

Chapter 218

Leon was so stupid that he didn't know what she was smiling at. Of course, she smiled because Leon loved her!

"You're crying and smiling like a child."

"I am a child. I'm your child, so you have to love me!"

Alyssa propped her head up and looked into Leon's eyes, "Does your leg still hurt?"

"It doesn't hurt."

"The doctor said you're okay, but you still have to be careful. From now on, I'm going to take care of you."

"You can take care of me?"

"Well, there's nothing I can't do."

Leon nodded. He really couldn't wait for Alyssa to stay with him all the time.

She propped her head up again and looked at Leon, "I'll go get you a glass of water. Are you thirsty?"

Leon shook his head.

Alyssa watched Leon shake his head and propped her head up and asked him again, "Are you hungry? What do you want to eat? I'll get you something to eat."

"I'm not hungry."

Leon said he wasn't hungry.

Watching Leon shake his head again, Alyssa wondered even more what he wanted, "Then do you need me to do anything?"

"Come here."

"Just say it now."

"I'll whisper it to you."

Alyssa smiled and moved closer to Leon.

But just as she came up to him, she was kissed.

Alyssa was startled, only to hear Leon's magnetic low voice ringing in her ear, "Nothing, I just want to give you a kiss."

She blushed instantly and lowered her head, not knowing what to say.

"Come over a little closer." Seeing Alyssa's face getting even redder, Leon couldn't help but ask Alyssa to come closer. Alyssa knew that Leon was going to kiss her again, so naturally, she was too embarrassed to go over, so she stopped where she was.

"Alyssa!"

Leon's magnetic voice rang out.

Alyssa couldn't resist and moved closer to look at Leon, and soon she was kissed by Leon again.

She looked at Leon with red cheeks, very embarrassed, "This is the hospital, not our home. If people see you, they will laugh at you."

"Who would dare laugh at me?"

Alyssa frowned and looked at Leon, "Yes, no one dares to laugh at you."

Alyssa thought that Leon was just too ... bold!

"I kiss my wife and make out with my wife. It has nothing to do with anyone else. Anyone who dares to say such nonsense is making a death wish!"

In the past, Leon wasn't overbearing in this matter!

But today he was clearly a little overbearing.

He took Alyssa's hand, even a little childish, "Don't leave. You must stay by my side and not go anywhere."

Alyssa nodded, "I have to take care of you. Of course, I won't go anywhere."

Leon nodded and held Alyssa's hand.

He never let go of Alyssa's hand until he fell asleep.

Alyssa took advantage of Leon's sleep and tried to pull her hand back. But before she could move, her hand was pulled.

She looked at Leon. He was still asleep, but he just wouldn't let go of her hand.

"Alyssa ..."

Suddenly, she heard Leon's voice.

Alyssa froze and looked at Leon, only to realize that Leon was talking in his sleep.

"Alyssa, don't leave me, don't ..."

Hearing Leon's dream words, she didn't move for a long time. It turned out that Leon would also be worried about losing her.

He would also be afraid that they would be separated.

She said softly, "You're imagining things again. How could we ever be separated?"

Leon seemed to hear Alyssa's words and finally stopped murmuring.

He seemed to sleep a little deeper and smiled.

Seeing Leon's smile, Alyssa couldn't help but smile too.

It was late at night.

Alyssa got sleepy. She carefully lay down next to Leon and soon fell asleep.

Half a month later.

Alyssa had just gotten the meal.

Leon happened to finish reading the papers.

"Dinner's ready! I just bought this for you. It's all your favorites." She brought the meal over with her big belly very inconveniently, but she didn't stop her hands.

Leon, however, stayed still and looked at Alyssa.

Alyssa knew what was wrong as soon as she saw Leon's expression. She said softly, "You are not a child anymore. Do you still want to be a child?"

"My legs are especially uncomfortable today." Leon stared at Alyssa, "You don't dislike me, do you! I'm injured now. I can't even walk and my leg hurts, but you have to remember how I got like this!"

This was clearly a threat!

Alyssa, however, was unmoved.

Leon continued, "What do you mean? You don't want to look after me anymore, or you don't like me the way I am? Alyssa, how can you do this?"

Alyssa remained unmoved.

Leon simply took her hand and looked at her pitifully.

"Well, you just want me to feed you, don't you? Fine, I'll feed you, okay? Leon, you're not a child anymore. Three-year-old kids even eat on their own. You ask me to feed you for half a month!"

Leon ate the food she handed him as if he hadn't heard Alyssa's words.

Leon was now like a child again.

Even if Alyssa said so, he didn't feel ashamed.

Alyssa couldn't do anything about it.

Forget it, she chose her husband anyway!

After Alyssa finished feeding Leon, Leon started to work again. Alyssa sighed as she saw the big contrast between his almost ignorant appearance and his elite appearance now.

It was said that women loved to act. In her opinion, men could do just as well if they wanted to act.

Alyssa was about to go out to wash the lunch box.

Leon called out to her.

"Alyssa, come here."

Alyssa knew what Leon had in mind, so naturally, she wouldn't go over there. She might get another kiss from him.

Leon saw that Alyssa didn't come over and said softly, "I have something very important to tell you, it's about Colton."

Alyssa put down the lunch box and walked to him.

But just as she got close to Leon, she was kissed hard by Leon.

She looked at Leon with surprise, "You ... I really thought you had something important to tell me, but you lied to me again. When did you become so naughty?"

Leon, however, was serious, "Kissing you is the most serious thing!"

Alyssa turned down the corners of her mouth. She really had nothing to say.

Alyssa turned around to leave, but before she could walk out, Leon pulled her back.

She looked back at Leon, "I don't want to be kissed by you."

"Alyssa, don't go. There's something I want to tell you."

"Again! The nurse will come over in a minute. It's not good for her to see us like this. Let go of me first. The doctor said your leg is almost healed, and we can go home soon. You can do whatever you want when we get home."

Alyssa couldn't help but laugh.

Watching Alyssa's face blush with laughter, Leon couldn't help but smile, "Really?"

"Really." Alyssa nodded. How could she possibly lie to him about something like that? Even if he wanted to do that, she wouldn't object.

Looking at Alyssa's determined expression, Leon couldn't help but smile, "Besides this, I have one more thing to tell you, it's about Colton. Grandpa's people sent him to jail after they caught him. Before that, you got his cell phone with evidence of his crime as well. Not only did he confess, but he did it quite calmly. Tomorrow, he will go to trial, but last night there was a sudden riot in the detention center. Some rioters set fire to the detention center. I heard that no one survived. Everyone died in the detention center."

Alyssa was surprised, "Really?"

"But my people just told me it's not simple ... Colton might take advantage of the fire to escape."

"So it's Colton's trick. He got away, but he's still Colton, and we can get him back again. He's simply a ticking time bomb, and it's just too dangerous."

Alyssa panicked at the thought of Colton escaping.

She had seen what Colton could do. She was terrified that Leon would be caught by Colton again. She looked at Leon and grabbed Leon's hand tightly, "Leon, you hurry up and find a way to catch him. This man is too dangerous."

"It's going to be hard to find him again. Alyssa, I tell you this because we need to be careful. You're six and a half months pregnant, and soon you're going to give birth. Let's not go anywhere during this time, just to be safe, okay?"

"I'll do whatever you say."

Alyssa smiled and nodded at Leon obediently.

"Don't be afraid. I'm with you." Leon could see that Alyssa was nervous. He took Alyssa's hand tightly, "This time, the situation is different from before. He is a prisoner now, so he doesn't dare to be too high-profile. Although we don't know where he is, after the last incident, grandpa has already started to eliminate the Koherrs' power in A City. In addition to that, I have also started to officially acquire Koherr Group."

"You want to acquire Koherr Group?"

"Yes, I want to buy Koherr Group."

"But Koherr Group is complicated, isn't it? Leon, what are you thinking? Does grandpa know?"

"I discussed it with grandpa before. And it was because I discussed it with grandpa that I decided to do it. After I acquire Koherr Group, I will sell some of the projects. The remaining projects that I can't handle will be determined by the situation."

"What do you mean?"

"About the projects that I can't handle, I'd better just get rid of them. Alyssa, grandpa is right. Colton is ambitious, but that's not how Grandpa Koherr thinks. Grandpa met with Grandpa Koherr once in secret the other day. Grandpa Koherr gave him a power of attorney and told me to handle Koherr Group this way."

To be continued
