

Wonder Doctor Chapter 2111

"I have an idea!"

Suddenly Long Ya, who was standing next to him, spoke up.

"You have a solution?"

Lin Ran looked at Long Ya and couldn't help but be stunned as well.

"What solution?"

Lingya was also busy asking, and Qin Bing and Luo Qiqi at the side were also looking at her curiously.

"The Immortal Emperor Tower!"

Long Ya said.

"Immortal Emperor Tower?"

Everyone was stunned, Lin Ran was even more confused, what was the Immortal Emperor Tower?

He hadn't even heard of it!

"Long Ya don't do anything nonsensical, the Immortal Emperor Tower will consume too much of you!"

On the side, Lin Ran heard this but he was busy saying.

"It's alright, it's just three years, and the way things are going, if Lin Ran is continuing to go to war, it might speed up the situation of the war!"

"There is no doubt about that, and if he wants to raise his strength up, three years is definitely not enough time!"

"And if the pace of the great war picks up, the time left for him at the end of the day will only be shorter!"

"The Immortal Emperor Tower is the only option!"

"Wait first, what exactly is this Immortal Emperor Tower for!"

Lin Ran asked busily.

He didn't even know what this Immortal Emperor Tower was for, so how come it sounded like he was going to be allowed to enter it?

"The Immortal Emperor Tower is something left behind by the old Immortal Emperor!"

Lingsha said.

It turned out that back then, Pillow Book had returned once after leaving and sent back the very Immortal Emperor Tower.

It was a tower of opportunity that he had found.

The Immortal Emperor Pagoda was a treasure pagoda refined by the old Immortal Emperor.

There were nine levels inside.

From each corresponded to the Extreme Dao Realm, the Star Realm and already the Violet Sea Realm!

These three realms were the middle three realms in the cultivation world.

Many people had fallen during this process.

That was why the old Immortal Emperor had made such a pagoda back then.

When you entered it, you could not come out until you reached the Purple Sea realm.

Although it was impossible to come out, the cultivation speed inside was also very fast.

And the time was also different from the outside world.

Therefore, many people who were extremely talented and important to the old Immortal Emperors would enter the Immortal Emperor Tower to cultivate.

Only back then, after the Great War, this Immortal Emperor Tower was lost.

It was later fortunately recovered by Pillow Book.

“What does this have to do with Long Ya?”

Lin Ran asked, puzzled.

“It has a lot to do with it!”

Lin Lin said.

“The current Immortal Emperor Tower can’t even get in!”

“The thing that activates the entrance to this Immortal Emperor Tower can’t be found at all because the chant has been there for too long!”

“After so many years, only Long Ya has discovered that the dragon blood essence inside her can open the entrance!”

“But it will affect him very badly! He won’t be able to cultivate for at least three years!”

“What about me? Will the power inside me be okay?”

Su Rou on the side was also busy asking.

Su Rou was also extraordinary, she had a power within her body, something that was a gift from the heavens.

It was also because of this power that she was able to achieve how she did.

“No!”

Ling Sa shook her head.

The Lord of the Alliance had later said that this Immortal Emperor Tower had to be opened with dragon blood.

This was why Dragonia could open it.

No other power would be able to open it.

“It’s alright, three years will soon pass!”

Long Ya said busily.

“But this will affect you too much!”

Lin Ran frowned.

“The impact on me will be limited even if it’s too great!”

“You should know very well that this great battle has only just begun, and it’s impossible for a great battle of this scale to start off with a full army!”

“Even Immortal Emperors don’t want to see the most disastrous results!”

“Now is the best time for you to enter the Immortal Emperor Tower to cultivate!”

“If you continue to delay, you won’t have any time to cultivate at all!”

Lin Ran was also silent after hearing this.

What Long Ya said was indeed the case.

The reason why the Immortal Emperor wanted to unify the Immortal Realm was, in the end, to deal with the invasion of the Divine Shadow Clan in the future.

If he certainly didn’t want to consume too much of his strength either.

This great battle would definitely be dominated by wearing down.

Until it wore down to the point where the Anti-Alliance had completely lost confidence, then it would be time for him to step in and end the great battle.

The long battle would last for ages at least, so this gave Lin Ran time to catch up.

If he couldn’t seize this time to cultivate, when the Immortal Emperor and the Anti-Alliance did open fire completely.

Followed closely by the Divine Shadow Clan, Lin Ran would only be more passive then.

“I really don’t mind, don’t worry!”

Long Ya said.

Lin Ran looked at her without speaking, and after a moment nodded heavily.

There were some things he was clear about, and it wasn’t something that could be decided again by indecision.

In front of some major rights and wrongs, one had to make a decision as soon as possible.

“I’m going! But you yourselves must be careful, you must wait for me to come out! Not a single one of you must be left behind!”

Lin Ran had determination in his eyes.

“Mm! You don’t worry!”

“Yes you can rest assured, with me and Sister Qin Bing, they will be fine!”

Su Rou said.

The strongest people here were Su Rou and Qin Bing, so with the two of them Lin Ran was also at ease.

“You yourself be more careful too!”

Lin Ran looked at Luo Qiqi who was at the side.

Luo Qiqi was the weakest, but her wealth was great, so perhaps she would become a thorn in the Immortal Emperor’s side in the future!

“Hm! You be careful yourself!”

Luo Qiqi said, some reluctance evident in her eyes as well.

Having made up his mind, Lin Ran stopped talking and went with the others to find the Lord of the Alliance.

After learning of Lin Ran and the others’ intentions, the Lord of the Alliance was also surprised.

However, after careful consideration, he agreed to do so.

After all, as the one in control of the Anti-Alliance, he naturally did not want to see the day of the showdown come too soon.

Under the arrangements of the Alliance Lord, Lin Ran and the others soon arrived at a valley in the Anti-Alliance region.

At this moment, there was not a single outsider here apart from some of the subdued generals that had been arranged.

“Once the Immortal Emperor Tower is opened, only one person can enter, and they cannot come out until they find clearance! Have you thought about it?”

The Lord of the Alliance asked.

“I’ve thought about it, let’s begin!”

Lin Ran said.

As the saying goes, when the heavens will descend upon a man, he must first toil his bones and starve his body and empty his body.

At the very most a thousand year gap, the price Lin Ran would have to pay to catch up would be enormous.

The Immortal Emperor Tower in front of him was a chance for others.

But for him, it was a prison.

Once he went in and couldn't get out in the future, the result would probably be that he would be separated from the world forever.

After all, there was a great war outside.

If he couldn't get out, or if he came out late, it would be fine if the Anti-Alliance won, but if he lost, the result might be something Lin Ran couldn't even bear.

But if he didn't go in, he wouldn't be able to play any role at all in this battle.

There were both pros and cons, it all depended on his own choice!

"Let's begin!"

Lin Ran turned his head to look at Long Ya at the side.

"Mm!"

Long Ya nodded, and then quickly stepped forward before a drop of essence blood floated out from her wrist.

As soon as the essence blood appeared, a "rumbling" sound was heard in the surroundings.

At the same time, the Immortal Emperor's Tower not far ahead of her began to tremble.

The black door trembled rapidly and soon a gap opened up.

The gap was so small that only one person could pass through it sideways.

But this was already Long Ya's limit.

"Get out!"

Long Ya's expression was painful.

Lin Ran was heartbroken in his heart, but at this point he couldn't say a word.

As soon as he gritted his teeth, he turned into a stream of light and shot towards the Immortal Emperor Tower in front of him.

The moment the light entered the Immortal Emperor Tower.

Lin Ran only heard a muffled grunt from behind him.

Turning his head to look, he only saw Lin Ran spit out a mouthful of blood and his entire body sat down on the ground.

"Bang."

In the next moment, the entire door of the Immortal Emperor Tower closed once more.

With this closure, Lin Ran couldn't even sense the location of Long Ya and the others, and the senses between them were completely broken.

Wonder Doctor Chapter 2112

Standing in the doorway, Lin Ran froze for a long time before he gradually withdrew his mind.

The Immortal Emperor Tower had already come in, so it was too late to say anything.

Lin Ran quickly adjusted his mind and surveyed towards the surroundings.

The entire Immortal Emperor Tower was brightly lit, and seemed to be shifting with the day and night of the outside world.

It would not make people feel depressed.

The entire first level was empty, with only a stone monument standing in the middle.

There were words inscribed on it.

Lin Ran quickly walked in and looked over.

"Immortal Emperor Tower, first level, strength early Extreme Dao realm, mainly hones the cultivator's mastery of the Dao!"

The words were only a simple line.

Below that was a corresponding dao.

It seemed that one had to choose the Dao they were cultivating and then they could set off for this first level of cultivation.

Having just entered the Immortal Emperor Tower, Lin Ran didn't know much about this place either.

So there was no rush to get up there.

He picked a sword dao and injected a surge of power afterwards.

"Weng!"

Instantly, the two words Sword Dao on the stone tablet emitted a heavenly glow.

Lin Ran then felt that an aura was gathering next to him.

Within a short while, a swordsman dressed in black robes appeared.

His features were so blurred that it was impossible to see his appearance clearly.

However, a long sword in his hand was very conspicuous.

"Get ready!"

A voice suddenly came from across the room, followed by the black-robed swordsman raising the longsword in his hand.

“Strike!”

Lin Ran looked at his opponent indifferently, this black-robed swordsman was not strong, he could sense that.

After all, it was only the first level of the Immortal Emperor Tower.

Lin Ran had also come with the attitude of seeing how this Immortal Emperor’s Tower was actually honed.

“Take the move!”

The black-robed swordsman didn’t say anything, and with a flash of his body he charged towards Lin Ran with his sword.

“The way of fighting with a long sword is not bad at the Extreme Dao Realm level, but unfortunately the gap between you and me is a bit large!”

Lin Ran said indifferently, swirling his finger and instantly a wisp of sword aura shot out.

“Poof!”

The sword mane instantly passed through the black-robed swordsman’s body.

The opponent hadn’t even made the slightest reaction, and his entire body would already be completely scattered.

The Immortal Emperor Tower had a total of nine levels, corresponding to the Extreme Dao Realm and the Star Realm as well as the Violet Sea Realm.

But there was a hundred thousand eight hundred realms missing!

Lin Ran guessed that this could all be because no one had been coming in recently, thus causing the information to be wrong.

If one’s guess was correct, these first three levels might be the third level of the Hundred Thousand Eight Hundred Realms.

The Extreme Dao Realm was the first level, and the second into what was likely the span between the Extreme Dao Realm and the Hundred Thousand Eight Hundred Thousand Realm.

From the fourth level onwards is the Star Realm, and from the seventh level is the Violet Sea Realm.

This is because the Extreme Dao Realm and the Hundred Thousand and Eight Thousand Realms are only the difference between the Dao.

According to the stone tablet on the first level there were so many dao, one would think that reaching the Hundred and Eight Thousand Scriptures would be very easy.

“Weng!”

As Lin Ran was thinking in his mind, the black-clothed figure dissipating in front of him was having a change of heart.

The figure that had originally dissipated had actually manifested into two at this point.

One of them was still the same longsword swordsman from before, while the new one that had appeared was a short sword swordsman.

“Kill!”

The two didn’t hesitate in the slightest and charged towards Lin Ran as soon as they appeared.

“Interesting!”

Lin Ran laughed, could it be that all types of swordsmen would appear?

With a thought in his mind, Lin Ran flexed his fingers instantly a sword aura sliced through.

The two black-robed swordsmen instantly dissipated and disappeared.

But very soon, a loud noise was heard around them again.

This time, there were five black-robed figures.

It was none other than the Long Sword Swordsman, the Short Sword Swordsman, the Assassination Swordsman, the Heavy Sword Swordsman, and the Willow Sword Swordsman!

“That’s true!”

Lin Ran smiled, truly worthy of the Immortal Emperor’s Tower, a small sword dao, but it had brought together all five directions of swordsmen.

It would be difficult for the cultivators of the Extreme Dao Realm not to progress under this.

Even at this moment, Lin Ran was a little curious as to how the cultivation of the one hundred thousand eight hundred thousand realms above was actually like.

Would it make his own cultivation speed increase by leaps and bounds as well!

“Let’s go up there and take a look!”

Lin Ran thought in his mind, while raising his hand to erase the five black-robed swordsmen, and ran towards the entrance of the second layer.

There was a vortex between each layer, which should be something like a teleportation array.

Lin Ran didn’t think much about it and entered the vortex directly.

A few moments later he realised that everything around him had changed.

This second level, which had changed from the first in terms of environment, appeared more translucent.

But the overall layout was the same.

There was also a stone tablet standing in the hall.

Inscribed on the stone tablet was a phrase.

“Peak of the Extreme Dao Realm, Half-step to the Hundred Thousand and Eighty-thousand Realms, Infinity of the Dao!”

Infinity of Dao? What did it mean?

Lin Ran looked stunned and was busy looking downwards.

He only saw that below this sentence, there were three separate places where he could inject power.

What was written respectively was.

“Ten Thousand Realms!”

“One hundred thousand realms!”

“Infinity realm!”

Looking at these three options, Lin Ran had already guessed what was going on.

Based on the pattern of the first level, this second level was likely for cultivators to hone their different dao.

The Hundred Thousand and Eighty Thousand Realms was supposed to be for mastering all of the dao.

Although they were all mastering the skin, each cultivator was proficient in a different dao.

For example, Lin Ran, the Dao of the Sword, the Dao of Lightning, the Dao of Wind and so on were the ones he was most proficient in.

But what if the person who came was not proficient in these three dao?

So so many dao's should be set up to compensate for everyone's different cultivation.

“Let's skip the trial and go straight to the third level!”

Lin Ran turned and ran towards the third level directly after a slight consideration.

One's time was tight, there was no need to waste it on the second level.

If one's calculations were good, then the third floor was likely to be the right place for one to cultivate.

Sure enough.

When Lin Ran arrived at the third level, the aura around him instantly suppressed him to a certain extent.

And this feeling was really not present on the first two levels.

Moreover, this third level was no longer just a stone monument, there were two stone monuments standing in the middle of the grounds.

The stone monuments only had a very large number of words carved on them as well.

“One Hundred Thousand and Eight Thousand Realms, Twin Life Puppets!”

“One Hundred Thousand Eight Thousand Realms, Ten Thousand Armies Spell Formation!”

Two words were engraved on each of the two stone tablets.

Lin Ran was stunned as he looked at them, not understanding what this meant.

Could they be two different cultivation methods?

“Let’s try it first!”

Seeing that there were no other written records, Lin Ran only had to raise his hand and choose one at random.

It was the first one he chose, the Twinborn Puppet.

Power was injected, and instantly two auras appeared out of thin air next to the stone tablet.

These two auras were very similar, and could even be described as identical.

The two breaths appeared and soon two light masses appeared.

These two light masses were more than one person high and were covered with a layer of white light on the outside, so it was impossible to see clearly what exactly they were.

“Inject the essence blood, cultivation begins!”

A voice suddenly sounded out.

Lin Ran didn’t say anything, and with a flip of his hand, two drops of essence blood already flew over.

The essence blood went into the white light, and instantly the white light dissipated.

Then two figures in black robes appeared.

Lin Ran’s entire body was dumbfounded when he saw their appearance.

The two people in front of him actually looked exactly like himself, and even the weapons they were holding were very familiar.

It was none other than the Condensing Frost Sword.

A twin-born puppet, that was such a twin-born puppet?

And I wonder how strong it is!

Wonder Doctor Chapter 2113

“Weng!”

The two puppets snapped open their eyes.

Two red rays of light shot out, and a chill could not help but grow in Lin Ran's heart as he looked at them.

The strength of the other party seemed to be very much higher than that.

At least this shock in his eyes was not something he could do.

"Try it!"

Lin Ran drew out his Condensing Frost Sword with his backhand and charged at one of the puppets and instantly slashed at it.

Almost at the same time as he did, the two puppets moved as well.

Their movements were surprisingly identical to Lin Ran's.

The same sword slashed out.

Only the sword aura Lin Ran slashed out was seven-coloured, while the one they slashed out was crimson.

"This isn't right!"

Seeing the other party's move, Lin Ran's entire face changed.

It was the same sword, the same movement, but this difference in strength wasn't even a star and a half.

"Bang!"

As he spoke, the three sword maces had already collided together.

The two red sword mangles had shattered Lin Ran's seven-coloured sword mangles in almost a single glance.

Moreover, the two sword mangles didn't have the slightest intention of stopping and slashed right towards Lin Ran.

"Roll!"

Lin Ran let out an explosive shout as his entire body's aura filled the air, instantly colliding with the two sword maces.

Almost simultaneously his entire body flew backwards, a mouthful of blood spurting out.

The two puppets stood still and didn't move, only looking at him silently as if waiting for him to continue his strike.

"Damn it! Each one of them is twice as strong as me, play your mother!"

Lin Ran couldn't help but curse.

Wiping the blood off the corner of his mouth, Lin Ran then got up.

"Resist us for ten rounds and you'll be counted as having passed!"

One of the puppets looked at Lin Ran and said woodenly.

“Pass? You think I’m playing a game!”

“Get lost! I don’t want to play with you!”

Lin Ran said speechlessly, and immediately ran to the stone monument, ready to try the Ten Thousand Armies Spell Formation.

It wasn’t like he had come here to pass the level, just to resist the opponent for ten rounds alone, given his physical quality.

As long as one didn’t die, one could resist any fight.

This is not what one came here for.

If these puppets don’t fight to the death, how can one train.

What one wants is a life and death grind, either one dies here or one rushes out.

And these twin puppets clearly did not meet one’s requirements.

If you think about it, you can understand that the Immortal Emperor had made this for the use of people he valued.

Surely he wouldn’t spare their little lives.

But he was different, he had to improve his strength as soon as possible.

A surge of power was injected into the stone tablet, and in an instant the twin puppets disappeared.

At the same time, a formation fiercely rose up throughout the hall.

The formation enveloped and the stone monument in front of him instantly disappeared.

Lin Ran looked around and could not help but frown slightly.

Inside the formation, it was desolate, and the only thing that remained on the ground was the stone slab.

There was a sanguine intent in the air, and he didn’t know why.

Lin Ran came to the side, fearing that he would be mobbed if he stood in the middle later.

After waiting quietly for a while, the sound of footsteps soon sounded.

He was busy turning his head to look, and somehow at the edge of the formation on one side, a sturdy figure had appeared.

The other person was wearing black armour and holding a sharp longsword in his hand.

The whole man did not walk fast, but his aura was full.

“Just one?”

Lin Ran frowned, this was not the result he wanted.

“Hm?”

Suddenly, another footstep sound came from the other side.

Lin Ran looked and found that such armored generals had actually appeared on the other side as well.

Followed by a third appearance and finally a fourth.

Lin Ran looked around and found that there were more and more of these armoured generals, coming towards his position from all directions.

Moreover, they were walking faster and faster, and their body agility was getting better and better.

“Interesting!”

Lin Ran felt that he had found the right one, and immediately dashed towards one of the armoured generals with a dash.

The Frost Condensation Sword in his hand slashed through a light and instantly had struck the armoured general.

The black armour on the armoured general’s body instantly shattered, revealing rock-like skin.

And on their chests, there was actually a red stone.

It seemed to be the source of their energy.

“Shatter!”

Lin Ran stabbed his sword, instantly missing the stone.

But a scene that he hadn’t expected happened.

The red stone didn’t even shatter, but instead, it shook his Frost Condensation Sword back.

“Hm?”

Lin Ran frowned as he watched, what did this mean? It couldn’t be killed?

“Bang!”

As he was thinking, the puppet that he had stabbed instantly popped his black armour all over, and the longsword in his hand lifted up, his body simply staggering him with its speed.

In almost a flash it had already reached him.

“Holy crap!”

Lin Ran cursed and hurriedly raised his sword to block.

“Bang!”

The moment of the collision, Lin Ran only felt as if he had been smashed by a mountain.

The entire person instantly took several steps backwards.

On the contrary, the general had only retreated by a mere two steps.

“The strength is similar to mine, I just don’t know if he will deal a death blow!”

Lin Ran calculated in his mind.

He soon realised that the puppet hadn’t even charged towards him.

Instead, he raised his sword and stabbed it towards the chest of the puppet on the side.

“Bang!”

With a loud bang, the armour on the puppet next door also all shattered, leaking out a red stone.

Following this, the two generals stabbed each side in the same direction.

In just a few breaths, the armour on nearly ten generals had already shattered.

And none of the generals whose armour had popped to pieces had become very nimble.

“Is this awakening a companion?”

Lin Ran looked a little anxious.

“Nima one will do, no shouting!”

Said Lin Ran as he directly rushed over.

Those generals that were activated felt Lin Ran rush over and all turned towards Lin Ran and killed him.

Facing a dozen generals at once, Lin Ran also panicked.

The divine lightning instantly filled the air, and the divine lightning transformation secret art was performed.

With a sweeping blow, he threw himself at the generals in front of him.

The generals didn’t seem to be afraid at all, they didn’t dodge or evade and carried off Lin Ran’s blow.

A dozen of them all flew backwards, but they didn’t have any injuries at all.

On the contrary, the sweeping blow accidentally injured some of the surrounding generals, breaking their armour as well.

The next moment the whole scene went out of control.

The unarmored generals charged towards Lin Ran to kill him, while some other generals began to go and activate more of their companions.

The entire formation space was not large by nature, and in barely a minute’s time, dozens of armoured generals had all come towards Lin Ran to kill him.

Luckily, these generals were not intelligent, and although they had good body skills, they were still able to maneuver around Lin Ran's dodging.

But soon, as the number of generals increased, Lin Ran had less and less room to dodge.

Gradually, Lin Ran had no choice but to face them.

"Interesting, that's it, that's the effect I want!"

At this moment, a ray of light also appeared in Lin Ran's eyes.

The Chaotic Qi Spiral within his body instantly ran at full force, and endless power instantly filled all his limbs and bones.

Looking at the countless generals in front of him, he knew he had to go all out!

◦ ◦ ◦ ◦

In the Chaos Space Dungeon.

Lin Ran opened his eyes on the futon, and at this moment, a stern aura flashed across his eyes.

It was then quickly closed up again.

Not far away, the two of them, Qin Fan and Qin Zhan, saw this scene.

Qin Fan said.

"Big brother, this kid has been in seclusion for almost a month, cold getting more and more arrogant, does he even care?"

"I don't know! Cultivate well, that's his business!"

Qin Zhan said and also closed his eyes.

Wonder Doctor Chapter 2114

Lin Ran officially began his hard work in the Immortal Emperor Tower.

And at this time in the outside world.

As Lin Ran was not appearing.

Everyone was speculating if he had died.

But the truth could never be hidden.

Soon, word spread that Lin Ran had entered the Immortal Emperor's Tower.

And when the Immortal Emperor learnt that he had entered the Immortal Emperor's Tower, he was very surprised that he wasn't angry.

Instead, he laughed.

“This kid has entered the Immortal Emperor Tower, he definitely won’t be able to get out in three or five years, so this is all down to us being able to settle accounts with the Anti-Alliance properly!”

Half a month had quickly passed.

Together with the time spent on the previous encounter, a whole month had passed since the Immortal Emperor opened the Great War.

And the war between the Immortal Emperor Domain and the Anti-Alliance had also become gradually scorched from the initial tentative moments.

Although the Immortal Emperor Domain had not been able to break through the Anti-Alliance’s towns.

But the scale of the exchange of blows between the two sides was expanding.

Even the experts were also striking out.

Even the one sitting on the Immortal Emperor Domain’s side at this time was one of the regional kings sitting on the Immortal Emperor.

Northern Region, Dou Night!

This Dou Night was also quite famous in the Immortal Emperor’s seat.

It was said that his skill in assassination came and went without a trace.

After the Immortal Emperor’s side had sent him here.

The Anti-Alliance then had Qin Bing personally sit in.

There was no way around it, this Dou Night’s assassination technique was too powerful.

It was difficult for people of the same level to guard against his assassinations, let alone those who were weaker.

Only someone like Qin Bing, who was much stronger than him, would be able to resist his assassination.

The great battle continued, and Lin Ran was cultivating hard.

And in the chaotic space, Lin Ran, who was sitting on a futon, had not opened his eyes.

Everything seemed to be frozen in this moment.

When a full three months had passed.

Finally, Lin Ran on the futon opened his eyes violently.

At this moment, there was an endless light in his eyes.

It was as if there was an ocean of stars all in his eyes.

“Is this what the Astral Realm feels like?”

There was excitement in Lin Ran’s eyes, but he knew that he was still one step short of this realm.

Three whole months of hard cultivation had allowed Lin Ran to break through directly to the peak of the Hundred Thousand Eight Hundred Thousand Realm.

There was only one step left to the Star Realm.

The result of the three months was beautiful.

But who knew the hardships involved.

One doppelganger was in the Chaos Space Dungeon, constantly observing the stone tablet to gain enlightenment.

The other doppelganger, buried in battle within the Immortal Emperor Tower.

The two complemented each other, bringing the greatest effect naturally.

But similarly, the ordeal for Lin Ran was also the greatest.

At this moment, within the Immortal Emperor Tower, Lin Ran's entire body was filthy.

The clothes on his body were rotten to the core.

For three whole months, he had constantly fought with these black armours.

It had made his entire body numb.

At this moment, once he really stopped, he even had a feeling of despair.

Not knowing what he was going to do next!

He sat on the ground and froze for a long time, and kept doing this for hours before his whole person gradually came to his senses.

"It seems like I've reached the peak of 108,000 sutras!"

Lin Ran murmured.

He slowly got up and looked at the empty space around him.

At this moment, there were no longer any armored generals around, and even the formations had disappeared.

The only thing still standing were the two huge stone monuments.

Lin Ran slowly got up and walked over towards the stone monuments.

He stroked the stone monuments, and his entire being actually had a kindred feeling at this moment.

It seemed to be knowing that he would have to stay here for the next long years.

"It's time to visit the fourth level!"

Lin Ran lamented, and then walked towards the fourth level.

And at this moment, in the Chaos Space Dungeon.

Lin Ran had also finally left from the futon.

“Hey hey! Big brother, that kid has finally left the observatory!”

Qin Fan had been wondering about Lin Ran’s movements, and immediately ran to find Qin Zhan when he received the news.

“Where is he?”

Qin Zhan asked busily.

“He’s headed towards the gladiatorial arena, most likely preparing to fight!”

Qin Fan said.

“Not good, go and find him, Leng is still waiting for him in the gladiatorial arena!”

Qin Zhan was busy saying.

The two of them immediately ran towards the gladiatorial arena.

However, the two were still a step too slow after all.

By the time they arrived at the gladiatorial arena, Lin Ran had already met up with Leng.

Or rather, Leng had already blocked Lin Ran.

“Lin Ran, dare you take the fight, give a quick word!”

Leng stood a short distance away, looking coldly at Lin Ran.

Lin Ran, on the other hand, did not speak, quietly sipping his tea.

“Brother Lin Ran can’t answer the battle!”

Hearing this at the side, Qin Zhan was busy running over.

“Yes, you can’t answer the battle, this cold strength is very strong!”

Qin Fan also said from the side.

“How is it strong?”

Lin Ran looked at the two men and asked with a smile.

“Brother Lin Ran, you don’t know, this Leng strength is at the peak of the Hundred Thousand Eight Hundred Realm!”

“And it was reached half a year ago, now I’m afraid that one foot has crossed into the half-step Star Realm strength!”

“Yes!”

“This kid’s strength is so terrifyingly strong that even Black Bear wouldn’t dare to fight him!”

Qin Fan and Qin Zhan were busy saying.

“So powerful, then if I win against him, will no one dare to bother me in the future?”

Lin Ran asked with a smile.

He was very clear about how strong he was, and the three months of hard training had not been for nothing.

And most importantly, Lin Ran didn't want people to challenge him every day in the future.

With his own doppelganger at the Immortal Emperor Tower, the last thing he lacked was fighting, what he lacked now was time.

It was time to go to the observatory and cultivate.

This Leng had offered to challenge himself three months ago.

He himself had not been free until now.

This fight was naturally unavoidable.

At the same time, Lin Ran was also there to send a message to the outside world.

That he was also a genius, so don't come looking for trouble if you have nothing to do.

“Kid, I admire your courage, but if you want to win against me, it's better for you to say such words sparingly!”

“Reality is very cruel!”

Leng stood aside and sneered.

“It's alright, I've seen the cruelty of reality a lot!”

Lin Ran laughed, while getting up and setting his cup of tea aside.

“No need to talk nonsense, go down!”

“Good boy, I like your kind of quickness!”

He laughed coldly and immediately rushed down towards the dueling arena below.

Seeing this, Lin Ran was also ready to follow, when Qin Zhan, who was on the side, was busy wrangling him over.

“Brother Lin Ran, you've thought this through! This guy's strength is really strong!”

“I'm really not lying to you, you'll have to be careful!”

Qin Zhan was busy saying.

“Mm! Don't worry!”

Lin Ran smiled and nodded, and then followed suit.

And right after Lin Ran decided to answer the battle, the news quickly spread.

Many talented cultivators had rushed over at the news.

It had been a long time since anyone had fought against Leng.

So this time, Lin Ran's response to the battle had caused quite a stir.

Even Black Bear had come.

"Has this kid gone mad? He fought me only three months ago!"

"Even if he broke through, he's at most a hundred thousand eight hundred thousand realm, how dare he fight Leng!"

Seeing Qin Zhan, Black Bear asked with great dissatisfaction.

"What's the use of you saying such things, I don't know where he got the courage!"

"But we'll see later and think we'll know!"

Qin Zhan said blandly.

"Take a look? What else to see, if this kid can win, my Black Bear's name will be written upside down!"

"That Leng guy, even I wouldn't dare to fight him! Just Lin Ran, a guy who hasn't been here long? Don't even think about it!"

Wonder Doctor Chapter 2115

There was a lot of chatter among the crowd.

And at this moment in the gladiatorial arena, Lin Ran and Leng were also standing separately.

The formation around the gladiatorial arena had already opened, enveloping both of them.

"Kid, it's not too late for you to regret, I, Leng, am not an unreasonable person either!"

"My strength against you does somewhat take advantage of you!"

Leng looked at Lin Ran and laughed.

"No need for that, cut the crap, if you want to fight, just fight!"

Lin Ran said indifferently, while already flipping his hand and taking out his Frost Condensation Sword!

"Good boy, interesting, then don't blame me for not being polite!"

Leng said as he flipped his hand and also took out his own weapon, which was clearly a short sword.

Weapons like short swords were generally rarely used.

Especially cultivators.

This was because most cultivators could already manage to imperialize Qi.

The means of attack had a large range.

Especially for some cultivators who did not know how to refine their bodies, it was impossible for them to let you get close to them once they fought with others.

But for some body refinement practitioners, close combat is what they want.

For example, those who practise the art of assassination.

Most of them would also practise body refining techniques at the same time.

Otherwise, if the assassination didn't succeed, then it would be themselves who would be in trouble in turn.

The fact that Leng took out his short sword at this moment clearly indicated that he should also be a body refining practitioner.

The gladiatorial arena where the two were fighting was not large, so if he was really a body refining practitioner as well.

That short sword would undoubtedly give him an advantage.

Lin Ran couldn't help but frown slightly when he saw this scene as well.

Strictly speaking, Lin Ran was not considered a professional body refining cultivator.

His methods were more like those of an ordinary cultivator.

However, his physical quality was also a little stronger than that of an ordinary cultivator.

This included the same in terms of divine sense.

All it was hard to define what kind of cultivator he was exactly.

One could only say that he knew a bit of everything, while the body refinement and divine sense aspects were no match for professional body refinement cultivators, as well as divine sense cultivators.

"Kid, it's starting!"

Leng looked at Lin Ran, and as the words rang out, his entire body had already rushed over.

His entire body's aura radiated out, and his strength at the peak of the Hundred Thousand Eight Hundred Thousand Realm shocked the crowd.

Even Qin Zhan and the others on the first floor at that moment were watching with trepidation.

"Just how certain Brother Lin Ran is!"

Qin Zhan frowned and whispered to himself.

"Hey, why doesn't this Lin Ran listen to advice!"

Qin Fan was also helpless.

As for the black bear at the side, he was full of laughter.

"I thought this kid was a tough opponent too, but I didn't expect him to grow a brain either!"

“Even if he has broken through to the Hundred Thousand and Eight Thousand Realm, he is at most at the early stage of strength, fighting Leng is simply self-defeating!”

Black Bear said as he actually sat down at the side.

It was obvious that he thought that this match was no longer in doubt.

However, just as he sat down and was about to take a sip of tea and wait for the match to end.

Suddenly, an aura in the arena was what made his face change instantly.

Black Bear was busy getting up to look, and when he saw the source of the aura, his whole person instantly exploded.

“How is this possible, how can this kid also be at the peak of the Hundred Thousand Eight Hundred Thousand Realm!”

“This can’t be!”

Black Bear was filled with shock.

Qin Zhan and Qin Fan at the side were not much better than him either.

“Brother Lin Ran is really deep in hiding!”

Qin Zhan suddenly laughed.

“To go from breaking through the Extreme Dao Realm to the peak of the Hundred Thousand Eight Hundred Realm in three months, this natural talent is simply terrifying!”

“Big brother? Is this kid a human being? This is too terrifying! It’s simply a genius!”

Qin Fan couldn’t help but exclaim in shock as well.

They had both been in this Chaos Space Dungeon for how long, they had entered even earlier than Lin Ran, but even now Qin Fan hadn’t managed to break through to the Extreme Dao Realm.

But what about Lin Ran?

Yet, he had already reached the peak of the Hundred Thousand and Eighty Thousand Realm straight away.

In contrast, the difference was simply staggering.

“Insane! It’s simply insane, this kid is the devil, right!”

Black Bear was so shocked that he couldn’t even stand, and was pacing back and forth not knowing what he was thinking.

At this moment, in the middle of the room, Leng was also startled by this sudden display of Lin Ran’s strength.

Originally, he thought that even if Lin Ran’s talent was high, it would not exceed the peak of the Hundred Thousand Eight Hundred Realm.

But who would have thought that this kid had actually broken through directly to the peak of the Extreme Dao Realm.

Standing at the same level as himself.

“That’s quite a surprise to me!”

Leng stopped in his tracks and looked at Lin Ran with a little more wariness in his eyes.

“It’s alright, this realm isn’t that hard to reach!”

Lin Ran laughed lightly, he was telling the truth.

This realm was indeed not difficult to reach, but only if others could also suffer the same hardships as him.

Three months of hard training at the Immortal Emperor Tower was not something that anyone could persevere through.

“Kid, even if your strength surprises me, you are still bound to lose this competition!”

Leng said with his eyes steeply ice-cold, and the next moment his entire person charged towards Lin Ran.

Lin Yan looked at his opponent and didn’t say anything, likewise with a shake of the Condensing Frost Sword in his hand, he already slashed towards his opponent.

The great battle in the field instantly erupted.

The gazes of the countless cultivators around were all drawn over.

But then they froze.

In the gladiatorial arena, Lin Ran was actually entangled in a fight with Leng.

Even in the occasional close combat, Lin Ran was actually not the least bit weaker than his opponent.

“This kid, he’s too perverted!”

“More than perverted, it’s simply terrifying!”

“Yes, yes terrifying, this is simply a terrifying genius!”

“If we give him time to grow slowly, this Chaos Space Dungeon, where can Kun hold him!”

“Not just the Chaos Space Dungeon, I’m afraid that in the future, the entire Immortal Realm will be left with legends about him!”

The crowd was chattering.

At this moment, Lin Ran naturally could not hear them.

In fact, ever since he had fought with Leng, he had no time to think about anything else.

Although he himself was also in the Hundred Thousand and Eight Thousand Realms, he was clearly not as skilled as Leng in the use of this level of Dao.

So to a certain extent, Lin Ran was actually falling behind.

But as long as he gradually mastered the deepening of his control over this level, or even the Dao, as he and Leng fought.

Then the situation would not be easy to tell!

Moments and minutes passed, and after a few minutes of the two exchanging blows.

Leng clearly felt the pressure of his attack increase.

“This kid is using me as a whetstone!”

Leng was upset in his heart, how could he not see Lin Ran’s intentions at this point.

“Roll!”

With an explosive shout, Leng instantly jolted and pushed Lin Ran, pulling the distance between them.

And at the same time, he raised his hands violently, the short sword in his hands even hovering above his head.

“Kid, I admit you’re tough, but it’s time for it all to end!”

“Geniuses need time to develop after all, and you don’t have enough time yet!”

With that, Leng slowly raised his palm, and the next moment a terrifying aura instantly filled out, converging towards the short sword above his head.

And at the same time, the short sword above Leng’s head turned from black to red.

A terrifying aura was brewing.

“A Jedi strike? Interesting, it’s just as well to see how strong my strongest strike is!”

Lin Ran laughed as the divine lightning within his body instantly filled out, the divine Lightning Transformation was instantly executed, and the Chaos Qi Spiral within his body also spun wildly at this moment.

It was clear that Lin Ran was about to strike with all his might as well.

Wonder Doctor Chapter 2116

“This this...”

On the high platform next to them, Qin Zhan Qin Fan and the others were a little confused as they watched.

Although they were separated from the gladiatorial arena by an array.

But at this moment, the aura within the dueling arena was something they could deeply feel.

Two terrifying auras were brewing.

“The result is coming out, the result is coming out!”

Suddenly, it was unknown who shouted from the high stage.

Following this the next moment all the cultivators were busy raising their heads to look over.

Only to see that on the dueling arena below, Lin Ran and Leng’s attack had already been completely brewed.

Before the crowd could react, the two terrifying auras instantly collided towards each other.

“Rumble!”

The entire dueling arena was instantly completely enveloped by the two terrifying auras.

Even the figures of Lin Ran and Leng disappeared.

Two terrifying forces, one white and one red, converged towards the middle.

In almost the blink of an eye, a large portion of the two auras had already collided together.

“Rumble!”

Within this dueling arena, no figure could be seen.

The only thing that could be seen was the mad collision of the two breaths, which distorted the surrounding formation somewhat.

If it wasn’t for the amazing defensive power of this formation, I’m afraid that it would have been completely churned up by this collision.

“Bang!”

Suddenly at a certain moment, the collision of forces within the gladiatorial arena reached an extreme point.

In an instant, a wave of aura surged out in all directions.

Some of the breath even froze and tore a hole in the formation barrier and rushed towards the outside.

The power of the collision found its vent and instantly all rushed out towards the gap.

In an instant everything within the entire gladiatorial arena was sucked out towards the outside.

“Hey hey what is that thing!”

Suddenly someone exclaimed.

Only to see that a figure had actually rushed out of the gap in the formation.

And that figure was clearly not trying to come out on its own.

Rather, it was swept out by the frantic outpouring of breath.

“This...”

The crowd was dumbfounded as they watched.

How could they not have expected that the final result would come out in this way.

The aura within the dueling arena soon all dissipated.

Without the slightest surprise, there was only one figure left on the gladiatorial arena at this point.

When the crowd looked at it, they could not help but be stunned.

Who else was left on the gladiatorial arena at this moment, if not Lin Ran.

“Leng.... Leng actually lost!”

“My goodness, Leng actually lost!”

“The sky has changed, the Chaos Space Dungeon is about to change!”

“Genius, simply a genius!”

“Genius? I think this kid is a demon!”

“It’s too powerful, I can’t help but be convinced!”

A crowd of cultivators marveled.

Even Qin Fan and Qin Zhan, who were at the side at this moment, were filled with shock.

If the peak strength of the Hundred Thousand Eight Thousand Realm that Lin Ran had displayed had shocked them.

Then what Lin Ran brought them at this moment was simply fear.

In three months, he had broken through from the Extreme Dao Realm to the peak of the Hundred Thousand and Eighty Thousand Realm, and now he had even directly defeated Leng.

This kind of strength, it was truly impossible not to be convinced!

“I’m convinced!”

Leng climbed up from the ground and looked at Lin Ran with a rare calmness in his eyes.

“Please accept my concede!”

Lin Ran said with an arching hand and a smile, while also going up to the first floor.

Leng quickly left.

The surrounding cultivators, meanwhile, looked at Lin Ran, each one wondering what they were thinking.

“Brother Lin Ran, congratulations!”

Qin Zhan went up to congratulate him, but his face was as awkward as it could be.

Just now, he himself had tried his best to persuade Lin Ran not to fight with Leng.

But in the blink of an eye, he had been viciously slapped in the face.

“There’s nothing to congratulate, off to cultivate!”

Lin Ran smiled at Qin Zhan and promptly left as well.

This time, fighting with Leng had also made him gain a lot.

In particular, his perception and control of the Hundred Thousand and Eight Thousand Realms had improved tremendously.

Lin Ran did not want to waste a minute of his time now, and immediately left the gladiatorial arena to return to the observatory.

In fact, since Lin Ran had arrived in this Chaos Space Dungeon, he had hardly been anywhere else but the observation platform and the gladiatorial arena.

Time was what he treasured the most right now.

Everything was for the sake of improving his strength as soon as possible.

While returning to the observation platform, within the Immortal Emperor Tower, Lin Ran had also begun his cultivation on the fourth level.

....

The three months had also brought about the first wave of fierce encounters in the great war between the Immortal Emperor Domain and the Hair Alliance.

A few days ago, the Immortal Emperor Domain’s side sent Dou Night to assassinate a Purple Sea Realm Commander from the Anti-Alliance side.

Although Qin Bing discovered it in time, he was still a step too late.

Not only did Dou Night act personally, he followed was brought a full ten Star Realm powerhouses to stop Qin Bing.

In the end, he managed to delay Qin Bing for a minute.

But this minute was more than enough time for Dou Night.

The Purple Sea Realm Commander had been successfully assassinated by him.

This completely enraged Qin Bing.

Qin Bing pursued him all the way and killed all the Star Realm powerhouses Dou Night had brought with him.

He even severely injured Dou Night.

The Anti-Alliance even sent out a large army for this purpose, killing almost half of the advance army sent by the Immortal Emperor.

This battle could be described as a tragic one.

Although on the surface, the Anti-Alliance had a slight advantage.

But in reality, as long as there is a great battle where there is no winner.

After the battle, it seemed that the Immortal Emperor had been completely angered.

In one breath, the Immortal Emperor sent the East Chess King and Ye Lianhan.

The East Chess King naturally needs no further explanation, this Ye Lianhan is also a level of power of the East Chess King.

She was in charge of the Western Region of the Immortal Emperor's Domain.

The Immortal Emperor had four guardians sitting on his throne, and with the serious injury of Dou Night and the tragic death of the Bladeless Sword, these two were the only ones left.

No one in the cultivation world was stupid, they could all see that.

The four guardians under this seat were all advance troops, and if these two guardians also failed in the end.

I am afraid that the prologue to the great war will be drawn.

But who can retreat when a great battle is underway?

At this moment in the great hall of the Anti-Alliance.

"Report to the Alliance Lord, the Eastern Chess King and Ye Lianhan have separated."

"The Eastern Chess King is leading his army to confront the Qin Commander, while Ye Lianhan seems to be leading his men to attack the pass!"

The news came from his men.

The Lord of the Alliance asked, his face uncomfortably pale.

"Pass the order for Tiger General to bring his men to the pass, it must be defended!"

"If the pass is lost, let him bring his head to the table!"

"Yes!"

The Pass was a very important place for the Anti-Alliance.

The overall territory of the Anti-Union could be divided into two blocks.

The first is the plain near the lake.

And the second is the town in the mountains.

The pass was an important link between the two places.

If the pass was occupied by the other side, it could be said to be the lifeline of the Anti-Alliance.

Although he had sent his generals there, the Lord of the Alliance had obviously muttered about Ye Lianhan's determination.

Three days later, Ye Lianhan successfully breached the gate of the pass and occupied it.

Almost simultaneously, the Immortal Emperor's side sent a large army to the pass.

The Lord of the Alliance had no choice but to let Su Rou go.

Su Rou lived up to his expectations and killed Ye Lianhan to retake the pass.

But at that moment, the Immortal Emperor's army came together.

A new battlefield had formed at the pass.

The battle was even much more fierce than the place where Qin Bing was holding down.

At this point, the curtain was completely lifted on the battle between the entire Immortal Emperor Domain and the Anti-Alliance.

On the isolated island of the Beast King Domain, Zhen Yan looked at the sky not far away and murmured softly.

"The situation is about to change, waves will rise in the Immortal Realm!"

Wonder Doctor Chapter 2117

Wars are being fought every day.

The whole immortal world is in a state of panic.

In the past, the mountains and rivers were filled with wine, the pavilions and pavilions with swords.

The entire Immortal World was filled with tension.

Close to the Immortal Emperor City and the main city of the Anti-Alliance, countless cultivators had even gathered.

They were all waiting for the final great battle to begin.

So that they could build their careers in this great battle and achieve a dominant position.

But in the villages far away from these places, countless ordinary people are just hoping that when the sun rises tomorrow, their homes will still be there, their homes will still be there.

It is enough that their homes are still there, that their loved ones are still there.

Why fight, and for what purpose!

In the end, it's all just selfishness.

....

The anti-Alliance gateway became a place that the Immortal Emperor's side had been trying to break through.

The war here lasted for three years.

Su Rou also defended it for three years.

The place that Qin Bing was guarding was soon abandoned.

It was not that she did not want to defend it.

Rather, a new battlefield had been opened up on the Immortal Emperor's side.

Its location was no less than that of the Pass.

Qin Bing had to be ordered to do so in danger.

Many generals were puzzled, and even some of the commanders could not understand.

Why did the Beast King domain not participate in the war!

Why did Zhen Yan, who had once fought alongside them against the Immortal Emperor, choose to remain silent this time.

Because there was one thing that they didn't know!

And this matter had directly led to the very situation that was happening now.

How could a three-legged alliance be a complete three-legged alliance.

In fact, it had always been the case that the Anti-Alliance and the Beast Kingdom were fighting the Immortal Emperor together.

When the Beast Kingdom really stood aside, the defeat of the Anti-Alliance seemed to be a foregone conclusion.

After three years of war, the pass was lost, and the Anti-Alliance territory near the Beast Kingdom shrank by half.

The Lord of the Alliance took Qin Bing and the others to rendezvous with Su Rou.

A defence line was reorganised near the pass.

But by now the Anti-Alliance territory had been lost by nearly half.

Along with the loss of territory, the casualties were also very tragic.

Both the Anti-Alliance and the Immortal Empire had suffered casualties to varying degrees, with the Anti-Alliance naturally suffering the highest number of casualties.

However, between the Anti-Alliance and the Immortal Emperor's domain, it was as if water and fire could never be compatible.

The Anti-Alliance had lost a lot of territory.

But at the same time, their resistance was becoming more and more fierce.

During the years when they were defending the pass, the Immortal Emperor's side did not make good progress either.

By the time the Great War reached its fifth year, both the Immortal Emperor and the Put Alliance had lost over a hundred Purple Sea Realm powerhouses.

Such huge losses had calmed both sides down.

Especially the Immortal Emperor.

What he wanted was not only to unify the Immortal Realm, but more importantly, to preserve his strength.

If destroying the Anti-Alliance could leave him with a crumbling Immortal Realm.

Then he wouldn't be able to hold the position of Immortal Emperor for long.

Moreover, it was not true that the Beast King Domain would not intervene.

If the Immortal Emperor's Domain really did kill the Anti-Alliance, Zhen Yan would not be ignorant of the truth that his lips would die and his teeth would be cold.

Although that previous negotiation had put a lot of pressure on him, if his own homeland was gone, who would care about anything else!

The war continued for another year.

In the seventh year of the war between the Immortal Emperor's Domain and the Anti-Alliance.

The Immortal Emperor finally issued an order to completely blockade the Anti-Alliance.

The Great War could not continue, if the Anti-Alliance was really defeated completely.

In the future, if the Divine Shadow Clan really invaded, where else would they find people to fight against the Divine Shadow Clan.

And a blockade was the best way to do it.

For six whole months, the Immortal Emperor sent his men to set up a great formation, blockading all the remaining places of the Anti-Alliance.

And this time the blockade was not just an ordinary blockade.

The Immortal Emperor even brought out an unparalleled formation, the Heaven Sealing Grand Formation.

This Heaven Sealing Formation was said to be something left behind by the old Immortal Emperor in the ancient times.

The crowd had only heard of it and had never seen it.

Only after the Immortal Emperor brought it out and performed it this time did the crowd realise how terrifying this Heaven Sealing Formation really was.

The entire Heaven Sealing Formation enveloped the entire territory of the Anti-Alliance.

Regardless of the fact that it isolated the entire way out of the Anti-Alliance, it even isolated the spiritual qi of heaven and earth in one hand.

It was as if a large transparent bowl was used to completely isolate the entire Anti-Alliance from the world.

The Heaven and Earth Spiritual Qi could not penetrate, directly causing the Heaven and Earth Spiritual Qi within the Anti-Alliance to not be replenished.

Even if the Anti-Union had an abundance of spirit stones, how many years could it last?

Three years? Five years? Or even ten years? There will come a time when it will run out.

With the Immortal Emperor's blockade of the Anti-Alliance, the war gradually quieted down.

No casualties were appearing.

But everyone knew that if the Anti-Alliance did not find a way to break through the Immortal Emperor's Heaven Sealing Formation.

As time went on, it was only a matter of time before the Anti-Alliance fell.

The third year after the Heaven Sealing Formation was set up.

In the tenth year of the entire war, there was a valley at the edge of the Anti-Alliance.

Long Ya sat quietly on top of the valley.

Her gaze was motionless as she looked ahead.

At this moment, the spiritual energy of heaven and earth in the whole Anti-Alliance was already pitifully low.

However, she did not care at all, as she looked at the valley in front of her with a gaze full of expectation.

"Ten years, it's been ten years, when will you come out!"

Long Ya murmured softly.

"Long Ya, the Lord of the Alliance is asking you to come over!"

Suddenly a voice came from behind.

"The Lord of the Alliance has decided?"

Long Ya asked indifferently without turning around.

"Mm! Apart from Lin Ran you're the best choice, he hasn't come out of the Immortal Emperor Tower for ten years, so we'll have to trouble you this time!"

Ling Sa said.

“I know, how are Sister Su Rou and the girls doing?”

Long Ya asked.

“Same as always, the Immortal Emperor side has been attacking tightly lately, they’ve waited for three years, I’m afraid they can’t hold back anymore and want to speed up the consumption of our Anti-Alliance Heaven and Earth Spiritual Qi!”

Ling Sa said.

“Hm! I know!”

Long Ya nodded, and then slowly got up to follow Ling Sa and left.

And it was not long after the two left.

The originally cloudy valley suddenly the clouds above it all spun up.

Then it actually surged down towards the valley together.

For a time, the air inside the valley changed with the storm clouds.

But there was not a single sound coming out.

Long Ya and Ling Sa had just walked out not too far when suddenly both of their faces changed.

“This scent!”

“It’s him!”

The two of them looked at each other and their faces instantly both changed, with a clear look of joy deep in their eyes.

Frozen for a moment, the two hurried together towards the edge of the canyon.

When they arrived here, the clouds above the entire canyon had all but disappeared.

The two stood at the edge of the canyon and looked down, only to see that the clouds below the canyon were still swirling.

And in the midst of these swirling clouds, a tower was standing in the midst of it.

And by now the spire of the tower had opened completely, and a modest platform appeared between the clouds.

At this moment a figure was sitting on it, his whole body draped with aura, the aura of the Purple Sea realm pervading everywhere.

“It’s him! It’s really him!”

“He’s finally come out!”

Ling Sa and Long Ya both clenched their fists, having waited for ten years!

Ten years!

The man they had been waiting for had finally come out!

Wonder Doctor Chapter 2118

“Weng!”

The quiet canyon suddenly resounded with a tremor.

Following the whole, countless clouds instantly dispersed, Long Ya and Ling Sa only felt a blackness before their eyes, and in an instant a human figure had appeared in front of them.

“Your strength!”

Ling Sa couldn't help but exclaim in shock.

“Is this the strength of the Purple Sea realm?”

Long Ya also covered her mouth in surprise.

The person standing in front of them was not Lin Ran or someone else.

Yet, this strength was already terrifyingly strong.

“Ten years, it's been hard work!”

Lin Ran couldn't help but look at the two of them with red eyes as well.

This trip by himself was ten years, although it couldn't be compared to the long years.

But a whole decade of hard work was really like years.

“It's good to be out, it's good to be out!”

Long Ya's eyes were red.

“Yes, it's good to be out!”

Ling Sa was also busy saying.

“What's the situation with this Anti-Union? Why is the True Qi so thin?”

Lin Ran couldn't help but ask after he had calmed down.

From the moment he came out he had felt that the true qi within the entire Anti-Union was terribly thin.

Not to mention the strong, I was afraid that even ordinary cultivators would have problems trying to cultivate.

“It's a long story, let's talk about it as we go!”

Lin Lin said.

Lin Ran nodded, and immediately followed the two towards the Anti-Alliance's hall.

On the way, Lin Ran learnt that nowadays, Qin Bing and Su Rou were each holding down a place.

Luo Qiqi had already sent over all the entire spiritual stones she could mobilise.

Although they had helped the Anti-Alliance to hold up for so long, the situation was still not optimistic.

Especially since the Immortal Emperor side had been stirring up disputes recently, and although the scale was not large, it was important to know that the Anti-Alliance's true qi was now thin.

Every time they fought, it would cause the true qi to become even more insufficient.

Along the way, Lin Ran went over the general situation of the decade.

Soon the group arrived in the Anti-Alliance hall.

"Come out!"

The Lord of the Alliance looked at Lin Ran, looking calm, as if he had known he was coming out.

"Hm!"

Lin Ran nodded his head.

"Since you've come out, there's something to talk to you about then!"

The Lord of the Alliance said.

"Actually, this matter."

"Report!"

The words of the Lord of the Alliance had just started, but suddenly a guard rushed in from outside.

"How is it?"

The Lord of the Alliance asked.

"Report to the Lord of the Alliance, the Immortal Emperor's side has dispatched a strong person of the Little Perfection realm, General Su can no longer carry the load somewhat!"

"What? The Little Perfection Realm!"

The Lord of the Alliance's face instantly changed at the words.

Lin Ran's face also changed as he heard this.

"Where's Luo Qiqi?"

The Lord of the Alliance busily asked.

"Lord Luo is dispatching spirit stones to send over, but."

"Lord of the Alliance, it's better to talk about things when we return, I have to go and find Su Rou!"

Lin Ran rushed at the Lord of the Alliance and said with an arching hand.

"Hm!"

The Lord of the Alliance nodded and didn't say anything more.

He knew very well what Su Rou meant to Lin Ran.

Moreover, Lin Ran was the only one here who was still at the peak of his strength.

Everyone else's strength had more or less been affected by the lack of aura.

Lin Ran left the place straight away, and Ling Sa led him all the way towards the battlefield.

◦ ◦ ◦ ◦

At this moment, near the Anti-Alliance Pass, Su Rou was having an icy cold look on her face.

She was breathing heavily and her forehead was all covered in sweat.

"Su Rou, how much longer can you hold on?"

Outside the Heaven Sealing Grand Formation was a grey area.

This was also a formation.

Every time they fought, it would also be here.

This was because once the Heaven Sealing Grand Formation was opened, the spiritual energy from the outside world would frantically pour in.

So in order for the Anti-Alliance to be completely cut off from spiritual energy.

The Immortal Emperor's side had purposely created such a formation, turning the area where the encounters would take place into a grey zone.

Every time people from the Immortal Emperor's side came in to provoke them, they would leave the area to recover their strength after the battle.

But the people on the Anti-Alliance side were not able to get any supplies at all.

"Follow the Immortal Emperor properly, you wouldn't have ended up in such a state, it's a pity that your natural talent is really wasted!"

An old man with a white beard on the other side was full of smiles.

He was none other than the strong man of the Little Perfection realm sent by the Immortal Emperor this time, the white-bearded real man!

"Following the Immortal Emperor? Being his lapdog? Be careful you won't even know how you'll die!"

Su Rou said in a cold voice.

"Hmph! Still talking tough even now, I'll see how long you can last!"

The white-bearded real man sneered, while his entire body's aura instantly erupted and he charged towards Su Rou again.

Su Rou's strength was originally above his.

But after years of fighting, and with the Anti-Alliance now in prison, Su Rou's strength was no longer seven out of ten in its prime.

Otherwise, where else would this white-bearded real man have rushed to find trouble with Su Rou.

"Bang Bang Bang!"

As he spoke, the white-bearded real man blasted in with several more attacks.

Su Rou could barely fend them off.

But the white bearded man didn't seem to have any intention of stopping.

The attacks were like a tidal wave coming straight for Su Rou.

Su Rou was already having a hard time coping with the attacks, and under the opponent's continuous strikes, she finally made a mistake.

An instant later an attack blasted directly at Su Rou's chest.

"Poof!"

A mouthful of blood spurted out, and Su Rou instantly flew out towards the back to.

"Without True Qi, you are no better than that!"

The white-bearded real person sneered.

"Then you should try!"

Su Rou's eyes were icy cold and her whole body exploded with aura.

At this moment, a true qi was even flowing rapidly within her body, wanting to awaken.

"Don't mess around!"

Suddenly a voice came from the back, while a palm pressed on her shoulder.

"You!"

Su Rou was stunned and turned her head to look at her eyes, which instantly turned red.

"You've come out!"

"Mmm!"

Lin Ran nodded his head and couldn't help but look at Su Rou with a little red in his eyes as well.

It wasn't just Su Rou, there was also Luo Qiqi Lingya Long Ya and even Qin Bing, they had suffered all these years Lin Ran didn't see them but they all knew.

In order to buy time for themselves to cultivate, they had no choice but to do so.

And now that they were out on their own, it was time for them to take on some things themselves.

"You go rest first, I'll do it!"

“He’s at the Little Perfection realm!”

Su Rou was busy reminding.

Lin Ran, however, smiled without saying anything more.

“Lin Ran?”

The white-bearded real person looked at Lin Ran, and his eyes also became steeply cold and stern.

“They all said that you had entered the Immortal Emperor Tower, so it looks like you’ve come out of seclusion? Violet Sea realm, the strength has increased quite a bit!”

“I never thought that I, White-bearded Realm, would be so lucky to run into you as soon as I came over!”

“Haha! I wonder if the reward from the Immortal Emperor will be generous if I kill you!”

The White-bearded Mortal laughed.

Lin Ran looked at him with icy cold eyes and said blandly.

“I don’t know if the Immortal Emperor’s rewards are generous or not, but I do know that you will never get them!”

Lin Ran said as his palm instantly lifted, and the Condensing Frost Sword had already surfaced.

“Humph! Just you, a brat who only gives lip service!”

The white-bearded real man said disdainfully, while his body flashed and he was already charging towards Lin Ran.

Lin Ran’s face did not change, and his body also moved violently as the Frost Condensation Sword in his hand instantly slashed towards the White-bearded Mortal.

“Bang!”

The two instantly exchanged blows and brushed against each other.

A muffled sound seemed unremarkable.

However, with this brief exchange of blows, a bloodstain was already spilled across the air.

“Rub!”

The Frost Condensation Sword was instantly sheathed, and Lin Ran got up and walked over towards Su Rou.

At this moment, Su Rou was already frozen.

Only to see that not far away, the head of the white-bearded real man was slowly separated from his body, and blood instantly spilled all over the ground.

One sword! Just a single sword!

Lin Ran had decapitated the White-whiskered Mortal.

The Purple Sea Decapitation was complete, you!

Su Rou looked at Lin Ran, her face filled with excitement at this moment, the pinnacle of her man had returned!

She finally had something to fall back on!

Wonder Doctor Chapter 2119

“Retreat! Retreat!”

It happened so suddenly that by the time the Immortal Emperor I released reacted, the white-bearded real man had already lost his life.

Lin Ran didn't bother with the others as he turned around and picked up Su Rou and left the place.

Everything seemed calm, but this sword of his had shocked all the people on the Immortal Emperor's side.

Not a single person dared to come and provoke again.

Everyone didn't even dare to enter the grey space.

The strength of the Little Perfection realm could be considered top in the entire Immortal Realm, but it was a cultivator of such strength who failed to block Lin Ran's sword.

The news was quickly spread back to Immortal Emperor City.

When the Immortal Emperor learned of the situation here, even his voice trembled for a few moments.

“Lord Immortal Emperor, isn't this kid rising too fast, it's only been ten years!”

Immortal King Fu Gu had a shocked look on his face.

In ten years, they hadn't been able to take down the Anti-Alliance, but Lin Ran had already grown to such an extent.

“Do you think the Immortal Emperor's Tower is for show!”

The Immortal Emperor's voice was icy cold.

“Pass down the order to not make any more strikes!”

“No more strikes?”

The Immortal King was stunned, how could not striking hasten the decline of the Anti-Alliance?

“We've trapped the Anti-Alliance for a whole decade, even if Luo Qiqi took out her entire family fortune!”

“They're almost out of spirit stones too!”

“It would be unwise to go and fight Lin Ran hard at this time!”

The Immortal Emperor said in a deep voice.

“Just do as I say, this war with the Anti-Alliance can be watched not only by Zhen Yan, but by others as well, there can’t be any more casualties!”

“Keep blockading the Anti-Union, I’ll see how long they can hold out!”

“Yes!”

Immortal King Fugu led the order and left.

Although he was eager to take down the Anti-Alliance directly in one go.

But he also knew that if he really had to do so, by then, the losses on his side would definitely be very heavy as well.

And it was unknown whether and when Zhen Yan would make a move.

If Zhen Yan ended up getting involved, even if they unified the Immortal Realm, who would deal with the Divine Shadow Clan when the time came?

◦ ◦ ◦ ◦

The Immortal Emperor’s side continues to impose a blockade because of the beheading of the White-bearded Realm, not even provocation.

You were told straight away that we were going to trap you to death.

And word of this matter soon spread through the Immortal Emperor domain.

Many people were puzzled as to who this Lin Ran was.

And those who knew about Lin Ran were filled with shock when they heard the news.

Those who had participated in the Immortal Emperor’s Chance with Lin Ran in the beginning were each so shocked that their jaws dropped.

It had only been how long, ten years?

Ten years ago they were still able to compete together, but ten years later?

People had already been able to kill the strongest of the Perfection Realm and stood at the top of the entire cultivation world, while themselves.

In the Anti-Alliance Hall, Lin Ran and Su Rou arrived.

Luo Qiqi had personally delivered a batch of spirit stones.

Because the true qi within the Anti-Alliance was already too thin to cultivate.

So after every battle, restoring strength all depended on these spirit stones.

“Is this how you guys have been surviving for ten years?”

Lin Ran frowned as he watched.

He found himself looking at the Dao in a situation that was far more brutal than he had imagined.

Recovering strength with spirit stones was fine for once or twice, but it was absolutely undesirable for a longer period of time.

Firstly, the spiritual energy within the spirit stones was inherently inferior to that of the heaven and earth.

Secondly, there was always a time when the spirit stones would run out, and the spirit stones that Luo Qiqi had sent to her were obviously not likely to restore Su Rou to her peak state.

“This is already all the spirit stones that can be taken out!”

“The rest will have to be left for the generals elsewhere!”

Luo Qiqi also looked embarrassed.

“Hasn’t any other way been thought of? Like rushing out!”

Lin Ran asked.

“It’s impossible, this Heaven Sealing Formation is a formation left over from the ancient times!”

“Unless an Immortal Emperor strikes with a desperate blow, no one can open it!”

Lingsha said.

“A desperate strike from an immortal emperor? The Lord of the Alliance and Zhen Yan aren’t even inferior to him in strength, right!”

Lin Ran frowned.

The leaders of the three great powers should be comparable in strength, right!

“You’re thinking of him too simply! For an Immortal Emperor to be called an Immortal Emperor, he naturally has his own strength!”

The Lord of the Alliance said.

“If I could break through this Heaven Sealing Formation by striking I would have done so long ago! Why would we have come to this point!”

“So there’s nothing that can be done at all?”

Lin Ran asked.

“It’s not that there isn’t, I was going to talk to you as soon as you came out, but this wasn’t delayed by the White-bearded Realm!”

The Lord of the Alliance said with a bitter smile.

“Tell me about it!”

Lin Ran said busily.

“The small world of the ancestral land!”

The Lord of the Alliance said, and whirled around to tell the story.

Only then did Lin Ran realise that it was fortunate that he had come out in time, if he had been a little later, he might not have been able to see Long Ya.

The thing was like this.

When the Pillow Book had first returned to deliver the Immortal Emperor Tower, he had revealed a message to the Lord of the Alliance.

That was the place he was going to next.

This place was known as the Ancestral Land Small World.

It was the place where the old Immortal Emperor had been reborn in nirvana back then.

The Old Immortal Emperor had travelled throughout the entire Immortal World, and had visited countless other small worlds.

Only when he achieved the position of Immortal Emperor did he choose to be in this small world.

It was also because of this that this small world had always been very secluded.

This time when Pillow Book returned, after searching for a long time he eventually only found the Immortal Emperor Tower.

In the end, he decided to enter this small world to look for it.

Even if the old Immortal Emperor was really dead, at least he should find the remains!

“This little world is very peculiar, the rules in it are just not rules, all the rules are made by people!”

“So don’t you see that the pillow is powerful, but it’s been almost a thousand years since he went in, and he still hasn’t come out!”

“But inside this small world, there is an item, and if you can bring it back, this Heaven Sealing Formation can naturally be broken!”

The Lord of the Alliance said.

“What is it?”

Lin Ran asked.

“A long pike!”

The Lord of the Alliance said with a wave of his palm, and instantly a curtain of light appeared in front of everyone’s eyes.

“When the old Immortal Emperor had achieved the rank of Immortal Emperor back then, he had used a piece of Xuan Crystal Iron to enchant his own Dragon Cutting Sword!”

“He didn’t use up this piece of Xuan Crystal Iron and ended up refining a flying shuttle to leave in the small world!”

“This flying shuttle is incredibly sharp and can easily pierce through the barriers of the small world!”

“If you can bring it back, this Heaven Sealing Formation won’t even be worth mentioning!”

The Lord of the Alliance said as he looked towards Lin Ran.

“Originally, this matter was going to be prepared for Natural Long Ya to go, but since you’ve come out, then you can decide for yourselves!”

“There’s no need to decide, I’ll go!”

Lin Ran said directly.

Long Ya and the girls had already bought ten years for themselves.

How could he possibly still let them take on such a matter.

What the Lord of the Alliance had said lightly was a flying shuttle.

But that thing could easily shatter even the small world barrier, its level of danger could be imagined.

He himself absolutely could not be putting them at risk.

“Well! It’s fine if you guys decide, time is short in an hour, I’ll send you there!”

The Lord of the Alliance said, and left in a whirl.

Lin Ran looked at the four women in front of him and didn’t know what to say.

Before the great war, there were so few gatherings and so many departures, having just come out after ten years of seclusion, he didn’t expect to have to leave again.

Even now, Lin Ran hadn’t even been able to see Qin Bing once!

Wonder Doctor Chapter 2120

In the Chaos Space Dungeon.

Ten years of time do not seem to have produced much change here.

Even if the spatial flow rate here was still different from outside.

But it seems that time has always had very little effect on this place.

The flames of a great war could not burn here either.

Ten years was not a long time, but not a short time either.

Black Bear had finally broken through his heart demon three years ago, breaking through the Extreme Dao Realm to cross over into the Hundred Thousand and Eighty Thousand Realm.

This was followed by even more three years to reach the Star Realm.

Now he was also in the process of striking the Violet Sea realm.

His master had finally waited for him to break through his heart demon, so he had taken him away.

As for Qin Zhan and Qin Fan, they seemed to have sensed the gap between themselves and Lin Ran.

They hadn't been coming to Lin Ran in the last year or two.

However, Lin Ran had occasionally met them, and each time he saw that they were hard at work cultivating.

It seemed that they were stunned by their own strength increase.

Walking in the space of the dungeon, Lin Ran had never been as nervous as he was today!

Coming to this Chaos Space Dungeon for a whole few decades, but of course the decades here were the time flow of the Chaos Space Dungeon.

The outside world was only ten years away.

For the first time in a long time! He was able to leave this cultivation area.

This Chaos Space Dungeon, Lin Ran had come here not just for cultivation.

There was a more important matter, and that was the Heavenly Mystery Pavilion!

The Heavenly Opportunity Pavilion was his purpose, cultivation was just so he could qualify to enter!

"After waiting for so long, this day has finally arrived!"

Lin Ran stopped in his tracks, his heart thumping.

In front of him, an ancient wooden gate was closing.

On the door was a plaque with three large letters, "Tian Ji Pavilion!"

"Creak!"

With the sound of pushing the door, Lin Ran had already stepped inside.

The entire Tian Ji Pavilion was dimly lit, and there were not many people in sight.

And everyone who arrived here was all wearing a mask, as well as a black cloak.

It was impossible to tell their identities.

"Entry fee one victory point, one victory point for every time the message is checked!"

In front of one of the windows in charge of reception, a man with a hoarse voice blandly said.

Lin Ran didn't say anything, and directly crossed two victory points over.

In this dungeon, victory points were the only hard currency coins.

"Take it! Put on his new one, or you might die a horrible death!"

The other party said as he threw over a parcel, and then stopped talking.

Lin Ran didn't answer either, taking the item and walking aside to change into it.

The moment he put on the black robe, Lin Ran clearly felt that the strength of his aura and even his divine sense had been isolated from him.

No wonder these people were all wearing black robes.

Lin Ran thoughtfully put his mask on before walking towards one of the rooms.

It was very simple to look up what he wanted here.

Lin Ran arrived at one of the rooms.

A black robed man soon had to follow him in.

Without any nonsense, he smoothly closed the door and sat down on one side.

"What do you want to check!"

"The Divine Shadow Clan! Song Nuan!"

Lin Ran spoke directly.

The other party was visibly stunned at his words, and his eyes beneath his black robe scanned Lin Ran's body for a moment.

"One hundred victory points, plus a Heavenly Immortal Fruit!"

"Heavenly Immortal Fruit?"

Lin Ran was stunned at his words, victory points were fine, but where to find this Heavenly Immortal Fruit!

"The Heavenly Immortal Fruit can be found within the Small World!"

The other party said as he threw Lin Ran a map.

"I will send you to the small world, there is a Heavenly Immortal Ancestor inside, I don't care what method you use, I just want the Heavenly Immortal Fruit!"

"Time!"

Lin Ran asked.

"One year at most!"

"Deal!"

Without the slightest hesitation, Lin Ran picked up the map and turned to leave.

"I'll come back to you when I have enough victory points!"

After saying that, Lin Ran walked out of the room.

....

Meanwhile, somewhere above the altar of the Anti-Alliance.

“Ready to go? Then let’s go!”

The Lord of the Alliance’s voice was low.

“Let’s set off!”

Lin Ran had determination in his eyes.

At this moment, the four daughters were standing behind him.

However, he did not dare to turn around, he was afraid of seeing the four daughters in tears.

“Arise!”

The Lord of the Alliance roared, and instantly a red light rushed up from the altar in front of him.

The red light rushed out ten thousand feet of light, allowing a city somewhere ten thousand miles away to be seen very clearly.

Above the city, a white shadow stood against the wall.

She looked at the light quietly, and tears flowed down her face unconsciously.

Ten years, ten years of waiting, but in the end, she had not even seen her face.

“Ten years of life and death, I hope you are safe and sound after this farewell!”

Qin Bing murmured softly.

As he spoke, the light began to shrink and eventually dissipated.

....

Although the parting was painful, the days had to go on.

The Immortal Emperor seemed to be genuinely afraid that Lin Ran would go on a killing spree, and the following days were quiet for both sides.

In the Chaos Space Dungeon, Lin Ran stood guard all day, fighting people!

A hundred victory points would have been enough, but with his strength and fame out there, who would want to fight him?

So Lin Ran came up with a solution.

“If you fight me, I can answer a question about your cultivation!”

This was Lin Ran’s condition.

The guidance of a genius was definitely considered tempting.

Especially since the cultivation miracle this genius had created in ten years had caused many great powers to take notice of him.

And under the temptation of such conditions, a hundred victory points would only be a matter of days.

....

Inside Immortal Emperor City, Immortal King Fu Gu arrived in the mysterious space with quick steps.

“Immortal Emperor...!”

“Alright, no one else is calling me father!”

The Immortal Emperor interrupted Fu Gu.

“It’s Father! You are looking for me?”

Immortal King Fugu asked.

“Hm!”

The Immortal Emperor nodded, while a light shot out and landed in the Immortal King’s hand.

“This is?”

Looking at a bottle that appeared in his hand, the Immortal King was a little puzzled.

“There is a spirit stone inside it!”

“Inside the spirit stone is a sealer of one of my attacks!”

“You find someone to send into the Chaos Space Dungeon!”

“Make sure to kill Lin Ran!”

The Immortal Emperor’s voice was eerie.

“Father, I’m afraid killing there will.”

“No matter, the war has come to this point, those old immortals know very well in their hearts whose side they should choose to take!”

“Lin Ran must be removed!”

The Immortal Emperor’s voice was icy cold.

Immortal King Fugu, however, listened with some confusion.

“Father, you are an Immortal Emperor, such a tactic against a Purple Sea realm cultivator, I am afraid that others will.”

“What do you know!”

The Immortal Emperor chided in a cold voice.

“Ten years to break through from the peak of the Extreme Dao Realm to his current strength!”

“This natural talent is not even close to the Nine Heavenly Mystic Maidens of old!”

“I suspect that this brat and the Nine Heavenly Mystical Maiden came from the same place!”

“Why else would he want to destroy my Thousand Machines Tower!”

“Huh?”

The Immortal King was baffled at his words.

“Now you understand how much of a scourge he is!”

“Before there was the Nine Heavenly Mystic Maidens and now there is Lin Ran, this is both karma and cause and effect!”

“If this war allows him to grow completely, it is not yet clear whose hands the Immortal World will fall into in the future!”

“My child understands!”

The Immortal King led the way.

“Go! Get on with it as soon as possible!”

The Immortal Emperor said with a wave of his palm and instantly sent the Immortal King out of the place.
