologized to Jiang Yao in the note. He said that although he had no enmity with her and Lu Xingzhi, and neither did he have any hatred for her child, it was difficult to have both things in the world. Therefore, he could only choose to sacrifice her child.

The handwriting of the suicide note was only clear and neat at the beginning. The author became sloppy toward the end. Furthermore, his train of thought seemed to revolve around the words he had mentioned at the beginning.

The man had already written the last part of the letter, which was covered with blood.

"What did you see?" Lu Xingzhi asked Chu Sheng hurriedly when she opened his eyes.

"I can't answer you with certainty yet. I need to confirm something." Chu Sheng shook her head and stood up, her hands still moving. "I'm going out for a while. I'm going to take a walk. By the way, how do I get to Sergeant Hu's house?"

"I'll go with you."

Chen Xuyao stood up, worried. "Just ask. Let's go."

Without waiting for Chu Sheng to say anything, Chen Xuyao grabbed her hand and pulled her out of the door.

After Chen Xuyao and Chu Sheng left, Lu Xingzhi helped Jiang Yao back to the bedroom and closed the door. He revealed his worry. "Why did you look so weird just now?"

Jiang Yao bit her lip and looked at Lu Xingzhi. "I saw everything in the note."

"You're right. Sergeant Hu's father's target was me. The other three women were implicated."

It was her.

She was safe and sound, bearing the guilt over the loss of five young lives.

She was also pregnant, and she hoped for her baby to grow healthily every day. She could feel the pain of the parents who lost their children, just like the moment when she was pushed to the ground. She thought the world had collapsed and pressed her heavily to the floor.

Jiang Yao knew that she was also a victim, and she was innocent. However, she still could not let it go because she was the one who brought that tragedy to the other three people.

Chapter 2084: Motive

Even though he had already guessed it, the result was still frightening once he confirmed it.

Lu Xingzhi hugged Jiang Yao gently, his heart filled with fear. Suddenly, he did not know what to say.

Even though Jiang Yao confirmed that Sergeant Hu's father had targeted her initially, the mystery of that matter was still there.

Why did Sergeant Hu's father do that?

What was his reason? His motive? Please support our FreeWebNovel.com

It was true that neither he nor Jiang Yao had dealings with the Hu family. Sergeant Hu's father would not do that to his and Jiang Yao's baby because of a personal grudge.

He only targeted his and Jiang Yao's baby, not everyone else's child.

"It's hard to have both in this world, so I can only sacrifice your child."

Jiang Yao softly repeated that sentence from the suicide note and raised her head to look at Lu Xingzhi.

"What's the matter with Sergeant Hu's father? He wanted to hurt our baby? Is there another reason? What is it? The truth behind those words must be why Sergeant Hu's father wanted to hurt our baby."

"We'll find out eventually."

Lu Xingzhi looked at a frowning Jiang Yao and said, "We'll find out."

"We must find out the truth to give justice to those two children who died." Jiang Yao bit her lip; she had a stubborn look on her face. Even though Sergeant Hu's father died, some things could not be resolved with his death.

Chu Sheng and Chen Xuyao went out for more than five hours. They did not return until it was almost time for dinner.

Both of their faces were somewhat grave when they returned. After opening the door, Chu Sheng glanced at Jiang Yao inadvertently. Then, she went to the dining table after Chen Xuyao.

Mrs. Lu might have always felt sympathetic toward Chu Sheng since she could not talk. She took the initiative to approach Chu Sheng when she noticed she was trailing after Chen Xuyao.

"It's hot outside in the afternoon, isn't it? Are you thirsty? Do you want to drink some iced soda?" Mrs. Lu noticed that Lu Xingzhi had already helped Jiang Yao out of the bedroom, so she winked at Chu Sheng. "Drink it quietly. Don't let

Yaoyao see it."

Jiang Yao, who had already walked into the living room, stopped in her tracks.

Although she was not in a good mood, she could not help but smile when Mrs. Lu teased her.

"Mom, I heard that.'

Jiang Yao stretched out her hand and poked Lu Xingzhi's arm. It was all because of that guy. He claimed that if she saw any signs of soda, he would have to coax her for a long time. Mrs. Jiang, Mrs. Lu, and the others believed him. They avoided her whenever they drank soda at home.

"Even if you hear it, you won't get any." Mrs. Lu laughed before calling everyone to the dining table. Then, she said to Jiang Yao, "I made some dumplings for you tonight. There's not much meat in them, only vegetables. Please eat more. You haven't eaten much since you came back. You seem to have lost weight in the past two days."

For the past two days, Mrs. Lu and Mrs. Jiang had been racking their brains to make food for Jiang Yao. Every day, they hoped that Jiang Yao would tell them what she wanted to eat.

However, Jiang Yao's appetite had been the same as she had been in the hospital. She could not bring herself to eat much. She could even throw up when she smelled something rich.

They did not serve any heavy meals those past few days because they wanted to support Jiang Yao. Even if they cooked meat dishes, they mainly were stewed dishes..

Chapter 2085: Some Results

Chen Xuyao sat down and glanced at the dumplings in Jiang Yao's bowl. Then, he said, "They look delicious. Ever since Zhou Weiqi started working seriously, I have rarely eaten home-cooked food."

Chen Xuyao's parents were busy working, and Chen Xuyao lived alone. Most of the time, he ordered takeout. It was not because he did not know how to cook but because he was too lazy to do it.

How could Chu Sheng not know that Chen Xuyao deliberately told her about it? That guy was afraid that she did not know. After that, he stared at her for a few seconds with a burning gaze. She did not raise her head to look at him before he looked away. Please support our FreeWebNovel.com

"Chu Sheng and I went to Sergeant Hu's house just now. We went around the neighborhood of Sergeant Hu's house and got some results.". Chen Xuyao sighed. "Chu Sheng can confirm that Sergeant Hu's actions were aimed at Jiang Yao."

Chu Sheng laid the spoon down on the table after observing that Chen Xuyao had raised serious issues. "We asked the children of Sergeant Hu's neighbors. The two kids claimed that when Sergeant Hu arrived, he bought them drinks.

He also questioned them extensively regarding Colonel Lu and his wife. According to one of the kids, Sergeant Hu reportedly sighed for no apparent reason.

"Later, Chu Sheng asked me to ask Sergeant Hu some things about his father.

Sergeant Hu recalled that his father had asked to see family photos. Sergeant

Hu showed him some pictures. Sergeant Hu said his father had also mentioned Lu Xingzhi. He said that he had heard about your fame in the major military bases and that his old comrades had also mentioned you. So, he asked Sergeant Hu if you were in those photos. Sergeant Hu really did have a photo of you, although only half of your face was revealed."

Chen Xuyao paused and looked at Jiang Yao. He said, "That night, Sergeant Hu showed his father Lu Xingzhi's face in the photo. Then, he took the opportunity to ask about Jiang Yao. For example, what was Jiang Yao like? How many months was she pregnant? Where did Jiang Yao come from? At that time, Sergeant Hu thought his father was just curious about Jiang Yao because of you."

"He must have been trying to gather information."

Jiang Yao's gaze was grave. The man even gathered information from his own son. Had Sergeant Hu been suffering that whole time?

"Sergeant Hu's father should not have met Jiang Yao."

Chen Xuyao looked at Chu Sheng. After obtaining her permission, he said confidently, "Sergeant Hu's father left the house after dinner that night. He said he was going for a walk, but someone saw him going to the family area. It was also a coincidence. He met you and Jiang Yao while he was there. However, he didn't approach you. Instead, he got someone to confirm your identity casually. Then, he heard someone say they were short of water, so he took the opportunity to say that he could help deliver water."

Chu Sheng had gotten all that information from the man who had chatted with Sergeant Hu's father. As long as she confirmed that there was something wrong with Sergeant Hu's father, she would look for the people with whom the man might have met and interacted. Some problems would naturally reveal some clues.

Chu Sheng had guessed that Sergeant Hu's father had never met Lu Xingzhi and Jiang Yao. She had also heard that the man had gone out alone after dinner that day. She dragged Chen Xuyao around to investigate what Sergeant Hu's father must have done that day..

Chapter 2086

Lu Xingzhi reached out from under the table to hold Jiang Yao's hand. "If we continue investigating, we will eventually find some more clues. They must have left some traces behind.

"Sergeant Hu's father has been working in his hometown since he was discharged from the army. In a small town, it shouldn't be too difficult to find out who he came into contact with before he came here.'

"Do you know if you have any enemies?"

Chu Sheng looked at Jiang Yao. She was afraid that they would not be able to understand her, so she signed slowly. "Sergeant Hu's father's goal is not to take your life but the life of your child. That is also the goal of the mastermind. He didn't kill you, but he meant to kill your child. From a psychological analysis, this is an act of revenge. He knew that you and your husband have a good relationship and that you're having a child, so he wanted to kill your child to make you suffer."

Chu Sheng slowly placed her hand on Jiang Yao's shoulder and said, "That person wants you to experience the pain of losing a loved one. So, think about it. Consider it carefully, Young Master Lu in particular. Have you ever done anything that caused someone to lose their loved one? Have you ever had enemies who hated you because you made them lose their loved ones?"

"Why are you so sure that it's because they lost someone?"

Mrs. Lu asked in puzzlement after listening to Chen Xuyao's translation. "Maybe they lost their lover?"

"No."

Chu Sheng shook her head and explained in sign language. "If that person lost his lover, then he would choose to kill Young Master Lu or Jiang Yao. If he hates Jiang Yao, he will choose to kill Young Master Lu. If he hates Young Master Lu, then he will choose to eliminate Jiang Yao. Sergeant Hu might have had the opportunity to change the abortion drug into a poison that could kill people, but he did not do so because the mastermind wanted him to take the life of Jiang Yao's child."

"Enemies."

Jiang Yao looked at Lu Xingzhi and shook her head gently.

She did not know.

Lu Xingzhi's expression changed. She might not have known, but he did.

He had been in the army for many years and had carried out many missions. It was not like he had never killed anyone. Everyone had family members. Each time he killed someone, it meant that someone would lose a family member.

So what?

How many families had his targets separated? How many people had lost their family members and loved ones because of them?

"However, there is one thing to consider," Chen Xuyao said. "Lu Xingzhi is a soldier, so his information is confidential. So, if he did provoke an enemy during his missions, how did they get in contact with Sergeant Hu's father? Why would Sergeant Hu's father disregard his son's future and do that in the army base? Or he could have waited for Sergeant Hu to switch careers before he did that..."

Chapter 2087

"Even though the Hu family isn't rich, they aren't poor either," Jiang Yao said. "Sergeant Hu's father couldn't have done those things because of money."

Everyone's appetite was low because of the incident's ups and downs. It appeared as though they were coping with an incident. Lu Xingzhi went to the study room after dinner to make calls to Mr. Liang and Grandpa Liang. The incident had escalated from an accident to an intentional attack. Therefore, they had to inform the Liang family.

Lu Xingzhi's voice in the study room could be heard through the crack in the door. Chu Sheng's worries had not dissipated. Please support our Bonnovel.com

She hesitated for a moment before finally warning Jiang Yao. "You must pay attention to your safety. Since that person has infiltrated the army base and knows about your and Young Master Lu's identities, he could have gotten in touch with your parents. However, he chose to attack you on the army base instead of your parents. That shows that that person is very arrogant. He might have wanted to provoke you."

Chu Sheng was an expert in criminal psychology, so she understood the criminals' psychological minds when they committed crimes. "Be careful."

Sergeant Hu's father blamed himself for causing the deaths of two lives. In the end, he chose to commit suicide by lying on the train tracks. He had ended his life in such a tragic way, which showed how much pain he was in.

However, the person who made Sergeant Hu's father do that seemed calm. Jiang Yao had already been discharged from the hospital, but she had not encountered anything else. Therefore, that person was numb to Sergeant Hu's father's death.

Jiang Yao nodded. She did not need Chu Sheng to remind her. She would be extra careful to protect herself and her child.

Lu Xingzhi went out again after calling the Liang family. She did not ask him where he went, but she could guess he went to deal with that matter. Chu

Sheng was there to investigate, and she saw the contents of the suicide note. Lu Xingzhi had to report the progress to his leaders. It looked like he would be busy that night.

Jiang Yao was pregnant, so she had to go to bed on time. She waited for Lu Xingzhi until 10 P.M. before she went back to her room to rest.

Their parents decided to play cards in the living room while waiting for Lu Xingzhi to get home. However, they only heard movement at the door at around 2 A.M.

"Is everything done?"

Upon hearing the door open, Mrs. Lu threw the cards in her hand at the door. "Are you hungry? Do you want some supper.

"Is my wife asleep?"

Lu Xingzhi shook his head and looked in the direction of the bedroom. "Did she have supper tonight?"

"No."

Mrs. Lu sighed. "The fall made her lose appetite. She used to eat a lot when she learned that she was pregnant. She always ate until her stomach was full. Everything looked delicious to her."

"I don't know how long it will take her to recover. If this continues, she might lose more weight." Mrs. Jiang also sighed. As elders, they felt sorry for her.

However, they could not do anything to make Jiang Yao regain her appetite...

Chapter 2088

Mr. Jiang and Mrs. Jiang were worried because the bad guy had not succeeded. Would he attack Jiang Yao next time?

Their son-in-law had put their daughter in danger.

Mr. Jiang sighed in his heart. If something happened to Jiang Yao, he and his wife would regret agreeing to marry her to Lu Xingzhi.

Hopefully, Lu Xingzhi would protect their daughter.

Lu Xingzhi took a shower before returning to the bedroom. Jiang Yao was already asleep, and he did not wake her up when he went to bed.

Her two cheeks were flushed while she slept. Perhaps it was warm in the room.

Jiang Yao had always hated the heat. She hated it even more after she got pregnant.

Lu Xingzhi checked her forehead. After confirming that she was not sweating, he pulled the thin blanket covering her stomach and covered her chest.

The blanket was pink. Jiang Yao had bought it herself. When Lu Xingzhi saw the color, he smiled. She had always said that pink was too childish, but she did like the color.

He always thought that she had the heart of a young girl.

The investigation into Sergeant Hu's family did not yield any results. Sergeant Hu's father was one of the few people who knew the truth about that matter.

Therefore, Sergeant Hu's family was very cooperative with the investigation. However, Sergeant Hu's father always avoided his family members. Even Sergeant Hu did not understand his father's affairs.

Chu Sheng and Chen Xuyao stayed at the army base for two days before leaving. When they returned, Chu Sheng forcefully threw Chen Xuyao's things back at him and did not let Chen Xuyao touch her luggage again. Chen Xuyao returned to Jindo City with a regretful expression on his face.

Jiang Yao had taken a leave of absence from school again. Li Hong and the others did not know why Jiang Yao had taken a leave of absence, but they were already used to the fact that Jiang Yao would not be at the school every few days. On the other hand, after Professor Ouyang learned about Jiang Yao's accident, he went to the army base. Cheng Jinnian had gone there too.

When Lu Xingzhi went to the entrance, he saw Cheng Jinnian standing beside Professor Ouyang. He did not say anything. The Cheng family had always assigned people to be by Jiang Yao's side. They would have known about Jiang Yao's accident, so it was not unexpected for Cheng Jinnian to appear there.

However, Jiang Yao was not as calm as Lu Xingzhi. When Cheng Jinnian appeared behind Professor Ouyang and called her sister, she rolled her eyes.

"Mom was very worried when she heard you were in the hospital." Cheng Jinnian did not seem to know that Jiang Yao did not welcome him. He was still young. He crossed his legs while he sat close to Jiang Yao...

Chapter 2089: She's Very Happy

"Mom was so worried that she cried. Dad coaxed her for a long time before he stopped. Mom said that you don't want to see her, right? Can I ask when you're willing to see her? She often looks at your photo and smiles so happily."

Jiang Yao's cold and hard heart moved when she heard Cheng Jinnian's words.

Perhaps it was because she was about to become a mother, or maybe that accident had made her understand what it was like to be a mother. So when she heard Cheng Jinnian mention Madam Cheng, Jiang Yao did not feel annoyed.

"How is she?" Jiang Yao touched the tip of her nose and asked in a low voice. Please support our FreeWebNovel.com

The little boy's eyes lit up when he heard Jiang Yao's question. "Mom has been in good health recently. She can even hug me! But my brother said I'm very heavy, and mom's body has just recovered. I can't always let Mom hug me. Mom will be tired, so I usually walk on my own. No matter how tired I am, I will walk on my own."

After saying that, Cheng Jinnian smiled embarrassedly. "Occasionally, I will let my father carry me, but only when I'm too tired to walk."

Jiang Yao burst into laughter. He was still a child. No matter how precocious he was, he was still a child. He was worried that she would mistake him for a lazy child, so he had to explain that to her.

Her laughter emboldened Cheng Jinnian. He reached out to touch Jiang Yao's belly. With a face full of innocence and curiosity, he poked her with his little finger. It was as if he was touching a pudding. "Sister, Mom said I'm going to be an uncle! Does the baby in your belly really have to call me uncle in the future?"

That was the scene Mrs. Jiang saw when she entered with a plate of fruits. Two siblings who looked alike were sitting together. Cheng Jinnian seemed to be leaning against Jiang Yao as she looked down at the small hand on her belly with a smile. Then, she gently touched her stomach with one hand.

"Xiao Nian, you're already an uncle at such a young age. Aren't you happy?"

Mrs. Jiang placed the fruits in front of Cheng Jinnian and then patted his head. "Wait for another two years or so. In the future, a clumsy nephew or niece will follow you around and call you uncle."

"I won't complain that they're clumsy. I'll wait for them!" Cheng Jinnian answered very earnestly. "Mom said I'm going to be an uncle. She's going to be a grandmother. She's very happy."

After that, Jiang Yao did not talk to Cheng Jinnian anymore. Instead, Mrs. Jiang asked more about Madam Cheng's health.

Jiang Yao knew the Jiang family had a private connection with the Cheng family. The Jiang family was kind. When they first met Mrs. Sun, she was unreasonable. The family did not allow Mrs. Sun to acknowledge Jiang Yao.

However, they had a good impression of the Cheng family, so Mr. Jiang and Mrs. Jiang did not object to Jiang Yao's association with them.

Mrs. Jiang and Mr. Jiang were kind people. Otherwise, they would not have treated a daughter they adopted as their own child. They knew that Jiang Yao did not acknowledge her biological mother and that Madam Cheng was very concerned about Jiang Yao. Therefore, Mr. Jiang and Mrs. Jiang would sometimes take the initiative to contact Madam Cheng and tell her about Jiang

Yao.

For example, they would tell Madam Cheng about Jiang Yao's pregnancy..

Chapter 2090: Information From A Diary

Professor Ouyang stayed for about two hours before leaving. When he left, he took Cheng Jinnian with him.

The National Day celebration was not over yet, but the results of the competition had already been announced. Lu Xingzhi and Shao Fucheng had withdrawn from the competition. Many people who participated in the competition were secretly relieved. They were happy that they had a chance to get first place.

While most people were busy with their awards, Lu Xingzhi and Shao Fucheng had brought a few of their subordinates with them. They did not have much time to stay in the army base. Both had duties and were doing their best to investigate the incident. Please support our FreeWebNovel.com

Lu Xingzhi would occasionally be so busy that he did not return to the army base because Jiang Yao had someone at home with her. He even visited Sergeant Hu's hometown.

Lu Xingzhi's trip ended on National Day, and he had some useful information.

"I asked people to get Sergeant Hu's father's things and search through them. We might find something useful," Lu Xingzhi said. "I found Sergeant Hu's father's diary. He has a habit of keeping a diary. Three days before he left for the army base, he wrote that he received a call from an unexpected old friend. That call made him happy but also put him in a dilemma."

Upon hearing the word dilemma, Jiang Yao immediately thought of the words in Sergeant Hu's father's suicide note. The world was full of dilemmas!

"That must be the person who manipulated Sergeant Hu's father to hurt me!"

Jiang Yao immediately thought of some key points. "He was talking about an old friend. Sergeant Hu's father was also a soldier when he was young. Could that old friend be a fellow soldier or maybe someone he met while he was in the military?"

"He was happy to see the old friend. It means that the person has not been in contact with him for a long time." Lu Xingzhi agreed with Jiang Yao's guess. "Therefore, we suspect it might be someone he knew when he joined the military. We are investigating it now."

Unfortunately, Sergeant Hu's father's home was flooded during the rainy season. His previous diaries were soaked in the flood water, so he threw them away after that. He also had a contact book, which was also damaged by the flood, and he threw that away as well. His wife said that it had the contact information of many of her husband's old comrades.

Sergeant Hu's mother said that when her husband saw the destroyed diaries and contact book, he sulked for a long time. It was clear how much he loved the diaries and cherished his friendships with his old comrades.

Fortunately, it was not too long ago. That call was still recorded in the phone records at the snack bar. The boss also said that Sergeant Hu's father's expression changed when he picked up the phone. However, at that time, everyone in the town knew that Sergeant Hu was taking his father to the army base, so when Sergeant Hu's father picked up the phone, they thought that it was a call from Sergeant Hu. However, his expression was not right. They thought the father and son had quarreled, so they did not bother about it."

If Lu Xingzhi had not personally gone to Sergeant Hu's hometown, that matter would have been ignored.

Lu Xingzhi had already sent people to check the phone number. Even if they found out that it was another public phone, they could still dig and search as long as they had a specific location..
