## Chapter 2171

When they do this kind of sales, they have seen more people, and they naturally know who enters the store to buy wedding dresses, and who enters the store just to have a casual look, and some people enter the store purely to borrow the toilet.

Yes, the two people in front of them are naturally classified by Chen Wenwen in the last category.

You know, their Xinxin bridal shop is a high-end place. The wedding dresses in it are all international brands. The price of hundreds of thousands of them is not affordable for ordinary people.

On the other hand, the dressing of the two people in front of them is ordinary, it is estimated that they are about one or two hundred local stalls.

Especially the man, who didn't know that his clothes hadn't been washed for hundreds of years, there was still a puddle of ugly stains.

At the first glance Chen Wenwen saw it, she was disgusted and contemptuous, and directly asked them to go out and turn right.

Chen Wenwen's attitude made Mark frown.

However, they also ignored Chen Wenwen and walked straight to the store, along the corridor to start choosing wedding dresses.

"I'm going, what's the matter with you guys?" "When I said that I borrowed the toilet, I went out and turned right. How could I go forward?" "Why don't you pay me back?" Chen Wenwen was angry when he saw Mark and the two ignored him. His pretty face was green, and he immediately chased after him and then scolded.

However, Helen Qiu was not angry about Chen Wenwen's attitude, but politely smiled: "We don't borrow the toilet. My husband and I are getting married soon. Come and choose a wedding dress."

"Then I'm even more sorry, we Xinxin Bridal Shop only sells wedding dresses, not for rent. If you want to rent wedding dresses, go out and turn left. There is a rudimentary

bridal shop over there. The wedding dresses in it can be rented. They are very cheap.” Chen Wenwen almost subconsciously thought that they It is to rent a wedding dress.

Think about it, how can they afford a wedding dress just like this.

If you rent a wedding dress, it's much cheaper.

“Then you are afraid of misunderstanding, we do not rent wedding dresses, but plan to buy them.”

Mark said lightly.

“Huh?” “Do you want to buy at full price?” Chen Wenwen re-evaluated the couple in front of her, and finally shook her head.

“Okay, if you want to buy it, then just take a look.”

“However, remind you that you can only watch and don't touch it.”

However, since people say that they want to buy a wedding dress, Chen Wenwen naturally can't drive them away.

Even Chen Wenwen thinks they are just talking.

She does not think that the two in front of her can afford the wedding dress here.

It is estimated that they will be scared off by the price here soon.

While talking, outside the bridal shop, there was the sound of cars.

Immediately afterwards, a young woman with heavy make-up and an lv bag walked in.

This woman is dressed glamorously and closely follows the fashion trend, just like an urban beauty.

The moment she saw this woman, Chen Wenwen's pretty face was filled with smiles, and she greeted her with flattering eyes.

“Miss Zhang, you are here.”

“Please come in quickly.”

“Our shop just came in yesterday with a batch of the latest wedding dresses. I'll take you over to take a look.”

Chen Wenwen seems to know this gorgeously dressed woman. Zhong is full of enthusiasm and flattery, which is in sharp contrast to the previous attitude towards Mark.

“En.”

The gorgeous woman took off her sunglasses, nodded, and followed Chen Wenwen around the bridal shop.

As for Mark and Helen Qiu, they were ignored.

## Chapter 2172 the little girl

That's good, and it's clean.

In this way, Mark accompanied Helen Qiu, strolling in this luxurious bridal shop.

The variety in this bridal shop is quite complete.

But most of them are the holy and white wedding dresses in the West, but Vietnamese styles are rarely seen.

“Where is the shopping guide?” “Don't you have any Vietnamese wedding dresses here?” After shopping for a while, Mark asked the guide to buy them, asking where to hang the Vietnamese wedding dresses.

However, what is embarrassing is that Mark shouted for a long time, but no one paid any attention to them.

Those shopping guides have all gone to greet other customers, and people like Mark in shabby clothes naturally no one wants to waste time on them.

Just when Mark was a little unhappy, Helen Qiu suddenly pulled Mark, and said in surprise: “Mark, look over there.”

Mark followed Helen Qiu's gaze, and saw only one in the middle of the hall. The red wedding dress was hanging high.

The gorgeous red color resembles a dazzling firework, coupled with jewelry inlaid with gold and jade, looks like a peerless handicraft from a distance.

The first time Helen Qiu saw it, she was deeply attracted, and then Lianbu moved lightly and ran over.

“Miss, do you like this wedding dress too?” “Under the anthurium, the black silk robe, the phoenix crown and the rosy silk, it's so awkward.”

“Although Western-style wedding dresses are prevalent in Vietnam today, in terms of nobility and elegance, no wedding dress can match. Our Huaxia has been passed down for thousands of years, Phoenix Crown and Xia Lai!” “Jiaojiao is full of national beauty,

slowly moving the lotus. The appearance is like a king, and the face is like a Chu girl. Flower-like explanation,

Like jade and fragrant.

“Any woman, when wearing it and standing at a wedding, she is the most dazzling and charming existence in that world.

“In the ear, a woman suddenly heard, with a soft and subtle voice, like a nightingale’s soft cry, with a bit of youthfulness and shyness of entering society. This girl is just a college student who has just been ridiculed by Chen Wenwen and others. , Tan Xiaojing. She had just cleaned the stains on the floor, and when she saw Mark and Helen Qiu were unattended, she walked up enthusiastically and patiently introduced the wedding dress in front of them. Even Tan Xiaojing thought, Mark and the others just came over to take a look and see the world in order to feast their eyes. However, this does not affect Tan Xiaojing’s enthusiasm and sincerity to them. In her opinion, any person who yearns for beauty should not be disappointed. Sure enough, under the patient introduction of Tan Xiaojing, Helen Qiu became more and more excited. “How much is this wedding dress?

“Helen Qiu has decided to buy this wedding dress. Tan Xiaojing knew that Helen Qiu was just asking casually, but she still smiled sincerely: “Sister, this wedding dress is very expensive.

“My salary for ten years, I’m afraid I can’t afford this wedding dress.”

” “is it?

Helen Qiu smiled back and asked casually. Tan Xiaojing nodded: “Well, this should be the most expensive wedding dress in our shop.

“The price is in seven figures.”

“But sister, don’t be discouraged.”

“We are still young, and time is our greatest capital.”

“Perhaps, we don’t have the ability to get the beauty we want, we can only stand by and watch from a distance.

“But I believe that as long as we work hard, we will be able to get everything we want in the future.”

“Tan Xiaojing said these words not only to Helen Qiu and Mark, but also to herself. Like Helen Qiu, she really likes this wedding dress. She is also like Helen Qiu and hopes to wear it when she gets married. Put it on it and stand in front of the man you like. But now they are really too small compared to those who came from rich and powerful. They are

small, like a dust. They are so small that they like the wedding dress. It's an impenetrable existence.

Tan Xiaojing knew that Helen Qiu just asked casually, but she still smiled sincerely: "Sister, this wedding dress is very expensive and expensive."

"My salary for ten years, I'm afraid I can't afford this wedding dress."

"Is it true? Helen Qiu smiled back and asked casually.

Tan Xiaojing nodded: "Well, this should be the most expensive wedding dress in our shop."

"The price is in seven figures."

"But sister, don't be discouraged."

"We are still young, and time is our greatest capital."

"Perhaps, we don't have the ability to get the beauty we want. We can only stand by and watch it from a distance."

"But I believe that as long as we work hard, we will be able to get everything we want in the future."

These words, Tan Xiaojing not only told Helen Qiu and Mark, but also told herself.

Like Helen Qiu, she really likes this wedding dress, and like Helen Qiu, she hopes to wear it and stand in front of the man she likes when she gets married.

However, compared with those who came from rich and powerful families, they are really too small.

Tiny, like dust.

The wedding dress that is so small that they like it is also something they can't wait for.
