

Chapter 2169– 2170 of A Dish Best Served Cold Novel

Chapter 2169

Noirfork today may be quite calm.

However, the two giants of the Lu family and the Xu family, for Ericson and others, are undoubtedly two guillotines hanging above the entire Noirfork.

No one knows when this guillotine will fall.

Therefore, Mark chose to hold the wedding at this time, and Ericson felt that it was naturally inappropriate.

“Disruption?” “Are you talking about the two giants of Gritsberg?” “If this is the case, then my wedding must be done even more.”

“At that time, if they want to come, I’ll leave Mark with me. Ying.”

Mark smiled faintly, but the chill in his words was as sharp as a knife.

When Ericson heard this, the corners of his eyes twitched fiercely.

Sure enough, he knew that once Mr. Chu decided something, no one would be able to persuade him.

No way, this life, Ericson can only bite the bullet next.

“But Mr. Chu, how big are you planning for this wedding?” “Are you just inviting some relatives and friends to gather for a meal, or...”

“Ericson tends to do things small. Now it is a troubled time. Ericson thinks it is better to put more energy on dealing with the upcoming revenge of Lu and Xu. As for the formal things like weddings, It’s just a cutscene. However, Mark put down his teacup and smiled proudly: “Naturally, I want to invite the Noirfork folks to gather in Wrifill.

“This time, I’m going to have a brilliant wedding for Helen!”

“Ericson’s face turned pale when he heard the words. Although he was a little worried, how could he dare to disobey Mark’s meaning. He could only do what Mark said. Of course, in addition to buying a wedding for Mark. On the side of Yunding Mountain, the

renovation work began. Mark's villa was destroyed and only one could be rebuilt. Of course, Mark and the others were not idle during this period. Three days later it was the wedding, and many things were not there yet. Preparation. Even though most of the work is handed over to Ericson, the wedding invitation list, selection of wedding dresses, and wedding photos still need to be done by Mark and Helen Qiu. "Mark, this is the bridal shop. Up.

"Miss Li introduced us to this one."

"At this moment, in front of a luxurious bridal shop, Helen Qiu was holding Mark's arms, but she said happily. Due to time constraints, it was impossible to customize wedding dresses. Therefore, Helen Qiu only I can buy some ready-made ones. However, even though Mark and Helen Qiu were married, they still don't know anything about wedding dresses. In the end, it was Ericson's sister, and Li Xueqi introduced them to a good bridal shop. Li There are many businesses in the family, including wedding dress customization. Li Xueqi is responsible for this part, so I naturally understand the choice of wedding dresses. Today, Mark specially called Li Xueqi to accompany her to choose wedding dresses. "Mark, let's go in first. Let's see.

"Miss Li probably will have to wait a while to arrive."

"Since the agreed time was three o'clock in the afternoon, Mark and the others arrived half an hour earlier. Helen Qiu, who was waiting impatiently, took Mark in to see it. However, who would have thought that they had just walked to the door, two A riotous kid didn't pay attention, and ran into Helen Qiu. "Helen, be careful.

"

Upon seeing this, Mark quickly pulled Helen Qiu a handful.

Although Helen Qiu avoided it, the child bumped into Mark's body, and the milk tea in the cup suddenly spilled over Mark's body.

Chapter 2170

Seeing that they were in trouble, the two children seemed to be afraid, so they turned their heads and ran away, but they didn't say sorry.

"Mark, are you okay?" "Would you like to go home and change clothes."

Helen Qiu quickly took out a tissue and helped Mark wipe the milk stains on his clothes.

Mark smiled and said, "It's okay."

"Go to the bathroom and wipe it with water."

"Let's go, let's go in."

It was just a bit of stained clothes, Mark didn't care.

Mark has never been very concerned about clothing and other things.

Even though it is Mr. Chu who is swaying Noifork now, Mark's clothes are still ordinary.

The clothes are just comfortable, so there is no need to pursue luxury brands.

It was because of Mark's mentality that it had an invisibly affected Helen Qiu's dressing taste.

In the past, when she was with Susie, she used to buy everything.

Specially choose the kind of international big name!

At that time, Helen Qiu was still a squeezed descendant in the Qiu family. Even if the funds on hand were tight, even if she didn't buy clothes, she still dismissed the popular cheap brands.

But later, Mark became the respect of Noifork, and she moved into the Villa at Yunding Mountain and became the president of the Hundred Billion Group.

For Helen Qiu at this time, money had become the cheapest thing.

Therefore, her mentality has also changed.

Just like Mark, he no longer pursues any luxury brands, everything is simple and comfortable.

This is how people are, the more they lack, the more deliberately they will behave.

When one day there is no longer lack, I don't care so much.

In the bridal shop, the melodious music echoed.

The silver-white marble floor creates a luxurious and holy atmosphere for the entire hall.

From the design and decoration of this bridal shop, it is sufficient to judge that this is a high-end bridal shop for the upper class.

At this time, there are not many customers in the store.

Several shopping guides wearing skirts gathered at the door and chatted.

"No order was sold today."

“It’s almost at the end of the month. I’m afraid this month’s commission will have to be cut a lot more than last month.”

The speaker was Chen Wenwen, with a pretty face and tall stature. In this group of shopping guides Among the staff, it stands out from the crowd.

“Wenwen, you are content. This month is your best performance. You are still complaining, that people who haven’t sold one for a month, can’t find a place to sew in?” “Yeah, I haven’t sold a single order in a month, it’s really stupid.”

“That’s it, still a college student? Not shameful enough.”

“An unknown pheasant university, what a college student~” The girls smiled slightly sarcastically, and while they were speaking, they looked forward intentionally or unintentionally.

There was a young girl who was cleaning the stains on the floor.

She turned a blind eye to the sarcasm of the colleagues around her, but lowered her head deeper.

“Here’s here.”

“I’m here.”

While talking, footsteps came from outside.

Helen Qiu walked into the bridal shop holding Mark’s arms.

Chen Wenwen’s smiling face just appeared, but after seeing the clothes of Mark and Helen Qiu, the smile suddenly disappeared.

Especially seeing the white milk stains on the man’s body, a touch of disgust appeared in his eyebrows.

“If you borrow the toilet, go out and turn right.”

“There are public toilets there. No money.”
