

Wonder Doctor Chapter 2121

The surroundings were so dim that Lin Ran had no idea where he was.

He could only feel that he was so weak and powerless that he didn't even have the strength to get rid of the restraints around him.

The binding force was invisibly attached to his surroundings, making him unable to move a muscle.

Suddenly, Lin Ran saw a white light appear in front of him.

The white light spread rapidly from a line and eventually lit up the sky right around him.

Lin Ran was shocked to find that a person's face had appeared in front of him.

It was a middle-aged man, and the smile on his face as he looked at himself was full of kindness.

"Son, I finally have a son!"

The middle-aged man said excitedly.

Lin Ran listened but was stunned.

"Is he talking about himself?"

Lin Ran was busy raising his hand to look at it, and his entire body was suddenly baffled.

Only to see that his hand was actually a baby's hand, Lin Ran was busy touching his head.

He was shocked, he had actually turned into a baby.

"I... Holy shit! Am I being reborn? What's going on in this small world?"

Lin Ran's entire body was in a dumbfounded state.

But soon, he gained some understanding of this world.

It wasn't known if it was unique to this small world or if this middle-aged man had big dreams in his heart.

He actually began to explain something to Lin Ran.

"Son, remember this, when you grow up, I will send you to the nearby Book Mountain to cultivate!"

"My son will definitely become a cultivator for the ages in the future!"

"Book Mountain? What is that place?"

Lin Ran was stunned to hear this, he was still a baby, did he really have to wait for seven or eight years?

Then I guess the yellow flowers would be cold when they got out.

"Weng!"

The thought had just started in Lin Ran's mind, and instantly the scene around him changed.

Instead of the middle-aged man hugging him, he was standing to the side.

And at that moment, Lin Ran was no longer a baby, but a youth over ten years old.

At this moment there was this mountain peak right in front of him.

“This is the Book Mountain?”

Lin Ran’s entire body was dumbfounded as he realised that he hadn’t experienced the process of going from a baby to ten years old at all.

Yet the memories of this process had appeared in his memory out of thin air.

It was as if the ten years of his own experience had been spent in a flash.

“There’s definitely something wrong with this little world!”

Lin Ran said in his mind.

His own strength had disappeared out of thin air, but he could completely cultivate again with his memories as he grew older.

None of this was a problem.

But the problem was, what was going on in this little world!

“Weng!”

The space around him shifted for a moment, and the voice of the middle-aged man rang out.

“Son, cultivate well after you go up the mountain, and make sure to glorify your clan and become a powerful person!”

Lin Ran didn’t even have time to reply before the space around him shifted once more.

This time he was kneeling on the ground, and a figure was standing with an armrest in front of him.

The other person’s back was to himself, and Lin Ran could not see the other person’s face.

Yet the back was surprisingly familiar, as if he had seen it there before!

“What is your name?”

The other party suddenly asked.

“Lin Ran!”

Lin Ran returned, but when he said those two words, what he heard in his own ears was “Chen Shan!”

Holy shit! What the hell is Chen Shan!

Lin Ran was a bit confused, did he have to change his name after being reborn!

“Chen Shan? You have good talent, you will break through the Dao realm in three years at most, I will accept you as my personal disciple, but you have to do one thing for me!”

“Are you willing!”

“I don’t want to!”

Lin Ran refused without even thinking about it.

But when the words were spoken, the words that reached his ears were actually “I do!”

Damn it! What the hell are you asking if it’s mandatory!

“Very well!”

The other party said and turned around, and Lin Ran was confused when he looked at him.

This guy was a pillow talker!

“Holy crap! Why are you here!”

Lin Ran said as he got up.

But the other party didn’t seem to hear his words, and his face turned steeply cold and stern as he chided.

“Who told you to get up!”

“My Cao! I’m kneeling you, you fuck!”

“Bang!”

Before he finished his sentence, Lin Ran only felt his legs sink as he instantly knelt down again.

“Cao! Wait a fucking minute, I’ve just arrived and you’re asking me to kneel for you?”

Lin Ran’s heart was suffocating, but it seemed that the other party couldn’t hear everything he said.

This left him speechless.

“Very well! I will now teach you the kung fu technique, remember that in the future when you reach the Dao realm you have to go find a man called Yue Beishan and kill him!”

Yue Beishan?

Lin Ran froze at his words.

Yue Bei Shan was actually in this small world too?

“Weng!”

Lin Ran didn’t even have time to think more before the space around him shifted once more.

And this time, he appeared on top of a mountain.

He was standing with his hands folded, followed by the pillow book.

And a black-robed figure in front of him was looking at him, if it wasn’t Yue Bei Shan or someone else.

“This is the disciple you found? It seems very average!”

Yue Bei Shan looked at Lin Ran with disdain in his eyes.

“Average? He’ll kill you!”

The Pillow Book said blandly.

“Is that so? Then let me see how he’ll kill me!”

There was an icy coldness in Yue Bei Shan’s eyes, and the next moment his body moved towards Lin Ran and killed him.

Lin Ran just wanted to fight back.

But the space around him shifted again, and the battle was already over.

Lin Ran felt that his neck was being choked by his opponent.

His entire body’s power seemed to have been sealed, and he was unable to use it at all.

Yue Bei Shan was no better, his entire body covered in blood.

His whole body was covered in blood, and he looked as if he had gone mad.

“It seems that your disciple is not strong enough!”

“Next time, remember to come to me when you’ve cultivated enough!”

Yue Bei Shan’s voice was icy cold as he raised his hand and instantly slashed across Lin Ran’s neck.

Lin Ran only felt a chill in his neck, and the light in front of him gradually became dim.

Before his eyes closed, he saw that the pillow book had also fallen under Yue Bei Shan’s palm.

This was his life?

It was too sloppy!

He hadn’t experienced anything at all, ah, and had his memories forcibly shoved down his throat.

To let oneself spend a life like this?

The space around him became dim once again.

Lin Ran returned to that drowsy state again.

And this time it was not known how long it lasted.

When Lin Ran woke up again, it was just like the first time, he had turned into a baby again.

Only this time it was a noblewoman who appeared in front of him.

She was dressed in extraordinary clothes, and was surrounded by maidservants waiting on her.

It seemed that he had been reborn into a large family this time.

At least it was of a very distinguished kind.

As expected, ten years soon passed.

Lin Ran learnt that his family was a vassal.

In this small world there were many vassals, and it could be said that there was no unity.

Wars would occur from time to time.

“Son, recently two nearby vassals have been stirring against our territory, and although my mother is reluctant to do so, she has to send you off to cultivate!”

“You must remember that in this world, strength is everything!”

“Mother will wait for you to return!”

As soon as the words fell, Lin Ran saw the space around him shift again.

Was he going to let himself spend time and time again in this endless life?

Until he killed Yue Bei Shan?

Lin Ran was a little baffled.

What kind of a small world was this!

Wonder Doctor Chapter 2122

Before Lin Ran could think more, the space around him had changed again.

And this time Lin Ran appeared in a palace.

All around him were exquisite buildings with carved beams and pillars.

A young man dressed in a golden silk robe was standing opposite.

Lin Ran only took one look at the other person before he recognised that this guy was still the pillow.

“Take on a disciple!”

Lin Ran didn’t even bother with nonsense.

“Eh? You kid are quite smart, how did you know I was going to accept you as my disciple!”

Pillow Book was stunned.

“How do you think I know? I already worshipped you in my previous life!”

Lin Ran said speechlessly in his heart.

Sure enough, everything that followed was a smattering of what he had thought.

The Pillow Book had accepted himself as his disciple.

And then taught himself the supreme technique.

A ten-year battle followed by a date with Yue Bei Shan.

And this time, Lin Ran was clearly stronger.

But against Yue Bei Shan, he was still defeated.

Only this time, he was only one move away.

But the outcome still hadn't changed in the slightest.

Yue Bei Shan had killed him, and then finally killed the pillow book.

When Lin Ran returned to this dazed state for the third time, he was already somewhat numb.

Even he knew that he would definitely experience rebirth next, and then continue to encounter the pillow-side book.

Finally, he would fight with Yue Bei Shan.

It seemed that this little world was trying to tell himself something.

But one was unable to understand it yet.

Time passed day by day, and soon Lin Ran was reborn for the third time.

This rebirth was considered the most glorious moment in his life.

He was born into an imperial family.

As soon as he was born, he was the in-built heir to the next empire.

The pillow book even became his personal tutor.

He was always taught from an early age.

But time was still the same, passing at first glance.

Lin Ran had even experienced even less this time.

It only felt like in the blink of an eye the moment had arrived for the showdown with Yue Bei Shan.

Growing up in an imperial family had made Lin Ran's strength and heritage unparalleled.

When he fought with Yue Bei Shan, he used all his cards.

He was able to defeat Yue Bei Shan without a fight.

But just as he was about to kill Yue Beishan, a change of heart occurred.

Yue Bei Shan didn't know what he had used, but he had killed him instantly.

Lin Ran just saw a white light flash by.

He tried to resist it himself, but the white light had instantly passed through his body.

The speed and penetrating power of the white light made it impossible for him to block it.

In one glance, it had already decapitated him.

Without any surprise, the pillow was also dead.

◦ ◦ ◦ ◦

The state of drowsiness seemed to have been experienced more Lin Ran gradually numbed as well.

The three rebirths had left him still not reading this small world.

But the last encounter with Yue Bei Shan was the one that made him realize a problem.

That was Yue Bei Shan's tactics.

What exactly was that last white light.

Why was it able to cut himself down in an instant.

Lin Ran couldn't figure it out.

This dazed state lasted for an unknown amount of time.

Gradually, Lin Ran felt that his head was a little dizzy and he slowly fell asleep.

This sleep was so dizzy that it was dark.

It was only when a sharp pain came from his chest that woke Lin Ran up.

When he opened his eyes, he actually found himself sitting in a cave.

The cave was lit up with light, as if someone had purposely prepared it for him.

But the entire cave was surprisingly terrifyingly devoid of an exit.

The rock walls around him were also all pitch black, and Lin Ran had no idea where exactly he was.

"Awake?"

Suddenly, a voice came from the and face.

Lin Ran turned his head to look and found that it was none other than the Pillow Book.

"Want to worship again? Come on!"

Lin Ran was speechless, he had already arrived in the cave, how come this guy was still following.

"Worship your master!"

The pillow cursed, while raising his hand and giving Lin Ran a slap.

This slap knocked Lin Ran blind.

It took a long time for Lin Ran to react.

"You can hear me?"

"Nonsense!"

The pillow said without good humour.

“Hurry up and wake up, I arranged the previous three rebirths!”

“You arranged it?”

Lin Ran was dumbfounded at his words.

“What exactly do you mean, what’s going on in this small world?”

“It’s a long story, you should eat this first!”

The pillow said as he handed over a fruit.

“What is this thing?”

Lin Ran looked at the white fruit in front of him and was somewhat puzzled.

“It’s for hiding your breath!”

Pillow Book said.

“Hide your breath? Hiding who!”

Lin Ran asked, following which his entire body was stunned.

Who else could he hide from besides Yue Bei Shan!

“In this small world, the strongest one right now is him!”

“Although your breakthrough to the Violet Sea realm surprised me, you’re still inferior compared to him!”

The pillow said.

“What strength is he now!”

Lin Ran asked, frowning.

“The Great Perfection realm!”

Pillow Book said.

“I knew it!”

Lin Ran sighed helplessly.

Back in his hometown, he had discovered that this Yue Beishan had extraordinary natural talent.

As long as he was given time, he would definitely be able to grow up.

Little did he know that when he arrived in the Immortal Realm, he would actually grow up so quickly.

He had been asleep for a thousand years, and his cultivation speed was already not slow.

But Yue Bei Shan was already about to cross into the Immortal Realm!

“This Yue Beishan already knows you’re here!”

The Pillow Book said.

“Knows I’m here? What do you mean?”

Lin Ran frowned.

“The strongest person in this small world right now is him!”

“He already sensed it when you were sent in!”

“With the grudge brewing entanglement you have with him, I’m afraid.”

“I know!”

Lin Ran nodded his head.

Although he had saved him in the first place, in the end he had also killed his entire family.

But Lin Ran didn’t regret it, put in that situation at that time, even if he was allowed to make a choice once again.

He would still do that.

“What are your plans?”

Lin Ran asked.

“Plans? I haven’t thought about it yet, my strength is bound to be no match for him!”

“You, on the other hand, still have hope, I let you go through three reincarnations in order to fight for this life!”

The Pillow Book said and took out a map.

“In the few years I’ve been in this small world, I’ve recorded all the places that the Immortal Emperor might have visited!”

“There are a total of eighteen places, eight of which I have already been to!”

“For these remaining ten, you’ll have to go with me!”

“This Yue Beishan is not only stronger than you!”

“And he also has that white light, so you’ll definitely need to pay a lot if you want to win against him!”

“What exactly is that white light?”

Lin Ran asked busily.

“That’s a drop of residue from the flying shuttle!”

“A drop of residue?”

Lin Ran was instantly baffled at his words.

Was a drop of residue from a flying shuttle even that powerful?

No wonder the Lord of the Alliance said that the flying shuttle could pierce through the Great Heaven Sealing Formation.

“Yue Bei Shan wanted to obtain that flying shuttle, but he wasn’t strong enough and barely managed to control a drop of the remnants of the flying shuttle!”

“But even so, that’s still very powerful, so if you want to beat him, you have to find a way to be able to resist that residue!”

“Moreover, if you can block that residue, it will be a great opportunity for you too!”

“Because only then will you be able to possibly get that flying shuttle!”

The pillow said.

Lin Ran nodded at his words.

“Since this is so, then let’s set off! What’s supposed to come will come after all, and it would be good if the grudge between me and Yue Bei Shan could be settled here!”

Lin Ran lamented.

Wonder Doctor Chapter 2123

Lin Ran and the pillow book left the cave and began to go in search of where the Immortal Emperor might be.

There was no fast forwarding in space this time, everything had to be done a little at a time.

But there was one thing that Lin Ran still felt very relieved about.

That was that at least he already knew the location of the flying shuttle.

Although there was Yue Bei Mountain there now, at least he didn’t have to waste time trying to find the flying shuttle.

....

And at this time, in the underground city in the chaotic space.

Lin Ran had finally managed to gather enough 100 victory points.

He had arrived at the Heavenly Pavilion as promised, and met the man.

“Now you can send me over there!”

Lin Ran didn’t say anything and opened the door.

One hundred victory points were enough, the next step was the Heavenly Immortal Fruit.

And this Heavenly Immortal Fruit was in the small world of

“Well! I’ll send you there now!”

The other party said blandly.

“The deadline is one year, you must get the Heavenly Immortal Fruit within one year, I don’t care what method you use!”

“If you fail, this hundred victory points will not be refunded!”

“Yes!”

Lin Ran didn’t hesitate in the slightest, a hundred victory points was simply dispensable to himself.

With his current strength, it was only a matter of time before he could obtain the hundred victory points.

The other party immediately got up, and then led Lin Ran to a teleportation formation within the Heaven’s Gift Pavilion.

“Go up there!”

Lin Ran nodded his head and immediately got on the teleportation formation.

Without any nonsense, the other party immediately activated the formation, and instantly a light from the three teleportation formations shot up into the sky.

Following this Lin Ran’s figure disappeared directly into the spot.

A few moments later, as the light from the formation disappeared, the other party also left the place.

But no one knew that right after he left, a figure in black robes trended out from the side.

“This kid has gone to the small world!”

This person looked at the teleportation array and murmured softly, following which he also quickly left the place.

....

The space around him changed, and when Lin Ran reappeared, the entirety was already on top of a hill.

“Where is this?”

Lin Ran was busy taking out a map to check.

This map was the one he had purchased from the Heavenly Mystery Pavilion.

In order to discern where he was in the small world.

The Heavenly Immortal Fruit that the other party had demanded was only found in one place within this small world, and that was the mountain where the Heavenly Immortal Ancestor was located.

This Heavenly Immortal Ancestor, Lin Ran had done some understanding before.

It was said that this person was an expert in alchemy.

In the past, he had also cultivated the path of medicine, but later on, as the path of medicine was blocked.

That was why he started to switch to the alchemy path.

This person's attainment in alchemy was very high.

Within the entire small world, he was also the only one who had Heavenly Immortal Fruits there.

After roughly glancing at the location, Lin Ran realised that he was actually not far from the mountain where this Heavenly Immortal Ancestor was.

According to his speed, I was afraid that it would only take him ten minutes at most to get there.

After discerning the direction, Lin Ran instantly rushed out towards the front.

However, not long after he left the place, instantly three more figures appeared out of thin air.

"Boss, how is it going?"

One of the black-robed figures asked.

"It's just ahead, chase!"

The black-robed man in the lead said in a cold voice.

Immediately, the three of them chased after Lin Ran in the direction he had left.

As Lin Ran hurried towards the mountain where the Heavenly Immortal Ancestor was, he thought in his mind about how he could obtain a Heavenly Immortal Fruit.

But suddenly, there was a change in the space around him, and the next moment his entire face changed.

Three black-robed figures appeared out of thin air, directly blocking his path.

"Who are you?"

Lin Ran frowned, the three figures in front of him were dressed in black robes that made it impossible to see their faces clearly.

However, Lin Ran could tell through his aura that he had never seen these three people at all.

There were quite a few cultivators in the Chaos Space Dungeon.

There were also many people he had never seen before.

At first, Lin Ran thought that he had gone to the wrong place and had intruded into their territory.

"You're Lin Ran, right!"

The black-robed man in the lead opened his mouth and asked.

"It's me!"

Lin Ran didn't deny it either.

"You're the one I'm looking for!"

The black-robed man guffawed and immediately rushed towards Lin Ran.

Seeing this, the other two companions didn't say that they had the slightest delay and instantly pounced towards Lin Ran as well.

"Eh?"

Lin Ran's face changed when he saw this, and raised his hand to instantly slash out with a sword maneuver.

Not knowing exactly how strong the other party was, Lin Ran struck out with his strongest strike.

The seven-coloured sword mane instantly swept out, slashing towards the crowd right in front of him.

"What great strength!"

The three people's faces changed as they simultaneously shot out their hands towards the sword mane and met it.

"Bang Bang Bang!"

The three of them struck out at the same time, and the sword mane Lin Ran slashed out instantly shattered.

"All of them are at the Purple Sea Realm!"

Lin Ran's face changed drastically.

It was reasonable to say that he didn't know many Purple Sea Realm powerhouses at all, so how did these three people suddenly strike towards him.

It didn't make sense!

"Who the hell are you guys? Why are you ambushing me!"

Lin Ran asked as he pulled away.

"Who are we? You don't need to know, you'll know when you die!"

The black-robed man in the lead sneered.

At this moment the three black-robed men re-encircled Lin Ran.

Lin Ran's face also went completely ice-cold when he saw this.

Although the other three were all at the Violet Sea realm, he himself was also at the Violet Sea realm.

Moreover, he hadn't even used his divine lightning and chaotic cyclone yet.

So Lin Ran wasn't afraid of them.

“Kid, what else do you want to say, hold on tight!”

The black-robed man in the lead didn't seem to have any intention of making a direct move, instead he fished out a bead from his bosom.

“Hm?”

Lin Ran frowned as he looked, what did this mean?

Three men were beating one of them, they already had the upper hand, and now they were taking out this item, what exactly did they intend to do?

Lin Ran's mind quickly went through the calculations.

Soon he seemed to have thought of something.

His strength was clearly superior, but he had still taken out this bead.

This meant that the other party had not captured him, but that his purpose must have something to do with this bead!

But what exactly was the connection?

As Lin Ran was thinking in his mind, the black-robed man in front of him was already laughing out loud.

“Lin Ran! I'll send you on your way today!”

As soon as the words fell, the other party instantly flung the bead in his hand towards Lin Ran.

Before Lin Ran could even get his hands on it, the black-robed trio had actually all retreated towards the distance.

It seemed as if that bead would later explode with some terrifying might.

“Not good!”

Lin Ran was also busy retreating towards the back when he saw this, but the bead was flying towards him, and if he didn't stop it soon the distance between it and himself wouldn't be too far.

In the other three directions, the black-robed man stopped after exiting a certain distance waiting, seemingly preventing Lin Ran from running towards them as well.

“Roll!”

Lin Ran saw this and lifted his hand and instantly a sword maneuver slashed towards the beads at the back.

At the same time, his entire body raised its speed to the extreme and charged right towards the front.

“Bang!”

An explosion soon came from behind.

As soon as the explosion sounded, Lin Ran's entire face changed.

An aura so terrifying that it made his entire body tremble instantly appeared, rushing towards his side as if it was a furious wave.

“What terrifying power!”

Lin Ran’s face changed greatly, he clearly felt that as long as he was approached by this aura, there was no chance of him surviving.

“Who the hell is that!”

With anger in his heart, Lin Ran gritted his teeth and took out the last scale that Zhen Yan had given him!

Sensing the aura rushing behind him, Lin Ran didn’t hesitate in the slightest to crush the scale instantly.

Wonder Doctor Chapter 2124

“Weng!”

The scales shattered and an instant aura rose up into the sky.

The moment the aura appeared, a flaming flame instantly rose around it, actually wrapping Lin Ran in the report.

“Eh?”

Seeing this scene, the faces of the three people around them instantly changed.

“This is Zhen Yan’s aura, how could he possibly have it.”

The three men’s faces were filled with shock.

“This is the end, if this strike can’t kill him, how are we going to explain ourselves back!”

“Don’t be anxious! It’s not certain!”

The three exchanged words.

“Yes, this is after all an Immortal Emperor’s strike, although the suppression is close to the strength of an Immortal Emperor!”

“But without inheriting the Immortal Emperor’s throne, there’s still a gap in strength!”

“Just wait and see, this means of defence of Zhen Yan’s definitely won’t be able to block it!”

Seemingly to confirm his words, the moment the words fell, the huge flaming barrier in front of them actually made a banging sound.

The three of them then saw that a crack had appeared on the flame barrier. A crack appeared.

“Not good!”

Inside the barrier, Lin Ran’s face also changed.

He had never seen an Immortal Emperor before, and had no idea that this was a strike from an Immortal Emperor.

Seeing that the Flame Barrier had actually been blown apart by the other party, Lin Ran's face instantly turned pale.

"Run!"

Sensing the terrifying aura permeating in from outside, Lin Ran instantly turned around and left.

But in less than half a minute's time, the flame barrier behind him shattered with an instant "bang".

"It's over!"

Lin Ran's heart instantly sank.

He didn't expect his opponent to use such a powerful move against him!

And the most crucial thing was that he hadn't even heard of this move before, even Zhen Yan's scale defense couldn't withstand it!

"Who the hell is this person!"

The doubts in Lin Ran's heart grew even greater.

But these thoughts only passed by in a hurry, and in an instant the terrifying aura around him completely swept him in.

The clothes on his body instantly turned into pieces.

Lin Ran didn't even have time to think about it before his entire body was no longer obedient.

He could only feel as if he was a kite with a broken string, drifting towards the front.

"Ai! I never thought that something would still happen in this Chaos Space Dungeon!"

Lin Ran lamented in his heart.

At the same time, he had closed his eyes in despair.

Even a defence of Zhen Yan's strength couldn't stop it, how could it possibly be stopped with his own strength!

The terrifying aura around him caused Lin Ran's consciousness to begin to blur.

Just when he was drowsy and wanted to fall asleep.

Suddenly, the power around him disappeared out of thin air.

But at that very moment, Lin Ran completely closed his eyes, only before he did so he clearly saw a figure.

That figure was rapidly rushing towards himself, while opening his mouth and shouting something that he did not hear.

"Bang!"

Across the sky, power instantly scattered!

The power that had already been parried by Zhen Yan's defence had been mostly blocked, and this strike from the Immortal Emperor ended up scattering.

"The Immortal Emperor is really getting out of line!"

An angry voice came from afar.

"Get out of here!"

When the three people who had sneaked in heard this, they were about to crush the messenger in their hands at once.

But just as their palms took the amulet out, the three people found that they couldn't actually move!

"Senior!"

The black-robed man in the lead was busy speaking.

"Seniors? You still know that I am senior!"

An angry voice came out, and instantly a huge aura ripped the three men straight through.

A moment later an old figure appeared in front of the three men.

"Say! Did the Immortal Emperor send you over here!"

The old man asked in an angry voice.

"This "

"Yes!"

The man in black who was leading the group still admitted it.

In front of this powerful strength of the other party, there was no possibility for him to hide.

"What exactly does the Immortal Emperor want!"

The old man said angrily.

"We.... Don't know either!"

The black clothed man in the lead had a puzzled look on his face.

"We are all following orders, how would we know what the Immortal Emperor is thinking!"

"Humph!"

The old man let out a cold snort, and instantly the man in black who was leading the group felt that all the power in his entire body had actually disappeared instantly.

"Big brother me!"

A man in black next to him was also filled with panic, and his situation was the same.

"Take them both and get out!"

“Go back and tell the Immortal Emperor that he must give us an explanation before he dares to mess around in the Chaos Space Dungeon!”

“Yes!

Looking at the angry old man, the faces of the three were filled with shock.

The only one of the three who was the weakest in strength still had his strength.

He busily collected his two companions while crushing the messenger and left the place.

It was only after the three had left that the old man turned around and invaded a wisp of divine sense into a storage artefact.

“How on earth did this kid offend the Immortal Emperor, to actually use such a ruthless way to assassinate him!”

“Ai, I’m afraid that nine out of ten won’t survive!”

The old man sighed, then left the place straight away and hurried towards the distant hills.

◦ ◦ ◦ ◦

In the blink of an eye, three days had passed.

Within the small world of the Ancestral Land, Lin Ran and Pillow Book had finally arrived at the first place that could be where the old Immortal Emperor was.

Without the slightest hesitation, the two of them rushed straight in.

But whether or not they would be able to find the old Immortal Emperor, or even whether they would be able to come out of it, was also in question.

The place chosen by the Pillow Book was really dangerous.

....

In the Chaos Space Dungeon.

Lin Ran opened his eyes in a daze.

At this moment, he only felt as if his entire body was wrapped up in something and he couldn’t move!

And most importantly, he couldn’t feel his body’s existence at all.

At this moment, apart from feeling a great pain in his head, he actually still couldn’t feel anything else at all.

There was only that tense wrapping feeling that made him feel so uncomfortable.

“Awake? You kid has a tough life! You’re not even dead!”

“But it’s thanks to Zhen Yan’s defensive scales, or else you wouldn’t have enough if you had a hundred lives!”

An old voice came over.

Only then did Lin Ran gradually feel the light, as Laozi seemed to have taken something off his face.

It was then that Lin Ran was able to look at the scene in front of him.

“Elder? What’s happening to me? Only my head is left?”

Lin Ran was a little confused.

He found it strange to see under himself.

The old man was sitting on a rocking chair not far away.

But he was actually looking at him from the ground level.

The situation was as if he was lying on the ground looking at someone else.

It was also like the feeling that one had been buried alive and only one head was left exposed.

“Hey hey! Senior what are you doing, why are you really burying me alive!”

Lin Ran followed and panicked.

He turned his head to look and saw that he was actually buried alive in the ground.

Only one head was exposed at the moment.

“Don’t talk nonsense if you don’t understand, I am healing you, otherwise with you as you can revive so quickly?”

The old man said unhappily.

“Healing? Senior you can’t lie to me, I am also a physician, how come I have never heard of curing a disease and burying it alive!”

Lin Ran was busy saying, isn’t this being a liar, he’s a connoisseur himself!

“What do you know, this is the only way to treat your illness! Otherwise, if we pull you out, you’ll explode and die in ten minutes at most!”

The old man laughed blandly.

Wonder Doctor Chapter 2125

“Why is that?”

Lin Ran didn’t understand, how could he say he was also a doctor, and a little miracle doctor at that.

But how come he had never heard of a cure for a disease that was buried alive.

“By the way, how should I address you, senior?”

Lin Ran suddenly asked, the other party wouldn’t say why, so he might as well see who he was first and have a rough idea himself.

“Who am I? You don’t even know who I am, and you dare to trespass on my place?”

The old man laughed.

“Remember, I am a Heavenly Immortal Old Man!”

“Heavenly Immortal. Old Ancestor!”

Lin Ran’s eyes instantly lit up at his words.

“Kid, what do you want? Old me is a decent person!”

Seeing that Lin Ran’s eyes were not right, the Heavenly Immortal Ancestor couldn’t help but frown and ask.

“Elder you’re mistaken, I’ve come here to find you this time, I only ask for a Heavenly Immortal Fruit, whatever conditions you want!”

Lin Ran said busily.

This was exactly the kind of thing that Special Broken Iron Scraps had no place to look for, it was all a waste of effort to get here, I didn’t expect that by mistake I had actually arrived directly at the Heavenly Immortal Ancestor’s territory.

“What? Heavenly immortal fruit? Kid are you confused by the beating?”

The Heavenly Immortal Elder Ancestor was speechless.

“Do you know how precious the Heavenly Immortal Fruit is? I’ll even offer you any condition I want, even if I sell you for one of the Heavenly Immortal Fruits of the old man!”

“But senior, I really need it urgently, I can exchange it with something else, like whatever you need, I can go find it!”

Lin Ran said busily.

If he couldn’t get the Heavenly Immortal Fruit, he wouldn’t get any news about the Divine Shadow Clan.

Then, he would have no way of knowing about Song Nuan’s situation.

So he had no way back, he could only find a way to get this Heavenly Immortal Fruit.

“What the old man needs is a death sentence even if you go there with your strength!”

“Recuperate at ease, and when you are well, you will go down the mountain!”

The Heavenly Immortal Elder said and stopped paying attention to Lin Ran.

“Elder! Seniors!”

Lin Ran was busy shouting, yet the Heavenly Immortal Elder simply ignored him.

Later on, the Heavenly Immortal Ancestor became a little annoyed by Lin Ran’s noise and actually directly put a formation on Lin Ran.

It made it impossible for his voice to come out.

“No, there must be a way to get the Heavenly Immortal Fruit!”

Lin Ran was so reluctant that he even plotted the idea of stealing one if he couldn't.

Although this was a bit unethical, but in front of Song Nuan's safety, he couldn't care less.

However, even though he thought so, Lin Ran did not have the chance for the time being, so he could only wait patiently for the time being.

A day soon passed.

The next morning, Lin Ran woke up, still buried in the earth.

But at this time he could feel that he was in a much better condition.

He could even feel his body.

Especially in his legs, he could clearly feel that something seemed to be being rapidly withdrawn from his legs.

And as the medium sensation continued, he could clearly feel that his body was becoming comfortable all over.

This old man was really right, but why could being buried in the earth cure a disease?

This doubt was still unclear in Lin Ran's mind.

Early in the morning, the Heavenly Immortal Elder came out again, he seemed to have the habit of having morning classes.

The land lord sat on a futon in the courtyard, his palms began to work with luck, and then several silver needles actually emerged.

Under his control, these silver needles began to rotate in a particular way, shooting out at times and retracting instead.

It looked as if he was practising some kind of gongfu.

Lin Ran didn't care at first, but he soon realised that there was clearly something wrong with this kung fu.

It was clearly not a mere gong technique, but rather more like an attack that incorporated some kind of medical technique into it.

Lin Ran quickly became interested and began to observe this kung fu technique of the Heavenly Immortal Ancestor.

After only a few moments Lin Ran's entire body was shocked.

The needle technique that this Heavenly Immortal Ancestor was performing he recognised.

It was the same method of acupuncture that was recorded in the Xuan Yang Pharmacopoeia that his master had passed on to him!

There were many different kinds of acupuncture methods, and they could be divided into different kinds of acupuncture methods depending on how the needles were dropped.

For example, the Great Yu Transformation Needle, the Taiji Needle Formation, the Seven Needles of Smoke and Rain, and so on.

And it was these very techniques that this Heavenly Immortal Ancestor was performing.

“Seniors seniors!”

Lin Ran was curious, could it be that this Heavenly Immortal Ancestor and his own ancestor also knew each other?

He was busy shouting, yet this isolation formation was preventing his voice from getting out.

Lin Ran shouted many times in a row, but to no avail.

He waited until the Heavenly Immortal Ancestor had finished making contact and was ready to get up and go to rest, before he glanced in the direction where Lin Ran was.

Only to see Lin Ran with his mouth open, not knowing what he was shouting.

The Heavenly Immortal Ancestor thought he was still asking for the Heavenly Immortal Fruit and ignored him.

But before he took two steps, the Heavenly Immortal Elder suddenly thought of something and his entire body froze.

“That kid’s mouth just said something like the Nine Heavenly Mystical Maiden.”

“He knows the Nine Heavenly Mystical Maiden?”

The Heavenly Immortal Ancestor’s face suddenly changed and he turned around and waved his hand to remove the formation.

“Seniors! Do you know the Nine Heavenly Mystical Maiden!”

Lin Ran’s voice finally came out.

The Heavenly Immortal Ancestor was also stunned as he listened.

“You know the Nine Heavenly Mystical Maiden?”

He asked, frowning.

“Know! Know! Senior are you”

“Cut the crap and say what your relationship is with the Nine Heavenly Mystical Maiden!”

The Heavenly Immortal Ancestor directly interrupted Lin Ran’s words.

“I.... She’s my ancestor!”

Lin Ran said.

In front of such great powers, Lin Ran didn't dare to hide at all, the other party was so powerful through the heavens that he could completely look through his own memories if he wanted to investigate.

So hiding was simply useless!

"Ancestor?"

The Heavenly Immortal Ancestor frowned a few moments tighter at his words as he looked at Lin Ran, his gaze darting back and forth, unsure of what he was thinking.

"Senior, what is your relationship with my ancestor? Why do you know her method of acupuncture!"

Lin Ran asked busily.

"Kid, you're not lying to me!"

The Heavenly Immortal Ancestor's eyes were cold as he looked at Lin Ran.

"Do I have to do this, senior? With your strength you wouldn't even need to raise your hand to slap me to death!"

"What good would it do for me to lie to you! It's true that I need the Heavenly Immortal Fruit, but I don't have to joke about who my ancestor is!"

Lin Ran was speechless.

"I'd better take a look for myself!"

The Heavenly Immortal Ancestor said as his palm instantly probed out, and a breath directly invaded Lin Ran's body.

For someone of his strength, he didn't even need to look through his memories if he wanted to check whether or not Lin Ran and the Nine Heavenly Mystical Maiden were related.

He could see it all from Lin Ran's karmic reincarnation.

True Qi traveled around Lin Ran's body before finally retracting.

And at that moment, the face of the Heavenly Immortal Ancestor visibly eased up a few points.

"Kid, you really do have some connection with the Nine Heavens Xuan Maiden, since that's the case I won't hide it from you, I am the disciple of the Nine Heavens Xuan Maiden!"

"Disciple?"

Lin Ran was stunned at his words, and his face was instantly filled with ecstasy.

"Then you are Second Senior Brother, Second Senior Brother you must help me! I want the Heavenly Immortal Fruit but I'm in a hurry to save my life!"

"Go go, what on second senior brother!"

The Heavenly Immortal Ancestor's nose was about to turn upside down, how did he become the second senior brother.

"It's second senior brother ah, my ancestor Nine Heavenly Xuan Nui took a disciple when she was back home, is open door big sister, I am the last one, then you are the second senior brother ah!"

"Second senior brother you can must help me!"

Lin Ran said busily.

Wonder Doctor Chapter 2126

"Get lost, don't call me Second Senior Brother!"

The Heavenly Immortal Elder was furious, how uncomfortable this title sounded.

"How can that be, respecting the teacher, the elder is the father, you are the second senior brother who should be addressed as such cannot be missing.

Lin Ran said with a straight face.

"Alright, alright, since you said that the Nine Heavenly Mystical Maiden had accepted a senior sister when she was back home, where is she?"

The Heavenly Immortal Ancestor asked.

"She.... Has already fallen!"

Lin Ran lowered his head.

"What about the Nine Heavenly Mystic Maiden herself?"

The Heavenly Immortal Elder Ancestor asked once again.

"I don't know, if I knew you think I would still be here by myself?"

Lin Ran said.

"Elder, you should know better than me about what happened back then!"

Lin Ran asked rhetorically.

"I'm actually not sure, when Master took me as a disciple, I was still a child!"

"I didn't know anything, and then when I grew up, Master had already left the Immortal Realm!"

"To this day, I have never seen her again!"

The Heavenly Immortal Elder lamented.

"Later on, I also tried to look for her, but it was as if she had evaporated, following nowhere to be found!"

"Second senior brother, I have a feeling that my ancestor must still be alive, just trapped somewhere!"

Lin Ran said seriously.

“Forget about it, life and death have their own destiny, not being able to touch them can only mean that there is not enough destiny!”

The Heavenly Immortal Ancestor lamented.

“Then second senior brother, this Heavenly Immortal fruit of mine you see.”

Lin Ran was a little embarrassed, but he still talked about this matter of his.

“It’s not that I won’t help you with the Heavenly Immortal Fruit, but I don’t have it in my hand right now either!” ”

The Heavenly Immortal Ancestor lamented.

“Heavenly Immortal Fruits are very difficult to cultivate, only one blooms in a hundred years!”

“Unfortunately the one I had thirty years ago I have already given away!”

“You want it are still waiting for seventy years!”

“Seventy years?”

Lin Ran was suddenly baffled at his words.

The other party had only given him a year, how could he wait seventy years?

“Isn’t there any other way?”

Lin Ran was anxious.

“What exactly do you want this Heavenly Immortal Fruit for? You can’t take it at all with your strength!”

The Heavenly Immortal Ancestor asked curiously.

“It’s a friend of mine!”

Lin Ran said helplessly, swirling around to tell the Heavenly Immortal Ancestor about Song Nuan.

“The Divine Shadow Clan?”

The Heavenly Immortal Ancestor couldn’t help but frown at his words.

“I’ve also heard of this Divine Shadow Race, but it’s one that I don’t know much about!”

“After all, I didn’t experience the first great war back then either, so I can’t help you with such matters!”

Speaking of this, the Heavenly Immortal Old Ancestor seemed to have thought of something and busily said.

“But there is one thing that might be able to help you!”

“But it’s very dangerous, you have to think it over!”

“What is it?”

Lin Ran asked busily.

Right now, he didn't care about the danger, finding a solution first was the most important thing.

"I came to this mountain range because there is this large medicinal garden underneath it!"

"It was left behind by a senior who was thought to be from the Immortal World, but he has already fallen!"

"This medicinal garden is also completely desolate!"

"But the herbs in these medicinal gardens are all very precious existences, and even if they are turned into ashes, there will still be a lot of medicinal effects left behind!"

"And cultivating the Heavenly Immortal Fruits here is also very good!"

When he said this, the Heavenly Immortal Old Ancestor clearly revealed a few moments of smugness.

"Just a hundred years ago, I discovered that a Heavenly Immortal Fruit sapling had appeared within the ruins of the Pill Garden below here!"

"A hundred years have passed, so I think it has grown, but I don't know if it has borne any fruit!"

"Why?"

Lin Ran didn't understand.

Since this Heavenly Immortal Fruit was so precious, the appearance of a Heavenly Immortal Fruit sapling should only be very precious.

But why didn't the Heavenly Immortal Ancestor take it for himself?

"Kid, you don't understand this medicinal garden!"

"As the saying goes, everything can become refined after a long time, not to mention that this is a medicinal garden with abundant spiritual energy!"

"A ling vine was born in that medicinal garden at some point, and although this ling vine is not strong, it is extremely tough!"

"Even I wouldn't dare to get entangled by it, once it's entangled it's almost impossible to survive!"

The Heavenly Immortal Elder said.

"LING VINE? What's that thing?"

Lin Ran asked, frowning in confusion.

"A ling vine is actually a vine, but it's different from ordinary vines!"

"This ling vine was born in a medicinal garden, and by taking advantage of the unique conditions, it has grown completely in less than ten years!"

"Its vines are spread throughout the entire Medicine Garden!"

Everywhere it passed, other herbs could not survive at all, and only fruits and vegetables like the Heavenly Immortal Fruit, which contained terrifying power, were spared.

But this Heavenly Immortal Fruit was also targeted by this Lingsheng Vine.

Coiled around it all day long, it's not that easy for you to get your hands on it!

"Even your strength is unable to exit unharmed, so wouldn't it be even more impossible for me!"

Lin Ran was somewhat speechless.

"That's not quite true!"

The Heavenly Immortal Ancestor laughed.

"All things in heaven and earth are mutually exclusive, and I just discovered that you have Heavenly Lightning inside you!"

"If you can raise the Heavenly Lightning to the Divine Lightning level, these Lings Vines can definitely put up a fight!"

"What the Lings Vines fear most is divine lightning!"

"Only the price you need to pay to raise the Dao Divine Lightning is also very high, and you might even perish if you're not careful!"

"So, it all depends on you whether you want to try or not!"

The Heavenly Immortal Elder said.

"Does Second Senior Brother know where there are divine thunderbolts?"

Lin Ran asked.

"The Thunder Dignity Pavilion has it! And you should also be a disciple of the Thunder Dignity Pavilion!"

The Heavenly Immortal Elder Ancestor laughed.

"Mm!"

Lin Ran didn't hide it either.

"That's just as well, the Thunder Zun Pavilion has recently been conducting newcomer tests in a nearby mountain range!"

"It just so happens that there's a divine thunderbolt to be born you can go and try it out!"

The Heavenly Immortal Ancestor said.

"Really? Then I'll do it now."

Lin Ran was so excited that he wanted to go there now, only then did he realize that his body was still buried in the earth!

"Second senior brother, what kind of cure are you doing here!"

Lin Ran couldn't help but ask.

"You brat, why don't you know anything!"

The Heavenly Ancestor said somewhat helplessly.

"You were sneak attacked earlier, that one attack was a strike from an Immortal Emperor, it's already a miracle that you survived!"

"Immortal Emperor.... A strike from an Immortal Emperor?"

Lin Ran couldn't help but be staggered even as he listened.

Earlier, he had said that who's strike was actually so strong, but now that he heard that it was an Immortal Emperor's strike, he simply felt scared just thinking about it.

Could this be the strength of an Immortal Emperor?

It was too terrifying!

"What do you think? The Immortal Emperor's power is too powerful, although only a very small amount of it has entered your body!"

"But it's not something you can withstand, if you don't drain it out soon you'll have to explode and die sooner or later!"

The Heavenly Immortal Ancestor said.

"But what does this have to do with me being buried here?"

Lin Ran didn't understand.

"Look around you!"

Lin Ran sniffed and looked around, only then did he notice that there were actually a very large number of herbs planted around him.

"These herbs and the medicinal garden below will be able to absorb this power out of your body."

"Naturally, it will be fine, so be patient and wait, at least for three days!"

"I'll be sending you to rendezvous with the people from the Thunder Zun Pavilion when that time comes!"

Wonder Doctor Chapter 2127

Three days passed in the blink of an eye.

Within the small world of the Ancestral Land, a huge mountain peak is covered in clouds and fog all year round.

Not even a bird could fly over here, for at the top of this huge mountain, an invisible formation enveloped the four directions.

"My lord, I've just received news that Lin Ran has entered the Quenching Dragon Abyss!"

A handful of people knelt down and served on the ground, saying very respectfully.

“Quenching Dragon Abyss? With the Pillow Book?”

A voice came from afar, unable to see clearly where the person was.

“Yes!”

The handlers answered.

“Got it, go!”

The voice rang out in a cloud of mist.

If Lin Ran were here at this moment, he would definitely be able to recognise it, the voice was clearly none other than Yue Bei Shan’s.

“A thousand years! I didn’t expect you to be alive again!”

“It seems that the heavens are helping me, although you saved me, but how can I not take revenge for the destruction of my family that day!”

“Lin Ran! Lin Ran!”

Yue Bei Shan had a morose look in his eyes.

The revenge for the destruction of his family back then had affected him too much.

Even if Lin Ran had saved him once afterwards.

But it was still impossible to soothe this obsession in his heart.

“Kill you, as long as I kill you, I can pay with my life!”

There was madness in Yue Bei Shan’s eyes.

....

Lin Ran and Pillow Book’s journey to find the old Immortal Emperor continued.

And at this time, in the Chaos Space Underground City.

The Heavenly Immortal Elder had already set off with Lin Ran.

Having truly been buried underground for three days, the true qi within Lin Ran’s body had finally calmed down.

The Heavenly Immortal Elder Ancestor was right, the underground medicinal garden and the surrounding herbs had absorbed all the surging Immortal Emperor True Qi in his body.

He had even been blessed by the disaster, and Lin Ran felt that his strength had refined quite a lot.

Of course, whether this had anything to do with the Heavenly Immortal Ancestor secretly helping himself or not, Lin Ran was not sure.

However, the Heavenly Immortal Ancestor could not possibly harm himself, Lin Ran was certain of that.

“Kid, this Thunder Dignity Pavilion is a superior sect! You’ll have to work hard when you get inside!”

On the way, the Heavenly Immortal Elder Ancestor smiled and said.

“O? I’ve heard that the Thunder Dignity Pavilion is all known as brothers, so they should be very united!”

Lin Ran asked rhetorically.

“Hmph! What do you brat know, where there are people, there are bound to be small forces!”

“It’s the same within the Thunder Dignity Pavilion, although everyone is known as brothers, the resources within the entire sect are limited!”

“If you want to be cultivated by the clan, you have to showcase your talent!”

“For example, this time, the divine lightning!”

The Heavenly Immortal Elder said.

“The divine lightning appears for a very short time, and it’s impossible for everyone to have the chance to try to refine it!”

“Therefore, everyone who can be sent out to try is not a genius within the Thunder Zun Pavilion!”

“I can only send you there as well, but whether you can get this spot or not is still up to you!”

“Understood!”

Lin Ran nodded his head.

To be honest, Lin Ran hadn’t expected there to be so much fighting even within the Thunder Zun Pavilion.

But thinking about it, it was also true that Lei’s mission as an emissary was to absorb newcomers to the Thunder Zun Pavilion.

It was naturally impossible to say anything bad about the Thunder Zun Pavilion.

I also blame myself for thinking too simply.

Thinking that as long as one rendezvoused with the people from the Thunder Zun Pavilion, one would get a chance.

Now it seemed that everything still depended on one’s own efforts.

....

Within the small world of Chaos Space, there was a place called the Thunder Beach.

This Thunder Beach was wonderful, and was actually the location of the beach of a large river.

However, above this river, there were thunder clouds rolling around all year round, a scene of the end of the world.

This thunder bank is one of the places occupied by the Thunder Dignity Pavilion for a long time.

It was only because in the thunder clouds above this thunder bank, a divine thunder would appear every so often.

When the Heavenly Immortal Elder brought Lin Ran here, the entire Thunder Beach was already filled with people.

Lin Ran took a quick glance and saw that there must have been at least forty to fifty people, all of whom were at the Violet Sea realm, ranging from early to peak strength.

There were even three of them at the Little Perfection realm.

“This strength is too strong!”

Lin Ran couldn't help but sigh in his heart.

The Immortal Emperor and the Anti-Alliance had only sent one small perfection powerhouse in the full ten years of the war.

But at this moment, a stronghold of the Thunder Zun Pavilion actually had three small perfection powerhouses sitting in it.

No wonder even Immortal Emperors did not want to easily offend the cultivators of the Chaos Space Underground City.

This was the strength of a clan, if the entire strength within the Underground City was pulled out.

I was afraid that even Immortal Emperors would have to turn pale.

“Thunder Lord! Come out and meet me!”

The voice of the Heavenly Immortal Elder boomed.

It drew the gazes of all the people in front of them.

“Senior Heavenly Immortal, what is your business here?”

Three people from the Small Perfection realm in the crowd rushed out busily, with respectful faces.

The strength of the Heavenly Immortal Ancestor was on the same level as their Thunder Zun.

Naturally, they could not afford to be less polite when they met at this time.

“Bring someone to meet you all and lend a step to talk!”

The Heavenly Immortal Old Ancestor didn't say anything nonsense.

The three people on the other side were stunned at the words, but they did not ask any more questions, and immediately followed the Heavenly Immortal Old Ancestor to the side.

At this moment, the other people from the Thunder Zun Pavilion looked a little confused.

“That's the Heavenly Immortal Ancestor! It's said to be at the same level of strength as Thunder Zun!” ”

“Or else, look where the Thunder Lord usually looks at us with a straight face, a Heavenly Immortal Ancestor is just not the same!”

“That’s not the point, okay? Did you guys see that kid next to him? Doesn’t it look familiar?”

“Familiar? If you say so, I do remember something!”

“He’s Lin Ran!”

Someone next to him suddenly said.

“Lin Ran? The one who just got on with the Immortal Emperor?”

“If it isn’t him, who is it? How did this kid get here?”

“Hell knows, I’ve heard that the Immortal Emperor is on a full blockade against the Alliance, and he actually has time to come here!”

“What do you care, he might be here to steal the divine lightning from us!”

“Just him? Don’t be ridiculous, I’m afraid he’ll be cooked in less than a second after he goes up there!”

◦ ◦ ◦ ◦

The crowd was chattering.

And not far away, soon the Heavenly Immortal Ancestors left.

When the three Thunder Lords returned with Lin Ran, the crowd looked stunned.

Those who had initially guessed that Lin Ran was robbing the opportunity even had their faces changed.

“It can’t be such a coincidence that they really let themselves be guessed?”

“Nima, the competition was already fierce enough, but now, there’s actually another person out there!”

“Who the hell is this kid?”

“Yeah, I haven’t heard that Lin Ran is still related to our Thunder Zun Pavilion!”

There was a lot of chatter among the crowd.

The leader of one of the three Thunder Lords swept his gaze over the crowd and spoke.

“Are you done talking? Stop talking nonsense when you’ve finished!”

“In ten minutes, go up to the thunderclouds, Lin Ran will also go with you!”

“The rules remain the same, the first three people to rush up to the divine thunder layer of the thunder cloud get the qualification for this divine thunder refinement!”

“Wow!”

As soon as Lord Lei’s words fell, an uproar rang out from the crowd.

The disciples with strong strength naturally had no problem with it.

But some people of moderate to high strength could not sit still.

“Lord Lei, this is untimely!”

“Right, this divine lightning is the heritage of our Thunder Dignity Pavilion, how can we let an outsider get involved!”

“That’s right, this is too unfair to us!”

“An outsider? Who told you that he was an outsider?”

Lord Lei’s voice was bland.

“Listen to me all, he is Lin Ran of the Thunder Zun Pavilion!”

Wonder Doctor Chapter 2128

“Lei Zun Pavilion Lin Ran?”

“Since when did this kid become a member of the Thunder Zun Pavilion?”

“That’s right, how come I’ve never even heard of him!”

“Thunder Lord you’re not opening a back door for the Heavenly Immortal Ancestors, are you!”

Some of the hostages asked.

“Unbridled!”

Lord Lei’s face instantly turned ugly.

“Lin Ran has passed the test for the Thunder Dao Pearl and was already a member of our Thunder Daoist Pavilion a long time ago!”

“It’s just that he only came to our Thunder Dignity Pavilion today!”

“Whoever is talking nonsense will simply be disqualified for this time!”

“You!”

When the crowd heard this, they all instantly wilted.

There was still a chance if they were qualified, but if they were disqualified, then they would completely have no choice but to shout and cheer for others.

“Senior Lin Ran, right, you’ll have to cheer up!”

Suddenly a young man in the crowd laughed and said.

Lin Ran followed the voice and found that it was a youth with long hair.

A green robe was embroidered with a ray of thunder and looked overbearing.

“Many thanks, senior brother!”

Lin Ran smiled.

However, the youth smiled and said.

“I didn’t help you, there’s no need to thank me, it’s still up to your own strength to obtain the divine lightning!”

“Understood!”

Lin Ran nodded his head.

This senior brother was quite high strung.

“This is your senior brother He Lei! For this qualification selection, his strength shot in third!”

“That’s why he’s treating you as a competitor!”

The Thunder Master at the side explained.

Lin Ran instantly dawned on him and laughed bitterly.

“I was the one who came too quickly! It was inevitable!”

“Alright, go and get ready! The qualification selections will begin soon!”

Lord Lei reminded.

Lin Ran nodded, and then went to the crowd as well.

Not all of the people from the Thunder Zun Pavilion were hostile to him.

At least after Lin Ran entered the crowd at this moment, there were still many people who took the initiative to come over and greet and talk to him!

We were all from the same clan, so having one more friend was more of a path.

It was impossible for everyone to want to be Lin Ran’s enemy.

In particular, many people had heard about Lin Ran’s beheading of Daoist Bai Xu of the Little Full Circle realm back then.

Daoist Bai Xu was considered the weakest existence within the Little Full Circle realm.

But even so, he was still in the Little Perfection realm.

Many of the people here did not dare to say that they would be able to kill him.

I’m afraid that only those who ranked in the top few would dare to say so.

And after climbing with everyone, Lin Ran gradually gained some understanding of the Lei Zun Pavilion and the forces of the entire Chaos Space Underground City.

The composition of the forces in the entire Chaos Space Dungeon was extremely complex.

However, it could be summed up in one sentence.

That is, as long as the forces are reputable, there are almost all of them here.

In the case of the Thunder Dignity Pavilion, the Thunder Dignity Pavilion's clan was not located in this Chaos Space Underground City.

They had a small world space of their own, and their entire clan was inside it.

It was not just the Thunder Dignity Pavilion, but other powers as well.

No one would ever really see a sect set up in a Chaos Space Small World.

This place was more like a gathering place for the strongest people.

Here, everyone exchanged what they needed.

And within the Thunder Zun Pavilion, there were actually three levels.

There were the Thunder Dignitaries, as well as the Elders, and finally, the Thunder Lords.

Apart from these three levels, below them were the disciples like Lin Ran.

And the Thunder Lord was the status after his strength reached the Little Perfection realm.

As for Elders, that was a status that could only be attained after making great contributions to the Thunder Dignity Pavilion.

As for the Thunder Dignity, that was even more so, there could only be one Thunder Dignity in the history.

"Alright, it's almost time, we'll officially start in a minute!"

As he was talking, the voice of the Thunder Lord was already coming from the side.

Lin Ran immediately stopped talking nonsense and began to prepare.

"Senior Lin Ran, you'll have to work hard later, if I get ahead of you, you won't have a chance!"

Suddenly He Lei came over to the side and laughed.

"I'll try my best!"

Lin Ran laughed.

There was no telling what this He Lei wanted!

"Begin!"

Lin Ran was thinking in his mind, when suddenly the voice of the Thunder Lord had come from the side.

Everyone turned into a stream of light almost simultaneously and rushed towards the sky.

Lin Ran didn't slow down in the slightest either, as his entire body instantly shot up into the sky.

His strength was not just what it appeared to be.

At this moment, with his fire at full power, his speed was surprisingly not outdone at all in the face of the group of disciples from the Thunder Zun Pavilion.

At the beginning of this section, there were about ten people leading the race.

And Lin Ran was one of them.

He Lei didn't know whether it was intentional or undoubtedly, and always followed right next to Lin Ran.

"You've got to come on, Senior Brother Lin! Don't let me overtake you! Otherwise you really won't stand a chance!"

He Lei said with a smile.

"Senior brother too!"

Lin Ran returned.

"Haha!"

He Lei laughed without saying anything.

Lin Ran didn't know what he wanted and could only pretend he didn't hear him as he charged all the way towards the thunder cloud.

This thunder cloud didn't look much further away from the thunder beach, but when he really charged upwards Lin Ran realised that the distance was actually quite far.

It took two or three minutes for the first group to get close to the thundercloud.

And at this point Lin Ran noticed that some people had actually started to take the initiative to slow down.

"Senior Brother Lin Ran, come on! Or you'll be falling behind!"

He Lei on the side said with a smile, while his figure had already overtaken Lin Ran in a flash.

This time, there were only the top three in the Divine Thunder qualification selection.

Coupled with He Lei's words at this moment, Lin Ran immediately gave chase.

But what he didn't expect was that just as he rushed out, that He Lei actually slowed down violently.

Almost instantly Lin Ran overtook him.

"What the hell is he up to!"

The doubts in Lin Ran's heart increased.

However, before he could react this time, there was a boom above him and instantly a divine thunder as thick as his arm struck down directly.

This was a divine thunder, not a heavenly thunder, let alone a beast thunder.

The one inside Lin Ran's body was only a heavenly thunder.

When this divine thunder came out, Lin Ran instantly felt that the heavenly thunder in his body was being suppressed.

Unable to help himself, he wanted to move towards the divine lightning.

“Go for it, senior brother Lin Ran!”

Suddenly, He Lei’s voice came from below on one side.

Lin Ran turned his head to look and found that this fellow was actually preparing to dash past him.

Looking around, Lin Ran then realised that it wasn’t just himself.

Some of the other people who had rushed ahead had also been attacked by divine lightning.

“This He Lei was originally playing with this idea!”

Lin Ran instantly understood in his heart.

No wonder he had been goading himself to rush faster and be careful of falling behind.

It turned out that he had been trying to get himself to act as a lightning rod for him!

Having gained insight into the truth, how could Lin Ran let his ploy succeed.

If he wanted to use himself as a lightning rod for him, there was no need to even think about it.

Lin Ran’s body instantly flashed, and the strength of the Chaotic Qi Spiral within his body exploded.

The powerful burst instantly allowed Lin Ran to break free of the divine lightning’s suction force.

And without Lin Ran as a target, the divine lightning instantly glued itself towards He Lei who was ready to rush over to the side.

“Brother He Lei, you’ll have to work hard!”

Lin Ran laughed, while with a flash he had already entered the thunder cloud.

“You!”

He Lei was furious, but at this moment there was no time to care about Lin Ran.

The divine lightning had already wrapped itself around him.

“This He Lei really deserves it, trying to punk Lin Ran and actually ending up getting punked himself!”

“Hahaha he doesn’t even think about it, Lin Ran is someone who dares to call out to Immortal Emperors, can he not have some strength!”

“Serves him right!”

The other disciples of the Thunder Zun Pavilion around them all laughed at this.

Wonder Doctor Chapter 2129

Lin Ran, however, did not care too much about this He Lei at this time.

A person who kept trying to win qualifications by calculation was not something he could look at either.

Compared to this He Lei, the two people rushing in front of him caught Lin Ran's attention.

These two people were wearing golden and silver dao robes respectively, and were charging ahead of the others, so they were people of great strength at first glance.

From chatting with the other Lei Zun Pavilion disciples earlier, Lin Ran had some knowledge of these two people.

These two were twin brothers, named Jin Yin.

It was said that the two were orphans, having grown up without parents, and had always been dependent on each other.

Later, when they obtained a Thunder Dao pearl, their elder brother Jin entered it and passed the test.

However, Jin was never willing to join the Thunder Dignity Pavilion.

Finally the guardian inside the Thunder Dao pearl promised to let Silver in to try.

In the end, both of them passed the test and joined the Thunder Daoist Pavilion together.

And this incident became a special case within the Thunder Dignity Pavilion.

As it turned out, both of them had very good natural abilities.

After joining the Thunder Dignity Pavilion, they grew even more rapidly and are now the leading youngsters in the Thunder Dignity Pavilion.

It was said that both of them had already reached the half-step perfection realm.

They were also the ones most expected to receive the divine lightning this time!

Lin Ran thought in his mind as he had already rushed into the thunderclouds.

The two Jin and Yin were in the lead, while Lin Ran was in the third position.

At this time, He Lei at the back had also finally broken free from the divine lightning and was chasing after Lin Ran again.

It was no wonder he was counting on Lin Ran so much.

This time, he was the one who had originally placed third in the qualification for the Divine Lightning Refinement, and was also very hopeful of getting the qualification.

However, Lin Ran's sudden appearance had pushed him to the point of urgency.

In terms of strength, he knew very well that he was no match for Lin Ran, so he could only use this method to take a chance.

But the result was something he didn't expect.

"No, I absolutely can't let him steal my spot!"

He Lei calculated in his mind, if he couldn't stop Lin Ran, then his spot would obviously fly.

“Right, when we arrive at the thunder formation later, find a way to stall him!”

He Lei said to himself in his mind.

“Senior Brother Lin don’t blame me for being ruthless, I have to get one of these divine lightning tempering qualifications too!”

He Lei said with a light flowing from his eyes.

....

There really weren’t too many people who harbored such thoughts like He Lei.

After all, everyone’s strength was here, and they knew each other very well.

So everyone knew very well in their hearts who was the most promising person to win the spot in this qualification competition.

But why didn’t the people at the back just give up?

That’s because there are no absolutes in everything.

In this trial, even if you are in first place in terms of strength, you still might not get anything in the end.

This is all because of this thunder formation.

The so-called thunder formation is actually an area within the thunder cloud that is close to the divine thunder.

The divine lightning is infinitely powerful, and even the thunderclouds that nurture the divine lightning cannot completely bind the divine lightning inside.

Therefore, the closer the area is to the divine thunder cloud, the more divine lightning that escapes.

The same power was also relatively very strong.

Lin Ran and the others hadn’t entered the thundercloud at the beginning, so the divine lightning that they encountered at this time was actually a strand of divine lightning that had escaped.

The process of approaching the divine thunder cloud from the thunder cloud would result in more and more divine thunder lightning being encountered.

Eventually an area called a thunder formation would be formed.

Within this area, a large amount of divine lightning would escape, and what was formed was called a thunder formation.

Lin Ran naturally had no idea about this.

None of the disciples of the Lei Zun Pavilion had told him either.

Although they were all from the same clan, in the end, they were all in competition at this point, and no one wanted to give away their chance to someone else.

“Rumble!”

Lin Ran was following closely behind the two golden and silver brothers when suddenly a series of thunderstorms resounded around him instead.

“Senior Brother Lin, if we don’t charge we’ll fall behind!”

Suddenly, He Lei’s voice came from the back.

Lin Ran turned his head to look, only to see that He Lei had actually come after him.

After what he had just gone through, how could Lin Ran trust him.

He just looked at him indifferently and didn’t answer.

“It seems that Senior Brother Lin is on guard against me, which makes me sad, since that’s the case then I’ll go and take the lead!”

He Lei smiled blandly and had already overtaken Lin Ran and rushed ahead.

Lin Ran didn’t give chase, instead he dropped his gaze on the two brothers, Jin and Yin, who were on the side.

He wasn’t stupid either, if he really could get the final qualification just by charging all the way forward, then the two Jin and Yin wouldn’t have slowed down at this point.

Moreover, he also noticed that many of the people at the back had already started to slow down their speed.

It seemed as if there would be great danger ahead.

Lin Ran had similarly slowed his speed down, but because of He Lei’s later advancement, he was already behind in fourth place at this point.

“Rumble!”

Suddenly, a loud noise fiercely appeared within the entire thunder cloud

Followed by countless thunder rays flashing within the thunder cloud, instantly turning the surrounding space white.

Lin Ran was in the fourth position, and instantly saw that there was actually a divine thunderbolt above the thundercloud striking towards the bottom.

Some of these divine thunderbolts were as thick as an arm, while others were as thin as a hair. ,

In the process of rushing down, some of the divine thunderbolts that were too close to each other were able to devour each other and grow stronger.

Soon there were several very terrifying divine thunderbolts in the sky.

“I’m afraid that even I would have to be injured if I fought hard against this divine thunder!”

Lin Ran thought to himself.

These were genuine divine thunderbolts, and the power contained within them was simply frighteningly great.

Even Lin Ran did not dare to resist them at this moment.

As his eyes swept over, he noticed that many people were quickly dodging these thick divine thunderbolts at this moment.

But there were too many divine thunderbolts scattered throughout the sky.

Even if you could dodge these most powerful divine thunderbolts, some of the smaller divine thunderbolts would still soon find you, just that some people had more and some had less.

The two of them, Gold and Silver, were at the front of the line at this time and had undoubtedly taken the most divine thunderbolts.

But the two of them worked together so seamlessly that these divine thunderbolts were not able to slow them down much.

On the other hand, He Lei.

He, who was in third place, was in constant trouble.

In order to dodge one of the thick divine thunderbolts, he had directly attracted a very large number of tiny divine thunderbolts.

These divine thunderbolts were fine at first, their range was not too large.

But as they converged towards He Lei, they devoured each other.

They soon grew in size.

Lin Ran was not far away from He Lei, and when he watched him draw out so many divine thunderbolts at this moment, his brows couldn't help but frown.

"What the hell is this guy doing?"

Lin Ran muttered to himself in his mind.

There was clearly something wrong with this He Lei's actions.

According to his strength, it shouldn't be possible for him to draw out so many divine thunderbolts.

But at this moment, there were indeed so many divine thunderbolts right around him.

"Is it hard to believe that this guy is plotting some kind of pitfall again?"

Lin Ran thought in his mind as he slowly pulled some distance between him and He Lei.

So that he could react when this fellow was really brewing something bad later.

Wonder Doctor Chapter 2130

The crowd from the Thunder Zun Pavilion had almost all reached the range of the thunder formation by now.

At this moment, there were numerous thunder mists around, so everyone's speed had obviously slowed down.

"Senior brother, what do you think of this Lin Ran?"

Down below, one of the Thunder Lords asked.

"Lin Ran?"

The person next to him was stunned at his words and said.

"This son is somewhat special, and is said to have a great reputation within the Immortal Realm!" "

"But to be honest, our Thunder Dignity Pavilion hasn't been exposed to these earthly matters for many years!"

"So it's hard to say how strong it really is!"

"Everything depends on the outcome!"

"Hm!"

"Senior brother has a point!"

"But then again, for this divine lightning quenching alone, do you think highly of him?"

Senior Brother asked.

"I think it's not bad!"

The senior brother next to him nodded his head.

"Although this kid has just come to our Thunder Dignity Pavilion, he has experienced a lot before after all!"

"Look at him, from the time he was pitted once by He Lei at the beginning, he's already very alert now!"

"Don't look at how little he knows about rules as well as, divine lightning quenching, but his experience is unique!"

"If I had to say who the three spots could fall to this time!"

"I feel that he should be able to get one!"

"I'm so absolute too!"

The senior brother next to him couldn't help but nod as well.

....

And just as the two were talking, the one above finally stirred after a moment of silence.

"Holy shit, Senior Brother Gold and Silver has already gone in, it's so awesome!"

"Yeah! Damn this lightning formation we're only halfway through!"

“Hey, it looks like there’s nothing for us to do this time for qualification fears again!”

“That’s not necessarily true, after all, there’s still a spot left!”

Some of the more backward disciples chattered.

And at this moment, Lin Ran couldn’t help but get nervous.

These two golden and silver brothers were indeed strong.

They had left all the people far behind.

And at this moment, he himself was shooting for fourth place, with a He Lei in front of him.

However, this He Lei was gradually unable to carry the load at this point because he had attracted too much divine lightning.

Lin Ran kept his distance from him and prepared to find an opportunity to rush past.

Suddenly, he saw He Lei’s entire aura above him surge.

The next moment the countless divine thunderbolts in the surroundings were actually all drawn over to him.

“What the hell is Senior Brother He Lei up to!”

“Hell knows, but he’s definitely not following any good intentions, so everyone should be careful!”

“Yes be careful!”

The crowd said one after another.

But He Lei was clearly not prepared to give these people the time to prepare.

As soon as the change from above occurred, in an instant He Lei moved.

He saw him fiercely wrap all the divine lightning around him, and then blasted out directly towards the bottom.

The power of divine lightning was so terrifying that it was impossible for He Lei to control them for long.

At this moment, the wrapped divine lightning was struck out by him towards the bottom.

In an instant, the surging power of the divine lightning actually swallowed up many of the divine lightning below.

In an instant, a divine lightning that was as thick as a bucket of water blasted straight down towards the bottom.

“Senior Brother Lin, take your time. Eh?”

He Lei was about to say a few words in triumph, but as the words reached his mouth he realised.

Lin Ran, who had been following below him before, was actually gone!

“This guy has run away?”

He Lei was stunned and turned his head to look, and indeed, Lin Ran’s figure was nowhere to be seen.

“Whatever, go up instead!”

He Lei didn’t bother, and turned around to storm the third spot.

However, he was unaware that this divine lightning of his was rushing towards the bottom, swallowing more and more divine lightning.

In the end, it was already as big as a thunder dragon.

And at this point the disciples who were still following behind were all confused.

One by one, they all cursed.

“He Lei you bastard!”

“He Lei I’ll fuck you up!”

“Damn it, you’re trying to get us killed!”

The crowd cursed one after another.

But at this moment, He Lei couldn’t care less and turned around to dash towards the top.

However, it was in the nick of time.

Suddenly there was a loud bang.

The next moment, the entire thunder formation began to shake.

The countless thunder clouds around it flipped and turned.

He Lei was busy looking down, and when he did, he was instantly confused.

He saw that below him, the divine lightning he had struck had collapsed instantly because it had expanded too much.

The collapse of the divine lightning instantly emitted a terrifying force.

This power swept directly in all directions with the divine lightning as the centre.

Some of the Thunder Zun Pavilion disciples who were still struggling to catch up were already shaken backwards by the force generated by the divine lightning before they could even react at this point.

Some of those who were weak were even instantly blown out of the range of the thunder formation.

“Er... Actually, I didn’t really mean to do that!”

He Lei said with some embarrassment.

At this moment, he could predict that he would be scolded by a group of brothers later.

But at this point, he couldn’t care less.

Things had come to this point, so it was important to get his place first.

But just as he turned around, his whole body was instantly dumbfounded.

Not far away, Lin Ran had reached the same height as him.

At the same time, at this moment, he was facing the divine lightning aura sweeping below him, and instead of running, he backhanded a fist and blasted out.

“This kid is crazy?”

He Lei looked very puzzled.

But at this moment, he didn't bother to care, it was only real that he hurried to get the spot.

He Lei instantly charged up towards the top.

However, to his surprise a scene appeared.

On the side, Lin Ran blasted out with a single punch.

Instantly the force and the divine lightning aura below collided with each other.

An explosion of power directly lifted Lin Ran out towards the top.

Lin Ran, who was still lagging behind He Lei, had already left him far behind in an instant.

“That bastard!”

He Lei was instantly anxious when he saw this.

However, at this moment, no matter how hard he tried to catch up, he was no match for Lin Ran.

With the power of the explosion of the divine Thunder Breath.

Lin Ran reached the edge of the thunder formation almost instantly.

“No!”

He Lei's entire heart seized up as he watched.

However, Lin Ran didn't care about him, turning his head to look at him with a bland smile, and the next moment his entire person had already rushed out of the range of the thunder formation, disappearing into the distant light.

He Lei's entire body was dumbfounded, standing in place and truly dumbfounded at this scene.

He had planned for so long, but in the end, he had done Lin Ran a favour.

This move of rushing straight up with the force of the explosion was something that even he himself hadn't thought of.

After all, who would have nothing to do with asking for a hard time against the divine lightning breath?

What a clever move!

“Serves him right!”

“This is lifting a stone and smashing his own feet!”

“Right! It doesn’t matter if Lin Ran gets the qualification, if really Ran He Lei gets it, I’ll be upset in my heart!”

“That’s right, this talking boy has caused us all to lose our chances! We’ll have to settle the score with him later!”

“Yes, let’s settle the score with him!”

The other Thunder Zun Pavilion disciples below said one after another.

Where was He Lei not clear about his situation.

But what could he do if he was clear, he had done it himself, and he could only go and make amends with these fellow disciples!
