

## Wonder Doctor Chapter 2181

“Back then in the void, the Chaos Immortal inside that Chaos World Worm had left some information behind!”

Lin Ran said.

“He said that when he was travelling through the void, he had once mistakenly entered a place!”

“The people of that place didn’t use spiritual qi to cultivate, all they used was chaos qi!”

“You should know this very well, ordinary cultivators of the Immortal Realm are simply unable to permanently refine Chaos Qi!”

“They can only store it down as foreign power, and when it’s used up, it’s gone!”

“But the people of this clan were born with Chaos Qi in their bodies!”

“That’s why they’re all very strong in battle, but there are too few records about them in the entire Immortal World!”

Lin Ran sighed helplessly even as he said this.

The Chaos Qi spin within his own body had shattered, and now he was slow to find a way to repair it.

In fact, to be honest, he was eager to take a trip to this mysterious group in the chaos.

Maybe he could find a way to repair his Chaos Qi Spiral.

“Don’t they even know about these things in the pillow book?”

Qin Bing asked.

Lin Ran shook his head.

Although Pillow Book and Qing Zi were both ancient divine artifacts, one immortal and one divine artifact.

But in the end, they had only been born for how many years.

The Pillow Book was created by the old Immortal Emperor, barely an age removed from the old Immortal Emperor!

Qing Zi was a divine weapon, and even if her years were longer than the Pillow Book, she was in a state of slumber for a very long time!

In fact, she didn’t know as much information as the Pillow Book.

“This is something that can’t be found, it’s good to know, you can’t force it!”

Lin Ran said.

“You’re looking on the bright side, if the situation in the Immortal World today really comes to a head, perhaps the Divine Shadow Clan can force out that mysterious clan in the chaos!”

Qin Bing laughed.

“But have you thought about it, if it really comes to that, I’m afraid we’ll all be finished!”

Lin Ran laughed bitterly.

“Alright, it’s useless to talk about these things too much, they should be going out now, let’s wait and see!”

Lin Ran greeted.

Sure enough, as soon as his words fell, a voice came from the square outside the mansion.

“All the magical beasts participating in the Chance Conference come out to receive orders!”

The voice rang out, and immediately, Hai Zi and Li also walked out from within the mansion.

Lin Ran hid within the mansion and looked really well, only to see a stout magical beast that must have been at least two metres tall standing in the square.

Facing fiercely, he looked at the countless magical beasts in front of him and said.

“The usual rules, all magical beasts must test their strength before the competition begins, those whose strength does not meet the standard are not qualified to participate!”

“All the magical beasts left behind must take the next induction stone!”

“These induction stones will disappear on their own after a month!”

“If you have no objection, come and test your strength and receive the induction stone!”

“Receive induction stones?”

Qin Bing was stunned to hear this.

“It seems like this Opportunity Conference is only two days in total!”

“Why do we still need induction stones!”

“I don’t know, but apparently it’s getting more and more interesting, this Tianshui Jiao is afraid that he has his own agenda!”

Lin Ran laughed indifferently.

Two days for a chance meeting, taking induction stones, was he afraid someone would run away?

“What about Lin Ran?”

Li asked.

“Nothing, do as they say!”

Lin Ran said.

Li's chance was here, and if he wanted to figure out what it was, he would have to follow the Tianshui Jiao's idea.

Otherwise, wouldn't it be more straightforward for Lin Ran to just rush out and kill the Tian Shui Jiao.

But then, Lizzy's chance might have to be completely impossible to find.

Li nodded and swirled towards the group together with Hai Zi.

Inside the government residence, Lin Ran, on the other hand, waved his hand and called out for Pillow Book and Qing Zi.

As soon as these two appeared, Lin Ran was dumbfounded at the sight.

He saw that Pillow-side Book was tugging on Qing Zi's hair with a deadly grip, while Qing Zi had both her hands clasped over Pillow-side Book's eyes.

The two were just about hugging each other.

"What are you guys doing? Getting it on?"

Lin Ran said breathlessly.

"Bah! Who's going to have sex with him, this rogue book!"

"I rogue book? Who ran over to me! You rotten bottle!"

"All right!"

Lin Ran was speechless, what had followed, these two were still getting it on.

"You guys go and check if there's any hidden places on this Tianshui Mountain!"

Lin Ran said.

He always felt that there was something wrong with this chance meeting, but what exactly was wrong, he couldn't say.

"Alright got it!"

Pillowbook responded, and then with a flash he directly left.

"Bastard stop right there!"

Qing Zi cursed, and instantly chased after him as well.

"The two of them."

Qin Bing looked a little speechless, what was this? A happy couple?

"Don't mind them, two aged spells and a bit embarrassed!"

Lin Ran said.

....

It took an hour to test their strength and receive the induction stones.

When Li and Hai Zi returned, the two of them separated and began refining.

Lizzy went to a room alone and took the induction stone out.

“What now!”

Li asked.

“Is your black Qi free to control?”

Lin Ran asked.

“Yes!”

“That’s good, use your black Qi to wrap this induction stone around it before you take it!”

“If you find that something is wrong, just destroy it!”

Lin Ran said.

“Okay!”

Li responded and immediately took the sensory stone down.

Instantly, a black Qi within his body directly wrapped around the Sensory Stone.

The start time of the Opportunity Conference was set for the early hours of tonight.

It was also to wait for the magical beasts that hadn’t yet rushed over.

But as soon as the early hours of the morning had passed, the assembly would officially begin.

Later on, Li ran to see Hai Zi again and had a chat about the competition.

That was how he knew roughly how the whole Chance Assembly competition would go.

There were two stages!

The first one was actually a screening process, eliminating some weak people, leaving only the most powerful ten people in the end!

And the second one would directly select the top three, and only these top three would be qualified for the final chance.

As for the format of these two matches, it was actually very simple and rough, which was very suitable for the Magical Beast clan.

Because these two matches cannot kill anyone!

So the rules were very interesting.

For the first match, it was divided into two matches!

Half of the magical beasts participated in each one.

All the magical beasts had to endure a formation called the Soul Regeneration Formation to oppress them.

This Soul Regeneration Formation is very special, because it only targets the soul of the beast.

It does not cause any damage to the physical body.

This led to many physically strong magical beasts not being able to gain the upper hand here.

However, similarly, magical beasts with strong flesh bodies generally do not have poor divine senses either.

So it was naturally no problem to participate in this.

And when it came to the second match it was strange.

In this second match, the inner pellet of a magical beast was actually used.

The inner elixir of a magical beast is the equivalent of a practitioner's dao seed.

That was the most important thing, but here it was actually going to be taken out directly against each other, Lin Ran really didn't understand how this Tianshui Jiao was going to have fun.

It wasn't enough to stage a chance meeting, but to actually use the inner guts to clash, this was simply too crazy!

The point was that these magical beasts were really playing with him.

Lin Ran couldn't understand this question, but when he learnt that the Tianshui Jiao would personally come to watch the competition of this magic beast inner bile clash, he seemed to understand.

What inner bile clash, this Tian Shui Jiao obviously just wanted to come and see how strong or weak the inner bile of the final top ten was!

## **Wonder Doctor Chapter 2182**

The test before the start of the Opportunity Conference lasted for a full afternoon.

Many more magical beasts arrived one after another during that time.

At night, Li stayed in Hai Zi's mansion.

Lin Ran, on the other hand, stayed in his own mansion and kept waiting for news.

"Whoosh!"

Suddenly, two streams of light appeared out of thin air and then disappeared into the mansion on top of Lizzy.

They soon appeared in front of Lin Ran.

"Back?"

Looking at the two figures in front of him, Lin Ran then got up from his cultivation state.

“Back!”

Pillowbook laughed.

“Master, guess what we found!”

Qing Zi, on the other hand, laughed, looking very happy.

“Found what?”

Lin Ran asked with a smile.

“This Tianshui Jiao really does have a secret, and it’s right here on Tianshui Mountain!”

Qing Zi laughed.

“Kid, this Tianshui Jiao has a cave on the mountain, and I don’t know what’s been put inside, it’s full of mechanisms!”

“I’m afraid there are no less than ten formations set up just by the formations!”

“We didn’t dare to go in for fear of alerting the snake!”

Pillow Book said.

“A cave?”

Lin Ran frowned at his words.

“No news other than that?”

“No, this Tianshui Jiao is very cunning and has stayed in his own chambers without coming out!”

“What exactly is inside that cave, I’m afraid we’ll have to find another opportunity to go in and take a look!”

Pillow Book said.

“Hm!”

Lin Ran nodded his head.

Although he didn’t understand this Tianshui Jiao’s character, he had heard a few things along the way through Hai Zi.

The Heavenly Water Jiao was brutal by nature and had a very strong sense of clan.

This could even be seen through his attitude towards the various magical beast clans in the Heavenly Waters.

How could such a person possibly take out a so-called chance for the development of the entire Heavenly Waters.

There was clearly something wrong here!

“What are you going to do now? That little fellow is Zhen Yan’s heart and soul, if you let anything happen to him, Zhen Yan is afraid that he will die of anger!”

Pillow Book reminded with a smile.

“Don’t worry about that, we’ll just follow him, what kind of accidents could happen!”

Lin Ran laughed lightly.

The importance of Li was self-evident, it was just that this time was also his chance, Lin Ran couldn’t help it, as the saying goes, wealth and prosperity were at stake.

It was impossible to let him do nothing and the chance would just fall on his head by itself for no reason!

“The convention will start soon, let’s just wait and see what happens!”

“At the very least, know that this Tian Shui Jiao has such a place!”

Lin Ran said.

Seeing this, Qing Zi and the Pillow Book didn’t say anything more and swirled back.

....

In the early hours of the morning, as the full hour approached, the rumbling of horns finally sounded outside the mansion.

Lin Ran could see through the residence that the entire square was black with magical beasts!

And that was only half of them.

The other half of the magical beasts were to take part in the second contest.

Li was participating in the first one, together with Hai Zi, which was quite lucky, at least they could take care of each other.

“Brother Li, I’m afraid we’re in trouble this time!”

Suddenly Hai Zi, who was standing at the side, spoke up.

“What do you mean?”

Li asked in confusion.

Hai Zi, however, did not say anything and turned his head to indicate him to look behind.

Li followed his gaze and instantly saw a familiar figure.

It was none other than the Vine Devil of the Demon Jiao Clan.

“Isn’t this one a contest of divine sense? Could it be that this guy’s divine sense is very powerful?”

Li asked.

“At least it’s not low!”

Hai Zi said.

“Two matches, the first five spots in each! This Vine Devil can at least take one!”

“Look over there!”

Hai Zi said and looked to the other side, only to see a young man covered in fire red standing there.

Strangely enough, there was a distance of at least ten meters around him, and no one dared to come near!

“This person is even more terrifying, his original body is a red dragon, and what’s even more terrifying is that he is a divine sense practitioner!”

Hai Zi said.

“A red dragon? Is it a real dragon?”

Li was busy asking, with a hint of excitement in his eyes.

If this was a real dragon and he was allowed to eat it, it would simply help him too much!

“It’s not a real dragon, there’s no such thing as a real dragon in this world! It’s also a variant of a dragon!”

Sea Violet explained.

“O well!”

Lizzy sniffed a little disappointed.

A dragon variant and a real dragon were completely different!

At the very least, there was a big difference in bloodline.

But this divine sense practitioner was very special!

“This fellow is actually a divine sense cultivator, what a stroke of luck!”

Inside the government residence, Lin Ran couldn’t help but say.

All this way over, Lin Ran had not seen a single divine sense cultivator.

He had never expected to come across one in this Heavenly Water.

“Is this divine sense cultivator very powerful?”

Qin Bing asked as he stood to the side.

“You haven’t seen one?”

Lin Ran frowned.

“Nope! Although I’ve been in Immortal Emperor City, I basically don’t leave the mountain!”

Qin Bing said.

“Alright!”

Lin Ran was somewhat speechless.

“It’s nothing really, it’s just that these divine sense cultivators have a very powerful divine sense!”

“This Red Dragon’s strength should also be at the peak of the Violet Sea realm!”

“A divine sense practitioner of this strength, unless you can wipe out his divine sense, he can just find someone to rob his opponent’s body!”

“Moreover, for someone of this strength, it’s almost impossible to erase his divine sense at the same level!”

“Either with the help of formations or by strength crushing!”

“So this kind of person can almost be said to be immortal at the same level!”

“Only with a base that can infinitely reshape their flesh, very difficult to deal with!”

Lin Ran explained.

“So powerful, how come I’ve never heard of this group before!”

Qin Bing said.

Divine Consciousness cultivators were so terrifying, how come there weren’t many of them instead?

“This has to do with the techniques they cultivate, many people can’t carry their strength before they go crazy!”

Lin Ran laughed indifferently.

And just as the two of them were talking, a voice had sounded above the square outside.

“The competition starts in one minute, everyone is ready!”

The moment the voice rang out, Lin Ran felt an aura that swept past his own mansion.

However, this aura was too weak for him, so naturally it was impossible to detect Lin Ran’s presence.

However, as this aura swept past, a formation began to rise up around the entire square.

All that could be seen was that it was a layer of red formations, with a white light flowing from it.

It looked as if it was a lightning bolt.

The formation rose very quickly and within a few moments it had enveloped the whole square.

There was no more noise outside, and the person in charge of the competition seemed too lazy to speak.

The competition had actually started like this!

“Why don’t you feel anything at all!”

Qin Bing suddenly asked.

“What feeling can there be, boiling a frog in warm water, take your time! Just wait and see!”

Lin Ran said.

As luck would have it, as his voice fell, the group of magical beasts as all made their way down in the square.

Seeing this, Li was also busy sitting down after him, but he looked around a little confused.

This match had just started?

How come he didn't feel anything at all?

“Lin Ran, has the match started yet?”

Li asked.

“Nonsense!”

Lin Ran was a little speechless, what was the deal with this Lizzy, she couldn't even see this!

“No, why don't I feel anything at all!”

Lizzy asked, scratching her head.

### **Wonder Doctor Chapter 2183**

“Wait and see, these screening tests are from low to high, soon someone won't be able to carry them!”

Lin Ran reminded.

He had participated in this kind of competition for I don't know how many times, he couldn't be more familiar with it!

“Good!”

Li nodded his head and didn't say anything more.

The crowd all waited quietly.

Sure enough, as the minutes passed, soon even Lin Ran inside the mansion felt a suppression of divine sense.

The formation did not seem to care at all about the isolation of the mansion and could act on Lin Ran completely.

Within the mansion, everyone else was quite strong, and only Wang Yifeng was weaker.

In order to be safe, Lin Ran directly allowed Xiao Jiu, Wang Yifei, Wang Kun and Xiao Cui to enter the Qiankun Violet Qi Vase.

In the Qiankun Violet Qi Vase, these divine sense suppressions did not exist at all.

And at this time in the square outside, there were already some weaker magical beasts that had started to have their faces gradually gloomy.

From the beginning, Li seemed to be like a nobody, looking east and west from time to time.

It was as if he wasn't participating at all.

"Lin Ran, I'm still not feeling it!"

Lizzy said somewhat helplessly.

"Wait and see! But even if you're not feeling it, don't show it!"

Lin Ran was a little speechless, this child Lizzy was too truthful.

"Look at Hai Zi, make whatever expression he makes, look relaxed now, it will only make people pay attention to you!"

Lin Ran reminded.

"Okay!"

Lizzy replied busily.

Half an hour soon passed.

By now, the divine sense suppression in the square had become very powerful!

There were starting to be some magical beasts whose bodies were shaking.

It was obvious that they were close to being somewhat unable to carry it anymore!

"Weng!"

Suddenly, as one of the figures instantly disappeared from the spot.

Finally the first magical beast that couldn't carry the burden appeared.

And as there was a first, a second and a third began to appear!

The disappearing figures were like a plague, quickly spreading throughout the square.

The square, which had started out dark and overwhelming, quickly became cold.

After only ten minutes, at least half of the magical beasts in the square had disappeared.

Although the square was still very quiet at this point.

However, Lin Ran could see that outside the square, those failed magical beasts were all hanging their heads in despair.

Clearly this year's chance had no chance with them!

"Li, I'm dying!"

Suddenly, a voice came from the side, if it wasn't Hai Zi or someone else!

“Huh? What should I do then!”

Lizzy asked busily.

“What to do, you go for it, my strength is only medium to high in the first place, I expected this kind of result!”

Hai Zi sighed.

“Lin Ran, what to do! Hai Zi is not going to be able to hold on!”

Li was a little overwhelmed and asked busily.

“It’s not easy for him to hold on with his strength until now!”

Lin Ran said.

“But...”

Lizzy was a little bit at a loss for words.

“You want to help him?”

Lin Ran asked.

“Mmm!”

Lizzy nodded.

“Let me think about it!”

Lin Ran said.

This child, Li, had hardly ever lifted an outsider and could easily feel good about others.

It was a normal reaction to want to help Hai Zi at this moment, but was this Hai Zi worth helping?

Lin Ran had some worries in his heart.

Putting aside the question of whether to help or not, even if he did, what would happen?

Even if this Hai Zi’s strength could pass the first match, I was afraid that he would still lose in the second inner dan clash.

Even if he won, would the final chance really be a good thing?

“I can only say that there is little point in helping, but this matter is in you!”

“You decide for yourself, if you want to help him, you grab his hand and draw the divine sense suppression from him to yourself!”

Lin Ran said.

“Fine!”

Li was dry, and without saying a word, she directly grabbed Hai Zi’s hand.

“What are you doing!”

Hai Zi also jumped down.

“I’ll help you!”

Li said.

And just the moment his palm grabbed Hai Zi’s hand.

Hai Zi’s entire body froze.

The powerful divine sense suppression on her body actually disappeared in an instant.

That’s right it just disappeared, not even a single bit was left behind!

“You!”

Hai Zi was a little confused.

“You don’t have to carry it all by yourself, I can resist some of it!”

Hai Zi thought that it was Lizi who had drawn away all the divine sense suppression from herself.

Instead, Li was busy shaking her head with a dumbfounded look on her face.

“I didn’t... I didn’t feel anything! But . . . . Erm let’s pretend it’s hard!”

Lizzy gave a lurch and almost blurted out Lin Ran!

“You!”

Hai Zi was however a bit confused, she could barely carry herself and this guy actually didn’t feel anything at all!

People are really worse than people!

But what Li said was right, one couldn’t be too flashy at this time, even if one really didn’t feel anything at all, one still had to pretend that it was hard!

Otherwise it would be easy to reveal one’s strength.

Time passed by minute by minute, and soon there were fewer and fewer magical beasts in the square.

In the end, there weren’t even ten magical beasts left!

And Lizzy and Hai Zi still didn’t feel anything up to this point.

“Brother Li, how on earth did you manage to do that?”

Hai Zi asked with a dumbfounded look on her face, busy asking.

“Er.... I don’t know actually!”

Li scratched his head in embarrassment, how would he know this.

To be honest he himself was in a dumbfounded state until now.

“Alright, cut the crap, get ready from the fifth place onwards you guys go out too!”

Suddenly a voice came over, it was Lin Ran!

“Go out? Why?”

Li was puzzled.

“Don’t be too flashy, it’s fine if you can get a promotion spot, the top five can already enter the second, there’s no need to show all your strength now!”

Lin Ran said.

“O, alright!”

Li nodded, since Lin Ran had said so, he naturally had no problem with it.

Time passed, and this time, after just three minutes, there were only six magical beasts left on the field!

Among them were also Li and Hai Zi.

And among the other few magical beasts were Vine Demon, as well as the red-skinned youth whose body was that of a red dragon.

“Weng!”

As the voice rang out, one of the magical beasts finally left reluctantly.

And by this point there were only five magical beasts left in the field.

“Let’s go out!”

Li greeted, and immediately led Hai Zi to leave the square as well.

And the three remaining magical beasts seemed to have no intention of ending.

Still in the competition, they seemed to want to show off their strength at this level so that they could attract the attention of the Tianshui Jiao.

Thus winning the chance for themselves.

But as time went on, after only three minutes, the three magical beasts on the field were still fighting.

Two of the three demonic beasts on this field couldn’t carry on.

And although the Vine Devil was very reluctant, he still lost to that Red Dragon slapped in the second position.

And at this point, there was no need for the match to continue.

Red Dragon also quickly left the square.

With his departure, this first match was considered to be completely over!

A rumbling sound soon rang out all around, and the second match began.

Some of the defeated magical beasts soon left.

Seeing as there were many more who chose to stay.

After all, after this second match, followed by the second level of selection!

The top three would be chosen and only these top three would be rewarded with the final chance.

#### **Wonder Doctor Chapter 2184**

The second match didn't have much suspense and was also over after half an hour.

But in this second match, there actually appeared a person who was as very perverted as that Red Dragon guy!

This man was dressed in black robes, and his whole body was shrouded in black.

Even his skin was black.

The entire look was black except for his eyes, and his mouth was almost all black without opening.

"Who is this man!"

Lin Ran asked as he looked curious.

"This is Mo Tian!"

Outside, Hai Zi frowned and said.

"Mo Tian? He seems to be very powerful too!"

Li said.

"Hmm! He's about as strong as Red Dragon, and the two have been fighting for many years! There has never been a winner either!"

Hai Zi said.

This Mo Tian came from a clan called the Mo Clan.

There weren't many people from this Mo clan, and it was hard to see people from the Mo clan in the entire Heavenly Waters.

However, whenever they were seen, they were all inevitably very powerful.

It could be said that anyone from this clan who could come out and walk around was bound to be very strong.

"I'm afraid that this time, I can only go so far in the Chance Conference!"

Hai Zi lamented helplessly.

Next to them were Red Dragon and Vine Devil, and now there was another Mo Tian.

There were only the top three places in the Chance, and Hai Zi knew very well that her hope of getting that name was too slim.

“Don’t be discouraged, nothing can be said until the end!”

Li spoke up and advised.

Look at the time, it was already close to 3am!

The competition had come to an end with the second match of the first level.

The second match would be held after dawn.

The crowd went back to their mansions to rest.

Waiting for the final match in a few hours.

◦ ◦ ◦ ◦

At this moment in the palace above Mount Tianshui.

Tian Shui Jiao was sitting on the main seat.

In front of him, there were two images of the two matches.

“My lord, the results this time are pretty much what you thought!”

“In first place is that Red Dragon, with Mo Tian following closely behind!”

“Other good strengths, and that Vine Devil!”

A black-robed henchman from below said respectfully.

“Who is this kid!”

Suddenly, Tian Shui Jiao noticed Glaze from the first match.

“I don’t know, it shouldn’t be a magical beast from the Heavenly Waters!”

The handlers said respectfully.

“This Sea Violet would have been unable to hold on, and according to the characteristics of the Tide Serpent race, the divine sense test is indeed not suitable for them!”

“But this glaze seems to have helped him!”

The Heavenly Water Jiao frowned slightly.

“My lord, do we need to disqualify them!”

The black-robed henchman asked busily.

“No need!”

Tian Shui Jiao got up and said.

“The Tide Serpent clan has a deep heritage, although it has been suppressed by me over the years!”

“But their bloodline is indeed strong, although I don’t want to admit it either!”

“As for this Li, we don’t know how strong he really is yet!”

“Let’s just pretend we didn’t see it, if this kid is good in strength, this year will be a great harvest year!”

Tian Shui Jiao laughed blandly, but there was greed in his eyes.

“What does Your Excellency mean?”

The black-robed henchman asked busily.

“The tournament will go on as usual, and if it really pleases me, I don’t mind opening an extra spot for them this year!”

“After all, the stronger they are, the more collectibles I will have when the time comes!”

Tian Shui Jiao said with a cold smile on the corner of his mouth.

◦ ◦ ◦ ◦

The night has quieted down.

The entire magical beasts that entered the house on Tianshui Mountain had also gone to sleep.

But within the mansion, Lin Ran had no intention of resting at all.

“What’s wrong?”

Qin Bing looked at Lin Ran, vaguely a little worried.

“Nothing, it’s the doppelganger side! The doppelganger has already rushed to the first war-torn small world!”

Lin Ran said.

“So you’re still not taking the karma break?”

Qin Bing was busy saying.

It was likely that there was a Divine Shadow Clan within the Warring Small Worlds, and Lin Ran hadn’t been using the Cause Breaking Fruit.

This was actually very dangerous, and if the doppelganger was attacked by a God Shadow Race powerhouse, it would definitely affect him here.

“Wait a little longer, of the five warring small worlds, and the God Shadow Race is quite deep hidden, I’m afraid it’s not that easy to run into them!”

Lin Ran said.

Breaking the cause and effect was a matter of great importance, and Lin Ran had not wanted to take it directly because he was afraid of breaking the connection with his doppelganger.

After all, once the connection was broken, if he got any useful information on his side, the doppelganger would not know about it at all!

“Let’s wait a little longer!”

Lin Ran closed his eyes and began to meditate.

Seeing this, Qin Bing didn’t speak either, and just kept a silent vigil at the side.

....

In the morning, just as the sun was rising over the sea, a voice rang out from in the square.

“Everyone, the second match will begin in ten minutes, and Lord Tianshui Jiao will personally observe the battle!”

The voice boomed and instantly spread into the countless mansions in the square.

Li and Hai Zi also left the mansions at the first opportunity.

At this moment, a very large number of magical beasts had already gathered outside.

However, most of them were already eliminated.

These magical beasts quickly left the square, and just a few moments later, only ten figures remained in the entire square.

Two of them were also Lizzy and Hai Zi.

“Li, you’re cheering, I’ll just give up if I can’t!”

Hai Zi stood aside and said, to be honest the strength of the remaining people were more powerful than one another, he was really a bit uninformed about himself.

“Don’t be like that, the result hasn’t come out yet!”

Li said.

There were ten people in total, divided into five groups.

Apart from Lizzy, Red Dragon and Demon Heaven, plus Shanghai Zi itself.

There was only one Vine Devil left that was harder to deal with.

That would be five of them, which meant that the odds of Hai Zi bumping into them would be two-fifths.

If they were lucky, they would still have a fighting chance against the others!

But in the end, there would only be three people left in this competition.

Therefore, the chances of Hai Zi advancing were still very slim.

Red Dragon and Mo Tian will almost certainly advance as long as they don’t run into each other!

When the time came, he would still have to compete with Vine Devil and Li for the last spot.

There was genuinely not much hope.

“Opponents are randomly assigned, enter individually, the match will officially begin once Lord Tianshui Jiao arrives later!”

The voice boomed, not giving the crowd much time at all to see who their opponents were.

And with the sound of the voice, five colours of light instantly fell across the entire square, ten in total.

Exactly ten people divided into five teams!

Li looked to find that her opponent was someone of little renown, who shouldn't be too difficult to deal with.

But Hai Zi wasn't so lucky, she ran straight into a Vine Devil in this first match.

“This is the end!”

Hai Zi was instantly a little helpless.

This was really the first match that she didn't even want to let herself through!

At this moment, inside the mansion, Lin Ran was laughing when he saw this grouping situation.

“This Tianshui Jiao is really cocky, what opponents Red Dragon and Mo Tian are matched with!”

“If I'm right, the two of them won't even meet by the second match!”

“This Tian Shui Jiao is simply trying to get both of them to advance!”

“Isn't that normal?”

Qin Bing said.

Since it was a chance selection, surely the stronger one would get it!

“It's normal, but by doing so, if he has any purpose, it will also be very convenient!”

“Even cutting leeks is towards the taller ones, the more he does this, the more worried I am in this heart that there is something wrong with this Chance Conference!”

### **Wonder Doctor Chapter 2185**

Lin Ran was thinking in his mind when suddenly a light had lit up above the square.

Everyone around looked towards the place where the light had lit up.

In the light, a golden seat emerged out of thin air.

The golden seat was surrounded by a hazy white light, and was obviously a magic weapon.

And as the seat appeared, a strong wind soon rushed over from the top of the Tianshui Mountain in the distance.

He was so fast that he had reached the square in almost the blink of an eye.

A moment later, the moment he turned and sat down on the golden seat, everyone looked at him with actually a little more fear.

“This is the Heavenly Water Jiao?”

Li looked at the man on the golden seat with a little more light in his eyes.

“What are you doing! Holy shit don’t get any ideas, the Tianshui Jiao is very strong!”

On the side, Hai Zi saw this and was busy saying.

Everyone was a magical beast, where he didn’t understand what this gaze from Li stood for.

“Don’t be nervous, I just like it a lot!”

Li laughed.

As magical beasts, almost all of them possessed one ability.

That was devouring.

It was possible for magical beasts to devour each other’s inner pellets.

The power of the bloodline was only seen in humans to be available to their offspring through bonding.

There are, of course, some very bloody practices that can rob others of their bloodline.

But among magical beasts, devouring someone else’s inner essence can be done.

It was just that if you wanted to devour someone’s inner guts, you had to be prepared to be slaughtered.

This gaze of Li was also very clear to Hai Zi!

“How is it?”

Inside the government residence, Qin Bing spoke up and asked.

“Average, the strength is just like that, but let’s wait and see!”

Lin Ran said.

The strength of the Heavenly Water Jiao was naturally not something he put in his eyes.

But everything had to wait for what happened on Li’s side.

When he found his chance, that would be when it was all over.

“Alright, let’s not talk too much, the groupings are out!”

“Let’s get started then!”

Tian Shui Jiao spoke up.

“But the participants this year are all very strong, so in order not to let everyone’s efforts go to waste!”

“I will award an extra spot to those who have performed outstandingly today!”

“In other words, there are a total of four people who will have received a chance slot this year!”

“But it’s up to you all to decide who gets it!”

The Heavenly Water Jiao’s voice fell, and immediately a formation rose up in the square.

The formation enveloped, and following it, five smaller rings actually rose up in the square respectively.

Seeing these five rings, everyone walked towards one of them without any further ado.

The matches in all five places were taking place at the same time.

Lin Ran looked towards the rings and soon realised that although there were five places competing at the same time.

However, the only place that really had something to see was the place where Sea Violet and Vine Devil were.

The strength of Red Dragon Mo Tian didn’t even need to be seen.

I’m afraid that the opponent would simply admit defeat.

No one was sure of Li’s strength, and a battle could not be avoided.

But Lin Ran had more or less an idea of his strength.

Of the five places in the tournament, only Vine Devil and Sea Violet had the closest difference in strength.

If there were no surprises, this extra spot would probably be chosen from this battle between the two of them as well.

On Lin Ran’s side, he was observing the situation in the field.

And at this moment, on the field, two voices had come out at the same time.

“I give up!”

“I give up too!”

Without the slightest hint of suspense, the people who had run into Red Dragon and Mo Tian had both directly chosen to give up!

Just kidding, how else could this match be fought when they ran into the two of them.

Although they couldn’t hurt their lives.

But to be seriously injured by them is no joke!

But apart from the two of them, the match was abandoned.

Everyone else’s matches went on as usual.

In an instant, there were only three matches left out of the original five.

And on Lizzy's side, after just two rendezvous with the other side at the beginning, the other side actually called a forfeit as well.

Because that was really no chance at all!

In less than ten minutes.

There were only two matches left in the competition.

Lin Ran didn't bother to look at the one next to him, and focused all his attention on the match between Hai Zi and Vine Devil.

As the saying goes, enemies meet enemies.

This was too apt a description for the two of them at this moment.

"Tsk! This is really even Lord Tian Shui Jiao helping me out!"

"Hai Zi, it's not too late for you to surrender!"

Vine Devil stood at the same spot and laughed blandly.

"Surrender? Just by you?"

Hai Zi said in a cold voice, a crazy battle intent in his eyes.

Originally, he had been ready to give up.

But when he heard Tianshui Jiao say that he would give an extra spot.

The fighting spirit in his heart burst into flames again.

In previous years, there had only been three places.

This year, there were four places, so if he didn't put up a fight this year.

Would he still have a chance in the future?

"I think you will not die until you reach the Yellow River! I'll take this extra spot!"

Vine Devil sneered, and immediately charged towards Hai Zi.

The two of them had fought for an unknown number of years.

This time, there was no nonsense, and their strikes were all killing moves.

The Vine Devil instantly arrived in front of Hai Zi and raised his hand and slapped his palm towards Hai Zi's face.

The Vine Devil's body was a devil jiao, so it didn't matter if it was just an ordinary slap.

However, the power contained in his palm was very great.

Moreover, magical beasts rarely used weapons.

So most of the battle between the two was physical combat.

“Bang Bang!”

It was too late, and the two had fought to a standstill in almost one glance.

And Lin Ran had clearly underestimated the battle between magical beasts.

After only a few rounds, both of them had already started to get colour on their bodies.

And the two men’s eyes were gradually turning red.

Both were clearly enraged.

“You can’t possibly be my opponent, it’s better to just decide the winner in one move!”

Vine Devil was too lazy to talk nonsense with Hai Zi, consuming too much power now, the match back was definitely going to be a loss.

It would be better to just decide the winner in one move, and win some rest time.

“You think I’m afraid of you!”

Hai Zi said angrily.

“Humph! Then let me see how strong the bloodline of your Tide Serpent clan really is!”

Vine Devil said in a cold voice.

And the moment his words rang out, a white light instantly shot out from his brow.

This white light was extremely fast, and shot towards Hai Zi the instant it appeared.

Hai Zi also did not dare to be slow, seeing this white light instantly his whole body glowed brightly, followed by a black bead that also instantly floated out.

“This should be the inner guts of their Tide Snake Clan!”

Lin Ran said to himself when he saw this.

This second level of the competition was looking at the strength of the inner guts.

At this moment, both of them had cast out their inner guts.

But who was stronger would still have to be determined by the clash between the two.

At this moment, the eyes of the surrounding crowd in the end were all attracted by the two men’s inner guts.

Vine Devil’s white light was obviously his inner guts, too

And at this time, the Tianshui Jiao who was sitting on the golden seat watching saw the two men’s inner guts and couldn’t help but have an extra glint in his eyes.

“The inner guts of the Tide Serpent clan, I wonder if they still have the same depths as back then!”

“This Sea Violet also doesn’t know if she has inherited the power of the Tide Serpent Clan’s bloodline!”

“If it has inherited it, then this Opportunity Conference will really be quite rewarding!”

The Heavenly Water Jiao said and couldn’t help but lick his lips, with greed in his eyes.

### **Wonder Doctor Chapter 2186**

And it all happened in a flash of lightning.

The surrounding crowd had not yet reflected what was going on.

The two inner pellets in mid-air had already collided with each other.

“Rumble!”

A terrifying wave of power instantly erupted as the two inner pellets collided.

And this power instantly swept out in all directions.

The point was, at this moment, the area around where Hai Zi and the Vine Devil were fighting was enveloped by a formation!

This power could not be completely emitted.

It could only remain completely within the formation.

However, at this moment, Hai Zi and Vine Devil did not care about it at all.

The clash between their inner guts was too fierce, and if they were slightly distracted, they would probably be defeated.

It was even possible that if the inner guts were severely injured, what it would bring would be serious injuries.

“What do you think, Lin Ran?”

Inside the government residence, Qin Bing asked with a frown.

She didn’t quite understand this kind of collision of magical beast inner guts.

“It’s not easy to say, on the surface it looks like the Vine Devil has the upper hand, but this is a clash of inner bile, not like a fight!”

“The bottom cards haven’t even come out yet, so it’s really hard to say exactly who loses and who wins!”

Lin Ran said.

There were no absolutes in any contest.

Before the base cards were all played out, all outcomes were possible!

But in terms of the inner pellet competition alone, it was still Vine Demon that had the upper hand so far.

“What’s the use of you two guessing blindly here.”

“Just call Little Nine over and ask him!”

Suddenly the pillow’s voice rang out.

“Xiao Jiu?”

Lin Ran was stunned at his words, not quite understanding what Pillow-side Book meant.

“Yes, Xiao Jiu is a fellow demon stone, her sense of magical beasts is very keen, she can definitely see something that we can’t!”

Pillowbook said.

Lin Ran nodded at his words and instantly waved his hand, calling Xiao Jiu over.

“What’s wrong?”

Xiao Jiu looked at the crowd with a dumbfounded expression.

Lin Ran explained the situation, and Xiao Jiu immediately looked out at the battlefield.

After just a moment, he laughed and said.

“This Vine Devil won’t work!”

“If we were to compete for inner pills alone, that Sea Violet would definitely win!”

“Why?”

Lin Ran’s crowd was puzzled.

“Right! It’s obvious that the Vine Devil has the upper hand!”

Qin Bing was also busy asking.

“It’s useless, having the upper hand is just that his inner dan is strong, but his true base is inferior to Sea Violet’s!”

Xiao Jiu said and thought about it, then said.

“This is like two people fighting, one is ten years old and the other is eight!”

“The ten year old has eaten two more years of rice, so he has more strength, but the eight year old is the one who knows martial arts!”

“So how can the ten year old beat the eight year old!”

“Of course, now there’s another problem, and that is this eight year old, he as can remember that he knows martial arts!”

Lin Ran and the others were all stunned at his words.

Xiao Jiu then continued.

“This Hai Zi is currently in this situation, his inner dan possesses the power of his bloodline!”

“But the way I see him, I don’t think he knows that, so if he can stimulate his bloodline power, that Vine Devil will be no match for him at all!”

“In that case!”

The crowd suddenly understood when they heard that.

No wonder Pillow Book said to let Little Nine take a look.

The Same Demon Stone was really different from them, able to see things they couldn’t.

“If Hai Zi can inspire her own bloodline power to defeat the Vine Demon!”

“Then this extra spot will almost certainly fall into his hands!”

Lin Ran whispered softly to himself.

“What are you talking about?”

Qin Bing listened with a dumbfounded expression.

Lin Ran, however, suddenly thought of something, and a cold aura flashed across his eyes.

All of this seemed to have been deliberately arranged by the Heavenly Water Jiao.

Whether it was the addition of an extra slot, or the second match being set up as an inner dan competition, it all seemed to be intrinsically linked!

Lin Ran admitted that he was being a little conspiratorial!

But if what he had guessed was true, then this Chance Conference was, after all, probably a conspiracy!

Only it was all his own guess, and he couldn’t be sure exactly what the outcome would be!

So he didn’t say anything.

◦ ◦ ◦ ◦

Outside the residence, the fight between Sea Violet and Vine Devil had already entered a white heat.

The two people’s inner pellets were constantly clashing in mid-air, and from time to time, a powerful force erupted.

But at this moment, everyone knew that their fight was about to be decided!

After all, no one would use their own inner pellets to constantly clash with each other.

If they really fought to the point of running out of gas, wouldn’t it be silly when it came time to fight for the chance!

So far in the competition, the two of them had almost displayed all of their inner elixir power, but what the final result would be.

It was still hard to say!

“You’ve really surprised me, but that’s all there is to it, let’s end it!”

There was ice in Vine Devil’s eyes.

As his words rang out, he saw a wisp of light quickly emanate from his white inner pellet only.

Afterwards, a white bulge was actually formed.

The entire inner elixir actually turned into a white whip in an instant.

The white whip instantly erupted with terrifying power and charged right towards Hai Zi’s inner guts.

“Bastard!”

Seeing this, Sea Violet didn’t dare to be lazy, and her inner guts instantly changed, actually forming a wave of the sea.

The waves surged and swept towards each other.

The two inner bile instantly collided with each other.

But obviously, it was Vine Devil’s inner bile that had the upper hand, and as the white whip waved, it actually broke Sea Purple’s inner bile waves in several places.

“I can’t, I’m going to lose!”

“Still not strong enough!”

“Isn’t it, the Tide Serpent tribe is in decline, now they can’t even beat the Demonic Jiao tribe!”

“Hey! There’s nothing we can do!”

The other magical beasts around them also said.

At this moment, inside the mansion, Lin Ran and the others did not say a word, they were all quietly watching the battle.

“Just wait and see, the winner will be out soon!”

Little Nine stood by the side, also looking excited.

Lin Ran and the others were all waiting in silence, and to be honest they naturally wanted to see that Hai Zi activated her bloodline power!

But such things could not be forced, it could only depend on chance.

“Rumble!”

The clash between the two inner pellets in the sky intensified.

Only Hai Zi’s side was already showing signs of collapse.

It was obvious that it could fall at any moment.

But at this moment, Hai Zi was still holding on, for him to get an extra spot was worth putting his best foot forward!

“You can’t do it, admit defeat!”

Vine Devil had smugness in his eyes.

However, Hai Zi didn’t say a word, still clinging on in silence!

His eyes were bloodshot, and blood vessels were beginning to burst all over his body from the immense pressure his inner pellet was under.

However, he still did not want to give up.

“Weng!”

Suddenly, just when everyone thought that Hai Zi was about to fall.

Above the sky, a terrifying might actually suddenly erupted from the waves of Hai Zi’s inner bile.

Then a blood-red figure emerged from thin air.

That figure was so fast that it scattered the Vine Devil’s inner bile almost instantly!

Before anyone could see clearly what it was, the blood-red figure had disappeared into thin air!

Although it was a flash of light, in that instant, the situation on the battlefield had already been reversed!

Like a kite with a broken string, Vine Devil fell downwards!

He had actually lost!

### **Wonder Doctor Chapter 2187**

“This.... How is this possible!”

“Oh my god, what is that blood red glow!”

“I don’t know!”

“This Sea Violet winning is too bizarre!”

The other magical beasts on the stage looked dumbfounded.

How could they have ever thought that the result would actually be like this!

Originally, Vine Devil was all set to win, but in a split second the situation was reversed!

At this moment, within the smashing mansion, Little Nine was also smiling with satisfaction.

“How about it, I wasn’t wrong, was I!”

“This Sea Violet is quite competitive, she actually really inspired the power of her bloodline!”

“You guys watch, this Hai Zi’s future achievements won’t be low!”

“At least this what’s-his-name Tianshui Jiao, as long as he waits for Hai Zi to grow up, it’s completely impossible for him to be a match!”

Xiao Jiu spoke with confidence.

Qin Bing at the side, however, lamented.

“I’m afraid that the Heavenly Water Jiao won’t give him that chance!”

“Yes!”

Lin Ran also nodded his head and said.

With the character of the Heavenly Water Jiao, he had just arrived in this Heavenly Water and suppressed the Tide Snake Clan.

Now that Hai Zi had inspired the power of his bloodline, how could this Tian Shui Jiao let Hai Zi grow up.

This was clearly impossible!

....

And at this moment, outside, the crowd didn’t seem to think anything of it.

On the golden throne, there was a hidden greed in the eyes of the Heavenly Water Jiao.

“My lord!”

The subordinate next to him had sharp eyes and saw this and was busy saying.

“Go ahead!”

The Heavenly Water Jiao smiled blandly.

“Yes!”

That henchman was busy nodding and followed before quickly leaving the place.

The Heavenly Water Jiao then took up possession.

At this moment, the competitions on the field had all ended.

The other two had finished their matches even earlier than Hai Zi and the others.

But obviously the level of competition was far less than Hai Zi’s and theirs!

When the group of magical beasts saw Tianshui Jiao stand up, they had all obviously guessed what was going on.

Sure enough, the next moment Tian Shui Jiao looked towards Hai Zi and said aloud.

“Hai Zi is it, I didn’t expect that after so many years, the Tide Serpent Clan had actually produced another such genius!”

“The extra spot this time goes to you!”

“Wow!”

The moment the Heavenly Water Jiao said this the entire scene immediately cheered.

There was clearly a feeling that the crowd had come to expect it.

And this time, Tian Shui Jiao had managed to win the crowd over to his good side.

It could be said that he had killed two birds with one stone!

“Alright, you don’t have to take part in the rest of the competition if you get an extra spot!”

“Take a ten-minute break for the final round!”

As Tian Shui Jiao’s voice rang out.

At once the entire square cheered.

The next match was the one that really had no suspense at all!

Of the remaining five people, one of them was given an extra spot straight away.

Of the last four, two of them were also powerful existences like Red Dragon and Mo Tian.

The other two glazes were also terrifyingly strong!

There wasn’t even a grouping at the end, the other Wraith who had just won had simply chosen to forfeit!

“This guy is also unlucky enough!”

“Three spots, plus one extra spot, and he’s the only one left!”

Qin Bing couldn’t help but laugh bitterly at the situation.

Lin Ran, however, shook his head and said.

“Instead, I think he’s lucky!”

“Why?”

Qin Bing didn’t understand.

Lin Ran, however, laughed and said.

“We’ll find out later!”

◦ ◦ ◦ ◦

The final quotas were quickly determined.

And with the quotas determined, the entire Magical Beast Opportunity Conference was only halfway through.

The last half that remained was the final chance.

The biggest attraction of the Heavenly Waters Demonic Beast Chance Conference every year was the chance only!

We know that many of those who have won the chance qualification have often faltered in the final chance.

There have even been cases where, for three years in a row, people who have won the chance qualification have not come out of the chance cave alive!

But why are there still so many people going for it?

It was because if they could come out of it alive, their future achievements would be unlimited!

“Alright, Lord Tianshui Jiao has ordered that this year’s Cave of Chance has been opened, everyone must enter within one hour!”

“If you don’t enter after that time, you will be directly disqualified!”

As a voice rang out, at once all the magical beasts saw that four vortexes had appeared out of thin air in the square!

And each vortex corresponded to a stone door of opportunity!

The Red Dragon and Mo Tian next to him barely fought, and the moment this vortex of chance appeared, the two of them rushed straight in.

On the contrary, Li and Hai Zi on the side were not in a hurry to go in!

“Not going in?”

Li asked when he saw this, and Hai Zi’s face at this moment clearly had hesitation.

“I don’t know!”

Hai Zi said.

“This Cave of Chance is a place that many magical beasts would dream of going to!”

“But I am now!”

Hai Zi said with even more hesitation in his eyes.

If he was given this spot before he would have gone in without a second thought!

But now he was hesitant.

After all, the current him had already activated his bloodline power.

As long as he was given sufficient time, his strength could also be raised up.

At this moment, he also couldn’t help but consider, did he still need to take this risk?

It had been many years since there had been anyone from his own Tide Serpent clan who had activated his bloodline power.

It could be said that he was now in the hope of the entire Tide Snake Clan!

“I suggest you don’t go in!”

Li suddenly said.

“I’ll tell a secret!”

Li suddenly lowered his voice and said.

“I’m afraid there’s a conspiracy in this Chance Company!”

“With your current strength and qualifications, there’s no need to take that risk!”

Li was very smart, although Lin Ran hadn’t said anything to him.

But all this way over, Li had also discovered many problems.

He really thought of Hai Zi as a friend, which was why he had advised him so much!

“I honestly don’t want to go in there a bit either!”

Hai Zi said.

“No, I’ll just give up!”

Said Hai Zi, who seemed to have made up her mind.

“Well! I’ll go first then!”

Li smiled, since Hai Zi had already made up her mind, there was naturally no need for Li to stay behind!

As he spoke, Li had already entered the vortex!

And Hai Zi let out a long breath of relief, ready to leave!

“What a pity!”

Inside the government residence, Qin Bing saw the situation and not only felt a little sad.

“All fought to this point and actually chose to give up!”

“That’s not a bad thing!”

Lin Ran, however, held a different view!

“Why are you talking strangely!”

Qin Bing was puzzled.

“You’ll know later, this Chance Cave is not simple, I’m afraid!”

“And I’m afraid that the purpose of this Heavenly Water Jiao will be revealed soon!”

Lin Ran said indifferently.

◦ ◦ ◦ ◦

As the crowd entered the Cave of Chance, the four vortexes throughout the square closed.

But at this moment, none of the surrounding magical beasts had left.

They were all waiting, waiting for the final result inside the cave of opportunity.

A man dressed in black robes walked onto the square.

He took out four destiny lamps and placed them on top of the square in turn.

And these four Fate Lamps clearly represented each of the four people who had entered the Cave of Chance!

If Lin Ran and the others were here at this moment, they would definitely be wondering!

Why were there four Destiny Lamps here?

Hai Zi had clearly chosen to give up on entering the Cave of Chance!

There should only be three Destiny Lamps!

But they had entered the Cave of Chance, so they didn't even know about these things at this point!

And the reason why there were four Fate Lamps!

### **Wonder Doctor Chapter 2188**

Inside the Cave of Opportunity, it was dimly lit everywhere.

At least that was what Lin Ran saw at the moment.

"Lin Ran, can you get out here?"

Li was really a little scared walking alone in this dim environment.

"No!"

Lin Ran said.

"This Heavenly Water Jiao is likely to be able to scout this place, and we can only use our divine sense to transmit sound!"

"But..."

Li looked a little scared.

Although he was already very strong, his mind was still a little less mature after all.

"This way, let the Triangular Electric Snake go out to accompany you, it shouldn't be a problem for a magical beast to appear!"

Lin Ran said after thinking about it.

Strong magical beasts would also take in some weaker magical beasts as their followers, which was fine.

But if people suddenly appeared, once the Heavenly Water Jiao had scouted the place, it was likely that Lin Ran and the others would be exposed.

It would be all for naught if they startled the snake at the wrong time.

“Good!”

Li said busily, it was good to have someone to accompany him to.

“You can help out with the Triangle Electric Snake, this guy’s sense of chance is very keen!”

Lin Ran laughed.

Li nodded, indeed Lin Ran was right.

The Triangle Electric Snake’s ability to find chance was very powerful.

However, there was no telling how big this place was, so when exactly would this chance be found.

It was all still an unknown.

Little Nine came out to accompany Li, which obviously made him feel better.

And this guy was honest, asking as he walked.

“Little Snake Snake, can you feel where the chance is here?”

The three-horned electric snake didn’t pay any attention to Li, just coiled up on his arm.

“This is not sensing?”

Li couldn’t help but frown slightly.

He and the Little Nine Triangle Electric Snake, had lived together for a long time as well.

He was also very clear about the reaction of the Delta Electric Snake.

But this was the Cave of Chance, so it was reasonable that the Triangle Electric Snake shouldn’t be able to sense it!

Although this place was said to be dangerous, at least the electric triangle snake should have sensed it!

Li was puzzled, and Lin Ran was also frowning inside the mansion.

The more the situation was wrong, the more it meant that there was something wrong with this cave of opportunity!

“Let’s walk forward and see!”

Lin Ran spoke.

Li nodded at his words.

Although he and the triangular electric snake were the only ones inside the cave at the moment, Lin Ran was on top of him after all, and Li still quickly adapted.

As he kept moving forward, the situation ahead of him did not change at all.

The surroundings were still foggy and misty.

It was terribly dim!

Even at this moment, Li could not see anyone but himself.

I didn't know what happened to Chi Long and Mo Tian, or where they were!

Li did not stop walking, and continued to walk forward.

He walked for half an hour.

Suddenly there was a change in the situation.

In front of Li, there was a huge rock wall.

The rock wall was red in colour.

It was as if it had been dyed red with blood, and it really looked a bit ominous.

The most bizarre thing was that the rock wall was so tightly sealed that there was no entrance at all!

"What the hell is this place?"

Li looked a little puzzled.

Lin Ran did the same, could it be that this place was a cage?

"Follow the rock wall and go take a look around!"

Lin Ran spoke.

Li answered and walked along the crimson rock wall towards the side.

This crimson rock wall was also unknown to most of its extent again, and there was no end in sight above it.

It was as if it was a giant that divided the world, standing in front of Li.

Li walked along the red rock wall for almost fifteen minutes.

Finally, a change began to appear in the crimson rock wall.

Not far ahead, a door appeared in the crimson rock wall.

This door was also enormous.

It was so red that it looked as if a huge magical beast had opened its mouth!

As Li looked at this huge cave entrance, his entire body could not help but feel a little elated.

The Cave of Opportunity, could it be referring to this place?

"Is Lin dyed going in?"

Li Man asked.

“We’ve all arrived here, so naturally we have to go in and take a look!”

Lin Ran said.

“Good!”

Li heard this and immediately did not delay, swirling towards the inside of the cave and went in.

As soon as he entered the cave, there was first a section of passage made up of crimson rock walls.

But the passage was not long, and soon a huge space appeared in front of the group.

The space must have been at least the size of a football field.

It was strange, however, that the footprint of this place was obviously not growing in proportion to the space formed by the huge rock wall outside.

According to the speculation in one’s mind, I am afraid that the area of this place is only a tenth of the area occupied by the entire red rock wall.

But none of this mattered at this point, what mattered was that Li seemed to be finding his chance!

“Lin Ran look over there!”

Li busily transmitted a voice.

Inside the government residence, Lin Ran and the others followed their gaze and saw that there was actually a raised stone pillar in the centre of this space.

The stone pillar was almost half a person high, with a platform on top.

And at this moment, on the platform, an exquisite brocade box was being placed on it.

“Fate! This is definitely my chance!”

Li’s eyes instantly went red and he wanted to go over.

“Wait!”

Lin Ran spoke up and stopped him.

“Be careful of deception, let the Triangle Electric Snake go first!”

The Triangle Electric Snake was extremely fast and could travel through the void, so if it did encounter any danger, it would be able to escape and leave in an instant.

Even if it was some kind of blockade formation, it wouldn’t be of much use to her!

“Good!”

Li forcefully suppressed the excitement in her heart and gestured at the triangular electric snake.

However, the Triangular Electric Snake did not seem to be interested in the brocade box at all.

If Lin Ran hadn't asked for it, I'm afraid it wouldn't have even bothered to go over.

"Weng!"

The three-horned electric snake instantly slashed a lightning bolt, and followed by its entire body had already disappeared in the same place.

When it reappeared, it had already reached the side of the stone pillar in front of it.

At this moment, everyone, including Lin Ran, was looking nervously at the triangular electric snake in front of them.

It seemed that they were afraid that something might change later!

But to no one's surprise, there was nothing strange happening around the triangular electric snake after it appeared.

With a flick of its tail, the three-horned electric snake tried to take out the brocade box on the stone pillar.

But no matter how hard it tried, the box would not budge at all!

This scene made the crowd look a little puzzled.

Could it be that the box was a fake? Or was there a specific person who could open it?

While Lin Ran was pondering, the electric triangle snake was a little impatient.

Only to see it flap its tail and instantly slap the brocade box open.

"This!"

When Li saw this scene, he couldn't help but be stunned as well, and followed it as he ran over.

The three-horned electric snake had been next to that brocade box for so long, and no change had appeared around it, so obviously there should be no danger near this brocade box!

However, there was no danger, but when Li ran to the box, he saw a scene in front of him.

The scene before him made him dumbstruck.

On the stone pillar in front of him, he saw the box still lying flat.

But the whole box had been opened by a triangular electric snake.

And let Li how did not expect, at this time in the brocade box, is actually empty, nothing at all!

"This . . . . How come this brocade box is empty!"

Li couldn't help but say.

Lin Ran also frowned as he looked at it.

**Wonder Doctor Chapter 2189**

“Could it be a trap!”

Qin Bing couldn't help but speak up as well.

“It's hard to say, but it could very well be!”

Lin Ran's brow furrowed.

“Then let's now.”

“Lin Ran look!”

Qin Bing was about to speak when a startled cry from Li came from the side.

The two of them were busy giving a look, and immediately they saw that at this moment the entire space around them had actually changed.

Originally, the surrounding area was empty, but at some point several crimson iron pillars had actually appeared.

These iron pillars were at least as thick as an adult's waist, and the most frightening thing was that the shape of these pillars was simply.

The iron pillars were densely covered with barbs, all of which were blood-red in colour.

Love looked extremely appalling.

“What the hell is this thing!”

Li couldn't help but gulp.

To be honest, the shape of these iron pillars was really a bit frightening!

Inside the government residence, Lin Ran was also frowning as he watched.

He noticed that these iron pillars were scattered around, five of them, spread out right around the stone pillars as the centre.

“This seems to be a kind of formation!”

Lin Ran suddenly spoke.

“A formation?”

Qin Bing was stunned at his words.

“It can't be, there are clearly no formation fluctuations all around here!”

“I don't know what's going on, let's wait and see!”

Lin Ran said with a frown.

This place was bizarre, and to be honest he was a little confused.

But even if it was bizarre, there was ultimately no escaping one point, and that was the other party's purpose.

No matter how mysterious they made it, their ultimate purpose would never change!

This was also the reason why Lin Ran did not panic.

"Lin Ran, what do we do now?"

Li stood next to the stone pillar, looking a little overwhelmed.

"Don't panic, isn't there an exit over there, let's go check it out!"

Lin Ran said as he pointed across the room.

"Good!"

Li nodded and instantly walked towards the opposite exit.

The brocade box in this place was empty, and these inexplicable stone pillars had appeared around it.

Since he didn't know what they were for, he continued on in, no matter what this cave of chance of Tianshui Jiao actually had.

At the end of the day there is inevitably a point of opportunity or intrigue!

"Weng!"

Suddenly, just as the glass was about to leave the range where the stone pillar was located, a tremor rang out violently in the surroundings.

This tremor instantly drew Lin Ran and the others' gazes over.

"This...."

Li froze as he looked.

Only to see that a red light was actually emerging from those blood-red stone pillars around them at this moment.

The red light flickered, and it was actually faintly forming a layer of formation barrier around them.

Moreover, with the appearance of this formation barrier, those red stone pillars around them actually began to slowly rotate as well.

"Lin Ran!"

Li was busy exclaiming in alarm.

"Don't panic, this really is a formation!"

Lin Ran spoke.

Qin Bing, who was at the side, also had a hard look on his face at this point.

“This formation, it’s a bit bizarre!”

Lin Ran nodded his head without answering.

At this moment, the formation around them began to change.

As those red stone pillars rotated, the red formation barriers around them were continuously pulled.

Soon Lin Ran noticed that as the red formation barriers around him were being pulled.

The position of the red stone pillars was also beginning to change.

These stone pillars were like stones wrapped in a sheet.

As the red cloth around them was pulled, they slowly began to shift towards the middle.

It felt as if the red cloth was wrapped around the pillars and the pillars were holding up the red cloth.

Starting from the surroundings, the space slowly compressed, as if it was trying to wrap Lin Ran and the others up like dumplings.

“What the hell kind of place is this!”

Li couldn’t help but say.

This was the first time he had experienced such a strange place.

“Don’t panic, this must be some sort of formation, but for the time being we haven’t seen the end of it!”

Lin Ran, at the same time, called out to Pillow Book and Qing Zi to come out and ask.

They had seen a lot of things, so they must know more than they did, and might recognize this formation.

“This . . . . ”

As soon as the two came out, Pillowside Book’s brow furrowed in joy.

“What kind of formation is this! It’s so weird!”

Qing Zi on the side also couldn’t help but say.

“This formation is....”

Suddenly Pillow Book’s face changed instead.

“Why do you know it?”

Lin Ran was busy asking when he saw this.

“Recognise it! I didn’t expect this formation to actually exist!”

Pillow Book said with an ugly expression on his face.

“What exactly is this formation?”

Lin Ran asked busily.

“The Blood Sacrifice Formation!”

“Blood Sacrifice Formation?”

Lin Ran was stunned at his words, he had never heard of a Blood Sacrifice Formation before!

“This formation is very malicious, originally the cultivation world had banned the use of such formations, but I didn’t expect that they were actually still here!”

Pillow Book said.

Lin Ran nodded at his words his heart also suddenly dawned on him as to why this cave of opportunity was hidden so deep.

“This Blood Sacrifice Formation is a great formation that specifically targets magical beasts! But it is also very frightening for ordinary cultivators!”

The pillow said with a wave of his palm, and a curtain of light appeared in front of him.

On the light curtain, a model of a Blood Sacrifice Grand Formation condensed out of true qi appeared.

“This Blood Sacrifice Grand Formation is like a large pack sealing scene!”

“Because magical beasts are capable of devouring each other’s inner pellets!”

“So very early on, there were some magical beasts with evil intentions that invented this Blood Sacrifice Grand Formation!”

“As long as a magical beast is within the great formation, it will eventually be wrapped than this red mist, creating something just like a chrysalis!”

“But what it traps is not the physical body, but your divine sense!”

“Divine sense?”

Lin Ran was stunned at his words.

The divine sense was very difficult to capture, otherwise some of the attacks that targeted it had always been one-time!

And spells that captured divine sense were very rare, all for this reason as well.

Because divine Consciousness was so difficult to capture, once a magic weapon to capture divine Consciousness appeared, it would almost always fetch a sky-high price!

“If it’s just capturing divine sense, it shouldn’t be that terrifying!”

Lin Ran asked after he had calmed down.

Divine Sense was ethereal and invisible after all, and would flee once there was the slightest chance!

Otherwise, there wouldn’t be many cases of strong people being able to escape their divine sense after they fell.

“You’re thinking wrong!”

The pillow shook his head and said.

“The reason why this Blood Sacrifice Formation is called the Blood Sacrifice Formation is because of this word blood sacrifice!”

“See those red formation barriers?”

Pillow Book pointed ahead and said.

“The great thing about this Blood Sacrifice Formation is that he can refine your entire body without refining all of your blood veins!”

“And then use the power of your own bloodline to block your divine sense!”

“In this way, not to mention your divine sense escaping, it’s impossible for you to even think about your divine sense exploding itself!”

“Unless you choose to extinguish your divine sense and completely return to chaos, you will forever be trapped within your own bloodline!”

“It’s extremely vicious!”

“Return to chaos?”

Lin Ran was stunned at his words, returning to chaos would be the end of him!

There was no chance of reincarnation!

“But isn’t this the Cave of Opportunity? How could there be such a thing!”

Li couldn’t help but ask.

“A cave of chance?”

Lin Ran smiled at his words.

“Don’t you understand? This isn’t a cave of opportunity at all, it’s a place used by the Heavenly Water Jiao to catch prey for itself!”

“If I’m not wrong, I’m afraid that the red colour on those stone pillars is all the colour left behind after the blood has dried!”

As Lin Ran said this, there was also an icy coldness in his eyes.

### **Wonder Doctor Chapter 2190**

“So what now? Do we all stay here and wait to die?”

Li couldn’t help but ask.

“This blood sacrifice formation is very difficult to destroy, unless we can destroy all the stone pillars here at the same time!”

“Otherwise it’s useless!”

Pillow said.

“I’ll go and try!”

Qin Bing smiled and was about to go out at once!

“Don’t panic!”

Lin Ran, however, stopped her.

“If we go out now we’ll be exposed!”

“But this is the situation now.”

“It’s not the end yet!”

Lin Ran chuckled.

“This Tianshui Jiao has come up with this thing, I don’t know how many people have already been maimed!”

“But as the saying goes, man’s plans are not as good as heaven’s, I’m afraid he didn’t expect us to have a helper anyways!”

Lin Ran laughed.

“A helper?”

Qin Bing didn’t understand.

Lin Ran, however, laughed and said.

“Don’t you forget, this Tianshui Jiao has limited strength, tearing apart the void would be difficult for him!”

“Not to mention Sea Violet, Red Dragon and these cultivators!”

“Although this Blood Sacrifice Formation is malevolent, in the end, it is a kind of sealed formation after all!”

“As long as the trapped person can tear through the void and leave, the formation will be null and void!”

“But if you do it, won’t you likewise expose yourself?”

Qin Bing asked.

Lin Ran still didn’t want to be exposed after all.

But if you didn’t expose yourself, how would you leave this formation.

“I don’t need to make a move, the Triangular Electric Snake will be able to take us away!”

Lin Ran laughed lightly.

“Three . . . .”

Qin Bing and the others were stunned at the sound of his words.

Right, the Triangle Electric Snake would be able to travel through the void, they wouldn't need to do anything at all!

“Let the Triangle Electric Snake take us out, if the Heavenly Water Jiao can scout this place, it will definitely find out what's going on here!”

“The plan didn't go as he expected, he'll definitely be unable to sit still!”

Lin Ran laughed.

“So we'll be able to lure him out?”

Qin Bing laughed, she had fully understood Lin Ran's thoughts.

“Hurry up, this formation doesn't give us much time left!”

Pillow Book reminded.

At this moment, the formation around them was already compressing rapidly, and it wasn't much further from the entire stone pillar.

“Go!”

Lin Ran greeted.

The three-horned electric snake had been ready for a long time, and upon hearing Lin Ran's words, there was an instant flash of electricity around it.

The next moment the entire thing disappeared into thin air.

And with its disappearance, Li also instantly disappeared into the same spot.

As for Lin Ran and the others, naturally, there was no need to say anything, the mansion was in Lizzy's possession!

“Weng!”

There was a fluctuation around them, lightning flashed, and when Lizzy and the others reappeared.

They had already arrived outside this Blood Sacrifice Formation.

At this time, the scope of the Blood Sacrifice Formation had already been reduced to just a little area around the stone pillar.

Li still felt his heart palpitating as he stood outside, and if it wasn't for Lin Ran's analysis, I'm afraid he wouldn't have been able to resist making a move!

“Lin Ran, now.”

“Go find someone else!”

Lin Ran said.

“This Tianshui Jiao has impure intentions, and I’m afraid that Red Dragon and Mo Tian have almost fallen for the same trick!”

“Since we’re here, go and get them all out!”

Lin Ran said.

“Good!”

Li nodded, and immediately ran towards the exit off to the side.

◦ ◦ ◦ ◦

And it turned out that Lin Ran’s suspicions were completely correct.

At this moment, in the palace of Tianshui Mountain.

Tian Shui Jiao was staring angrily at the light curtain in front of him with both eyes!

The light curtain was suddenly exactly where Li was.

“Bastard, I knew this triangular electric snake was going to spoil it for Laozi!”

“Damn, this kind of magical beast hasn’t appeared in years, how come that kid has one!”

The Heavenly Water Jiao roared in anger.

“My lord, what should we do now? That Li has already gone in the direction where the Red Dragon is!”

A black-robed henchman next to him asked busily.

“What else can we do, blockade the entire Tianshui Mountain!”

“I’ll go in myself and refine them all!”

There was anger as well as coldness in the eyes of the Heavenly Water Jiao.

He had gone to all the trouble himself, but only to do it for those magical beasts outside!

If it wasn’t for the fear of arousing public anger, with the strength of Red Dragon and Mo Tian, he could have slapped a whole lot of them to death with the flip of his hand!

If things had gone on properly, all she would have had to do in the end was to come out and say that the three of them didn’t have enough chances!

They had died in the Cave of Fortunes!

But now he had to take action himself!

Once one of the three people escaped.

Once one of the three escaped, all his secrets would be exposed to the sun!

The entire Heavenly Water was so big, and there were even more magical beasts.

If this matter were to be exposed, I'm afraid it would be a problem for him to leave the Heavenly Waters!

If the magical beasts in the entire Heavenly Waters rose up and attacked him, he would not be able to escape even if he was a Da Luo Golden Immortal!

◦ ◦ ◦ ◦

In the Cave of Opportunity.

Li followed the passage in front of him and ran wildly.

Soon another space appeared in front of him.

This space was obviously bigger though, and there was a cave entrance in addition to the direction he had come from.

There were actually holes in all three other directions.

"This...."

Rei froze, how was this going to go!

"Find a random one, four cave entrances are three choices even if Hai Zi didn't come in!"

Lin Ran reminded.

"Okay!"

Li answered and whirled towards the left hand side of the hole and ran in.

There were four cave entrances, apparently corresponding to the four of them.

Hai Zi had chosen to give up, which meant that there was no one inside one of them!

Red Dragon and Mo Tian must be inside the other two.

As for whether they could be found, that would depend on luck!

Li ran wildly all the way, and it didn't take long to arrive in a space identical to the one they were in before.

But at this moment, the blood sacrifice formation in this space seemed to have just been activated, and there was still a large range of space within the formation!

"Do it quickly!"

Li urged, and the triangular electric snake gave him a discontented look, spitting out its snake's letter as if to say what's your hurry!

Although it appeared to be discontented, the electric triangle snake instantly turned into a stream of light and disappeared into the same place!

When it came out again, there was a figure beside it.

If it wasn't Red Dragon, then who else was it?

"Why is it you?"

The Red Dragon looked at Li with some confusion.

"This is the Blood Sacrifice Formation, we've been tricked, think for yourself, I still have to go find Mo Tian!"

Li didn't bother to talk, dropping a sentence and directly leading the triangular electric snake away.

Red Dragon wasn't stupid either, seeing this situation already understood it, and immediately followed suit.

As he did, Li soon found Mo Tian in a nearby cave.

But this guy was obviously not as lucky as Red Dragon.

By the time Li found him, this guy was already seriously injured and had lost at least an average amount of blood energy in his body!

Luckily, Li had gotten there just in time, if he had been a little later, I'm afraid this fellow would have had to go straight to the Old Immortal Emperor!

"What the hell is going on here?"

The crowd arrived in the middle of the cave, where there was another platform, but there were no stone pillars on it.

It was still safe for now!

Mo Tian was covering his chest, his body was covered in blood and he looked furious!

"What else can happen, we've been tricked!"

Li said helplessly.

Originally, he had come to find his own chance, but he didn't expect it to end up like this.

At this moment, Li couldn't help but envy Hai Zi a little, he was wise to give up on this.

"Help! Help!"

Li was thinking in his mind when suddenly, there was actually a cry of alarm coming from the cave next to him!

As soon as this voice rang out, instantly Li froze.

"Hai Zi? Didn't he give up?"

It was a voice that he was all too familiar with, it was none other than Hai Zi's!
