Chapter 2102

When he heard his parents say this, Pan Youming's heart felt so sad, as if his heart had been gouged out by a knife.

Fortunately, he is no longer a child.

Know how to cover up a broken heart.

He is already nineteen years old.

Many things have to be swallowed by themselves.

How ridiculous is it to think?

This family wants to keep him and endow the elderly in the family, but does not let him inherit half of the family's property?

Pan Youming really wanted to push the door in and asked his parents fiercely, "Where is my property. What property are you going to share with me?"

His hands were about to knock on the door, and he stopped again.

His ambition is not in the small county.

If he came in and questioned his parents like this, his parents might have agreed to give him part of the family property when they were released from prison.

Among them is Pan Youming.

But, in that case, he would have to be chained to death in this small county town.

No!

Pan Youming don't do that.

He must go to university and stand out. When he gets ahead, he will honor his parents. No matter what his parents do to him, he will be brought up in the end. He will always remember this kindness.

There was still guilt in my heart.

Hearing what his parents said, Pan Youming's heart suddenly felt at ease.

He let go of all the baggage.

This evening, Pan Youming left a text message to his parents.

Parents:

I am leaving.

I must go to university.

I believe I can get into a good university.

The family property, I voluntarily gave up.

But please don't worry, I am admitted to the university, and when I assign jobs in the future, I will return to the county seat. I want to let you know that I will never leave you behind.

Even if I'm soaring, I still won't leave you behind.

I'll be back for your retirement.

When the parents saw the text message, Pan Youming had already left home all night.

No one knows where he went.

He only had a thousand dollars on him.

It was also extracted from the gap between the teeth during the first year of life.

He didn't want to hide for long, he just found a school to repeat his studies to meet the college entrance examination.

Looking for a quiet place.

The parents did not find him in the end.

The college entrance examination is coming soon.

The college entrance examination is over soon.

Pan Youming also had no suspense and was admitted to the top medical university in China.

The kind of seven-year undergraduate study.

He was very happy, and was so excited that he knelt on the bed alone in the dormitory and cried: "Dad, Mom, do you see your son's prospects? I'm going to college, doctor!

In seven years I will be a doctor.

Seven years later, I will be assigned to the hospital in our county. Will you follow the scenery?

Our family also has public meals.

Also, a doctor.

How bright will your face be in the future? "

Pan Youming thought so.

In fact, when the family received the admission letter, the parents were indeed happy.

The parents have been looking for him crazy these days.

They even thought that this adopted son would definitely not come back.

But when they saw the admission letter, they had hope again. The adopted son wanted to go to college too much.

For the admission letter, the adopted son will definitely come back.

Sure enough, the adopted son came back.

When I got home, I knelt down in front of my parents: “Mom and Dad, I promise you, I don’t want your money in college, I can borrow money, and I can work and study hard in college, and I will save money and never spend a penny at home. .

I will not keep my hukou on the school grounds.

I will come back and be assigned to our county seat.

Chapter 2103

I promise not to rob my sister of any property.

And I will give you your retirement. “

The son’s words have already been mentioned. How cruel does he have to be to do something that does not let his son go to college?

The parents agreed on the spot.

The grandmother, who has always been stingy and caring for her grandson, even gave out two thousand yuan to her grandson.

The three sisters also each gave out a thousand.

Pan Youming, who was about to go to college, went out with a lot of warmth.

seven years of college.

He dared not fall in love in college.

Even many girls like him because he is handsome, because he works hard, because he is sensible and calm.

But Pan Youming knew that he had to go back to the small county.

If you fall in love in college, you will kill other girls in the future.

Seven years of college went by quickly.

Twenty-six-year-old Pan Youming has also learned about himself.

Even though he is only twenty-six years old, and he has just graduated from medical school, he is already a good master of the knife.

He has been on the operating table for three years.

Pan Youming was born to be a doctor.

He was not nervous at all during the first operation.

Because he knows that if he wants to save a person, he must not be nervous and must calm down.

Twenty-six-year-old Pan Youming is already well-known in college.

However, he always wanted to go home.

The tutor advised him: "Stay in school?"

Pan Youming said with a smile: "If I can't be a mentor, I have to go home. I must be popular in our county. I don't have any big ideals in my life. I just want to be a doctor, have a stable job, and guarantee income for a lifetime, and then give it to me. Parents will end their retirement."

However, even such a wish was difficult for Pan Youming to realize back then.

Because, just after all the formalities to go back to his place of origin were completed, he learned that from his year, college students are not included in the distribution.

Doctors also do not include assignments.

The news has already spread like wildfire.

Therefore, many related people in the county have already properly arranged their children long before this notice was issued.

Therefore, even if a top student like Pan Youming comes back, there is no place to live.

Just a year.

If he had gone to college last year as he wished, it wouldn't have been the case.

He originally thought that he could be a doctor in the hospital, but after seven years of undergraduate and master studies, he could only be idle at home.

Moreover, what was even more irritating was that all those opportunities in the big city were completely rejected by him.

He was the pride of the family.

But after studying in college for seven years, he came home unemployed.

This not only makes his neighbors look down on him.

Even parents, three sisters. His grandparents also sneered at him.

“I've already become a thirty-year-old old man! In seven or eight years, I haven't earned a penny for my family. I just talk about the family's money. In the end, I'm a six or seven-year-old person, and I have to eat from the family!”

The third sister has the worst temper.

Usually the third sister is the youngest and the youngest in the family, and has always been petted and lawless.

The third sister directly scolded Pan Youming's face: "Why are you still alive? Why don't you die, aren't you ashamed? College students? Oh, no! I should call you a doctor.

The younger brother who thinks he is a big doctor, let alone our county hospital, it is a small township hospital, can you get in?

Great doctor! "

he can!

Pan Youming really wants to reply to the third sister.

Of course he can enter a certain Xiaoxiang Township Hospital.

However, he was unwilling to let what he had learned to be smoothed out.

In that case, he will be useless.

Pan Youming has never been a self-sacrificing person. He always believes that gold will shine.

He is a man who never admits defeat.

Therefore, the twenty-six-year-old Pan Youming had a very serious talk with his parents: "Mom and dad, give me two facades, can I pay for the rent! I want to open a clinic at home!

I, Pan Youming, will definitely be able to make a name for itself! "

He wants to pay to rent his own house and open a clinic.

Pan Jianliang and his wife looked at Pan Youming blankly, and then Pan Jianliang said coldly: "Is this the first step for you to embezzle the Pan family's property?"

Chapter 2104

Pan Youming: "..."

If it wasn't for his parents standing in front of him, he really wanted to punch him.

Or they took off their parents' arms and legs in a heartless way.

But at that moment, Pan Youming was so angry that he vomited blood, but he couldn't refute anything.

"Mom and Dad." He tried his best to calm his breath, and then calmly said to his parents: "I have continued to practice for a few years in the university, including the years of my work-study program, I have not used the home's I saved some of the money myself."

Having said that, Pan Youming took out the bankbook that he had worked so hard to save over the past seven or eight years to his father.

"That's 10,000." Pan Youming said, "I'll use 10,000 to rent your house and rent two rooms. I know the money is not enough, but I will give you these first. I still have some money on hand. Medicines and the like. I can't give them to you.

Don't let anyone know about my ten thousand dollars.

You can still say to the outside world, how generous you are, and when your son comes back, you will immediately open a clinic for your son's pain.

How good is your reputation?

As for your property, I will make a document now. I want the property of the Pan family. “

Seeing his parents' hesitant expressions, twenty-six-year-old Pan Youming has already made up his mind.

He's not an eighteen-year-old boy anymore.

He also has some wrists now.

“If you don't agree, I won't force you. I grew up here, and I am very familiar with my neighbors, so I must open a clinic in an acquaintance area, so that it is convenient to open me often, so if If you don't agree, I can only choose to rent it at the facade opposite you.

I only give them 10,000 yuan.

I don't have enough money left, so I took my medical license as collateral.

I think, such close neighbors, they will not give me this face.

And you...

Only to be laughed at.

Your own son doesn't help, after all, it's not your own, you are partial!
“

After some words, Pan Jianliang and his wife felt chills in the back.

Especially mother.

The mother still feels a little distressed for her son.

In the end is from childhood to adulthood.

The mother cried and slapped the father on the shoulder: “You, you dead old man, look at you making things difficult for the child, the child came home, and it was very sad that he didn’t get the opportunity to be assigned a job, we are parents even more To harass children.

How can you bear it!

There are children who pay for the facade of their own home!

You are still not human!

what! “

After being scolded by his mother like this, his father also sighed: “I don’t want to charge Mingming’s rental fee, but do you want to rent Panpan’s two rooms to Mingming, or rent the changed house to Mingming?

Or use the excellent house?

What do you propose? “

Mother: “Eh... yes.”

The parents didn’t even think that Pan Youming was the only son.

I need my only son to stay by my side for retirement, but I never consider sharing a little of the family property to my son.

At that moment, Pan Youming’s heart was cold and sad.

He really wants to leave his parents behind and go directly to the big city. Even if he applies for a job, he will have a good future.

However, Pan Youming still endured it.

In all fairness.

He misses his parents.

He has no relatives.

Abandoned by his own parents as soon as he was born, in his heart, it was actually a big, big sore.

Chapter 2105

And this trauma, he grew up, without anyone's help, he licked clean in the dead of night.

He needs affection.

He is afraid of being abandoned.

He has made the most thorough plan, not wanting any property or anything.

As long as his parents give him warmth and admit that he is part of the family, he is willing to compromise.

He is a tough guy.

Excellent in both character and study, and exquisite in art, his surface is gentle, calm, kind, and prudent.

However, no one knows how fragile his heart is.

How much does he need affection?

As long as grandparents, parents, and three sisters can give him a little bit of warmth, just a little bit is enough, true family affection.

He Pan Youming will give a heart to the Pan family.

Even if it is death, it is at all costs.

However, the family and care that Pan Youming needs most is not obtained by his parents.

He still misses them.

He thought, just let it go.

If you deceive yourself like this, you have the right to think that you are in this world and have relatives, parents, grandparents, and sisters.

Lie, as long as he can get through the day, it's fine.

"Then parents, what do you mean?" Pan Youming asked his father with a cold face: "I will definitely not rent the house to me, let me rent the house from the opposite neighbor, right?"

Only then did Pan Jianliang speak: "Mingming, you don't understand what Mom and Dad mean. We are your Ba Mami, how could we possibly take your money? We don't want to take your money, you understand.

But your three sisters want a fair deal.

Therefore, the house is for you, but the money cannot be less.

That's what I mean.

You have to understand your parents. When your parents charge you this money, they are digging with a knife in their hearts.

But for your three sisters, we have to have a fair bowl.

dont you agree? "

"Who said it wasn't, Mom and Dad." Pan Youming smiled lightly: "Then... that's it? I'll give you 10,000 yuan first, and I'll give it to you when I have it on hand. Counting it as rent, don't give me less rent, it's the same as on the street, is it possible?"

"Okay! Okay! This time Mom has the final say!" My mother grabbed it immediately.

After taking away Pan Youming's 10,000 yuan, the two facade rooms can be temporarily rented by Pan Youming.

The next day, he began to decorate, apply for certificates, and enter medicinal materials.

The clinic officially opened a month later.

It is definitely not for nothing that the top students in the country's leading medical school have completed undergraduate and postgraduate studies and have interned in various departments of large hospitals.

Whether it is a child, a middle-aged person, or an elderly person.

For those with minor illnesses, he can basically give the most targeted treatment in the most cost-effective and least-dose policy.

In just two years, Pan Youming's clinic has flourished.

His business is so good that people who come to see a doctor every day do not say anything, and his reputation is getting louder and louder in the county.

Everything is going in a good direction.

Originally, Pan Youming thought that now he can finally raise his eyebrows and tell his parents that he can support them and is very proud of them. Now they can rest assured?

But I never thought that when Pan Youming opened the clinic for two years and his career was booming, his parents said to him with an embarrassed expression: "Mingming, your eldest sister, I don't want to rent the house to you."

Pan Youming asked in shock, "Why?"

"Your eldest sister said that the house is hers, and the clinic must be hers. She has the license to open the clinic, and you are the doctor she hired." Father said with a smile, and said in a calm tone: "Actually, it all means the same thing. You are still our doctor."

Pan Youming suddenly became discouraged.

He sneered and said in a very dejected tone: "Forget it, I will not open the clinic, I will not do anything, I will follow you to the sand field as a mover from tomorrow, and from tomorrow, I will be waiting for You will end your retirement."

parents:"....."

Chapter 2106

The adoptive parents did not expect that Pan Youming's reaction this time was so intense.

In fact, they have no other idea.

They just thought that Pan Youming would not be able to soar.

What if I can't control it anymore and my son runs away, what should I do?

So, the whole family came up with a solution.

The clinic is still open.

This can generate income for the entire Pan family.

The Pan family's business on this street is really booming.

However, this business cannot belong to Pan Youming, the fourth oldest of the Pan family.

This business should be owned by the Pan family, and it is best to spread the business evenly among the three daughters. Since then, the business will not only keep the fat and water from flowing out to outsiders, but also better keep the son tied up.

He didn't have any money in his hand, so he didn't jump far.

can't fly.

The Pan family thought so.

They also thought that their son would agree.

After all, the son's repeated forbearance and concessions have become a habit.

But I never thought that this time my son would not agree.

He would rather the clinic be closed, he slumbered in the house, and he didn't want the clinic or career.

Because there is no hope.

Pan Youming is really decadent.

He even thought about dying.

The Pan family is anxious.

However, the Pan family never thought it was the Pan family's fault. They thought they raised a white-eyed wolf son. Their kindness to the son was so great, but the son didn't know how to repay the kindness.

Especially when the neighbors in the outside world said some sarcastic words, the Pan family was even more sad.

"Hey, it's an adopted son after all, if I say I'll challenge you, I'll challenge you.

How good are you to this son?

For him to go to college!

It takes seven years to read.

Look at our streets and alleys, the son of that family is as precious as yours? be in college!

Our son's junior high school is different. How should we go out to work and carry cement for people in big cities.

You son are fine. An adopted child, you are so kind to him.

Not to mention after graduating from university, he even gave him a house and paid for a clinic.

the end result?

When people say that they will show you their face, they will throw their face away. “

“That's right, it's not biological, I don't know how to feel sorry for my parents at all.

I guessed that this wolf child's ambition was to make his parents mad, so that he could inherit the family property as soon as possible. “

“No way! That's definitely what I'm thinking.”

“I don't want to stay! What's more, it's someone else's baby.

No matter what you say in the future, you can't take care of other people's children. “

This is the lesson! “

Neighbors, everyone is talking to the Pan family.

The family, when the Pan family was not in front of them, these neighbors had a different face.

“Hey, the Pan family is rich, we can't afford to offend us on this street. To be honest, his son is really obedient, and how much has he been bullied by the entire Pan family?

He was still in the Pan house with all his heart.

How good would it be if I had such a son? “

“Why do you think the Pan family is so lucky? They have good luck all their lives, and what kind of business makes money. In just a few

decades, their Pan family has six stores on this street. How much wealth is this?

That's it, people still have such a promising son. Tell me, when will the fortune of the Pan family be changed? Give us some good luck too? "

"What good luck, to put it bluntly, it's not his son's success, hey, why don't they know how to feel distressed for such a good son?"

"Don't feel bad? Then it's right for me and these people to make a fortune."

Who wouldn't be jealous of the Pan family?

Chapter 2107

Although he has no son, his adopted son is very good.

How good is a family reunion?

Business is so prosperous.

It's a person, and they are jealous to the core.

Everyone secretly thought that the Pan family would be unlucky.

Therefore, when the Pan family was crazy outside saying that their son was not good and that he was an unfamiliar white-eyed wolf, each of these people actually trusted them.

It's all fueling the fire.

All of these fueled the fire and poured into the hearts of the Pan family members.

After the Pan family heard the comments on Pan Youming, especially the Pan family's grandparents, they cried and cried.

"What's wrong with our Pan family? We haven't done anything wrong, and we can raise other people's children. Why can't our Pan family end well?"

Grandma cried heart-breakingly, scolding while crying: “Our family, we are frugal enough to support him to go to college for seven years. Everyone’s four-year college, he went to seven years, what did our family say?”

He didn’t say anything, he just gave up for seven years.

Originally said to assign work, but when he came home, he couldn’t be assigned. I guessed that his grades in school were not good, and people didn’t want it.

Who in the family blames him?

He also gave out the house, paid for it, and opened a clinic for him.

The Pan family took their hearts and gave their lives to her.

The results of it?

But his wings were hard and he bit people.

Our Pan family, this is raising a poisonous snake, a poisonous snake that hurts people @

This is not to repay our kindness to our Pan family.

This is the poisonous snake that came to kill our Pan family! “

Under the situation of the old lady of the Pan family getting worse, Pan Youming changed from the adopted son of the Pan family to a white-eyed wolf.

From a white-eyed wolf to a poisonous snake who wants to make money and kill the Pan family.

At the end of the evolution, the three brothers-in-law of the Pan family assembled, blocked Pan Youming at home, and beat him severely.

Pan Youming didn’t want to fall out with his family, so he just hid at first.

In the end, he couldn’t bear the punches and kicks of his three brothers-in-law.

He removed the arms and legs of the three brothers-in-law.

Because of this, it was Pan Youming who was beaten first by the three brothers-in-law, but in the end it was Pan Youming who beat up the Pan family and injured all three brothers-in-law.

For this reason, Pan Youming was detained in a detention center for half a month.

The Pan family's clinic completely collapsed.

How many people watch jokes, Pan's family doesn't know.

However, although the Pan family's clinic has collapsed, Pan Youming's medical skills are still famous and spread farther and farther.

Even, many Linxian,

People from other provinces came to see Pan Youming for medical treatment.

On the day when Pan Youming was detained in the detention center for half a month and should be released, a luxury car drove onto the street in the provincial capital.

A middle-aged man in his fifties and a girl about twenty-five or six years old got out of the car.

When they came to this street, they first paced back and forth.

After pacing back and forth, both of them frowned and kept talking to themselves, "Impossible. Impossible."

"It's on this street."

"Ningning, did you remember wrong?" the old man asked the girl in her twenties.

Instead, the multi-year-old girl said in a very positive tone: "Dad! I'm definitely not mistaken! It's on this street! Why do I look more and more like this house? Look, although these two facades have just been moved Empty, but look at the residue inside, there are IV strips,

and some white gauze. If I'm not mistaken, this must have been a clinic before!"

The old man: "But, why did you suddenly evacuate? Isn't it very famous and young?"

The girl said: "Dad, let's find out if we are moving to a bigger place. From what I know about this clinic, its development is definitely getting better and better."

The old man nodded: "Okay."

As they were talking, a down-to-earth man with a stubborn beard came across from them.

The man walked up to the father and daughter and asked decadently, "You guys, are you here to see a doctor?"

The girl was surprised: "you, you are Dr. Pan!"

Pan Youming smiled miserably: "I'm sorry, the clinic has closed down..."

The girl suddenly smiled: "It's just right that it's closed down, so you can go to the provincial capital with us to practice medicine."

Chapter 2108

Pan Youming: "You... what did you say?"

The girl raised her eyebrows: "Doctor Pan, do you remember that I was infusion with you for a week a month ago?"

Pan Youming thought about it and remembered it.

It was a foreign-looking girl with a big city style.

The girl came to a small county for tourism, but she fell and was injured while climbing the mountain.

It was originally sent to the county hospital, but that day the county hospital suddenly received many patients from a certain village, and the county hospital that day was overcrowded.

In desperation, the girl came to his small clinic for treatment.

Originally, there was a scratch on her leg that needed stitches.

The girl was so worried that she thought that the doctor in the small clinic was not handling it well, so she cried.

As a result, after the needle was sealed, the girl knew how professional the doctor was.

That beauty needle stitched, after the stitches are removed, the scar trail can be ignored.

The girl didn't return to the provincial capital for a week after the infusion here. At that time, the girl told Pan Youming that she would have the opportunity to come and play with him in the future.

Pan Youming didn't care either.

He is a doctor and is usually very busy.

Where's the time to play?

However, what Pan Youming didn't know was that the girl's family was also a family of doctors.

The girl's name is Tian Ningning.

The Tian family opened a private hospital in the provincial capital, and while they were looking for young elite doctors from all over the country, Tian Ningning met a young, playful, and first-rate skilled Pan Youming in a small town.

Tian Ningning, who had returned home from the small county town, called her father without any pause.

At that time, my father was holding an academic conference abroad.

When my father came back, it was already half a month later.

Tian Ningning shyly and sweetly told her father that she had a crush on a young male doctor.

This male doctor is a top student with first-class technology, and it is in a small county that limits his development prospects.

Father Tian Feng asked Tian Ningning: "Did you like someone else?"

Tian Ningning blushed suddenly: "Dad! You said that about your daughter! So what if I fell in love with him, I don't have a boyfriend, he doesn't marry a wife, it's totally fine!"

"So asking Dad to go to the small county town with you is not to recruit talents for our private hospital. You actually went there with your son-in-law, right?" Tian Feng looked at his daughter angrily.

"Dad! I'm just your daughter! Don't you want to find a self-motivated son-in-law who inherits your family business?" Tian Ningning said to his father with a pouting voice.

"Okay! Dad can do anything as long as my daughter is happy."

Just because his daughter liked it, Tian Feng and his daughter came to this small county together.

As a father, he naturally wants to meet with his own eyes the person whom his daughter sees.

If the young man didn't catch his eye, he would definitely not agree.

To be honest, Tian Feng didn't like Pan Youming the first time he saw it.

With a shaggy beard on his face, he doesn't have the refined temperament of a doctor at all. Instead, he looks like a migrant worker in a small county town.

The first impression was extremely bad.

Tian Feng didn't say anything about such a bad impression, who made his daughter like it. Watch it slowly.

As long as he is skilled in medicine,

He is literate, tasteful, and the most important thing is to be good to his daughter. Tian Feng is still willing to investigate more young people in this small county.

However, the first impression is not good enough.

Tian Feng's second impression of Pan Youming was even worse.

Just when the father and daughter of the Pan family saw Pan Youming and said something to Pan Youming, the Pan family came out.

Pan's father and mother watched from a distance that Pan Youming was talking to a pair of father and daughter who were dressed in extraordinary clothes, and they were not small places at first glance, but Pan's father and mother did not come up.

They watched Pan Youming talking to the rotten girl from a distance.

"Miss, I'm no longer a doctor, and this clinic is not open. If you want to see a doctor, you can go somewhere else. If you're joking, someone Pan thinks it's not funny." Pan Youming said coldly. arrive.

Pan Youming, who had just come out of the detention center, was in a state of unprecedented decadence.

He's never been a whiner.

He wants to come here because he sees a bit of hope, he has to work hard, and he wants to turn his wishes into reality.

Chapter 2109

However, when Pan Youming came out of the detention center, the sky above his head was all gray.

He thinks again, the next second, he may go to live in the bridge hole, and from now on, he will be with some homeless homeless people for the rest of his life.

Because what is home?

Does he have a home?

Who should he blame?

Blame the biological father who created him?

If you don't want yourself, why create yourself?

Blame the biological mother who gave birth to him?

If you don't want yourself, why give birth?

He didn't want to come to this world by himself, why did he give birth to him but cruelly betrayed him?

What's wrong with him?

He just needs a home, a home with relatives, is that too much!

But why?

The adoptive parents and adoptive mothers were never willing to give him family affection. What they gave him was looting besides precaution.

And intrigue.

But, who can Pan Youming go to?

Looking for your biological parents? Maybe he can't find his biological parents in this life, doesn't he even know that his biological parents are still alive in this world?

Pan Youming is really tired.

Maybe this is his life, he thought.

I deserve to be a homeless myself.

It's self-inflicted.

He made up his mind to fend for himself. He just came over to tell the Pan family. Since then, he and the Pan family have made a clean break and never had anything to do with it again.

Because the Pan family adopted him, there were no legal procedures.

He and the Pan family are not related by blood either.

Therefore, in the future, the part of supporting the elderly can be exempted.

very nice.

Pan Youming sneered at the father and daughter of the Tian family: "I'm sorry, you guys have gone back, there is no Dr. Pan here, there will never be."

After he finished speaking, he didn't even look at Tian Feng and Tian Ningning.

Instead, he went straight to his parents.

His solitary figure, that decadent and arrogant face with stubble, turned out to be a fatal temptation for Tian Ningning, who lived in a big city.

Tian Ningning blurted out: "Wow, so sexy wow..."

Tian Feng: "... He was angry, and the anger in his heart was reluctant to send it on his daughter.

He wanted to blame the young man in front of him, who was extremely decadent and did not seek to make progress.

“You... you stop for me!” Tian Feng shouted angrily.

“Who are you! I have to listen to you!” Pan Youming replied with a sneer.

“Who am I! I am...” Tian Feng couldn’t say anything.

“Dad. Don’t scare him, okay? I just like him. Don’t be frightened by his appearance. He took care of me, gave me an infusion, and gave me stitches. He was really a genius. I like him so much. Now...” Tian Ningning looked at Pan Youming with a confused expression.

Tian Feng: “...”

“Dad!” Tian Ningning put pressure on his father.

Tian Feng has only one daughter.

He has always been responsive to his daughter’s needs since he was a child, and he has never been reluctant to let her daughter suffer any grievances.

As long as his daughter wanted, he helped her get it.

He wished his daughter wanted the stars in the sky, and he had to pick them up for her.

Tian Feng sighed: “Stop for me! I am your future father-in-law, do you dare not listen to what my father-in-law says!”

This remark really stunned Pan Youming.

He turned back, looked at Tian Feng in disbelief, and asked coldly, “Are you crazy, or is your daughter a nympho?”

Chapter 2110

Shen Weiyi and Pan Mingsai outside the door were stunned.

Immediately afterwards, they heard Rayna say reluctantly, "Got it!"

Shen Weiyi and Pan Mingsai entered the hall one after the other.

The hall was full of people.

It's all your family.

Rayna sat in it, a little restrained.

"Sister Qingrong?" Pan Mingsai shouted.

Immediately afterwards, Shen Weiyi shouted, "Aunt Rayna, Aunt Shanshan, here we come!"

Seeing Shen Weiwei and Pan Mingsai coming together, the Jun family was shocked.

Especially Kraig.

He stood up abruptly and asked straightly, "The only one! You, why are you here? Who sent you here? Where are your parents?"

Shen Weiyi smiled calmly: "My parents are in Nancheng."

"Then how did you come here?" Dalia also stood up immediately and looked at Shen Weiyi.

"I took the plane myself."

Dalia + Kraig: "..."

In their surprise, Shen Weiyi had already come to Rayna and asked, "Auntie Rayna, did you do something wrong again?"

Rayna immediately grimaced at Shen Weiyi.

Shen Weiwei knew Rayna's temperament, and he would make some small mistakes from time to time. Jun's family has a big business, and it's not a bad thing to occasionally beat Rayna.

Besides, Shen is the only child, and it is not easy to ask adults.

Therefore, Shen Weiyi didn't say anything.

She only looked at Kraig and Dalia and said, "I have no one to play in Nancheng. Aunt Galia and my cousin have gone abroad. Sister Ming Sai is intern in Kyoto again. You are all in Kyoto, so I came here. ."

She said it easily.

But it scared Dalia and Kraig.

Kraig had a sullen face: "Shen Weiyi! You are getting more and more courageous! You came to Kyoto by plane alone, what do you say if you encounter something on the way! No way! You have to go back to me!"

Shen Weiyi: "..."

"You have no right to ask me! Humph!" Shen Weiyi pouted and resisted Kraig.

She just came, and she wanted to have a good time.

Unexpectedly, when he first came here, he was scolded by Uncle Jun.

"Okay, okay, the only one here, fortunately there is no danger, let's quickly call Suzi and Shaoqin to report safety, you let her play today, and you won't be able to fly back tomorrow afternoon. She goes to school at night." Dalia came out to smooth things out.

Kraig glared at Shen Weiyi angrily: "Next time you're so bold, I'll beat you up!"

"Humph!" Shen Weiyi was not afraid!

Because of her arrival, the atmosphere of Jun's family was much better, everyone was talking and laughing, and Shen Weiwei was having fun with a few younger brothers.

Here, Pan Mingsai took advantage of his free time to give Yingzi new clothes.

"Sister Yingzi, you can try it when you go home later to see if it fits. I think it should fit." Pan Mingsai said.

Yingzi looked at Pan Mingsai very gratefully: "Sai Sai, if you don't have money, don't buy me clothes. I have a salary every month, and Mr. Jun and his wife pay me a lot."

"You buy it for me. I only buy it for you once in a while. You must accept it. This is my internship salary, which I earned myself." Pan Mingsai said proudly.

"Okay!" Yingzi smiled gently.

The two are like family.

"Yingzi." Kraig shouted.

"Mr. Jun?" Yingzi asked respectfully.

Chapter 2111

Kraig and Dalia are good-looking couples. Although Yingzi is Dalia's personal bodyguard, Dalia has always regarded Yingzi as her younger sister, and Zhang Luo introduced her to someone, wanting to give her a stable home.

The heroic purple heart is grateful to Dalia and Kraig.

"Tomorrow afternoon, the only time you go back to Nancheng, you go to see her off. Give her to her parents in person." Kraig said.

“No need.” Shen Weiyi said.

“You have to be heroic to send you back!”

“Mr. Jun, it’s not really necessary. I’m going back to Nancheng for an internship tomorrow.” Pan Mingsai said.

“That doesn’t work either! You are both children, I’m not at ease!” Kraig said firmly.

Shen Weiwei and Pan Mingsai looked at each other and stuck out their tongues. Shen Weiwei said, “Well, just in time to take Aunt Yingzi to Nancheng to play, my mother misses Aunt Yingzi too.”

“It’s almost!” Kraig’s tone softened a lot.

And bought tickets for Shen Weiyi and Pan Mingsai on the spot.

Next, Shen Weiyi and Pan Mingsai played with the children for a while in Jun’s old house, and after taking some time out, Shen Weiyi asked Rayna, “Aunt Rayna, is your mother-in-law very picky about you? ?”

Rayna looked at Shen Weiyi in a soothing tone: “Aunt Rayna is fine, children don’t ask these things, look, your Aunt Shanshan is my aunt, and Sister Yingzi is also with me, I’m fine. of.”

After being married for three years, Rayna has learned a lot.

She has learned tolerance, patience, and how to get along with this big family.

People are also mature.

Seeing Rayna like this, Shen Weiyi was also relieved a lot.

“Tell your mother, I’m fine.” Rayna said.

“Got it!” Shen Weiyi said with a smile, “Then I went shopping with Sister Mingsai?”

She came to Kyoto by herself this time, specifically to find the title contest. Shen Weiyi liked to go shopping with Pan Mingsai on the street, eat snacks, and buy some small things.

Who says two people of the same age have a common fourth uncle?

Rayna nodded: "Go."

For the rest of the time, Yingzi accompanied Shen Weiyi and Pan Mingsai to stroll around some old streets in Kyoto.

"Only, what university do you want to go to? What major do you want?" Pan Mingsai asked.

Shen Weiyi thought for a while: "Well...architecture? My mother is architecture, do I like it? I don't know, but I prefer to travel. Maybe I will choose geography and study geography."

Twelve-year-old Shen Weiwei felt that after studying geography, he could travel all over the world in the future.

"Do you support me? Sister Mingsai." Shen Weiyi asked.

"Of course!" Pan Mingsai said gently.

"During my internship in Kyoto, did you miss Uncle Joan?" Shen Weiyi asked.

Pan Mingsai's little face suddenly turned red.

But she nodded immediately: "I think."

"Go back, go see my Uncle Joan first?" Shen Weiyi asked again.

"That's not possible." Pan Mingsai said sternly: "I have to go back to Nancheng Hospital first, and report to the tutor first. After the work is done, I will go to see her."

And Yingzi and Shen Weiyi returned to Weiyi's home together.

This was specially arranged by Kraig for Yingzi, and Yingzi must be sent home safely.

Along the way, the only one who talked and laughed with Yingzi: "Aunt Yingzi, do you think Uncle Jun is making too much of a fuss? My mother doesn't worry about me, Uncle Jun is so worried about me,

but Aunt Yingzi, you haven't been to Nancheng for a long time. , I just took this opportunity to play in Nancheng.”

Yingzi nodded: “Yes, I haven't been here for several months.

In a few days, it will be your fourth uncle's death anniversary. I just happened to go to the cemetery to see your fourth uncle. “

“Aunt Yingzi...” Shen Weiyi didn't know how to comfort Yingzi, when Yingzi's cell phone suddenly rang.

At the other end, Pan Mingsai said excitedly, “Fourth uncle, I... I saw my fourth uncle.”
