Chapter 2107 Chen Ao' s Heart

When Mark heard this, he immediately smiled.

“So, in your eyes, you also think that Mark is inferior to the two second-generation ancestors?” “Think that Mark can't beat the Lu family and the Xu family?” “Mr. Chu, I know that you are willing to admit it, but it is true. That's it.”

Chen Ao replied immediately.

“To put it ugly, if your family background is considered as a comprehensive individual, then Mr. Chu, you are indeed inferior to them.”

Chen Ao said in a deep voice.

Mark frowned when he heard the sound, “Do you dare to despise me?” “I'm just telling the truth.”

Chen Ao continued to speak, neither humble nor overbearing.

“The Lu family is a red wealthy family. It has been officials from generation to generation, and the clansmen are all over Vietnam's political circles.”

“What's more, it is the center of Vietnam's power!” “Lu Mingfeng first came to Noirfork, and the governor of Noirfork came to visit.”

“This face, I'm afraid it's Mr. Chu you never had it, right?” Chen Ao looked at Mark, paused for a while, and continued.

“Moreover, this is only the Lu family.”

“Xu Shaohua's background is stronger than that of the Lu family, but not weaker!” “A pair of generals, with heavy soldiers in his hand, will dominate the Noirfork army.”

“Just a general, Isn't Mr. Chu what you can do?” “What's more, what about the Xu family's double generals?” “And Mr. Chu, how about you?” “Say a better point, you are the respected Noirfork, the powerful master. But, in the world. In our eyes, we are nothing more than a group of mobs without orthodox identities.”

“Your so-called Noirfork Zun is also self-appointed by businessmen like us.”

“Just as Lu Mingfeng said, in the eyes of a real rich, you Mr. Chu, Just a bullshit!” “Apart from your passion, what do you use to fight against the Lu family? What do you use to fight against the Xu family?” “Rely on

Ericson? Rely on Lei San? Or on our group of low-ranking merchants?” Chen Ao sneered with a sarcasm. , In the words, there is a strong disdain and contempt.

When Ericson and others heard this, they almost urinated in fright and hurriedly stopped.

“Chen Ao, what are you doing? You are crazy, how dare you talk to Mr. Chu like this, do you really want to die?” “Apologize to Mr. Chu soon?” Ericson and others anxiously persuaded.

They didn’t expect Chen Ao to be so bold.

He was a guilty body, and now he dared to speak to Mark in Mark’s tone, and even contradicted and offended Mark.

He was really not afraid, Mark killed him in a rage?

“Ericson, you don’t have to persuade me.”

“There are some things that I wanted to say a long time ago.”

“Before, I was worried that it would offend him, but now, I am not afraid.”

“Anyway, I am a dying person. , What can I be afraid of?” “I just want to say all the words in my heart before I die.”

Chen Ao ignored Ericson and others’ persuasion, and still said in a deep voice, without fear. He is neither humble nor overbearing, and looks insistent on death.

“Chen Ao, you~” Ericson and others have to persuade again.

But Mark quietly raised his head and said in a low voice: “Let him speak.”

“I want to listen, what else can you say?” Mark’s voice echoed in the room.

But anyone with a discerning eye can feel the chill in Mark’s words.

Naturally, Ericson and others didn’t dare to disobey, and didn’t dare to persuade anymore, but they all winked at Chen Ao, let him stop at it, and stop irritating Mark.

However, Chen Ao turned a deaf ear, and continued: “Mr. Chu, although you and I have been in contact many years ago.”

“However, our true contact will last for a year.”

“You know, this one. What is my biggest impression of you in 2015?”

Chapter 2108 Mark's Domineering

“Is it a talented person? It is young and promising?” “No, neither is it.”

“It is ignorant and arrogant, it is pretending to be able to do it!” “At the beginning, after the Taishan martial arts battle, the host of Denham took the initiative to invite a banquet. In front of Yunding Mountain, Ferguson Wu took care of his family for three times, and you ignored it.”

“Now, you are even more of a wealthy family that threatens not to be afraid of arrogance in military and political circles.”

“Mr. Chu, don't you think you are too arrogant?” “Chu Don't forget, sir, we respect you, and you are the respect of Noirfork.”

“Otherwise, you are just a poor countryman, just a son-in-law who has entered the family of Qiuqiu.”

“You have no background, There is no background, except for brute force, what do you use to contend against a wealthy family with a monstrous background?” Chen Ao said bitterly, loyal and sincere, full of sincerity.

He said this, not to belittle Mark, nor to despise Mark.

On the contrary, Chen Ao admired Mark's achievements step by step by relying on his mettle body.

However, there are people outside, and there are heaven outside.

Mark's skills may be able to dominate Noirfork.

But, after Noirfork, what does he have?

I went to Japan and almost died there.

My own wife couldn't take shelter, and she was swept out.

Therefore, in Chen Ao's view, compared with the real giants, Mark is far behind.

Just like the Trivan Lake under the HaiDollar Attic, it may be the largest lake in Noirfork.

But looking at Vietnam, and even the world, this small cloud lake is so insignificant and insignificant.

In the room, Chen Ao's words still echoed.

But Ericson and others were all silent.

Although Chen Ao's words were ugly, they were indeed facts.

Lu Mingfeng and the others are indeed not what Mark can provoke.

However, facing Chen Ao's words, Mark chuckled, and faintly replied: "You said a lot."

"But Chen Ao, how do you know? In my eyes, what you said is just one thing. The matter of sword cutting."

"One sword cutting?" Chen Ao suddenly smiled when he heard this.

"After all, it's a young man."

"Mr. Chu, Mr. Chu, don't you think that your words are a bit naive and ridiculous?" "Yes, you are powerful."

"One enemy to ten, one enemy to a hundred. But, with your own strength, can you still contend against the entire Vietnam?" "The Lu family and the Xu family are both military and political."

"It can be said that what they represent behind is just It's the entire Huaxia."

"No matter how powerful you are, do you dare to use the body of an ant to fight against a country?" Chen Ao didn't expect that it was the time, Mark was still pretending to be strong.

Is this interesting?

Who do you pretend to be?

It only adds to the jokes and makes people look down on it.

At this point, Chen Ao's disappointment in Mark is undoubtedly more intense.

"Why don't you dare?" "If one person provokes me, I will kill one person."

"A hundred people provoke me, and I will kill a hundred people!" "If a country provokes me, I will destroy another country."

"The world provokes me, I will slaughter all the people of the world!" "I, Brian Chu, have never been afraid of people?" Mark's angry voice was uttered, and his shouts echoed the world.

In an instant, all the halls here were full of Mark's anger!
