

## Chapter 2121: I Really Want To Eat It

Lu Xingzhi's beautiful dream stopped when his wife happily buried her face in the food. The second Lu Xingzhi opened his eyes, he heard a clear and vivid voice, which seemed to be the same as the voice in the dream. He could not tell if it was a dream or reality.

"What were you mumbling about just now?"

When Jiang Yao saw Lu Xingzhi open his eyes, she asked, "How did you sleep so well tonight? I tried calling you several times, but you didn't answer."

"I dreamed that you ate a big meal. "Please support our [FreeWebNovel.com](http://FreeWebNovel.com)

"It was too good, and I couldn't bear to wake up." Lu Xingzhi clicked his tongue and turned to look at Jiang Yao. "What's the matter? Can't sleep?"

"I'm hungry."

Jiang Yao touched her stomach; she looked aggrieved. "I woke up hungry."

Lu Xingzhi sat up abruptly, a surprised expression on his face. Could he have fixed his wife's morning sickness after having a dream?

"There is still some leftover chicken soup from last night. I will warm it up for you." As he spoke, Lu Xingzhi turned on the bedside lamp. He wanted to get out of bed and put on his shoes so he could start heating the chicken soup for Jiang Yao.

"Don't mention chicken soup to me! I feel uncomfortable just thinking about that taste." Jiang Yao shook her head repeatedly.

Lu Xingzhi paused and thought, 'Why is it different from the dream? In the dream, she was eating happily.'

"Then I'll go make some milk for you." Lu Xingzhi could only think of the one thing that would not make Jiang Yao nauseous.

"I don't want to drink it."

Jiang Yao continued to shake her head.

"Then what do you want to eat?" Lu Xingzhi hugged Jiang Yao. Even though she was obviously hungry, the feeling of being unable to eat anything made him feel bad for her just thinking about it.

"Well," Jiang Yao answered quickly. She looked at Lu Xingzhi hopefully. "Can I eat anything I want?"

"Anything a pregnant woman can eat," Lu Xingzhi said. "Mom said that if you crave something during pregnancy, you should have it as long as it's something you can eat."

Jiang Yao's eyes lit up. "I want to eat durian!"

She hugged Lu Xingzhi's hand and shook it gently. "I just dreamt of hugging a big durian, and then I woke up from hunger. So, I really want to eat durian!"

Lu Xingzhi's brows knitted into a line as Jiang Yao said the word durian. He subconsciously thought of the one thing that tasted like sh\*t.

"Yaoyao. "

Lu Xingzhi sat up straight and discussed seriously with Jiang Yao. "Do you have anything else you want to eat? Why don't I peel some melon seeds for you? We still have some. Do you want plum blossoms? Why don't I pour you a small sip of a soft drink? "

When Lu Xingzhi noticed Jiang Yao vigorously shaking her head, he paused and gritted his teeth. "Cold soft drink! One teacup of it!"

"You said I could eat whatever I wanted. I want a durian." Jiang Yao began to feel aggrieved after seeing Lu Xingzhi's expression. "And you said you are sorry for what happened to me. I am craving durian right now! You wanted to throw away the durian I bought in Jin City. And you wouldn't let me buy durian to eat at home! And you said durian stinks! This is your doing, Lu Xingzhi!"

Lu Xingzhi's head was on the verge of exploding. He had not expected Jiang Yao to bring up the old issues.

Lu Xingzhi panicked after hearing Jiang Yao's accusation with a faint sobbing tone. He was fine, but Jiang Yao was about to cry out in frustration..

Chapter 2122: One Flaw

Even if Lu Xingzhi's wife was not invincible, she was not a crybaby, which was obvious.

"Okay, okay, okay!"

When Lu Xingzhi looked up and saw Jiang Yao's eyes, he immediately nodded. Then, in the middle of the night, under Jiang Yao's blinking eyes, he called Big Ke and asked him to send them a durian.

Big Ke, who was sound asleep in Luo City, was taken aback when he received the call. He was still stunned after the phone call. Please support our [FreeWebNovel.com](http://FreeWebNovel.com)

Despite being stunned, he still did it.

It was difficult to find durian in the middle of the night, but Big Ke had lived in Luo City for so long that he had developed his own network. As a result, two hours after Lu Xingzhi made the call, he sent the durian to the army base.

Jiang Yao hugged Lu Xingzhi and acted coquettishly for a while, saying many nice things after he made the call.

After getting excited, she waited for the durian for a long time. She knew that it was late at night, so she yawned and went back to bed.

"I'm going back to sleep. Wake me up when the durian is here." Having her wish fulfilled, Jiang Yao immediately hung herself on Lu Xingzhi like a koala bear. She hugged him with both hands and feet and went back to sleep.

Lu Xingzhi suspected she was clinging to him because she worried he would not wake her up when he received the call. Therefore, she hugged him like that. She would wake up as soon as he got out of bed.

Jiang Yao fell asleep very quickly. The person who woke him up earlier did not feel hungry at all. She slept very soundly.

Lu Xingzhi opened his eyes. He sighed. He thought that Jiang Yao was great at everything. If there were one flaw in Jiang Yao, it would be that she loved to eat durian. What could he do? He had fallen in love with a girl who loved to eat durian.

What else could he do? He had to endure it.

Jiang Yao woke up in the middle of the night and said she wanted to eat durian. The phone call from Big Ke to deliver durian came early in the morning, so it was already slightly cold.

Lu Xingzhi looked at the person sleeping soundly in his arms after he hung up the phone. He accepted his fate and slowly pushed Jiang Yao's arms and legs away from him. Jiang Yao, thankfully, did not awaken.

Lu Xingzhi dressed and took the keys. On the way, he reasoned that it would be best if Jiang Yao waited until he went for breakfast before waking up. That way, by the time he returned in the afternoon, she would have finished eating, and there would be no odor in the house.

Therefore, he had an idea. He was cautious when he entered the house. When he returned to the bed, he secretly heaved a sigh of relief when Jiang Yao did not wake up.

The delay strategy could be used for as long as possible. Perhaps Jiang Yao forgot about it when she woke up.

Lu Xingzhi fell asleep again, comforted by that thought. However, things did not go as planned. Jiang Yao had also awakened when he woke up.

Lu Xingzhi helped her up after noticing her sitting up in a daze and lazily rubbing her eyes on his back to wake up. "Are you up so early? First, wash your hands. I will make you some milk."

"Okay."

Jiang Yao nodded and abruptly turned to face Lu Xingzhi. He could not help but wrinkle his brow. She shifted her gaze away from him and got out of bed without waiting for him to ask..

Chapter 2123: I'm Not Angry

Lu Xingzhi could not tell if Jiang Yao had forgotten about the durian. She had clearly instructed him to wake her when he received the durian. Why did she not say anything when she awoke?

Lu Xingzhi hoped Jiang Yao had forgotten, so he resolved not to say anything unless Jiang Yao asked first.

Jiang Yao was the first to leave the bedroom after changing her clothes. She stretched in the living room and waited for Lu Xingzhi to come out before accompanying him to the bathroom to wash up.

Lu Xingzhi could not help but smile when he noticed Jiang Yao was clearly in a good mood as she hummed and brushed her teeth. "Are you in a good mood this morning?" he inquired.

Jiang Yao nodded, toothpaste still in her mouth. She leaned back and rinsed her mouth. "After I drink the milk, you can help me open the durian," she said.

The corner of Lu Xingzhi's mouth twitched. So her calmness was only superficial. So she had not forgotten at all? Please support our FreeWebNovel.com

Lu Xingzhi said, "I thought you would forget. You said last night that I should wake you up when the food arrived, but I could not bear waking you up because you were sound asleep."

"I know."

Jiang Yao nodded. "So, I am not angry."

Jiang Yao had already lost her cool with Lu Xingzhi because of the durian the night before. She was not an unreasonable person who enjoyed losing her cool. So when she woke up, she did not cause a commotion because she had not eaten the durian she had been craving for a long time.

She knew Lu Xingzhi must have noticed she was sleeping soundly, so he did not wake her. Her sleep was also very important to him.

Of course, she guessed that Lu Xingzhi wished she would forget it as soon as she awoke.

However, as soon as she walked into the living room, she noticed the big durian on the coffee table.

When Mr. Lu, Mrs. Lu, Mr. Jiang, and Mrs. Jiang entered the house, the first thing they saw was not the quiet house but Lu Xingzhi, who was smoking on the courtyard steps. A white thing sat beside Lu Xingzhi. A closer examination reveals that it was Jiang Yao's pet.

Two figures were sitting there. One was smoking, and the other had his back paw on the ground. His front paw was clutching his back paw. One could sense the man and the cat's melancholy aura through the door.

"Why are you smoking so early in the morning?"

Mr. Lu approached and extinguished the cigarette in Lu Xingzhi's hand. He flicked the cigarette, sniffed it, and inquired, "What is that strange odor?"

"Did you sh\*t your pants, Xingzhi?"

Mrs. Lu inquired in a startling tone. "It's..."

Lu Xingzhi nearly choked on his mother's tender words. However, a few coughs interrupted Mrs. Lu's words.

"Why are you smoking outside so early in the morning?" Mr. Lu took a look inside. "What happened to your wife? Didn't you give up smoking a long time ago?"

"Did you and Yaoyao get into a fight?" Mr. Jiang inquired, concerned.

Mrs. Lu realized there was something wrong with Lu Xingzhi. How could he be willing to sit by the door alone to smoke and not accompany Jiang Yao in the morning if he were home?

Mrs. Lu asked solemnly, "You had a fight with Yaoyao? Is it because you soiled your pants? You are such a useless person. Didn't I tell you that pregnant women are prone to being irritable? Yaoyao is not feeling well, so you will have to persuade her.. Besides, what is the point of fighting with your wife if you are sh\*tting your pants?"

Chapter 2124: Privately Or Professionally

"Mom!" Lu Xingzhi's temples throbbed. When he noticed the four elderly people's concern, he quickly said, "Yaoyao is eating durian inside. I can't stand the smell, so I came out to take a breather."

He was afraid that if he did not explain, his mother would pull his pants down to see if he really did sh\*t his pants.

"I was about to say something about the durian smell."

Mrs. Jiang erupted in laughter. "Yaoyao enjoys eating that."

"I see."

Mrs. Lu laughed. "Durian is delicious. I heard that durian is extremely nutritious. It is unusual for your wife to be able to eat something like that. Let her eat it."

Mrs. Lu walked in happily after saying that.

"Are you afraid of the smell, Xingzhi? Then take a seat near the door. We will go in. You may return after the smell has faded." Before entering, Mrs. Jiang smiled and looked at Lu Xingzhi.

One by one, an elderly group entered the house.

They laughed when they saw Jiang Yao sitting at the dining table elegantly eating durian with a satisfied expression on her face.

"How did the durian get here so early in the morning?"

Mrs. Jiang was worried about it. "Did you tell Xingzhi to drive out in the middle of the night to get it for you?"

Mrs. Jiang had no doubts that Jiang Yao would have Lu Xingzhi do such a thing.

One would be coquettish, while the other would pamper.

That appeared to be something that those two couples would do.

Mrs. Jiang also found it amusing, but since Jiang Yao was pregnant, having something she enjoyed eating was rare, so Mrs. Jiang did not scold her.

When a woman was pregnant, she had the right to be stubborn occasionally.

"Don't eat too much." Mrs. Jiang cautioned.

"I know."

Jiang Yao stood up and clapped her hands. "Keep the rest in the fridge so I can eat it later."

She proceeded to the restroom to brush her teeth and wash her hands. Only then did she rush to the courtyard, where she found Lu Xingzhi and Moe sitting on the steps.

“Are you finished eating?”

There was no need for Lu Xingzhi to turn around. The sound of Jiang Yao’s footsteps indicated that she was approaching him.

“I can’t eat too much. All I want is to satisfy my cravings. I will store the rest in the fridge and eat them later.” Jiang Yao laughed and took a seat next to Lu Xingzhi. She drew his hand from his pocket and hugged him. She pouted and wished she could kiss Lu Xingzhi. “I ate a little, and I am satisfied. Thank you very much!”

When Lu Xingzhi saw Jiang Yao about to kiss her, he wished he could transform into a giraffe and twist his neck a meter away. “I will kiss you tonight.”

Jiang Yao laughed heartily. “I’ve brushed my teeth. I was just teasing you.” She exhaled and looked at Lu Xingzhi. “Can you smell anything?”

There was no smell. There was only the pleasant odor of the toothpaste.

Lu Xingzhi relaxed and kissed her. He even bit her lightly to express his rage. “Want to torture me? You will regret torturing your man.”

“The baby tortures you.”

Jiang Yao stroked her tummy. “I am not taking responsibility. Not me, but the baby wants to eat!”

“All right, you two can torture me all you want.”

Lu Xingzhi smiled and tapped Jiang Yao on the nose. “Big Ke told me about you last night when he gave me the durian. I can confirm that Li Hong stole and sold your documents.”

Lu Xingzhi asked again, seeing the change in Jiang Yao’s expression, “So, are you going to settle this privately or professionally? We will handle it ourselves if we settle it privately. We can call the cops if we do it professionally. We will refer the matter to the police. But if we do it professionally, Li Hong will be expelled from school and imprisoned..”

Chapter 2125: What Did You Find Out?

“What did you discover?” After she finished her sentence, Jiang Yao reached out and touched her lips, which Lu Xingzhi had bitten. That guy was probably secretly angry since the previous night, so he bit her. Jiang Yao even suspected her lips were bleeding from his bite, so she scrutinized her fingers after touching her lips. She saw no blood traces and rolled her eyes at Lu Xingzhi. Please support our FreeWebNovel.com

Lu Xingzhi observed her small movements and could not decide whether to laugh or cry.

“You heartless little vixen,” Lu Xingzhi scolded with a smile. Then he grabbed her fingers and bit her again. She actually gave him a look. Did she think he would be willing to bite her until she bled?

It was only a tiny amount that did not cause any pain. How could he stand watching her bleed?

Jiang Yao grinned and grimaced as she looked at Lu Xingzhi. "Tell me what you found," she said as she pushed him on the shoulder.

"Li Hong does not have a bank account, but I can tell you that she has recently spent a lot of money at the mall. It is already above her means. Her parents have not been earning more than usual recently, so it is unlikely they would give her such a large sum of money. Li Hong is most likely holding cash," Lu Xingzhi said.

Li Hong was probably afraid that it would be easy to find out if she deposited it in the bank. Regardless of how cautious Li Hong was, she could not resist the urge to go shopping at the mall.

Jing Mengjie had a slightly worse family situation than Li Hong. Previously, when Li Hong and Jing Mengjie went to the mall, she accompanied Jing Mengjie to watch her shop. She would buy one or two things she liked every now and then.

However, things had changed in the last few days. Jing Mengjie accompanied her to all of her purchases. If Li Hong were pleased, she would buy one or two

things for Jing Mengjie.

That was also why Li Hong's financial well-being was discovered so quickly.

"Li Hong..."

Jiang Yao sighed and gently shook her head.

She would not have believed Li Hong would do such a thing for money if it had not been for the coincidence that had occurred at the time.

Li Hong had reached adulthood. Most girls Li Hong's age would have gotten married and had a career as they had not gone to university.

"I will talk to Professor Ouyang," Jiang Yao said. "It is, after all, Professor Ouyang's first class here. I am afraid what happened to Li Hong will affect him."

If Professor Ouyang did not mind having a student with a bad reputation, she would choose to do it privately.

"Well, if you want to go out, ask Big Ke to pick you up and then accompany you to school. Come home and rest right away when you are done," he said.

Before Mrs. Lu and Mrs. Jiang finished making breakfast, they chatted briefly at the entrance. During breakfast, Mrs. Lu mentioned they were going to

Nanjiang City to see Lu Yuqing. They said they would take a detour to Nanjiang City before proceeding to Jindo City.

Jiang Yao initially attempted to persuade Mr. Jiang and Mrs. Jiang to accompany them. Still, Mrs. Jiang refused and insisted on remaining in the army base to care for Jiang Yao. So, Jiang Yao gave up when she realized she could not persuade her parents.

After the meal, Jiang Yao called Big Ke, and Big Ke picked up Jiang Yao, Mr. Lu, and Mrs. Lu and left the army base. He took Mr. and Mrs. Lu to the airport and then sent Jiang Yao to the university.

Professor Ouyang was in class when Jiang Yao arrived. When he saw Jiang Yao, she said she wanted to speak to him. So, he told the students to take a break before taking Jiang Yao to the side to talk to her..

Chapter 2126: Pressing Charges?

Professor Ouyang's decision was even more decisive than Jiang Yao's. "Since it's already confirmed that it's Li Hong, call the police. I've lived to this age, and I'm not relying on this little bit of wisdom to earn a living. Li Hong isn't a three-year-old child. She has done some things, so she has to bear legal responsibility. I don't need people with such depraved morals. She can steal your things today and mine tomorrow. When she enters society, she will steal other people's things."

Professor Ouyang said, "I will not put up with it."

"I understand." Jiang Yao nodded and called the police.

Scientific research could not be measured in monetary terms. Furthermore, Lu Xingzhi had previously communicated with someone, so when Jiang Yao called the police, they arrived at the university about fifteen minutes later.

The police had notified the university, so the dean accompanied them when they arrived.

"Professor Ouyang, since this is between your students, why don't we settle this privately? After all, if this story spreads, it will harm our university's reputation." The dean followed behind the police with sweat all over his forehead. After all, there was a thief in the school, and it would not be pleasant to hear about it.

It was a small community. Would the university's reputation not be harmed if the story made it to local newspapers and radio news?

If it had been a matter of teachers and students, the dean would have used force to keep the issue private. However, Professor Ouyang was no longer an active professor at a university; he was visiting lecturer from Nanjiang Medical University. Jiang Yao was a student at Nanjiang Medical University, not their university. Even if he wanted to use his academic standing and job to force the two to compromise, he could not do that.

The police officer looked at the dean and asked, "Are you still pressing charges?"

'Yes. "

Professor Ouyang feared Jiang Yao would be concerned about him, so he responded on her behalf.

"Why are you here if we're not pressing charges? Li Hong is inside. You may enter and accompany her to the police station to take her statement. A guard is also stationed at the front door. Take her with you."

"This is related to the Changkang Group," Professor Ouyang said as he waved his hand and turned to face the dean. "If you want to talk privately, why not ask them? If the situation is not handled properly, the Changkang Group will personally send someone here to handle it. The matter will be reported in newspapers when that time comes. Isn't that going to be more lively?"

“That Changkang group that collaborated with the Divine Doctor’s student?” The dean was speechless. He was terrified. He knew that Jiang Yao, who Professor Ouyang had brought from Nanjiang City, appeared to have a crucial document stolen and sold by another student. Still, he had no idea it was related to the Changkang Group.

“Yes, a Changkang Group research team sent the document to me. It had to do with a research project. Stolen scientific research data is a big issue. I would not have gone through so much trouble if it were just ordinary letters and documents,” Jiang Yao explained coldly.

The dean raised his hand repeatedly to wipe the sweat from his brow, not daring to say anything. Even though the Changkang Group was a massive corporation, it had worked with the Divine Doctor’s student. Most importantly, he learned that the Changkang Group’s boss appeared to have strong support. It would be even more challenging to deal with if Changkang Group took action..

Chapter 2127: How Do You Know?

The dean broke out in a cold sweat when he remembered the other party, Li Hong. He knew and had met everyone in the school’s first batch of medical graduate students several times. He had never imagined the girl would do such a thing.

“Then let us stick to the police procedure.” Please support our [FreeWebNovel.com](http://FreeWebNovel.com)

The dean took a few steps backward and allowed the police to search for her. Then he turned to Professor Ouyang and said, “Once we have a result, we must notify the university immediately.”

The dean reasoned that as long as it was proven that Li Hong had committed the crime, the university would immediately expel her as a warning to others. Those people would never dare to stay. They would only bring shame to the university if they had stayed.

The dean left after giving his instructions. Jiang Yao and Professor Ouyang exchanged glances, their emotions visible in their eyes.

Li Hong’s expression remained calm as the police led her out. “Miss Jiang, why are you blaming me for the loss of your documents?” she demanded angrily when she saw Jiang Yao standing at the door. “I already said that I didn’t see it. Why did you call the cops?”

“The gods saw what you did. You won’t be afraid if you haven’t done anything wrong.” Jiang Yao gave her an indifferent smile. “Please cooperate with the investigation if you didn’t do it. Why are you so angry? What are you scared of?”

“Who said that I’m scared?”

Li Hong shrieked. “I didn’t do it. Why should I be afraid?”

The police also invited a few students to help with the investigation. “Miss Jiang is making a big deal out of nothing, right?” Jing Mengjie complained to Liu Chao as she walked out reluctantly. “She misplaced a letter, and she called the cops? Those cops are extremely nice to Miss Jiang. Did they even read the letter? Someone robbed me once, but those police officers were not so helpful.”

“How much money can a girl have in her wallet?”

"If you can't even remember the robber's face, height, and other features, of course, it is not easy to check," said the police officer standing in the back. "Miss Jiang, on the other hand, had misplaced a priceless document."

"Was it something the Changkang Group sent her?" Liu Chao was taken aback.

"How do you know that?" Professor Ouyang inquired.

"I accidentally saw a letter sent by Changkang Group to Miss Jiang once," Liu Chao said. "Miss Jiang requested leave a few days ago and was not at school. When I went to get my letter, the guard informed me that there was a letter for Miss Jiang and asked me to notify her so that she could get it sooner. I looked at it and noticed that it was from the Changkang Group. The guard initially asked me to get it to Miss Jiang, but she was on leave, and I didn't know when she would return. I didn't know if that letter was important, and I was careless, so I dare not take it."

Jiang Yao arched her brow. Changkang Group did have its own company envelope. The letter was easily identified because the envelope bore Changkang Group's logo.

"That document is not in my possession. It contains information about a research project. The guard said that when Li Hong went to get her letter, she saw it and volunteered to help me get it. However, Li Hong is now saying that she hasn't seen it," Jiang Yao said.

"This is the detailed list of Li Hong's recent spending," Big Ke said as he handed the item to the cops. "She has spent nearly a thousand bucks in just a few days. That amount is far beyond her family's means. As a result, we suspect Li Hong sold the document to others to profit from it."

#### Chapter 2128: Nonsense

Li Hong was a person who was conscious of her appearance. She must purchase her footwear and clothing at major malls. She had cash on hand at the moment. Naturally, she continued shopping in the mall for numerous apparel, accessories, and cosmetics brands. It was therefore convenient for Big Ke to look into it and figure it out. The shopping center sent Big Ke a list of Li Hong's most recent purchases from their shopping center.

They were not afraid of Li Hong denying the spending because the salesperson at the shopping mall could prove that Li Hong was the one who had personally spent the money.

A young girl spending so much money would undoubtedly leave a lasting impression on any salesperson.

Jing Mengjie's face paled when she heard that. She quickly said, "Miss Jiang! I didn't know how Li Hong's money came about, I accompanied her shopping those few days, and she even bought me two dresses and a pair of shoes. I didn't know how she got the money. If I had known earlier, I wouldn't have taken her things!"

Jing Mengjie was terrified. She said, "I will give you the money for the goods she bought for me. Miss Jiang, this has nothing to do with me."

Jing Mengjie's voice sounded like she was crying when she finished speaking. She snapped at Li Hong. "How can you do this? You pretended to be kind and buy things for me with dirty money. Are you trying to drag me down with you? That is dirty money!"

Jing Mengjie was usually very arrogant. Furthermore, no matter how naive she was, she knew that one should not spend dirty money. They could say that she was an accomplice. Therefore, she was angry at Li Hong.

“You’re talking nonsense.”

Li Hong was afraid that Jing Mengjie would hit her, so she quickly dodged to the side. “That money was given to me by my parents! It’s not dirty money! I didn’t do anything. I didn’t see that document.”

“Who are you trying to deceive? Your parents only make 300 bucks every month. How are your parents suddenly giving you so much pocket money? I’d be stupid to believe that!” Jing Mengjie started crying.

Jing Mengjie walked toward Professor Ouyang again. “Professor, I didn’t know what Li Hong did. Can I return the money she spent on me? I have nothing to do with this.”

She was fearful and timid. Jing Mengjie wanted to get help herself. She felt that she had been falsely accused.

Furthermore, Jing Mengjie felt confident that Li Hong had committed a crime. Li Hong must have taken the document if the guard claimed she did. Why would the guard accuse Li Hong for no reason?

Liu Chao had seen the document too. Why did the guard not accuse Liu Chao of taking it?

“Let’s visit the police station.”

Professor Ouyang waved his hand and then left the university with his students.

Jiang Yao only kept records at the police station, and the rest were given to Big Ke to investigate.

Since she needed to rest more during those few days, she could not frequently visit the police station to monitor the situation.

Jiang Yao asked Ah Lu to drive her back to the army base. On the way, Ah Lu received a few calls. They were all trying to find out who Li Hong had been in contact with recently and were preparing to find out the buyer as soon as possible.

Ah Lu said, “Director Jiang, it is alright even if we can’t find out more about the situation. Li Hong’s parents’ income is insufficient to cover her high costs. There is no question about it. We can affirm that Li Hong is unquestionably a suspect simply based on her recent spending. The young girl has done this for the first time. She will not be able to contain herself for long at the police station. She will admit it.”

Chapter 2129: Going For A Few Days

“I’m not worried.” Jiang Yao casually brushed the strands of hair on her forehead. She was not worried that the case would not be solved unless all the good-for-nothings in the police station were helping Li Hong.

However, that possibility did not exist because Lu Xingzhi would not allow that to happen.

Jiang Yao said, “Let’s talk to Big Ke later. After Li Hong’s family has gone to the police station to complete all the statements, there is no need to detain her. Let Li Hong go home. Then, get someone to

keep an eye on her and see who she will meet or call. Li Hong may be so scared when she comes out of the police station that she wants the documents back.”

“You can start using Li Hong’s network to find the buyer. The majority of individuals seeking these kinds of documents are also from medical research institutions. Li Hong is a university student studying medicine. Check on her classmates. See if any of her university peers are employed by research organizations.” Jiang Yao believed the likelihood of Li Hong’s buyer being a classmate was higher.

“Okay. ”

Ah Lu agreed and repeated what Jiang Yao had said to Big Ke.

The car stopped at the army base entrance. When Jiang Yao got out of the car, she saw Lu Xingzhi’s figure.

It was lunchtime. He was there waiting for her with an umbrella in his hand.

“You’re back?”

Lu Xingzhi opened the umbrella as soon as he saw her and gave it to Jiang Yao. “It’s hot in the afternoon. Do not get too sunburned; hold on.”

Ah Lu mocked him. “Young Master Lu is so considerate.” Then, he drove off.

“Mom told you to do this, right?”

Jiang Yao smiled. Lu Xingzhi would pick her up, but he would not have considered bringing her an umbrella.

Lu Xingzhi murmured his appreciation. He disliked umbrellas, so he kept his hands in his pockets and followed Jiang Yao. His steps facilitated Jiang Yao’s penchant for moving slowly. He took his time with her. He would not show impatience, even though his face was sweaty.

Lu Xingzhi did not inquire further since he was aware of the circumstances at the police station. Instead, he briefed her about his mission in seven days.

“How many days? Jiang Yao stroked the tip of her nose and said quietly.

“It depends. I’m not sure yet, but it shouldn’t be too long,” Lu Xingzhi said. “They’ve found some new clues since the last explosion at the Lanning Martyrs’ Mausoleum. They asked me to go over and help.”

“Do you still recall the last time you attended a medical academic conference?” Lu Xingzhi asked after a brief pause.

“Yes, why wouldn’t I remember?” Jiang Yao burst into laughter, “The organizers did not care about the Changkang Group. Those old fellows from other research institutes also looked down on us. Later, they all suffered heavy losses.”

“The authorities discovered some homemade bombs while performing the rescue. They appeared to have been built in a manner and with a technique extremely similar to the homemade bombs that went off at the martyrs’ mausoleum,” Lu Xingzhi said.

“You mean you think the same group of individuals was responsible?”

Jiang Yao was in disbelief. “It is impossible, right? One happened overseas, and one happened in our country. Homemade explosives should be quite similar, right?”

The technique of creating the homemade bombs was comparable, but Lu Xingzhi noted that if there were too many parallels, it would seem suspicious.

“I’m going to Lanning to take a look. After that, I might go abroad.”

Jiang Yao immediately frowned, but in the end, she did not say anything..

Chapter 2130: Go Away

She grumbled in her heart. Why did those things have to be arranged for Lu Xingzhi? Why did it have to be when she was pregnant?

She still desired to spend every day with Lu Xingzhi so that he could see the fetus develop.

“Will you return after visiting Lanning? Or will you depart right away?” Jiang Yao asked.

“I’ll come back.” Please support our [FreeWebNovel.com](http://FreeWebNovel.com)

Lu Xingzhi patted Jiang Yao’s head. “That is because you are involved in both matters, so I didn’t want to hide it from you. But you should know...”

“I can’t tell anyone. I understand.” Jiang Yao made a motion like she was zipping her lips. Then, she raised her hand. She wanted to pat him on the shoulder and tell him not to worry, but it was a little awkward because she was much shorter than Lu Xingzhi. The man was two steps away from her, and her hand could not touch his shoulder. So, she could only silently pat Lu Xingzhi’s arm.

Lu Xingzhi scowled as he peered at her hand, which was exposed to the sun. Then, he pushed Jiang Yao’s hand back under the umbrella. “Don’t bask in the sun.”

“Mom will be with you in the army base during this period. When I’m not around, you must listen to Mom and Dad and take good care of yourself.” Lu Xingzhi walked over to Jiang Yao and held the umbrella for her. “I may leave tomorrow morning.”

Jiang Yao pouted. She wanted to snort, but she was afraid that Lu Xingzhi would think she was in a bad mood, so she held back.

The two of them remained silent after that. They approached their front door in silence. Lu Xingzhi turned his body to put away the umbrella. Jiang Yao reached out to push the door, but when she looked carefully, she saw a person squatting at the entrance of her house.

“What are you doing, Ye Jianguo?”

Jiang Yao said, “Why are you squatting at my door? Why are you not at the university?”

Lu Xingzhi was even more ruthless. He said, “Go away. I don’t need a watchdog at my house.

Ye Jianzhi glared at Lu Xingzhi but refrained from speaking. Jiang Yao came into view as he did. He bit his lip and avoided looking at Jiang Yao’s face, instead glancing at his toes. “Miss Jiang, can you forgive my

brother? It's not easy for my father. He wants to transfer his career to the city. Can you let my father go? My brother is still studying. My sister isn't sensible. My brother is still young. He's under a lot of pressure."

"No."

Lu Xingzhi immediately went to pick up Ye Jianguo. He was a big young man, but Lu Xingzhi pulled him to the side with one hand. When he turned around to ask Jiang Yao to come in, Jiang Yao's phone in her pocket rang.

"Who is it?" Lu Xingzhi asked.

Jiang Yao pulled it out and gave it a quick look. She grinned.

She pressed the answer button as she followed Lu Xingzhi into the door. She smiled and said,

"Your dad went to Jindo City. You actually remembered to call me while your dad was with you?"

Lu Xiaoxiao said, "My father is here to control me. Jiang Lei is outside. My father is at home. I fear that I am going to die of suffocation. While I am still alive, I do not have any freedom. Every day I can only look forward to Jiang Lei and my father attending meetings and traveling on business."

Lu Xiaoxiao said with a bitter face, "The happiest time I have right now is when I'm working outside!"

"You don't know how lucky you are when you're living in bliss."

Jiang Yao grinned.

"That's true. I only have two. I heard from Sister Yuqing that Uncle, Auntie, and your parents have gone to the army base to take care of you. Well, you have four people with you. If you add my brother, then you have five. You still have it harder than me." Lu Xiaoxiao was immediately comforted by Jiang Yao's situation; she immediately laughed out loud..
