

## Wonder Doctor Chapter 2101

In the Chaos Space Dungeon, the whole space is grey and dark.

Only in some of the attics are there very bright luminous beads for illumination.

And the entire Chaos Space will Underground City can be roughly divided into three areas.

The Observatory, which is the cultivation place, is also the area where people of the lowest level of strength gather.

The highest strength of those who stayed here was the Star Realm.

This is because once they reach the Purple Sea realm, they can leave.

Then there is the gladiatorial arena, which is a place specially prepared for people who cultivate or have conflicts to exchange blows.

No one was allowed to fight anywhere else!

And the third is the Heaven's Chance Pavilion.

Needless to say, the Tian Ji Pavilion was Lin Ran's main destination this time.

However, there was a rule in the Heavenly Mystery Pavilion that one's strength had to reach the Violet Sea realm before one could enter.

Therefore, this was a bit far for Lin Ran at the moment.

The difference between him and the Purple Sea Realm was more than a star and a half.

Apart from these, the most surprising thing for Lin Ran was the area at the observation platform and the gladiatorial arena.

The countless pools of spiritual liquid were simply staggering.

And here, the pools of spiritual fluid were all free to use.

One only needed to pay something called victory points to use them as they pleased.

One point at a time, for an unlimited amount of time!

Even if you only have one victory point, as long as you don't get out, you can stay in there for the rest of your life.

The so-called victory point is to go to a fight in the arena and get one point for each victory, but none for each defeat, and one point is deducted! A draw is no loss to anyone.

Lin Ran was not in a hurry for the gladiatorial arena.

His own hands were limited, and there were few throwers who could fight in the gladiatorial arena now.

And most importantly, he didn't even need to go to the gladiatorial arena right now.

This was because the entire Chaos Space Dungeon was constructed with formations.

So even if he didn't go to the Spiritual Liquid Pool, the original Heaven and Earth Spiritual Artifacts in the space alone would be enough for him to absorb.

Moreover, this was still a Chaos Space, so the auras all carried a hint of Chaos Qi in them.

This might not be of much use to others, but to Lin Ran that was an absolute great use.

His own chaos cyclone was able to constantly devour this chaos qi to grow, which was simply overflowing too much for his cultivation.

After Lin Ran had made his way through the entire Chaos Space Dungeon, he went straight to the vicinity of the observatory.

Right now, for him to be stuck at the Extreme Dao Realm in strength and want to break through to the Hundred Thousand and Eighty Thousand Realms, all that was missing was to cultivate at the Observatory.

Moreover, he believed that as long as he gave himself time.

It was only a matter of time before he could break through.

When he arrived at the Observatory, Lin Ran went straight up to the second level.

The entire observation platform had four levels in total.

They were, respectively, the Extreme Dao Realm, the Hundred Thousand Eight Hundred Realm, the Star Realm, and the Violet Sea Realm!

On top of each layer, there were very many stone monuments.

Each stone tablet was a realm insight left by a powerful person at that level.

For example, Lin Ran was in the Extreme Dao Realm and was now about to strike the Hundred Thousand and Eighty Thousand Realms.

So he went to the hundred thousand eight hundred thousand realms on the second level.

This was because it was on the second level that the stone tablet recorded the realm perceptions of the Hundred and Eight Thousand Realms.

At this time there were many people cultivating here here.

Most of them were in the Extreme Dao Realm on the first level, and only those whose strength had reached the peak of the Extreme Dao Realm would choose to go to the second level to observe the One Hundred and Eight Thousand Realms of Sense Mind.

Lin Ran arrived at the second level and quickly found an unoccupied place to sit down before he began to observe.

The so-called observation was to invade one's divine sense into the stone tablet in front of him.

He could then see the various insights that the person who had left the stone tablet had when he had broken through from the Extreme Dao Realm to the Hundred Thousand Eight Hundred Thousand Realm.

Of course, all these insights can only serve as an aid.

The true extent of their help would depend on each individual practitioner's own ability to comprehend.

It was the first time Lin Ran had watched the process of someone else's breakthrough to the completion of the Hundred Thousand and Eight Thousand Realms.

It was still quite shocking.

And just as Lin Ran's attention was drawn to these breakthrough perceptions.

Two figures also went straight up to the second level of the observatory.

"Qin Fan, I'll talk to you later about where those problems you mentioned earlier lie!"

One of them, a well-built and handsome looking youth, said.

"Alright big brother, let's go! I've already booked a place over there!"

Qin Fan said busily.

"Mhm!"

Qin Zhan nodded his head.

The two brothers, both surnamed Qin, had been seen and taken under the tutelage of a former great power at the same time.

Both of them also had extraordinary natural talents, and had only been in this chaotic space for just three months, and had already risen from the early stage of the Extreme Dao Realm to the peak of the Extreme Dao Realm.

In order to get out as soon as possible, both of them had also been cultivating very hard.

"Hmm?"

Suddenly, Qin Fan, who was walking ahead, stopped in his tracks, and his brows furrowed.

"What's going on?"

Qin Zhan asked, while also walking over.

"Someone has taken our place!"

Qin Fan said, while the aura from his body had diffused out.

"Stop it! The other party is cultivating, if you interrupt it something will go wrong!"

Qin Zhan was busy persuading.

"Big brother, you're just too kind, I've clearly topped this position and the victory points are marked there, but he still did it!"

"This is clearly not putting us brothers in the eye!"

Qin Fan said with icy cold eyes, and an instant aura swept towards Lin Ran in front of him.

Lin Ran was immersed in his senses at this moment.

Suddenly, he felt a strong wind coming from behind him, and his entire body instantly came out of his enlightenment.

“Who!”

Lin Ran let out an explosive shout, while an aura instantly swept towards the back.

“Bang!”

The two auras instantly collided, following which Qin Fan’s entire person could not help but take two steps backwards.

They were using divine sense, and in this chaotic space, it was forbidden to fight anywhere else except the gladiatorial arena!

Therefore, even if they were dissatisfied with the test, they could only use their divine sense.

But clearly, in the exchange of blows just now.

Lin Ran had the upper hand.

“It’s alright!”

Qin Zhan asked as he busily held Qin Fan up.

“It’s fine, this kid’s is very strong beyond the ordinary, it must be at least at the level of the Hundred Thousand Eight Hundred Realm!”

Qin Fan said.

“One hundred thousand eight hundred thousand realms? But his strength is clearly only at the Extreme Dao Realm!”

Qin Zhan frowned and said.

“Probably a divine sense cultivator, such a person can’t be too strong! Too bad we can’t do anything here!”

Qin Fan said, clearly a little angry.

“What do you two mean by that!”

Lin Ran asked with an ugly look on his face, frowning.

“What do we mean? Kid you’re the one who stole our spot!”

Qin Fan said angrily.

“Stealing your place, where does that come from? There was clearly no one here when I came!”

Lin Ran frowned.

“Kid you.”

Qin Fan was just about to speak, but Qin Zhan on the side stopped him.

“Friend you’re new here, aren’t you!”

Qin Zhan asked.

“Right!”

Lin Ran nodded his head.

“Then that’s it, look at the front of the futon, we’ve placed victory points, meaning that this position is occupied!”

Qin Zhandao said.

“O?”

Lin Ran was stunned and was busy looking, and he indeed found a bright spot in front of the futon, which he himself hadn’t noticed at first.

“Sorry, I didn’t really know that, since this swaps to you guys!”

Lin Ran said as he turned around and left!

“Hey me.”

Qin Fan was about to say something else, but Qin Zhan swept him up.

“Don’t rush yet, the new arrivals are all giving away victory points, keep an eye on him and when he goes to the gladiatorial arena we’ll follow him there!”

“It won’t be good to ask for a fight when we’re offended now!”

“Right!”

Qin Fan was delighted at his words, this conflict was nothing compared to the victory points!

## **Wonder Doctor Chapter 2102**

The matter with Qin Zhan Qin Fan was not on Lin Ran’s mind either.

After all, it was his own mistake in the end, not noticing that this futon could actually grab a seat.

However, in this Chaos Space Dungeon, there were not many cultivators of the Extreme Dao Realm, so soon Lin Ran still found a seat and sat down again.

The insights on this observatory were extremely helpful to him.

Originally, Lin Ran was already at the peak of the Extreme Dao Realm, and observing these stone tablets would also allow his realm perception to rise quickly.

He sat on this futon for three whole days.

During that time, Qin Zhan and Qin Fan passed by several times, and when they saw that Lin Ran was always staying here, they could not help but be a little disappointed.

But they were in no hurry, as almost every newcomer was like this.

They would raise their realm to the extreme at the observation platform before moving on to other places.

After sitting on the observation platform for a full week, this day Lin Ran finally stood up from his futon.

And after these seven full days of perception, Lin Ran clearly felt that he had touched the barrier of the Hundred Thousand and Eighty Thousand Realms.

With just a little more effort, he would be able to cross this Extreme Dao Realm and completely enter the Hundred Thousand Eight Hundred Thousand Realm.

It was just that it was easy to say, but it was extremely difficult to actually do.

Lin Ran knew clearly in his heart that the more strength one leaned above, each realm of advancement required very much preparation and accumulation.

And if he wanted to improve in a short period of time, apart from observing these stone monuments, he would most importantly have to go through battles.

At the same time, if one really wanted to break through the Hundred Thousand and Eight Thousand realms, to the even would inevitably also have to find a spiritual liquid pool.

And to use the spiritual liquid pool, it also requires the use of victory points, so in the end this gladiatorial arena no matter what he has to go a set.

“Let’s go to the gladiatorial arena and have a look!”

Lin said with a smile, and then he got up and left the viewing platform.

And just shortly after he left, Qin Zhan and Qin Fan, who were in a state of observation, also noticed it.

The two opened their eyes and looked at each other, then they got up and followed him.

The gladiatorial arena was actually not far from the viewing platform.

All the way over, Lin Ran hadn’t seen many people.

In this cultivation area, most people were cultivating at the observation platform.

Although there were quite a few people in the gladiatorial arena as well, they were almost always two-by-two, and very few people would wander around on the road.

After all, this wasn’t a rest area, and there was nothing else on the streets apart from the spirit pool.

Lin Ran soon arrived at the entrance of the gladiatorial arena, and looking at the majestic and hungry gladiatorial arena, Lin Ran couldn’t help but feel the blood in his body boiling a little.

“This is a formation?”

Lin Ran was stunned, he had very much not been motivated by external things to fight.

And at this moment, standing here, he actually had a desire to engage in battle.

This was clearly due to the fact that there were formations around him.

“Once your senior brother comes?”

At the entrance of the gladiatorial arena, one of the large, sturdy men asked.

This person should be a puppet.

“Mm!”

Lin Ran didn’t nod either.

“Well! Newcomers are given one victory point for free, and if they lose, they can still receive one victory point every ten days!”

The puppet reminded, while a light had shot towards Lin Ran.

Following this, Lin Ran felt an additional thing on him.

That thing seemed to be the so-called victory points here.

Lin Ran could feel that with his own intention, that object could be taken out.

“Thank you!”

Lin Ran arched his hand and said thank you to the other party, and then he walked in towards the gladiatorial arena.

And not a few minutes after he entered the gladiatorial arena, two figures also appeared in the gladiatorial arena, one after the other.

If it wasn’t the two Qin Zhan brothers, who else was it.

“Big brother he’s gone in!”

Qin Fan was a little excited.

“Let’s go in too!”

Qin Zhan greeted, and immediately the two of them followed him in.

The gladiatorial arena had two levels in total.

The first level was the bouting area, and the second level was the resting area.

Lin Ran found a place to sit down on the second level at this time, his gaze already attracted by the huge battlefield below.

The place of engagement below was divided into three separate spaces.

They were the areas of engagement from the Extreme Dao Realm to the Hundred Thousand Eight Hundred Realm respectively.

The area of engagement for the Star Realm Violet Sea Realm.

As well as the area of engagement above the Violet Sea Realm.

Inside the three regions, the third one is almost not always opened once a year.

Most of them are still dominated by the Extreme Dao Realm and the Hundred and Eight Thousand Realm getting.

Occasionally, one could also see that the Star Realm and Violet Sea Realm sparring areas opened.

And at this moment, down below, a great battle was being staged inside the sparring area between the Extreme Dao Realm and the Hundred Thousand Eight Hundred Thousand Realm.

The two people exchanging blows were both at the peak of the Extreme Dao Realm.

One of them was a sword cultivator, while the other was a strong man who used an axe.

In terms of strength, this strong sword cultivator was clearly a little stronger.

Although the other one had great strength and his attacking stances were of the wide-open kind.

But it was the sword cultivator who had the advantage.

“This person using a sword is named Huu Kui, this person came to the Chaos Space Dungeon five months ago!”

“At first, his strength was only at the Three Dao Realm, but now he is at the peak of the Extreme Dao Realm!”

Suddenly a familiar voice came from next to him.

Lin Ran turned his head to look, and it was none other than the two Qin Zhangs.

“Where’s the other one?”

Lin Ran asked with a smile as he glanced at the two men.

Qin Fan wanted to say something, but was stopped by Qin Zhan, who was on the side.

“The other one is named Black Bear, and is considered an old man of this chaotic space!”

Qin Zhan said.

“This Black Bear was also originally a person with incredibly high natural talent, but his heart was too poor!”

“It has been trapped in this Chaos Space forever!”

“It is said that because of an obsession back then, he lost a match in the gladiatorial arena and has been bent on revenge ever since!”

“As a result, his opponent’s talent was even higher than his, and he rose all the way up to finally leave the Chaos Space Dungeon!”

“And because his heart could never adjust, he ended up hanging around all day long until today!”

“Then his strength should have been able to break through to the Hundred Thousand and Eighty Thousand Realm a long time ago!”

Lin Ran asked.

“That’s right, but he couldn’t get rid of his mind, so he just kept stopping here!”

Qin Zhan said.

Lin Ran nodded at his words.

For cultivators, mind demons were the biggest hidden danger, and it was better when their strength was low.

But if one broke through with a heart demon, once it erupted in the future, the consequences would be very serious.

It was not unheard of that one might even die directly because of the heart demon.

“Brother Lin Ran, I wonder who do you think more of in this competition?”

Qin Zhan asked with a smile.

“That black bear!”

Lin Ran said.

“O? Why is that?”

Qin Zhan asked with a smile.

“That’s right, that’s why, it was obvious that that Hugh Kui had the upper hand!”

Next to him, Qin Fan also asked.

“Because this black bear has more experience!”

Lin Ran laughed.

“What’s the use of having more experience, in the face of absolute strength, experience can only delay things for a bit!”

Qin Fan was not impressed.

Qin Zhan on the side, however, shook his head with a smile.

“No, no, brother Lin Ran is right! Besides, there isn’t much of a difference in strength in this match!”

“Don’t you see that this Hugh Kui is not a bad strength, but in front of Black Bear, he really doesn’t necessarily win!”

Speaking of this, Qin Zhan laughed awkwardly.

“To be honest, I also fought this Black Bear back then, and he really has plenty of combat experience!”

“I didn’t lose that fight unjustly! That’s why I never let you take his challenge!”

“This black bear’s battle sense is already fully capable of competing with someone at the early stage of the Hundred Thousand Eight Hundred Thousand Realm!”

Qin Zhan said with a serious look on his face.

### **Wonder Doctor Chapter 2103**

“Brother I think you’re just making a big deal out of it!”

Qin Fan on the side was not impressed.

“What’s so great about a person who doesn’t even dare to break through!”

“No! You’re wrong, that’s what makes him the most powerful!”

Qin Zhan said.

“What does Brother Lin Ran think?”

Qin Zhan asked with a smile.

“Indeed!”

Lin Ran nodded his head.

“It’s useless to break through without getting rid of the heart demon, and the higher one’s strength will only make one’s situation more difficult!”

“By then, if you can’t break through the obstacle of the heart demon, it will all be too late!”

“And not breaking through is the wisest decision!”

“And! Go ahead and brag, you don’t charge for bragging anyway!”

Qin Fan said disdainfully.

“No, brother Lin Ran said it right!”

“If this black bear doesn’t break through, there’s still the possibility of him continuing to reach the top in the future!”

“But if he breaks through, that possibility will become very slim.”

“That’s why this is what makes him so powerful!”

“As long as he can stay up until he gets rid of his heart demon completely, his strength increase will become very fast too!

Qin Zhan said.

“Che, what’s the use of talking so much, at least right now he’s still just a cultivator of the Extreme Dao Realm!”

Qin Fan was not impressed.

Lin Ran couldn’t help but give the two brothers an extra look.

There wasn’t much difference in age between these two! How could there be such a huge gap in their personalities as human beings?

“Bang!”

As the three of them spoke, the jousting arena below the stage had already been divided into a winner and a loser.

Sure enough, after being pinned down by Hugh Kuei for almost a whole match, at the last moment, Black Bear was the one who dealt the fatal blow to his opponent.

And with Hugh Kui’s defeat, the match was declared over.

Lin Ran saw that after Hugh Kui’s defeat, a point of light flew out from his body and then entered Black Bear’s body.

Clearly this should be the so-called victory point.

“Brother Lin Ran, are you interested, let’s give it a go too!”

Qin Zhan issued an invitation, this was the purpose of him following him over.

“Try? Forget it, you’re a hundred thousand eight hundred thousand realms strong, and I only have one victory point, if you take it away.”

Lin Ran laughed.

“Kid you don’t dare! It’s fine to fight me!”

Qin Fan laughed to the side.

His own elder brother’s strength was one hundred thousand eight hundred realms, so it was normal for Lin Ran not to accept.

And he himself was at the peak of the Extreme Dao Realm, the same level as Lin Ran.

If he didn’t even accept his own invitation, it would seem a little too abject.

“You guys are eager to fight me? Is it because you’re thinking of the victory points in my hand!”

Lin Ran asked with a smile, there was no fool in him where he couldn’t see what this Qin brothers were up to.

“Sort of, what are you doing?”

Qin Fan didn’t bother to pretend anymore and opened his mouth to laugh.

“I actually...”

Lin Ran wanted to speak, but suddenly a voice on the side interrupted him.

“Isn’t this Qin Fan, why are you following your brother here to play!”

Lin Ran turned his head to look, and found that the one who had spoken was none other than Black Bear, who was already walking towards this side at the moment.

“What do you mean by following my brother, can’t I just come by myself?”

Qin Fan said in a cold voice.

“Hahaha yes, of course you can come and play, but now is not the time to play!”

Black Bear said and looked to the side and laughed at Lin Ran.

“Brother eye-candy, new here right, are you interested in a game!”

“Me...”

Lin Ran was again just about to answer, but ended up being interrupted by Qin Fan who was on the side.

“A game with you? What’s wrong with bullying a newcomer?”

“Or else you can come!”

Black Bear looked at Qin Fan and laughed.

“It wouldn’t be fun for Black Bear to bully my brother!”

Qin Zhan also spoke up.

“Or else you come!”

“You!”

Qin Zhan was also left speechless with anger.

This invitation to battle was not something he would naturally agree to easily.

He himself had lost to him once when he was in the Extreme Dao Realm.

If he lost today, then he would be a complete laughing stock!

A hundred thousand eight hundred thousand realms of strength could not defeat a single Extreme Dao Realm, and if word of this got out, it would not simply be a matter of shame.

“I’ll do it, big brother!”

Qin Fan’s face was icy cold and he was obviously a little angry.

“No!”

Qin Zhan refused close without even thinking about it.

“Big brother!”

“All right!”

The black bear on the side laughed as he looked on.

“If you don’t dare to take it, please go aside, okay? Don’t delay my business!”

Said the black bear and looked at Lin Ran on the side.

“Kid, take it?”

“Can.”

“Pick up what pick up, I’ll fight you!”

Before Lin Ran could finish his sentence, he was interrupted by Qin Fan on the side.

“You!”

Qin Zhan was stunned, but Qin Fan shot a wink at him, seemingly saying.

“If I don’t fight, this kid’s victory points are going to be taken away by Black Bear!”

Ai!

Qin Zhan sighed helplessly, originally he wanted to earn a victory point from Lin Ran.

But who knew that a black bear would come out halfway and spoil the game.

Now, even if he got victory points from Lin Ran, his brother would still have to lose to Black Bear.

Today was a waste of work.

Lin Ran watched quietly and did not say anything, it was naturally best to have someone to fight for him.

He himself could also learn more about this black bear’s moves.

“Let’s go!”

Black Bear greeted, already taking the lead and jumping off the gladiatorial arena!

“Humph!”

Qin Fan coldly snorted, and immediately followed suit.

The two entered the gladiatorial arena, and soon the surrounding formations enveloped them.

Almost at the same time, Qin Fan had already moved and blasted towards the black bear with a single punch.

However, much of the black bear’s combat experience had turned into instinct.

Facing this punch from Qin Fan, he didn’t even retreat significantly, just dodged it directly with a mere side-step.

“Kid, one move to finish you off!”

Black Bear looked somewhat excited, and after finishing a sentence, his entire body was already charging towards Qin Fan with a stiff and powerful wind.

“Humph! Just by you!”

Qin Fan had a disdainful look on his face as his entire body instantly retreated, his entire body’s aura radiating out as he tried to resist with all his might.

At this moment, on the second level, Qin Zhan was shaking his head as he watched.

“Qin Fan is still too impulsive, this Black Bear’s strength cannot be judged by the surface at all, let’s consider this time as a lesson for him!”

“It’s good to be impulsive, but there are times when you have to learn to hold back!”

Lin Ran laughed indifferently.

Qin Zhan smiled and looked hungry at him, his mouth moved but he didn’t say anything.

While the two men were talking, the stage was already clashing.

The black bear was so powerful that as soon as he approached Qin Fan’s defensive range, the axe in his hand instantly had already struck several times. The moment he approached Qin Fan’s defence, his axe struck several times.

At first, Qin Fan’s defence was still able to resist.

But soon, with a loud bang, Qin Fan’s defense collapsed completely.

Qin Fan’s entire body was like a kite with a broken string and flew backwards towards the back.

His entire body crashed heavily against the formation barrier and spurted out a mouthful of blood at the same time.

“Ai!”

Qin Zhan shook his head as he watched, his own brother’s character was just too impulsive.

“Kid you can’t!”

Black Bear laughed triumphantly, by now the formation had reopened and Qin Fan’s victory point had flown out, directly into Black Bear’s body.

Black Bear pursed his lips seemingly a little unfulfilled.

He turned his head to look at Lin Ran on the second level and laughed.

“Kid, do you dare to come down and fight?”

“Brother Lin Ran don’t go, you’re no match for him!”

Qin Zhan on the side was busy speaking.

However, Lin Ran smiled at his words and said.

“That’s not really possible! And I do need a fight!”

With that said Lin Ran had stood up and the next moment his entire body jumped towards the gladiatorial arena.

This scene caused Qin Fan below to look baffled, he had lost how could this kid still dare to come down!

Did he still think that his strength was higher than his own?

#### **Wonder Doctor Chapter 2104**

“You’re crazy!”

Qin Fan covered his chest and rushed at Lin Ran.

“You go up!”

Lin Ran’s voice was bland.

“You! Ai!”

Qin Fan was helpless in his heart, originally this kid’s victory point was the one he was staring at.

But now it was so good that it was going to be cheap for that Black Bear guy for nothing!

“Kid, your courage can be!”

Black Bear looked at Lin Ran and couldn’t help but lick his lips.

“Not bad, but I quite admire you, to stay in the Extreme Dao Realm for so many years, you’re also a man of great perseverance!”

Lin Ran laughed.

“Cut the crap there! You’re taunting me, aren’t you!”

Black Bear’s face instantly turned icy cold.

“No, I really admire you for being able to stay in the Extreme Dao Realm for so many years in order to break your heart demon, at least I can’t do that!”

Lin Ran said indifferently.

Only then did Black Bear’s brow relax a few degrees as he listened.

“Kid, don’t think that I’ll show mercy just because you say a few complimentary words to me here!”

“When my Black Bear fights, there are only winners and losers, no draws!”

“You’re thinking too much!”

Lin Ran smiled lightly and didn’t bother to say more.

“Humph! Then let me see how much skill you new kid has, don’t lose too quickly!”

Black Bear greeted, and immediately his entire body pressed towards Lin Ran like a mountain.

“Go!”

With a flip of his palm, Lin Ran’s Frost Condensation Sword was instantly pulled out, turning into a sword mane and charging straight towards Black Bear.

“Sword cultivators? That’s quite a lot!”

The black bear sneered at this, and immediately his entire aura filled out as he slashed down towards Lin Ran with an axe.

At this moment, countless sword maces filled the sky and enveloped towards the black bear.

The black bear was not afraid at all, as his entire body was filled with Qi, and the axe in his hand also struck directly at the sword awnings only.

“Bang Bang Bang!”

The two collided, and instantly countless sword mists were directly extinguished.

Although Black Bear’s axe was also affected, in comparison, it was clear that he still had the upper hand.

Lin Ran’s sword mangles were simply unable to block Black Bear’s attack.

“Has this kid gone mad! With this medium strength he still dares to go and fight the black bear?”

Up above, Qin Fan frowned as he watched.

“Don’t be anxious, I can’t see through this Lin Ran either, maybe he has some hidden tricks!”

Qin Zhan said.

“What’s so impervious about it, as far as I can see this kid just doesn’t take the black bear seriously at all!”

“You’ll know how much weight you have after you’ve eaten!”

Qin Fan said disdainfully.

Qin Zhan did not say anything, he knew very well how his brother was.

It was useless to say more, but he himself really felt that this Lin Ran might not be ordinary.

This was the Chaos Space Dungeon.

Anyone who could come here was exceptionally gifted, and he didn’t believe that this Lin Ran would be so impulsive!

As the two were talking, the exchange of blows below the ring had become intense.

Lin Ran’s sword aura was instantly split by the black bear, which also really surprised Lin Yan.

Sure enough, after staying at the Extreme Dao Realm for so long, combat power really couldn’t be measured in terms of unusual strength!

“Heavenly Thunder Out!”

Lin Ran greeted, and in an instant, the Heavenly Thunder Transformation within his body directly diffused out.

Countless heavenly thunder was like a thread enveloping the entire space.

Countless heavenly thunder struck towards him wherever the black bear passed.

“Bang Bang!”

Black Bear was not afraid at all, waving his fist and directly blasting the incoming thunderbolts one by one.

It was as if he had entered the realm of no man.

“This guy!”

Lin Ran frowned slightly as he watched.

His own Heavenly Lightning actually still had no effect on him at all.

“Kid, you really think I’ve been in the Extreme Dao Realm all these years for nothing! A mere heavenly thunder still wants to stop me?”

The black bear laughed coldly, and at the same time, he saw his axe swinging instantly, like a whirlwind, and slashed towards the heavenly thunder in all directions.

“Heavenly thunder can’t stop you, so can you see if this will do!”

Lin Ran’s eyes were icy cold as his entire body’s aura skyrocketed.

Countless divine thunderbolts were drawn towards his body as if they were filaments.

“Heavenly Thunder Transformation!”

The sound rang out, and in an instant, countless Heavenly Lightning had swarmed over him, all of which entered Lin Ran’s body.

And as the Heavenly Lightning entered, Lin Ran’s strength was also wildly soaring.

“Hm? That’s interesting!”

The black bear looked interested, and the axe in his hand was already slashing towards Lin Ran again.

This time, Lin Ran didn’t dodge, and brought his sword towards the black bear.

“Bang Bang”

The two of them fought and instantly became inseparable.

After Lin Ran performed the Heavenly Thunder Transformation, the black bear’s power was gone.

As they fought, the black bear found that he could not help Lin Ran at all.

“This...”

On the first floor, Qin Fan looked a little confused.

He himself had been cleaned up by the black bear in a single glance.

But now this kid Lin Ran had actually fought with the black bear for so long without losing.

Moreover, it was clear that the fight was getting more and more intense.

This strength was already completely above his own level!

“How about that, I wasn’t wrong!”

Qin Zhan said blandly.

“But big brother, how can this kid be so strong! It doesn’t make sense!”

Qin Fan couldn’t help but ask.

“There’s nothing strange, he was calm and collected in the face of your sneak attack at the observatory back then, so he’s obviously someone who has experienced great storms too!”

“On the contrary, I’m very glad now, glad that Black Bear just got there first!”

“Otherwise, it would have been you who lost at this point!”

Qin Zhan laughed.

Qin Fan, who was also listening at the side, had originally thought of getting Lin Ran’s victory points.

Now that they looked at it this way, it was fortunate that they had been robbed by Black Bear before they could make a move.

Otherwise, if they really fought with Lin Ran, it would really be uncertain as to who stole who’s victory points!

“Bang Bang!”

While the two men were talking, the exchange of blows below them suddenly stopped.

Black Bear looked at Lin Ran from afar with slightly narrowed eyes.

“Kid, you’ve really surprised me, but do you think you’re the only one with a secret technique to boost your strength?”

The black bear sneered, while under his skin a red thread began to swim.

And as these red threads swam, Lin Ran could clearly feel that this black bear’s strength was rapidly increasing.

“Beast blood!”

Lin Ran frowned as he looked, he could feel that the black bear’s entire aura was becoming manic, and it was clearly related to those red blood.

“Beast blood has been used, this black bear is really shameless!”

Qin Fan couldn't help but say when he saw it.

Qin Zhan, however, said indifferently.

"It's normal, he knows in his heart that if he can't take down Lin Ran in one go!"

"The further we delay, the more the situation will become unfavourable to him!"

"Where does that come from?"

Qin Fan was stunned to hear this, not quite understanding.

Qin Zhan helplessly shook his head and said.

"Black Bear has stayed in the Extreme Dao Realm for so long after all, if he is defeated by Lin Ran in, I'm afraid he will have another knot in his heart."

"But there's no way this Lin Ran can win! Even the beast's blood has been used!"

"In this gladiatorial arena, there are a few people who can defeat Black Bear even if he uses his base card!"

Qin Fan said.

"Then again it's true!"

Qin Zhan nodded, he honestly didn't believe that Lin Ran could defeat Black Bear either.

But none of this mattered at this point.

Even if Lin Ran did end up losing, he was able to force the black bear to use the Beast Blood Secret Technique.

That alone had already proven his strength.

"This fellow is afraid that he's going to become famous in one battle!"

Qin Zhan thought to himself in his heart.

### **Wonder Doctor Chapter 2105**

Qin Fan was obviously aware of this as well, and his gaze had changed as he looked at Lin Ran.

It couldn't be helped was that this was how the cultivation world was supposed to be, where the strongest were the most important.

Even in this Chaos World Dungeon, this was also the case.

As the saying goes, the master leads one to the door, the cultivation is in the individual!

There was only so much that the great seniors could offer.

But in the end, it all depends on one's own strength as to who can grow up or who can have the last laugh.

It is not possible for a senior great power to accompany you all the way through your cultivation.

So in this Chaos Space Dungeon, those who have the strength are the ones who have the right to speak!

....

“Kid, you’re really making me feel surprised!”

“You’ve only been in this Chaos Space Dungeon for a short while, and you’ve actually managed to force me to use my beast blood, what you have is enough to be proud of yourself!”

The black bear’s voice was icy cold.

Lin Ran smiled at his words, however.

“You’re not bad either, being able to force me to use the Heavenly Thunder Transformation is not bad at all!”

“Hmph! Arrogant!”

The black bear let out a cold voice, and didn’t bother with any more nonsense as he copied the huge axe in his hand and directly came towards Lin Ran to kill him again.

Lin Ran stood still and watched quietly, he could feel that at this moment, Black Bear’s strength had also significantly surged.

It was almost cancelled out with his own Heavenly Thunder Transformation secret art.

But round the bottom of the deck, Lin Ran really didn’t serve anyone.

“Since that’s the case, then let’s have some fun!”

Lin Ran said as a smile appeared at the corner of his mouth.

In the next moment, the Chaos Qi whirlpool within his body began to rotate wildly.

Countless amounts of Chaos Qi gushed directly into Lin Ran’s entire body as if the floodgates had opened.

Lin Ran literally felt his entire body’s power rapidly skyrocketing.

“Hm? There’s still a secret technique?”

The black bear on the side saw this scene and his entire body froze.

He didn’t expect that after he had cast a secret technique, this word brat actually had a secret technique.

“Get a good taste of my full strength!”

Lin Ran laughed, it had been a long time since he had pressed to bring out his full strength.

This time, he decided to exert all of it.

If he couldn’t overwhelm Black Bear from his aura, then his hope of winning was very slim.

Black Bear had so much combat experience that there was almost no chance of grinding slowly with him.

That was how that sword cultivator had fallen before.

That was why Lin Ran had started off with all his firepower.

Even after facing the black bear with the Beast Blood Secret Technique, he didn't hesitate.

He directly cast out his Chaotic Cyclone of Qi power as well. , , and

Feeling the strength in his entire body, Lin Ran couldn't help but smile as well.

The feeling of his body being filled with strength made him incredibly comfortable.

Is this what it feels like to be a strong man?

Lin Ran couldn't help but laugh.

At least in the Extreme Dao Realm, he really hadn't feared anyone!

And this black bear was a respectable opponent for his strength.

Lin Ran was prepared to fight well once to see if he could catch that glimpse of a breakthrough.

"Go!"

As he was thinking in his mind, the black bear in front of him was already slashing over with an axe.

His axe carried a furious force and smashed towards Lin Ran in an instant.

"Go!"

Lin Ran flicked his finger, and instantly a sword mane coalescing from his finger slashed directly towards the black bear.

"Hm?"

The black bear saw a slight frown.

This wisp of sword mane looked bland and even a little inconspicuous.

However, it was this wisp of sword mane that could cause a feeling of fear to anger him in his heart.

Instinctively, it made him not want to collide with this wisp of sword mane.

"Shock and awe? Good tactics!"

Black Bear coldly snorted, and the next moment the huge axe in his hand was already slashing towards that sword mane.

He didn't believe that a kid who had just arrived in Chaos Space could drive himself into fear.

Even if he attacked, he wouldn't be able to.

"Go!"

Black Bear shouted explosively, pushing down the fear in his heart as the giant axe in his hand had already reached the sword mane.

“It’s going to come to fruition!”

Above, Qin Zhan watched with some excitement, while Qin Fan on the side couldn’t help but gulp down his spit.

Although he was only a spectator at this point, he was already feeling frightened in the face of these two attacks in front of him.

It was the instinctive fear of life, as if these two attacks were to fall on him.

It was as if there was no way he would be able to block them.

“This kid is too strong!”

Finally Qin Fan admitted it anyway.

“You should be glad now, glad that we didn’t seek to fight him, or you would have lost out!”

Qin Zhan on the side was busy saying.

“Right, right! Fortunately, we didn’t fight him!”

Qin Fan also couldn’t help but feel a pang of fear at this point.

While the two of them were talking, in the gladiatorial arena below, an axe and a sword mane had already clashed together.

“Rumble!”

The two collided, and instantly a wave of power rushed in all directions with the two as the centre.

Lin Ran’s entire body was brushed by the blowing of his robes.

But he stood motionless in his spot.

The Sword Mantle that was created by the Heavenly Thunder Transformation and the Chaotic Qi Swirl together could already be considered his strongest strike.

If even this blow could not stop the black bear, then he would have to admit defeat.

Crazy aura fluctuations permeated everywhere around him.

Even Qin Zhan and Qin Fan could see that in the middle of the field of battle between this Extreme Dao Realm and the Hundred Thousand Eight Hundred Realm.

The formation barriers around them were all rapidly swaying this.

It seemed as if it would be broken through at any moment.

Qin Zhan couldn’t help but gulp his saliva.

“These two people are really strong! They are simply perverts!”

Qin Zhan did not doubt for a moment that if there were himself below at this moment, then I was afraid that he would have already lost.

Although he was a hundred thousand eight hundred thousand realms strong.

But in the end, he was only at the early stage of the Hundred Thousand Eight Hundred Thousand Realm.

Whereas the two people below this, who were merely at the peak of the Extreme Dao Realm, were both already strong enough to fight against the early stage of the Hundred Thousand Eight Hundred Thousand Realm.

“Bang!”

As the aura around them quickly dissipated, a dull sound followed.

Qin Zhan and Qin Fan were busy looking, and with this look both of them were stunned.

They saw that in the gladiatorial arena below, Lin Ran was still standing with his hands in the air, while at this moment, not far away on the opposite side, Black Bear had fallen to the ground.

Even the axe in his hand had fallen to the side.

“You’ve lost!”

There was a hint of satisfaction in Lin Ran’s eyes.

The effect of his own full force strike still made him very satisfied.

“Who the hell are you!”

The black bear looked at Lin Ran with resignation in his eyes.

“Lin Ran!”

Lin Ran said indifferently.

“What Lin Ran, I’ve never even heard of you, which former great power are you a disciple under!”

Black Bear had stood up by now and asked with a frown.

Lin Ran, however, smiled blandly and said.

“No comment, thank you for the victory point!”

Lin Ran said and turned to leave, while a ray of white light also directly entered his body.

He could feel the white light inside him had turned into two.

“Congratulations, Brother Lin Ran!”

Qin Zhan rushed towards Lin Ran and said with an arch of his hand.

Lin Ran, however, smiled and said.

“Thank you, next time we have the chance we have to and can try to fight, but now I have to go!”

With that Lin Ran directly left the place.

Qin Zhan and Qin Fan looked at each other the same, their faces filled with embarrassment.

“A sparring session? And next time?”

They weren't stupid, with such strong strength as yours, who would want to cross swords with you, too much for their victory points!

....

Leaving the gladiatorial arena, Lin Ran rushed straight towards the observation platform.

At the same time, his face became very grave.

At this moment, he could feel that he had touched the opportunity to break through the Hundred Thousand and Eighty Thousand Realms.

But what worried him was not here, but the Anti-Alliance.

Because at this moment, outside, the army dispatched by the Immortal Emperor had already started to set off.

In five days' time at most, they would be able to arrive at the area where the Anti-Alliance was located.

### **Wonder Doctor Chapter 2106**

In the hall of the Anti-Alliance, Lin Ran and the others were gathered together.

The Lord of the Alliance was even at the top of the list.

“Do you all have anything to say?”

The Lord of the Alliance opened his mouth and asked.

“Lord of the Alliance, it is imperative to find out exactly who the other side has sent over with a team this time!”

One of the generals spoke up.

“Right! We haven't figured out this matter until now, it's too passive!”

A general next to him also spoke up.

“Then who will be dispatched?”

The Lord of the Alliance asked as he swept his gaze across the crowd.

For a moment the entire hall was actually silent.

“The scouts scouting for information can't even figure out who the other side's generals are, sending someone to scout is actually the same meaning as waiting for them to attack!”

“It's just that we can't figure out who the other side is leading, making us very passive!”

“But going to spy out information is something that still has to be done!”

“But at the same time, we must also ensure that there will be no casualties, and we must also deal the other side a heavy blow!”

The Lord of the Alliance said.

The situation at the moment was indeed very passive for the Anti-Alliance.

Not knowing who the opponent’s general was, they rashly sent people over.

If they were not as strong as the other side, they would probably be killed outright, losing a battle general before the great battle had even begun.

It was like the Immortal Emperor’s side with the Bladeless Sword.

But if the strength sent there was too strong, it would probably cause the Immortal Emperors to retaliate wildly, which would also speed up the white-hot nature of the war at that time.

This was obviously something the Lord of the Alliance did not want to see either.

“This matter won’t work let me do it!”

Suddenly Lin Ran, who was sitting on the side, got up and said.

“You’re going to do it?”

The Lord of the Alliance and the others were all stunned.

“No, your strength is too weak!”

Someone next to him said directly.

“Right! We don’t mean to look down on you, it’s just that your strength at the Extreme Dao Realm is really a bit inadequate!”

Everyone had one thing to say.

Lin Ran also understood what everyone was saying and laughed.

“It’s precisely because I only have the strength of the Extreme Dao Realm that it’s most appropriate for me to go!”

“Moreover, I only need to go by myself!”

Lin Ran said.

“Go by yourself?”

“Are you crazy?”

Long Ya and the others were instantly anxious.

Going by yourself wasn’t that simply going to seek death!

“Lin Ran you stop it!”

On the side, Ling Sa was also busy saying.

“I’m not making a scene, I’m serious about what I’m saying!”

Lin Yan said as he looked to the crowd.

“I’ll go by myself, firstly strategically defy the enemy!”

“Secondly I will take Qin Bing with me!”

“That way, if the other side is very strong, we won’t be left without a way back!”

“This mission was supposed to spy on who the other side’s general really is!”

“So that we can provide direction for our next deployment!”

“If the other side’s strength isn’t too strong, then naturally we won’t directly kill in order to avoid causing the Immortal Emperor to put a face to a complete war!”

Lin Ran’s words said that the crowd could not help but nod their heads.

Indeed, if this was the case, it would indeed be the safest!

Moreover, with only Lin Ran and Qin Bing acting, it was undoubtedly the best in terms of maneuverability as well!

“This solution will work!”

The Lord of the Alliance spoke up.

“Wouldn’t it be the same if I went!”

Lin Ran, who was next to him, suddenly said.

It was so hard for the crowd to meet up with Lin Ran, she really didn’t want Lin Ran to risk his life.

Moreover, the current Lin Ran a doppelganger was still in the Chaos Space Dungeon.

It was still unknown if he would be able to come out, and if Lin Ran were to risk himself, if there was a problem.

She really didn’t know if she would be able to hold on!

“Do you think I would let you go?”

Lin Ran looked at Ling Sa, she thought so, how could Lin Ran not.

“It’s best to listen to the Lord of the Alliance on this matter!”

Lin Ran looked to the Lord of the Alliance at the side.

The Lord of the Alliance also understood what they were doing, and after thinking for a moment, he said.

“This time, let’s go with what Lin Ran said, Qin Bing please go with him!”

“Mhmm!”

Qin Bing nodded his head.

On the side, Ling Sa and Long Ya were a little worried.

Lin Ran didn’t know how to persuade them either.

At this time, with a great war on the horizon, there was simply no time to talk about children’s feelings either.

If they could not survive this great battle, it would be futile to say anything.

Having made up his mind, Lin Ran immediately took Qin Bing and set off.

Although Lin Lin and Long Ya were worried, they knew that this was the best way to go for now.

Although the entire Anti-Alliance also had cultivators of the Extreme Dao Realm.

But in terms of combat experience and experience, there weren’t many who could compare to Lin Ran.

After all, this guy had been through a battle before when he was on Earth.

◦ ◦ ◦ ◦

The first thing you need to do is to get a good idea of what you’re doing.

And at this time, in the Chaos Space Dungeon, Lin Ran’s name had already spread.

He had just entered Chaos Space in just a few days, but had already defeated the Black Bear.

This battle record was something that many cultivators were unable to achieve.

After this incident, the two of them, Qin Zhan and Qin Fan, had gained a new understanding of Lin Ran.

They wanted to get close to Lin Ran, and it would be best if they could make a good relationship.

However, Lin Ran simply did not have that kind of time at this moment.

He had been here on the observation platform for three days since he left the gladiatorial arena.

After the battle with the black bear, he had gained a deeper and deeper understanding of his Hundred Thousand Eight Hundred Thousand Realm.

It seemed that he could break through to the Hundred Thousand and Eighty Thousand Realm at any moment.

“Phew!”

Suddenly, Lin Ran opened his eyes on the futon.

At this moment, his entire body had a seven-colored light flowing through it.

There were even dense streams of light in his eyes again, making his entire body look extremely extraordinary.

“Is a breakthrough finally coming after three days of observing?”

There was excitement in Lin Ran’s eyes.

From the time he entered this Chaos Space Dungeon until now, it had only been just under half a month.

At this moment, the strength was finally about to break through.

“This Chaos Space is truly extraordinary, who’s going to go find a spiritual liquid pool!”

Lin Ran got up, with anticipation in his eyes.

A breakthrough at a large level was undoubtedly the fastest with the help of a spirit liquid pool.

And as he now had a full two victory points, playing with where to go could satisfy his needs.

Getting up, he rushed towards the Spiritual Liquid Pool.

And at this time in the Beast King Domain.

Lin Ran was also finally leading Qin Bing to meet up with the vanguard army sent by the Immortal Emperor.

At this moment, on a hill only, Lin Ran stood with his hands folded.

Below him, countless armoured generals were like a torrent, marching towards the Anti-Alliance in great numbers.

In the midst of the crowd, a huge chariot stood out.

It was pulled by two fiery red magical beasts in front of the carriage, which was incredibly stylish.

“Make a move?”

Lin Ran asked in his mind.

“I think there might be a problem, the other party is intentionally concealing their identity, and there’s no one within this chuck wagon!”

Qin Bing reminded.

Lin Ran nodded at his words, and then said.

“I have an idea, but it will have to wait!”

“What solution?”

Qin Bing asked busily.

Lin Ran smiled and said.

“Make a fuss over the Vanguard!”

With that Lin Ran retreated.

.

“My lord, it’s only a day’s journey down from the Anti-Alliance!”

In the crowd below, a general whispered.

“Hm! After going half a day everyone will repair and arrive at the Anti-Union overnight for a direct battle!”

A general in ordinary armour at the front of the group said.

“Yes my lord!”

The man at the back nodded and quickly sent the news out.

Clearly, the other side was truly prepared.

If Lin Ran had rashly made a move, he was afraid that he wouldn’t be able to pry out any information at all.

However, Lin Ran had a plan in mind, it seemed that his solution was perfect.

### **Wonder Doctor Chapter 2107**

In the chaotic space, Lin Ran had entered the spirit liquid pools.

There was a separate formation around all the spiritual liquid pools.

This formation could, on the one hand, bring together the surrounding Heaven and Earth True Qi, thus forming the spirit liquid.

And on the other hand there was the effect of accelerating time.

Although the acceleration time was not very high, it was something that could shorten the time of the cultivator.

Especially at this moment, this amount of time was simply too important to Lin Ran.

The light on the surface of his body flowed, and countless spiritual fluids flowed down Lin Ran’s limbs and bones and entered his body.

And with each flow of spirit liquid, it seemed to carry a different aura.

Was this side the feeling of a hundred thousand eight hundred realms?

Lin Ran’s eyes were closed, and he couldn’t help but feel very emotional in his heart.

Although he hadn’t broken through at this point, the feeling of the Hundred Thousand Eight Hundred Thousand Realms was something that had already made him experience what the difference between the heavens and the earth meant.

There was a natural difference between the Extreme Dao Realm and the Hundred Thousand and Eight Thousand Realms.

Below the Hundred Thousand and Eighty Thousand Realms, they were known as bottom-level cultivators.

From the Hundred Thousand Eight Thousand Realm to the Violet Sea Realm, they were known as mid-level cultivators.

And only before the Little Perfection Realm to the Half-step Immortal Realm were they called upper level cultivators.

Those who stand at the top of the pyramid in the entire cultivation world are those who are quasi-immortal, immortal and immortal emperors!

The most fundamental reason why the difference between the Extreme Dao Realm and the Hundred Thousand and Eighty Thousand Realms is so great is because of the enhancement of the practitioner's essence between the two.

There are only three dao in the Extreme Dao realm, even if some geniuses themselves are perceiving a few more.

That is only seven out of ten!

Lin Ran, for example, only had four or five dao.

But a hundred thousand eight hundred thousand sutras was a genuine hundred thousand eight hundred thousand dao.

Although there were so many dao, the cultivator himself might not even delve into them all.

But with so many dao, just understanding some of them after a breakthrough would cause their strength to take a qualitative leap.

Lin Ran had countless spiritual fluids swimming around in his body at this moment.

Each spirit fluid represented a dao.

Although he hadn't completely comprehended and mastered it yet.

However, this feeling of possession already made his entire body feel like his strength was rapidly soaring.

....

At this time in the Beast King Domain, on top of a hill.

The group of generals below the night had stopped advancing.

They began to recuperate in place.

At this moment, this place was just less than half a day's journey away from the Anti-Alliance.

"What exactly is your solution? They're going to reach the Anti-Alliance soon!"

Qin Bing was a little worried.

If they waited until they arrived outside the Anti-Union, it would obviously be a bit late to make a deployment by then.

“Don’t panic right away!”

Lin Ran said, looking down quietly as a cold look flashed across his eyes.

“Alright!”

Suddenly, Lin Ran’s entire aura instantly changed.

“You!”

Qin Bing also sensed Lin Ran’s difference and immediately retreated from his storage space.

“You take over here and find their leader at the same time! I’ll take care of the rest!”

Lin Ran said as he had already dashed towards the large army camp below in a flash.

“You take care of yourself!”

Qin Bing busily reminded.

Lin Ran guffawed and his entire body was already rushing towards the bottom.

“What people?”

As soon as Lin Ran rushed out, there were shouts of alarm from below.

Following this, the lights of the entire camp went cold.

At the same time some cultivators even rushed over from all directions.

“What people?”

Lin Ran looked at the crowd below and laughed.

“The man who gave you all gifts!”

“Lin Ran! He’s Lin Ran!”

“Lin Ran? The one who killed the Bladeless Sword?”

The crowd below had also noticed Lin Ran, and some even recognized him outright.

“That’s not right, I’ve heard that Lin Ran isn’t very strong! How could he have killed the Bladeless Sword!”

“He didn’t kill him, it was that traitor Qin Bing!”

“Qin Bing? She’s not here too, is she!”

“Who knows!”

There was a lot of chatter from the crowd below.

Seeing this, the surrounding cultivators suspended in mid-air knew that they could not wait any longer, or else the army might be in disarray later.

“Strike!”

It was unknown who shouted, and at once the entire mid-air only on the cultivators killed towards Lin Ran.

There were so many of them, even if Lin Ran did have helpers, I was afraid that they would have to die here.

However, in the face of the crowd’s siege, Lin Ran did not care at all.

There was even a faint smile on his face at this moment.

“Seeking death!”

One of the cultivators who rushed in front of him smashed a magic weapon in his hand towards Lin Ran in an instant.

Lin Ran saw this but smiled, and the next moment his entire body’s aura surged.

Following this, countless streams of light rushed out from all directions around him as if they didn’t want money.

The countless streams of light lit up the entire night sky as if it was daylight.

Almost at the same time, countless streams of light shot up into the sky.

Following this, thunder clouds began to roll across the sky.

“This.... This is a thunder tribulation!”

“This kid is about to break through!”

“Oh my god, this is a hundred thousand eight hundred thousand realm thunder tribulation!”

The crowd below was dumbfounded.

A hundred thousand eight thousand realm thunder tribulation, that was extremely powerful!

The lightning tribulation of the Hundred Thousand Eight Thousand Realm, as well as the two strength breakthroughs of the Violet Sea Realm breaking through the Little Perfection Realm, were both extremely powerful.

And at this moment, once Lin Ran’s lightning tribulation of the Hundred Thousand Eight Thousand Realm came out.

Immediately, the people below completely exploded.

Even the group of cultivators who had originally charged towards him began to quickly retreat at this point, not daring to approach at all.

“I’m going to start!”

This madness in Lin Ran's eyes later, after waiting for so many days, he was waiting for this moment of breakthrough.

"Rumble!"

Above the sky, countless thunder clouds rolled over, sweeping directly towards Lin Ran below.

And at the same time, Lin Ran's entire body began to move quickly.

He quickly rushed into the crowd below, and the countless thunderclouds in the sky stayed locked onto him.

Under his rapid charge level, the countless thunder mangles followed him as he pulled back and forth, strangling countless armored generals directly into powder wherever he passed.

"This! Run, run, run!"

"Help! Help!"

In the face of the terrifying thunderstorm, these people had no chance of resisting!

In just one breath, a full tenth of the armored generals below had been sacrificed directly.

The eyes of the commander in the crowd instantly turned red as they watched this scene.

"Chaos stop!"

A violent shout rang out violently, while a figure shot up into the sky.

He held a red lance in his hand and instantly came towards Lin Ran to kill him.

"Lin Ran has found it, it's the man-eater, Zhentian General He Fang! I didn't expect the vanguard unit dispatched by the Immortal Emperor to be led by him!"

Qin Bing transmitted a voice.

"You know him?"

Lin Ran asked.

"Mm! This man is a great general sitting under the Immortal Emperor, and his strength is at the peak of the Violet Sea realm!"

"He had been in charge of the Immortal Emperor City's defence before!"

Qin Bing said.

"In that case, you don't need to make a move, our mission is complete!"

"We'll rip when the lightning tribulation is over!"

Lin Ran said.

The other party was at the peak of the Violet Sea realm, so naturally he couldn't be his opponent.

But at this moment, there were thunderstorms around himself.

This Heaven-shaking General He Fang couldn't do anything to himself at all.

As long as he left early, he would be fine.

Thinking of this, Lin Ran stopped talking and rushed towards the densest part of the crowd below at full speed.

"Bastard! Lin Ran stop!"

Zhentian General He Fang was instantly furious.

His army had not yet reached the Anti-Alliance, and he had already suffered such heavy losses from Lin Ran, how could he explain this to the Immortal Emperor!

Even as he thought of this, Zhentian General He Fang couldn't help but turn red!

### **Wonder Doctor Chapter 2108**

Red eyes are red eyes, but what could he do?

Zhentian General He Fang carried a halberd several times and tried to rush over to kill him.

But Lin Ran's thunderbolts were everywhere.

He was not even close enough to kill him, but even if he was close enough, it would cause the thunderbolt to come back at him.

This thunderclap is based on the strength of each person.

The lightning tribulation that rushed towards He Fang and the one that targeted Lin Ran were completely different.

The thunderclap that broke through the Hundred Thousand and Eight Thousand Realms would only be able to be resisted head-on by those at the Minor Perfection Realm.

Although He Fang's strength was not weak, he was still a bit inferior after all.

It was too late, and Lin Ran had already run three times through the entire army camp in a few flashes.

Everywhere he passed was a wreck.

The divine lightning had shattered countless war materials into powder.

Even many of the weaker cultivators had not been spared.

Lin Ran was not at all distressed at this point.

From the moment this great battle was provoked by the Immortal Emperor.

Everyone was choosing their side.

When the great war began, everyone was an enemy and would only meet each other in arms.

To be talking about mercy at this point was undoubtedly a foolish move.

“Bastard! Stop it stop it!”

He Fang’s eyes were bloodshot with anxiety, if he could make a move against Lin Ran at this moment, I’m afraid he would want to just slap this bastard to death.

He was the vanguard himself, but this vanguard was too miserable.

Before the battle had even begun, half of his own numbers had been lost, and he had even exposed his own existence.

Before the two armies had even met, they had suffered such a big dumb loss.

How could he explain this to the Immortal Emperor?

One by one, the people in the barracks below fell.

Lin Ran also distinctly felt the thunderstorm around him gradually diminishing.

After looking at the wrecked barracks around him, Lin Ran nodded in satisfaction and transmitted a voice.

“Ripped!”

“Mmm!”

Qin Bing nodded, and immediately the two of them shot up into the sky, and after converging, they rushed in towards the darkness in the distance.

“Bastard!”

He Fang stood in mid-air, looking at the direction the two left, his heart was angry and furious.

At the same time, there was also some gratitude.

He was glad that he couldn’t make a move just now, otherwise he wouldn’t have had any chance of fighting back if he had met Qin Bing face to face.

One was at the Violet Sea realm, while the other was at the Great Perfection realm.

The difference between them was also very large.

“It’s over now!”

He Fang looked at the wrecked camp around him and his heart felt like death.

If the Immortal Emperor found out about this, I was afraid that his anger alone could crush him to death.

But Lin Ran and Qin Bing, who had taken advantage of the night, rushed out a long way.

Seeing that He Fang did not come after them, Lin Ran then asked Qin Bing to protect him and passed the thunderstorm peacefully.

The two of them returned to the Anti-Alliance overnight.

And news of the encounter was quickly passed back.

Although the Immortal Emperor intended to suppress it, it was obviously of little use.

The news still quickly spread throughout the Immortal Emperor's Domain.

When the crowd of cultivators learnt that their army had suffered such a heavy blow before they even reached the Anti-Alliance, they couldn't help but wonder who the entire Lin Ran was!

"Lord Immortal Emperor, what now!"

Immortal Emperor City, in a hidden space.

Immortal King Fu Gu's face was ugly.

"What should we do? What else can we do, kill that brat!"

A hoarse voice came out.

"But Lord Immortal Emperor, is it necessary to do so for him, a tiny hundred thousand eight hundred thousand realms?"

The Immortal King frowned.

A strength like the Hundred Thousand and Eight Thousand Realm was simply not enough in front of a great battle.

"You don't understand, this son must be eliminated! His Qi is gradually coalescing! If we don't get rid of it, it will become a great scourge in the future!"

The hoarse voice said.

"Inform He Fang, issue a decapitation order, as long as he dares to go out against the alliance he must be killed!"

"Yes!"

Immortal King Fu Gu was busy nodding his head, he wouldn't dare to disobey the Immortal Emperor's wishes.

In less than an hour's time, the beheading collar against Lin Ran had spread throughout the Immortal Emperor's domain.

Even word of the anti-Alliance had spread.

And although He Fang had suffered a heavy blow this time, he did not dare to delay his journey.

He still led his army to the Anti-Alliance at the first opportunity.

Of course, having suffered a heavy blow this time, the Immortal Emperor's side naturally dispatched a second echelon of people to come quickly.

He Fang led his men to be stationed outside the Hair Alliance.

And the Anti-Alliance had also deployed accordingly based on the news Lin Ran and Qin Bing had brought back.

“The Lord of the Alliance said that we will start responding to the enemy in four hours!”

Inside one of the courtyards of the Anti-Alliance.

Lin Ran told the crowd the news.

“I’ll have to go and help then!”

Ling Sa then said.

“I’ll go too!”

Lin Ran got up and said.

“You can’t go!”

Ling Sa immediately refused.

“You’re too obvious a target now, once you go out you’ll definitely be targeted by the enemy!”

“Yes, you shouldn’t go!”

Long Ya was also busy saying.

Lin Ran, however, shook his head.

“I have to go, the doppelganger is in the Chaos Space Dungeon, what I lack most right now is actual battle practice.”

“Don’t worry guys, I’ll take Qin Bing with me, if things don’t go right, I’ll get out immediately!”

“Meanwhile I will blend in with the generals this time!”

“But even that’s still dangerous!”

Long Ya was very uneasy.

Lin Ran, however, shook his head and said.

“There’s no such thing as safety in war, and if we can’t quickly improve our strength, it’s not up to us to decide how this great battle will turn out in the end!”

Back home, Lin Ran had already experienced a great war, so he was very clear about this situation.

If one’s strength was not strong enough, one would only be at the mercy of others in the future.

Only great strength would allow one to survive the chaos of battle, or even guard the people one wanted to guard.

“I think I can try! I will protect him when the time comes!”

Qin Bing said.

She knew Lin Ran well, no one could change the decisions he made.

Instead of persuasion, it was better to change her mind on how she could better protect Lin Ran.

“I can promise, but when the time comes to engage in battle you can only follow inside the last group!”

Linran said.

“Yes!”

Lin Ran nodded his head.

He was also aware of his lack of strength, and being able to mix inside the last group was already very good.

“Then we’ll make the arrangements and set off at four hours!”

Lin Ran immediately gathered the crowd to open is deployment.

At this time, outside the Anti-Alliance, He Fang, who had suffered a dumb loss, was also harbouring a mouthful of anger.

In addition, the Immortal Emperor had issued a decimation order this time.

Naturally, he wanted to achieve a victory in one hit, and at the same time kill Lin Ran to get his revenge.

“My lord, the men have been brought in!”

One of my men outside the tent reported.

“Come in!”

He Fang’s voice was low.

Soon two figures walked in from outside the tent.

These two men were all dressed in black robes and their faces could not be seen clearly.

But seeing these two men He Fang was clearly excited.

“Brother Black, Brother Ghost! It’s been a long time!”

“It’s indeed been a long time, if you hadn’t made such a serious blunder this time, the Immortal Emperor wouldn’t have sent us here first!”

One of the men in black said.

He Fang listened with that look on his face, but he didn’t say anything, it was indeed his own carelessness this time.

“Alright, we won’t talk nonsense to you either, the purpose of our visit this time is Lin Ran!”

“You know the Immortal Emperor’s character you, once the decimation order is issued, it can’t last more than three days, we will also participate in this encounter! The target happens to be Lin Ran!”

“As for the rest we will not interfere so as not to cause reprisals from the Anti-Alliance!”

“Understood!”

He Fang nodded, although he was upset in his heart, he didn't dare to say anything, facing the two Black Ghosts, he didn't have the upper hand in the slightest.

### **Wonder Doctor Chapter 2109**

A great battle between the Anti-Alliance and the Immortal Emperors is on the horizon.

No one knows when this first encounter will occur.

But could everyone vaguely sense? that a storm was already brewing.

And at this time, in the Chaos Space Dungeon.

Lin Ran had also finally completely solidified his strength at the Hundred Thousand Eight Thousand Realm and left from the Spiritual Liquid Pond.

The Hundred Thousand Eight Thousand Realms had caused Lin Ran's entire aura to take a qualitative leap.

As the saying goes, the Dao gives birth to one, one to two, two to three and three to everything!

The number of Dao a cultivator could cultivate was very large, and the Hundred Thousand and Eight Thousand Realms was one of the most obvious watersheds.

Before this Lin Ran only had about four dao or so.

But now he knew almost all the dao in heaven and earth slightly.

Although he was not considered proficient, the qualitative change caused by this quantitative change was also very powerful.

Having reached the Hundred Thousand Eight Thousand Realm, what Lin Ran had to do next was to work hard towards the Star Realm.

The breakthrough between the Hundred Thousand and Eight Thousand Realms and the Star Realm was not difficult, but the opportunity was important.

When this opportunity would come, Lin Ran did not know.

When he returned to the Observation Platform, Lin Ran began to close the door again.

Observing the sky was undoubtedly the fastest way to improve strength.

What Lin Ran didn't know was that during the time he was breaking through to close the Spiritual Liquid Pond.

His fame had already spread throughout the Chaos Space Underground City.

At this moment, in the Chaos Space Underground City, within a quiet residence.

“Lin Ran? Interesting, it’s only been half a month since he arrived in the Chaos Space Underground City, and he’s actually already defeated Black Bear!”

The youth had battle intent in his eyes, and immediately waved his hand and a victory point flew out.

“Engage in battle!”

There was a light in the youth’s eyes, and his entire person instantly disappeared into the spot.

At this moment, Lin Ran was unaware of this and was still immersed in watching.

“Brother Lin Ran!”

Suddenly, a fundamental voice interrupted Lin Ran’s thoughts, waking him up from his senses.

“Hm?”

Lin Ran frowned and found that the one speaking was actually Qin Zhan!

“You’re looking for me for something?”

Lin Ran asked.

“Brother Lin Ran, it’s not good!”

Qin Zhan said busily.

“Someone in the gladiatorial arena has given a date for a fight!”

“A date to fight who?”

Lin Ran asked.

“Leng!”

“Leng? Who is Leng?”

Lin Ran asked, frowning.

“These four very perverted fellows, he broke through from the Extreme Dao Realm to the Third Dao Realm in just three years.”

“And when he first entered this Chaos Space Dungeon, he was only at the Extreme Dao Realm Out Stage!”

Qin Zhan was busy saying.

Lin Ran listened to do bleat, three years to break through from the early stage of the Extreme Dao Realm to the Third Dao Realm.

This cultivation speed was already considered very fast.

“I know!”

Lin Ran led you head and didn’t put too much thought into it.

“Brother Lin Ran, what are you going to do!”

Qin Zhan asked busily.

“Let’s ignore him for now!”

Lin Ran sat down on the futon and prepared to continue his cultivation.

“No matter?”

Qin Zhan was stunned, under normal circumstances someone else had already made a battle appointment with, so he had to give a positive reply no matter what.

Even if they didn’t respond to the battle, it was fine.

But Lin Ran had directly chosen not to respond, which was a bit too much.

“I’m very busy, I don’t have time to bother with such things, if he can wait let him wait, when I go to the gladiatorial arena next time I will naturally answer the battle with him!”

Lin Ran said indifferently, then he said no more and began to continue his cultivation.

“Hey! Alright!”

Qin Zhan nodded helplessly, and then left.

Lin Ran was really not interested in answering the battle at this point, he was different from these people who stayed in the Chaos Space Dungeon.

Many people who had come in to cultivate like him had mostly been brought in by the former greats who had found them.

These people had no attachments and were all focused on cultivation.

But not himself.

He had to improve his strength as quickly as possible, and at this moment a great battle was about to break out outside.

If his own doppelganger was trapped here, it would undoubtedly be very difficult to bear.

Moreover, he still had to go and pry into Song Nuan’s situation.

So he had to raise to the Violet Sea realm as soon as possible.

There was a lot of pressure on his shoulders and the road was a long way to go.

That was why Lin Ran didn’t even want to bother with these challenges from other geniuses.

....

Where the Beast King Domain of the Hair Alliance met, there was a huge rift in the sky.

This heavenly rift ran between the Beast King Domain and the Anti-Alliance.

The only thing that connected them was a suspension bridge.

And at this moment, on the opposite side of the drawbridge, a group of people stood together in blackness, with an overwhelming aura.

“Out with the troops!”

Suddenly, an explosive shout came from above the city walls.

As this voice rang out.

At once the gates of the drawbridge were lowered.

Instantly a tide of people rushed out from within the city.

Amongst them, the one who rushed at the front was none other than Ling Sa.

Ling Sa’s current strength was also at the Little Perfection realm.

The opposing general, He Fang, was at the peak of the Purple Sea realm.

So Ling Sa’s strength was also just ahead of hers.

As for Lin Ran, he naturally blended in at the end of the crowd, his strength was considered to be at the bottom of the whole battle.

Even if he appeared at the front, it was useless.

This was also the reason why for and Ling Sa did not want him to participate in the first place.

Ling Sa soon crossed the drawbridge with her army.

At this point, the two armies met without even a single word of nonsense.

“Kill!”

He Fang let out a roar and was the first to charge towards Ling Sa in an instant.

Although Lin Ran was at the very back at this point.

However, the deafening shouts of killing still subdued him.

The sky was filled with splashes of light, and countless magical energy instantly poured out.

It was like two streams of seven-coloured light, each impacting towards the other from both sides.

“This is a great battle between cultivators?”

Lin Ran’s couldn’t help but new chills at the bottom of his heart as well.

Great battles were always mind-blowing.

When he was on Earth, just some people of lesser strength fighting a great war had made him see what it meant to have a living soul in ruins.

Not to mention the great war of the entire cultivation world at this time.

Although this was only the first encounter before the Great War began.

But this encounter was already so tragic, Lin Ran really didn't dare to think about what it would be like if the war broke out in the future.

What would the entire Immortal World be like.

The Immortal Emperor Zhen Yan Alliance's lord, as the top three people in the entire Immortal World.

If they also went all out, who in the entire Immortal Realm would be able to resist their attacks?

For a while, Lin Ran thought a lot.

He also finally understood why there had been this saying since ancient times.

In times of great war, the people's gods were in deep water.

Perhaps more people just wanted to live a peaceful life.

But it was because of the selfishness of some people that led to the destruction of living beings.

"Rumble!"

It was too late to say, and the moment the exchange of blows took place, the sky was already clashing with streams of light.

Lin Ran was still able to clearly sense the suppression from the clash of auras as he stood at the back of the crowd.

"What a terrifying force, with so much power colliding, I'm afraid that even a Star Realm powerhouse wouldn't dare to take it on hard!"

Lin Ran muttered to himself in his heart, only then did he understand why the first general dispatched by the Immortal Emperor would be a He Fang.

Only if he had gained strength at the peak of the Violet Sea realm would he be able to face so many attacks and still command the battle with ease.

"Lin Ran, be careful, I sense a powerful aura coming towards this way!"

Suddenly, Qin Bing's voice rang out in the scroll space.

"A powerful aura?"

Lin Ran frowned at his words and looked ahead not noticing anything strange ah!

### **Wonder Doctor Chapter 2110**

The two great armies had by now engaged in combat.

But it was the people at the front of the group who were the first to do so.

And at this moment, Lin Ran was able to stand at the back of the crowd, not even seeing the other side's face.

“Where’s the powerful aura?”

Lin Ran asked in confusion, he really didn’t feel where it was.

“Bang!”

Suddenly, a red light shot over violently in front of the crowd, instantly setting off a large group of people.

Lin Ran was shocked to see that wherever this red light passed, a dozen people from his own side actually died in a matter of moments.

Seeing this scene, Lin Ran couldn’t help but be red-eyed as well.

Although he didn’t know any of these people, we were all comrades at this time, and in an instant a dozen people perished this made him how not to be touched.

“Who the hell is this person?”

Lin Ran’s face was ugly.

“I don’t know!”

Qin Bing said, this person in front of her had honestly never met him either.

“Hm?”

Suddenly just as Lin Ran was thinking in his mind, the figure in the crowd ahead of him actually grabbed a general violently.

That general seemed to be the leader of a squad, and his strength was at least at the peak of the Hundred Thousand Eight Hundred Thousand Realm.

But at this moment, he was like a small chicken in the other party’s hands, with no power to fight back at all.

“This strength of the other party must be at least at the Purple Sea realm!”

Lin Ran couldn’t help but exclaim.

“It must be at least at the peak of the Violet Sea Realm!”

Qin Bing said.

And just as the two of them were talking, the figure in red robes suddenly grabbed the squad leader and lifted him up.

“What does he want?”

Lin Ran frowned.

It was only logical that two armies would fight, so they should just do it, so why didn’t this person look like he wanted to kill someone!

“Hmm?”

Suddenly, just as Lin Ran's mind was wondering, the red-robed man in front of him actually opened his mouth and said something unknown.

The squad leader also said a couple of words back, but then his head was grabbed by the other party with a slap.

"Not good!"

Qin Bing's face's instantly changed.

"What's wrong?"

Lin Ran asked busily.

"The other party is here to find you!"

Qin Bing said.

As soon as the words left his mouth, the red-robed man's gaze had locked onto Lin Ran, and in the next moment the entire body's aura erupted was actually not the least bit weaker than He Fang's.

"The strength of the peak of the Purple Sea realm!"

Lin Ran was shocked, the other party's strength was indeed as Qin Bing had guessed.

"Get out of here! That person just probed the other party's memories and already knows that you're here!"

Qin Bing said.

However, as soon as Qin Bing's words fell, before Lin Ran could react, the other party's red-robed person had actually reached Lin Ran with a flash.

"Bang!"

The huge blood-red palm slashed down towards Lin Ran's head in an instant.

At this moment Lin Ran could even feel the approach of death.

"Lin Ran!"

Lin Ran in the front also noticed what was happening here.

But before she could rush over, the red palm had already landed on Lin Ran.

"Bang!"

In the next moment, a white light suddenly appeared, sweeping directly over in all directions with Lin Ran as the centre.

The red palm marks instantly collapsed and were crushed into pieces by the white light.

At the same time, the white light that pervaded in all directions was like a furious wave, instantly toppling the red-robed man next to him as well.

“This!”

The generals who were hiding on the side were all blinded at this point.

What the hell is going on here?

“Get lost!”

A woman’s cold voice snapped out, and the next moment a white palm instantly strangled the red-robed man’s neck.

There was not even the slightest ability to react.

“You. Qin Bing! You actually you’ve really rebelled!”

The red-robed man recognized Qin Bing, and his eyes were filled with horror.

“Mutiny? If I told you that it was the Immortal Emperor who betrayed us, would you believe me?”

Qin Bing’s voice was icy cold, clearly not even wanting to do too much explaining.

“You’re nonsense, how could the Immortal Emperor.”

“What else is there to say!”

Qin Bing directly interrupted the other party and slapped a palm towards his chest.

“You!”

The red-robed man’s face instantly changed drastically, pointing behind him.

“It’s okay for you to kill me, but he still has to die!”

“Hm?”

Qin Bing was stunned at his words, and Lin Ran, who was standing at a distance, also instantly felt a whole lot of heart palpitations.

“Lin Ran be careful!”

Qin Bing’s face changed drastically as she opened her mouth and shouted.

Almost as soon as her words rang out, a black figure had appeared behind Lin Ran at some point.

The square was like a ghost, and the moment it appeared a sharp get dagger had already stabbed towards Lin Ran’s back.

“Die!”

Qin Bing’s face was ice-cold, and in an instant a breath directly penetrated the red-robed old man’s body.

And then without looking back, she rushed towards Lin Ran.

But she was ultimately a step too slow, and the dagger in the black-robed man's hand gained Lin Ran's back almost instantly.

Lin Ran's chaotic qi spiral instantly erupted within his body and he instinctively tried to resist.

But his opponent was far stronger than him.

A crunching sound was heard as the defence instantly collapsed.

The dagger directly penetrated Lin Ran's back.

Luckily, it was not in a vital position, but it directly threw Lin Ran's entire body out of the air.

"Die!"

Seeing that one strike had failed to kill the brat, the black-robed man followed with another slap.

But at this moment, Qin Bing had already arrived, countless snowflakes drifted down, and his white palm instantly landed on the black-robed man.

The black-robed man didn't even react at all, his entire body instantly froze.

"Shatter!"

With an explosive shout, instantly the black-robed man was like a statue, his entire body shattered into slag.

"Withdraw the troops! Withdraw the troops!"

The voice of Zhentian General He Fang came from the front.

Almost simultaneously Ling Sa also spoke.

"Kill!"

The entire situation in the field changed instantly.

Qin Bing's strike had directly scared He Fang back.

In front of Qin Bing He Fang had no power to fight back at all.

"Qin Bing you've gone too far! The Immortal Emperor will definitely not spare you!"

He Fang said angrily.

"Spare me? Do you think I will spare him?"

Qin Bing's voice was icy cold.

"To deal with someone from the Hundred Thousand and Eight Thousand Realms and actually have the two Black Ghosts come over! The Immortal Emperor has really shown me his shameless side!"

"Go back and tell him that this great battle is in full swing, and that he had it coming!"

"You!"

“Fine! Good you wait!”

He Fang said without looking back and retreated with his men.

However, how could Ling Sa miss such a good opportunity, and led his men out for a full two miles.

Only after killing at least a tenth of He Fang’s generals did he lead his men back to the Anti-Alliance.

The first encounter was, on the whole, a win for the Anti-Alliance.

But everyone knew in their hearts that this encounter would, I fear, intensify the feud between the Immortal Emperor and the Anti-Alliance.

But there was nothing that could be done about it.

If Lin Ran hadn’t brought Qin Bing into the battle as well, I was afraid that the Anti-Alliance would have suffered the most losses in this fight.

After all, with the participation of the two Black Ghosts, Lin Ran alone would definitely not be their match.

This was a blessing in disguise.

“You can’t go to the next big battle!”

Qin Bing said as he stood to the side.

“Right!”

Ling Sa also nodded her head, this time was too dangerous, if Qin Bing hadn’t stepped in I’m afraid Lin Ran would have already been there by now.

“I know it’s dangerous too, but I really need to fight!”

Lin Ran said.

In the end, his own strength was still too weak.

But how could one improve their strength without fighting?

It was somewhat related.

It was just that Lin Ran’s strength gap was simply too large.

Even though he had worked very hard on his cultivation all this way over.

But a difference of a thousand years couldn’t be bridged so easily!
