Chapter 2103

“It’s not impossible.”

“This is absolutely impossible~” “Wei Laonai is a martial arts master, a strong guardian from the Shaohua family!” “How could it be possible to die?” “Impossible, this is absolutely impossible. In the hall, looking at the already cold body in the coffin, Lu Mingfeng was no doubt completely panicked.

At this time, he is undoubtedly unable to keep calm anymore.

In addition to his own background, Wei Wuya is their greatest support.

But now, Wei Wuya is dead!

Lu Mingfeng was naturally panicked.

“You, you” “What did you do?” “What did you do?” “How dare you kill Wei Lao?” Lu Mingfeng was almost crazy, and he questioned Mark loudly with red eyes.

Seven or Eight is the fastest ^ mobile terminal:

/ However, Mark was not moved at all, and his delicate face was full of chills.

The cold voice, as if coming from the abyss, made everyone here shudder!

“Not only do I dare to kill him, I dare to kill you!” Huh~ The cold wind is bitter.

The moment the words fell, Mark’s face suddenly became cold.

The whole body is surging with cold, and the endless murderous intent is raging.

“You you” “What do you want to do?” At this moment, Lu Mingfeng was undoubtedly panicked completely.

For the first time, he realized that his life-saving talisman had expired!

The identity of the descendants of the Lu family, whom he is proud of, has been difficult to provide him with asylum.

After so many years, his life, for the first time, was so naked, exposed to Mark's "butcher"!

In the end, Lu Mingfeng, who was frightened, staggered and immediately fell to the ground.

He looked like this, desperately, Mark's footsteps, towards him, gradually approached!

However, just as Mark was about to start, suddenly, a figure rushed forward and hugged Mark.

"Mr. Chu, don't do it~" "This Lu family has a strong background and powerful energy. It is not something we can provoke."

"If you really kill him today, it will be given to you in the future, to Noirfork, causing heinous disasters. "Besides, not only the Lu family, but his good friend Xu Shaohua, who was also born in a Gritsberg family, will be a good man."

"If Lu Mingfeng dies, then Xu Shaohua will avenge him."

"The two giants will shoot at the same time. Mr. Chu, you are afraid that a catastrophe is really imminent!" "So, Mr. Chu, please take the overall situation as the most important, and don't try to do it for a while."

Ericson stood in front of Mark, crying bitterly.

Both Lei Laosan and Wang Jiexi also staggered, came over, and also persuaded Mark.

"Yeah, Mr. Chu."

"Lu Mingfeng has learned a lesson, so there is no need to kill them all."

"It's better to focus on the overall situation of Noirfork!" Lei Old San and both of them persuaded bitterly.

In Ericson's opinion, once Mark really gets rid of Lu Mingfeng, this will definitely cause Lu Family's thunder and anger.

As far as they know, this Lu Mingfeng is the prince of the Lu family, and he is distinguished in the Lu family.

If he died, the Lu Family would definitely let Mark pay for his life at all costs!

At that time, Mark, who had just returned to Noirfork, was very likely to face despair again.

Moreover, when the time comes to bear the anger of the Lu Family, I am afraid that there is not only Mark, but also the entire Noirfork force!

This is naturally not what Ericson and the others hope to see.

In the end, under the resistance of Ericson and others, Mark finally stopped.

He lowered his head, looking down at Lu Mingfeng who was embarrassed at his feet, and said coldly: "For the sake of Ericson and others, I will spare you this time."

"Before I change my mind, get out."

"Get out of Wrilfill, get out of Noirfork."

Chapter 2104 Mark's Plan

The faint words do not contain any emotions.

Calm, like a stream of spring water, no waves in the ancient well.

This is Mark, even the curse is so calm.

Feng Qingyun looks as if he was just chatting with people about the everyday.

However, the chill under the calm words made everyone fearful.

This time, Lu Mingfeng naturally never dared to say a word of cruelty.

Since seeing Wei Wuya's body, Lu Mingfeng's gall has been scared.

He didn't care about his demeanor and dignity anymore, and immediately escaped from the restaurant.

"Huh~" When Ericson and others saw this, they only breathed a long sigh of relief.

The stone hanging in my heart immediately fell to the ground.

"I was scared to death."

"Mr. Chu, fortunately you let him go."

"Otherwise, we Noirfork, we will have a catastrophe in the future."

"But, to be honest, before that, I really thought, You want to kill him~" Ericson was shocked and said again and again.

That tone actually gave people a feeling of aftermath.

It can also be seen how anxious Ericson and Lei San were just now.

But Ericson told the truth.

A few minutes ago, they all mentioned their throats, and they were afraid that Mark would really kill Lu Mingfeng on impulse!

After all, according to Mark's temperament, he could do this kind of thing.

But fortunately, Mark reined in a precipice and closed his hand in time.

As long as Lu Mingfeng and the others do not die, then everything still has room to change.

Noirfork is also Mr. Chu's Noirfork.

However, facing Ericson's words, Mark did not speak.

Instead, he sat back on the sofa, picked up the teapot and poured himself a cup of tea.

Suddenly, the fragrance of tea overflowed, and the energetic heat slowly rose, but it reflected Mark's icy face.

"They messed up my Noirfork, ruined my foundation, hurt my wife, and even murdered my mother."

"Do you really think that Mark will let him go so easily?" Mark sneered while holding a teacup.

The chill in the eyebrows is still strong!

When Ericson and others heard this, they were stunned: "Then Mr. Chu, you just now?" Mark shook his head and smiled: "If I don't let him go, how can I find Xu Shaohua's hiding place."

"Two of them, I won't let it go."

What?

Hearing this, Ericson and others trembled all over.

A pair of old eyes widened immediately!

"So, Mr. Chu, are you planning to kill all of them?" Ericson's whole body was almost crippled, and he asked in fear.

He originally thought that Mark had spared Lu Mingfeng before, he had listened to his own advice, and was afraid of the energy of the Lu Family.

But now it seems that he is very likely, thinking wrong!

Perhaps Mark never planned to let them go from beginning to end.

Seven Eight In the room, Ericson's panic still echoed.

However, Mark did not answer, and said nothing.

Just pick up the teacup, look up, and drink the strong tea in the cup!

Huh~ Outside, the Tianhe is standing horizontally, and the wind is rising.

The cold draught wind swept past the doors and windows.

The bodies of everyone here trembled unconsciously.
