

Chapter 213

Two women have different temperaments. Nie Sasha is young, beautiful and capable. She knows at a glance that she is not a good person to meet. Short hair, about 1.65 meters tall, with a little light makeup. A black leather coat and small dark red boots. They look like a little Mustang.

Another woman is Qin Rongyu, who has dealt with Zhang Fan. She is another kind of amorous feelings, atmospheric and too solemn, because she is not young, a graceful dark gray coat, but how does Zhang Fan think that she has a Ouyang temperament!

Ma Wentao and Zhang Fan walked quickly to the two women. Before they spoke, Qin Rongyu had smiled and said, "Doctor Zhang, you're all right. We've met again."

"Hello, Ms. Qin!" As soon as Zhang Fan finished speaking, the other party stretched out his hand and shook it with Zhang Fan. "Last time I said goodbye, I didn't expect that we would meet again so soon. Thanks to you, my brother is recovering well now. When he leaves the hospital, he will pay a special visit!"

"That's very kind. As long as you recover well, it's unnecessary!" Zhang Fan was a little embarrassed because he didn't expect to receive someone else's card and meet again so soon. He was a little uncomfortable! In a word, it's shameless or not thick!

"Why, don't sister Qin introduce it?" Nie Sasha stood beside and smiled, and then said coldly. Although they cooperate, the things between women are not simple, and they are all the heroes in the mall. They began to compete when they stood at the door!

Nie Shasha's voice was clear and clear, obviously with the childlike sound of the aborigines in the capital, "ha ha! All right!" Qin Rongyu looked at Nie Sasha. Wei Yang's mouth had betrayed her mood. She was very happy, because Nie Sasha was very strong all the way, which made her uncomfortable. Finally, Nie Sasha put down her posture at the door of the hotel.

"This is Doctor Zhang who operated on my brother, Zhang Fan!" Qin Rongyu looked at Zhang Fan and said, "Nie Sasha, boss Nie, you should always deal with each other in the future. People are girls and sometimes have a little temper. Don't care about Dr. Zhang!"

"Nice to meet you! According to his accent, Dr. Zhang should also be from Northwest China!" Nie Shasha ignored Qin Rongyu's words and reached out to shake hands with Zhang Fan. She investigated

Zhang Fan and said so now in order to compete for an initiative with Qin Rongyu. Most people think this kind of thing is very boring, but people like them believe in one word, fighting with heaven and earth, fighting with people, and they have endless fun.

"Yes, it's from the northwest!" It's much better for Nie Sasha and Zhang Fan. Because Zhang Fan didn't take her things, he won't feel embarrassed!

"Advanced hotel, standing at the door is very cold." Ma Wentao said a word, because he saw that Nie Sasha had begun to discharge his eyes. Although he had a good number of contacts with Nie Sasha, he still knew her. The girl was full of heart and mind. He was worried that Zhang Fan said!

Nie Sasha smiled and let go of Zhang Fan's hand. She was young and funny, her IQ was not bad, and there were countless pursuers. For the young boys who pursued, she played with them casually. She looked good. With the background of her family background, she let some young heroes chase after them fiercely. So Ma Wentao is a little worried.

Qin Rongyu walked in front with Ma Wentao's arm gently. Nie Sasha and Zhang Fan stood side by side, "Dr. Zhang, will you specialize in general foreigners in the future?" Although Lu Lao hated Zhang Fan, he was obedient. Nie Sasha thought that Zhang Fan should be Lu Lao's disciple in the future, so she asked.

Zhang Fan doesn't know that he is almost a transparent person in front of Nie Sasha "I'm not sure yet. Take one step at a time! "

"Yes, this kind of thing should be considered clearly. Does Dr. Zhang want to go to the capital? " Nie Sasha is very curious about Zhang Fan. An undergraduate who barely graduated from university has become a master of surgery within one or two years of work, which can only be explained by genius! Although I know he works very hard, medicine can't be won by one effort!

"I haven't thought about it yet, but I'll go sooner or later. It's certain to see the raising of the national flag and the style of the capital of a big country."

"Hehe, Doctor Zhang is very funny!" Nie Shayan said to Zhang Fan with a flower like smile.

The box is not big, but it is not small for four people. At the door of the box, Zhang Fan saw Yang Lu. Zhang Fan took the initiative to say hello to Yang Lu: "Hello, manager Yang!" The special surgical instruments she gave Zhang fan are really easy to use, so Zhang Fan's thanks are also heartfelt.

"Hello, Dr. Zhang! Please come in! " Because of her big boss, Yang Lu showed the interests of the workplace elite, neither humble nor arrogant, but also a kind of enthusiasm. The conversation between the two made Ma Wentao seem to have found something.

Although Ma Wentao hasn't communicated with Nie Sasha about specific matters, he has made up his mind that no matter how many shares she has, she can't hook Zhang Fan away. In his future career, Zhang Fan is a core that can't be replaced at present. Zhang Fan is his biggest core competitiveness, and

others can give up!

"There are few people, or I'll let someone pick up your girlfriend!" Ma Wentao said to Zhang Fan. He looked at Zhang Fan with a serious look he had never seen before!

Zhang Fan gave him an image of a young man who had not seen much of the world, who was not greedy for money or power, but all came from his youth. He was worried that this young man who had not seen much of the world was greedy, which confused Nie Sasha, a woman with big family temperament.

"She reviewed, and she didn't tell her in advance. Forget it!" Zhang Fan knows that Shao Hua's recent review is tired, and the accounting examination is also a complex subject. He has to take the examination from the basic theory to various relevant laws and regulations, which is a high collection of calculation and memory.

"Oh! Forget it. " Ma Wentao's goal has been achieved!

"Just have a meal. It won't take long. Why don't I ask manager Yang to pick it up?" Nie Sasha said to Zhang Fan.

"It's really unnecessary. It's not good to disturb her plan without telling her in advance." Zhang Fan seriously said that this kind of thing Zhang Fan himself felt extremely boring, and would not let Shaohua participate.

Starting to serve, Nie Sasha, the host, with a unique Erhua sound, began to serve a cup. Zhang Fan didn't drink, and they didn't force them. If they didn't drink, they would eat quickly. After dinner, several people moved to the teahouse. Zhang Fan couldn't help it.

"What's the matter? Can't you say it quickly! It's muddled and twisted. It's bullshit! " Zhang Fan began to get upset.

"What kind of tea does Dr. Zhang like to drink. Dahongpao Tea? "Melon slices?" Nie Sasha asked softly!

"I don't like tea. Just boiled water."

"Pooh!" Ma Wentao couldn't help laughing. As soon as he heard this, he was relieved, because he knew Zhang Fan and knew that Zhang Fan was impatient!
