

Wonder Doctor Chapter 2161

The cave was silent for a full moment before a scene inside appeared in front of the two as the formation in front of them quickly dissipated.

Lin Ran saw that inside the cave in front of him.

There was a stone pillar that was roughly a metre high.

At this moment, on the stone pillar, a white thing was being placed on it.

Lin Ran fixed his eyes on it and found that it was only the size of a palm, with a silvery white body.

There was just a small red dot in one of its positions.

Upon seeing this thing, Lin Ran instantly came to his senses.

“This is the flying shuttle!”

Lin Ran was about to rush over at once.

“Stand still!”

Yue Beishan, who was on the side, saw this and said in a cold voice.

Lin Ran stopped in his tracks at his words and looked at him.

“You’re still not leaving!”

“Go! Why should I leave, we haven’t even decided on a winner yet!”

Yue Beishan said in a cold voice.

“You go, without the flying shuttle you’re no match for me!”

Lin Ran said indifferently, turning around and continuing to walk towards the front.

“Stand still!”

Yue Beishan said angrily.

However, Lin Ran didn’t even bother with him.

“I told you to stand still!”

Yue Beishan was a little annoyed, and with a flip of his palm, a strong wind swept towards Lin Ran.

Lin Ran turned around and looked at him, his palm formed a sword finger and instantly a ray of sword mane struck out.

“Bang!”

The sword mane instantly penetrated the strong wind and crashed into Yue Beishan’s entire body.

Yue Bei Shan’s entire body was directly knocked backwards and sent flying out.

It then smashed heavily onto the ground.

“You!”

“Go away, my grudge with you ends here!”

Lin Ran turned around and didn't bother with him.

“Lin Ran what the hell are you for! If you have the guts, you can kill me!”

Yue Bei Shan couldn't understand.

Why was this guy still refusing to kill himself even now.

He himself had always wanted to kill him!

“What use would killing you be to me, to get me back?”

“If killing you can make me go back, I will definitely not be soft!”

“Just like back then, killing you would only send me over the edge!”

Lin Ran said as he turned to look at Yue Bei Shan.

“You have great natural talent, but it's a pity that you were born into the Yue family!”

“What happened back then is still the same, I will still kill your whole family if I do it again!”

“Your home is a home, but the home of the people being killed is not a home?”

“If you still want to go back, live well, otherwise please help yourself!”

Lin Ran finished without paying him any mind, and with a wave of his palm, an instant array had separated him from Yue Bei Shan.

“Master Shu watch him!”

Lin Ran turned around and spoke to Pillow Book.

With the formation separating him and the strength of Pillowside Book, dealing with this Yue Beishan could still be resisted for a while.

Time was tight, and Lin Ran did not want to delay any longer, so he immediately walked towards the flying shuttle.

....

A few moments later, he came close to the flying shuttle.

Lin Ran finally saw the shuttle in its entirety.

The entire shuttle was only the size of a palm.

It was silvery white in colour, and in some places there was a bright flash of light.

When Lin Ran looked at it, he realised that the bright light on the shuttle was caused by the cross-section.

The whole shuttle was oval in shape, but on its surface there was an angular cross-section.

These cross-sections decorate the entire shuttle like a mirror, which is a wonderful sight.

And on one of the shuttle's positions, a piece of the mirror was red in colour.

Apparently it was this piece of flying shuttle remnants that had just broken through the Lingshang armour and entered his body.

Yue Beishan was standing outside at this moment, watching Lin Ran standing in front of the flying shuttle with a cloudy expression on his face.

He didn't know how many years he had guarded this flying shuttle before.

But it had never been able to be refined.

To be honest, he was curious in his heart as to whether Lin Ran could refine it or not.

If Lin Ran could really refine it, he would be doing himself a favour instead.

At least he wouldn't have to think about revenge in the future.

Without the flying shuttle one wasn't even a match for Lin Ran, if he had obtained it.

If he got the flying shuttle, then he would have almost no chance of fighting at all.

....

Lin Ran stood in front of him, naturally unaware of what this Yue Beishan was thinking.

Facing the flying shuttle in front of him, Lin Ran slowly extended his palm.

To be honest, he actually didn't even know himself how exactly this flying shuttle was going to be refined.

He even tried to bring his power closer to the flying shuttle, but the shuttle was just like an iron lump, not reacting at all.

"Do you know how to refine this flying shuttle?"

Lin Ran asked the pillow book through his voice.

"I don't know, this thing wasn't even refined by the Immortal Emperor back then!"

"But Immortal Emperors can use it!"

Pillow Book returned.

"Try dropping your essence blood on it!"

"Good!"

Lin Ran nodded, the power couldn't be injected into it, so he could only try this most crude method.

As soon as he said that he would do it, Lin Ran directly dropped a drop of his essence blood onto this flying shuttle only.

The surface of the shuttle was like a mirror, and the blood quickly slid down towards the side.

The entire silver-white flying shuttle had a bloodstain cut into it, looking very abrupt.

Lin Ran looked at the shuttle, expecting some connection to appear.

But in the end, he was disappointed, the shuttle didn't react at all.

It was as if it was simply a rock.

"I don't know how many times I've used this method, do you think if it worked it would still wait for you to come over and refine it?"

Outside the formation, Yue Beishan sneered.

Originally, he was worried that Lin Ran had a way to refine this flying shuttle.

But now it seemed that this fellow, like himself, had no understanding of the flying shuttle at all!

Lin Ran didn't pay any attention to him, his gaze fixed on the flying shuttle with a deadly gaze.

He was on a tight schedule himself, it had been a whole decade since he had made this trip out.

He honestly didn't know what the Anti-Alliance was like nowadays.

But ten years could already change a lot of things, so he just wanted to get out sooner rather than later.

If the Anti-Union was really in a situation, at least he could still struggle a bit!

What was more important was that the people who were important to him were all in the Anti-Union!

"Weng!"

Suddenly just when Lin Ran didn't know what to do.

There was actually a tremor from the flying shuttle in front of him.

This tremor caused even Yue Beishan outside the formation to look stunned.

This kind of reaction was something he hadn't encountered at all before.

"What's going on? Why is this flying shuttle reacting to this kid!"

Yue Beishan was puzzled in his heart.

But at that very moment, the flying shuttle was slowly rising up from the stone platform.

The flying shuttle quickly rose to mid-air and followed the sharpest point of the shuttle as it turned towards Lin Ran.

Lin Ran couldn't help but gulp at this scene.

Previously, even a fragment of the shuttle had been able to hit him without the ability to fight back.

Not to mention that he was facing the entire shuttle at this moment.

If this flying shuttle attacked him, Lin Ran knew clearly that he would have almost no chance of fighting back!

“Whoosh.”

Suddenly, just as he was pondering what this flying shuttle was actually up to.

This flying shuttle actually stabbed directly towards himself.

“Holy crap!”

Lin Ran’s face instantly changed when he saw this.

But the speed of this shuttle was too fast.

Before Lin Ran could even react, the flying shuttle had instantly arrived in front of him.

The next moment, something happened that even Lin Ran did not expect.

The shuttle actually stabbed itself right in the chest.

All he heard was a “click” sound.

Lin Ran clearly felt that at least three of his ribs were broken in his chest.

But it was as if the shuttle was attracted to something inside him.

It was so desperate to burrow in that it was soon more than halfway in.

“Lin Ran!”

The pillow book froze even as he watched.

But at this moment, Lin Ran didn’t have time to pay any attention to him, his forehead was covered in sweat and his entire mind started to become blurred at this moment.

Wonder Doctor Chapter 2162

“Haha, that’s it?”

Yue Beishan outside the formation laughed as he watched.

He had expected Lin Ran to have some means to refine this flying shuttle.

Unexpectedly, the result was actually like this, without even having to do it himself, this guy was directly killed by the flying shuttle himself.

Even seeing this scene before him, Yue Beishan was thankful that he had fortunately not encountered this situation when he had first tried to refine it.

This was too tragic.

“Lin Ran, what the hell is going on?”

On the side, the pillow was looking very worried.

“How should I know!”

Lin Ran was speechless for a while, if he knew what the situation was he wouldn't have been messed up like this by the flying shuttle.

But the one thing that made him thankful was that the shuttle seemed to have stopped at this point.

Although half of it had already entered his body, the rest of it seemed to have no intention of going any further.

“What the hell does this thing want!”

Lin Ran's forehead was covered in cold sweat at this point.

He could endure the pain of his broken ribs, but this shuttle was not moving as it entered his body.

It made him a little confused about the other party's intentions.

“Hmm? How come there's no movement?”

Outside the formation, Yue Bei Shan frowned slightly as he watched.

According to the sharpness of the flying shuttle, it could completely penetrate Lin Ran's body instantly.

But how come it had stopped moving now.

This scene looked a little unclear to Yue Beishan as well.

But in this situation, Lin Ran's serious injury was certain.

I just didn't know what this shuttle was up to!

Lin Ran stood still and didn't dare to move.

He knew very well the strength of this flying shuttle, and even he didn't want to mess around until he knew what it was up to.

The flying shuttle had entered his own body, and blood continued to flow outwards along with the wound.

Soon the entire front of the shuttle was already stained red with blood.

And gradually Lin Ran finally seemed to feel something.

The shuttle had entered his chest.

At first he didn't feel anything, but gradually Lin Ran felt the Dao inside him start to react.

At first it was the Dao of Lightning.

Then came the Dao of Sword.

Then came the wind dao.

Each dao was resonating, but it soon dissipated.

It seemed that the shuttle was looking for a dao that would fit with it.

But there were only so many dao that Lin Ran truly cultivated, although the Hundred Thousand and Eighty Thousand Realms was the one that cultivated all the dao.

But that was the foundation after all, and it was still those few dao that could truly be said to be cultivated by itself.

“Weng!”

Suddenly, just as Lin Ran was thinking in his mind.

A dusty power within himself that had been sealed for a long time suddenly trembled.

And it was this one moment that caused Lin Ran’s entire nerves to be tugged.

This dao had affected him too much.

It wasn’t just the first dao he had cultivated, it was the one he had cultivated back home.

Even after arriving in the Immortal Realm, he hadn’t used this dao again.

This was because this Dao could not be used at all in the Immortal Realm.

That’s right, it was the Dao of Healing.

Lin Ran’s attainment in the Dao of Healing was very deep, even deeper than the Dao of Sword and the Dao of Lightning.

It was just a pity that the situation in the Immortal Realm was such that the Dao of Healing was blocked, making it impossible for him to use it at all.

After a thousand years in the Immortal Realm and a dozen years of resurrection, the Dao of Healing had never been able to be used.

But now this healing dao was actually responding!

“So what’s going on? You do say something!”

The pillow on the side shouted busily.

Lin Ran was standing still, which really worried him.

“Don’t say anything, there seems to be a problem!”

Lin Ran said busily, following which he stayed not to pay any attention to him.

Outside the formation, Yue Beishan watched with a frown.

It was obvious that he could directly kill Lin Ran, but that flying shuttle did not do so.

Instead, it had stopped at this moment. From Lin Ran's meaning, it seemed that there was something wrong with this flying shuttle!

"Is it possible that this kid has really found a way to refine the flying shuttle?"

Yue Beishan was a little worried in his heart.

If Lin Ran had really refined the flying shuttle, then there would really be nothing he could do at all.

Even the matter of revenge could simply be abandoned.

"Definitely not, I've been guarding this flying shuttle for so many years, and this kid has only been here for how long!"

"Absolutely not!"

Yue Bei Shan muttered to himself in his heart.

However the more he feared something, the more it came.

The flying shuttle suddenly emitted a tremor.

Following that, the entire flying shuttle actually burst out directly from within Lin Ran's body.

The entire flying shuttle was covered in blood.

But as the shuttle trembled violently, the blood was also disappearing rapidly.

Soon the shuttle revealed its original appearance.

Lin Ran's entire body was sitting on the ground at this moment, and the wound on his chest was shocking to the eyes.

Fortunately, the shuttle did not come from the other side, otherwise Lin Ran would have been pierced through.

But even so, the injury to his chest was still very serious at this point.

Without the powerful recovery power of the medical dao, Lin Ran could only mobilise his whole body to quickly repair his injuries.

The flying shuttle in the sky was floating in place, unmoving.

It was still trembling rapidly, not knowing what to do!

The pillow stood by the side and saw this scene and couldn't help but sigh in relief.

The flying shuttle wasn't continuing to harm Lin Ran, so it was clear that some sort of change had occurred.

This meant that Lin Ran still had a chance.

But what exactly was this change of heart? He didn't know either.

After all, this flying shuttle had never been used by a second person back then, apart from the old Immortal Emperor.

“Master Shu, what does this flying shuttle have to do with my ancestor?”

Suddenly, Lin Ran turned his head to look at the pillow book.

“Ah? Your ancestor?”

The pillow side book was stunned, did this flying shuttle have anything to do with your ancestor?

“You don’t know?”

Lin Ran asked, frowning at the situation.

“I don’t know, I’ve only heard the old Immortal Emperor mention this flying shuttle, I have no idea where it came from, so how do I know what it has to do with your ancestor!”

The pillow book was busy saying.

Lin Ran smiled helplessly and spoke.

“This thing, it resonates with the Dao Seed of Healing within me!”

“This.... Wait for me to look it up!”

The pillow said and busily closed his eyes.

“Look it up? Are you fucking kidding me?”

Lin Ran almost didn’t spurt out a mouthful of blood.

What time is it now, and you’re still checking?

“Aren’t you an immortal weapon? You can still look it up?”

Lin Ran said speechlessly.

“You kid don’t understand, even though I’m an immortal weapon, I was severely injured in that big battle back then, so it’s impossible for me to remember many things completely!”

“For example, after returning to the Immortal World, there are some parts that I repaired again, all of which I had to look up!”

The pillow said without squeaking, and the whole group fell into silence.

Lin Ran sat where he was, the flying shuttle didn’t move and he didn’t move, the scene was quiet for a while.

But this silence did not last long when suddenly the shuttle in mid-air began to change.

The shuttle, which was originally suspended in mid-air, suddenly stopped trembling.

The mirrors on the shuttle only slowly fell off.

Countless mirrors began to unfold, and eventually it actually formed an indescribable object made up of the remnants of the shuttle.

This thing was completely shapeless, just having pieces of flying shuttle remnants interconnected.

It was completely devoid of a flying shuttle at this point.

“Holy shit, did you find out if this flying shuttle is coming again!”

Lin Ran couldn't help but gulp, this flying shuttle had turned into this shape, obviously something was going to happen!

However, the pillow beside him did not say anything, his eyes were still closed.

Lin Ran was a little desperate at this point, the Pillow Book had dropped the chain at this time, leaving him without even the slightest way to deal with it.

“Whoosh!”

Suddenly, the speed of the flying shuttle in mid-air surged, and then it actually rushed towards Lin Ran again.

Seeing all this scene, Lin Ran was completely speechless, and even directly closed his eyes, ready to wait for death.

Wonder Doctor Chapter 2163

“Sure enough, sure enough, I'm not disappointed!”

Outside the formation, Yue Beishan couldn't help but laugh.

Countless flying shuttle fragments formed a filament and rushed right towards Lin Ran.

According to the sharpness of the flying shuttles, I was afraid that so many of them would have to split Lin Ran into a sieve in an instant.

Even at this moment, Yue Bei Shan couldn't help but feel a little chill at the back when he saw this scene.

If he really died under these flying shuttles, it would be truly tragic.

“Ai!”

Lin Ran sat paralyzed on the ground and closed his eyes with a sigh.

At this point, he was heavily injured himself, and with the flying shuttle still turning into this, he didn't even have the thought of resisting.

When there was one flying shuttle, he could still dodge and hide, but there were so many flying shuttle fragments.

Where else could he hide?

There was nowhere to hide.

If he had to close his eyes, he would be waiting for death.

But after waiting for a while, Lin Ran found out that he didn't seem to be hurt by anything.

He even heard Yue Bei Shan's sudden cry of surprise.

"How is this possible! This can't be!"

Lin Ran was busy opening his eyes, and immediately he saw that the countless flying shuttle debris actually twisted around each other then began to stack up.

The countless flying shuttle debris stacked on top of each other, and in the end, they actually formed a pattern that was only the size of a thumb.

It was a diamond-shaped pattern, corresponding to the shape of each of the shuttle fragments.

Countless were the fragments stacked on top of each other, forming a thick layer.

Following this, all of these flying shuttles actually rushed towards Lin Ran's chest.

In an instant, the flying shuttle fragments all disappeared into Lin Ran's body.

Lin Ran was busy focusing on his body, followed by a scene that shocked him.

When these flying shuttle fragments reached his body, they actually changed rapidly.

In the end, they actually combined with each other to form a round ball.

What was most incomprehensible to Lin Ran was that this orb actually directly encased his own Dao of Healing Dao seed.

"This thing must have something to do with the ancestor!"

Lin Ran said secretly in his heart.

This flying shuttle was clearly not going to harm himself anymore, and it seemed to be very interested in his own Dao of Healing Dao Seed.

But what exactly did this flying shuttle have to do with his ancestor?

Lin Ran was still a bit confused for a while.

Soon, a warm sensation came from his chest.

Lin Ran looked down and found that the injury on his chest was actually healing rapidly.

In just a few moments, the very heavy injury had completely healed.

Lin Ran touched his chest and couldn't help but let out a long breath of relief, what was this? A blessing for a disaster?

Soon after, Lin Ran felt the connection of the flying shuttle within his body, it was clearly a refining sensation.

"Out!"

Lin Ran's palm fiercely lifted, and instantly a flying shuttle fragment emerged.

“Out again!”

Lin Ran continued, and this time all three flying shuttle fragments emerged.

When Lin Ran raised his hand again, the complete flying shuttle above his fingers emerged out of thin air.

Looking at the flying shuttle in his hand, Lin Ran was finally smiling.

“Refined, it’s finally refined!”

With a wave of his palm, Lin Ran instantly flung the entire flying shuttle out towards the front.

The sharp flying shuttle instantly didn’t enter the wall.

Almost in the blink of an eye, a bright light shone in from outside.

The shuttle had actually pierced a hole straight through the cave.

“It’s so sharp!”

Lin Ran couldn’t help but say.

“Collect!”

With excitement in his heart, Lin Ran obediently collected it, and instantly the flying shuttle disappeared into its place, while inside himself.

Next to the Healing Dao Seed, the remnants of the flying shuttle emerged and wrapped the Healing Dao Seed back up.

Although Lin Ran did not know exactly how this Dao of Healing Dao Seed was connected to the flying shuttle, the current situation at least indicated that.

The actual fact is that the phoenix has been completely controlled by him.

◦ ◦ ◦ ◦

“Aj!”

Outside the formation, Yue Bei Shan finally sighed helplessly.

He knew that he was completely defeated this time.

His only reliance, why on earth had that flying shuttle fragment returned to the flying shuttle.

And why had the flying shuttle been refined by Lin Ran.

All this was beyond him.

But the result was very obvious.

The flying shuttle was no longer relevant to him.

Lin Ran had by now put away the formation and walked towards Yue Beishan.

“If you want to kill, kill!”

Yue Beishan stood in place, looking at Lin Ran indifferently, as if he had seen through life and death long ago.

“You go!”

Lin Ran stopped in his tracks and looked at Yue Beishan blandly.

“You’re not going to kill me?”

Yue Beishan asked, frowning.

“Is it useful to kill you? Killing you would only be an instantaneous matter, but I still wouldn’t be able to return even if I killed you!”

Lin Ran said indifferently.

“I could spare you once back then, so naturally I won’t kill you this time either!”

“But think clearly for yourself, just because I won’t kill you doesn’t mean others won’t!”

“The Immortal World War is coming, if you still want to go home, either stay in this small world and hide!”

“Or you can come out with me and find your way home!”

“It’s your choice!”

“Let me join you? You don’t think so!”

Yue Beishan refused outright.

Lin Ran was his enemy anyways, and asking him to fight alongside him, at least the current him was somewhat unable to do so.

“Then you can go!”

Lin Ran didn’t force himself.

“I just hope that the next time I see you, it will be friend and not foe!”

“My grudge against you is our personal grudge after all, so I hope you don’t mess around!”

“What do you mean?”

Yue Bei Shan asked with a frown.

“It means nothing, back then you went looking for the foreign devil in order to kill me!”

“At that time, after all, it was still in my hometown, I could spare you!”

“But this time we are in the Immortal Realm, if you still want to defect to the Immortal Emperor or the Divine Shadow Clan behind you!”

“I won’t be soft on my hands when the time comes!”

Lin Ran said indifferently.

The words were very firm.

“That’s my own choice!”

Yue Bei Shan gave Lin Ran a bland look before turning around and leaving.

Lin Ran also didn’t say anything else and turned towards the pillow book.

Yue Bei Shan soon left.

Revenge was out of the question, and as for what would happen in the future, Lin Ran didn’t bother to care.

What one should do and say had been expressed clearly.

As for how to go in the future, that was Yue Bei Shan’s own business.

◦ ◦ ◦ ◦

“Hey! Are you okay yet!”

Lin Ran arrived next to the pillow book and willed him to still be meditating with his eyes closed, and couldn’t help but be speechless.

“Leave me alone, it’ll be ready soon!”

The pillow side book was busy saying.

Seeing this, Lin Ran shook his head helplessly and walked out towards the cave entrance.

Arriving outside the cave, he looked at the distant scenery from a height.

Lin Ran suddenly felt that his entire mood was a few degrees better.

If it weren’t for the great battle outside, it would actually be a good choice if he thought he could stay here!

It was just a pity that he had to go back after all, and that there was still a big war outside.

The peace and harmony in front of me was just a fleeting moment.

“Hey hey, I found out I found out!”

Suddenly there was an alarming cry from inside the cave from the pillow.

“Holy shit where is everyone? Why are you running out!”

“I found out, I found out!”

Pillow Book said and ran out as well.

Seeing Lin Ran he was busy saying.

“That flying shuttle, the earliest time it was brought back from the Chaos Sky by the Nine Heavenly Mystical Maiden, and later given to the Immortal Emperor!”

“Only then did the Immortal Emperor refine it into its current form!”

Wonder Doctor Chapter 2164

“Why aren’t you excited at all?”

The pillow talk was hot and heavy, yet Lin Ran was as bland as if he hadn’t heard him.

“What’s wrong with you?”

Pillow Book was dumbfounded, not knowing what was going on.

Lin Ran didn’t bother to explain, and with a flip of his palm, a flying shuttle instantly appeared out of thin air.

“This...”

Seeing the flying shuttle in Lin Ran’s hand, Pillow Book was instantly frozen.

“You’ve successfully refined it?”

Pillow Book asked busily.

“What else, by the time you go check the information the old man would have died!”

Lin Ran said speechlessly.

“Er...”

Pillow Book also scratched his head in some embarrassment.

“Alright, hurry up and say how to get out! Yue Beishan has also left, so we’d better hurry up and go out to rendezvous with the Lord of the Alliance!”

“Good!”

Pillow Book nodded, then pointed to the sky and said.

“Use your flying shuttle to break the sky directly, we’ll rush out!”

“And that’s still possible?”

Lin Ran was stunned, but there was no teleportation array or anything in sight in this place, so I was afraid that this was the only way to leave.

At that moment, Lin Ran didn’t say any more nonsense, and with a flip of his palm, the flying shuttle instantly came out of his hand.

Lin Ran’s body flashed and he rushed up after him.

“Why isn’t there a teleportation array in this small world of the ancestral land!”

Lin Ran asked as he followed behind the flying shuttle.

“It was made by the old Immortal Emperor!”

The pillow explained.

“This place sort of made the old Immortal Emperor, so he didn’t want anyone else to come in!”

“There are only two ways to enter this world, the first is that teleportation array within the Anti-Alliance, that’s the only one!”

“And you have to have a token from the old Immortal Emperor to open it!”

“The second is this flying shuttle, so after you go out from here, it’s absolutely impossible to come in again unless you use the teleportation formation!”

The pillow book explained.

Lin Ran listened in a daze.

He just didn’t know what exactly the old Immortal Emperor had experienced in this Ancestral Land Small World back then to be so attached to this Small World.

“An exit has appeared ahead, pay attention!”

Suddenly the Pillow Book warned.

Lin Ran looked towards the front and indeed found that a black vortex had appeared where the shuttle had passed through.

And behind the vortex a spatial passage had appeared at some point.

“Go!”

Lin Ran greeted, and instantly rushed in with his pillow book.

This spatial passage was different from anything Lin Ran had seen before.

This passage was clearly more stable, and the spatial barriers around it were all very stable without the slightest fluctuation.

“This spatial tunnel was opened up by the old Immortal Emperor himself!”

“By the way, your other doppelganger is still in the Thunder Dignity Pavilion?”

Pillow Talk spoke up and asked.

It would take some time to travel to the Anti-Alliance as well, and the two of them chatted.

“No!”

Lin Ran shook his head.

“My other doppelganger, who had left the Thunder Dignity Pavilion three years ago, is now floating around in Chaos Space!”

Lin Ran said truthfully.

Only when he said that, he was clearly a little lost.

“Back then, Lei Zun said that Xiao Nuan’s physical body should still be in Chaos Space!”

“But it’s been three whole years, and I haven’t found a single clue!”

“I don’t even know where she’s trapped!”

“You didn’t ask Thunder Zun?”

The pillow was stunned.

“No, at first I was afraid he would force me to stay!”

“After all, you know that I’m very talented, and now that the Great War has reached this point, what if he forcibly leaves me behind!”

Lin Ran said.

“You’re sick in the head, aren’t you!”

The pillow was speechless.

“You don’t ask anything, so you go to Chaos Space by yourself!”

“What’s wrong with that?”

Lin Ran was stunned, had he missed something?

“You kid really are!”

“You don’t even think about it yourself, if the Lord of the Alliance hadn’t told you in the first place, would you have known that there were dungeons in Chaos Space?”

“I....”

Lin Ran was at a loss for words.

“You kid are really stupid, Chaos Space isn’t the Immortal Realm, many things can’t be put out in the open!”

“Like this underground city, for example, the people who know about that are very few!”

“You want to find Song Nuan in Chaos Space, how can you find it just by yourself? The entire Chaos Space is huge!”

The pillow was speechless.

“No, then how am I going to do that!”

Lin Ran asked busily.

“Nonsense, of course I’ll go and ask for Thunder Zun!”

“According to my understanding, this chaotic space is certainly not this desolate!”

“Back when the old Immortal Emperor ruled, he had said that there were many places in this chaotic space that he couldn’t even explore!”

“Moreover, back then, not everyone participated in the Immortal Emperor’s Great War!”

“Some of them didn’t show themselves at all, they must have all been hidden in this chaotic space!”

The Pillow Book said.

“Hiding in this chaotic space?”

Lin Ran was stunned.

If what Pillow Book said was true, that meant that there were still plenty of places in Chaos Space where people could still be left!

Back then, it was understandable that they didn’t want to be affected by the Immortal Emperor War.

But what about now? If the Divine Shadow Clan invaded, could they still be left alone when the time came?

Lin Ran couldn’t figure it out.

“Alright, it’s useless to think about it so much now, you’d better go and ask Lei Zun!”

The pillow said.

Lin Ran smiled but shook his head.

“I’m afraid that it’s impossible to ask Lei Zun, I’ve been away for three years now, I’m already far away from the Lei Zun Pavilion!”

“But we can go ask the Lord of the Alliance!”

“He can do it too, the Lord of the Alliance must also know!”

The pillow said.

Also as the strongest existence under Immortal Emperors, the Lord of the Alliance knew absolutely not much less than Lei Zun.

It was just that after being away for so many years, he didn’t know what had happened to the Anti-Alliance.

Every time he thought of this matter, Lin Ran’s heart was more or less worried.

....

The spatial tunnel wasn’t very long, and with Lin Ran’s current Little Perfection realm, he had already left the tunnel in just half a day with his pillow book.

When the two of them emerged from the tunnel, the scene outside was one that made Lin Ran look dumbfounded.

The location where Lin Ran had originally entered the Ancestral Small World was within the Anti-Alliance.

The location where he appeared at this moment was also here.

It was a pity that the scene in front of him now was very different from before.

The formation from the beginning was no longer there, and there were ruins everywhere.

Even Lin Ran remembered that this place was beautiful back then, and it could not be called a fairy land.

But what about now?

It was in such a state of disarray that Lin Ran almost didn't even recognise it.

And most importantly, this place was already full of spiritual energy.

When Lin Ran had left, the spiritual energy in this place was very thin!

"What the hell is going on? Has the Anti-Alliance been defeated?"

Lin Ran was worried in his heart.

But at this moment, there was no one around, so he didn't even have anyone to ask if he wanted to.

"Kid, someone's coming! Hide first!"

Suddenly the pillow spoke up.

Lin Ran nodded and instantly disappeared with a flash of his body.

And not long after Lin Ran disappeared, a group of people rushed over not far away.

They were wearing uniform robes, white in colour, with the word "Immortal" embroidered on their chests.

Looking at the robes, Lin Ran's entire heart went cold.

These were the robes of the Immortal Emperor's side!

Had the Anti-Alliance really been defeated?

Wonder Doctor Chapter 2165

"Follow it up and see!"

The pillow said.

These people were generally not strong, and Lin Ran immediately followed them.

He soon followed these people to a place a dozen miles away.

Lin Ran remembered very clearly that this was once a stronghold of the Anti-Alliance.

The entire Anti-Alliance's palace was very large.

It was also divided into four side halls and one main hall.

And this place was one of the side halls.

It was a pity that the side halls were now gone, and what had replaced them was actually a town that had just been established.

“The Immortal Emperor is really fast, attacking in the front and building a town in the back!”

Lin Ran couldn't help but sigh as he watched.

It had only been so long since he had left, and the counter-alliance that had divided the world in three with the Immortal Emperor had actually become like this.

I wonder how the Beast King Domain is doing now!

Once the Anti-Alliance had fallen, I'm afraid that the Beast King Domain's lips had fallen too!

“Let's go in and take a look!”

When he arrived at this place, Lin Ran naturally had to make a trip inside.

He didn't know anything about what the Anti-Alliance was like now.

Moreover, this place had obviously been taken over by Immortal Emperors, and he had to find a way to get some information.

In a place like this, it was naturally not difficult to get information.

Although the town had been established, the administration could be described as very chaotic now!

Lin Ran soon managed to get what he wanted in a tavern.

However, upon learning this information, Lin Ran's entire body was dumbfounded.

“What's wrong?”

Pillowboy asked busily.

“The Anti-Alliance is finished, there is only one main hall left in the vast frontier!”

Lin Ran said with his whole body trembling.

“Huh?”

Pillow Book was also confused.

The Anti-Alliance was the last force he had left to deal with Voltron.

How could it be over after that!

“What the hell is going on, hurry up and tell me!”

Pillowbook urged.

Lin Ran forced down the worry in his heart and said.

“In the ten years since I went to the small world of the Ancestral Lands to look for you, the Immortal Emperor struck out against the Anti-Alliance!”

“Due to the Heaven Sealing Formation, there was no replenishment of spiritual energy within the Anti-Alliance at all!”

“Qiqi had almost scattered all of her family’s wealth, but she still couldn’t hold on!”

“In the final years, the Immortal Emperor launched an all-out attack!”

“The Anti-Alliance was forced to begin a breakout.”

Lin Ran told all the news he had received, one by one.

It was just that as he said these things, there was clear anger on his face.

The initial breakout of the Anti-Alliance crowd was so tragic.

Although Lin Ran only knew about these things from the intelligence, he had not experienced them first hand.

But as soon as he remembered how tragic Qin Bing and the others had been when they had broken out, his heart hurt as much as if he had been scraped by a knife.

It was all because he was too weak that he had let them bear so much for him.

Now he was back, but where were they?

Where were they again?

After the breakout, there had been no more news of them, and so far Lin Ran didn’t even know where they were!

Such a large immortal world, where else could they go?

The Anti-Alliance was over, was the Beast King’s Domain still there?

Would they go to the Beast King’s Domain?

There were no answers to any of these questions.

But Lin Ran knew that he couldn’t just wait around, at least there was someone who currently knew where they were going.

That person was the Lord of the Alliance.

“Set off for the main hall!”

Lin Ran made a decision right away.

“Kid, don’t be impulsive, it’s all stated in this intelligence, there’s a great perfection realm powerhouse guarding the main hall right now!”

“You are now.”

“Do you think I’m afraid of the Great Perfection?”

Lin Ran interrupted the pillow book.

“You don’t understand what I mean!”

The pillow-side book explained.

“Your strength is naturally fearless of this talk of Great Perfection, but have you thought about it!”

“The current Anti-Alliance is now down to the Lord of the Alliance alone!”

“Voltron could have easily swept him away, but why didn’t he do so!”

“It wasn’t because he was afraid that the Lord of the Alliance would recoil in his death!”

“An Immortal Realm powerhouse’s death-defying counterattack is terrifying!”

“That’s why the Immortal Emperor never struck out at him, he was afraid too!”

Speaking here, the pillow said after a pause.

“Or, the Immortal Emperor is simply trolling you with the Lord of the Alliance!”

“Waiting for you to go and save the day yourself!”

“Then I have to go too!”

Lin Ran said.

“Whether it’s for Qin Bing and the girls, or if the Lord of the Alliance helped me in the first place, I can’t just sit back and do nothing!”

“Besides, I have a flying shuttle now, so I’m not really afraid of what the Immortal Emperor will do!”

Lin Ran said.

If I couldn’t, I would just use the shuttle to run away.

Could it be that the Immortal Emperor would still be here waiting for him all the time?

“Hey!”

Seeing that he couldn’t talk Lin Ran out of it, Pillow Book simply gave up.

The two of them set off at once and hurried right towards the main hall.

◦ ◦ ◦ ◦

At this time, near the main hall.

There were three huge watchtowers rising from the ground.

These three watchtowers were purposely built to target the Lord of the Alliance!

As long as he wanted to leave this place.

The three watchtowers could cast out a great formation to leave him behind in an instant.

This formation was given by the Immortal Emperor himself, and even in these three lookouts.

There was also a hidden formation hidden.

As long as the Immortal Emperor was willing, he could give instant access to this place through the formation.

He did not want to let the Lord of the Alliance leave.

But equally, he did not want to fight the Lord of the Alliance head on.

Although it was impossible for the Lord of the Alliance to submit to him, keeping it would be of some use!

If the Divine Shadow Clan really invaded in the future, he really did not believe that the Alliance Lord would sit idly by and do nothing!

After all, if the Immortal Realm was gone by then, then the so-called Anti-Alliance would only be a joke.

....

Lin Ran and Pillowbook soon arrived near the main hall.

It was said to be the main hall, but it was actually a ruin, where was there any hall left!

The entire temple had now been completely destroyed.

Lin Ran saw that in the middle of the three huge watchtowers.

Only one high platform remained, which should have been the floor of the previous main hall.

Apart from this high platform, there was nothing else!

And at this moment, on the high platform, a voice was sitting on his knees, his eyes closed his entire person was like a statue.

And who was this man, if not the Lord of the Alliance!

“This place, it’s a prison!”

Lin Ran’s fists were clenched.

If the Anti-Alliance still existed, then there was only this one high platform left.

This high platform was the last place for the Anti-Alliance, and if the Lord of the Alliance was also defeated.

If the Lord of the Alliance was also defeated, then the Anti-Alliance would really be scattered.

The Lord of the Alliance may have seen this point.

That was why he never left.

“You’re really prepared to make a move!”

Pillow asked from the side.

“Or what!”

There was determination in Lin Ran’s eyes, and his gaze was already looking at the three watchtowers to the side.

If he wanted to take away the Lord of the Alliance, he had to destroy these three watchtowers.

Otherwise, once the Immortal Emperor was alerted, it would be extremely difficult to leave when the time came!

It was naturally not difficult to get information about these three watchtowers.

What was difficult was that it was clear that there was a hidden formation inside that would allow Immortal Emperors to come over.

However, Lin Ran was unable to destroy it directly.

If you wanted to destroy the formation, first you had to be able to see where it was!

If you couldn’t even see it, how could you talk about destroying it!

A plan quickly emerged in Lin Ran’s mind.

Although it was risky, it was something that had to be tried.

At least there was a chance if you tried, but if you didn’t, then you really wouldn’t even have a chance!

Wonder Doctor Chapter 2166

“Do it!”

Having made up his mind, Lin Ran did not delay.

As the voice rang out, Lin Ran’s entire person had instantly disappeared from the spot.

The three watchtowers in front of him were located in exactly three directions of the main hall.

Lin Ran didn’t bother to make a move from these watchtowers.

What really made him afraid was not the watchtowers, but the formations hidden within them.

In particular, it was the formation that could instantly transport Immortal Emperors over.

If this formation could not be broken in the first place, neither he nor the Alliance Lord would be able to leave when the time came.

Moreover, if it was not handled properly, it would probably also cause the collision between the Lord of the Alliance and the Immortal Emperor to erupt earlier.

It was too late, and the moment Lin Ran’s figure disappeared, an alarm had already been sounded above the three watchtowers.

At the same time a formation had already risen from the ground and enveloped towards the main hall in the middle.

When Lin Ran saw this scene, he couldn't help but frown slightly, he didn't expect that he had moved fast enough.

This watchtower had still discovered himself.

"Lin Ran?"

Within the main hall, the Lord of the Alliance also opened his eyes.

When he saw that Lin Ran was rapidly rushing towards the main hall, his entire body was also stunned.

"Senior, come with me!"

Lin Ran busily greeted.

"You..."

The Lord of the Alliance was stunned, not expecting Lin Ran to actually come here just to take himself away!

But how long had this brat been away and he actually dared to barge here alone, didn't he want to live!

"You hurry up and leave! The Immortal Emperor can come over at any time!"

The Lord of the Alliance was busy saying.

"It's useless for you to stay, senior, instead of guarding the last territory of the Anti-Alliance, you should leave with me and me!"

"There's no fear of not having firewood to burn when you stay in the green hills!"

Lin Ran was busy persuading.

"No, if I leave, the Anti-Alliance can really."

The Lord of the Alliance said, but before he could finish a sentence, he was cut off by Lin Ran.

"So what if you just stay? The Alliance is gone, and you can't do anything at all by holding on to this last main hall!"

"Preserve your strength in order to save the Immortal World!"

Lin Ran persuaded.

"But..."

"Senior, even I can see clearly, how come you can't see clearly!"

Lin Ran interrupted the Lord of the Alliance once again.

The Lord of the Alliance froze in his tracks.

Yes, what was the use of staying behind himself, in the first place it was only so that the rest of the Anti-Alliance could leave quickly.

But now everyone from the Anti-Alliance had finished leaving.

Originally, he was also ready to leave.

But when he looked at the place he had defended for so many years, he was just going to give it to the Immortal Emperor.

In his heart, he was really a bit reluctant.

But what could he do if he was unwilling, there was nothing he could do!

Once he fought with the Immortal Emperor, his own chances of winning were already very low

“Senior, if you are gone, the Anti-Alliance will really be gone!”

Lin Ran spoke once again.

“This formation isn’t easy to break through, an Immortal Emperor could come over at any time!”

The Lord of the Alliance busily said.

Hearing this from him, Lin Ran instantly smiled, it was obvious that the Lord of the Alliance had made a decision.

“Leave this to me, senior just go!”

Lin Ran instantly revealed a joyful expression.

And at this moment, around the two of them, the formation had completely enveloped the main hall of Ah Jing.

Even the original location of the watchtower could no longer be seen.

Lin Ran’s eyes suddenly closed, followed by a flip of his palm, and instantly a stream of light rushed directly towards the distance.

This stream of light was so incredibly fast that even the Lord of the Alliance at the side didn’t see clearly what was going on.

At once, there was a “bang, bang, bang!” from outside. Three loud explosions were heard.

“Seniors go!”

Lin Ran busily greeted.

The Lord of the Alliance could clearly see at this moment that the surrounding formations had actually dissipated out of thin air.

Following that, the three lookouts were revealed.

But at this time, these three lookouts were already half broken.

Countless cultivators on the three lookouts swarmed out, clearly not expecting that the formation they were holding on to would actually be broken in an instant!

“Whoosh.”

Amidst the chaos, a white stream of light rushed in from afar, then disappeared as it neared Lin Ran.

Seeing this scene, the Lord of the Alliance visibly froze and followed with a question.

“It’s a flying shuttle?”

“Mm!”

Lin Ran nodded his head and didn’t deny it.

“And you really did it!”

The Lord of the Alliance had a joyful look on his face.

He had truly never expected Lin Ran to actually do it.

He was very clear about the power of this flying shuttle, and when he had asked Lin Ran to find it before, he actually didn’t have much hope to be honest.

After all, this kind of thing was originally just a way to wrestle with hope, but who knew that Lin Ran had actually done it.

It was just a pity that he had come back too late, and now the Anti-Alliance was almost gone.

“Senior, go!”

Lin Ran didn’t dare to be slow, and with a greeting, he led the Lord of the Alliance outwards.

At this point, the three surrounding watchtowers had completely gone silent.

The cultivators inside were also all hiding far away at this point, not daring to come over.

Just kidding, they were facing the Lord of the Alliance, and no one of this strength could leave him behind except for the Immortal Emperors.

“Quickly, summon the Immortal Emperor!”

It was unknown who among the crowd shouted, and soon a greenish light began to appear inside the foundations of the three watchtowers.

In three places, three green lights, rushed up towards the sky.

And as these three green lights rose, an illusory teleportation formation with aura construction soon emerged out of thin air.

Upon seeing this teleportation formation, the faces of Lin Ran and the Lord of the Alliance both changed.

“Hurry! The Immortal Emperor will be here soon!”

The Lord of the Alliance busily shouted, while exploding all of his strength out, his speed instantly rising to the extreme as he pulled Lin Ran and rushed outwards.

“Senior, wait a moment!”

Lin Ran was in no hurry as he greeted and smoothly punched out the flying shuttle in his hand again.

The flying shuttle struck out and flew towards the green-coloured teleportation formation ahead.

A force on top of the flying shuttle was so overbearing that it was practically impossible for a formation to resist!

The Immortal Emperor was so powerful that it was not very realistic to escape from him, but if he could destroy this teleportation formation before he arrived.

Then all would be lost.

It was just that Lin Ran had thought well, but an Immortal Emperor was an Immortal Emperor after all.

Just as the shuttle was rushing towards the teleportation array, suddenly a huge palm poked out from within the array.

The palm was immense, and the power it contained was even more terrifying.

The moment it appeared, it almost collided with the flying shuttle.

“Bang!”

The two collided, and the flying shuttle was smashed almost instantly.

But this huge palm was also not easy to bear, as the flying shuttle shattered into countless fragments and instantly passed through this huge palm.

The next moment it blasted directly onto the transmission array at the back.

“Bang!”

The teleportation array instantly collapsed, and before the blood could drip off the huge palm, it began to become illusory.

“Lin Ran! It’s you again!”

An angry voice came from a vicissitudes, if not an Immortal Emperor or someone else!

“It’s me! How!”

Lin Ran looked at the palm from afar, a coldness flashing in his eyes.

It was the owner of this palm, who had not only destroyed the Anti-Alliance, but had also caused the current situation where Qin Bing and the others were nowhere to be found.

Lin Ran’s anger towards him had also reached an extreme.

He didn't want to care who could unify the Immortal Realm, but as long as it threatened his friends and relatives or even his loved ones, that was something Lin Ran absolutely could not tolerate!

Song Nuan's unknown whereabouts in the Divine Shadow Clan to this day was also all caused by the Immortal Emperor, so how could Lin Ran forget these things.

Wonder Doctor Chapter 2167

"You've surprised me, wait for me, wait for me!"

The Immortal Emperor's voice was getting farther and farther away, and it even ended with some anger.

Obviously being cut off from his plan to imprison the Alliance Lord by Lin Ran had made him extremely angry.

The Lord of the Alliance had not wanted to leave before, but if he really wanted to leave, there was no way the Immortal Emperor would agree to it.

Once the Lord of the Alliance was allowed to rendezvous with Zhen Yan, it was rather even that the situation would actually be of no help to himself at all.

To this level of them, the competition dao in the end actually see or they, the leaders.

It was of little use to kill more of their men below.

He does not want to easily go to war with the Lord of the Alliance completely.

But it did not mean that he was willing to let the Lord of the Alliance go.

But now Lin Ran's appearance had shattered this plan of his.

This was also the reason why the Immortal Emperor was so angry.

"Move!"

To the side, the Lord of the Alliance was busy greeting him.

"What's wrong? Hasn't this teleportation array already broken open?"

Lin Ran was puzzled.

It should have been safe by now!

"What are you thinking, that's an Immortal Emperor! You really think a teleportation array can stop him!"

"This teleportation array merely allows him to arrive a little faster!"

As he spoke, the Lord of the Alliance was already pulling Lin Ran towards the front and rushing out.

Lin Ran was a little dumbfounded, looking at the speed of the Lord of the Alliance, it seemed that he really wasn't joking.

And the facts also proved Lin Ran's suspicions.

As soon as the Lord of the Alliance had taken Lin Ran's front foot, a crack appeared in the sky behind him out of thin air.

The crack was only the size of a fist at first, and then it expanded rapidly.

It was soon half the size of a man.

Following this, Lin Ran heard, from behind him, the respectful voices of countless cultivators.

"Greetings to the Immortal Emperor's descent!"

The voices boomed and swelled, and Lin Ran couldn't help but glance back.

With this glance, Lin Ran's entire body instantly froze.

He only saw that the crack behind him was already more than a person high.

A figure was also slowly emerging, trying to get out of the crack.

"Run, the Immortal Emperor is coming!"

The Lord of the Alliance greeted, and led Lin Ran on his way.

Just a few moments later, a figure finally burst out of the crack at the back.

If it wasn't an Immortal Emperor or someone else!

"Trying to leave?"

The Immortal Emperor frowned slightly as his figure flashed instantly a powerful force directly tore through the void towards Lin Ran and the two of them and chased after him.

"Senior, he's coming after us!"

Lin Ran felt the emptiness ripple around him and busily warned.

"It can't be helped, he has the Qi of the Immortal Emperor's position added to him, no one within the Immortal Realm can even give a run for his money!"

"You're too reckless!"

The Lord of the Alliance said helplessly.

"Isn't there any other way? If we can't, we'll fight him!"

Lin Ran had icy coldness in his eyes.

"No, you can't possibly be his opponent!"

The Lord of the Alliance suddenly thought of something as he said, and busily shouted.

"Quick! Use the shuttle, the shuttle may also break through the void, we'll go through the void too!"

"Good!"

Lin Ran didn't dare to delay, he quickly waved his hand and took out the flying shuttle, before flinging it out towards the front.

"Weng!"

The flying shuttle was exceptionally sharp, and the instant it appeared it dashed straight out towards the front.

Almost in time, a crack in the void was pierced out by the flying shuttle.

And at that moment, in the surroundings, the void rift opened by the Immortal Emperor was already about to appear.

Lin Ran and the Alliance Lord didn't dare to slow down, and their bodies instantly dashed into the void rift in a flash.

"Hm?"

A moment later, when the Immortal Emperor emerged from the void rift, his entire person frowned.

Originally, according to his speed, he should have been able to catch up with the two Lin Ran completely!

But now he had actually failed to catch up.

"What the hell is this flying shuttle, how come I've never seen it before!"

The Immortal Emperor frowned slightly.

He really couldn't figure out where on earth this flying shuttle had come from, or at least he had never heard of such a thing existing at all before.

"Dumped it?"

In the void, Lin Ran asked busily.

"It's impossible to shake it off, hurry up and go to the Beast King Domain, otherwise we really won't be able to leave today!"

The Lord of the Alliance was busy saying.

"Good!"

Lin Ran replied, and immediately controlled the shuttle all the way towards the Beast King Domain and killed it.

The Immortal Emperor obviously did not want to give up so easily, and chased after him all the way towards the Beast King Domain.

Without the shuttle, it would have been impossible for Lin Ran and the others to match the Immortal Emperor's speed!

But the key was that Lin Ran had obtained the flying shuttle.

Although he could not shake off the Immortal Emperor, with the help of the flying shuttle, it would not be easy for the Immortal Emperor to catch up.

A chase went on like this.

And in an hour or so, Lin Ran and the others had also entered the boundaries of the Beast King Domain.

With their strength, crossing the frontier in a short time was not a difficult task at all!

Not to mention the help of the flying shuttle.

As soon as they entered the Beast King Domain, the Immortal Emperor's face clearly looked a little worse for wear.

This was already close to where Zhen Yan was.

If he allowed Zhen Yan to rendezvous with the Lord of the Alliance, there would really be nothing he could do at all then!

"Weng!"

Fearing what was coming, the chase had just entered the Beast King Domain not long after when a spatial fluctuation disrupted the Immortal Emperor's chase.

The Lord of the Alliance and the others stopped almost simultaneously.

They only saw that at this moment, not far ahead, a fiery red figure was standing with his hands folded, if it wasn't Zhen Yan or someone else.

"Immortal Emperor, are you still going to chase?"

Zhen Yan looked at the Immortal Emperor who was not far away, his voice was cold.

"You want to help him!"

The Immortal Emperor's voice was equally icy.

"What do you think? Would you sit back and do nothing if you were in your place?"

Zhen Yan laughed.

"You go back, unless you want to come to an end today!"

"You!"

The Immortal Emperor was blocked from speaking.

The meaning of Zhen Yan's words was obvious, he didn't want to leave today to make a clean break.

But the Immortal Emperor definitely did not want to do that.

Zhen Yan plus the Lord of the Alliance, even though there were two of them he wasn't afraid of.

But even if he could kill them, I was afraid he would have to suffer a heavy blow.

And I was afraid that the Divine Shadow Clan would also take advantage of the situation

This was definitely not the situation he wanted to see.

“Are you really going to help him?”

The Immortal Emperor’s face was ugly as he asked in a cold voice.

“It’s the same if you ask more times!”

Zhen Yan said blandly.

“You are too greedy, you already have the Immortal Emperor Domain and still don’t know how to be satisfied, presuming to unify the entire Immortal Realm!”

“Sooner or later you’ll regret it!”

“You bullshit!”

The Immortal Emperor’s face also turned icy cold as he said in a cold voice.

“In the Immortal Realm Immortal Realm, there can naturally only be one Immortal Emperor!”

“It was so in the past, and it will be so in the future!”

“Let’s not change the green hills, the green water will always flow!”

The Immortal Emperor said and directly turned around and left the place.

Both Zhen Yan and the Lord of the Alliance didn’t say anything more, they just watched the Immortal Emperor leave in silence.

Together, they then led Lin Ran to leave the place as well.

◦ ◦ ◦ ◦

A few moments later, the three of them arrived at the core island of the Beast King Domain.

Here, Lin Ran met Zhen Yan for the first time as he opened the Beast King Domain’s Payload World.

“This is?”

Lin Ran couldn’t help but ask.

“It’s our last resort!”

“At least until the final showdown, Immortal Emperors won’t dare to come over yet!”

Zhen Yan said blandly.

“Go in, your friends are all inside!”

Said Zhen Yan, who had already been the first to walk in.

Seeing this, Lin Ran didn’t say anything, and the Lord of the Alliance also followed and walked in.

Wonder Doctor Chapter 2168

The space around him changed for a while, and when Lin Ran reappeared, the whole scene around him had changed.

There were a lot of sky-high trees around, and the birds and flowers seemed very quiet.

“They’re all down there!”

Zhen Yan spoke.

Lin Ran looked towards the front, and sure enough, he found a pavilion at the bottom of the hill in front of him, and there were quite a few people in the smashing pavilion at the moment!

“Brother!”

Suddenly a voice came from afar.

Without having to look Lin Ran could hear it, it was none other than his own sister Xiao Jiu’s voice.

“Let’s go!”

Zhen Yan laughed, and immediately a group of people rushed over towards the gazebo.

Arriving at the gazebo a few moments later, Lin Ran couldn’t help but look stunned, followed by a red ring of smoke.

Inside the pavilion, there was Qin Bing, Luo Qiqi, Su Rou and Ling Sa Long Ya!

Looking at these people in front of him, the big stone hanging in Lin Ran’s heart was finally dropped.

“Lin Ran!”

The women were also very excited to see Lin Ran.

A whole ten years, who would have thought that this farewell would actually be ten years!

“It’s good that you’re alright!”

Lin Ran looked at the crowd of women and said.

“You are too!”

Qin Bing looked at Lin Ran, and there was a sunken mist in her eyes as well.

“Alright, let’s all sit down and talk!”

Zhen Yan said with a smile, while with a wave of his hand a sheet of bars flew out.

Followed by various spirit fruits as well as wine.

Lin Ran wasn’t polite and sat down directly next to them.

Qin Bing and Luo Qiqi were sitting on either side of him.

“How’s your side? Any news from Xiao Nuan?”

Qin Bing asked as soon as he was seated.

“No!”

Lin Ran shook his head.

“So far we’ve only found out that Xiao Nuan’s physical body is likely still in Chaos Space, but we don’t know where it is yet!”

“Chaos space?”

Qin Bing was stunned at his words.

“Could it be near the place where we met by chance back then?”

“I remember when I was taken to an unknown place by them, and it was there that I felt that something was wrong, and Xiao Nuan was taken away in order to cover me out!”

“It wasn’t that!”

Lin Ran shook his head.

“I searched that place for a full year and couldn’t find any clues!”

“There are too many secrets throughout Chaos Space that we don’t know about, and this time when I return, I’m also going to ask the Lord of the Alliance!”

“Hm!”

Qin Bing nodded his head.

All of them, at first, had come to the Immortal Realm together.

Now, apart from Yue Bei Shan and Song Nuan, all of them had arrived.

Many of them were even stronger than Lin Ran in some cases.

It was just that the current situation was so complicated, and Song Nuan had been captured by the Divine Shadow Clan, which was always a piece of heartache in everyone’s mind.

They all knew that even if they won the battle, if Song Nuan could not be rescued.

With Lin Ran’s character, it would be impossible for him to leave.

Otherwise, Lin Ran would not be so desperate in his cultivation right now.

After meeting Wang Kun at the Thousand Machines Tower, many of the questions in Lin Ran’s mind had been resolved.

He had even roughly guessed the location of his parents’ location.

He could have gone straight to the spatial tunnel to look for them, regardless of everything.

But instead of choosing to leave, he chose to stay behind.

For what, everyone knew very well in their hearts.

“Gentlemen, let’s first toast to Zhen Yan, if it wasn’t for him our Anti-Alliance would have been afraid this time.”

The Lord of the Alliance took the lead and spoke.

The crowd raised their glasses at his words.

“All of you are old acquaintances, so there is no need to be so polite, let’s drink this toast and figure out what to do next!”

Zhen Yan spoke.

Seeing this, the crowd didn’t say anything, and immediately drank the wine in their hands in one go.

“Lin Ran, tell us first!”

The Lord of the Alliance looked towards Lin Ran.

“Me?”

Lin Ran was stunned.

“Senior, I’m not strong enough either, and with the Lord of the Alliance here as well as Senior Zhen Yan, you two are the leaders of the forces!”

“Lin Ran, you can’t say things like that!”

The Lord of the Alliance spoke up.

“After so many years of fighting against the Alliance, there aren’t many who can match the kind of strength you and Qin Bing Su Rou want!”

“I can tell that they’ve always been on your side, so you might as well talk about it!”

“We all know the current situation by heart!”

“But we don’t know about your attitude!”

“I...”

Lin Ran was speechless, not quite understanding what the Lord of the Alliance meant.

“Lin Ran, let me talk to you!”

Zhen Yan suddenly spoke up.

“Both the Lord of the Alliance and I are well aware of your situation.”

“You also understand what this great battle means!”

“This small world is already the last thing we have to fall back on!”

“But if it really comes to the final showdown, this place won’t be safe either!”

“That’s why we need an attitude from you! Will you stay and fight, or will you leave to protect yourself!”

Zhen Yan said and paused.

“I know you may feel abrupt, but this is something that must be asked!”

“You, as well as these friends of yours, are not from the Immortal Realm and are perfectly capable of leaving the Immortal Realm before the Great War begins!”

“At least the war in the Immortal World won’t affect you!”

“That’s why we’re asking whether you’re leaving or staying!”

“Stay!”

Lin Ran replied without even thinking about it.

“There’s no way I’m leaving before Song Nuan is found!”

“Of course, it’s my own decision, if they want to leave I still hope that you, senior, will not stop them!”

Lin Ran said.

People all had selfishness, and he couldn’t force everyone to stay and help himself.

So even if someone was prepared to leave, he wouldn’t say anything.

“Lin Ran we’re not leaving!”

The women of Qin Bing on the side spoke up.

“Yes we’re not leaving, we came out of Temperance City together, so we have to go back together!”

Luo Qiqi also said.

“I’m not leaving either!”

Long Ya also spoke up.

Lindsay, who was on the side, laughed at this.

“If you all don’t go, then where else can I go? My clan is all gone!”

Lin Ran smiled not only with some frustration, back in her hometown, Ling Sa’s clan had been destroyed.

Although so many years had passed, it was still difficult for her to fully let go.

Until now, Lin Ran could feel that since that incident, Ling Sa’s personality had become much colder.

“I’ll go wherever brother goes!”

It seemed to have become everyone’s stance conference.

Little Nine also stepped forward and said.

“We don’t even need to say anything, we’ll go wherever the boss goes!”

The three Leng Zhangs on the side also said.

“Hey, you people, I’ll be honest I don’t want to stay!”

Suddenly a voice came over.

The crowd looked and it was none other than Wang Yifeng.

“Damn fatty, what do you want!”

Qin Bing said angrily.

“Hey hey second sister head you take it easy, wait for me to finish!”

“Each of you are so strong, staying behind can still help, but with my strength staying behind is just giving away heads!”

“Pfft!”

As soon as Wang Yifeng opened his mouth, everyone laughed.

But what he said was also true, his strength was only one hundred and eight thousand realms, which was simply not enough in front of the great battle.

“What Fatty said is also true, let’s do it this way when the great war starts, those with weak strength will naturally avoid the battle if they can!”

“The Immortal Emperor is already like this, there is no need to talk to him about morality!”

“Anyway, the final victory or defeat of the Great War will depend on the strongest few!”

Lin Ran said.

“This...”

Zhen Yan and the Lord of the Alliance were both stunned at their words.

This way of doing things was indeed against their style, and it was different from the entire Immortal World’s code of dealing with the world!

Wonder Doctor Chapter 2169

“Lin Ran, what you say is not bad, but as the saying goes, ten miles are different from one hundred!”

“In the immortal world, there’s no such thing as you starting off with a straightforwardly great brain rush up!”

“This kind of practice. Immortal Emperors don’t have it either!”

Zhen Yan was busy saying.

The Lord of the Alliance also nodded his head and said.

This kind of practice was truly somewhat unacceptable to them.

It wasn't that this practice was so despicable, it was just that this kind of thing was like something that was branded into everyone's mind.

They didn't want to break such rules.

"I've thought about your concerns!"

"How about this, I'll set up my own business!"

Lin Ran said.

"Set yourself up?"

Zhen Yan and the Lord of the Alliance were both stunned at their words.

"Lin Ran we definitely don't mean that!"

"Right, right now the entire Immortal World is under the control of the Immortal Emperor, and only this Payload World is still safe!"

"If you leave here, the Immortal Emperor will definitely find someone to surround you!"

The Lord of the Alliance was busy saying.

"That's not just the right thing to do!"

Lin Ran, however, laughed.

"I've seen this great battle very clearly by now!"

"If it continues to drag on like this, when the Immortal Emperor has enough control, this Payload World won't be able to resist for long!"

"There's a saying that if the water is as clear as it can be, there will be no fish!"

"The situation in the Immortal World right now is just too clear! The situation is too obvious!"

"So, I'm going to muddy this pool of water for him!"

Lin Ran said as he looked towards the two Zhen Yan.

"I'll go out and set myself up, naturally claiming to be neutral!"

"With the Immortal Emperor's character, he naturally won't let me off the hook, so I'll be considered a master when the time comes, and I won't drag you guys here with me!"

"Of course, you may be worried that the Immortal Emperor is targeting me!"

"But I don't think that's possible at all, how could the Immortal Emperor come over personally for me alone!"

"And even if he comes over, I still have the flying shuttle! It's not necessarily true that he'll do anything about it!"

"But if he doesn't come over, all the people he's sent will have to die!"

“In that case, he’ll have to think twice if he wants to launch a final showdown!”

Lin Ran paused as he spoke.

Zhen Yan and the Lord of the Alliance, looked at each other with these thoughts in their eyes.

“Have you really thought about it?”

Zhen Yan suddenly looked at Lin Ran and said.

“Thought about it, it’s the only way to make me accept it too!”

“Honestly, think for yourselves, when the Anti-Alliance and the Immortal Emperor fought for so many years, why were these people left at the end of the fight!”

“Those who were weak, really deserved to die?”

Lin Ran asked.

Both Zhen Yan and the Lord of the Alliance were silent.

A moment later Zhen Yan said.

“You can’t blame the Lord of the Alliance for this matter, that’s how it is in the Immortal World!”

“I know, that’s why I chose to set myself up, so that at least so many people would not have to die before the final showdown came!”

Lin Ran said.

“If the final battle begins, we’ll still be on the same front!”

“All right!”

Zhen Yan refrained from persuading.

“Lin Ran, thank you!”

The Lord of the Alliance suddenly said.

“You have the right idea, it’s just a pity that I’m from the Immortal Realm, so there are times when I can’t go and change some things!”

“Thank you for standing up for yourself, and I thank you for those who are not as strong!”

The Lord of the Alliance said.

A leader of a party is not that easy to do!

How could the Lord of the Alliance not see through that.

It was just that there were times when you really got to this position and some decisions were out of your hands!

Lin Ran setting himself up would undoubtedly reduce his losses before the showdown by a lot!

“Senior, this is settled, I will find an opportunity to then announce this matter!”

Lin Ran said.

“Good!”

Zhen Yan and the Lord of the Alliance nodded their heads and said.

“Right seniors, I have one more thing to ask you two this time I’m here!”

Lin Ran said.

“Speak!”

“How can I find the stronghold of the Divine Shadow Clan in Chaos Space, Zun Lei said that Song Nuan’s physical body was likely to be in Chaos Space!”

“I have to go find her, besides is there a way to enter the Divine Shadow Clan!”

Lin Ran said.

“Enter the Divine Shadow Clan?”

Zhen Yan and the Lord of the Alliance were both stunned.

“Lin Ran this matter is no joke, the Divine Shadow Race is extremely dangerous and no one who goes in has ever come out alive!”

“That’s right! It’s not like no one has ever gone in there before, but none of them have come out alive so far!”

Both of them were shocked.

“I don’t have a choice! And I still have a doppelganger!”

Lin Ran said.

“It’s not a matter of splitting up!”

“Even if you go in with a split body, they’ll have the same means to exterminate all of your split bodies!”

“Lin Ran you can’t be impulsive, the Divine Shadow Clan is too dangerous, otherwise the Immortal Emperor wouldn’t have allowed them to survive around!”

The two men tried their best to persuade.

“I’m definitely not going now, I just want to know if there’s a way!”

Lin Ran looked at the two men with determination in his eyes.

“Naturally there is, we can send you in! But you have to think it over!”

“Well, we’ll talk about this later, how can I find out where Song Nuan’s physical body is!”

Lin Ran asked.

“This, I’m afraid you’ll have to take some time to find it slowly!”

Zhen Yan said.

“In Chaotic Space, there are actually many small worlds!”

“For example, the Payload World we’re in right now is actually in Chaos Space!”

“This is in Chaos Space?”

Lin Ran was stunned to hear this.

“That’s right!”

Zhen Yan nodded his head.

“Chaos Space is the origin of the Immortal World, and there are very many small worlds hidden in Chaos Space!”

“In the last Immortal Emperor War, many people who didn’t participate were hiding in these small worlds!”

“But that was only enough to hide from the Immortal Emperor War, if the Divine Shadow Clan really fought, the small worlds of Chaos Space wouldn’t be able to protect them!”

“Moreover, the people of the Divine Shadow Clan will also mingle in these small worlds from time to time in search of targets!”

“As far as I know, there is a small world in Chaos Space that is completely occupied by the Divine Shadow Clan!”

“They have transformed that place into a prison!”

“The people call it, Chaos Space Prison!”

“If you can find that place, you might be able to see Song Nuan’s physical body!”

Speaking of this, the Lord of the Alliance was busy reminding.

“Lin Ran Lei Zun should have told you that the flesh body can’t be too far away from the divine sense for too long!”

“Even if you find the flesh body, you won’t be able to take it away!”

“I know!”

Lin Ran nodded his head.

“So, I need you guys to help me enter the Divine Shadow Clan and find Song Nuan’s divine sense!”

“Of course, all of this will be after finding Song Nuan’s physical body!”

“Hey! You think about it first!”

Zhen Yan sighed helplessly.

The Divine Shadow Clan was not that easy to enter.

And even if you entered, it would be extremely hard to get out alive!

It could even be said that it was almost impossible, otherwise those who had entered the Divine Shadow Clan back then wouldn't have come out alive until now!

Lin Ran didn't say anything more.

For the time being, he was considered to have taken up residence in this Salar World.

Setting up one's own business was something that had to be done, but it was something that couldn't be rushed.

Lin Ran was not a reckless person, and before he decided to set up his own business, he had to find a good way out for himself!

And for this retreat, there was simply too much for him to prepare!

To call the shots against an Immortal Emperor, Lin Ran first had to ensure one thing, and that was his own retreat!

When you can't fight, being able to run is the most important thing!

Wonder Doctor Chapter 2170

Lin Ran was also considered to have taken up residence in the Salar World for the time being.

In Chaos Space, Lin Ran's doppelganger was still searching for traces of this Song Nuan.

Only after learning that there were also many small worlds within Chaos Space, Lin Ran was at least able to target his search.

The entire Chaos Space was so large that there were many small worlds within it, and each one of them was hidden very deep.

Trying to find the small world where Song Nuan's flesh was located was simply not something that could be solved overnight!

In the Immortal World, the disappearance of the Anti-Alliance also caused the Immortal World to enter a brief period of calm.

The Immortal Emperor was not in a hurry to deal with the Beast King Domain.

Instead, he sent people to rebuild the Anti-Alliance.

It was as if there was peace.

But no one was foolish, and behind the short-lived peace a conspiracy was brewing.

The world of Fire.

Lin Ran and the others took up residence in the Fire World.

A year, three years....

Time seemed to pass quickly without the war.

It seemed that many people had forgotten that Lin Ran had said that he wanted to set up his own business.

This morning, Lin Ran was sitting in the courtyard drinking tea.

Luo Qiqi suddenly ran in from outside.

“Lin Ran, found the last thing found!”

“Take it easy and sit down and talk!”

Lin Ran greeted, but a hint of joy flashed across his eyes.

He had waited for three years, and he had finally found it?

“Look!”

Luo Qiqi said as she fetched out a book.

The book was freshly bound, and it looked like it had just been made recently!

“This is the first half given by the other side, if you like it, we are going to exchange it for the whole set when the time comes!”

Luo Qiqi said excitedly.

Lin Ran took the books and saw four big words as soon as they entered his eyes.

“Red Snow Combination Formation!”

“Red Snow Combination Formation? How come I’ve never heard of it before!”

Lin Ran frowned.

This thing he wanted was a combined attack formation, it was just that many of the more famous combined attack formations within the Immortal Realm were not passed on!

It was the foundation of a clan.

Lin Ran couldn’t get those things, so he could only search from the folklore and wanted a powerful combined attack formation.

“Take a look first, the other two items will arrive in the next two days!”

Luo Qiqi laughed.

“Mm!”

Lin Ran nodded and swirled in defiance.

...

Ever since he had first decided to set up his own business, Lin Ran had started to prepare for it.

It was just that the things one needed were not that easy to find.

For this reason, Lin Ran had even taken out all of his entire body's accumulation.

He had asked Luo Qiqi to look for them throughout the entire Salar World, whether it was in exchange for them, or in exchange for things that others needed.

In order to find three things that would give him a complete foothold!

And this combined formation was one of them.

The Red Snow Combined Formation, a ten-man formation, can also be stacked with a hundred or a thousand!

It is taken from the essence of the Drifting Snow Formation, one of the three major formations of the Formation Sect.

This formation varies from person to person. Ten people from the Star Realm can fight against the Purple Sea.

Ten people from the Purple Sea can battle the Small Perfection.

A hundred people can fight against the Great Perfection.

A thousand people at the Great Perfection could battle the Immortal Realm!

When the formation came out, red snow filled the sky, and wherever it passed, blood flowed!

Just by looking at the introduction, Lin Ran could feel how shocking the aura was.

A thousand great perfectionists could battle the Immortal Realm!

With just this one sentence, it was already written how confident the person who created this Red Snow Combination Formation was in it.

"Who created this Red Snow Combined Formation?"

Lin Ran asked with curiosity in his heart.

"I don't know, I bought it from a bad old man who sets up a stall in front of the auction house every day!"

"But I have a feeling that he's not an ordinary person, at least many people at the Little Perfection realm don't mess with him!"

"But this person is very mysterious, not many people know about him!"

"I've gone and asked Zhen Yan, who doesn't seem to want to talk about it either!"

Luo Qiqi said.

"O?"

Lin Ran felt curious.

“Then what does he want?”

Lin Ran asked.

“This... He wants to have a drink with you!”

Luo Qiqi said awkwardly.

“Have a drink with me?”

Lin Ran was stunned.

“That’s right, but he said he wanted to go to the Drunken Immortal House for a drink, and that you’d pay for it!”

“Haha!”

Lin Ran couldn’t help but laugh.

“Let’s go this way!”

It was a strange man, and Lin Ran was curious as to why the other party wanted to drink with himself.

“Mmm!”

Luo Qiqi replied whirling and leading Lin Ran on his way.

The old man seemed to have expected Lin Ran to come to him.

He had waited at the entrance of the Drunken Immortal Building on the side early on.

Upon seeing the old man, Lin Ran couldn’t help but be stunned.

Although he was at the Minor Perfection realm, he was stronger than some Great Perfections!

It was simply impossible for an ordinary cultivator to hide their strength in front of him.

At least below the Immortal Realm, it was almost impossible for anyone other than those at the peak of Great Perfection!

But the strength of this old man in front of him was impervious to him.

Moreover, this old man was dishevelled and looked like a vagrant, which really made Lin Ran somewhat confused as to where the other party came from.

“Senior, he’s the one who wants to buy your stuff!”

Luo Qiqi said as she stepped forward.

“Ao! Is the money ready?”

The old man asked.

“Isn’t it a drink?”

Lin Ran asked with a smile.

“It’s drinking, but the wine at this Drunken Immortal’s House is not cheap!”

The old man laughed.

“Senior is willing to take the Hopping Formation in exchange, so naturally it’s enough!”

Lin Ran laughed.

“Haha, kid, you have a big mouth, that’s what you said, then I won’t be polite!”

The old man said as he turned around and walked in towards the Drunken Immortal Building.

Lin Ran smiled lightly and also followed him in.

Luo Qiqi spat out her tongue and followed closely behind.

A few moments later, a place near the window of the Drunken Immortal Building.

The old man took out a wine gourd with his backhand and slapped it directly onto the table.

“Little Two, serve three pots of Drunken Immortal Brew first, then fill up this wine gourd for me!”

“Got it!”

The little er on the side busily ran over, served the wine then left with the gourd.

Lin Ran looked at the old man and didn’t ask.

This kind of strange man, if he wanted to talk he would, otherwise he wouldn’t say anything even if he asked more!

“Kid, do you know what this Drunken Immortal Brew is made of?”

The old man looked at Lin Ran and asked with a smile.

At the same time, he poured himself a cup of wine and without saying a word, he directly drank it in one go.

Lin Ran could smell the faint fragrance of the wine.

But this wine, however, seemed very different, and the smell of it actually gave people an inexplicable sense of sadness.

“I don’t know!”

Lin Ran shook his head.

“Come and try a sip!”

The old man said and also poured a cup for Lin Ran, seemingly not caring about any etiquette at all.

Seeing this, Lin Ran was not polite and drank it down in one go.

The wine entered his mouth and instantly Lin Ran felt a tremor in his heart.

At this moment, he clearly felt as if he had lost contact with the entire world.

That feeling was lonely, lonely!

As if the people who mattered most to him had nothing to do with him anymore!

He didn't even know why he was alive.

The whole world was so far away from him.

That lonely, sad emotion bubbled up all of a sudden.

Lin Ran's eyes unconsciously got a little wet!

"Lin Ran!"

Luo Qiqi looked startled and hurriedly shouted.

The old man on the side, however, interrupted her and laughed.

"Let him have a good taste, this Drunken Immortal Brew is brewed from the leaves of Broken Karma!"

"Huh?"

Luo Qiqi froze at the words.

She knew very well what the Broken Cause Fruit was!

Because among the three things Lin Ran was looking for this time was this Broken Cause Fruit!
