## Chapter 2125: Stopped A Catastrophe

In the room, Xu Lei and Ye Ximei could not help but persuade.

Seeing his mother and the others worried, Mark was undoubtedly a little moved.

Perhaps, I really should listen to Ericson and others' persuasion, and spare Lu Mingfeng and the others.

Even Mark is not afraid of the Lu family and the Xu family.

But what his mother and the others said was that he was confident no matter how confident he was. Even if it was Mark who had the last laugh, Noifork would inevitably suffer turmoil.

Moreover, it would make Helen and the others worry about themselves.

In the end, Mark nodded under Xu Lei's persuasion.

"Mom, I know."

"As long as Lu Mingfeng and they promise me that they won't set foot in Noifork in the future, I will spare their lives and let them leave safely."

"This is the best way."

It was finally decided to see my son. After stepping back, Ye Ximei let out a long sigh of relief this time, and the rock in his heart finally fell to the ground.

Before that, when Ericson told Ye Ximei these things, Ye Ximei was undoubtedly worried.

Their Ye family was just a small family in the township, and they couldn't help Mark at all.

It can be said that once Mark really does everything, it will be Mark alone to face the anger of the two giants.

Mark didn't want Lu Mingfeng and Xu Shaohua to rely on a strong family background.

Of course, if Mark hadn't been removed from the Chu family, he didn't need to fear anyone just as the eldest son of the Chu family.

However, the Chu family had already swept their mother and son out.

Mark's background will not provide Mark with any shelter, on the contrary, it may even lead to murder.

So, in any case, Ye Ximei naturally had to persuade her son.

Fortunately, the process went smoothly.

Ye Ximei knows Mark too well. She knows her son and values family friendship very much.

He can tolerate his own suffering, but he will never tolerate the suffering of his loved ones.

Therefore, as long as she took the safety of Helen Qiu and others to persuade Mark, her son would naturally be soft-hearted and would naturally bypass Lu Mingfeng and the others.

After getting Mark's promise, Ye Ximei also found time, went out to call Ericson, and told him the matter.

"Haha~" "Mr. Chu regressed?" "That's great!"

"Thank you Madam Ye, thank you Madam Ye~" "You are a great mother, and even the mother of our Noirfork folks."

"It's you who prevented a catastrophe~" "You are our Noirfork folks' mother. Benefactor!" After Ericson heard the news, he was undoubtedly too happy.

He didn't have any hope at all, and asking Ye Ximei and the others to persuade them was only with the idea of a dead horse as a living horse doctor.

Unexpectedly, it really became.

Sure enough, I know the son is more than the mother.

"Mr. Li, isn't it so exaggerated?" "I'm a woman, how come I have become Quan Noirfork's benefactor?" Ye Ximei said with shame, she did not expect her son's decision to make Ericson so excited.

"No, it's not an exaggeration, it's not an exaggeration."

"You really, have prevented a catastrophe that swept across Noirfork."

Ericson was very excited and said repeatedly.

After a long time, I just hung up the phone, and even contacted Ferguson Wu and told him the news of Mark's retreat.

Moreover, Ericson once again asked Lu Mingfeng and the others not to provoke Mark, and finally leave Noirfork as soon as possible.

After all, Ericson was also afraid that Mr. Chu would change his mind someday.

## Chapter 2126 the gaze from the abyss

Mark naturally didn't know the actions of Ericson and others.

After so long, it is rare to have a leisurely and quiet time.

Mark also sat in the living room and watched TV with his mother and Xu Lei.

Mark called Helen Qiu just now, but didn't get through.

Mark estimated that she might be busy no matter how busy she was, so she didn't call again, waiting for Helen Qiu to call him back.

"Mark, Xiao Lei, eat some fruit."

At this time, Ye Ximei cut a fruit plate from the kitchen and brought it to Mark and the others.

However, maybe just seeing the wonderful part, Xu Lei and Mark couldn't even care about eating, they both sat on the sofa and watched the TV plot intently.

This is a suspenseful film, perhaps because of fear. Xu Lei shrank on the sofa holding a pillow, and finally even clung to Mark unconsciously, but her body was still shaking.

Upon seeing this, Mark smiled helplessly.

Sometimes, Mark really thinks that women are really interesting creatures.

Like Xu Lei now, she was obviously scared, but she still stared intently.

This tendency to abuse makes people laugh.

"Huh?" However, just when Mark was laughing at Xu Lei.

Suddenly, Mark seemed to be aware of something, and suddenly looked back.

The next moment, Mark's face changed drastically.

"Not good!" "Mom, get away~" Mark shouted in surprise.

Boom~ Immediately afterwards, I heard a huge boom.

The sound shook the world and was deafening.

As if the thunder and the rocks fell apart, the whole Yunding Mountain could not help shaking.

Half of Wrilfill City, almost all heard this loud noise.

When the nearby people looked up and looked again, they found that the summit of Yunding Mountain was already in flames.

"My God!" "What's wrong?" "Did something happen?" "Did the gas explode?" There was already a commotion at the bottom of Yunding Mountain.

A large number of onlookers watched the skyrocketing flames from afar, full of panic.

And not far from the explosion, there was a cold laugh from a man.

"The task is complete!" "Come on, let's go."

The leading man threw the cigarette butt in his mouth on the ground, and then stamped it out.

Then he began to disassemble the equipment, ready to return to drink.

"Captain, don't you confirm it again?" Behind him, a question from his subordinates came.

Yang Yun shook his head: "No need to confirm."

"Mr. Chu, it is made of copper and iron, and under the gunfire just now, it has to be turned into water."

Yang Yun said proudly.

He had been in the army for many years, and he was familiar with the power of this rocket launcher.

Just one is enough to penetrate the hard outer armor of an armored vehicle.

And just now, they had hit ten.

And all ten!

The villa has been razed to the ground, and the entire Yunding Mountain has been shaved off a few meters.

In this case, if Mr. Chu is still alive, he Yang Yun will eat shit live.

“Haha, too.”

After hearing this, the other players nodded in agreement.

Then, the five-person team began to pack their equipment, and before the fire truck came up, they were about to leave in the dark.

However, just when Yang Yun and others were preparing to leave.

Phew~ Suddenly, a gust of wind swept across.

Then, Yang Yun and the others saw that in the sea of flames in front of him, a thin young figure stood there like that.

He stood with his hands behind, and he sneered.

There is a sea of clouds in front of him, and behind him is a raging fire.

In the place where light and darkness intersect, he stands just like that.

It is like a demon from the abyss, standing at the door of hell, just staring at them.
