

Chapter 2161: Unreachable

Jiang Yao knew she would not be able to get a response from Chen Feibai so quickly after they got into a fight, so she patiently went for a walk in the courtyard to watch the sunset.

Jiang Yao received a response from Chen Feibai after dinner. There was also a complaint from him.

[You must give me some medicine to suppress my rage. Zheng Yi is angry every day. She always roars at me when she speaks to me.]

Jiang Yao smiled and burst out laughing. She replied negatively and then dialed the phone number in the text message.

However...

Jiang Yao did not expect Chen Feitang's phone to be turned off.

It was already dark outside. Even if she could not use her phone during the army day, no one would be watching her when she returned to her dormitory after training.

Jiang Yao thought, 'Are Chen Feitang and Lu Xingzhi on a mission together?'

Jiang Yao returned Chen Feitang's call. When he picked up the phone, she heard another animal's cry on the other end. Jiang Yao was not surprised or scared in the least.

Chen Feibai would not be Chen Feibai if he did not devise some tricks.

Jiang Yao waited calmly for the animal's cry to die down before asking, "Did you ask your grandfather if Chen Feitang has been out on a mission recently? Her phone is turned off."

"How would I know?"

Chen Feibai's voice was flat because he realized Jiang Yao was not scared and was bored. "I am guessing the old man doesn't either. She joined the Lanning army without informing the old man. The old man was furious for a long time but paid no attention to her. He didn't even remember her phone number. It was even given to me by her parents. They claim that the old man has not paid attention to her in a long time. In other words, the old man has not looked at her in a long time. He has an ex-military dog. He goes out daily to walk the dog and look at the birds. Then he goes to find Old Master Liang and his old friends for tea and chess."

Chen Feibai chuckled when he said, "It's most likely because of me and Chen Feitang. The old man was hoping that I would marry and give birth to an heir for him as soon as I recovered. In the end, I ran away. Then, he was hoping to find a son-in-law for Chen Feitang. In the end, Chen Feitang also ran away. What do you want to ask Chen Feitang?"

"Xingzhi went to the Lanning army base a few days ago. I haven't been able to contact him for the past few days. However, I have something rather important to tell him, so I want to ask her about the situation at the Lanning unit." Jiang Yao did not hide anything from Chen Feibai. "Do you know about the murder of Zhou Xiaoxia's family in Yuan City?"

"I didn't know that.'

Chen Feibai was at the border, where news was relatively slow, so he had no idea what had happened in Yuan City. However, he was aware of the incident that had happened to Jiang Yao's roommate, so when he heard the news, he was astounded. "Murder? Four people in the family? Who was responsible? Why is he so insane?"

"We suspect that it's Qian Yunen. I also suspect that Qian Yunen is in Lanning now. He had attacked me before, but he failed. I don't want him to ambush Xingzhi in Lanning. I want to remind Lu Xingzhi to be wary of Qian Yunen," Jiang Yao said.

Even though she was not certain that the young master in Lanning was Qian Yunen, Jiang Yao still wanted to warn Lu Xingzhi to be wary of that person..

Chapter 2162: This Is Torture

Qian Yunen's schemes and methods were terrifying, even to Shao Fucheng.

"Qian Yunen? That little b*stard from the Qian family? I know him!" Chen Feibai said, "I've met Qian Yunen a few times. I've always thought he was sinister, especially how he looks at others. He always makes people feel uncomfortable."

Then, Chen Feibai said, "I'll call Chen Feitang's father to ask about the situation. I'll reply to you when I have news."

"Okay." Chen Feitang's father doted on his only daughter, so the old man paid attention to the happenings in her life. If Chen Feitang went on a mission, she should have informed her father before setting off.

Furthermore, they were in the same army base. Even though they were from different military regions, Chen Feitang's father was always a little more informed than her.

Chen Feibai's response was rather quick at the time. He returned a call to Jiang Yao in less than three minutes to confirm that Chen Feitang had been on a mission. However, he did not manage to find out what mission Chen Feitang was on. The mission contents were confidential, and Chen Feitang's father did not know either.

"Once they go on a mission, losing contact with them for three to five days is normal.

Sometimes, it goes on to ten days or even a month." Chen Feibai tried to comfort Jiang Yao. "Your husband is very competent. Don't worry about him. Qian Yunen won't be able to do anything to him. That man is skinny and pale. He is also strange and withdrawn. He likes to stay at home and read strange books all day long. He hates going out. Colonel Lu can pin him to the ground and beat him up with just a finger."

On the contrary, that kind of silent person was the most terrifying when they went crazy.

Jiang Yao said, "Forget it. It's useless for me to worry."

Despite that, Jiang Yao could not hide the worry on her face after hanging up the phone.

Jiang Yao's parents asked her a few questions. When they realized they could not get anything out of her, they did not dare to say anything for fear of putting pressure on Jiang Yao, who was already upset.

Jiang Yao held her phone and stared at Lu Xingzhi's phone number. She did not give up and dialed another number. When she heard the automatic message one got if the phone was turned off, Jiang Yao let out a long sigh. She said, "Damn it, son!"

Jiang Yao's mother patted the back of Jiang Yao's hand. She laughed so hard that she almost swallowed her saliva. "What did you say? That's your husband, not your son!"

"At the moment, I feel like a mother." Jiang Yao pouted and nodded as she touched her belly. "I'm worried that he will be in danger. I'm afraid that he will suffer when he is out on missions. Will he have enough to eat and wear? Is he injured? It's so cold in Lanning now."

If she were not pregnant, Jiang Yao would definitely buy the earliest flight ticket to Lanning. She would go to Lanning's army base to inquire about the situation. She would be the first to see Lu Xingzhi, who would have returned from the mission in perfect condition.

"This is torture!" Jiang Yao pulled her hair in annoyance as she muttered to herself. Love was something that could break one's heart.

When did she start to have such strong feelings for him? When had she ever been so concerned about someone as she did then? When was the last time she missed someone so much?

She was so worried that she was about to die!

Chapter 2163: He Moved

Jiang Yao touched the baby in her stomach, feeling very depressed.

"I wish I'm forgetful. Perhaps I'll forget about worrying about your father. I won't have to worry about anything. I'll just be here to welcome him home."

"You're too funny." Mrs. Jiang shook her head repeatedly, laughing so much that even the wrinkles on her face could be seen. "If your husband finds out what you said, do you think he will be angry with you? It means he has spoiled you so much that you even want to forget about him."

"Mom, why don't you see how torturous this is?" Jiang Yao curled her lips and rubbed her stomach. "Tell Grandma, am I right? Your father is terrible, right?"

Jiang Yao did not think the child would give her any answer, but she never expected that the child in her stomach would suddenly move. She did not know if it was a small hand or a small foot that lightly tapped on her palm. Jiang Yao was so shocked that she forgot to blink.

"Mom! Dad! The baby kicked me! He moved!" Jiang Yao returned to her senses and quickly pulled her mother's arm. She pulled Mrs. Jiang's hand and put it on her stomach. "Mom, touch it. The baby moved just now."

"Oh, really? Let me touch it!" Mrs. Jiang was excited and said, "You're four months along, and he's just moving now. I didn't expect the baby to move when his father was not even here. Let him touch your belly when he comes back."

However, the baby did not move after Mrs. Jiang put her hand on Jiang Yao's belly. She knew that it was normal.

She retracted her hand and continued to speak with Jiang Yao about the child. She also wanted to divert Jiang Yao's attention away from Lu Xingzhi.

"When I was pregnant with your big brother, your father put his hand on my stomach after your brother moved for the very first time. However, your father was terrified. I was only four months along when your father asked when the baby would come out." Mrs. Jiang still thought that the story was funny.

Jiang Yao touched his nose, feeling a little embarrassed. Everything was new and unknown when he became a father for the first time. That was why he had such a silly question.

Jiang Yao's eyes curved as she listened, and she could not help but laugh.

Her mood was much better.

She lowered her head and rubbed her stomach, saying, "Your father is a bad guy."

Just as Jiang Yao finished speaking, the baby kicked her again. She exclaimed in surprise. "When

I scold your father, you kick me. You agree with me, right? Lu Xingzhi is a big bad guy! Lu

Xingzhi is a big bad guy! Lu Xingzhi is a b*stard!"

"The baby is kicking you because he thinks you've been speaking nonsense." Mrs. Jiang smiled. "How can you say that to a baby?"

"That's nothing special. Maybe she wanted the baby to learn that while he's young," Mr. Jiang said teasingly.

Jiang Yao pouted and said, "I'm sleepy. I'm going to be. Dad and Mom, you should rest early too." Then, she got up.

After saying that, she rubbed her belly and returned to the bedroom. After Lu Xingzhi left, her parents stayed in the study, so it was easier for them to take care of Jiang Yao.

Jiang Yao unbuttoned her clothes and continued rubbing her belly as soon as she entered the bedroom. "Your father is a bad guy!" she said to the child through her stomach. "He's so bossy. He doesn't let me drink soda. I want to eat durian, but he looks like he's annoyed with me. When you're here, we'll eat durian together!"

Chapter 2164: How Interested Are You?

Jiang Yao was delighted when she felt the child's display of strength after she finished speaking. The child was her son, indeed. Her husband was not her son, so there was no need to consider him.

Jiang Yao smiled. She kept her hands on her belly as she fell asleep because of the child's vivacity.

She could endure her husband's absence because she had her son with her.

However, Jiang Yao's heart was still thinking about the man before she fell asleep.

She missed him so much, and he probably missed her as well.

The moon was cold, and the wind was blowing.

The curtains in the bedroom fluttered gently in the breeze, and swaying shadows danced on the floor.

The person in the bed did not sleep well. Her dreams haunted her for the entire night. When she awoke, she would panic and turn on the bedside lamp, sitting for a few minutes. Then she would sigh as she stared blankly at the empty side of the bed. She would lie down again.

Jiang Yao felt she did not get a good night's sleep after having nightmares for the entire night. Mrs. Jiang woke her up in the morning to have breakfast, and the dark circles under her eyes had already appeared. She did not feel very energetic. It was as if she had not gotten a good night's sleep the night before.

Mrs. Jiang asked, "Didn't you sleep early last night? Why do you still look like you have not slept enough?"

"I went to bed early but spent the entire night dreaming. I did not sleep well, so I was even more tired." Jiang Yao pressed her head against the dining table; her entire body seemed tired. "Once I fell asleep, I would have scary dreams. At one time, a monster opened its bloody mouth at me. Then, I dreamt that someone had snatched my newborn baby. I also dreamed about Xingzhi driving in a sandstorm in the desert. None of the dreams were good."

Jiang Yao's sleep had always been excellent, and because her body was well-nourished, she rarely had dreams when she slept, whether she was pregnant or not.

Her frequent dreams over the last two days were unlike anything she had ever had, and they were all bad.

After hearing that, Mrs. Jiang and Mr. Jiang's expressions froze. They thought it was a bad omen.

Mrs. Jiang was about to rejoice because Jiang Yao did not appear to be having such thoughts when she heard Jiang Yao say something.

"Mom, do you think it's an omen that something is about to happen?"

People said that nothing good ever came true; only bad things would. Just as Jiang Yao spoke, the cell phone she had left in the room suddenly rang.

Mr. Jiang glanced at Jiang Yao's room to get her cell phone. Mrs. Jiang stood beside Jiang Yao and scolded her for speaking nonsense. "Don't speak of nonsense in the morning."

Mr. Jiang walked quickly and handed the phone to Jiang Yao.

"It's an unknown number," Mr. Jiang said.

Jiang Yao looked at it and picked it up. "Hello."

"Jiang Yao." A man's voice suddenly came from the phone. The voice sounded strange, or rather, it sounded unpleasant. Jiang Yao could not tell the man's age from those two words.

"Who's this?" Jiang Yao asked.

"It doesn't matter who I am. The important thing is that I have Zhou Xiaocheng's body." The man laughed. "You don't seem to be interested in Zhou Xiaocheng's body. Then, how interested are you in Lu Xingzhi's?"

"What do you mean?" Jiang Yao's entire body stiffened, and her voice sounded hurried..

Chapter 2165: He's Tough

"I mean, Lu Xingzhi is in my hand. Do you want to see your husband again?" The man abruptly raised his voice. "If you do not believe me, I can hack off his leg or show you a hand at the army base entrance."

"No! I don't need it!" Jiang Yao almost shouted.

"Do not touch him!" said Jiang Yao, her voice shaking. "I do not want a crippled man. I won't want him if you do that."

"What a heartless person," the other party sneered. "Come, repeat it loudly and tell your husband what you said. I promise I will not touch him as long as you say it."

"I told you not to touch him. If he became disabled, I would not want him anymore. I won't stay married to a disabled man. Is that enough?" Jiang Yao gritted her teeth. "Are you satisfied?"

The man laughed. Then, he spoke to someone else. His phone was on speaker.

"Did you hear that, Young Master Lu? Your wife said she would not want you if you were crippled. This is the person you adored. Talk to her. Tell her you're in my hands."

Jiang Yao was nervous as she held the phone, not because she was afraid her words would hurt Lu Xingzhi, but because she was scared she would hear Lu Xingzhi's voice on the phone.

She was also concerned that she would not be able to hear Lu Xingzhi's voice.

If he was there, at least she knew where he was.

What if he was not there? Where would he be? Was he in any danger?

Was he safe?

"I told you to talk to your wife and child!"

The man did not wait for the person to speak before he kicked him. "You don't believe that I'd hack off your legs?"

On the phone, Jiang Yao could only hear the man's cursing voice and faint sounds of him hitting and kicking at someone, but she could not hear the person being hit at all.

Was it just for show? Was the person he kicked a sandbag? Was he trying to trick her?

After about ten seconds, Jiang Yao heard the man's exasperated voice again, "Your husband is such a tough guy!"

"Fine, he will not say anything. I will give you two options. First, I will send you his leg as proof. If you come here quickly with his leg, you might be able to save his life. Second, I will give you 36 hours. If you

do not arrive after 36 hours, I will hack him into pieces and send you two to three pounds of his flesh a day.

“Remember, 36 hours. Go to Lanning. When you arrive at the airport, my people will show you how to get here.”

Then, the other party hung up, leaving only a beeping sound on the other end of the line.

Jiang Yao gripped her phone, her palms drenched in a cold sweat.

“What did he say?” Mr. Jiang’s heart had been in his mouth since he heard Jiang Yao say she did not want a crippled man, and when he saw Jiang Yao’s expression after the call, he became even more concerned. “Yaoyao? Who was it? What did you mean when you said he was a cripple?”

Chapter 2166: I’m Not Surprised

“I’m not sure who it is, but he said Xingzhi is in his hands. He’s giving me 36 hours. If I don’t go there within 36 hours, he will hack Xingzhi into pieces and send me two to three pieces a day.” Jiang Yao’s teeth were trembling. “He said that Xingzhi is in his hands, but I did not hear his voice. I’m not sure if it’s true, and I’m not sure if he’s lying to me.”

Jiang Yao took a piece of tissue and wiped the sweat off her palms. Then, she held the tissue and calmed down.

She could not panic. Lu Xingzhi was not by her side. She had to make decisions about everything.

She was not the kind of person who would panic when something happened. She could handle everything by herself in the past, but she could still do it then. She could not become useless just because she relied too much on Lu Xingzhi.

“Dad, Mom, don’t be anxious. I’ll call Xingzhi’s brother and ask the Liang family to help find out where Xingzhi is. If Chen Feitang’s father did not know, Mr. Liang would definitely be able to find out.”

Jiang Yao had not even finished speaking when she dialed Liang Yueze’s number.

It was still early. Liang Yueze’s voice when he picked up the phone was still hoarse from being woken up. However, there was some seriousness in his voice.

He knew that Jiang Yao would not have called him so early if it were not an emergency.

“Big Brother, I just received a call from a man. He said that Xingzhi was in his hands. Xingzhi had been in Lanning for a few days, and his phone had been switched off. Help me check if Xingzhi is safe.” Jiang Yao spoke quickly, and it could be seen how anxious she was.

Liang Yueze woke up in an instant. “He said that Xingzhi is in his hands? Do you have evidence? Tell me slowly and in detail.”

Jiang Yao told him everything that man had said, including the fact that she did not know if the man she heard on the phone was real or fake, that he had punched and kicked another person. “He gave me 36 hours. He told Xingzhi to speak to me, but I didn’t hear his voice. But I heard the man doing something to someone.”

Liang Yueze nodded to himself. "I'll talk to my grandfather. Stay calm."

Liang Yueze hurriedly put on his clothes and went out of the bedroom. Fortunately, he had stayed at home last night, so he could find his grandfather, who had been practicing martial arts in the yard early in the morning.

The old man stopped when he saw Liang Yueze walking toward him in his pajamas. He asked, "Looking for me?" If he were not looking for him, Liang Yueze would not have appeared in the yard dressed like that.

"Something seems to have happened to Xingzhi. Jiang Yao just called me." Liang Yueze relayed

Jiang Yao's words to the old man. "I need you to call the Lanning unit to ask about the situation."

"Did she hear anything? She didn't hear his voice. Maybe the other party is lying." Old Master Liang shook his hand, but his brows furrowed.

"Given Xingzhi's personality, I'm not surprised that he would grit his teeth and not make a sound even if he were beaten to death," Liang Yueze said. "Jiang Yao is pregnant. Xingzhi won't allow her to go to Lanning alone."

Liang Yueze knew Lu Xingzhi would rather be beaten to death than let Jiang Yao know that he was there and take risks to see him.

After all, Jiang Yao was pregnant..

Chapter 2167: What's His Background?

"That's true." Old Master Liang nodded and walked back to the house as fast as he could. He immediately picked up the phone in the living room and made a call.

Old Master Liang had comrades in many army bases. For example, his other general friends were quite influential in any army base. Everyone respected him.

Liang Yueze watched Old Master Liang make the call. At first, Old Master Liang's tone was rather amiable, but he started to curse loudly toward the end. He even slammed his hand on the table. The sound woke the entire family.

Mr. Liang stood on the stairs; he looked annoyed. He wondered who had provoked his father's temper that morning.

After hanging up the phone, Old Master Liang said, "Make arrangements to go to Lanning immediately!"

"What's the situation over there?" Since they had to go to Lanning immediately, it meant that the situation was serious. Liang Yueze said, "Let Jiang Yao know if there's any news. Otherwise, the longer she waits, the more anxious she will be."

"It seems like one of the team leaders had made a mistake, and the entire team had fallen into the enemy's trap. Lu Xingzhi led another team to save them. However, the base lost contact with them too. Since the responsibility for the incident lies with the first captain, they had been suppressing the matter.

They have been trying to search for both teams. If I hadn't called to ask about this situation, they would keep it quiet for two more days. They would only report it if they still could not find them."

It is no wonder Old Master Liang was angry.

"What is the captain's background?" Mr. Liang came down from upstairs and asked.

"He's the nephew of the division commander," Old Master Liang replied.

"No wonder the whole team would risk their lives for him."

"Does he not care for other people's lives? Just because he wanted to protect his nephew's future? Even if he finds his nephew, there's no guarantee that he's alive." Mr. Liang sneered. Lu Xingzhi had lost contact with the base. How could the first person caught be treated better?

"Idiots!" Old Master Liang then went upstairs to change his clothes.

At least Old Master Liang and Mr. Liang would not do such a thing.

Putting aside the fact that the person was missing and his whereabouts were unknown, the most important thing was to find the person first.

Aside from the fact that the individual was missing and his whereabouts were unknown, the most important thing was to locate the individual first.

Furthermore, the captain made a mistake in judgment in that matter. Even though it was a significant responsibility, it was not an irreversible error.

The division commander had made a mistake. Eventually, someone else would have to take his position. There was no use for him to promote more nephews.

Old Master Liang changed his clothes and asked someone to arrange for him to go to Lanning. Liang Yueze informed Jiang Yao of the news that Old Master Liang had learned.

It was an indisputable fact that Lu Xingzhi's whereabouts were unknown. However, it was still unclear where Lu Xingzhi was and whether he was in the hands of the person who had called Jiang Yao.

"My father and I will set off for Lanning now. Thirty-six hours is enough for now. You should stay at the army base and wait for our news. If it doesn't work out, we will contact you again. We will talk about the arrangements when the time comes." Liang Yueze meant for Jiang Yao to only come to Lanning as a last resort..

Chapter 2168: I Know About It

After all, Lanning was not a developed city like Jindo City. There were all sorts of people there.

Liang Yueze still had some things to prepare, so he hurriedly hung up the phone.

Jiang Yao was restless. Waiting was probably the most difficult thing.

"Since the Liang family wants you to wait, you'll have to wait patiently." The Liang family is competent. They will find out what's going on." Mrs. Jiang could only suppress the worry in her heart when she saw Jiang Yao moving around like she was on pins and needles. She had to comfort Jiang Yao. She was an old

woman. Jiang Yao would be even more anxious because of her influence if she were anxious. Support our FreeWebNovel.c0m

“Ask your mother to heat some breakfast for you. Your baby needs to eat.” Mr. Jiang pushed his wife and asked Mrs. Jiang to go to the kitchen to warm up the breakfast that had been prepared earlier.

Jiang Yao did not hear what her parents were saying at all. She was thinking about something. However, when she heard her father talking, she subconsciously nodded.

Jiang Yao reasoned that the more people there were to assist, the better. So she called Du Chen again and asked him to find out what he could about Lanning’s situation. Du Chen had many connections. He might be able to find out more information.

After she called Du Chen, Jiang Yao went all out.

Nothing was more important than Lu Xingzhi. Furthermore, there were many people following him.

Therefore, Jiang Yao only hesitated for a few seconds before giving Cheng Jinyan a call. Cheng Jinyan knew that something had happened to Lu Xingzhi, so she did not say anything more. He immediately agreed and mobilized all the members of the Cheng family to investigate the situation. Then, he hurriedly hung up the phone.

Cheng Jinyan came out of the room hurriedly and met Master Cheng. He was about to speak when Master Cheng raised his hand to stop him.

“Du Chen was worried she wouldn’t tell us, so he called me just now.” Master Cheng said, “Don’t let her know about that. Du Chen also came to me because he thinks our family can do more than him. Maybe we can help.”

Then, Master Cheng sneered. “How dare they touch my son-in-law? Are they tired of living?”

The corner of Cheng Jinyan’s mouth curled. “My sister is not in a good mood right now. I’ll get Xiao Nian to accompany her for a while.”

“All right.” Master Cheng nodded, agreeing that it was a good idea.

Jiang Yao calmed down after she had done everything she could do. Mrs. Jiang set the fried eggs on the table and invited everyone to eat. Jiang Yao got up from the sofa only then. Her steps were shaky as she approached the dining table.

The entire family did not have much interest in eating. However, there was still a cat at home that was still very enthusiastic about eating.

When Mrs. Jiang called for breakfast, Moe jumped out of his lair with a whoosh. In the blink of an eye, he stood on the dining table and stretched his paw. Then, he glanced at Jiang Yao and said, “I want to eat that!”

Jiang Yao said, “Oh.” She reached out, picked up a piece, and placed it in front of Moe. She put her spoon back, and when she reached for the vegetables, she suddenly paused, and then she looked back at Moe.

“How could I have forgotten such an important thing!”

Jiang Yao slapped her thigh. She was almost in tears due to her excitement.

Jiang Yao was so frustrated that she wanted to slap herself. How could she have forgotten that she could locate Lu Xingzhi’s location through the medical system?.

Chapter 2169: The Map

As long as Lu Xingzhi was still alive, she could locate Lu Xingzhi’s approximate location!

Moe had given her such a useful item, yet she did not know how to use it.

She had operated on Lu Xingzhi, so the medical system could locate Lu Xingzhi’s location!

“Moe, I think I’ll buy you the game console you want when Lu Xingzhi comes back!” Jiang Yao happily hugged Moe and kissed him. “I’ve never loved you like that before!”

Moe was dumbfounded by Jiang Yao’s kiss. Mr. Jiang and Mrs. Jiang were also frightened by Jiang Yao’s words and actions.

Jiang Yao lowered her head and quickly finished the porridge in her bowl. She quickly put down her bowl and spoon. “Dad, Mom, I’ll go to the bedroom for a while. You guys should continue to eat!”

After saying that, Jiang Yao jogged all the way back to the bedroom. To prevent her parents in the living room from suspecting her, she did not lock the door behind her.

Jiang Yao entered the medical system and immediately called out to the System Admin. “Give me Lu Xingzhi’s location.”Support our Bonnovel.c0m

After Jiang Yao got the coordinates, she exited the medical system. She quickly left the bedroom and ran toward the study, frantically looking for the map.

Mr. Jiang hurriedly followed her into the study. Seeing Jiang Yao rummaging through the cabinets, he asked, “What are you looking for?” Tell me, and I will help you look for it.’

“A map! A map of the country,” Jiang Yao said. “I remember that Xingzhi’s study room has a huge detailed map of the country.”

“There it is! I saw him place it on the top of the bookshelf the other day. It was the highest place.” Mr. Jiang was only about 1.7 meters tall. That was considered a relatively normal height among southern boys. Mr. Jiang went to fetch a chair before taking the map for Jiang Yao.

“Thank you, Dad. Be careful.” Jiang Yao carefully supported Mr. Jiang. After her father’s feet were on the ground, she laid the map flat on the desk and began to look for it according to the coordinates. Finally, her fingertips stopped at a point.

That point was a small town. That town no longer belonged to Lanning City but was connected to Lanning City. It was the only way to go to the neighboring city.

The coordinates could only provide a rough location; they could not provide a more precise location.

However, Jiang Yao believed that it should suffice. The Liang and Cheng families should be able to find the location where Lu Xingzhi was imprisoned using that information.

“What are you looking at?” Mr. Jiang saw that Jiang Yao was almost burying her face on the map. He was afraid that Jiang Yao would act recklessly. The map was too big and covered the table, so she would not be able to see the corner of the table and might bump into it, so he put his hands on the corner of the table.

She noticed her father’s action, and her heart warmed. She raised her head and smiled at her father. “Dad, I’m fine. I know my limit.”

Jiang Yao took a step forward and hugged Mr. Jiang. “I’m sorry for worrying Mom and you.”

“Of course.” Mr. Jiang’s heart softened after his daughter hugged him. That was why it was always better to have a daughter than a son. His daughter would act coquettishly. Even a hug would make an old father like him feel warm in the heart.

She did not tell him with certainty because she feared that her father would not understand. Mr. Jiang helped her tidy the map in the study and put it back where it belonged. She returned to the bedroom and picked up her phone to call Liang Yueze.

When Liang Yueze received the call from Jiang Yao, he assumed that Jiang Yao could no longer wait. He was about to ask Jiang Yao to be patient, but Jiang Yao’s excited voice cut him off before he could say anything..

Chapter 2170: It Makes Sense

“I will book a plane ticket. Xingzhi is in the small town that borders Lanning. The name of the town is Danmu Town. From now on, you have 36 hours to find him and bring him out! If you find Xingzhi before I arrive at Lanning, I won’t get off the plane when I arrive at the airport. I will wait for you to pick me up from the plane. If you haven’t found him by the time I arrive, I will try my best to stall for time. I can’t let them do anything to Xingzhi.”

Liang Yueze did not question Jiang Yao about how she had unexpectedly confirmed the location of Lu Xingzhi because he trusted Jiang Yao. Furthermore, that was related to Lu Xingzhi’s safety.

Everyone had their own secrets. As friends, they did not have to dig them out.

“It’s best if you could send someone to bring my pet to Danmu Town with you. Moe’s nose is very sensitive. He is familiar with Xingzhi’s smell. He can help you find Xingzhi faster,” Jiang Yao said.

“Sure, I will arrange for someone to pick Moe up. I will also send you some communication devices and some armors. If we can’t find Xingzhi in 36 hours, you must always keep in touch with us. I will help you book your ticket. I will arrange for someone to sit with you. They will be around to ensure your safety on the plane.”

“Okay!” Jiang Yao responded quickly, but then she remembered something. Before hanging up the phone, she said, “I asked Master Cheng to help. Don’t let your people go against his people. Contact Master Cheng and then act together. Master Cheng’s people have their benefits. Most of them are from

Luo City, so no one will notice them. Perhaps they can first go to the small town to inquire about the situation there, and your people can enter the small town after that.'

Jiang Yao had never been to Danmu Town, so she had no idea how large it was. Some small towns were smaller, and the fewer people there were, the more united and xenophobic the townspeople were.

The Liang family members were quite different from the people in Lanning. They were mostly soldiers, so they had their own temperaments. They would stand out as soon as they stood in the crowd; other people would be wary of them.

"Okay." After Liang Yueze hung up the phone, he told Old Master Liang about Jiang Yao's plans.

"She asked the Cheng family for help. It seems like she's scared."

Old Master Liang nodded. "It's good that she asked the Cheng family for help. It makes sense."

The person Liang Yueze sent to pick up Moe arrived at the same time as Cheng Jinnian. Cheng Jinnian could not enter the army base, so Mr. Jiang went to pick him up.

"Sister!" Cheng Jinnian pounced on Jiang Yao as soon as he saw her. "I'll go to Lanning with you tomorrow! Father told Old Master Liang that I am a child. Those bastards might let me go with you if you bring me along. Ordinary people tend to look down on children, but I'm actually quite good."

Cheng Jinnian said, "My marksmanship is excellent!"

"No matter how good your marksmanship is, you're not allowed to go!" Jiang Yao replied to

Cheng Jinnian as the person that the Liang family had sent taught her how to use the devices. Even though most people were not vigilant against children, the young would be vulnerable in a fight. Children had little strength, and once they fought in close quarters, there was almost no chance of turning the situation around..
