

Chapter 2155– 2156 of A Dish Best Served Cold Novel

Chapter 2155 a double general

At this moment, Ericson and others suddenly felt that what Chen Ao said at the beginning might be correct.

Mr. Chu, maybe he was really arrogant.

Of course, Ericson and the others only dared to think about these words in their hearts, but they did not dare to say them.

But they dare not, does not mean that others do not dare.

After Sun Xiang heard Mark's answer, he laughed.

"I know, you don't even know what kind of behemoth you are facing at this time."

"You don't even know, what kind of existence are you provoking now?" "But it doesn't matter, I can tell you "Wu Shi brought me here today, so that I can tell you the strength of the Lu and Xu family."

"Also let you, Mr. Chu, recognize the reality."

Sun Xiang paused for a moment and continued.

"Before I retired, Sun Xiang had been serving in the Jiangbei Military Region."

"Fortunately, I was appreciated by the commander-in-chief of the Jiangbei Military Region and served as a guard by his side for ten years."

"Because of injuries, I have no choice but to retire."

"But Mr. Chu, you can I know, who is the commander-in-chief I have been following for more than ten years?" Sun Xiang sneered, glanced at Mark, and immediately mixed his voice.

"It is Xu Shaohua's father, Xu Haisheng!" What?

Ericson and others shuddered when they heard the words, and their old face turned green.

“You mean, Xu Shaohua’s father is the commander-in-chief of the Jiangbei Military Region?” Ericson and Lei Lao San were already confused.

They only knew that Xu Shaohua and Lu Mingfeng had strong backgrounds, but they never thought that their backgrounds were so strong.

Commander-in-chief of the military region, this is at least a major general, right?

“Exactly.”

Sun Xiang nodded, “Xu Commander is the title of lieutenant general, under his command hundreds of thousands of soldiers, guarding half of Vietnam’s country.”

Huh~ Hearing this, Ericson and Lei San were shocked. Take a breath.

Until now, they didn’t realize what kind of existence Gritsberg’s Xu family was.

Sun Xiang was not surprised by the reaction of Ericson and others.

After all, anyone who provokes a general with a male soldier in his hand will be too scared to sleep.

However, to Sun Xiang’s surprise, Mark remained unmoved.

Instead, he picked up the tea cup and filled it up with his wife Helen Qiu.

Upon seeing this, Sun Xiang frowned, and continued with a slight sarcasm: “Of course, Mr. Chu is the honor of Noirfork, and may not look down on a general. But, what about the old man of the Xu family, Xu Junlin?” He was once an adjutant under the founding general.”

“Today, in terms of seniority, there is only one person in Huaxia who is higher than him.”

“More importantly, the old man Xu Junlin served as the instructor of the military district, and now Vietnam’s three major specialties The team, the wolf, the flying leopard, and the black tiger are all brought out by the old man Xu Junlin.”

“Even if the old man is now retired, he still serves as the honorary instructor of the three major teams.”

“It can be said that as long as the old man Xu Junlin said If you do, you can make your special team rank first among 10,000 people!” Sun Xiang said sharply, a deep voice echoing quietly in the room.

Phew~ Outside, there is a cold wind.

The rustling night wind, like a ghost, passed through the hall.

Ericson and the others were already panicked. This time, even Helen Qiu's lotus arm pouring tea was trembling slightly.

Chapter 2156 Let's...Let's Run

However, Sun Xiang's words still echoed.

"A pair of generals, Mr. Chu, I don't know now, do you still think that in a few days, you can still drink tea as comfortable as now?" Sun Xiang said with a light smile.

His words were obviously satirizing Mark's arrogant remarks before.

However, before Mark could answer, Sun Xiang continued to talk.

"Of course, what I'm talking about is only the influence of the Xu family."

"As for the Lu family, I don't know much, but I can tell you."

"Lu Cangqiong, the old man of the Lu family, is the only generation and prestige in Vietnam today. People above Xu Junlin, the old man of the Xu family!" Boom~ Like a thunderbolt, at the moment when Sun Xiang's words fell, Ericson and Lei San were dumbfounded!

Before, listening to what Sun Xiang said, Ericson and Lei Lao San thought that the Xu family should be regarded as the most powerful among the Gritsberg wealthy.

But who could have imagined that the Lu family's power was actually above the Xu family's.

You know, the Xu family is a double player, one controls hundreds of thousands of lions, and one special team in charge of Vietnam's elite, but the Lu family is more powerful than them?

How to play this special?

Ericson and Lei Lao San were already completely scared to pee.

Until now, they didn't know that Mr. Chu had completely pierced the sky this time.

Before, Ericson thought that Mr. Chu's self-confidence might really have the means to deal with these two giants.

But now, Ericson and Lei Lao San have no hope.

After all, with such a powerful force and background, what would Mr. Chu, a countryman from a poor background, contend with?

Do you rely on your mouth?

Therefore, Ericson and the two of them were completely desperate.

Ericson even raised his head, looked at Mark, and tremblingly said, "Mr. Chu Chu, let's run."

"The green hills we have left are here, I'm not afraid that there will be no firewood."

"The big deal, ten years later, we will return to Noirfork. At that time, he will be another good guy."

"Furthermore, Mr. Chu, Chen Ao called me earlier, and he also hopes that you can avoid the edge and withdraw from Noirfork temporarily."

"You have also heard, the influence of the Xu family and the Lu family. It's really huge, it's not something we can contend with," Ericson persuaded Mark.

Thirty-six counts, take the best plan.

Now in this situation, if staying in Noirfork again, is it different from waiting for death?

Listening to Ericson's fearful words, Sun Xiang's sneer at the corner of his mouth was even worse.

In that way, it seemed to be mocking Mark, now, know you are afraid?

What did you do earlier.

However, facing the fear and persuasion of Ericson and others, Mark remained calm.

The delicate face is like a Pinghu lake, and there is no wave from beginning to end.

The corners of his mouth always carried a wistful smile.

In that smile, there is confidence, majesty, and even more arrogance that despises everything.

Finally, Mark raised his head, looked at Ericson, looked at Sun Xiang, looked at everyone in front of him, his mouth was cocked, he shook his head and smiled.

"Run?" "Why should I run?" "It's them who should run!" "It is their godson who has nowhere to go. It is also they who set foot in Noirfork. It is they who provoke me and murder my blood relatives."

"I Mark, just It is my great kindness to kill both of them without destroying their whole family."

“If they see well, they will accept it, and that’s all.”

“But if they still don’t want to forgive, don’t blame me. Mark, the land of Wrifill is stained with blood!”
