

Wonder Doctor Chapter 2081

The Void Ship, under the control of Leng Zhan and the others, hurried all the way towards the Hair Alliance.

The Immortal Emperor Domain was so large, although the Void Ship was fast, it still seemed a little small in the face of a vast frontier.

However, Lin Ran was in no hurry, now that he had found Wang Kun, many things could be solved.

So this time of rushing was instead giving him a gap of time to have a good chat with Wang Kun.

However, Wang Kun's mood was very unstable, especially in the first two days when he would have nightmares, as if his life in the Thousand Machine Tower had caused him a lot of mental stimulation.

Lin Ran was in no hurry for the time being and found a few calming herbs to try to stabilise him.

But in the past two days, the matter of the Thousand Planes Tower within the Immortal Emperor City had become a big deal.

Even the name Lin Ran had spread completely, and many people knew that the person who had stolen the Thousand Planes Tower was him!

The Immortal Emperor was furious when he received this news and issued an order for Immortal King Ran to investigate the matter fully and kill Lin Ran on the spot if he was caught!

It was a pity that they could not catch him.

However, the Immortal King soon found out that Lin Ran had been in and out of the Luo Ran Merchant Firm many times.

Soon after, Luo Qiqi was summoned by the Immortal King.

And it seemed that Luo Qiqi had expected all of this and appeared to be very bashful.

In the Immortal King's palace.

"Luo Yi, what is your explanation regarding the rumours from the outside world!"

Immortal King Fu Gu's face was icy cold.

"Immortal King, you have said it is a rumour, and you are still asking me?"

"Humph! No wind is no wave, there were so many geniuses at the Chance Conference back then, why did you let out the word to protect that Lin Ran alone?"

Fu Pen asked in a cold voice.

"Just admiration! If that can even be a reason to be implicated, then I have nothing to say!"

Luo Qiqi was not condescending.

Fu Gu listened with a slight frown, and his gaze at Luo Qiqi could not help but become a few degrees colder.

“Luo Yi, don’t think that just because you’re rich, I really don’t dare to do anything to you! This time, the matter of the Thousand Machine Tower that is a threat to the Immortal Emperor’s rule!”

“You’d better give an honest explanation!”

“There’s nothing to explain, Lin Ran and I are just ordinary friends!”

Luo Yi’s voice was bland.

“It seems you’re not seeing tears until you see the coffin!”

Fogu’s face was teasing, and with a wave of his palm an instant image appeared.

It was a picture of Luo Qiqi being nestled in Lin Ran’s arms inside Luo Ran’s merchant house.

When the two had met, it was only this one intimate gesture, but they hadn’t expected that the Immortal King would actually find out about it!

“Immortal Emperor City is the Immortal Emperor’s place, do you think you can hide this from others and from me?”

“You arranged for spies at the Luo Ran Merchant Firm!”

Luo Qiqi’s eyes also turned colder.

She knew that there were spies at the Luo Ran Trading Firm, but the fact that there were also spies here at the headquarters was a surprise to her.

The people at the headquarters were all carefully selected by her, but she had never thought that they were still negligent and careless!

“Is it useful to talk about this? Say it! Where is Lin Ran?”

“I don’t know!”

Luo Qiqi said blandly.

“Appreciation is appreciated, he’s gone, what does this matter have to do with me!”

“Having said that here, if I really had something to do with him, why didn’t he inform me when he wanted to make his move in the first place?”

“Instead, you let me end up in the situation I’m in now?”

“Sharp-tongued! Do you think I believe these words?”

Fu Gu said in a cold voice.

“Believe it or not is your business, I have said everything I should have said, if you don’t believe me, Immortal King, you can kill me!”

“But you’d better think clearly about all the consequences!”

Luo Qiqi’s voice was bland, not at all anxious.

Fu Gu listened with an icy cold face, understanding what Luo Qiqi meant.

The Luo Ran Merchant Firm was spread throughout the entire Immortal Realm, no matter if it was the Immortal Emperor Domain or even the Anti-Alliance as well as the Beast King Domain, there were traces of them!

And the wealth of the Luo Ran Merchant Firm was definitely not inferior to that of the Immortal Emperors!

Normally, it would seem to be just a large consortium, but if they were really pushed, the influence that this consortium could bring about would be very great!

As the saying goes, money can make the Devil's head spin!

If Luo Ran Merchant's money was used to hire cultivators, the power that could be gathered was no worse than that of any other power.

This was also the reason why the Immortal Emperor was afraid of Luo Qiqi.

Otherwise, the Immortal Emperor would have killed her with a slap on the wrist and that would have been the end of it!

But no one dared to do so, once Luo Qiqi was really dead, her cronies would definitely retaliate wildly.

Even Immortal Emperors would have to think hard about the consequences.

If the Anti-Alliance or even the Beast King Domain got the full support of the Luo Ran Merchant Firm, the result would undoubtedly give the Immortal Emperor a huge headache.

"Roy, I don't want to talk nonsense to you, I'll give you two ways out of this matter!"

"First, death!"

"Second, hand over your properties in Immortal Emperor City as a way to prove your innocence!"

The Immortal King's voice was icy cold.

Luo Qiqi, however, laughed.

"After all this talk, you still have your eyes on my estate!"

"So what if it is, you are too much of a threat to us, if you want to prove your innocence, you will hand over the Immortal Emperor City's properties! I can ignore the rest of the place!"

The Immortal King said.

Luo Qiqi, however, smiled even wider.

Other places? The biggest industry in the entire Immortal Emperor Domain was the one in Immortal Emperor City, the other places were intricate and not very profitable, so you don't just leave it alone!

"I'll give you three days to think about it! Don't even think about going anywhere in those three days! Stay here at the headquarters of the Luo Ran Trading Company!"

“After three days, if you haven’t made up your mind, then I’ll make the decision for you!”

The Immortal King said in a cold voice.

“Hmph!”

Luo Qiqi glared at Fu Gu and didn’t bother to say anything else.

....

Word of the matter soon spread.

The entire Luo Ran merchant house was in a state of panic.

The next day, Luo Qiqi even saw Luo Ku and the others waiting outside early.

However, she did not see anyone and sat alone in the attic drinking.

She always felt that this time, she was afraid that things were not simple.

It wasn’t as if there hadn’t been such things in ordinary days, when Su Rou’s affair was similar to this.

But at that time, the Immortal King had not turned the conflict towards himself.

And this time, he actually asked for his own property.

This was obviously somewhat illogical.

“Unless, they are going to make a big move and need the money to back it up!”

Luo Qiqi pondered, and at this moment, there was no one around to discuss it with, and she was a bit helpless.

But there were three days to go, so it was better to wait and see, just in case things took a turn for the worse.

....

At that very moment, in a space within Immortal Emperor City that no one knew about.

Immortal King Fu Gu stood respectfully, a white light slowly spinning not far in front of him.

Inside all seemed to be a figure.

“Father, is it really necessary to push so hard on Luo Qiqi’s side?”

“No! You are not pushing hard enough!”

A vicissitudes voice came out.

“What I want is the entire assets of the Immortal Emperor Domain!”

“If Luo Qiqi doesn’t call out, then kill her!”

“That...”

The Immortal King was a little hesitant.

“If you want to achieve great things, this kind of merchant cannot be used for your own use and must be eradicated!”

The vicissitudes of his voice rang out again.

“My child understands!”

The Immortal King nodded respectfully, originally he thought that Immortal Emperor City’s properties would be enough!

As it turned out, who knew that what the Immortal Emperor really had his eyes on was the assets of the entire Immortal Emperor Domain.

That meant that if Luo Qiqi didn’t hand it over, then she really wouldn’t be able to leave the Immortal Emperor Domain!

Naturally, Luo Qiqi did not know about this!

....

At this moment, somewhere in the Immortal Emperor Domain, a void ship was moving forward quickly.

And at this moment, on the deck, Lin Ran was finally made face to face with Wang Kun.

Wonder Doctor Chapter 2082

After three full days of recuperation, Wang Kun’s emotions finally calmed down.

In fact, originally, Wang Kun’s emotions did not fluctuate so much.

However, after saving Wang Kun, Wang Yifeng made his identity clear.

When Wang Kun learned that Wang Yifeng was his own son, all of a sudden, his emotions were just like high blood pressure.

He completely exploded.

After drifting alone in the immortal world for so many years, I’m afraid it would be impossible for any other person not to be excited to see his own son.

Just because of Wang Yifeng’s words, Lin Ran had been waiting for three days since he was able to do so.

“Ai! Little friend Lin Ran, I really thank you for taking care of Fate’s son all this way over!”

“It is I who have wronged you, so I have no complaints if you want to kill or be killed!”

“But this matter has nothing to do with Fate’s son, I hope you won’t implicate him!”

Wang Kun said in a serious tone.

“If I wanted to implicate him, do you think you would still be here to see him?”

Lin Ran looked at Wang Kun, his voice trying to sound calm.

“I don’t want to pursue things back then anymore now, I just want to know what really happened back then!”

“Whether my parents are dead or alive! And where they are!”

“The things that happened back then.”

Wang Kun said as he too fell into memory.

“It’s a long story, if you’re not in a hurry I can tell you slowly!”

Wang Kun said.

“Speak!”

Lin Ran said.

“Alright! The matter still has to start with an outing back then!”

Back then, Wang Kun ran a real estate company and was considered a relatively successful person in Tanjiang City.

He had a house and a car, and was considered a winner in life.

Once the company wanted to invest in a project, Wang Kun was very happy after winning the project, so he and his partners went on a trip to Wan Ren Mountain.

It was this trip that changed his fate completely.

He inadvertently discovered the feng shui booklet during the excursion.

It was the same thing that Wang Yifeng later regarded as a family heirloom!

There was nothing wrong with the entire feng shui booklet itself.

But the last page was a record of a place, which was located on Wan Ren Mountain.

At that time, Wang Kun thought it was a trick and didn’t care about it.

But later, when the construction work started, he came across several mysterious things.

He used the feng shui booklet to solve all the problems at the construction site.

This is how he found out that all the things written in the feng shui booklet were actually true.

After that, he began to think about the mysterious treasure written on the last page of the feng shui booklet.

A tripod.

Later on, Wang Kun almost reached the point of obsession, and the company he did not care to take care of, he was so focused on finding this tripod.

It was also his good luck that it really did allow him to find it in just one year.

“But there was a person inside the tripod, I’m not sure if it was a person or not, and he said he could make a deal with me, as long as I brought his things out, he would let me take any one thing I wanted!”

Wang Kun said.

Lin Ran already understood when he heard this that the person was probably the Pillow Book.

It was just that the Pillow Book’s mind hadn’t completely awakened at that time, so it was likely that he had also made this deal with Wang Kun unconsciously!

“He let me open a few seals on Wan Ren Mountain so that he could attract more cultivators to go there!”

“And in return, I took a scroll!”

At first, Wang Kun thought that what was written on this scroll should be something like a treasure map or something!

But after getting the scroll, his entire body was confused.

What was recorded on that scroll was not a treasure map at all, but a method of displacement.

“That method of shifting said that it could transport me to the Immortal Realm!”

“I already understood something about cultivation at that time with the help of the Feng Shui booklet!”

“Under the tendency of curiosity, I ghostly began to lay out!”

“That method of diversion required the refinement of a guiding divine sword that could be used to split the boundary!”

“So ”

“So you killed a lot of people to refine this guiding divine sword, did you!”

Lin Ran’s eyes grew a little more icy, because his own parents had died at Wang Kun’s hands because of this!

“At that time, I had gone off the rails!”

“There was only one thought in my mind, I want to visit the Immortal World! So.”

“You should know all about what happened afterwards, I killed many people on the construction site and later took away the souls of those people! Practised them into the Guiding Divine Sword!”

“And all these people’s spirits were also sealed into the Guiding God Sword!”

“What about the sword!”

Lin Ran asked in a stern voice.

“Just hear me out!”

Wang Kun said.

“I later activated the scroll and was really transported to the edge of the world, and I also managed to break through the barrier with the Guiding God Sword and enter the spatial tunnel!”

“But no one told me that there were still cracks in the spatial tunnel!”

“I was so weak that I could dodge small spatial rifts, but once I ran into a huge one!”

“I was about to be torn in, so I finally had to send my guiding divine sword through to seal the rift!”

“Then I was lucky and made it to the Immortal World, but the Guiding Sword was left behind in the spatial rift!”

“What did that sword look like!”

Lin Ran’s eyes were icy cold as he remembered when he was in the spatial rift and before he fell unconscious he had seen a sword.

That sword was blood red in colour, and when he looked at it himself, he clearly felt that something was calling him over.

But at that time, Lin Ran simply no longer had that strength.

He eventually fainted and died.

“That sword was all blood red!”

Wang Kun said.

“Weng!”

After receiving Wang Kun’s confirmation, Lin Ran’s entire head felt like it had exploded.

That sword was what he had searched so hard for, and his parents’ souls were sealed inside it.

But he had actually missed it!

The spatial tunnel was so big and the spatial cracks would always change, could he still find it even if he knew about it after so many years?

Lin Ran was a little desperate.

“Ranzi!”

Wang Yifeng looked at Lin Ran with heartache in his eyes.

“Leave me alone!”

Lin Ran waved his collection, not wanting to speak!

“Ranzi, this matter!”

“I said leave me alone!”

Lin Ran's voice became a few degrees colder.

It was fine if he didn't know, but when he really knew that he had actually been so close to his parents before, his heart was filled with regret.

Why hadn't he gritted his teeth and taken out that sword in the first place!

It wasn't as if he now knew where his parents were, but he no longer had the means to find them!

Wang Yifeng and the others soon left, and Lin Ran sat alone on the deck.

He looked at the sky with despair in his eyes.

His parents were somewhere in the sky, but there was nothing he could do about it!

He even wanted to leave the Immortal World right now and return to the void.

But what could he do even if he reached the void with his current strength.

The vast void was so big that it was a problem to pass through the void tunnel safely.

Not to mention finding a sword in a long void tunnel!

It was no less difficult than searching for a grain of sand in an ocean.

....

The time had come on the fifth day!

Inside the chaotic space, the grey-robed man leading the void ship finally came to a halt.

And by now they had reached an edge of the Chaos Space.

Ahead of them a white barrier, like a mountain wall, blocked the way of the crowd!

Wonder Doctor Chapter 2083

"There's an edge to this chaotic space?"

Looking at this white wall in front of him, Lin Ran couldn't help but be stunned.

In his senses, this chaotic space should be a separate space similar to a kind of small world.

This kind of place was exceptionally vast, and it should be difficult to walk to the edge.

But at this moment, this wall appeared in front of him.

"Everyone, stand back!"

Suddenly the black-robed man standing in front of him spoke up.

At the same time the several grey-robed men beside him all took two steps back.

Lin Ran and the others also backed up when they saw this.

The black-robed man stood alone in front of the wall, only to see his hands slowly lift up, while an aura fluctuation instantly permeated out.

At this moment not only Lin Ran, but also the other cultivators clearly felt the fluctuation of divine sense.

“Why is this guy using divine sense?”

“I don’t know! But he hasn’t shown his strength from the start!”

“Could it be that these people are all soul bodies?”

The crowd had already started to make some guesses in their hearts.

While Lin Ran stood at the back of the crowd, he watched with a slight frown.

After nearly half a month of work, they had actually brought the crowd here, what exactly did they want?

As he was thinking in his mind, the black-robed man’s divine sense fluctuation in front of him had already attached itself to the wall.

A layer of ripples instantly appeared on the white wall.

The ripples were only the size of a fist at first, but soon began to spread in all directions, and gradually a whirlpool was rapidly forming.

Inside the whirlpool was still white and it was impossible to see what was there.

And the vortex was expanding so fast that in the blink of an eye it was already more than a man high.

The void ship was so big that it would take at least a few minutes at this speed.

“Is this going to take us in?”

“Or what?”

“But what’s inside anyway?”

“Nonsense, it’s not like I’ve ever been there!”

“I don’t want to go I want to go home!”

“Go home? Ask Voodoo Dust if he’s willing to take you back!”

The crowd began to murmur, and one by one the cultivators all began to worry.

Lin Ran was also frowning slightly as he watched, the vortex was so good to get into it was afraid that it would be very difficult to get out.

If he followed it in, what if he couldn’t get out when the time came!

But if you don’t go in, Song Nuan and the others.

Lin Ran for a time also somehow do not know how to choose.

The whirlpool was still expanding, and it looked like it was already more than two people high.

Just when everyone was thinking their own thoughts, even Lin Ran was considering whether to make a move or not.

Suddenly a change appeared.

The vortex, which was expanding, stopped with a jolt, and then a “bang” was heard.

In an instant, a crack appeared above the vortex.

“Huh?”

The black-robed man’s face changed when he saw this.

Lin Ran and the others also looked stunned, not understanding what had happened.

Then there was another “bang”, this time cracks appeared on both the whirlpool and the white wall.

It seemed that something was trying to break out of the vortex.

“Everyone form up and block the exit!”

The black-robed man was busy speaking and shouting.

“Yes!”

The grey-robed men at the back hurriedly rushed up.

However, before the formation could be formed, they heard a loud bang.

In an instant, the entire vortex shattered, while a white figure rushed out from inside the vortex.

She was a woman, at least from the size of her body, and the moment she came out, she backhanded a sword and completely shattered the vortex behind her into pieces.

The only thing left behind was a wall already covered in cracks.

“Run! Run!”

Seeing this person, the black-robed man instantly panicked, greeting and turning around to leave, not even daring to take the void ship!

“Run?”

A hint of killing intent flashed in the white figure’s eyes, and in an instant the long sword in his hand pointed distantly, a ray of sword aura was like a stream of light, passing through the black-robed man’s body in an instant.

“You all have to die too!”

The white figure turned his head to look at the grey-robed people around him, and the long sword in his hand cut off his waist.

The difference in strength was so vast that there were no surprises at all, and in an instant all the grey-robed men were directly reduced to pieces.

The white figure landed on the deck and swept his gaze over Lin Ran and the others, unable to help but frown slightly.

“Who are you people? Why are you here?”

“Senior, we are.”

“Shut up!”

One of them was just about to reply, but the white figure directly stopped him, while his gaze had already seen Lin Ran at the back of the crowd.

“Lin...”

“Where’s Song Nuan!”

Lin Ran looked at Qin Bing with a hint of excitement in his eyes.

Finally! One had finally not come for nothing, at least they had found Qin Bing!

“Song Nuan she...”

Qin Bing said and her eyes turned red.

“Bang.”

Suddenly, the white wall behind him shook violently again, while a vortex quickly surfaced.

Qin Bing’s face changed when she saw this.

“Get out of here! This is not the place to talk!”

With a wave of his palm, Qin Bing instantly took control of the Void Ship and urged it to rush out right towards the front.

Almost at the same time as the Void Ship’s speed increased to the extreme, the white wall behind them had completely created a vortex, and several figures in golden robes rushed out from within.

“Give chase!”

The voice of one of the leaders was cold, carrying a tone that could not be argued with.

“Yes!”

The surrounding crowd answered, and one by one, they turned into golden light and rushed towards the Void Ship.

And at this moment on the void ship, the crowd all looked at Lin Ran not understanding how this guy knew people everywhere.

He had met a beautiful woman in Chaos Space, and he knew her too!

Qin Bing, on the other hand, didn't care about the others and was busy running up to Lin Ran, her eyes red.

"What's wrong with Song Nuan?"

Lin Ran asked busily.

"She was taken away, and I had to fight to the death to escape!"

Qin Bing said as tears fell from her eyes.

"Taken away? Who the hell are those people!"

There was anger in Lin Ran's eyes.

"The Divine Shadow Clan!"

"They're all spirit beings, we were ambushed earlier and taken to the God Shadow Clan's lair by them!"

"The few people who were with us all died in battle, only Xiao Nuan and I were left, and Xiao Nuan fought to be seriously injured to get me out!"

"What's going on? I thought you guys were working for the Immortal Emperor!"

Lin Ran's chest was clogged with anxiety and he couldn't vent his anger even if he wanted to.

"The Immortal Emperor? He's just an old fox! We've all been sold out by him!"

Qin Bing said with a flash of anger in her eyes.

"No two, can you guys wait a bit, cursing the Immortal Emperor behind his back is going to cause trouble!"

Next to him, Tiesun said with a frown.

"Accident? If it wasn't for me you guys would still be here, you would have ended up like me!"

Qin Bing turned his head to look at these people.

"Get off if you don't want to take the boat! I'm not in the mood to take you all on a run!"

"You!"

"Senior, don't be normal with her, we want to know what kind of existence this Divine Shadow Clan is?"

"Right senior, what exactly do they want to capture us for?"

Some other cultivators were also busy asking.

"What for? To use you guys as test subjects!"

Qin Bing said in a cold voice, while waving his palm, and instantly several corpses surfaced next to him.

"These people are all the followers who came with us, just look at what happened to them and you will know!"

Qin Bing said without further ado and pulled Lin Ran to the side.

And at this time, when the others saw the corpses on the ground, one by one, they couldn't help but all suck in cold air.

These corpses were pale and had bloodstains in their seven orifices, their deaths were quite miserable.

Wonder Doctor Chapter 2084

True to his reputation as someone who could make it to captain, Hemlock was not overly sad in the face of the death of his elder brother, Blackhand.

At this moment, he was the first to step forward and went up to examine the bodies for cause of death.

"How is it?"

"All of them are divine sense rift!"

Tie Suan's face was gloomy and his body was trembling slightly.

"Boss, what's wrong with you?"

A few of the men next to him saw this and quickly asked.

"Haven't you guys reacted yet? Those people from the Divine Shadow Clan are all soul bodies!"

"These people all died again when their divine sense burst, and Qi Fang's body was also snatched by the black-robed man earlier!"

"These God Shadow Clan people are simply coming for our bodies!"

"This..."

The crowd's faces turned pale at the words.

If they came after their own bodies, Qin Bing was still able to resist if he was strong, but they were all at the Extreme Dao Realm.

There was no way they would be able to resist!

"Looks like this time, we'll just have to follow her!"

Tie Suan said as he looked at Qin Bing at the side.

At this moment, Qin Bing was pulling Lin Ran to stand by the side with worry in her eyes.

"What are you talking about? Someone that even you can't beat!"

After hearing Qin Bing's words, Lin Ran's gaze looked at the back of the Void Ship with some vague worry.

Qin Bing's was coming could already be said to be at the top of the cultivation world.

If an existence like Immortal Emperor Zhen Yan didn't make a move, she was already considered to be in the first tier!

But actually, she couldn't even defeat her, could it be that the other party was already on the same level as Immortal Emperor Zhen Yan's strength?

"Senior! I must warn you!"

Tie Suan thought for half a day on the sidelines and finally found a topic that could be interjected while not annoying Qin Bing.

"What?"

Qin Bing turned his head to look at Tie Suan.

"This is Chaos Space, there are many forbidden formations around, even dangerous Jedi lands!"

"You are driving the Void Ship so fast that you can almost say it is rampaging, we will get into trouble sooner or later!"

"Without this driving, you would have been in trouble by now!"

Qin Bing said coldly, while waving his palm, and instantly a curtain of light appeared.

The curtain of light was full of three golden rushes were rapidly rushing towards the crowd.

And it was one that was getting closer and closer to the void ship!

"This..."

"These are the Divine Shadow Clan!"

Qin Bing gave the crowd a bland look.

"So what now!"

Some of the cultivators began to panic.

The speed was even faster than the Void Ship, what kind of strength did that have to be.

At least it must be above Qin Bing.

They were not stupid, if Qin Bing's speed was fast enough, he could have escaped on his own, why would he need to use the Void Ship.

"What do you have in mind?"

Lin Ran looked at Qin Bing, his brows furrowed.

"Nothing in mind, to be honest I've lost hope!"

"This Divine Shadow Race is too powerful and extremely familiar with Chaos Space, no one can crush them in terms of speed here!"

"Whether we can escape or not all depends on luck!"

Qin Bing said.

“But there is one thing, it’s best to get word of these things out!”

“The Immortal Emperor’s ambitions are about to be revealed, if we can’t get the news out, the Anti-Alliance will likely be hit hard!”

“And it’s not safe for Qiqi to stay in Immortal Emperor City!”

“In the end.”

Lin Ran still wanted to ask a clearer question, he had a doppelganger who was perfectly capable of bringing the news out.

But before he could finish his sentence, he heard a loud “bang” and instantly the stern of the Void Ship was hit hard!

The entire Void Ship shook, and its speed weakened significantly.

“What...”

I don’t know who shouted, but before the words could be said, there was another “bang” at the back.

This time, the entire void ship was like a cannonball, and it was thrown out towards the front.

The void ship was in a mess, and Qin Bing held Lin Ran’s hand firmly so that he did not fall out.

But the other cultivators were not so lucky, as half of the group, which originally had a few dozen people left, was instantly lost.

Those who were lucky enough to remain on the void ship were all ashen, not even daring to open their eyes for fear that they would be the next to fall.

“Qin Bing! Don’t come out yet!”

Suddenly a scolding voice came from outside.

“Get out? Don’t even think about it!”

Qin Bing’s voice was icy cold, clearly refusing to compromise.

“If you don’t come out, your companions won’t be able to get away!”

“Do you think I’m a fool, you guys will let her go if I just go out? Don’t be stupid!”

Qin Bing’s voice was equally cold.

Lin Ran’s heart seized up as he listened.

The other party was not talking about Song Nuan or someone else.

But what Qin Bing said was also right, what was the point of going out if one was not as strong as others?

Would they really let people go?

Thinking too much!

“Don’t blame me for being rude if you don’t want to be punished for your wine!”

The other party’s voice was a little more icy, while a golden light had already emerged.

The crowd was hiding in the empty boat, but they could still see the golden light emerging from the back.

At the same time a very strong aura also pervaded out.

“It’s over!”

“No, I don’t want to die!”

“Who the hell wants to die, but is there anything you can do?”

The remaining cultivators were dumbfounded.

One by one, they could even feel the approach of death.

At this moment, at the back of the Void Ship, a golden wheel was bursting towards the Void Ship.

The golden wheel had a powerful aura, and where it passed, even the Chaos Qi was attracted to form a ripple.

And as the golden wheel came closer and closer to the Void Ship, the people on board clearly felt the threat of death.

“It’s over! It’s over!”

“Someone help me!”

“What to do!”

Lin Ran looked at Qin Bing and was also a little anxious at this moment.

He hadn’t brought a single life-saving item with him when he entered this chaotic space, fearing that all he had to do was die here.

But he didn’t expect that this kind of thing would end up happening.

“I can’t help it, but I’m lucky to die with you!”

There was a hint of despair in Qin Bing’s eyes.

Compared to dying in the Divine Shadow Clan’s lair, she was already content to die here with Lin Ran.

“No, it would be too stifling to die like this, I have a doppelganger but you don’t!”

Lin Ran’s eyes were red.

“You have a doppelganger?”

Qin Bing was stunned.

“Mm!”

Lin Ran nodded his head.

He had a doppelganger himself, so he wasn't worried at all that news from here wouldn't get out, and in fact his doppelganger already knew about these things now.

So what he was most worried about was Qin Bing's safety.

"But what can we do, behind this are three elders of the Divine Shadow Clan, I'm afraid that even if an Immortal Emperor comes, they can only barely fight to a draw!"

Qin Bing said with despair in her eyes.

"There must be a way... there must be a way!"

Lin Ran thought quickly in his mind.

But at this moment, the golden wheel behind him did not give him much time at all.

"Bang!"

There was a sudden loud bang, and instantly the entire void ship directly exploded.

Countless cultivators were all thrown up.

With this blow alone, the original people left were once again reduced by a large percentage.

Lin Ran and Qin Bing held onto each other firmly as they watched the golden light in the distance envelop towards them.

A hint of despair could not help but arise in their hearts.

"Weng!"

Suddenly, just as both of them were about to close their eyes and accept reality.

Suddenly black light emerged out of thin air around them.

In an instant the entire world went silent.

Lin Ran and Qin Bing saw that the entire space around them was actually just the two of them.

"What's going on?"

"I don't know!"

Both of them were a little confused.

Following this a figure emerged not far away, and it was none other than Tie Suan.

Tie Suan also noticed the situation around him, and immediately smiled excitedly.

"There's help there's help, this is the Jedi, no need to die! No need to die!"

Wonder Doctor Chapter 2085

After Hemlock appeared, several more figures appeared one after another, most of them were some of the surviving cultivators.

But compared to the beginning when the crowd had come to the Chaos Space, it was simply too disastrous.

A group of nearly a hundred people had survived, but less than twenty had survived by now.

There were no more sounds of fighting around, suddenly breaking into the Jedi, and Rang Lin Ran Qin Bing and the others had temporarily escaped a disaster.

But everyone knew that getting rid of the Divine Shadow Clan was just a matter of moving from one dangerous place to another.

The degree of difficulty in trying to get out of this kind of Jedi land they were in at the moment was not in any way inferior to fighting with the people of the Divine Shadow Clan.

However, relatively speaking, there was still a certain chance of breaking through the Jedi.

This was because not all Jedi lands were truly unreturnable.

There were some Jedi lands that even held great opportunities.

Lin Ran and Qin Bing soon landed on the ground, the surrounding area was pitch black and it was impossible to see the environment clearly.

Qin Bing found some luminous stones to light up the surroundings a little, and only then did he realise that this place was also barren.

There was not even a single weed on the ground.

Lin Ran found some things that could make a fire and lit a small fire in front of him.

"I'm afraid that we won't be able to get out for a while in this situation now, can your doppelganger find a way to inform Qiqi!"

Qin Bing asked busily, she was most worried about Luo Qiqi right now.

"Already talked to Leng Zhan!"

Lin Jean that said ohhh.

In fact, after learning that Qin Bing and Song Nuan had been betrayed by the Immortal Emperor, he had told Leng Zhan to hurry up and contact Luo Qiqi.

At this time at the Luo Ran Merchant's Guild in Immortal Emperor City, Luo Qiqi had already started packing up her things as soon as she got the news.

The goal of the Luo Ran merchant house in Immortal Emperor City was too big, so many things she had to discard.

In the end, she chose some of the more precious things as well as her close friends and left Immortal Emperor City directly using a hidden formation to rendezvous with the people arranged by Leng Zhan.

“Tell me, what is all this about?”

In the middle of the Jedi, Lin Ran opened his mouth and asked.

At this moment, everyone was trapped here and couldn't get out at all for a while, so it would be better to find out what was going on.

“Mm!”

Qin Bing nodded, and then shouted at Tie Suan and the others at the side.

“Come over here too, you guys!”

All of them were stunned and instantly all came over.

Lin Ran couldn't help but feel a little helpless as he looked at the fact that only so many people were left at this point, the Immortal Cultivation Realm was truly where human lives were like grass!

“You all have the right to know these things as well, but it is up to you to believe or not!”

Qin Bing swept his gaze over the crowd and then said.

“In fact, whether it's us, or you all, we are all just victims of the Immortal Emperor's deal!”

“Victims of a deal?”

“What do you mean by that?”

“That's right! We're just cultivators of the Extreme Dao Realm, what's there to be counted by the Immortal Emperor!”

“Right, senior, what the hell is going on here!”

The crowd was all a little surprised.

Qin Bing glanced at them indifferently, then said.

“Being counted by the Immortal Emperor isn't about what strength you have, it's about what the Divine Shadow Clan needs!”

“This time, it's simply a deal between the Immortal Emperor and the Divine Shadow Clan!”

“When the Immortal Emperor first sent Song Nuan and I and the others to lead a team over, we thought it was to reach out to the Divine Shadow Clan!”

“But we also didn't expect that after meeting the Divine Shadow Clan, the Immortal Emperor's people would simply leave!”

“Later, our group died and were captured, and we were even taken to the divine Shadow Clan's lair!”

“I also had to fight to my death to break out, and then I ran into you guys!”

Speaking here, Qin Bing swept his gaze over the crowd and asked.

“Didn't any of you see anyone from the Divine Shadow Clan handing something over to Fu Chen?”

“No!”

“Yeah, we didn’t see it!”

“I saw it!”

Lin Ran, who was on the side, suddenly spoke up.

“You were all focused on grabbing the chance of the Ten Thousand Fruits Tree, and no one noticed Fu Chen’s departure!”

“The black-robed man who captured us handed something that resembled a tome to Fu Chen!”

“If not why didn’t you say so earlier!”

“Yes!”

The other cultivators were somewhat dissatisfied.

“Told you earlier? Did you guys listen? Didn’t Fu Chen take advantage of your desire to grab the chance before we could all be killed!”

Lin Ran said indifferently.

“Then that’s it, the Immortal Emperor’s true aim is that one tome!”

Qin Bing said.

“Although I don’t know exactly what that tome is, it’s clear that he sold us all out in order to get that tome from the Divine Shadow Clan!”

“And naturally, what the Divine Shadow Race saw was not our strength, but our bodies! They of the Divine Shadow Clan are all soul bodies! If they want to survive in the Immortal Realm they can only rely on our bodies!”

“Or even study how well we fit in with the Immortal Realm to provide direction for their own cultivation in the future!”

Lin Ran’s eyes couldn’t help but chill when he heard this.

“You mean that the God Shadow Clan’s ultimate confrontation is still returning to the Immortal Realm!”

“That’s right!”

“Then the Immortal Emperor should know that very well! This is undoubtedly conspiring with the tiger!”

Lin Ran said.

“So what if you know? The Divine Shadow Clan’s desire to return to the Immortal Realm isn’t something that can be done overnight at all!”

“But the Immortal Realm is yet to be unified! According to my guess, the Immortal Emperor must want to first obtain some kind of powerful force to unify the Immortal Realm!”

“At that time, he will gather the power of the entire Immortal Realm to deal with the Divine Shadow Race!”

“It’s definitely not possible for him to deal with the Divine Shadow Race on his own, so I’m afraid that gathering the power of the entire Immortal Realm is his aim!”

“But these are all your guesses!”

“Right!”

The cultivator next to him said.

“Does it matter if it’s speculation or not? The reality is that we’ve already been sold!”

Qin Bing looked at these people indifferently, and with one sentence, he directly rendered them all speechless.

“No matter what the truth really is, we have to be able to get out of here alive.”

Lin Ran got up and said.

“Now that we have a rough idea of what’s going on, let’s hurry up and find a way out!”

“Getting out alive is the only way to have a meaningful discussion, and if we can’t get out alive, what relevance do things outside have to us!”

“Right!”

“Good point!”

The crowd nodded their heads one after another.

Being able to get out of this desperate situation alive was the most important thing.

If we couldn’t even get out alive, then there was no need to mention anything else!

The crowd began to scatter to find the exit.

The Jedi was too big, so even if there was an exit, it would take a long time to find it!

....

At this moment, in a palace somewhere in Immortal Emperor City.

Immortal King Fu Gu was sitting on the main throne.

“Go! Call Luo Qiqi over!”

Immortal King Fu Gu chided in a cold voice, he had given himself a lot of time, if this Luo Qiqi didn’t know what to do, he wasn’t prepared to be polite anymore.

“Yes, my lord!”

The subordinate sniffed and busily led his men to the Luo Ran merchant house.

But soon a message came back.

“Lord Immortal King, Luo Qiqi has disappeared! The entire Luo Ran Trading Firm has been emptied!”

“What?”

The Immortal King’s face turned extremely ugly at that.

“My Lord, we found a hidden formation inside the Luo Ran Merchant Firm and it has been destroyed, so I think she is.”

“I know!”

Immortal King Fu Gu’s face was icy cold as he sent the men before him out with a wave of his palm, while a black vortex had appeared in front of him, and he was busy running in.

Wonder Doctor Chapter 2086

“Your Majesty the Immortal Emperor is not well!”

Immortal King Fugu rushed into the vortex while he was busy shouting.

“What is so alarming!”

A vicissitudes voice came from the depths of the vortex, as if from an old man in his twilight years.

“Your Majesty, Immortal Emperor, Luo Qiqi has escaped!”

The Immortal King said busily.

“Ran away? When did it happen?”

The vicissitudes of the voice rang out again.

“Just in the past few days, the Luo Ran Merchant Firm in Immortal Emperor City has also been emptied!”

The Immortal King said busily.

“You’ve really let me down with this!”

Cang Sang’s voice was ice-cold and appeared disappointed.

“Your Majesty the Immortal Emperor what now!”

The Immortal King was a little flustered.

“What else can we do, the news must have leaked out!”

“In that case, let’s name the brand!”

The hoarse voice said at once a black light shot out from the front.

The Immortal King was busy raising his hand to catch it, and instantly saw that it was actually a letter talisman.

The amulet had an octagonal shape, with sharp cut edges, and the material was a very rare existence.

On this talisman was the word “Emperor” engraved in a dragon’s flight.

“The word “emperor”!”

Seeing this token, the Immortal King could not help but be stunned, this Emperor’s Decree was the token that commanded the entire Immortal Emperor Domain’s generals and all affiliated forces.

When the Emperor’s Decree came out, the mountains and rivers changed colour!

“Immortal Emperor you are....”

The Immortal King was a little confused.

“The news has already leaked out, so there is no need to deliberately hide it, make it known to the world and enter a state of battle!”

“We will send out our troops against the Alliance in a month!”

The Immortal Emperor’s voice boomed.

“Yes!”

The Immortal King’s whole body shook at the words, he didn’t expect this day to come so suddenly!

“Go!”

The Immortal Emperor said as an aura side filled out, and the Immortal King’s entire body instantly disappeared from the spot.

And by the time he reappeared, he was already back in the palace again.

“Someone!”

The Immortal King’s eyes became icy cold at this moment, and he chided in a cold voice.

“My Lord!”

Two guards immediately rushed in from outside.

“Announce to the world that the generals of the Immortal Emperor Domain should enter a state of battle and march out against the Alliance in a month’s time!”

“Yes!”

The two men were stunned at hearing this, but they still nodded and answered.

....

At this moment, at a place very close to the edge of the Immortal Emperor Domain, a void ship slowly came to a halt.

Followed by several streams of light that quickly rushed up.

“Lin Ran!”

Seeing the black-robed Lin Ran on the void ship, Luo Qiqi was excited.

“I didn’t expect to see you again so soon!”

Lin Ran laughed.

“Yes! I didn’t expect the Immortal King to step up to the plate this time either! But what’s the deal with you having someone bring a message over and telling me to hurry up and leave?”

Luo Qiqi was still a little puzzled.

“I’m afraid the Immortal Emperor is about to make a move! It’s not safe for you to stay in Immortal Emperor City!”

Lin Ran said and told the story of how he had seen Qin Bing.

Only then did it dawn on Luo Qiqi.

“What exactly is the Immortal Emperor up to?”

“I don’t know! But we’ll find out soon!”

Lin Ran laughed.

“Weng.”

Suddenly, there was a buzzing sound throughout space.

Lin Ran and the others couldn’t help but look up at the sky.

Following this, a booming sound resounded throughout the Immortal Emperor Domain.

“People of the Immortal Emperor Domain, from now on the Immortal Emperor Domain enters a state of battle! All the generals and commanders sitting in the Immortal Emperor’s seat get ready!”

“In a month’s time, send out troops against the Alliance!”

“Anyone who is involved with the Anti-Alliance will be killed!”

“The unification of the immortal world is inevitable! Those who disobey the order will be killed!”

The voice boomed, resonating throughout the Immortal Emperor Domain.

Lin Ran, Luo Qiqi and the others couldn’t help but have their entire bodies shake when they heard this news.

“A great war!”

“Indeed!”

“This is too sudden!”

Luo Qiqi couldn’t help but feel a little scared afterwards.

If she hadn't gotten the news and left Immortal Emperor City first, I was afraid that she would have been captured by now.

When the great war began, the wealthy Luo Ran Merchant Firm was bound to become the target of all.

Cultivators would want to grab it, and Immortal Emperors would want to grab it too.

A wealthy emperor's wealth was one of the most important bargaining chips in a war.

"Fortunately, fortunately I got out first, otherwise..."

Luo Qiqi didn't even dare to think backwards.

"Let's go! There's going to be chaos in the Immortal Emperor Domain!"

Lin Ran patted Luo Qiqi's shoulder and gestured for Leng Zhan to continue on his way.

Leng Zhan didn't say anything more, in fact he was also extremely anxious.

The Immortal Emperor had made it known that a great war was about to be launched, and the Anti-Alliance was undoubtedly very nervous as well.

The two forces had not clashed head-on for so many years, and the Immortal Emperor had obviously made all the preparations to start a great war at this time.

The more time one spent in the Immortal Emperor's domain, the more danger there would be.

....

Beast King Domain, in the Beast King Forest!

Zhen Yan stood at the edge of the island with a fierce aura in his eyes.

He had naturally heard the news that the Immortal Emperor had made known to the world.

But the Beast King's Domain served as a buffer zone, and once a great war broke out between the two sides, he would be the one to bear the brunt of it.

The people of Immortal Emperor City would even have to borrow the Beast King Domain at that time.

Therefore, before the real war breaks out, the Beast King Domain is undoubtedly the most dangerous.

The Beast King Domain was very large, and at first the magical beasts were scattered all over the place, but once the news of the Immortal Emperor came out, all the magical beasts immediately rushed towards the Beast King Forest.

Only Zhen Yan was the only one who could protect them under the great battle.

"Pass down the order! Tell all the magical beasts within the Southern Domain to withdraw!"

Zhen Yan's voice boomed, and the news quickly and instantly spread out from the magical beasts outside the island.

A great battle was already unavoidable, and Zhen Yan could only choose to protect the safety of his own clan first.

As for how the fight between the Anti-Alliance and the Immortal Emperors would actually go, he wouldn't think about it for the time being.

If it really came to the end of the mountain and the Anti-Alliance could not support it anymore, only then would he make a move.

After all, if something really happened to the Anti-Alliance, then he, the Beast King Domain, was afraid that he would not be able to support it alone.

"Ai! A great war is about to start, and the living souls are in ruins!"

Zhen Yan sighed, then his body flickered and instantly disappeared in the same place.

....

In the territory where the Anti-Alliance was located, in a palace.

A figure dressed in black robes was sitting on the main seat.

At this moment, below, Ling Sa Long Ya and many other generals were all gathered together.

"What do you all think about the Immortal Emperor starting a great war this time?"

The black-robed man opened his mouth and asked.

"Allied Lord! The Immortal Emperor's desire to destroy us will never die, I think it is time to settle the old scores with the Immortal Emperor back then!"

One of the burly generals spoke up.

"No! Lord, the Immortal Emperor has been hiding his light for so many years, and at this time he has obviously prepared for a great war, I think it is better to be careful!"

"I agree!"

"I also agree!"

More generals still agreed not to engage in direct combat.

"What do you two think?"

The black-robed man looked at Ling Sa and Long Ya.

Long Ya glanced at Ling Sa, who rose with understanding and said.

"I don't think there's any need to rush this matter!"

"First of all, the Immortal Emperor Domain and the Anti-Alliance are separated by the Beast King Domain, let's not mention for the moment that it would be difficult for them to send their troops over with much fanfare!"

"Even if the Beast King Zhen Yan gives way to them, they are still the attacking side, and we still have the advantage in the Anti-Alliance!"

“And the Immortal Emperor is talking about sending his troops in a month, which means he must still have things to do himself and can’t come over straight away!”

“So I’m afraid that this great battle will only be a small-scale clash at first! The time to really break out into conflict hasn’t come yet!”

“Hm!”

The black-robed man nodded at his words and said.

“Ling Sa’s analysis makes sense, but we shouldn’t take it lightly, from now on the Anti-Alliance also enters a state of war readiness!”

“Yes!”

Wonder Doctor Chapter 2087

After receiving Luo Qiqi, the black-robed Lin Ran’s group had also arrived at the place where the edge of the Immortal Emperor Domain bordered the Beast King Domain.

When they arrived at the Beast King Domain again, Lin Ran asked Leng Zhan to turn around and rush towards the direction of the Beast King Forest.

For reasons of reason, he had to go and see Zhen Yan when he passed through the Beast King’s Domain.

If it wasn’t for the other side, it was questionable whether he would have made it out of the Beast King’s Forest alive.

The great battle would not kick off for another month, so there was plenty of time at the moment.

The group took a different route to the Beast King Forest.

Meanwhile, within the Chaos Space.

“What did you say? The Immortal Emperor has made it known to the world that he will send troops against the Alliance in a month?”

The crowd was dumbfounded one by one when they heard Lin Ran say these words.

This was especially true of some cultivators like Tie Suan.

The years they came from were relatively all peaceful years.

Who would have thought that they would run into something like this.

Who would be spared when a great war started and the living souls were charred.

If it was before, they would have been willing to follow the Immortal Emperor and build a career, but now?

They all hesitated.

How could they willingly follow someone who would exchange them for goods for a purpose!

“Looks like it’s right! I really did guess right!”

Qin Bing sighed helplessly.

“All of us are victims of the Immortal Emperor’s efforts to unify the Immortal Realm!”

“What’s the use of talking about this now, trapped in a desperate situation and unable to get out, even if we got out the sky outside would have changed long ago!”

“I should have known better than to make this trip to Chaos Space!”

“Hey! What’s the use of talking about this now, I’d rather be trapped and die here forever, than go out and fight or not!”

The crowd of cultivators all had mixed feelings.

From the bottom of their hearts they no longer trusted the Immortal Emperor.

But they had been born in Immortal Emperor City since they were children, leaving aside those who had come out of hidden families.

Most of them had relatives and friends in Immortal Emperor City as well, and even their choice of camp was naturally on the side of the Immortal Emperor!

But this time.

Lin Ran was also a little afraid to think about it.

Leng Qiu’s Leng Clan, as one of the great clans under the Immortal Emperor, was afraid that this great battle would not be able to go it alone.

If they ran into each other, what would they do?

There was also the Sword Immortal Sect, and even the seven years of Han that one had encountered back then, and so on.

Many things could not be cut off with a single stroke.

The inextricable connections made it a little difficult for Lin Ran to choose.

“It’s up to you to make things happen, just do your best!”

Qin Bing suddenly said.

“It’s useless to talk more now that we’re stuck here, let’s find the exit first!”

“If we can still get out alive, it won’t be too late to choose a new camp then!”

“Right!”

“I agree!”

“I’ll say this first, let’s not talk about camps now, even if we are hostile in the future, at least we must cooperate now!”

“Right!”

A crowd of cultivators said.

Lin Ran and Qin Bing naturally had no problem with this.

The strongest person here was Qin Bing, and since she had expressed no opinion, the others' hearts naturally relaxed.

At this point, there were less than twenty people left, and the group was divided into four groups to start exploring in four directions.

Some were dead lands with no way out.

Some were just extinct lands that had formed naturally during the evolution of the chaotic space.

There were even some that were artificially left behind.

So whether they could get out or not, it all depended on Lin Ran's chance.

This desolate space was pitch-black.

Lin Ran and the rest of the group spread out their divine senses, but they could not even spy out a single thing.

They could only rely on their strength of numbers to keep exploring the surroundings.

And as they explored, some clues began to appear.

Lin Ran and Qin Bing were in a group, leading a few other cultivators.

They walked in one direction and soon saw several huge stone pillars standing on the ground.

These stone pillars were at least as thick as an adult's ring.

And they were densely divided in front of them, all concentrated in one area.

At first glance it looked very much like a pillar similar to the roof pillars in a palace.

"This place was left behind by man!"

Lin Ran was delighted in his heart.

These stone pillars obviously couldn't have been formed naturally, so it could only mean that someone had left them behind.

And the fact that someone had left them behind could prove at least one thing, that this place had once been occupied!

"Go take a look!"

Qin Bing greeted, and immediately rushed over.

Lin Ran followed closely behind with the others.

Soon the group entered the area dense with stone pillars.

There was no longer a top above these stone pillars, and they looked somewhat lonely.

And not long after Lin Ran and the others had entered this area of stone pillars, there were shouts of alarm from one of the directions.

“Come and see, you guys! It seems to be an altar!”

Lin Ran and the others ran over at the sound of his voice.

Sure enough, they soon found an altar in the middle of these stone pillars.

The altar was not large and was badly damaged.

But from the outline, they could tell that it was an altar.

The entire altar was built on a foundation as high as a man.

The steps leading upwards were in a state of disrepair.

Lin Ran and the others carefully went up to the altar and realised that the ground was densely carved with a lot of patterns.

“Is this altar still usable?”

One of the cultivators asked.

“What do you care if it works, the altar isn’t a teleportation formation, we can’t get out either!”

“Not necessarily, this is a Jedi land, suppose someone is trapped here and instead of building a teleportation formation, he builds an altar, what? Are you fed up?”

“Paying homage to his ancestors before he dies? To get the refuge of his ancestors?”

“That...”

“Let’s just wait and see if the other three groups have found anything!”

Qin Bing spoke up.

It made sense for them to say that if someone was really trapped here, they would definitely find a way to get out.

Building the altar was obviously not the right way.

If the other three groups hadn’t gained anything, then this altar was probably hiding some secret.

All of them understood this in their hearts, so they all stopped talking at that moment and examined the altar in front of them one by one.

Lin Ran squatted down and wiped the lines under his feet, and soon discovered a problem.

There was a very thick layer of red substance inside these lines.

When he put it to the tip of his nose and smelled it, the fishy smell was very strong.

He was busy looking up and around and found that there was actually a chain around the altar.

These chains were centred on the altar and spread out in all directions.

Each one was tied to a stone pillar.

It looked very strange.

“Lin Ran, look here!”

Qin Bing came over to the side and lowered his voice.

Lin Ran followed Qin Bing’s gaze and soon saw that on one of the stone pillars, a red trail continued down the pillar and eventually infested the chain.

“Big trouble, this altar will likely require a living creature to sacrifice!”

“And it needs a lot of blood to be inspired!”

“If this altar is really a teleportation formation, then I’m afraid that a good chunk of us won’t be able to leave alive!”

“This...”

Hearing Qin Bing’s words, Lin Ran couldn’t help but feel his scalp go numb.

He turned to look at the other people around him.

At this moment, none of these people seemed to have noticed this.

One by one, they were still observing the altar.

“These people are all companions, using them to sacrifice the altar is something I can’t do!”

Lin Ran said.

“I know, but the point is what if this is the only way to get out?”

Qin Bing said as his eyes went a few degrees colder.

“If you can’t do it, I’ll do it!”

Wonder Doctor Chapter 2088

“You!”

Lin Ran looked at Qin Bing and noticed that she had killing intent in her eyes.

At this moment Lin Ran suddenly felt that the Qin Bing in front of him had some strange feelings.

“There is no need to feel strange, people can become, let alone it has been over a thousand years!”

“In this world where strength is paramount, I’ve seen too many human lives like ants!”

Qin Bing said blandly.

“As much as I don’t want you to be like this, it’s also true what you said!”

Lin Ran said helplessly.

“I don’t want to either, but who doesn’t want to live, and if it really comes to that, I’ll do it!”

Qin Bing’s voice was bland.

And just as the two were talking, Tie Suan was suddenly pulled to one side by one of his men at the side of the altar.

“Boss, we’re in trouble!”

The henchman said mysteriously.

“What do you mean!”

Tie Suan asked with a frown.

“Boss, I’ve seen this altar in a tome before, it’s called the Sacrificial Refinement Formation!”

“To put it bluntly, it’s a kind of teleportation formation, but this kind of teleportation formation is very bloody and requires enough blood to be inspired!”

“I didn’t understand why there was this kind of teleportation formation before, but then I realised!”

“In certain places, there is no way for an unusual teleportation formation to teleport people out at all!”

“For example, inside the Tai Cang Tu, those natives couldn’t leave using an unusual teleportation formation, so they could only build some special teleportation formations!”

“This sacrificial formation is also one of them, I’m afraid that if you want to get out of this Jedi Space, you can only do so through this altar!”

“You’ve said so much, what exactly is the danger!”

Tie Suan was puzzled.

“Boss why have you become stupid, enough blood is needed, at least half of us will have to be sacrifices!”

Hearing these words from his men, Tie Suan froze in his tracks.

He was busy turning his head to look in the direction of Lin Ran and Qin Bing, and his heart couldn’t help but lift at this glance.

“Bang!”

Suddenly, just as Tie Suan was considering whether or not he should go to Qin Bing to pick up on this matter.

Not far away, an explosion suddenly sounded.

Followed by several rays of light in the darkness rising to the sky.

Then a large fire emerged from one of the directions.

Those flames were like a tidal wave sweeping straight towards the direction where Lin Ran and the others were.

The several figures in the sky were also rushing towards Lin Ran and the others.

“What’s going on?”

Qin Bing asked in a loud voice.

“There’s something! There’s something in this place!”

Someone soon exclaimed.

Almost at the same time, several figures in the sky had rushed over, and one of them was drenched in blood.

An arm was already missing.

“What the hell was that!”

Qin Bing asked with a frown.

That man’s arm wound was very bloody, and at a glance it was ripped off hard by something!

“I didn’t see it clearly either, but it might be some kind of magical beast that is very strong!”

The injured cultivator said.

“Take him to rest first, let’s not be separated anymore!”

Qin Bing said.

And at that moment, the cultivators from the other two directions also rushed over at the news.

Nearly twenty people were all gathered on the altar, which was a little crowded.

The crowd looked ahead in unison as the firelight not far away was rapidly approaching.

As the fires came closer and closer, Lin Ran soon realised that they were a little unusual.

This was because these fires were actually not even a hint of temperature.

Under normal circumstances, the fires were so close to him and the others that he should have been able to feel the heat waves.

But the fact was that the fires were close, but the temperature did not change at all.

It was as if they were all cold light sources.

“Could it be that these fire lights were all emitted by those magical beasts?”

Lin Ran was a little surprised in his heart.

As he was thinking, the commotion in front of him was already getting louder and louder.

The firelight was also getting closer and closer with it.

But soon, Lin Ran and the others noticed that after the firelight reached the vicinity of the surrounding stone pillars, it stopped coming closer.

It seemed that the surrounding stone pillars were layered as if they were a natural barrier separating those magical beasts from the outside.

“It’s safe for now!”

Qin Bing turned his head to look at the crowd and said.

But at this moment, Lin Ran noticed that the atmosphere on the altar had become a little off.

Originally, everyone was standing together naturally, but at this moment, they were actually gradually splitting into two parts.

He and Qin Bing were standing on one side, while everyone else was unconsciously standing together.

Some deliberately wanted to stay away from the two, as if they were some kind of monsters.

“What do you guys mean by this?”

Lin Ran asked with a frown as he looked.

“You two have known for a long time that this altar would be sacrificed with blood, right!”

Tie Suan spoke.

Hearing this from him, Lin Ran and Qin Bing were both stunned, clearly not expecting Tie Suan to have actually discovered this matter as well.

“If I didn’t have someone who recognized this sacrificial heaven, I would really have been counted out by you guys today!”

“Although senior Qin is very strong, you guys don’t want to make us a sacrifice!”

Tie Suan said in a cold voice.

“I’ll put my words here, if you guys dare to sacrifice us to this altar, the big deal is that we will explode ourselves!”

“And then you won’t get out either!”

“Did we ever say that we wanted to sacrifice you guys?”

Lin Ran’s face was icy cold, at this moment, there was no telling how many magical beasts were waiting to attack outside.

As a result, there was actually a conflict within themselves.

“Just because you don’t say it doesn’t mean it hasn’t been thought of that way!”

Tie Suan’s face was icy cold and his eyes were full of vigilance.

“Why bother talking to them!”

Qin Bing opened her mouth, the matter had come to this point since Tie Suan and you had also found out about this matter.

She was also ready to take action straight away, lest the night be too long.

“Wait!”

Lin Ran was busy speaking to stop Qin Bing.

“Things are far from going this far!”

“Think about it yourselves, are we really going to kill each other?”

“This altar only needs blood to activate it, but it doesn’t say whether we should use a person’s or anyone’s!”

“What if we use those magical beasts’ outside? It would still be activated!”

“Then everyone will be able to get out!”

Hearing Lin Ran’s words, the crowd was stunned, as if that was indeed the reasoning.

“Why should we be able to trust you guys!”

Tie Suan frowned.

“The short answer is that we all make a Heavenly Oath together, we can’t kill each other, and whoever strikes out at their companions will simply die!”

Lin Ran said.

“You’re crazy!”

Qin Bing was busy stopping Lin Jean.

“What if those magical beasts outside don’t have the means to activate the altar!”

“Then we’ll think of another way! I can’t do something like using my companions to sacrifice the altar!”

Lin Ran said.

“I know you’ve been through a lot over the years, and have been changed a lot by the weakness of the Immortal World!”

“But I don’t want you to really turn into an iceberg!”

Lin Ran looked at Qin Bing and said in a serious tone.

“You!”

Qin Bing was stunned, somewhat unsure of how to respond.

Indeed, this was the Lin Ran she knew.

He came from a doctor's background, and what he harboured was a medical practice, so for him to sacrifice his companions, he really couldn't do such a thing.

"Ai! Suit yourself!"

Finally, Qin Bing still compromised.

"If everyone is fine with it, then let's make the Heavenly Oath!"

Lin Ran greeted, while already touching out a Heavenly Dao stone.

"What about the boss?"

The crowd next to him couldn't help but look at Tie Suan.

Tie Suan thought for a moment and said.

"What else can we do, it's just the only way to get out or we'll have to blow ourselves up!"

"Do you guys want to?"

All of them were busy shaking their heads.

"Then what else is there to say, just make a vow!"

Said Tie Suan with a wave of his palm, and at once a drop of blood had flown towards the Heavenly Dao Stone.

Wonder Doctor Chapter 2089

For safety reasons he didn't come over himself and just used a drop of essence blood instead.

Seeing this, the crowd also began to follow suit.

Lin Ran didn't say much, smiled lightly and raised his hand to press on the Heaven's Path Stone already.

Seeing this, Qin Bing at the side also had to lift her palm and press it on the Heavenly Dao Stone.

The crowd soon made the Heavenly Dao Oath.

After the vow was made, Lin Ran whirled and spoke.

"Since the vow has been made, then let's set off!"

"Let's go!"

Tie Suan greeted, and without any nonsense led the men towards the outside of the group of stone pillars.

Lin Ran and Qin Bing glanced at each other, and immediately followed suit.

Although the group of stone pillars wasn't that big, it was definitely not small either.

At this moment, it was scattered around the altar as if it was a natural barrier, so that those things outside did not dare to enter easily.

Lin Ran and Qin Bing followed at the back of the crowd and soon walked outside the group of stone pillars.

At once a magical beast appeared in front of the crowd.

Lin Ran couldn't help but be stunned as he looked.

The one magical beast that appeared in front of him was actually no different from the one he had seen when looking for the Beast King Domain.

The one magical beast was lying on the ground, born with four legs, and looked very much like a lizard.

"How could there be magical beasts in this place!"

Lin Ran couldn't figure it out.

It was reasonable to say that even cultivators had to be exceptionally careful in a place like Chaos Space, but how could there be so many magical beasts here?

Moreover, looking at this, the magical beasts weren't of a very high strength kind either.

They shouldn't be able to break in at all.

"This isn't an ordinary magical beast!"

On the side, Qin Bing was the one who saw the clues.

"Not an ordinary magical beast?"

Lin Ran was stunned.

"That's right! Look at these magical beasts that have a single horn born on their heads!"

"The root of a magical beast's power is basically in these unicorn horns."

"Very few magical beasts in the Beast King Domain have a single horn, and even if they did have a colour, it wouldn't be this seven-coloured one!"

"I guess these lizards should have been living in this Jedi all this time and have mutated themselves!"

"That's why they have these seven-coloured unicorns!"

Qin Bing explained.

"Have you ever seen this kind of magical beast before?"

Lin Ran asked busily.

"Never seen one!"

Qin Bing shook his head.

"Two of you, make a move?"

Tie Suan turned his head to look at the two Lin Ran.

Here Qin Bing was the strongest, and Lin Ran was not weak either although Tie Suan had never fought with Lin Ran.

But he also knew that if they really fought, he was afraid that it would be difficult for him to win against Lin Ran.

“Let’s try first!”

Qin Bing said.

With a whirlwind step, the entire person took the lead and charged out towards one of the lizards.

Not knowing how strong these magical beasts were, none of the others made any sudden moves.

Instead, Qin Bing went alone to try out the strength of the other party.

Qin Bing reached one of the lizards with an arrow step and raised his hand and instantly cut out with his sword.

The lizard’s reaction was obviously a little slow, its head had just raised and its two blood-red eyes had just seen Qin Bing, when the sword blade had already slashed down.

“Poof!”

There was a muffled sound, and in an instant the sword maneuver had slashed across the lizard’s neck.

What everyone didn’t expect was this.

The lizard’s head actually threw itself away instantly.

It did not even have the strength to struggle and resist.

As the head flew away, a stream of blood spurted out directly.

Qin Bing was quick with her eyes and hands, and her power pervaded out to block all this blood.

However, the moment the power she had gathered around her collided with the blood, a “hissing” sound was emitted.

It felt as if it was being corroded.

“Hmm?”

Qin Bing looked stunned, and hurriedly retreated back to the group of stone pillars.

“What about it?”

The crowd was busy coming over.

Qin Bing frowned and said.

“These lizards are not strong and have an abnormal amount of blood in their bodies, they should be some kind of blood lizards!”

“Try not to hurt them when you guys do it later, the blood in their bodies is highly poisonous!”

“Highly poisonous?”

The crowd couldn't help but suck in a breath of cold air at those words.

But at this moment, even though they knew that these blood lizards were not easy to deal with, they could only rush forward with their heads held high.

At first, everyone was very careful, but soon they realised the problem.

He was already very careful, but a rope still strangled one of the lizards, causing it to burst into blood.

The blood was like strong sulphuric acid, and a puff of white smoke immediately rose from everywhere it passed.

“Looks like we guessed right! The blood used on this altar must be from these blood lizards.”

“The amount of blood inside these things is simply frightening!”

Tie Suan said.

At this moment, everyone else had also noticed this.

Everyone moved their hands with extra caution, afraid that if they were not careful they would leave their little lives here completely.

There were many stone pillars around, and if they wanted to hang blood lizards on each of them, the number needed was undoubtedly very large.

The crowd could only be patient and take their time to capture them.

But let's hope there are no more casualties.

....

Meanwhile, the black-robed Lin Ran, who had arrived at the Beast King Domain, had led the crowd straight to the Beast King Forest.

Zhen Yan seemed to have sensed Lin Ran and the others and had been waiting on the isolated island early.

A day later, a huge void ship appeared on the land near the island.

Lin Jean then flew onto the island with Su Rou as well as Luo Qiqi.

“Kid! You're not too ravishing!”

Seeing Lin Ran return with two great beauties, Zhen Yan was also very happy.

“What nonsense is Zhen Yan talking about!”

Luo Qiqi and Su Rou both gave Zhen Yan a white look at the same time, actually not giving him any face at all.

“It's not enough to say a few words, you, the Chamber of Commerce member Zhang, actually only gave me the discounted price for ordinary members, I still want to have a good chat with you!”

Zhen Yan was very dissatisfied.

“Giving you the normal member’s price is already very good!”

Luo Qiqi didn’t give any face at all.

“Got it, what a good intention, I should have known that this kid’s grave would have to be buried in Immortal Emperor City back then!”

Zhen Yan said.

“Alright, stop bickering, Little Nine and Li and Sky Wolf are back too, you guys talk first!”

Lin Ran smiled as he released the crowd.

He then said.

“Let’s go pay our respects to Master first, we’ll talk later!”

“Mhmm!”

Zhen Yan and the others nodded their heads.

Lin Ran then took Qin Bing as well as Luo Qiqi and left.

The master Lin Ran was referring to was naturally whichever Chaos Immortal was in the void.

After the Chaos Immortal had feathered away in the beginning, Lin Ran had left with his corpse on his back and later flowed to the Immortal Realm.

Next to the tombstone at the beginning was the Chaos Immortal’s.

Soon the crowd arrived here.

Lin Ran looked at the tombstone not far away in his heart and could not help but remember the old days when he had just left Earth.

The time in the vast emptiness.

It was like a dream, and it was a little unbelievable to think about it now.

“Master! Are you alright!”

Lin Ran wiped the stone tablet with memories in his eyes.

“A great war is about to start, and I don’t know how far I can go, I just hope I can not disgrace your reputation!”

Lin Ran said to himself.

The man was already dead, so naturally no one would answer him.

But suddenly, “Bang Bang Bang”

Three fruits fell from above his head, hitting Lin Ran right on the head.

When Lin Ran picked up the fruits and looked at them, he was stunned.

The three fruits were actually the same shade of red.

He got up to look and found that a red fruit tree had grown up next to him at some point.

Most of the fruits on it were green in colour, but only these three that had fallen down were red.

“What are you doing, Master? This is letting three people be found to pass on the inheritance?”

Lin Ran’s seemed to feel an intention in his meditation.

Wonder Doctor Chapter 2090

There are times when the idea of intention is a wonderful thing.

In the past, when he was on Earth, Lin Ran had also come into contact with the feng shui path because of the Xuan Yang Pharmacopoeia.

There was a lot about this kind of mysterious stuff on it.

When he arrived in the Immortal World, although Feng Shui was no longer used, Lin Ran had discovered that the Cause and Effect Reincarnation Path and the Feng Shui Path were inextricably linked.

It was as if in the Immortal World, karma and reincarnation were feng shui.

Therefore, Lin Ran still had the attitude that he would rather believe in such things in the underworld.

“Let’s take on three disciples when we find the opportunity!”

Lin Ran thought to himself.

Whether or not Master was reminding him, or whether he was really thinking too much about it.

Lin Ran felt the need to take on disciples.

It would naturally be best if he could leave the Immortal World in the future.

But if he couldn’t leave, he had to have a lineage of his own, didn’t he!

Moreover, he had come all this way and met many people in the Immortal World, so there would always be some that he couldn’t let go.

Taking on a disciple could also replace him with something later.

“Let’s go!”

Lin Ran poured a pot of fine wine onto the ground, then greeted Su and Luo Qiqi as they headed back.

....

Zhen Yan pulled Xiao Jiu and Li, as well as Tian Lang to chat very much.

They also sort of learned about their experiences of following Lin Ran in the recent period of time.

Especially when he heard that Lin Ran's life was hanging by a thread several times, he was as nervous as a child.

"Seniors!"

Lin Ran also rushed back at this moment with the two of them, Luo Qiqi.

The crowd sat down on the ground and Zhen Yan asked.

"What's the deal with that Thousand Machines Tower? I heard that you used up my Flame Stone at the Thousand Machines Tower?"

"That's right! Speaking of the Thousand Chance Tower, it was actually just a plan of the Immortal Emperor!"

Lin Ran immediately told the story of the Thousand Opportunities Tower.

"Senior, the Thousand Chance Tower has been broken, at least recently the Immortal Emperor has been unable to search for what he wants!"

"Rather, what does senior think of the current situation?"

Lin Ran brought the topic back.

"The current situation?"

Zhen Yan was stunned at his words.

"You should have heard all about it, I've left the entire Southern Domain empty!"

"Hmm!"

Lin Ran nodded his head this whole way over, he had indeed learnt about this.

"Senior, are you going to directly release the Immortal Emperor's army into the Beast King Domain?"

Su Rou on the side asked busily.

"Sort of!"

Zhen Yan nodded his head.

"I can't help it, right now it looks like a three-legged race, but in reality, my Beast King Domain and the Anti-Alliance combined are only barely able to stand up to the Immortal Emperor Domain!"

"There's nothing I can do about it, unless I get the Anti-Union to send someone over to station here!"

"Otherwise I can't possibly take the lives of thousands of demonic beasts to fight the Immortal Emperor in a bloodbath!"

"But if the Anti-Union sends people over, this battle line will be too long, and it won't be good for the Anti-Union either!"

Su Rou was busy saying.

“So yeah, I’ll leave the Southern Domain empty and let the Immortal Emperor send people in, so that the battle line is stretched out not by the Anti-Alliance, but by the Immortal Emperor!”

“Of course, in this way, it’s actually my Beast King Domain that’s in the most danger!”

“After all, who knows if this Immortal Emperor will turn against my Beast King Domain on the spot!”

Zhen Yan said helplessly.

“Then what does senior mean?”

Lin Ran was stunned as he listened.

These words of Zhen Yan were clearly contradictory.

On the one hand, releasing the Immortal Emperor in was bad for the Beast King Domain, but on the other hand, Zhen Yan did it anyway.

There was bound to be some reason for this.

“That’s why I’m also testing it out!”

Zhen Yan laughed.

“Who doesn’t have a bit of a bottom card in their hands when they can triple up?”

“If the Immortal Emperor really strikes against my Beast King Domain when the time comes, I will be able to protect the entire Demonic Beast clan!”

“If he doesn’t make a move against us, I will naturally be happy to watch the show when the time comes!”

“Of course, if the Anti-Alliance is outmatched, I will naturally strike as well!”

“It all depends on how the Immortal Emperor chooses!”

“There are some things that no one can see through until the end, and at the same time, one cannot take a stand too early!”

“People are selfish, not to mention the fact that I’m guarding a huge clan of magical beasts!”

Zhen Yan said as he drank a sip of sullen wine alone.

Lin Ran could understand Zhen Yan’s hardship.

The pressure on Zhen Yan to guard a huge clan of magical beasts by himself was also very great.

Who else would not want to be a man of leisure and happiness.

It was a pity that the stronger he was, the greater his responsibilities would be, and there were things he could not escape.

The people chatted and drank, and it was a good time.

Finally, they managed to hang all the stone pillars with this blood lizard on top.

At this moment, the crowd stood on the altar, each with anticipation in their eyes, just waiting to leave this jedi land after the altar was activated.

“Let’s begin!”

With Qin Bing’s words, all of them moved at once.

Countless attacks were instantly struck out.

They struck towards the group of stone pillars not far away.

Each ray of light was directed at the blood lizard on one of the stone pillars.

Everywhere the light passed, countless Blood Lizards were shaken open.

Blood instantly flowed down the stone pillars and then towards the chains.

These chains and stone pillars seemed to be made of some kind of special material.

The blood of the blood lizard was not able to corrode these stone pillars and chains at all.

Soon, the blood converged along the pillars and chains towards the altar.

In just the blink of an eye, countless blood had already dyed the entire altar floor red.

“It’s about to begin!”

Lin Ran had anticipation in his heart.

The countless amounts of blood soon dyed the entire ground red.

The lines had even become a little unclear.

There was too much blood.

“Weng!”

Suddenly at a certain moment, the entire altar actually trembled.

At the same time, the crowd felt a strange aura fluctuation appear around the altar, rushing towards the crowd and enveloping them.

“Don’t resist!”

Qin Bing spoke up and warned.

Almost at the same time, the strange aura had enveloped the crowd.

Following that, the crowd only felt a blackness before their eyes.

In an instant, they had disappeared from the spot.

The darkness around them did not know how long it lasted.

When the crowd reappeared, the darkness around them had turned into a circle of streams of light.

Countless streams of light converged in one direction.

Lin Ran and the others couldn't help but be stunned by this scene.

"This is a spatial tunnel!"

"We're coming out!"

"My goodness, it's so exciting!"

Some of these cultivators even shed tears of excitement.

The spatial tunnel, they had not just left the Jedi, but they had left the Chaos Space directly.

The spatial tunnel even if they just found a random place to jump out of, at least they would be able to return to the Immortal Realm!

"Be careful!"

Suddenly Qin Bing, who was on the side, spoke up and shouted.

In the excitement of the crowd, they didn't even notice.

On the side of the spatial tunnel, a gap had actually appeared.

A few of the cultivators who were closer and closer were instantly ripped into the spatial rift and disappeared.

"Get out of here! This spatial tunnel was made by the altar, it's very unstable!"

Qin Bing greeted, pulling Lin Ran that and leaving.

At this point in time here they could already roughly sense where they were!

If they found a random place to go out, others wouldn't care, but Lin Ran and Qin Bing were clear.

If they ran to the Immortal Emperor City, they would be caught by the Immortal Emperor directly!

Lin Ran didn't say anything, and together with Qin Bing, they rushed towards the front of the spatial tunnel.

At this point in time, it was already time for everyone to leave separately, so who cared who was there.

Lin Ran and Qin Bing naturally didn't bother with Tie Suan and the others either.
