

Chapter 216

The more Rovell looked all the way down, the colder his heart became.

Clara stood to the side, her heart incomparably disturbed, looking at his increasingly gloomy face, she slowly walked over and said, "Rovell, I'm sorry, I didn't know there would be so many reporters following us today."

Rovell looked up at her with a disappointed and cruel smirk on his lips.

"You really don't know?"

Clara's heart palpitated.

When you meet his eyes, you feel as if your heart has been seen through, and your eyes flicker and nod.

"I really don't know, and if I did, I would have warned you beforehand."

"Oh?Really?I thought, those reporters were deliberately placed out there by you, just waiting to capture the scene!It seems that I wanted to misunderstand you more."

Rovell's voice was dark and gloomy, and it really didn't sound like he thought so.

For some reason, Clara was somehow guilty of fear, and she managed to smile and take a step backwards.

"Why do you miss me so much, Brother Azawa?We're getting married soon, there's no need to do that anymore."

"Yeah?But we're not really married yet. What if I break my promise?With today's news, it's a testament to the fact that the two of us are married on a plank.

If I do go back on my word some other day, these reports to-day will be the sword that most vilifies me, and the evidence that most exonerates you from proving that you are a victim, and how can you say that such a thing, which has a hundred benefits and no harm, is unnecessary?"

Clara's face went completely white.

She looked at Rovell as if she was looking at a monster.

Rovell had stood up and slowly walked towards her, each step carrying an incredibly calm and cold power.

He walked up to her and grabbed her by the neck abruptly.

"Clara! It's just that you've set me up, but you still want to cheat me! What do you take me for? A great fool who can be deceived and fooled by you?"

Rovell gritted his teeth and the force from his hand almost snapped Clara's neck.

She grabbed his hand in a panicked grip and stepped backwards, soon to be pressed against the wall behind her desk.

"Ah, Brother Asawa, let me explain..."

Clara was pinched so red that she almost managed to squeeze out a sentence with her breathy voice.

Rovell's face was as dark as water as he looked at her face, only wanting to tear the false skin on her face apart.

He gritted his teeth and said, "Explain? To this day, how else do you want to explain it? Do you really think I don't know what you've done behind my back all these years? I just miss our feelings for each other and don't want to pursue it.

But now you're trying to use me! Who do you think I am? Is Jenny the kind of idiot who would let you mother and daughter have your way?"

He said, shifting hard, and threw Clara onto the couch.

It was hard to get breath, but Clara was busy taking a deep breath, followed by a painful cough.

Rovell looked at her coldly, like she was looking at a dirty rag.

"As of today, it's over between us! Go back and make it clear to your snobbish grandmother that the marriage is off the table, and our Mu Jing family will never have any relationship from now on! Let her not have to come back to me either."

Afterwards, draw away.

Clara was startled and dumbfounded.

She hurriedly pulled Rovell and trembled, "What do you mean by that? What do you mean it's over? We're an unmarried couple, you said you'd be responsible for me, how can you just end it?"

Rovell looked at her sarcastically, "An unmarried couple? You have the nerve to mention a stolen name in front of me?"

Clara was fiercely shaken.

She looked incredulously at the man in front of her, unable to believe that such hurtful words were coming out of his mouth.

She shook her head, na na, "Brother Azawa, at first, when we were together, you also acquiesced ah, if it wasn't for your consent, how could I have that kind of relationship with you?"

You didn't think it was stolen at that time, but now you want to break up with it? Brother Azawa, can't you have a little conscience?"

Rovell tensed his face, "If you hadn't seduced me in the first place, I would have fallen for your trap? With you to this point?"

"You!"

Clara was so angry that she was almost about to vomit blood, Rovell Mu coldly shook her off and said in a deep voice: "I always thought that you were a good woman who was gentle and sensible, but after being with you for a while, I realized that you weren't at all."

I'm tired of seeing your disguised kindness and gentleness, but it's just a matter of conscience that you don't want to throw it away, making people think I'm inhumane.

But you really stepped on my line today! You know, I'm a man who hates to be taken advantage of, and I've promised to marry you and give you the wedding.

And yet you're still not content to let the press raid and threaten me with this? Heh. I was the one who gave you too much face and made you really not know your own last name, so everything today is also your own fault and you can't blame anyone else!"

When he was done, he heaved her aside and never looked back, pushing the door open and striding out.

Clara panicked and tried to chase after him, but was stopped by the secretary outside the door.

"Keng Clara, I'm sorry, but the president has to go to a meeting, so please stay."

Clara subconsciously wanted to get angry, but thinking about Rovell Mu's attitude just now, she still held it in.

She took a deep breath, and after a few seconds, a pale, reticent smile.

"Okay, I get it, don't worry, Brother Azawa and I just had a fight, what couple wouldn't have a fight? You betcha!"

The secretary bowed her head slightly and did not speak.

Clara secretly tightened her fingers, "Alright, I also have things to do, so I won't stay any longer, I'll come back for Brother Azawa some other day."

Afterwards, this left.

.....

The heat on about Clara and Rovell Mu's marriage hasn't faded, and there's even a trend that continues to rise.

Although some of you have already figured out that she's trying to cover up the fact that she hit herself a few days ago with a new scoop, most of you don't care about that.

All they cared about was the news that the legendary golden boy and girl would finally be happy to be married and tied the knot.

Then, King's private studio, released a message.

The message was a few photos taken of Clara's injuries, a simple injury report and a lawyer's letter.

I'm not going to be able to do anything about it, but I'm going to take the law into my own hands and defend myself.

Immediately after, King's own ruffle retweeted the message.

The public opinion on it blew up all of a sudden.

Chapter 217

Tomoa: fu*k!What's going on here?Didn't you say it was Jenny who was beaten up?How come Clara got beaten up too?

Youb: The wounds look pretty serious!You okay?

Friendly c: The injury reports are all out, second-degree minor injuries.

Tomod: Minor injuries?That should be fine!

Tomoe: Fart!A broken nose is a minor injury, believe it or not?If you don't break an arm or a leg, it's a minor injury. Don't you have any common sense?

Youf: So, the previous video, Clara was wrongly accused!

Youg: No way!She really hit someone in the video yah, as to why she was hit, that's unknown.

You h: Boing Boing, our lady so kind and so cute, but was beaten into this, the company and the crew do not give a statement?Who are the thugs?Punish the thugs firmly!

Youi: Yeah, agree upstairs, punish the thugs firmly!

.....

Clara's fans have waited a thousand times, but finally the beloved bean has come out to speak out.

And sent such horrible pictures of a heartbreaking moment.

All the while consoling his own big, high and mighty, and preaching everywhere.

Who said our Maya had a personality problem before?

Who said she had a bad temper to hit someone on set?

Did you see that?

She's been beaten even worse!

Huh?Something wrong with that?

The fans who have come back to their senses are busy changing their tune, our Clara is kind and lovely, and only fought back when she was bullied and desperate, I hope the friends will shine their eyes and recognize the murderer and give us Clara justice!

Right!Please do justice to Clara!

The call on the top gradually rises, with a great deal of mountain rain.

Jenny's ruff also began to fall in response to such calls.

After all, in the video, Clara had beaten Jenny Jing, and now that Clara had come out to prove that she was also injured, it didn't take much to figure out who the murderous thug she was talking about was.

Numerous fans of Clara began to go to Jenny Jing's ruffle underneath and hurled all sorts of obscenities that were unbearable to hear.

In the crew's hotel, Jenny laughed at the menacing statement and snorted.

Mo Nan, who was dying of anxiety beside her, saw that she was actually laughing, and stared incredulously.

"Jenny, the situation is like this, why are you still laughing?"

Jenny raised his eyebrows, "Why can't you smile?"

"Because...because..."

Mo Nan gritted her teeth, unable to speak.

That day, Clara slapped Jenny Jing once, and Jenny Jing returned two.

It's actually quite normal, nothing at all.

Off to the side she was red with anger and went for another kick.

So in other words, she was the one who beat up the person and had nothing to do with Jenny.

Now Jenny was being reviled by the whole lot because of her, and she was naturally distressed and self-conscious.

"Jenny, why don't I go out and explain the truth to them!! I'm your bodyguard, it's my duty to protect you, and I'll admit it even if they want to scold me."

Jenny Jing couldn't help but laugh as he saw how anxious she was.

Reaching out, he squeezed her face.

"My good Nan, don't worry, it's not as bad as you think it is."

Mo Nan stared.

"Isn't it bad enough what's happening now?"

Jenny shook his head, "Not enough."

Mo Nan was depressed and couldn't figure out what was going on in her head.

Jenny leaned on his chin and pondered for a moment, switching his phone's screen to WeChat and sending a message to Xiao He.

Then, they turned off the phone and just lay down, even pulling Mo Nan with them.

"Well, don't be mad, I'm not mad at anyone else for being mad at me, there's no one to replace me when I get sick, let's take a nice nap."

Afterwards, close your eyes for real.

Mo Nan was furious and wanted to stop talking.

But seeing that she clearly looked like she didn't want to say anything more, she couldn't say anything else, so she could only lie down with a weakness as well.

The same night.

A very convincing entertainment v with a large following on Twitter has suddenly broken the news.

Amazing melons!The goddess of purity was a mistress?My sister-in-law's two or three affairs with her brother-in-law!

Everyone curiously clicked in, but it actually said Clara and Rovell, and Jenny Jing!

I'll go!What is this melon of the century?

The article is written in a simple, easy to understand way with a little humor.

The gist of it was the six-year relationship between Jenny Jing and Rovell, and how Clara interfered with it and finally fixed it.

In addition, Clara's life was also mentioned "unintentionally".

The mother and father were also childhood sweethearts, separated halfway through, and eighteen years later, brought their daughter back to kick the original mate and succeeded in the throne.

Mother and daughter, at first glance, seem like life all over again.

Exactly the same childhood sweetheart, exactly the same mistress on top, exactly the same stepping on the original mate to death.

Is this a coincidence, or is it a conspiracy in itself?

This article, all of a sudden, exploded the already boisterous public opinion to its peak.

Everyone can't believe that Clara, who is so gentle and pure on the outside, and who has been showing love with Rovell Mu everywhere, is a mistress behind the scenes!

But every third person is a disgrace to the world.

There are still more female fans especially on the ruff.

Originally, there was some sympathy for her because of the statement and a few photos issued by the prospect of Maya's studio.

But now I see that it's 80% because I was at a disadvantage as a mistress and was beaten by my original partner.

You deserve it!

The tide of public opinion turned once again, and all fired at Clara.

But there are the more sensible ones who feel that an article by an entertainment v is simply not enough to gain credibility.

As the saying goes, rumor mongering opens one's mouth, but rumor mongering breaks one's leg.

You can't take sides or follow the fads blindly.

Still, we'll have to wait for a follow-up to see if there's any evidence.

Unfortunately, the entertainment v, since the story broke, has not spoken out.

Let the Friends scold, prod, and Ait private messages in the comments section, but they just don't reply.

It was as if they had suddenly vanished from the earth and vanished into thin air.

This continued into the next night.

Clara's fans, seeing that he was late, were instantly proud of him.

See!The scoop is fake!

The bloggers are too scared to speak up!

Their little sister, Maya, is still pure and kind and harmless with others.

It's all those demonic little b*tches out there trying to set her up!

Huh?

Jenny doesn't care about the public opinion on it, there is still more than half a month to kill, she is busy analyzing the script and memorizing the next lines.

Clara also returned to work, after all, the crew is not a charity, before allowing her a few days off, is already an exception, anyone is too embarrassed to rest more.

But despite the resumption of work, the area around the set is still heavily surrounded by bodyguards every day.

These were Kelly Wang's words, and she naturally knew that the article on it had made such a big fuss.

Now Clara's situation is like walking on a knife's edge, like walking on thin ice, there is no room for any mistakes, so the media side must all be banned and never allow anything to go wrong at this time.

Chapter 218

Clara thus traded in a short period of clarity.

However, this clarity was shattered the next morning.

A reporter, posing as a set crew member, stopped King on her way from the hotel to the set in the morning.

"Clara, in response to the various rumors about you that are on right now, can you respond to that?"

"I heard that you and Rovell are not as you say, but were originally engaged to your sister Jenny Jing, and only broke up with you later when you interfered with her, is that so?"

Clara didn't expect that there would still be reporters who could sneak in after being so tightly guarded.

She panicked all of a sudden, not knowing what to do.

Thankfully, Anjo stepped in, blocked the camera, and snapped at the reporter, "Sorry, but we're in a hurry to get to the set, and we can't answer your questions."

But these reporters have been in the business for years and have become sophisticated, so how could they be dissuaded by a single word from her.

Immediately he asked again, "Are you avoiding this question like this because all the rumors on it are true and you're too guilty to answer?"

"How do you talk like that?"

Anjo was immediately anxious, and there were a number of staff members around, who had also gone to the set together, and they all stopped to look at them curiously at the sight.

In the last few days, they've seen the blurb that went up.

It's actually half-hearted about what's in the article.

The letter was that Jenny Jing and Clara, indeed, had always had a bad relationship, and it was very likely that the trigger for their bad relationship was because of this incident.

The suspicion is that Rovell has come to the set many times, and Jenny Jing naturally also bumped into each other face to face more than once, and there is nothing unusual about the two ah.

If it's true, as the blurb article says, that Maya Jing is prying into Jenny Jing's boyfriend, then it should be awkward for the two to run into each other!

Therefore, at this time, seeing the reporter blocking Clara, not only did everyone not go forward to help, but they all rose to a gossipy curiosity and waited to hear the answer.

Clara realized that there was no hiding today anyway.

If she doesn't respond and the story gets out, it might go viral again.

So she gently pivoted away from Anjo, looked at the reporter, and said quietly, "Well, since you asked, I'll answer you."

There was an uproar all around.

Wow!

You really need to respond!

Is this a rhythm to tell the truth?

There was a lot of luxury gossip, and everyone came to their senses, one by one, waiting for a good show.

The reporters were also busy raising their microphones and tuning in, waiting for her to speak.

Clara took a deep breath and said in a deep voice, "I admit that my relationship with Brother Azawa is indeed not as smooth as we said before, but it is by no means as ditto.

We've known each other for a long time, not exactly childhood sweethearts, but we did get together from when I first started college, and we've always been close.

Although there were arguments in between, they were situations that every normal couple would have and were nothing special, so there were absolutely no problems between us.

As for Jenny Jing, although she is my sister, we have had little contact since she left the Jing family five years ago to study abroad, so I'm not sure of her feelings for Brother Azawa.

In response to the rumors on it, I would ask you to imagine that one of us is in the country and one is abroad.

And I was with Brother Azawa five years ago, but she only returned to China three years ago, so if there really is a mistress, is this mistress more likely to be me or her?

Well, everything I've said today is directed at the rumor mongering on it and nothing more.

That's the end of my response, now I'm off to shoot, please understand and don't interrupt my work again."

After that, she ignored the reporter again and strode away with Anjo.

The crowd of onlookers and that reporter were confused.

What do you mean?

That's...she's got something to say!

Wasn't it Clara who interfered in Jenny Jing and Rovell Mu's romance, but Jenny Jing who interfered in Clara and Rovell Mu's romance?

What's this all about?Why is it getting so bloody?

But no matter what, Jing's response today was beautiful.

Already there were even onlookers who pretty much believed her, let alone what would happen if the Friends knew about it!

Clara took An Qiao with her and hurriedly walked to the set all the way, making sure that no reporters followed behind her before she heaved a heavy sigh of relief.

An Qiao pursed her lips and whispered, "Sister Clara, if we do this, will we anger Jenny?It's scary when that woman starts going crazy!"

She hadn't forgotten the last time Mo Nan had kicked her on the set.

It wasn't a kick at her, but it hurt to look at!

Clara looked at her with slanted eyes, her gaze slightly cold, "Are you afraid?"

Anjoton had a moment of clarity.

Shaking his head in a row, "No, no fear."

Clara sneered, "Wait and see!This b*tch has the audacity to buy a circular to blackmail me, I'm just doing the same thing to her, let's see if those people believe me or her!"

That afternoon.

Several entertainment vs simultaneously revealed that there is a love triangle between Jenny Jing and Clara as well as Rovell.

HEADLINE: A shocking reversal!Original vs. third wife?It's stupid!

The article puts all of what Maya Jing said in an interview today in writing and also includes a video.

The public was in an uproar again.

There's been so much melon lately about these two sisters that we're all getting numb.

The passersby have experienced the reversal too many times to spare such hard evidence to be free to distinguish between good and bad.

Instead, Clara's fans, once they saw the video, were all over the world clarifying as if they had been hit by a chicken.

Clara is the purest of us all, unlike some people who shamelessly become a mistress and cry thief!

Our poor little Ya! Beaten up and hacked up, those black-hearted old hags, get the hell out of the entertainment business! Save the pollution of the entertainment air!

The bottom of Jenny's ruff was even more miserably besieged.

All kinds of obscenities were hurled at her and all kinds of dirty hats were put on her head.

Some even called her a scheming b*tch, stepping on her sister's shoulders and climbing up the ladder.

Saying that all the gossip during this time was orchestrated by her, and that she orchestrated it all because she wanted to get attention and get ahead!

Shame on you!

Jenny didn't look at his phone, but he didn't feel the storm outside.

But Nina Hua saw it and was furious.

Immediately called her over and yelled at Clara, did this little b*tch want to die?She can have it all!

Jenny listened to her finish, only then did she realize that the original uproar had come to this.

She was so busy concentrating on the script these days that she didn't even notice the change in the public opinion outside.
