

Chapter 2101: Feel Sorry For Myself

They had locked their hearts, but neither was willing to give each other the key. They had hoped that the other would take the initiative to open the lock.

“I’ll get someone to investigate this.”

Lu Xingzhi patted Jiang Yao’s head. “Why are you thinking so much now? We’ll know the truth after we find it.”

Lu Xingzhi was not in a hurry to continue. Instead, he pulled Jiang Yao onto his lap. “What would you do if something like that happened to you?”

Jiang Yao shook her head. That question hit the nail on the head.

“Well, I’ll take the photo and ask you to take care of the woman who tried to drive a wedge between us.”

That was because she knew how much Lu Xingzhi loved her.

However, what if it was when she had just married Lu Xingzhi? What if she received such a photo at that time?

She might have thought that Luo Ruoran had made the wrong decision. However, she did not know if she would suffer quietly if it had happened to her. She would probably wait anxiously until Lu Xingzhi told her he wanted a divorce.

Therefore, when Lu Xingzhi asked, Jiang Yao understood that Luo Ruoran’s heart must have been hanging by a thread at the time.

“Sister Ruoran must have been waiting for Big Brother to tell her after her return to the country, but he didn’t do that. So, she became more anxious and afraid. Finally, she broke down and asked for a divorce,” Jiang Yao said. She knew that because Luo Ruoran was a proud person. She would never allow someone to kick her to the curb.

So, Luo Ruoran chose not to ask or say anything. She waited until she could no longer take it before she made up her mind.

“I feel sorry for Sister Ruoran.” Jiang Yao sighed in Lu Xingzhi’s arms. Since Lu Xingzhi said he would get someone to investigate, it was useless for her to think about it.

Her gaze swept over the documents on the table. She looked at the information about Sergeant Hu’s father and a few old, dark-yellow photos. The photos were so old that most faces could not be seen clearly.

However, from the blurry images, she could recognize that they were people in military uniforms. They must be old photos that Sergeant Hu’s father had taken with his comrades while in the army.

Lu Xingzhi pulled his wife’s attention, dissatisfied. He snorted. “You feel sorry for Luo Ruoran? Why don’t you feel sorry for your husband?”

“Feel sorry for you?”

Jiang Yao raised her eyebrows. "Why?"

"I've been abstaining from sex for so long."

Lu Xingzhi looked at Jiang Yao resentfully. He thought he could be intimate with her after he felt better. However, it looked like that would not happen soon.

"I still feel sorry for myself"

Jiang Yao pushed Lu Xingzhi's shoulder. "I have had no appetite for anything for these past few days. Whenever the neighbors make something that smells heavy, I'll throw up like crazy."

Even the medical system could not do anything about that reaction.

"When will it be over?"

How could Lu Xingzhi not feel sorry for her? Jiang Yao threw up whatever she ate. Sometimes, even if she did not eat anything, she would throw up for a long time once she smelled food. She was so different from before she got pregnant.

"It will be better soon."

Then, she yawned in Lu Xingzhi's arms. "I think my parents want to go to Jindo City to see the company Second Uncle and my brother are running. I'll ask Big Ke to buy a plane ticket tomorrow. You've been staying home recently, and I don't have much to do. I don't need my parents to be here with me. It'll be good for them to go to Jindo City for a few days."

Chapter 2102: I Haven't Read Them Yet

"Mom and Dad won't leave you here with me." Lu Xingzhi did not expect to be able to persuade her.

Seeing that Jiang Yao was sleepy, he carried her back to the bedroom. Jiang Yao had been feeling lazy for the past few days; one might even say it was extreme. She felt happy she did not need to walk because Lu Xingzhi carried her. She wrapped her arms around his waist as he brought her back to the bedroom.

"If you're sleepy, rest early. I'll be in the next room. I'll come back in a while. Call me if you need anything." Lu Xingzhi patted Jiang Yao's head and covered her with the quilt. "It's quite cold at night, so don't kick the quilt."

Jiang Yao watched as Lu Xingzhi covered half of her face with the quilt before he left the bedroom. She buried her head in the quilt and wanted to sleep in the dark. However, she narrowed her eyes when her phone suddenly rang. Please support our FreeWebNovel.com

It was Xiao Yuan from the research institute. He told Jiang Yao about the information they had sent to her.

The research institute had recruited many new assistants, and some projects had started. Jiang Yao was interested in some of the projects, so she asked Li Hong and the others to send her some information. She wanted to review them.

She had given them her address at the school, and she had received three things from the research institute since the start of the semester. Occasionally, she would ask Professor Ouyang some questions.

Professor Ouyang knew it was about her research institute and would not ask for details, but he would tell her everything he knew.

“Director Jiang, I’m sorry. The information I gave you was wrong. We had a new batch of interns half a month ago, but I didn’t expect one of them to be so sloppy. As an input clerk, she was not serious about her work and made many mistakes in the printing. When Hong Ke wanted to use the information, she realized it was wrong. Hong Ke lost her temper and fired the intern. Now, she is looking for someone to redo it.”

Xiao Yuan was a little nervous as he said, “Director Jiang, have you read the information?”

He knew that Jiang Yao must have had the information for a few days.

However, no one had received a call from her, so they guessed that she might have been very busy. She might not have read it yet. Otherwise, Director Jiang would have been able to see through the mistakes. If she had seen them, she would probably be as furious as Hong Ke.

The intern was fired for that mistake. However, the research institute had also raised the bar in their assessment due to that incident. The entire institute had to work overtime. However, the expressions of Hong Ke and the others were so cold that no one dared to say a word.

Jiang Yao said, “I haven’t read it yet. I’ve been at home recently.”

“Director Lu mentioned that you haven’t been feeling well recently. Are you better now?” Xiao Yuan was sincere in his attitude toward Jiang Yao.

Jiang Yao was like a family member to them. In addition, Jiang Yao had decisively withdrawn from their last exhibition and saved them from a disaster. They thought of Jiang Yao as their lucky charm.

Jiang Yao said, “It’s nothing serious. I just need to rest for ten days to half a month. I’ll call the school tomorrow to ask if they have received any documents. If they have received it, I’ll get them to send the documents to me.”

Xiao Yuan said, “Much of that document’s data is wrong, so it’s meaningless to see them.

However, there are some things inside that need to be kept secret. After all, they are all information from the research institute. Director Jiang, you don’t have to look at them after you get them. Just destroy them. “.

Chapter 2103: Take A Photo With Me

Jing Yao agreed with that. After hanging up the phone, she thought for a moment before asking Professor Ouyang to accompany her the following day to the school’s communication room. She had to destroy it, even if she did not have to look at it, just as Xiao Yuan had instructed.

Pregnant women would usually get sleepy pretty quickly. Once they were tired, they would feel as if their eyelids would close.

Jiang Yao’s sleep got better. When she woke up, it was already dawn. She turned around and looked to her side. Lu Xingzhi had already woken up.

However, it looked like he had just woken up; the space was still warm. Please support our FreeWebNovel.com

When she heard movement in the living room, Jiang Yao changed her clothes and left the bedroom. She thought their parents had arrived; she did not expect to see Liang Yueze standing at the door.

“Big Brother! Why are you here so early in the morning?”

Jiang Yao exclaimed, thinking that her eyes were playing tricks on her.

“He came for Luo Ruoran.”

Lu Xingzhi mocked Liang Yueze unkindly. “He knew that Luo Ruoran did not buy a direct flight to Jindo City after she returned to the country. Instead, she came here first. He thought Luo Ruoran would stay here for a few days to accompany you, so he rushed here last night.”

“Sister Ruoran has already returned to Jindo City.” Jiang Yao spread her hands. “She only stayed here for about two hours before she left. She said she wanted to return to Jindo City as soon as possible so her family wouldn’t worry.”

Liang Yueze nodded and asked, “Do you have water? Give me a cup of water.”

Lu Xingzhi glanced at Liang Yueze and went into the kitchen to get a cup of water for him.

Liang Yueze took the cup and sat on the sofa. He drank it in one gulp and then raised his hand to rub his temple.

“Are you unwell?”

Jiang Yao walked toward him. “Do you have a headache because you didn’t rest last night?”

“Yes.”

Liang Yueze nodded. Jiang Yao was a doctor, so he could not hide it from her.

“Go and rest after breakfast.” Jiang Yao reminded him. Then, she picked up her phone. She giggled at Liang Yueze and said, “Big Brother, can I take a photo with you?”

Liang Yueze was so shocked that he almost dropped the empty cup. His eyelids twitched, and he looked at Lu Xingzhi, who was standing beside him. His expression seemed to have changed, so Liang Yueze looked at Jiang Yao again. “Why do you want to take a photo with me?”

“Well, I just realized we don’t have any photos together. I took one with Second Brother, but not with you,” Jiang Yao explained sincerely.

“I don’t really like taking photos.”

Liang Yueze did not know how to reject Jiang Yao’s request.

“It’s then. I don’t need a photo anyway,” Jiang Yao replied smoothly and sat beside Liang Yueze.

Liang Yueze had yet to recover from Jiang Yao's request to take a photo with him, but she already sat beside him. She even held his arm intimately. She turned her face slightly and leaned on his shoulder weakly.

That action looked very intimate no matter how one looked at it.

Liang Yueze resisted the urge to jump away and looked at Lu Xingzhi again. He noticed that Lu Xingzhi pursed his lips and did not say anything. However, he did not seem angry. Liang Yueze thought that something must have changed in the world; it was too weird.

Lu Xingzhi was usually very possessive, so why was he indifferent toward Jiang Yao's intimate gesture with Liang Yueze?

Chapter 2104: How About This One?

What was that couple up to?

He had just gotten off the plane early in the morning, and his mind was a mess. Those two must be plotting something against him.

"Big Brother, what are you thinking about? Don't look so stiff! I won't eat you, so don't look so serious. Come, smile at the camera. Smile naturally." Please support our ListnOvel.c0m

Jiang Yao pushed Liang Yueze's shoulder and urged him to smile at the camera. She took a few photos in a row.

Lu Xingzhi stood at the side and curled his lips. He had guessed what Jiang Yao wanted to do, so he did not stop her. Seeing her smile so happily was rare, so he let her be.

Liang Yueze called out to Lu Xingzhi, who was watching the show. "Take your wife away."

"Hold on. Just two more photos. Big Brother, your smile didn't look too good in the previous photos." Jiang Yao urged Liang Yueze to smile more naturally. "I'm just taking a very normal photo with you."

Liang Yueze noticed that Lu Xingzhi did not stop them. Since Jiang Yao did not give up, he relented and smiled at the camera. However, there was no warmth in his smile.

Liang Yueze wondered if pregnant women were prone to hallucinations. Were they always that willful to do whatever they wanted? Did they always have to be so willful?

If that was the case, then Luo Ruoran had missed out on that.

When Jiang Yao lowered her head to look at the photos she had taken, Liang Yueze stood up and left. He did not even eat any breakfast.

Jiang Yao laughed when she saw Liang Yueze running away. "Big Brother probably thinks I'm crazy."

"You are probably right," Lu Xingzhi said to Jiang Yao.

He stood at the side as Jiang Yao took photos with Liang Yueze. Those two even held hands intimately that Lu Xingzhi felt as if he had betrayed his brother. It was definitely a show of love for his brother.

"Are you going to send it to that woman?"

Lu Xingzhi asked as he saw Jiang Yao happily choosing a photo.

“Yes,” Jiang Yao said, “That woman claims to be Big Brother’s new girlfriend. She made Sister Ruoran angry, so I must avenge her. I’ll give her a taste of her own medicine. Her photo is different from the one I took with Big Brother just now.”

Jiang Yao handed the phone to Lu Xingzhi. “What do you think of this one?”

In the photo, Jiang Yao was hugging Liang Yueze’s arm, and her head was on his shoulder. She grinned until her eyes were like crescent moons. Liang Yueze was probably scared by Jiang Yao and was sizing her up from the side. However, the angle of the photo made it look like Liang Yueze was staring at Jiang Yao.

Jiang Yao had just woken up, so her hair was still messy. Her hair covered most of her face when she tilted her head. However, her beautiful eyes were exposed.

Liang Yueze’s face did not look weird because they knew each other. He was even a little indulgent because of Lu Xingzhi.

Lu Xingzhi thought that if that woman wanted to cling to Liang Yueze, that photo would infuriate her.

Lu Xingzhi watched as Jiang Yao sent the photo in an MMS. After that, she muttered in annoyance, “I forgot to include words to provoke her! Well, I’ll have to make up for it!

Jiang Yao typed as she read it out to Lu Xingzhi. She said, “Don’t dream of someone who doesn’t belong to you. If he’s not yours, he will never be yours. What do you think? Do I need to change anything?”

Chapter 2105: Give Me A Suggestion

“Not bad.” Lu Xingzhi felt that Jiang Yao’s words were a little too long-winded.

Jiang Yao rubbed her chin and typed on the phone again. She thought about it and felt that it was too deliberate. It was not good to be so pretentious as if she was in a TV drama.

She looked up at Lu Xingzhi and asked, “Then give me a suggestion.”

Lu Xingzhi pursed his lips tightly, almost forming a straight line. No matter how Jiang Yao looked at him, he did not say a word.

“Give me a suggestion!”

Jiang Yao waited for a few seconds and pushed Lu Xingzhi impatiently. “Hurry up! I can tell from your expression that you have a better idea!”

He did have a better idea, but he was not willing to say it.

Jiang Yao saw Lu Xingzhi’s expression and almost exploded. “Why are you laughing? You’re sneering at me?” She was so angry that she raised her hand and poked his chest twice.

Lu Xingzhi was not angry either. With an indifferent expression, he grabbed her hand and took her into his embrace.

“Lu Xingzhi.”

Jiang Yao called out his name seriously, even including his full name. "Are you looking for a fight?"

How dare he treat her like that?

"That sentence suits you."

Lu Xingzhi laughed softly. "You want me to help you? Fine, then tonight—"

His smile was mischievous. "I'll help you now, but will you help me tonight?"

"What do you need me to help you with? I can help you if I have nothing to do during the day." Jiang Yao did not doubt him. "Do you want me to look at the information you brought back last night? I can help look at it if I have nothing to do. If you have something else to do, you can do that first. Don't stay up so late because you're busy. Do you think you're young? You're already old. You should pay attention to your health."

Jiang Yao scolded him with a serious look on her face. The first few sentences that Lu Xingzhi heard were pleasant because he could feel her concern for him.

However, the last few sentences hurt his ears.

"Old?"

Lu Xingzhi raised his voice slightly with a hint of threat. "Say that again."

Jiang Yao was stunned for a moment and blinked her eyes. She thought that she had stepped on someone's tail.

He hated it when she used such words to describe him. He was always concerned about the age difference between them. He always felt that their age gap was too large. He was afraid that he would not be able to give her the same kind of feelings that her peers could give her.

He was concerned that he was older than her by many years. He was already a young student when she was still babbling in baby talks.

Most of the time, Jiang Yao would not even remember that Lu Xingzhi was that much older than her.

She rubbed her face against Lu Xingzhi and giggled at him. She changed her words. "Even though we are still young, it is not a reason to squander your health. So in the future, you should try to go to bed early. Otherwise, I will be worried about you.'

Jiang Yao's voice was soft as she coquettishly snuggled into his arms. "We must maintain a healthy body, so we can live together until we are a hundred years old.'

Lu Xingzhi's expression finally looked better, and he seemed happier.

Anyone would love to hear good words, especially those from their wife. They would never get tired of hearing it.

Whenever he pretended to be angry, she would throw herself into his arms and act coquettishly. He liked the way she acted. She looked so soft as if she was a marshmallow.

He patted her head. "Give me your phone. Remember, you have to help me tonight..'

Chapter 2106: Help With What?

“Okay.” Jiang Yao did not feel too bad about reading the information, so she nodded and agreed to his request.

Lu Xingzhi said, “You have to do whatever I ask you to do tonight. You can’t go back on your words.”

“Why are you so childish?” Jiang Yao muttered as she glanced at Lu Xingzhi.

Lu Xingzhi did not explain. He took her phone and turned around. He did not show it to Jiang Yao. Then, he typed on the phone and quickly returned the phone to Jiang Yao in a few seconds.

“What did you send?”

When Jiang Yao took the phone, it was already on the main screen. She was curious and wanted to read the message, but Lu Xingzhi took the phone away the next second.

“There’s nothing to see.”

Lu Xingzhi deliberately stuffed Jiang Yao’s phone into the gap between the sofa. Then, he carried Jiang Yao away. “Go to the kitchen. I’ll make you a glass of milk.”

“You go. I’ll wait for you in the living room.” Jiang Yao did not want to go into the kitchen. Ever since she had severe morning sickness, she had wanted to hide far away from the kitchen.

“I didn’t cook anything in the morning, so there’s no smell in the kitchen.” Lu Xingzhi did not discuss it with Jiang Yao; he carried her into the kitchen. He moved to the front as he poured a glass of milk for her. His hands were so skilled nothing could distract him. When he saw Jiang Yao glaring at him, he kissed her eyelids. Then, he smiled.

The milk he poured for Jiang Yao was from imported milk powder for pregnant women. Lu Xingzhi had specially bought that for Jiang Yao. It was something she could still drink despite her morning sickness. She started to drink that soon after she found out that she was pregnant. Lu Xingzhi would make her a glass of milk whenever he was home, and he had gotten very skillful at it.

“I’ll leave the baby’s formula to you in the future.” Jiang Yao shook her head and praised Lu Xingzhi.

“You will be a good father.”

She thought Lu Xingzhi would gladly agree; she did not expect him to look downward after listening to her.

He looked at her chest and thought seriously for a few seconds before saying, “I don’t think my son will need any milk formula.”

Then, he reached out to touch her breasts. “My son will have enough rations, so you don’t have to worry about starving him.”

He thought that she might still have some left for him.

Jiang Yao was stunned for a few seconds, and her ears turned red. She gritted her teeth and stomped on Lu Xingzhi’s foot. “Don’t touch me!”

“Is this a physical examination? Do you have to be so savage?”

Lu Xingzhi’s eyebrows twitched. For a few seconds, he felt pain in his foot. It looked like she was furious.

Suddenly, someone opened the door. Their parents had arrived. The four seniors wondered if Lu Xingzhi and Jiang Yao had gone out. After they entered the house, Mrs. Lu and Mrs. Jiang went to the kitchen. The two of them stopped at the kitchen door.

“What are you guys doing? It’s still so early. Young people these days!” Mrs. Lu scolded the two of them with a smile.

Mrs. Lu and Mrs. Jiang looked in the direction of the kitchen. They could only see Lu Xingzhi carrying Jiang Yao. One of them looked up, and the other looked down. It seemed like they were talking, but it also seemed like they were kissing.

Mrs. Jiang snickered. However, she did not say anything to make fun of the young man. She also wanted them to have a good relationship..

Chapter 2107: He Went Back

Besides, times were different then. The younger generation was more unrestrained in love, let alone a young married couple.

Jiang Yao was so shocked by the voice at the door that she quickly pushed Lu Xingzhi, who was kissing her, away from her. She turned her head and leaned on Lu Xingzhi’s body. She held the cup with both hands and drank the milk with her head lowered.

It was all Lu Xingzhi’s fault! It was all that guy’s fault!

She was talking to him, and suddenly he lowered his head to kiss her. In the end, he became addicted to kissing her.

That was the first time Jiang Yao was caught red-handed by an adult. At that moment, she wanted to hide in a hole.

“You woke up too early today. After drinking the milk, go back to the room and sleep for a while. I’ll call you when breakfast is ready.” Lu Xingzhi knew that Jiang Yao was shy, so he brought her to the bedroom.

Only then did Mrs. Lu and Mrs. Jiang go to the kitchen to get busy.

“You haven’t changed your clothes, so you haven’t left the house this morning. Then why is the door open?” Mrs. Lu asked casually after Lu Xingzhi came out of the bedroom.

“Big Brother came here this morning. Maybe he forgot to close it when he left,” Lu Xingzhi said.

“Liang Yueze? Where is he now?” Mrs. Lu knew her son’s relationship with

Liang Yueze, so she did not need to ask who he meant.

“He went back.”

Lu Xingzhi said, "He must have returned to Jindo City." The man knew Luo Ruoran had returned to Jindo City, so he must have also rushed back to Jindo City.

"Didn't he just arrive in the morning? Why did he go so quickly? He arrived early this morning. Has he had breakfast? Why didn't you make him some breakfast?" Mrs. Lu lectured her son. "To think that you called him big brother. How did Liang Yueze end up with a brother like you? What bad luck."

Then, Mrs. Lu turned around and went back to the kitchen.

Lu Xingzhi did not mind the lecture. His wife was the one who scared the man away, and he did not even get the chance to get Liang Yueze to stay.

Jiang Yao had scared Liang Yueze away quickly. Even if he stayed, Liang Yueze probably would not be able to eat.

He probably thought that breakfast was a banquet.

After breakfast, Lu Xingzhi left. Jiang Yao sat in the living room and listened to the radio with the four seniors. After a while, she remembered that she had to call Professor Ouyang and ask him to help her get the document for her.

She had to look for her phone to make the phone call. Jiang Yao touched her clothes and found nothing before returning to the bedroom. However, after searching the bedroom for a while, she was puzzled and returned to the living room. Seeing Moe asleep in the corner, Jiang Yao walked over and bent down to poke him. "Did you take my phone?"

Moe responded without even looking up.

He was annoyed by Jiang Yao's poke, so he turned around and went to another place to continue sleeping.

"Then where did my phone go?"

Jiang Yao muttered to herself and scratched her head as she returned to the sofa. Just as she was about to ask the seniors to help her look for it, she suddenly remembered that Lu Xingzhi had taken her phone that morning. He had dropped her phone into the gap between the sofa. Support our B0nn0vel.c0m

"Dad, Mom, can you guys get up? I need to look for my phone to make a call," Jiang Yao explained in embarrassment. "Lu Xingzhi dropped my phone into the gap between the sofa this morning."

"Did he do that to bully you?" Mrs. Lu raised her eyebrows. "He has been acting more outrageous recently.."

Chapter 2108: My Man

"How could Xingzhi bear bully her? It's good enough that she didn't order him around." Mrs. Jiang smiled and asked Jiang Yao, "Did you continue to play games and send text messages on your phone, which irritated Xingzhi? Otherwise, why would he drop your phone into the gap between the sofa for no reason?"

Jiang Yao's mother glanced at the gap in the sofa and burst into laughter. "It seems like he was quite angry. He was probably trying to crush your phone by stuffing it so far down."

Jiang Yao stood there with an innocent look on her face. "I didn't mess with him this morning. It's more like he messed with me."

Jiang Yao expressed that she was wrongly accused. She did not mess with Lu Xingzhi on her phone that morning. He inexplicably put her phone into the gap between the sofa. Please support our FreeWebNovel.com

The sofa was also a relatively trendy fabric sofa, so it was not easy to dig into the gaps.

Mrs. Jiang and Mrs. Lu spent a lot of effort helping Jiang Yao get her phone. Jiang Yao checked her phone to see if there were any new messages. She was a little disappointed that there were none.

She did not know what message Lu Xingzhi had sent to the other party. She did not know why the other party was so calm that they did not reply to her message.

Jiang Yao suppressed her curiosity. She did what she had to do and called Professor Ouyang.

Professor Ouyang had been at school for the past few days. When he received a call from Jiang Yao, he readily agreed to her request. "It just so happens that I have nothing to do now. I'll go there and get it for you. If you need it urgently, find someone to come here to get it. If you don't need it urgently, I'll keep it until you return."

"No need, then I'll have to trouble you to take care of it for a while," Jiang Yao said as she thanked him.

"It's a small matter. Take care of your health, and there's no need to rush to school. Anyway, there's nothing urgent here anyway." Even though he was not too happy about Jiang Yao taking time off all the time, he knew that she had to take care of her baby. Professor Ouyang understood that, so he did not urge Jiang Yao to come to class.

After hanging up the phone, Jiang Yao opened the inbox again. The top one was the text message that Lu Xingzhi sent to the woman.

When she opened it, there was only one sentence in it. It was short, but it was enough.

[My man.]

Two words that marked her ownership.

Two words. It was hundreds of times better than Jiang Yao's incredibly pretentious and long string of words.

That was Lu Xingzhi's style. The knife went in, and blood came out. That woman must have vomited blood when she saw it.

Jiang Yao thought that it was a pity. It was a pity that she could not see the woman's reaction the second she received that message.

Jiang Yao carefully savored the two words that Lu Xingzhi used. Then, she opened the photo and looked at it. She held her phone and laughed until she was almost out of breath.

She seemed to understand why Lu Xingzhi stuffed her phone into the gap between the sofa and did not let her see it.

When she and Liang Yueze took the photos, Lu Xingzhi did not stop them, but he seemed jealous. He had to send the picture to another person and even had to write the message. He must have been furious with himself.

When Lu Xingzhi helped her send that text message, Jiang Yao guessed that he must have thought, 'That's okay. She's my woman, but I can lend her to you.'

Of course, he meant Luo Ruoran. He knew that Jiang Yao wanted to avenge Luo Ruoran..

Chapter 2109: Photos

He was so petty that Jiang Yao did not know whether to laugh or cry.

Jiang Yao held her phone and shook her head helplessly. Even Liang Yueze seemed aware of Lu Xingzhi's pettiness and jealousy. That was why he was scared to take more photos with her, so he left hurriedly. Please support our FreeWebNovel.com

"Why are you smiling so foolishly?" Mrs. Jiang asked curiously.

"I'm not."

Jiang Yao hurriedly put her phone away. "I'm going to the study. Xingzhi brought some things back last night. I'll see if I can help him take a look."

Mrs. Lu said, "Just let him take his time. You have to rest. Don't tire yourself out. Go in and take a look for half an hour. Then come out and rest for a while."

She knew that Jiang Yao knew her limits. If it were a secret document from the army, Lu Xingzhi would not have brought it back. Jiang Yao would not have been so tactless as to take a peek. Therefore, Mr. Lu and Mrs. Lu did not give Jiang Yao any particular advice.

Xingzhi's study desk.

It was a photo that she took with him when they were traveling in Lanning. Previously, that photo had been placed in one of his favorite books on the bookshelf. When he was free, he would flip through that book.

In the photo, half of her face was exposed. There was a pair of sunglasses on the bridge of her nose. Her shawl was used to protect her from the sun. Her entire body was on Lu Xingzhi, as lazy as if she had no bones. His hands were wrapped around her waist, and his palms were on her lower abdomen.

She was smiling brightly at the camera, and he happened to be looking down at her.

The photo was taken with the help of another person, who was kind-hearted enough to take a few pictures of her and Lu Xingzhi.

That was Lu Xingzhi's favorite photo from their trip.

Lu Xingzhi liked that photo even more after discovering she was pregnant. That was the first photo of their family. The baby was still in her stomach, but it was already there, and his palm happened to protect the baby from the sun.

When Jiang Yao entered the study the previous night, that photo was not on the desk. However, it was there that morning.

Jiang Yao did not have to think much to know that Lu Xingzhi had taken an old photo frame and framed it to put on the desk. He even placed it in the most conspicuous position on the desk. It was as if he was afraid that no one would be able to see it.

When Jiang Yao saw that photo, she thought of the photo of her and Liang Yueze. Lu Xingzhi had been so jealous.

Jiang Yao rummaged through the more conspicuous positions in Lu Xingzhi's study and could not find the things he brought back, so she went out. She guessed he might have brought them with him when he left in the morning.

However, Jiang Yao was puzzled. He knew that she would help look at them when she was free, so why did he still bring the information with him? He had already asked her to help. Would it not be faster if she helped look at them during the day?

Jiang Yao was mumbling in the study room when Mrs. Lu knocked on the door and called her.

"Your phone is ringing. Professor Ouyang is calling you."

Jiang Yao opened the door to take the phone from Mrs. Lu. She pressed the answer button.

"They said that your documents were delivered a few days ago. Li Hong was there to take her letter, and so she helped you take it. Did you ask her to do that?" Professor Ouyang asked..

Chapter 2110: Someone Is Lying

"No." Jiang Yao had not mentioned it. "Maybe she took it because she saw my name on it. She might not have expected it would take me a long time to return to class. Then I'll go to her place to take it."

Professor Ouyang said, "Changkang Group sent those documents. It's not something that can be given to others easily. It's safer to leave them here."

"Then I'll have to trouble you to make the trip."Please support our FreeWebNovel.com

Jiang Yao was sincerely grateful to Professor Ouyang for thinking of her. She was worried about Li Hong. She was still a playful student. Jiang Yao was afraid that she would leave the document somewhere.

Even though Li Hong was older than her, Li Hong and Jing Mengjie were not more mature than Jiang Yao.

Professor Ouyang said, "If you feel embarrassed, you can do more overtime after your child is born." Obviously, he was too lazy to listen to Jiang Yao's refusal.

Jiang Yao thought that the matter was over. She was relieved that her documents were in Professor Ouyang's hands.

She did not expect Professor Ouyang to call her again 20 minutes later. Li Hong said she did not have Jiang Yao's documents. That day, she went to the office to get her letters, but she did not see Miss Jiang's documents.

The people from the office said that Li Hong had taken the documents, but Li Hong said that she had not touched them.

They thought that it was a strange occurrence.

Professor Ouyang's tone was a little unpleasant. "Did you ask the sender to check if those documents were important? I have a feeling that you might not be able to see those documents again. One party said someone had taken them, and the other denied seeing them. I don't know which person is lying."

"I don't know the details yet, but I received a call yesterday saying that the new intern was not serious in his work, so there were many mistakes in the document. The names and codes were all wrong, but some of the contents were still quite important," Jiang Yao said. "Did you ask Jing

Mengjie? Jing Mengjie and Li Hong are always together. Maybe people at the office mistaken Jing Mengjie for Li Hong?"

Professor Ouyang said, "I asked them all, and they all denied it. Li Hong and Jing Mengjie have been in this school for a long time, so they know many people here. They are one of the medical school's first graduates. Furthermore, the people at the office said that they recognize everyone, including you. They wouldn't be mistaken."

"Then it seems that one of the people in the office or Li Hong is lying," Jiang Yao said.

"The worst-case scenario is that your documents were sold to someone else. I've asked my friend to check if any related institute in the market has received anything in the past few days," Professor Ouyang said.

Jiang Yao said, "I will get someone to check if Li Hong has any extra money in her account in the past few days. If she took the documents, she might have lost them, or thrown them, or even sold them."

If she did sell the documents, she would get a lot of money for them. Even if she received cash, they could still monitor her recent spending.

"I hope the people in the office remembered wrongly," Professor Ouyang said. Otherwise, Li Hong would be too scary.

Jiang Yao would not mind it if Li Hong lost the documents. It only meant that she was too timid to take any responsibility..
