

Chapter 2157– 2158 of A Dish Best Served Cold Novel

Chapter 2157 What Is There To Fear?

Mark's words were cold, as if the winter wind swept across, Ferguson Wu and the others trembled all over his body when they heard it, and the hair on his back stood up.

“Mr. Chu Chu, do you really intend to fight the two giants with flesh and blood?” “Mr. Chu, you can think clearly.”

“The Lu family is in charge of half of the wall in Vietnam, and the Xu family holds hundreds of thousands of powerful soldiers. “You are an enemy of them, it is tantamount to an enemy of Huaxia!” “You must think twice.”

After hearing what Mark said just now, Ericson and the others were undoubtedly shocked.

They thought that Mark would converge a bit after learning the true strength of these two giants.

But who would have thought that Mark not only had no intention of retreating, but also planned to follow the two giants to death.

Hearing that, I also planned to slaughter the two giants Lu and Xu.

At that time, Ericson and others were so scared that their scalp numb, and they only thought that Mr. Chu was crazy.

However, facing the persuasion of Ericson and others, Mark's eyebrows suddenly became cold.

He put down the tea cup, and the sound of majesty suddenly sounded.

“I said, it is them who should stop, and it is them who should think twice.”

“From the beginning to the end, it was the Lu and Xu family who provoke me, Mark first!” “I have no intention of being an enemy of them. , And I have no intention of being an enemy of Huaxia.”

“Lu Mingfeng and Xu Shaohua are responsible for their own deaths, and no one can blame them.”

“But if the Lu family and the Xu family insist on revenge for them, I will never show mercy to Mark.”

Don't insult, I'm Mark, it's better to humiliate!” “Whoever offends me, I will kill whoever.”

“Come one, I will cut one. Come two, I will cut a pair.”

“If the world is committed, I will cut off. All the people in the world!” “I, Mark, have a lifetime, I am not afraid of people!” In the room, Mark's Hongyin rolled.

The sound of majesty, like Hong Zhong Dalu, echoed the entire hall.

In the deep pupils, there is endless murderous intent raging.

This is the true face of Brian Chu, and this is the true majesty of the descendants of the Chu family!

Once, he was just like a tiger lying on a barren hill, lurking minions to endure.

Now, he dared to enter the capital single-handedly.

Under Mark's majestic momentum, Ericson and others were all shocked.

Their old faces were pale and stunned, and Mark's anger echoed in their ears.

At this moment, Mark was still talking.

The deep voice, the sonorous words, only if the thunder exploded.

“Although they are powerful and powerful, and their military power is overwhelming.”

“But, what about it?” “I don't care about the Chu family. I am all under my feet in Japan. There are only two secular families. Fear?” “In my eyes, it's just ants dust, it's not worth mentioning!” It's been too long, Mark has endured it long enough.

He was chased and killed by the Chu family for ten years, and insulted by the Qi family for three years.

In the past, he was still weak, just an abandoned son, a poor countryman.

He didn't have the power, and he was not strong enough, so he had no choice but to accept it.

But now, he has mastered the power.

If you say that Mark before is a sword that hides the box.

So now, the sword has come out of its box, showing its sharp edge.

He doesn't need to be afraid, let alone forbearance!

In martial arts practice, achieving attainment is a mastery of mind and indomitable progress.

Sprinkle my blood, kill for nine days, and move forward!

If everything cringes and looks forward and backward, then Mark's cultivation will be useless!

There was no need for his so-called Xinghuo LiaoDollar plan.

If everything cringes and looks forward and backward, then Mark's cultivation will be useless!

There was no need for his so-called Xinghuo LiaoDollar plan.

Chapter 2158 Wife, pour tea!

In the room, Mark's roaring sound continued to sweep through.

In an instant, the world here was full of Mark's anger.

Dead still.

Long dead silence.

Here, only the cold wind swept through the world, and the anger that engulfed Mark echoed for a long time.

Finally, without knowing how long it took, Sun Xiang took the lead in recovering from the tremor.

With a dark face, he looked at Mark like an idiot, and shouted angrily.

"F*ck!" "Shall I go to Nima?" "Don't be afraid of people? Still ant mote?" "You have pretended to be?" Sun Xiang was already laughing at Mark's arrogance.

For the first time in his life, he saw such an arrogant person.

Open your mouth and shut your mouth, ants mote, obviously not as good as shit, but yelling all day without fear of others.

“Who do you think you are?” “God descends to the earth?” “God is alive?” “Don’t make trouble, you are just a bullshit.”

“You don’t really think that you are the lord of Noirfork. , Then you can despise the Lu family, the Xu family, and the whole country?” “Simply ignorant! Fearless!” “Idiot~” Sun Xiang was obviously angry by Mark’s arrogance.

In the end, he couldn’t hold back, and shouted directly at Mark.

After Ferguson Wu and the others heard it, an old face became scared.

“F*ck it!” “Sun Xiang, will you silence me?” “Are you crazy?” “Dare to speak to Mr. Chu like this?” Ferguson Wu scolded in panic.

Both Ericson and Lei Lao San were also frightened.

I thought that Sun Xiang was a bad pen?

Do you want to kill us?

“Ciao!” “I knew it, so I wouldn’t bring him in. “This time I’m afraid he will be killed by him!

“There is a wailing in Ericson’s heart. Now because of the Lu and Xu family affairs, Mr. Chu is already in anger. Now Sun Xiang is doing well, adding fuel to the fire. Is it strange that Mr. Chu doesn’t explode? Ericson and the others are now afraid, Mark’s anger was implicated on them. Sure enough, after Sun Xiang said this, Mark’s gaze fell over. It was like a stare from the abyss.

For a moment, Sun Xiang only felt that his body was out of control, and he trembled.

However, even so, Sun Xiang was already strong, screaming at Mark, “What do you want to do?” “Could you still dare to kill me?” “Why, don’t you think I dare?” “I said, Grandmaster must not be insulted, and Mark must not be insulted!” “Insulter, die!” Mark snorted coldly.

Boom~ And at the moment when the words fell, Mark’s eyebrows suddenly became cold, and then he took a palm.

Energetic swept, and the square table exploded.

Sun Xiang screamed, and his body of hundreds of catties smashed open the doors and windows like a cannonball and flew out directly.

Wherever I passed along the way, blood was soaked and red everywhere.

“This~” “This~this~” Mark’s fierceness undoubtedly completely scared Ericson and three people.

Ferguson Wu’s old face trembled, and Lei’s three mouths opened wide. As for Ericson, he turned over from his chair in shock.

A strong fear, but in a flash, filled the whole heart of Ferguson Wu and the three.

There was dead silence in the hall.

Ferguson Wu and the three were speechless, only the cold wind swept outside.

However, in sharp contrast with Ferguson Wu and the three of them, Mark is still sitting peacefully in the room here.

On the delicate face, the indifferent smile reappeared.

“Wife, pour tea.”

The sound of chuckle, just like the June spring breeze, refreshing and pleasant.
