Chapter 2115 Brewing Tea To Kill Mark

“As long as you complete the task, I will bear all the consequences, and it has nothing to do with you.”

In the room, Xu Shaohua’s deep words echoed.

In front of him, the five burly men were silent for a long time.

In the end, Yang Yun nodded in various ways: “Guaranteed to complete the task!” “Okay, very good!” “Hahaha~” When they saw Yang Yun, they nodded and agreed. Xu Shaohua and Lu Mingfeng also smiled at each other.

“In that case, you should prepare first.”

“Waiting for the night, Master Lu will tell you all the information about the target person.”

Xu Shaohua waved his hand and told Yang Yun and the others to retreat.

After all, they came from afar, so let them rest first.

Just like this, one day passed quickly.

In the evening, the fiery red sun gradually fell, dyeing half of the sky in the distance.

Darkness swept in immediately.

At this time, in the Yuchang Hotel, Lu Mingfeng set up a banquet to practice for Yang Yun and the others.

“Brother Yang Yun, I have sent you all the information about Mark.”

“Including where he is now.”

“I and Shaohua decided that without further ado, we will start the decapitation immediately tonight.”

“Before this, I, Lu Mingfeng, personally set up a banquet for some of you to practice.”

“Since you still have actions in the evening, we will use tea instead of wine. I wish Brother Yang Yun, the horse will be successful!” Lu Mingfeng laughed, Xu Shaohua sitting aside, holding a teacup, for them to practice.

However, Yang Yun did not drink this cup of tea.

“Huh?” “Brother Yang Yun doesn’t like drinking tea?” Lu Mingfeng asked curiously when he saw this.

Yang Yun shook his head and said, “This cup of tea, let’s boil it first.”

“After a while, our five brothers, after killing that Mark, we will come to drink this glass of “wine” to celebrate the accomplishment!” Lu Mingfeng was suddenly surprised when he heard this. Tao.

“F*ck!” “Domineering~” “Ancient Yunchang Wenjiu killed Huaxiong, only Brother Yang made tea to kill Mark!” “With such courage, why worry about the great cause?” “This cup of tea, no matter what you drink. No, I’ll drink it first anyway.”

Lu Mingfeng laughed, his hearty laughter echoed endlessly.

In the laughter of Lu Mingfei and Xu Shaohua, Yang Yun led the brothers, fully armed, and soon disappeared into the night.

Before leaving, Yang Yun once again said domineeringly: “The two young masters wait a minute, we go and return!” Lu Mingfeng laughed and scolded immediately.

“Ciao!” “It’s really hard to pretend.”

“Shaohua, you guys in the Xu family can pretend more than one.”

Lu Mingfeng laughed.

Xu Shaohua shook his head and smiled: “This is not a pretense, it’s just telling the truth.”

In Xu Shaohua’s opinion, the action tonight is too easy.

After all, Yang Yun and the others carried modern and highly lethal weapons and equipment capable of fighting tanks and aircraft.

Using these weapons to kill a mortal body is not a matter of grasping.

There is no suspense at all!

“Okay, let’s not talk for now, you are here waiting for them to come back.”

“I also made an appointment with sister paper, so I’ll pass first.”

Xu Shaohua waved his hand, and then left the room.

“You guy, when did you get the hang of it?” “Before you were Liu Xiahui’s role-playing role, why did you start letting go after you got to Noirfork?” Lu Mingfeng’s laughter and curses came from behind.

In Lu Mingfeng’s impression, Xu Shaohua seemed to have no interest in women.

Last time in Yunding Mountain, he was the first time he saw Xu Shaohua admiring a girl so much.

But it’s a pity that Xu Lei’s appearance at the critical moment was a good thing for Xu Shaohua.

Chapter 2116: Under Yunding Mountain

Originally, Lu Mingfeng planned to return to Gritsberg in the future, and then find a way to help his brother get that Helen Qiu.

However, the plan cannot keep up with the changes.

Now that Mark appeared, they had no energy to worry about others.

The top priority is to kill Mark's bastard first!

"Mr. Chu, this is what you asked for!" "From childhood to age, no one who provokes me Lu Mingfeng has a good end."

"You are included!" In the room, Lu Mingfeng's eyebrows were cold, his palms clenched tightly. .

Senran's words contained endless murderous intent.

At this time, Yunding Mountain Villa.

Even though it was evening, the decoration workers were still working on it. According to the requirements, they not only repaired the broken doors and windows, but also replaced all the furniture inside with new ones.

Lu Mingfeng is obsessed with cleanliness. Whether it is a woman or an object, he doesn't like to use what others have used.

Therefore, after driving Helen Qiu out of the Yundingshan Villa that day, Lu Mingfeng asked Ferguson Wu to find someone to decorate the villa inside and out.

"Everyone should work harder, and be agile in their hands."

"This is a job assigned by the leaders of the municipal party committee, but it can't be sloppy."

In the yard, the leading foreman cheered his subordinates.

At this moment, outside the villa, a thin figure suddenly walked towards it.

It was an extremely young man with plain clothes and no joy or sorrow on his delicate face, and he appeared in the sight of everyone with his slow steps.

"Huh?" "Where did the Guawazi come from?" "Go and go and play."

"You can't come to this place?" Seeing someone break in at the construction site, the foreman was furious. Angrily scolded.

It was already irritating to work overtime for many days. At this time, I saw another person who came in and made trouble. Naturally, he would not give him a good face.

However, in the face of the foreman's anger, the man just replied coldly: "Go away."

"Huh?" "What did you say?" "Smelly boy, don't you breathe?" "Let us go away?" "What kind of green onion are you special."

"How dare you run wild at us?"

"I think you are tickle!" The foreman was obviously angry, and stepped forward and kicked the oncoming man.

Boom~ Just after hearing a bang, the foreman who was still showing his power just now flew out.

Rolled along the ground several times, and finally couldn't help groaning while holding his leg.

Seeing that, the leg is obviously broken.

"Dare to act on our foreman, are you looking for death?" When the others saw this, they were suddenly even more angry.

Amidst the scolding, someone picked up the shovel and patted the man.

The man was expressionless and just kicked.

There was another boom.

The shovel broke immediately, and as for the man, he was like a ball. He was kicked and flew ten meters away before fainting.

"Ciao, is this so strong?" At this point, these construction workers are undoubtedly frightened by the other's harsh methods.

Under fear, naturally no one dared to step forward.

"I'll say it again, get out."

The deep voice sounded again.

Binghan's tone made everyone present fearless.

"What do you want to do?" "I, I warn you, this project was made by Wu City."

"If you dare to move us, then it would be disrespectful to Wu City."

"At that time, Wu City will be furious. It's not something you can bear."

The rest of the people, watching the man approaching in front of them, suddenly warned in an awkward manner.
