

## Wonder Doctor Chapter 2171

“Ex don’t, this...”

Luo Qiqi looked at the old man and wanted to ask something.

Instead, the old man waved his hand, seemingly unwilling to say more!

Seeing this, Luo Qiqi had no choice but to say nothing more.

The wetness in Lin Ran’s eyes lasted for a long time before it finally dissipated completely.

The moment the wine glass was put down, Lin Ran then felt as if he had reconnected with the entire world!

“Senior, this Drunken Immortal Brew is truly a good wine, I wonder what this is made from.”

“Leaves of broken cause and effect!”

Luo Qiqi, who was at the side, busily said.

“Leaves that break the cause and effect?”

Lin Ran was stunned to hear this.

“You, senior.”

“This Drunken Immortal Brew from the Drunken Immortal House is the only place in the entire Payload World that has such leaves!”

The old man laughed.

“The Broken Cause Fruit bears fruit once every three years, and there is only one fruit at a time!”

“Because the value is so high, no one is willing to use it to make wine!”

“So there was a way to make wine from the leaves of the Broken Cause Fruit!”

“How does this Broken Cause feel?”

“Senior, who exactly are you?”

Lin Ran looked at the old man in front of him with excitement in his eyes.

One of the items that he wanted was the Broken Cause Fruit.

And this old man was clearly hinting at something when he asked himself to drink this Drunken Immortal’s Brew!

“It doesn’t matter who I am, what matters is that I want to see who you are!”

The old man said and took out three brocade boxes with his backhand.

Each box was only the size of a palm, but the carvings were exquisite.

At first glance, they were the kind that were worth a great deal of money.

“I have brought all three things you want, but to get him, you have to tell me who you are!”

“And it has to be specific!”

The old man laughed blandly.

There was a domineering aura in his words that could not be refuted.

Lin Ran did not open his mouth and fell into silence!

Luo Qiqi on the side also looked dumbfounded, the situation was obvious, the things he was looking for on Lin Ran’s behalf were actually in this old man’s hands!

After a full moment, Lin Ran finally spoke.

“My name is Lin Ran, and I come from a small world!”

“That place of mine doesn’t belong.”

Lin Ran opened his mouth and recounted.

He had to get these three things for himself.

Moreover, this old man was so bashful in the face of himself that he wasn’t even afraid of killing himself.

Clearly the strength was extraordinary.

And most importantly, from the moment the shop boy took the wine gourd to now!

It must have been at least ten minutes, and that wine gourd had actually never been taken back!

It was obviously not filled to the brim.

All this implied that this old man was of extraordinary strength!

Lin Ran had also figured out that there was actually nothing left to hide about his identity!

By the time he had completely confronted the Immortal Emperor, all the information would still have to be dug out!

Lin Ran spoke for a full hour in one breath!

Luo Qiqi at the side listened with her eyes red for much of the time.

Especially when she heard about her own father’s brother.

How many years had passed in a flash, but she was now trapped here.

If she did go back one day, would she still be able to see her family?

Luo Qiqi did not dare to think about it.

“Senior, that’s all!”

Finally Lin Ran stopped telling.

He himself had said almost everything he could say, even including his own doppelganger.

He wanted to buy this Broken Cause and Effect just for the sake of his doppelganger, so there was nothing to hide!

“Hm!”

“Your boy’s matter is quite touching!”

The old man laughed.

“Tell you what, seeing that you kid is quite like me back then, I’ll be giving you one thing!”

“But you can’t take it for nothing either!”

“Add another gourd of wine for me!”

The old man said as he flipped his hand and took out another wine gourd!

“Little Two! Fill up this gourd too!”

“Huh?”

The shop boy at the side looked confused.

“Old man, what’s this gourd made of, I’ve filled the last pot!”

“Silly boy, this one gourd of mine can fill at least half a day’s worth of your place!”

“Take your time filling it!”

The old man laughed.

Having said that, he fished out a fourth brocade box from his arms!

“Kid, these first three, count on you paying for them!”

“This fourth one, count it as a gift from me!”

“Take the stuff and go!”

“Senior!”

Lin Ran got up and bowed at the old man.

“Senior’s gift Lin Ran will certainly not forget!”

“Come on, what’s the use of not forgetting, the old man can still follow you here in the future!”

“If you really want to, just save some money in this Drunken Immortal House, so that the old man can come and drink for free every time!”

The old man laughed.

“Senior is joking, naturally there is no problem!”

Lin Ran said as he flipped his hand and took out a crystal stone and threw it to the electric junior at the side!

When Xiao Er saw the crystal stone, his entire body froze.

“In the future, when this senior comes to drink, he shouldn’t have to pay for it!”

Lin Ran smiled and said.

“No need! No need! This is.”

“Alright kid, you go first! I still have to wait for my wine!”

The old man said and slumped down in his chair, snoring without yawning twice.

Lin Ran saw this and smiled helplessly, then took Luo Qiqi and returned to his residence.

In the courtyard, Lin Ran had the four of them in his room.

In the courtyard, Lin Ran placed four wooden boxes in front of him.

Three of them he had already roughly guessed what they were, but this last one was the only one he was a little confused about.

“Hurry up and take a look!”

Luo Qiqi said excitedly.

Lin Ran nodded, then waved his hand and arranged a formation to envelop the entire courtyard.

Then he began to open the brocade boxes!

The first one to be opened was the first brocade box.

The moment this brocade box was opened, one only saw a building only the size of a palm appear in front of oneself.

This building was a beautifully shaped mansion!

The entire mansion was beautifully shaped and imposing, looking quite like an immortal mansion.

However, this mansion was different from ordinary mansions.

It was obviously larger and more generous in shape!

Apart from being a little smaller, everything else made Lin Ran happy.

“A good mansion!”

Lin Ran looked at the mansion with great satisfaction.

With a wave of his palm, Lin Ran instantly refined the mansion.

“Out!”

With a thought, the mansion instantly appeared out of thin air, the size of it taking up almost the entire courtyard.

But Lin Ran could feel that this scale was still not the maximum size of the mansion!

It could still be bigger!

Feeling the thick aura that only came out of the mansion, Lin Ran smiled in satisfaction and then put it away.

“The second piece!”

Lin Ran looked towards the second brocade box, and with a wave of his palm, the box instantly flew over.

When the box was opened, a book was revealed inside.

On it were four big words, “Red Snow Combination Formation!”

This book was obviously even older, the whole book was already yellowed and even a little torn in places.

However, the ancient simplicity that greeted him still made Lin Ran feel as if he was hearing the sound of a thousand armies galloping into battle.

“The formation intent is so powerful, good stuff good stuff!”

Lin Ran exclaimed, waving his hand and taking the formation away.

“The third one!”

Lin Ran looked towards the third brocade box and took it with a wave of his hand directly without any nonsense.

And once again when the brocade box was opened, there was a green coloured fruit inside!

What else was it if not a Cause Breaking Fruit!

“Break the cause! Break the cause and the effect!”

“If I eat this fruit, I’ll be completely me from now on!”

A bitter smile appeared at the corner of Lin Ran’s mouth!

### **Wonder Doctor Chapter 2172**

Three items, the Mansion, the Red Snow Formation and the Broken Cause and Effect.

Each of these items was the result of Lin Ran’s careful consideration.

If he wanted to set up his own business, he would not need a mansion, and he had to fight against a power as big as the Immortal Emperor.

One couldn’t even have a place to stay.

As for the Combined Strike Formation, that was his capital to fight against the Immortal Emperor's seated group of great powers.

And this Cause Breaker was actually for the doppelganger!

The doppelganger was walking in chaotic space and would have to go deeper into the Divine Shadow Race in the future.

If he couldn't sever the connection between the two original bodies, he would probably not even have a chance to turn over once he encountered danger in the future!

"Aren't you eating now?"

Luo Qiqi asked as she sat on the side.

"There's no rush!"

Lin Ran put the Broken Cause Fruit aside.

"It's irreversible once you eat it, I still need to prepare it first!"

Lin Ran said as he took out a letter talisman and then crushed it.

"Weng!"

The moment the letter talisman shattered, two vortexes appeared out of thin air within the courtyard.

Following this, two figures stepped out.

It was none other than Zhen Yan as well as the Lord of the Alliance.

"Lin Ran!"

Both of them looked towards Lin Ran as soon as he came out, having already guessed something in their hearts.

"I'm leaving recently, and I'll be leaving behind two life-lights before I go!"

Lin Ran said.

"So soon?"

Zhen Yan couldn't help but say.

"It can't be helped, things are already prepared, so I can't wait any longer!"

Lin Ran said.

It wasn't an option to keep hiding in the Salar World.

Who knew when the Immortal Emperor would make his move!

"After I leave the Destiny Lamp behind, I'll take the karma break!"

"At that time, the doppelganger's situation will only depend on this Destiny Lamp!"

Lin Ran explained.

“Mhm! Don’t worry about going!”

Zhen Yan spoke.

Lin Ran nodded his head and stopped talking nonsense.

He only saw his palm slowly lift up, followed by two drops of essence blood floating out of thin air from his hand.

Lin Ran tapped his finger on one of the drops, and immediately the drop of essence blood began to burn.

“Go!”

With a wave of Lin Ran’s hand, the drops of essence blood flew towards a lamp on the side.

A life lamp then lit up.

Another drop of essence blood floated in mid-air without any movement from Lin Ran!

This drop of essence blood was for the doppelganger!

The essence blood floated, and after a full moment, it suddenly burst into flames out of thin air as well.

When Lin Ran saw this, he sent it into the other lamp just as he had done!

The two Destiny Lamps were now all activated!

“When do we move!”

Zhen Yan took over the Destiny Lamp and asked.

“When you’re ready, let’s go!”

Lin Ran said with a bland smile.

“What about them?”

The Lord of the Alliance asked.

“All by choice!”

Lin Ran said indifferently.

The Lord of the Alliance was naturally asking about Qin Bing and the others.

There was nothing Lin Ran could say to this!

His own Red Snow Combined Formation was all prepared.

Naturally, he also wanted to take them away.

But this trip would be a complete confrontation with the Immortal Emperor!

The dangers involved were self-explanatory, so everything still depended on his own will!

“Hm!”

The Lord of the Alliance didn't say anything more.

Even though they were leaving now, they were still on the same side until the final battle came!

Zhen Yan and the Lord of the Alliance soon left.

Lin Ran also sat in the courtyard without saying anything else.

Qin Bing and the others had all begun to prepare after receiving Luo Qiqi's notice.

If Lin Ran was leaving, they naturally wouldn't stay behind.

Moreover, Lin Ran's combined formation did need manpower.

Qin Bing, Su Rou, Luo Qiqi, Ling Sa and Long Ya.

Wang Yifeng, Leng Zhan, Old Cat, Ah Zhan!

As well as Yu Chang and the others who had come with Lin Ran from his hometown, all of them had to leave with him!

Meanwhile, at the mansion where Zhen Yan lived.

“Little Nine, do you really want to leave too?”

Li looked at Xiao Jiu with great reluctance.

“Yes! I want to leave with my brother!”

Little Nine had determination in her eyes.

“What about me.”

There was hesitation in Li's eyes, as if she couldn't make up her mind.

“Why don't you wait for me to come back and we can go to that place?”

Xiao Jiu said.

“But when are you coming back!”

Li looked very reluctant.

“I don't know!”

Xiao Jiu shook her head helplessly.

“Xiaojiu!”

Li suddenly spoke up.

“I've had a bad feeling lately, like something big is about to happen!”

“I want to hurry up and go to that place, or I’ll go with you guys too!”

“Huh? No way, Uncle Zhen Yan will be angry if he finds out!”

Xiao Jiu said busily.

“He’ll understand, I’ll never grow up under his shelter, look at my strength!”

“Back when I was travelling outside with your brother saying that, I improved very quickly!”

“But since returning to the Beast King Domain, I haven’t improved my strength for a long time!”

“I want to go to that place and have a look!”

Li had a serious look on her face.

“But Uncle Zhen Yan.”

“We just don’t tell him, you sneak me away!”

Li said, with excitement in her eyes.

“Okay! Let’s try then?”

Xiao Jiu laughed.

◦ ◦ ◦ ◦

The sky gradually darkened.

The entire Salve Fire World, too, gradually quietened down.

And above the 10,000-mile high sky of the Salaryman World, there was a very obscure formation.

It was this formation that isolated the entire world.

“Ready?”

Zhen Yan asked as he stood to the side.

At this moment, the Lord of the Alliance, Lin Ran and the three others were all standing here.

Qin Bing and the others had already entered within the mansion.

“It’s ready!”

Lin Ran nodded his head and said.

“Then let’s begin!”

Zhen Yan said, and with a wave of his palm, a crack appeared in the formation barrier!

Beyond the crack was the endless void passage.

At this moment, standing at the mouth of this crack, Lin Ran’s heart also calmed down in an instant.

“Take care on your journey!”

The Lord of the Alliance opened the way.

“Take care!”

Lin Ran said with an arch of his hand.

But just as they were saying their goodbyes, a figure suddenly passed by from not far away.

“Brother, I want to go with you too!”

The voice was very childish, if it wasn't Little Nine or someone else!

“You want to go too?”

Lin Ran smiled at this.

“I want to go, I don't want to be separated from you anymore!”

Xiao Jiu said as she threw herself into Lin Ran's arms.

At that moment, Lin Ran and Zhen Yan's faces both changed.

They were so strong, how could they not feel that Li was hiding on Xiao Jiu.

“So what about Lizzy when you're gone?”

Lin Ran asked with a smile.

“Lizzy? It.... It stays here, it's just that I'm going with you myself!”

Little Nine said somewhat unnaturally.

Lin Ran saw this and looked at Zhen Yan who was at the side.

Zhen Yan also seemed to be hesitating.

He waited for a full moment before a voice transmission told Lin Ran.

“Take him away, I knew I wouldn't be able to keep him this time!”

“The immortal world is changing, and his chance has arrived, he must go!”

“But still, please, little friend Lin Ran, make sure you take care of him, he is the future of our Beast King Domain!”

Zhen Yan's words were even tinged with some pleading!

Lin Ran nodded with a firm gaze.

“Good! Then let's go!”

Although he didn't know, what kind of chance the glazed one was.

But since Zhen Yan had said so, he naturally wouldn't refuse!

“It's getting late, so farewell then!”

Lin Ran said as his body flashed and directly entered the rift.

Finally, he left the Salar World as Zhen Yan and the Lord of the Alliance watched.

### **Wonder Doctor Chapter 2173**

The endless tunnel of emptiness.

Lin Ran didn't actually know where he was going.

Against an Immortal Emperor, against anywhere!

After all, the entire Immortal Realm was now owned by others!

Lin Ran waved his hand and took out a void ship, just about the only family asset he had now!

Qin Bing and the others all walked out from within the mansion as well.

However, none of them came to disturb Lin Ran.

They all sat at the back of the void ship and chatted.

Especially when they saw that Little Nine had also followed them out, the atmosphere was instantly enlivened.

Lin Ran sat alone at the front of the boat, with two items placed in front of him.

The first item was the Broken Cause Fruit.

Lin Ran hadn't been taking it!

Because once this item was taken, it was irreversible, so Lin Ran was also waiting for a chance.

A chance for someone to make himself have to take it!

And next to it was a brocade box.

That brocade box was none other than the fourth brocade box the mysterious old man had given him!

"Let's see what it is!"

Lin Ran smiled helplessly and swirled to pick up the brocade box.

This fourth brocade box was exactly the same as the previous three.

Lin Ran did not delay any longer and opened it straight away.

As the box opened, a white light shone out instantly.

Then a scene that surprised Lin Ran appeared.

When the light went up, there was only a white bead left inside the box.

The bead was snow white and only the size of a palm.

However, the entire bead looked extremely extraordinary.

“What is this thing?”

Lin Ran tried to take the bead out.

But the entire bead was unchanged in the slightest.

“Could this be a magic weapon?”

Lin Ran’s mind moved and instantly sent a strand of power into it.

Trying to see if he could refine it!

But as the power was sent into it.

The bead then suddenly changed.

The bead was suddenly transformed, and a streak of starlight emerged from the bead.

These star lights were very messy.

But it looked very nice!

“What is this thing?”

Lin Ran was surprised in his heart, not understanding what the old man’s intention was in giving him this thing!

But just as he was thinking about it, he suddenly felt a “weng” sound in his head.

Then Lin Ran was shocked to discover.

In his mind, a black curtain of light had actually appeared.

The light curtain was filled with countless stars shining.

At this moment, when looking at the divisions of these stars, as well as the entire black composition of the light curtain.

Lin Ran was instantly frozen in his tracks.

“This.... This is a star map!”

Lin Ran was instantly excited.

The entire black curtain of light was, in all honesty, the map of Chaos Space.

And it was self-explanatory what the countless stars on it represented!

“This is the star map of Chaos Space!”

“This is a great gift!”

Lin Ran instantly became excited.

His own doppelganger was searching for Song Nuan’s trail in Chaos Space.

The bitter part was not being able to find where the small world of Chaos Space was!

But with this star map, Lin Ran would have a direction.

No longer would he have to run around like a headless fly!

“A great gift! It’s truly a great gift!”

Lin Ran was very excited in his heart.

He really didn’t expect that the last gift the old man gave would actually be this!

“With this star map, there’s no fear of not being able to find the place anymore!”

Lin Ran was very excited in his heart.

At the same time, he was glad that he hadn’t rushed to take this Cause Breaking Fruit!

Otherwise, he would have had to cry.

Once he took the Cause Breaking Fruit, this star map would be impossible for the doppelganger to share even if he found it himself!

And at this moment, the doppelganger already knew about the star map.

At this moment, he was rushing towards the nearest small world.

....

A few moments later, Lin Ran calmed down.

He put the Broken Cause and Fruits back away.

The matter of the star map had made him even more certain.

This Fruits of Broken Cause couldn’t be taken casually!

It had to wait until it was compelled to be taken.

Otherwise, if he came across something he could share, he would miss it because of the Cause Breaking Fruit.

That would be a shame!

In a good mood, Lin Ran also got up and walked towards the back of the Void Ship.

He wanted to see what the people were talking about!

This visit really showed him.

At this moment, the entire back of the Void Ship was buzzing with activity.

Everyone was gathered around Xiao Jiu, seemingly listening to something she was saying!

“Brother!”

Seeing Lin Ran coming over, Little Nine busily got up and shouted.

“So lively, what are we talking about!”

Lin Ran asked with a smile, while sitting down at the side.

“Nothing much, it’s just that I want to go somewhere later, can you go with me!”

Xiao Jiu said with her tongue out.

Lin Ran smiled at this, he couldn’t tell from Little Nine’s little thoughts!

“Is it you who wants to go, or is it Lizzy who wants to go first!”

“We’ve all arrived here, isn’t Lizzy coming out yet?”

“Huh?”

Xiao Jiu was stunned at his words.

“Brother, how did you know that!”

Little Nine spat out her tongue.

“How do I know, with all your little tricks, how do you think I know!”

“And I’m not the only one who knows, your Uncle Zhen Yan also knows!”

Lin Ran said.

“Huh? No way, then Uncle Zhen Yan didn’t stop me like that!”

Xiao Jiu said suspiciously.

“Your Uncle Zhen Yan is acquiescing!”

Lin Ran said without good humour.

“Li you still don’t come out!”

“Er.”

Li was a little embarrassed, but still emerged from Xiao Jiu.

“You two really don’t let people worry about you!”

“But since Zhen Yan has said so, will I naturally take you with me!”

“But for the sake of your safety, you can’t hide it from me, tell me exactly where you’re going!”

Lin Ran said.

Xiao Jiu and Li were a little embarrassed, and finally Li only had to say.

“Actually, I don’t know, I just know that something is going to happen recently that keeps guiding me there!”

“I asked Uncle Zhen Yan about it, and he said that whenever there’s a great tribulation in the Immortal World!”

“There will be someone from our Demonic Beast clan who can feel the call!”

“It seems that this is a rule, in order to be able to keep our Demonic Beast clan, from being exterminated in a great war!”

Li said.

“O?”

Lin Ran listened thoughtfully.

“Can’t you feel anything other than that?”

“Can’t feel it!”

Lizzy shook her head.

“Which distance!”

Lin Ran asked again.

“The distance is okay, it’s not too far!”

Lizzy said.

“Then let’s go and have a look first!”

Lin Ran said.

He himself hadn’t exactly thought of where to go, so he might as well go and help Li find his own chance first.

“Really?”

Lizzy was instantly very excited when she heard that.

“Really, you tell me the direction and approximate location!”

“We’ll go and help you find your chance first!”

“Good!”

Li instantly told Lin Ran the approximate location.

Lin Ran wasn’t really too familiar with the geographical distribution of the Immortal Realm.

After all, there were only a few places that he had been to.

But Qin Bing Su Rou and Luo Qiqi had all been in the Immortal Realm for many years!

Especially Luo Qiqi, back then, Luo Ran’s merchant company was so huge in the Immortal World!

Her knowledge of the Immortal Realm was definitely still above Lin Ran’s.

When Li had marked out the approximate location.

Luo Qiqi recognised the place at a glance.

“This is the Heavenly Waters, the land of the Heavenly Dragon Jiao!”

“Heavenly Dragon Jiao?”

Lin Ran was stunned.

“Yes, this Heavenly Dragon Jiao is a very powerful magical beast sitting in the Immortal Emperor’s seat!”

“However, the Heavenly Waters are located in a remote area and are not even next to the Beast King Domain Anti-Alliance, so this is almost the domain of the Heavenly Dragon Jiao!”

“When my Luo Ran Merchant Firm wanted to open a branch here, it was because of this Tian Shui Jiao’s trouble that it didn’t happen!”

Luo Qiqi introduced.

#### **Wonder Doctor Chapter 2174**

“What is the strength of this Tianshui Jiao?”

Lin Ran asked with a frown.

“The Tianshui Jiao’s strength is at the peak of small perfection, although the realm isn’t considered high under an Immortal Emperor, he, after all, is a magical beast.”

“With thick skin and flesh, he’s good at water battles so he’s very strong in battle.”

Luo Qiqi was busy explaining.

Lin Ran nodded at his words.

This Tianshui Jiao could occupy the area where the Immortal Emperor sat down, so he must have his own true skills!

It was just that he didn’t know what this Tianshui Jiao had to rely on.

Although Lin Ran didn’t know much about this Tianshui Jiao, since it was a place that Li needed to go, he naturally wouldn’t refuse.

And honestly, he didn’t know where he should go at the moment.

One could take the opportunity to go to the Heavenly Waters to explore the current situation in the Immortal Realm.

“Brother, can we go?”

Little Nine on the side blinked her big eyes and asked.

“Of course you can, it’s just the Heavenly Water Sculptor, we’ll just take a trip.”

Lin Ran laughed.

“Thank you brother!”

Little Nine was very happy at his words.

Li, who was at the side, couldn't help but say.

“Lin Ran thank you!”

“Alright, you guys go and rest, I'll find the direction of the Heavenly Waters and head over!”

Lin Ran said as he got up and said.

In this spatial tunnel, it was actually very difficult to find a specific location!

However, after Lin Ran had obtained the star map given by the old man, it became very easy.

This star map not only gave Lin Ran the location of the coordinates in Chaotic Space, but also allowed him to understand how to find a certain place in the spatial tunnel.

This was because the coordinate locations in chaotic space were based on the spatial tunnels.

In other words, Lin Ran had obtained the star map and also mastered how to find a certain place in a spatial tunnel.

Of course, none of this was absolute, first of all the spatial tunnel had to be stable.

If the spatial tunnel was unstable, not to mention finding a location, it was likely that he wouldn't even know where he was going out from.

It was like the time Lin Ran first came out of Chaos Space.

That time, he and Qin Bing had been caught in a spatial rift, thus appearing in the territory where Heavy Swordless was.

....

Lin Ran quickly cross-referenced the coordinates of the Heavenly Waters that Little Nine had provided with his own star map.

He quickly located the location of the Heavenly Waters.

The distance wasn't very far! It would take at most three days to get there!

Lin Ran laughed, and at the same time, his heart grew a little more curious about this Heavenly Waters.

He wondered how exciting this place really was.

....

The most famous place in the Heavenly Waters must belong to this Tianshui Mountain!

Although this Tianshui Mountain is called a mountain, it is actually an island!

It was just that the island was very large, and there was also a mountain peak on top of it that was very large in scope.

That is why it is called Tianshui Mountain.

And the Tianshui Jiao was perched on this mountain, which could also be called his lair!

On top of the summit of Tianshui Mountain is a huge bedchamber.

This palace is actually a magic weapon, not only is it the residence of the Tianshui Jiao but it is also his stronghold.

Inside this palace, Tianshui Jiao was standing in a certain room.

There are countless shelves in front of him, each one filled with brocade boxes.

These boxes were beautifully carved and looked extraordinary.

“My lord, the Heavenly Sword Demon’s essence has been delivered!”

A voice suddenly sounded at the door.

Tian Shui Jiao turned his head to look, only to see a henchman dressed all in black robes kneeling respectfully at the door.

In his hand at that moment was a black bead.

This bead was pitch black and a black mist was emanating from it, which still looked extraordinary.

A cold smile appeared at the corner of Tian Shui Jiao’s mouth, and with a wave of his palm, the black bead was instantly brought over.

“Weng!”

The bead entered his hand and instantly let out a tremor as if it wanted to break free from his hand.

“Humph! It’s become an essence and still not honest!”

The Heavenly Water Jiao laughed coldly.

But at that moment, the black bead trembled violently and let out a very angry voice.

“Tian Shui, I, Tian Jian, have no grudge against you, why are you doing this to me?”

“No grudge? You have no grudge against me, but who let you be in the Heavenly Waters too!”

The Heavenly Water Jiao sneered, while turning around with the black beads and walking towards one of the shelves.

“Heavenly Sword, who in the whole of the Heavenly Waters does not know that it is my Heavenly Water Jiao’s place!”

“You can just lord it over the neighbouring territories, I don’t bother to care about you!”

“But you have to come to my Tianshui Jiao’s place to open a sect, what? Is my Tianshui Jiao a decoration?”

Tian Shui Jiao said disdainfully.

“Tian Shui you don’t go too far, we are both Immortal Emperors there is no such thing as your place and my place.”

“Is it hard to say that you still want to rebel?”

Heavenly Sword said angrily.

“Rebellion, that’s quite a big hat!”

Tianshui laughed.

“Even if I do rebel, what can you do? The mountains are high and the emperor is far away do you think the Immortal Emperor would really care about this place?”

“You!”

“Wake up, the Immortal Emperor is too busy preparing for his great unification, he wouldn’t care about this shitty place!”

“And you don’t even think about it, how many years has this been peaceful, has the Immortal Emperor ever come here?”

Tian Shui sneered.

“You! You’re really going to rebel! The Immortal Emperor won’t let you go!”

Heavenly Sword said angrily.

“Whether the Immortal Emperor lets me go or not, that’s my business, as for you right now, you should go lie inside the box.”

Tian Shui said with a cold smile on the corner of his mouth while placing the black bead inside a brocade box on the shelf.

“Tian Shui you!”

Tian Jian said angrily, but as the box was covered, Tian Jian’s voice gradually became smaller and smaller until finally nothing could be heard!

“Haha, this is what happens when you go against my Tian Shui Jiao!”

Looking at one box on the shelf, Tian Shui couldn’t help but laugh.

“Congratulations, my lord, on another addition to your collection.”

The black-robed henchman kneeling behind him was respectful.

“You’ve done a great job!”

Tian Shui said with a wave of his palm, and instantly, a black elixir flew towards the black-robed henchman.

The black-robed henchman fiercely got up and caught the elixir, then without saying a word he directly dropped it into his mouth and swallowed it.

“Thank you for the reward, my lord!”

There was gratitude in the black-robed henchman’s eyes, while he was busy kneeling down and bowing.

“My lord, in three days’ time is the Ten Thousand Beasts Opportunity Conference, I wonder what my lord wants this time?”

The black-robed henchman was busy asking.

Tian Shui was stunned at his words.

“Is it so soon? What is the strength of the participating magical beasts this year?”

“Back to Your Excellency, the strength of the magical beasts this year has increased quite a bit compared to before.”

“Would you consider harvesting them once?”

The black-robed henchman asked.

“We’ll talk about that later, it’s the same old rule of rewarding if the strength is weak and harvesting if it’s strong!”

Tian Shui sneered.

“Yes!”

The black-robed henchman nodded respectfully.

“Alright, you can leave now!”

Tian Shui waved his hand and said.

The black-robed henchman nodded his head and left the place in a whirl.

Tian Shui Jiao arrived at the entrance of the secret room and looked at the boundless sea outside, a cold aura flashed across his eyes.

“The Heavenly Waters, will always be my Heavenly Waters of the Heavenly Water Jiao! Any power that wants to gain a foothold here will have to worship me as king, or this wooden box is where they will end up!”

“Haha!”

The Heavenly Water Jiao let out a loud laugh, with rampant fury in his eyes.

### **Wonder Doctor Chapter 2175**

Three days is not a long time, nor is it a short time.

Two days had passed in the blink of an eye.

In the spatial tunnel Lin Ran and the others were ready to leave the place at any time.

And at this time in the chaotic space, Lin Ran’s doppelganger, was equally deep in a spatial rift.

According to the location provided by the star map, each Chaos Space Small World was located somewhere in the spatial rift.

Therefore, if Lin Ran wanted to find these Chaos Space Small Worlds, he would need to travel back and forth through these spatial cracks.

And then follow the locations provided on the star map to find these small worlds hidden in the spatial cracks one by one.

And the locations provided on the star map were not 100,000, but 8,000.

Let's not talk about which small worlds the Divine Shadow Race was hiding in.

Just finding these small worlds would require a lot of effort on Lin Ran's part.

Not to mention finding the nest of the Divine Shadow Race among these small worlds.

The difficulty could be imagined.

In this regard, Lin Ran also figured out that so many years had passed, and there was no rush for this moment.

The matter of saving Song Nuan could not be rushed, it could only be done slowly.

Moreover, Lin Ran believed that as long as he persevered, he would be able to find the nest of the Divine Shadow Clan.

It was just that Lin Yan was also clear in his heart that once the First Emperor and the Beast King Domain went to war, it would inevitably bring forward the great war in the entire Immortal Realm.

Would the Divine Shadow Clan invade by then.

And how the various forces hiding in Chaos Space would choose to do so, would be the key to the entire battle!

And once that time came, Lin Ran would be forced to give up Song Nuan's fleshly body.

After all, the physical body could be reshaped, but there was only one divine sense.

Here was why Lin Ran had asked the Lord of the Alliance about the way to enter the Divine Shadow Clan.

If that day did come, Lin Ran would have to give up his search for Song Nuan's physical body to travel to the Divine Shadow Race to find Song Nuan's divine sense.

Fortunately, the time left for Lin Ran now was still relatively sufficient.

....

Another day soon passed.

In the spatial rift Lin Ran stood at the prow of the void ship, there was a light in his eyes at this moment.

Straight away, not far from the spatial rift, a light was also flickering above the spatial barrier.

“That’s it!”

Lin Ran spoke, at this moment Qin Bing and the others were standing beside him.

Seeing the dot of light on this spatial barrier, Qin Bing’s people simultaneously struck out.

Instantly, a ray of light shot towards the spatial barrier.

“Weng!”

The light quickly collided with the spatial barrier, and instantly, a gaping hole was torn open.

And with the appearance of this opening the entire spatial rift began to blow wildly.

The calmness in the spatial rift was instantly broken.

“Go!”

Lin Ran greeted, and immediately leapt up in a single bound.

As he leapt up, the void ship behind him disappeared out of thin air, while Qin Bing and the others also instantly disappeared in place.

....

The Heavenly Waters, said to be a territory, was actually a large area made up of water.

Here, most of it was water, and there were very few islands.

So it creates a necessity.

The size of the island directly determines the strength of the people on this island.

Because only if you are strong enough can you have the strength to occupy a bigger island.

For example, Tianshui Mountain is the largest island in the entire Heavenly Waters, so the one who is qualified to occupy it is the Tianshui Jiao!

On the other hand, at the edge of the Heavenly Waters, there are many very barren islands scattered around.

One of them is the closest to the mainland, and although it is very barren, it is the last connection to the mainland.

It is also very busy all year round!

“Little boy, serve some food!”

On this island, there is an inn for people to rest.

This was also the only inn in the Heavenly Waters.

After all these years, almost all the industries in the Heavenly Waters were decided by the Heavenly Water Jiao!

This was the only inn that he had tacitly approved of!

He couldn't help it, there were times when he couldn't go too far, or else he would also cause a revolt from the magical beasts in the entire Heavenly Waters.

This inn was very shabby, but the daily traffic was very high!

The innkeeper was an old man who couldn't cultivate, and it was because of this that the Heavenly Water Jiao had allowed him to run the inn here by default.

As long as he was not a threat to himself, Tianshui Jiao hardly gave much thought to it.

"Your meal is ready!"

There was only one fellow inside the inn, so very often the boss had to help out as well.

"Boss, why are you all magical beasts here! I see there are only two of you humans!"

Lin Ran asked as he made for the seat.

At this moment, Qin Bing and the others were also sitting next to him.

For safety's sake, Lin Ran didn't let everyone out.

Only he, Qin Bing and Xiao Jiu were at the table.

Xiao Jiu, the ninny, had to come out noisily to see the sea, so Lin Ran had no choice.

"Huh, you're human too!"

The boss heard this and only then did he notice that Lin Ran was actually human as well.

"To tell the truth, there are almost no humans in this heavenly water!"

"Those that can have left have left!"

"And only the old man and I and my child stayed!"

"I never thought there would be humans here for a few days!"

"Come on, I'll bring you two more dishes!"

The boss smiled and busily ran off to bring in two more dishes.

"Boss, what's the situation in these heavenly waters?"

Lin Ran asked with a smile.

According to logic, the areas where Immortal Emperors sat down should all have more humans and less magical beasts!

How could this Heavenly Waters area still be the exact opposite!

"Ai, it's a long story!"

The boss saw that the shop wasn't busy at the moment, so he spoke to Lin Ran.

“This Heavenly Waters was a shitty place at first!”

“Although there were many people, most of them were ordinary people who couldn’t cultivate, and they had been fishing for generations for a living!”

“But then one day, suddenly a magical beast called Tianshui came!”

“He was so powerful that he soon took over the whole Heavenly Waters!”

“The place was full of ordinary people, so naturally no one was a match for him!”

“So then it became what it is now!”

The boss said here and sighed helplessly.

“This Heavenly Waters, later on, became a place for magical beasts! The sky is high and the emperor is far away, so it became a place where no one cares!”

“You guys, hurry up and leave after eating, the Heavenly Waters have been too unsettled in recent days!”

“Staying may be a problem!”

“Many thanks!”

Lin Ran nodded his head in thanks.

“It’s alright, I’ll get busy then!”

The boss said and left.

Lin Ran gazed at the old man as he left, before he looked to Xiao Jiu who was at the side and asked.

“Did Lizzy tell you where the place he sensed was?”

“Said so!”

Xiao Jiu said as he took out a pair of maps and placed them on the table.

Lin Ran looked at the map and then looked at the map of the Heavenly Waters hanging on the wall next to him.

This comparison could not help but be startled.

Only to see that the location of this map given by Xiao Jiu was actually exactly where the Tianshui Mountain was located.

“Looks like I’ll have to go to Tianshui Mountain this time, just in time to meet what this Tianshui Jiao is really capable of!”

Lin Ran smiled indifferently.

He just didn’t know what was going to happen in the Heavenly Waters this time, on his way here, he had heard several times that something big was going to happen in the Heavenly Waters!

Lin Ran was thinking in his mind when a large group of magical beasts dressed in black robes came next to him.

Although they had lives, they could probably tell that they were all magical beasts in disguise!

As soon as they sat down, one of them spoke.

“Big brother, we must win first place in this Magic Beast Chance Conference!”

### **Wonder Doctor Chapter 2176**

“The Magical Beast Opportunity Conference?”

Lin Ran and the others couldn't help but be stunned when they heard each other's discussion.

“No wonder we've come across so many magical beasts along this journey, what is this Magical Beast Chance Conference for?”

Qin Bing asked.

“I don't know, but we'll find out if we go over and ask!”

Lin Ran laughed.

“Go and ask? Wouldn't that be too reckless? They're all magical beasts!”

Qin Bing was a little worried.

“It's alright, I'll go!”

Xiao Jiu laughed.

She was a fellow demon stone, these magical beasts definitely wouldn't hurt her!

“No, it's better for me to go, this isn't the Beast King domain after all, there's no guarantee that these demonic beasts won't think badly of you!”

“Qin Bing you watch her!”

Lin Ran said, while already getting up and walking towards the table next to him.

“Big brother, do you think that this time this Demonic Beast Chance Conference our Tide Serpent clan, can we.”

“All of you are from the Tide Serpent clan?”

Lin Ran smiled as he walked over, asking at the same time.

A magical beast that was originally speaking stopped speaking when it saw this.

“Who are you?”

One of the magical beasts looked at Lin Ran and asked with a frown.

“My name is Lin Ran, I have a few questions to ask a few of you, I don't know if I can give a face!”

Lin Ran smiled.

The strength of these magical beasts were generally at the Star Realm, and only the one leading them was at the Violet Sea Realm.

With this kind of strength, he could completely crush them, but for safety's sake he didn't want to make a direct move.

"Kid, you're a human!"

One of the magical beasts had recognized it and his voice went a few degrees colder.

"Yes!"

Lin Ran didn't hide either.

"Humans are not welcome here, I advise you."

"Wait!"

Before that magical beast could finish, the lead one, a purple magical beast, interrupted him.

"My name is Hai Zi, I wonder what you want to ask this friend?"

Lin Ran sniffed and looked over, he noticed that this magical beast was different from all the others.

These magical beasts of the Tide Serpent clan should all be snakes in their essence.

But the other magical beasts were all grey in colour, and only he was purple at the same time!

Lin Ran also had some understanding of magical beasts.

This Tide Serpent was considered one of the more special types of magical beasts, and there were none in the Beast King Domain!

It was also only found in this Heavenly Water.

According to Xiao Jiu on the way, this Tide Snake liked water by nature, so they were very strong in the water!

Another thing is that they have a very strong sense of territory, so they can't get a foothold in the Beast King Domain.

After all, in the Beast King Domain, there is no concept of territory, all places are AMAZING.

That's why these Tide Snakes are almost invisible in the Beast King Domain!

"Boss, he's a human, why do we have to tell him!"

The magical beast next to him asked in disbelief.

This was the Heavenly Waters, where humans were hardly seen all year round, and when a human suddenly appeared, it was obvious that many magical beasts were very wary!

"He's not weak, at least I can't even see through him, it's better not to provoke him!"

“And our Tide Serpent clan’s current situation really doesn’t lend itself to attracting enemies either!”

“So it’s better to be kind to people!”

Hai Zi said.

Lin Ran stood by the side with an indifferent face.

Their conversation naturally couldn’t hide from Lin Ran’s probing.

Seeing that they didn’t have any other crooked thoughts, Lin Ran didn’t say anything and waited patiently.

“Brother Lin Ran, I wonder what you want to ask?”

Hai Zi turned her head to look at Lin Ran and asked with a smile.

“It’s nothing much, I just want to ask what this Magical Beast Opportunity Conference is for!”

Lin Ran smiled at ah.

“The Magical Beast Chance Conference?”

Hai Zi couldn’t help but laugh at his words.

“Brother Lin Ran, this Magic Beast Chance Conference is, as the name suggests, a chance conference for magic beasts!”

“So, there’s no way to participate!”

“But if you want to know, I don’t mind talking to you about it!”

Hai Zi smiled and said.

“Then, thank you very much!”

Lin Ran arched his hand and smiled.

“No harm done!”

Hai Zi said.

“This so-called Demonic Beast Chance Conference ah is actually an event for the entire Heavenly Waters!”

“Every three years, the entire Heavenly Waters will hold one of these chance conferences!”

“At that time, all the magical beasts in the entire Heavenly Waters as long as they are above the one hundred and eighty thousand realm will come to participate!”

“You can’t kill each other in the tournament, so there’s no danger of life or death!”

“But if you win and take the top three places, there is a reward!”

“You know about the leader of our Heavenly Waters, the Heavenly Water Jiao!”

Tian Shui Jiao?

Lin Ran was immediately interested when he heard this.

He was the reason he had come here!

This Tianshui Jiao was at the peak of small perfection, and although he had the strength to deal with him, his purpose this time was not to directly kill him after all.

Otherwise, Lin Ran wouldn't be able to waste time here.

Before making his move, he still had to find out what kind of secret he was hiding.

The chance that would allow Li to sense what was here!

"I've heard of this Tianshui Jiao, I wonder what this Magical Beast Chance Conference has to do with him?"

Lin Ran asked with a smile.

"That's a big connection!"

Hai Zi laughed.

"This Magical Beast Opportunity Conference is actually held by him!"

"As long as they can win the top three places in this chance meeting, they will all receive a gift from Lord Tianshui Jiao when they fall!"

"Of course, this gift is actually the final chance of the Magic Beast Chance Conference!"

"As the saying goes, there are dangers associated with chance! So whether or not you can get this chance still depends on your own ability!"

"There is no danger in the competition, instead, many of the people who have been in the top three of the Chance Conference over the years have had things happen to them while receiving these chances!"

"But as the saying goes, riches come in small packages!"

"If you want to get something, you have to pay the corresponding price, and this truth is understood by everyone!"

Speaking of this, there was yearning in Hai Zi's eyes!

"Although there are dangers, many people still tend to rush to it, just because, once they can succeed in getting those chances!"

"The future achievements are all very high!"

Lin Ran sort of understood some of this when he heard this.

However, he doubted that this Tianshui Jiao was that kind?

"Right, Brother Hai Zi, I wonder how one can participate in this Demonic Beast Chance Conference?"

Lin Ran asked with a smile.

“Participate?”

Hai Zi was stunned at his words, then thought for a moment and said.

“In order to participate in this Magic Beast Opportunity Conference, one must attend in the name of a power or sect!”

“For example, I am participating in the name of the One Tide Serpent clan!”

“You are a human who is not qualified to participate at all!”

“Thank you!”

Lin Ran heard this and sort of understood.

“Lastly, where is this Magical Beast Opportunity Conference to participate in?”

Lin Ran asked with a smile.

“It’s at Tianshui Mountain!”

Hai Zi laughed and said.

“Many thanks!”

Lin Ran said with an arch of his hand, before turning around and leaving the place.

The matter had already been clarified, it was this to be attended in the name of a power clan.

This matter made Lin Ran a little difficult.

He couldn’t let Li participate under the name of the Beast King Domain!

Then something would have to happen!

By the way, didn’t he happen to be setting himself up against the Immortal Emperor!

I might as well name my own power now!

When he thought of this, a name immediately popped up from Lin Ran’s mind.

“Chao Heavenly Pavilion!”

This was the power he had created in his own world, although he had also started a power called something like the Daoist Sect back home.

But in this Immortal World, it was obvious that the Chao Heavenly Pavilion sounded better and seemed to have substance!

“Let’s call it the Chao Heavenly Pavilion!”

Lin Ran made his decision at once!

**Wonder Doctor Chapter 2177**

When Lin Ran returned, he told the crowd what he had heard and what he thought.

Naturally, the crowd had no problem with it.

There were still three days to go before the start of the Magical Beast Chance Conference.

The first day was spent resting at the inn before setting off towards the Tianshui Mountain early the next morning.

◦ ◦ ◦ ◦

The first thing that happened was that the people who were in the space of the chaos were not able to get to the other side.

The first time I saw the company, I was able to get to one of the small worlds.

The spatial star map that the mysterious old man had given himself looked like.

There were very many small worlds hidden throughout the chaotic space.

Lin Ran simply could not completely scout out each and every one of these small worlds!

So after he had entered and this first small world, he went straight to looking for the most powerful auction house in the area!

Or rather, places where information was sold.

Within the small worlds of Chaos Space, the strength was generally stronger than the cultivators outside.

But these small worlds, after all, were small worlds, and deep in Chaos Space.

So this place could never be compared to the Immortal World.

Although individual strength was stronger here, there were times when numbers were also an advantage.

Lin Ran's strength was not top notch in these Chaos Space Small Worlds!

But it definitely wasn't weak either.

At least there were many places he could go to.

As for finding some powerful intelligence trading grounds, it wasn't a difficult task either.

After arriving here for just a day, Lin Ran had already found a place that sold information.

And he had bought information here.

According to the information Lin Ran had obtained.

These small worlds in Chaos Space were not non-interfering with each other!

Moreover, many of the small worlds were actually interconnected!

According to the information Lin Ran had obtained, not every single one of the small worlds in this Chaos Space was very peaceful!

For example, Lin Ran had learnt from this information that five of the small worlds were extremely chaotic!

There were endless wars for years on end.

It was reasonable to say that those who were strong could leave these small worlds and not get involved in them.

But for some unknown reason, the fighting in these small worlds had been going on for a very long time.

And there seemed to be no sign of it subsiding.

There was another reason why Lin Ran had noticed these five small worlds!

That was that, according to the information, there had been traces of the Divine Shadow Clan within these five small worlds!

“Looks like we’ll have to take a trip to these five small worlds to check them out!”

Lin Ran said helplessly.

He knew that finding where Song Nuan’s flesh body was located wouldn’t be so easy.

But at least he had found some clues.

It wouldn’t be like the old days when he was blindly feeling the elephant and everything depended on luck!

Lin Ran immediately left this small world and rushed towards one of the war-torn small worlds.

....

Time soon arrived the next day.

Lin Ran and the others in the Heavenly Waters had also set off!

But at this moment, only Li was the only one rushing!

To go deeper into the Heavenly Waters, it was all within the range of the magical beasts’ activities.

It was obviously not suitable for Lin Ran and the others to walk in it!

So for safety’s sake, Lin Ran let Lizzy drive ahead alone!

The others, including himself, entered the mansion.

The others, including himself, entered the mansion.

As Lizzy walked alone in the waters of the sky, she also took on a human form for convenience.

However, it must be said that the human form that Lizzy took had a lot to do with his personality!

His personality was somewhat amiable, so the person he illusioned also looked like he was carrying a bit of amiability.

At first glance, he looked like a good bully.

It was just that Lin Ran often thought of Li Sheng when he looked at the human form that Li had disillusioned.

Li Sheng had also come with himself from his hometown!

But it turned out that he had just arrived at the Immortal World and died a tragic death!

And it seemed that he and Li had even fused into one.

So, many times Lin Ran could see Li Sheng's shadow in Li's body!

"Is it safe for you to let him walk alone in these heavenly waters?"

Inside the government residence, Qin Bing couldn't help but ask.

"He's always going to try to make his way alone, and since we're right on top of him, if he really runs into any danger, I'll be able to step in first, so what's there to worry about!"

Lin Ran laughed.

"But he is the hope of the entire Beast King Domain after all, if anything happens to him, we won't be able to explain to Zhen Yan!"

Qin Bing was still a little worried.

Lin Ran, however, smiled blandly and said.

"There's nothing bad to explain, Zhen Yan asked me to bring him out this time, and it's also to sharpen him up!"

"A great war is coming, if he can't grow up quickly and take up the future of the Beast King Domain, even if he is highly gifted, it will be a waste after all!"

Lin Ran smiled indifferently.

Many things were impossible for people to get what they wanted!

If one could get everything they wanted without putting in the effort and experiencing danger.

There wouldn't have been so many people who had died in other countries in order to improve their strength.

"There's movement ahead of Lin Ran!"

Suddenly, Li spoke up.

Lin Ran stopped his conversation with Qin Bing and his consciousness quickly radiated outwards, quickly discovering that not far from the lake, a figure was rapidly rushing over.

"It's them!"

Lin Ran recognised them at a glance, they were the people from the Tide Snake Clan that he had encountered yesterday at the inn!

But at this moment, it seemed that someone was chasing them, and behind them was an equally fast group of people coming after them!

“What about Lin Ran?”

Li said somewhat nervously.

He hadn’t experienced these things before, so he looked a bit overwhelmed!

“Don’t be nervous, everything is up to your own will!”

“These people are no stronger than you, you won’t necessarily lose if you really fight!”

“Find out their intentions first!”

Lin Ran said busily.

Li had never experienced this before and had always hid in front of Lin then before.

At this moment, the situation forced him to go through it, so Lin Ran could only let him go through it!

Li stood in place with his brows furrowed tightly and his hands were unconsciously clenched into fists.

Clearly the whole person was in a tight state at this point.

“Hm?”

Hai Zi, who was rushing at the front, had already noticed Lizzy.

Since they didn’t know whether Lizzy was an enemy or a friend, everyone stopped at once.

“Why isn’t the boss going? The Demonic Beasts are coming after us!”

The devil beast behind him asked when he saw this.

“I can’t see through this person’s strength, I don’t know if he’s a friend or foe!”

Sea Violet said in a cold voice.

The crowd couldn’t help but look at Lizzy at his words.

Li’s essence was so special that even Zhen Yan knew what kind of magical beast he was considered.

Not to mention that at this moment, Hai Zi and the others couldn’t possibly see through Lizzy’s strength!

“Even you can’t see through his strength? This is troublesome!”

The men behind him sighed helplessly at his words.

What a stifling, I never thought that there would be a day when our Tide Serpent Clan would be chased by these devilish scum!

“What can be done, our Tide Serpent Clan is now in decline.”

Hai Zi also sighed helplessly.

“Why aren’t you running? Is this a plan to give up?”

Hai Zi and the others were talking.

But a voice came from behind them.

At this moment, Li looked towards the distance with a tense expression, only to see a magical beast with a full head of messy hair had already chased after him.

Next to him stood countless other such magical beasts, but obviously not as majestic as him.

“This is the Demonic Jiao clan?”

Li frowned slightly as he watched.

While inside the mansion at this time, Lin Ran was smiling.

“I didn’t expect the Tide Serpent clan to have fallen, I wonder how strong this Demonic Jiao clan is! It’s amazing that it can make Hai Zi so scornful!”

### **Wonder Doctor Chapter 2178**

“What? Is this your Sea Violet’s reliance?”

A lanky youth from the Demonic Jiao clan at the back asked with a smile.

“Isn’t he one of your Demonic Auger Clan? Doesn’t your Devil Auger Clan like to engage in this kind of siege and interception!”

Sea Purple said in a cold voice.

“Put your mother’s fart, our Demonic Auger Clan has always been open and honest, otherwise our Demonic Auger Clan could have achieved what it has today?”

The youth said aloud.

“Good one bright and open-minded, I almost believed you when you said that!”

Hai Zi said in a cold voice.

“Cut the fucking crap!”

Vine Demon said angrily, and whirled around to look at Lizzy on the side.

“Kid, what exactly is your origin, are you one of their helpers!”

“No.... No, I was just passing by!”

Lizzy said busily, to be honest he didn’t quite feel like being in this fight by Jun Ru.

“If you’re not, get out! Don’t be a fucking eyesore here or I’ll kill you too!”

Vine Devil said with a cold glint in his eyes, and the next moment had struck without a greeting.

“Is that what you call being open and honest? I’m laughing my ass off!”

Sea Violet’s eyes were cold, and she instantly went towards Vine Devil as well!

The two parties instantly wrestled together.

Li stood by the side looking very nervous.

Often at these times, he hid behind Lin Ran or Zhen Yan, and being here by himself at this moment really made him a bit overwhelmed.

“What about Lin Ran!”

Li asked busily.

“What about what? Do you want to help one of them or not?”

Lin Ran asked.

“No.... Don’t want to!”

Li replied dryly.

“If you don’t want to do it then leave, they can’t keep you with your strength!”

Lin Ran said.

This time, he had come to find a chance for Li, so naturally everything had to be done according to his heart.

Lin Ran wouldn’t force him either.

“Okay!”

Li replied, and was about to bolt.

But while he wanted to leave, the situation on the scene was not necessarily the same.

Although he said he was neutral and wouldn’t help either side, but at this moment when the two sides were fighting together, who would care about that.

It was not clear in anyone’s mind that if this guy was really a helper found by the opposite side, it would probably affect the direction of the whole battle.

Sea Purple and Vine Devil have been fighting each other for an unknown period of time, and both of them know each other’s strength very well.

Unless there was an ambush or a helper situation, the two of them could not help anyone.

So at this point, Li became the one they had to be wary of.

Obviously, Vine Devil was more wary of Lizi.

He had the intention to test Lizi, and while he was fighting with Hai Zi, he was also moving closer to Lizi.

He wanted to draw the battle to him.

When the time came, once Lizi had made his move and revealed his true stance, he would be able to fade away quickly!

Not to get in too deep and not even have the possibility of getting out when it was down.

“Hm?”

Li was just about to leave when he suddenly saw the Vine Devil flying towards him.

At the same time behind him, an attack from Hai Zi had followed him.

“I said I’m not going to participate in the battle!”

Li saw this and frowned slightly.

“No war? What do you think you are, don’t think I can’t see that you are their Tide Snake Clan’s helper!”

Vine Devil said in a cold voice, and then his body flashed, instantly dodging Sea Violet’s attack.

Hai Zi’s attack instantly rushed towards Li.

“You!”

Li was furious, he was all set to leave, but this Vine Devil had taken himself off hard.

Although he didn’t want to cause any trouble, he was a little angry to come across this situation.

“Don’t you mess with me!”

Li said angrily.

“Mess with you? What the fuck are you, you dare to go against my Demonic Jiao clan in this heavenly water, I will kill you sooner or later!”

Vine Devil said disdainfully.

Li’s temper was considered good, but the one living in his heart was a devil after all!

When Lin Ran had first left the Beast King Domain with him, Li had once exploded with terrifying strength out of anger.

That time, even Lin Ran had been rushed to death.

Not to mention that nowadays, Li’s strength had greatly improved, and at this moment, being targeted by the Vine Devil like this really made him a little irritated.

“Little white boy, say if it was the helper that Hai Zi found!”

Vine Devil asked in a cold voice while pulling tea with Hai Zi.

“I helped you!”

Li was completely furious, only to see a cold flash in his eyes as his entire body instantly rose up into the air.

The aura around him instantly exploded, although the level did not look as strong as that of Hai Zi and Vine Devil.

But this aura was definitely still above the two.

“What kind of magical beast is this!”

Vine Devil looked with a slight frown.

In the entire Heavenly Water Domain, the Tian Shui Jiao called themselves the boss, and no one dared to snatch the second from their Demonic Jiao clan.

Vine Devil thought he had seen many magical beasts, but this was the first time he had seen a completely unreadable magical beast like Li!

What the hell is this thing that is so close to a human being!

Vine Demon thought to himself.

But at this moment, Li was already completely furious.

He flickered towards the Vine Demon not far away and killed him.

“Get lost!”

The Vine Demon kicked Hai Zi away and turned around to meet Lizi.

“You’re the one who won’t let me go!”

Lizzy was incomparably angry at this point, and blasted up towards the Vine Devil with a single punch.

“This can even be a reason to strike!”

Inside the government residence, Qin Bing laughed somewhat speechlessly.

“This child, Li, although his original body is very special, in the end, his mind is similar to Xiao Jiu’s!”

“He’s experienced too little, otherwise Zhen Yan wouldn’t have let him come out with me this time!”

Lin Ran said.

“Then aren’t you afraid that he’ll be in danger?”

Qin Bing asked.

“What danger could there be, apart from the Heavenly Water Jiao in this Heavenly Water, I’m afraid no one could hurt him!”

Lin Ran said indifferently.

“It’s better to see, it would be good if he could get together with the Tide Serpent clan!”

“That Sea Violet at least doesn’t dare to act recklessly, Li is going to Tianshui Mountain this time, so if he can go with them, it would save a lot of trouble!”

“So you wanted him to make a move a long time ago!”

Qin Bing smiled at his words.

Lin Ran smiled helplessly at his words.

“It’s useless for me to think about it, he still has to take that step himself, otherwise it will always be my idea!”

Qin Bing nodded, Lin Ran was right, Li Li had to learn to handle things on his own after all!

◦ ◦ ◦ ◦

While the two were talking, outside was already a fight.

When Hai Zi saw that Li had really stepped in to help herself, she couldn’t help but be happy, although she didn’t know how strong this guy was.

But after looking at his appearance, it was obvious that his strength was not bad.

With his help, he might really be able to kill Vine Devil this time!

The grudge between Vine Devil and Sea Violet was too heavy.

The two had just never found the opportunity, and if they did, once they found the opportunity, neither would let the other go easily.

And now, it was clearly Hai Zi’s chance!

“Why is this brat so difficult to deal with!”

Vine Devil was a little anxious at this point.

Li didn’t look like a master who could fight either!

But at this moment, after Vine Devil really fought him, he realized that this guy’s fighting power simply did not match his appearance seriously.

“Where did this kid come from, how come he is so strong!”

There was resignation in Vine Devil’s eyes.

It had only been a few rounds of fighting, and the combat power displayed by the other party simply left him somewhat speechless.

“Go!”

After only a few moments, Vine Devil finally couldn’t sit still.

At this moment, he was still facing Li alone, but if he dragged on, if he waited for Hai Zi to kill him again, then he really wouldn’t have any way back!

## Wonder Doctor Chapter 2179

“Want to leave?”

Seeing that the Vine Devil wanted to run, Li’s eyes instantly turned cold, and a black Qi instantly rushed out between the wave of his palm.

Seeing this black Qi, not only did Vine Devil’s face change, but even Hai Zi’s face at the side changed instantly.

“This black Qi, he can actually control it freely already!”

Inside the government residence, Lin Ran was also taken aback.

Li had previously been unable to control this black Qi as he wished.

He didn’t expect that now he had actually been able to control it freely, which was definitely a great help to him.

This black Qi, up until now, Lin Ran hadn’t even figured out what exactly it was.

But he knew that the power of this black Qi was extraordinary.

While everyone was surprised, this black Qi was already rushing towards the Vine Devil.

The Vine Demon’s face changed at the sight of this, and he turned around with a greeting and ran.

But his speed was no match for these black qi, and he was enveloped by it almost instantly.

“Boss!”

Seeing the Vine Demon entangled in the black Qi, the crowd of Demonic Jiao clansmen around him panicked.

The crowd could not see what was going on within the black Qi.

They could just sense that the Vine Demon was having a bad time inside!

The black Qi was being constantly stirred up, and it was obvious that the Vine Demon inside was struggling.

“What the hell is this thing!”

On the side, even Hai Zi couldn’t help but gulp as he watched.

He knew very well how strong the Vine Demon was, but at this moment, even Vine was like this when he touched this black Qi, if he were himself, I’m afraid the result would not be much better than the Vine Demon.

“Weng!”

Suddenly, just as everyone was waiting to see how the Vine Demon would break the game.

Instead, there was a tumult within the black qi, followed by countless black qi tumbling towards the sides, and at once a figure rushed out from within the black fog.

But when the crowd saw the person rushing out from within the black fog, they could not help but to suck in a breath of cold air.

Was this still the Vine Devil?

The crowd could not believe their eyes.

The Vine Devil himself at this moment was drenched in blood all over his body.

Even his face was covered in blood, the whole person looked as if he had just come out of a big dye bath.

Most importantly, at this moment, the Vine Devil was as crazy as if he had rushed out without stopping in the slightest and rushed out towards the distance.

“Boss!”

Seeing this, the people of the Devil Jiao tribe hurriedly followed him.

Li, on the other hand, stood still and did not chase after him!

“I’m afraid this Vine Devil has been seriously injured!”

Inside the residence, Lin Ran lamented.

The difference between having a heritage and not having a heritage was so great!

Thinking about when Lin Ran had come all the way here, he had to rely on himself to accumulate all his strength little by little to earn it.

But Lizzy, as soon as she came out, she had all kinds of abilities.

He had barely ventured out, but as his strength increased, he was now so powerful.

This was the benefit of having a heritage!

Lin Ran was helpless in this regard, it was like a person’s life, you can’t decide the beginning.

All that can be decided is whether or not you work hard in the day after tomorrow!

“Brother, you called Li?”

Outside, Hai Zi was busy walking over.

Having seen Lizzy’s strength, Hai Zi’s attitude was obviously much better!

“Mm!”

Li nodded, and his expression wasn’t as formal as it was at first, his entire person was obviously much more relaxed.

“My name is Hai Zi, thanks a lot this time!”

Hai Zi smiled.

The Tide Serpent Clan had fallen into decline, so many times it also affected the whole clan's approach to the world.

If the Tide Serpent Clan was still as powerful as before, perhaps Hai Zi would treat Li differently at this time.

It could not be helped that this world had always been one where the strongest were the most important.

"No need, it was the Vine Demon that provoked me first!"

Li laughed.

"Right Brother Li, are you going to Tianshui Mountain? Why don't we join you?"

Hai Zi smiled and extended an invitation.

"This, is it appropriate?"

Li said with some embarrassment.

"What's inappropriate, I happen to know the way!"

Hai Zi laughed.

"Alright then!"

Lizzy nodded, but looked a little more awkward than he had earlier.

He was still a little uncomfortable getting along with strange communication.

There was nothing Lin Ran could do about it, he could only let him get used to it slowly.

He could only let him get used to it.

Being inside the mansion, Lin Ran soon overheard Li and Hai Zi's conversation.

"Brother Li, which tribe are you from, how come I've never seen you before!"

Hai Zi asked with a smile.

"I'm not from the Heavenly Waters, I only came here this time because I heard there was some sort of Magic Beast Chance Conference here!"

Li laughed.

"So!"

Hai Zi couldn't help but sigh in relief at his words.

It was good that Li was not from the Heavenly Waters, at least she would not turn against herself because of the Heavenly Waters.

This way, as long as one managed to get a good relationship with Li, one might be able to have another powerful friend in one's family in the future.

The Immortal World was like this, one had to make more friends with powerful existences when one's own strength was not possible, and maybe one day one of these people would become a great power.

This would also mean a lot to one's entire clan!

"Right, Brother Zi Hai, how did your Tide Serpent Clan and their Demonic Jiao Clan go up against each other!"

Li asked curiously.

It was reasonable to say that we were all magical beasts, so it shouldn't be so tit-for-tat.

Many magical beasts in the Beast King Domain coexisted peacefully!

Inside the government residence, Lin Ran couldn't help but laugh when he heard this question from Lizzy.

"This Lizzy, half a day has finally gotten to the point of asking!"

Qin Bing smiled at this and didn't answer, only to hear Hai Zi outside say.

"This matter is a long story, the Demonic Jiao clan was just a very weak clan at first!"

"But now it is . . . . The world is unpredictable!"

Hai Zi said as she recounted the matter roughly.

It turned out that back then, in the Heavenly Waters, the most powerful was precisely the Tide Serpent clan.

At that time, the Demonic Jiao Clan was not much of a name at all, and even the Tide Snake Clan had never heard of any other Demonic Jiao Clan.

But later, as the sky changed in the Heavenly Waters, the Heavenly Water Jiao came here.

The pattern of the Heavenly Waters began to change as well.

The Tide Serpents had nothing to do with the Tianshui Jiao, so they were suppressed by the Tianshui Jiao.

The Tide Serpent clan has since fallen into decline.

On the other hand, the Devil Jiao clan, because they are both from the Jiao lineage, were taken care of by the Tianshui Jiao.

So they were taken care of by the Tianshui Jiao and gradually developed and grew, which led to their present status.

This is how things are in the Immortal World, when one person attains the Dao, many situations change with it.

There is nothing the Tide Serpent clan can do about this.

This is the reincarnation of fate.

On the way to give, Hai Zi and Li talked a lot.

Lin Ran also learned about the entire Heavenly Waters in passing.

It was only later when Hai Zi talked about this Magic Beast Chance Conference, Lin Ran clearly did not feel very comfortable listening to it.

He always felt as though there was something going on here.

“The Magical Beast Chance Assembly, although the competition is safe, the most dangerous part is at the final chance!”

“When you get the chance, it is possible to perish!”

“Down through the years, very few of the top three in every Chance Assembly have survived to get the Chance!”

“And those who got the chance, ended up being undoubtedly very strong!”

“So, although this Chance Assembly is dangerous, it is a place that many people want to compete for!”

“After all, if one succeeds, many things can be rewritten in the future!”

As Lin Ran listened, he not only recalled that heavy sword without a blade back in the Southern Domain!

Could it be that this Tianshui Jiao was also harvesting leeks?

If not, why make it so dangerous when chance is chance?

Lin Ran couldn't help but feel a little more wary in his heart!

Having travelled far and wide over the years, he was indeed somewhat very sensitive and unwilling to trust this Tianshui Jiao easily.

After all, it was only by being careful that one could sail a ship of many years!

### **Wonder Doctor Chapter 2180**

Tianshui Mountain is definitely considered the most lively place in the Heavenly Waters.

However, it is also the most dangerous place here.

As the saying goes, accompanying a king is like accompanying a tiger.

Although the whole Tianshui Mountain is lively, you have to be careful when you live and work here.

Once you mess with the Tianshui Jiao up there, no matter how old you are, it will be over.

After three days of trekking, Li and Hai Zi and the others finally arrived here.

This time, the Magic Beast Opportunity Conference was even more lively than before.

Almost the entire central square was taken up by the magical beasts who came to participate.

The island was after all an island, and although it was a large area, there was not enough room for all the magical beasts that had flocked here.

The central square is where these beasts are housed.

The place was actually an open space, and no one who walked on Tianshui Mountain had more than a few mansions on them.

Lin Ran stayed in his residence and did not go out.

Li, on the other hand, had been invited to go to his mansion with Hai Zi.

But it was quite a coincidence to say the least.

After Li entered this Hai Zi's mansion, Lin Ran was the one who saw something very interesting.

The clan consciousness of the magical beasts in Tianshui Mountain was very strong.

Almost all the magical beasts that walked here had their own clans behind them.

For example, the Sea Violet's Tide Serpent clan, as well as the Vine Devil's Demonic Jiao clan that he had encountered earlier.

And these clans all have their own cultural characteristics.

Inside the Sea Violet's residence, Lin Ran saw many seal-carved murals.

These murals were wonderfully engraved, but the meaning expressed in them was very obscure.

It seemed to be hiding some kind of secret.

"Li! Talk to him about these murals!"

Lin Ran spoke.

"The murals? What's wrong with these murals?"

Lizzy asked.

"You talk to him, the hidden messages within these murals are very interesting!"

Lin Ran said.

"Okay!"

Li responded, and immediately pulled away from the conversation.

"Brother Hai Zi, are these murals all about the experiences of your Tide Serpent tribe?"

Although he couldn't understand many of these murals, he could still make out some of the conquering and killing scenes in them.

"Mm!"

Hai Zi nodded, with admiration in her eyes.

“These are all the heroic deeds of the ancestors of the Tide Snake Clan.”

“Back then, the Heavenly Waters was just a remote place, and even the Immortal Emperors didn’t notice it back then!”

“I remember my ancestor saying that the waters of the Heavenly Waters didn’t seem to belong to the Immortal Realm in its earliest days, but was part of some chaos!”

“But it seems that this Chaos was shrinking, so the Heavenly Waters later broke away from the Chaos and became part of the Immortal Realm!”

“And from that time onwards, the Heavenly Waters began to conquer!”

Sea Violet said.

Lin Ran frowned slightly at his words, as if he had thought of something.

“What does he mean by that? Chaos space is shrinking?”

Qin Bing couldn’t help but ask.

“I had thought of this matter before, but his words confirmed the idea!”

Lin Ran said.

“If you think about it, the entire Immortal Realm was actually born out of Chaos!”

“Chaos and the immortal realm are actually in a state of mutual competition, the larger the area of chaotic space, the smaller the area of the immortal realm!”

“The opposite is also true!”

“But I haven’t heard of Chaos space expanding in the last few thousand years!”

“If what he says is true, this Heavenly Water must have been a space of Chaos before!”

“But what’s the use of this information?”

Qin Bing asked.

“It’s definitely useless for here, but it’s useful for the doppelganger, and don’t you forget that my doppelganger is in Chaos!”

“It might be able to find some useful clues!”

Lin Ran laughed.

“Chaos space is too big to let go of even the slightest clue!”

“Li, talk to him about the very first few murals!”

Lin Ran said.

“Alright!”

Li answered, and then pointed at the very first few murals and asked.

“Brother Hai Zi, what do these murals mean?”

“These?”

Hai Zi was stunned at his words, and then smiled bitterly.

“The content of these murals is a legend, I don’t know if it’s true or not, but if you’re interested I can talk to you about it!”

These murals were obviously a record of the experiences of the Tide Serpent Clan.

Most of the magical beast clans like this in the Heavenly Waters had many accounts of the clan.

They were also happy to share it with others; it was their clan’s past and the pride of these modern-day descendants of theirs.

“According to the legends left in our clan, the ancestor of our Tide Serpent clan was actually not a Tide Serpent, but a very powerful magical beast!”

“Look at the first one!”

Hai Zi said and pointed to the first mural.

On this mural, there was a large area around it without any carvings, which seemed to be used to create a foggy and hazy feeling.

There were just many figures and birds and animals carved in the centre.

Three separate designs are carved on it.

The first is a type of person with a particularly slim and even illusory carving.

These people look mysterious and should not be normal cultivators.

The other kind is some magical beasts with horns on their heads.

These beasts were huge, with two horns on their heads, and their bodies resembled snakes but were different from them.

The last type is the smaller snake, which is clearly visible as a snake.

These are clearly visible as snakes because they no longer have horns on their heads.

“My father said that this mural was from a long time ago, before the waters of the sky broke away from the middle age of chaos!”

“The magical beast with horns on its head up here is our ancestor! He was very powerful!”

“It’s just a pity that, for some unknown reason, the later descendants began to gradually degenerate!”

“And finally became snakes!”

Speaking of this, there was clearly some disappointment in Hai Zi’s eyes.

“Then what are these people?”

Li asked, pointing at the very illusory looking people.

“They?”

Hai Zi was stunned at his words, then said.

“They are the elves of Chaos! That’s all I can call them, because I don’t know who they are either!”

“But what is certain is that they are not cultivators, and it is said that they all live in Chaos!”

“Living in chaos?”

Inside the government residence, Lin Ran froze when he heard this reply.

“Is it the Divine Shadow Clan?”

Qin Bing asked busily.

Living in chaos with such an illusory figure who else was it if not the Divine Shadow Race!

“Not necessarily!”

Lin Ran, however, shook his head.

“Not necessarily? Is it hard to believe that there are others? But there’s no other place in the entire Chaos space where people live apart from the Small World and the Dungeon!”

“You forget that those who walk in Chaos are also just cultivators!”

Qin Bing said.

“No, there’s one thing you don’t understand!”

Lin Ran shook his head.

“In the Chaos, not only is there the Divine Shadow Clan, there should also be a clan, it’s just that this clan is so mysterious that almost no one has ever seen them!”

“No one has ever seen it? Then how do you know?”

Qin Bing asked.

“I haven’t seen it either, but there is one person who has!”

Lin Ran said as he gazed towards the sky.

“My master, the Chaos Immortal!”

Qin Bing was stunned, she had heard of this Chaos Immortal, but they were all dying at the time, so they weren’t actually sure what Lin Ran had actually gone through!

They only heard later from the pillow book that this Chaos Immortal was Lin Ran’s master!
