## Chapter 2105

Ericson, Lei Lao San and others also looked at Chen Ao.

To be honest, until now, Ericson and Lei Lao San have not figured out why Chen Ao would betray Mr. Chu?

Could it be that Mr. Chu treated him badly?

Let him control the richest place in Noirfork.

In Noirfork, apart from Mark, Chen Ao had the greatest authority.

Not only that, it is Chen Ao's daughter, and Mr. Chu is also very caring.

It is said that Mr. Chu risked his death to send Cynthia Chen in the crisis of Japan.

Whether it is to Chen Ao or to his daughter, Mr. Chu can be said to be as kind as a mountain.

It stands to reason that in the Noirfork region, anyone can be sentenced to Mr. Chu, but Chen Ao can't!

But now, after all, they are friends who have worked together for many years, Ericson and Lei San, both waiting for Chen Ao's explanation.

They would rather believe that Chen Ao is unspeakable than believe that he really abandoned Mr. Chu for the sake of prosperity.

However, in the face of Mark's questioning, Chen Ao seemed unheard of.

Just stand there, silently.

"Chen Ao, what are you doing?" "Mr. Chu asks you something, don't you hear it?" "Do you insist on seeking death?" "If you have anything, please tell Mr. Chu!" Ericsonjian Suddenly, he shouted sharply, feeling anxious.

It stands to reason that with Mr. Chu's temperament, someone like Chen Ao who betrayed him is bound to die.

After all, what anyone hates most is probably the betrayal of the person he trusts most.

Just like Chen Ao, Mark took care of her, but he took revenge on him.

Mark didn't kill him directly, but asked him to explain. This undoubtedly means that Mark is giving him a chance to survive!

However, Chen Ao didn't know how to cherish, and he even ignored Mark's words.

This is not looking for death. What is this?

Silence, still silence!

Even in the face of persuasion from old friends, Chen Ao still did not speak.

When Mark saw this, the tea cup he had been holding was immediately put down.

He turned his back to Chen Ao, did not look at him, just shook his head and smiled.

"Chen Ao, Chen Ao, it seems that you have forgotten your identity."

"In other words, you have forgotten my identity."

"In that case, the Dragon Lord, I will remind you again."

sneered In between, Mark turned around and threw the Dragon God Jade in front of Chen Ao.

"I ask you, this dragon god jade, do you remember?" Mark yelled, Chen Ao's body immediately trembled, and then nodded.

"I'll ask you again, Xinghuo LiaoDollar has changed, and Chu Xiaolong recounts my heaven and earth."

"Do you remember these words?" His words were strong, with majestic majesty and anger.

He lowered his head, the atmosphere hardly dared to breathe, just whispered: "I remember."

Of course Chen Ao remembers this.

When he met Mark for the first time upstairs in Shengtian that year, he recognized Mark through these and was the kind of grace to him again, the Lord of Dragon God!

“Since you remember, why did you betray me?” Mark yelled again, and on top of his delicate face, there was already anger and anger.

“Back then, when you were in a desperate situation, who helped you to help you?”  
“Once, when you were in your last days, who supported you?” “I gave you power, wealth, and status.”

“Let you Let you be the king of Noirfork!” “But what about you?”

“Do you remember these words?” The words were strong, with majestic majesty and anger.

## Chapter 2106

"Mufan Group is in danger of destruction, you help it!" "My wife is in danger, you turn a deaf ear!" "My relatives are in danger of destruction, don't care about it!" "You abandon your promise, Noirfork, and me!" "Such behavior, all kinds of behaviors, are enough for me to kill your family and destroy your nine races."

"Chen Ao, I ask you last, do you know you are guilty?" Mark's words are like swords, and every sentence is like a sword.

Senran angrily talked, just like thunder, exploding everywhere.

Every time Mark said a word, he stepped on the ground, taking a step forward, and his aura rose by a few points.

Especially the last drink, it exploded with power.

The tea cups behind him were all shattered under Mark's surging power!

The restaurant was trembling and tea splashed everywhere.

Everyone was even more terrified and terrified!

That feeling is like a few leaf boats in the stormy sea, crumbling under Mark's anger!

Finally, under Mark's continuous questioning, Chen Ao's face flushed and was ashamed.

Finally, with a stunned sound, he knelt directly at Mark.

"I'm convicted!" "I, Chen Ao'en, avenge my revenge, and I, Chen Ao, who is weak and incompetent."

"I deserve to die, I am a minister!" "It is Chen Ao, I can't help you."

"But I do things alone. I, Chen Ao, willing to die alone. But Nannan is still young, she is still a child, and her life has just begun."

"Chen Ao, the sinner, I beg Mr. Chu. Seeing that Nannan is young and Fanghua, I have a deep love for you. For the sake of this, Rao Nannan died!" Chen Ao's old eyes were red, but he knelt down and begged Mark.

The words are sorrowful, and they are old and tearful!

However, as soon as Chen Ao finished speaking, Laosan Lei ran over and kicked Chen Ao's face.

"Will you be paralyzed!" "Chen Ao, why don't you say so quickly, what are the difficulties?" "You and I have been in friendship for ten years. In my impression, you are definitely not a villain who is a seller and seeks glory."

What's the hardship?" "Why are you betraying Mr. Chu?" "Say!" "Your mother, do you really want to die?" Lei San was gritted with anger.

He has been in friendship with Chen Ao for many years and has also fought each other for many years.

Has long been a friendly friend.

Of course he didn't want to see that his old friend for many years just died like this.

He didn't even believe that the person who he regarded as a friend was actually a villain who was a seller of honor!

However, facing Lei Lao San's roar, Chen Ao shook his head and smiled with a desolate face.

"No need to explain."

"Even if I really have difficulties, what can I do?" "Even if I have ten thousand reasons, if I betrayed, I betrayed."

"I am sorry, Mr. Chu."

“I don’t blame anyone.”

“I deserve to die.”

“But Mr. Chu, before I die, I just want to advise you.”

“Whether it is Lu Mingfeng or Xu Shaohua, we Noirfork, we really can’t provoke you. Get up!” “Their background is so strong that we can’t really contend.”

“Tolerate the wind and waves for a while, take a step back and broaden the sky.”

“Chen Ao hopes Mr. Chu, don’t be arrogant.”

“Otherwise, Noirfork will be ruined, even more. For Mr. Chu, yourself and your family, you have caused a murderous disaster.”

“People will die and their words are good, Mr. Chu. The above are all Chen Ao’s words from the bottom of his heart. Please also Mr. Chu’s ears.”

Chen Ao knelt down again. Ground, persuaded Mark sadly.
