

Chapter 2161– 2162 of A Dish Best Served Cold Novel

Chapter 2161 Overbearing

In the room, the lights flickered.

With the scent of tea, two men at the long table toasted to each other.

As for Helen Qiu, Mark asked her to go upstairs to wait for him.

The situation in front of him is naturally not something that a weak woman Helen Qiu can participate in.

It's just that two strangers are drinking tea and drinking together here. This scene really looks a little strange.

However, Mark was not in a hurry.

The other party did not speak, nor did he speak.

From beginning to end, Mark was calm as usual, drinking tea there comfortably and leisurely.

Mark's calm and relaxed look undoubtedly surprised the man on the opposite side.

"As expected, Mr. Chu, who is a master of Noifork, can be in front of me, and can still be so calm."

"Not to mention the strength, at least this character, in the entire Vietnam, can compare to you, no more than two palms!" The man praised without hesitation.

Hearing the beautiful words from the other party, Mark was unmoved, but coldly asked: "Your Excellency came to the humble house late at night. It shouldn't just be a compliment to me."

Mark doesn't remember seeing this person before him. Never know each other, let alone any grudges.

Therefore, for the late-night visit of the person in front of him, Mark is naturally curious, what is the other party's intention?

“I’m not far away, coming from Gritsberg, naturally, not to praise you.”

“But, to kill you.”

When the man said this, his tone was still calm.

However, the chill in his eyebrows was instantaneously strong.

“Yen Jing is here?” “So, you were sent by the Lu and Xu family?” Mark’s brows were also slightly frowned. He was a little surprised. He didn’t expect the revenge from these two families to come so quickly. .

What’s even more surprising is that these two secular families can still hire such a powerful person?

Yes, in Mark’s perception, the strength of the person in front of him is very strong.

Far surpassing Wei Wuya before.

Even his aura was almost less than that of Ye Qingtian, the No. 1 powerhouse in Vietnam.

There is no doubt that the man in front of him is the third strongest person Mark has seen besides Yu Yun and Ye Qingtian.

The man did not answer Mark’s question.

Instead, he smiled faintly, picked up the teapot, and filled himself with another cup.

In the cup, the fragrance of tea curled, reflecting the man’s majestic and resolute face.

“You were born poor, and had no father since childhood. Your mother was just an ordinary countryman.”

“You have no background, no family, and nothing but your own passion.”

“You have the capital, and you dare to kill. Descendants of the two big wealthy Lu and Xu.”

“Have you never thought about the consequences?” The man said coldly. When he said this, he was always drinking tea with his head down, and he didn’t even look at Mark.

At the same time, a huge majesty was swept out along with his slightly chilling words.

If Ericson et al were here, it would have been under the majestic coercion of this man, that he would have been scared.

But Mark's expression was no different, and instead he smiled back: "Why do you think about this?" Mark asked this man by surprise.

He thought that Mark would explain that he was strong and he was not afraid of others.

But who would have thought that the younger generation in front of him would not even explain, or even think about it.

Arrogant!

Aloof!

This was the first impression Mark left on him.

However, this is by no means a good impression.

Often, this attitude will irritate people.

Just like now, after hearing these words from Mark, the man's complexion became completely cold.

Chapter 2162

"What a arrogant young child!" "Being in the world regardless of the consequences, regardless of influence, only knows how to behave, and acts quickly."

"For people like you, your whole life will end here, and you can also be here in Noirfork. In a small place, there are some achievements."

"In the future, I will be embarrassed with great tasks, and there will be no great achievements."

The words are low, with endless sorrow and coldness.

With a few words, Mark's future was directly sentenced to death.

"Haha~" "Hahaha~" Mark suddenly laughed when he heard the sound.

The laughter was hearty and full of sarcasm, as if he had heard the best joke in the world.

"Well, what are you laughing at?" The man said in a low voice, suppressing his anger.

Because of Mark's laughter, he had an offensive anger.

"I didn't laugh?" "Just pity you a little."

"I feel that your life is too awkward."

"Nonsense!" The man suddenly drank, the sound exploded, and the tea bowls in front of him were bursting under the sound of bursting. .

If it is an ordinary person, it is estimated that seeing such a scene would have been terrified.

Just one drink, it shattered the porcelain bowl.

How strong should this person be?

But Mark was not afraid of it.

Instead, the corners of the mouth are smiling, and the eyebrows are cold.

"What I said, isn't it right?" "Then the godchildren of Lu and Xu have nothing to do. They not only disturb my hometown of Marksangzi, but also ruin my foundation, harm my relatives, and damage my former residence."

"If you do this, I am. It's not an exaggeration to punish the Nine Clan."

"Now I just kill them two, it's already my unlawful kindness."

"But to your Excellency, my generous and benevolent behavior has turned into arrogance and willful behavior?" "I also judged that I was embarrassed and difficult to become a powerful weapon."

"Could it be that, in your eyes, my parents were bullied, his wife was defiled by others, and Sangzi's old place was destroyed by others, and he was attacked and killed by others and did not resist. People, can they be able to handle great tasks and become powerful?" "If this is the case, I can only say that your life is really frustrated, really useless, and really pitiful."

Mark shook his head and said, looking at the man in front of him. There was sympathy and pity in his eyes.

“You~you~” Facing Mark’s words, the burly man realized that he couldn’t refute it.

It’s just that his old face twitches, his face is ugly, and he can’t say a word.

Upon seeing this, Mark’s smile was undoubtedly even worse.

He picked up the teapot, poured himself tea, and shook his head.

“Grandmaster Vast Sky, you know why you have stagnated for many years, but it is difficult to break through?” “Do you know why you first entered the titled master, but was far surpassed by Ye Qingtian?” “Do you know that your martial arts practice has the longest time? But in the Huaxia Temple of Martial Arts can’t even make the top three?” Mark asked repeatedly, every question, like a sword, straight into the man’s heart!

Hearing this, the man’s face changed a lot, and he asked in a mixed voice.

“Junior, do you dare to investigate me?” After the tremor, the man shook his head.

“No, you are an unknown offspring who lives in a small place. How can you have the energy to investigate me?” “Say, how do you recognize me, and how do you know that I have been stuck in a bottleneck for several years, and it is difficult to make progress?” Man Brows and eyes were cold, looked at Mark, and asked in surprise.

On the face, there is no previous indifferent and calm color, and some are only surprised and solemn.
