

Wonder Doctor Chapter 2191

“Go check it out first!”

Lin Ran was busy speaking, he too had heard the voice.

Although he was equally puzzled in his heart, this was not even the time to talk, if the source of the voice was really Hai Zi.

If the source of the voice was really Hai Zi, he was afraid that he would also be in a very dangerous situation at this moment.

Li did not hesitate, the moment Lin Ran’s voice sounded, he had already rushed in towards the last cave from.

In the flash of a three-horned electric snake, he had already disappeared into the same place, and when he came out again, there was really someone else beside him.

If it wasn’t Hai Zi or someone else!

“Li!”

“Didn’t you give up? Why did you still come in?”

Lizzy asked busily.

Hai Zi wasn’t hurt, so obviously she should have just sensed the danger and started calling for help.

“It’s a long story, let’s change places!”

Hai Zi still had some fear on her face, and there were even beads of sweat on top of her forehead.

“Hm!”

Li nodded, and immediately took Hai Zi and ran to the middle cave.

“Tell me, what is going on!”

When they reached the place, Lizzy was busy speaking and asking.

Next to them, both Red Dragon and Mo Tian were also looking at the two of them at this time, obviously not knowing what was going on.

However, Mo Tian’s situation at this moment also caused Hai Zi’s heart to palpitate as he watched.

Luckily, Li had appeared in time, otherwise he was afraid that his situation would only be worse than Mo Tian’s.

“I was thinking of giving up, I was even ready to speak!”

“But right after you all entered the cave, I felt a force that would have directly and forcibly controlled me into the cave!”

“I didn’t even feel anything, and when I reappeared, I was already at that stone pillar!”

“Following that you should all know that there is a great formation near that stone pillar!”

“And then later you came!”

Hai Zi told the situation in one breath, with cold sweat on her face.

“You were forced to come in?”

Li was shocked at his words.

The faces of Chilong and Mo Tian on the side also both looked ugly at this point.

“What the hell is going on here?”

Red Dragon couldn't help but ask.

“What's going on? What else can be going on, it must be the Heavenly Water Jiao's doing!”

Mo Tian said angrily at the side.

His life had almost been lost.

“Don't talk nonsense! Lord Tian Shui Jiao must be scouting the situation here too!”

Red Dragon was busy speaking up to warn.

“I'm talking nonsense? You know very well what this place is!”

“To be able to control a person to come in and not even experience the passage ahead, directly next to the stone pillar!”

“Who else could do such an ability but the Tianshui Jiao!”

Mo Tian retorted.

“But why would Lord Tian Shui Jiao do that?”

Red Dragon was still a little unconvinced.

“Wait a minute guys!”

Li suddenly spoke up and interrupted the two.

“According to what you guys mean, you also saw the brocade box on the stone pillar?”

“Yes!”

All three of them nodded their heads.

“Then is your brocade box empty!”

Li asked once again.

“How do you know!”

All three revealed a shocked look.

“Because mine is empty too!”

Li spoke.

When the three heard this, they all felt a chill in their hearts.

Inside the Cave of Opportunity, the brocade box was empty, yet there was this terrifying formation, all of this was indicating one thing.

They had been counted on.

“But why would Lord Tianshui Jiao do this!”

“Right!”

Both Red Dragon and Sea Violet were in some disbelief.

The Heavenly Water Jiao was already the strongest existence in the entire Heavenly Waters.

Those of them had no chance of fighting back in front of it!

If they really wanted to kill them, why would they go through all this trouble to get so many things!

“What do you think, Lin Ran?”

Li couldn't figure it out either, and was busy transmitting a voice to ask.

“This matter must have been undoubtedly staged by the Heavenly Water Jiao, but we don't know his purpose for the display yet!”

“Look around, is there a way out, if we can find it Tianshui Jiao must be sitting on it too!”

Lin Ran said.

His thoughts were simple, what exactly was Tian Shui Jiao's purpose, he was not sure.

But he was clear about one thing, if these people of his own did not follow Tian Shui Jiao's ideas, the latter would inevitably strike.

And when that happened, his purpose would be clear!

“Good!”

Li answered, and then got up and searched throughout the cave.

Mo Tian was more seriously injured and had been lying on the ground resting.

Seeing this, Chilong and Hai Zi were busy coming over.

“What are you looking for, Brother Li?”

“The exit!”

Li didn't hide it.

“An exit? There shouldn’t be an exit here, if your analysis is true, how could the Heavenly Water Jiao let us go!”

Red Dragon said.

“That’s his business, if we don’t do anything, then aren’t we just going to wait for death!”

Li gave him a look, and then didn’t bother with any nonsense.

There was hardly anything special in the whole cave, and standing at one of the points, one could see the whole inside of the cave in its entirety.

The entire cave was empty, with only a raised stone platform in the central area.

There is also a stone pillar on the stone platform.

However, there was no brocade box on this pillar. Apart from this, the rest of the cave was the same as the one they were in before.

But this cave was in a special location, a sort of node along with the four people’s location.

Under normal circumstances, all four people would have come here when they got something.

If the Tianshui Jiao was not after them, then there must be an exit out of here too!

With this thought in mind, Li explored the entire cave very carefully.

....

At that moment, inside Tianshui Mountain’s mansion.

Tian Shui Jiao was sitting on his golden throne.

His eyes were icy cold and his hands were firmly gripping the armrests on one side, obviously a little angry.

“My lord, do I need to bring my men to kill them!”

A black-robed henchman next to him asked.

“No need!”

Tian Shui Jiao frowned and said.

“These people are simply crickets, what I am most worried about is that Triangular Electric Snake!”

Tian Shui Jiao said as he got up and stood up, his brow furrowed as if he was thinking of a way to deal with it.

The strength of Li and the others naturally did not scare Tianshui Jiao, but what he feared was that his affair would be revealed.

Once his story was revealed, killing four people would not be the answer!

The whole heavenly waters of the magical beasts rose up to attack, even if he was strong, he could not be a match for a regional cultivator.

Therefore, what he feared most at this moment was not the four people in Li, but the Triangle Electric Snake!

The Triangle Electric Snake could travel through the void, and ordinary formations would not be able to stop it!

If Tianshui Jiao didn't subdue it as soon as he struck, it would only take a moment for it to disappear without a trace!

This was also the reason why the Tian Shui Jiao was scornful.

"This Lizzy is really good at giving me trouble!"

The Heavenly Water Jiao suddenly sighed, followed by a flip of his palm, and instantly a white bead appeared in his hand!

The bead was milky white in colour and opaque, and it looked like it had no idea what purpose it served.

But when his men saw the bead, they fell to their knees with a swoop.

"My lord, congratulations! Your Excellency will definitely break through to the peak of the Little Perfection!"

"Don't flatter yourself, since you are going to use this, why don't you go down and get ready!"

Tian Shui Jiao glared at his subordinate, scaring him into responding.

"Yes, yes, my men will go now!"

Said that henchman, who busily got up and retreated.

On the other hand, Tian Shui Jiao looked at the white bead in his hand and could not help but lick his lips, with a glint in his eyes.

Wonder Doctor Chapter 2192

And at this moment, inside the Cave of Chance.

The three of them had explored the entire Cave of Chance, but they still hadn't found anything at all!

"Don't look, there's no way to get out, this Tian Shui Jiao is deliberate, how could he let us out!"

Mo Tian, who was lying on the ground at the side, said.

"You can't get out because you're wounded, and you want to drag us to bury with you!"

Red Dragon couldn't help but scold.

"Come on, we've been fighting for how many years, and we're still fighting at this juncture?"

"Did you start acting like a pussy when you saw that I was injured!"

Mo Tian laughed.

He was in a good frame of mind and was looking at it with a good sense of perspective.

But apparently Red Dragon was not so open-minded, he was also a genius, how could he be willing to die here.

“There must be an exit here, we just haven’t found it, no I’ll smash this place!”

Red Dragon said as a red light appeared in his eyes, followed by a steep change in his entire aura.

“Lin Ran!”

Li was busy sending a voice.

“Don’t mind him yet, let him make a scene!”

Lin Ran said.

He was also probing the situation of this Chance Cave at this moment.

Red Dragon making a bit of noise might even trigger some sort of mechanism, allowing him to see the entire cave more clearly.

Seeing that Li didn’t even say anything, Hai Zi naturally didn’t say much either.

The two of them took Mo Tian Tai to a safe place aside.

Letting Red Dragon wreak havoc inside.

This guy’s strength was indeed very strong, one punch and one palm instantly shook the entire cave.

But apart from that the entire cave was devoid of any organs.

“I still don’t believe I can’t punch through this place!”

The Red Dragon roared out in anger and instantly revealed its original body.

This guy’s body was a huge red bird, because his body contained a trace of the weak bloodline of a dragon.

That was why it called itself the Red Dragon.

But when it came to strength, it was also very strong!

“Bang Bang Bang!”

The mad Red Dragon’s huge this wings kept blasting at the surrounding rock walls.

But these rock walls were like fine steel, they wouldn’t budge at all.

Only when the Red Dragon tilted its attack on the ground did the whole cave shake a little!

Seeing that the ground seemed to be easy to bully, Red Dragon kept slapping the ground, as if he wanted to strike a crack and leave.

However, his idea was doomed to fail!

Although the ground of this cave was not as solid as the rock walls, no one knew where this cave of opportunity was.

If it was still ground level underneath, then they would probably have to dig a tunnel to get out!

“Hmm?”

Suddenly, Lin Ran within the hinterland frowned.

“What’s wrong?”

Qin Bing on the side asked busily.

“There’s something wrong with the underground of this cave!”

Lin Ran instantly stood up, a light in his eyes.

“Li! Tell Red Dragon that the underground of this cave is empty, so he can continue to fight!”

Lin Ran said busily.

“Yes!”

Li answered and immediately spoke Lin Ran’s words out.

As soon as Red Dragon heard this, he immediately came to life and kept blasting towards the ground.

Seeing this, Hai Zi at the side also rushed up to help.

Li couldn’t sit still either, and the three of them did it together.

This time they felt it too.

The sound of three people blasting on the ground together was clearly not right!

The feeling was completely different from the sensation of blasting on the ground!

The three men kept blasting the ground.

And at this moment, within Tianshui Mountain’s mansion, Tianshui Jiao saw this scene and his face instantly changed.

“These three scumbags, how dare they do this!”

Cursing angrily, Tianshui Jiao instantly disappeared from his spot.

And in the cave, it was just under ten minutes.

Faced with the furious bombardment of three people, the ground finally couldn’t take it anymore!

“Boom!”

With a loud bang, the ground instantly split open into a huge gaping hole.

Inside the gaping hole was pitch black, with a cold wind blowing up from time to time.

It looked very gloomy!

But at this moment, the three of them didn't care about that!

Red Dragon turned his head to look at Mo Tian and said.

"Old me and you are kind of sympathetic to each other, don't resist if you want to get out alive!"

With that said Red Dragon waved his hand and took Mo Tian away.

Mo Tian was too badly injured to go out on his own, and at this moment, Red Dragon could only take him with him.

"Let's go!"

The three men glanced at each other and immediately all jumped down towards and the crack in the ground.

It was pitch black inside the crack.

All three of them sent their divine sense up and out.

But as they jumped into the crack, they were soon shocked to find that their divine sense was actually unable to leave their sea of consciousness.

Everything around them could actually not be explored at all!

But fortunately, the distance below this crack was not too high, and soon the three of them landed on the ground.

It was just a pity that the surroundings were pitch black at this point, so the three of them couldn't see the surroundings clearly at all!

Suddenly, I don't know who took out a bead for illumination.

At once the surrounding area was reflected.

It was a pity that this place seemed to have an effect of isolating light, so the range illuminated by this illuminating bead was very limited.

However, with just this little light, the three people could see clearly the situation around them.

Around the three of them were countless shelves intricately placed together.

It was like a maze.

Only the place where the three appeared was a little better, there was a not so big open space where the three could rest.

"What the hell is this place!"

The three of them were all a bit baffled as they looked.

Even Lin Ran, who was inside the mansion at the moment, felt like his divine sense was being suppressed by some kind of power in this place, unable to leave the mansion!

“There’s something odd about this place, but it should already be very close to the core!”

Lin Ran opened his mouth to warn Li.

The stranger the situation was, the closer they were to the secret of the Heavenly Water Jiao.

And before Liz had time to reply, suddenly a sound of metal chains actually rang out throughout the space.

These metal chains seemed to be being pulled by something, and the sound was ear-splitting.

But the three of them did not have time to figure out what these chains were.

Suddenly, the sound of a large wooden door opening came from the side.

The three men turned their heads to see a bright light appearing in the darkness.

And it was growing.

And in the bright light, a figure was gradually reflected.

The voice was stout and although it was impossible to see his face clearly.

But the man’s size and aura could reveal his identity, if it wasn’t Tianshui Jiao or someone else!

“Tianshui Jiao!”

Seeing Tianshui Jiao, the faces of all three of Li’s men instantly changed.

“What the hell do you mean, Tian Shui Jiao!”

Red Dragon was hot-tempered and immediately opened his mouth to question.

“What do I mean? Or what do you guys mean? Trespassing on my forbidden land!”

“It’s useless even if the elders of your clan come here today!”

The Heavenly Water Jiao’s voice was cold, and as he spoke, there was a loud bang behind him, and the door to the entire room was actually shut again.

The surroundings were once again plunged into darkness.

But then everyone could see it.

A milky white bead emerged from the darkness.

The bead was milky white and remained that colour in the darkness.

It seemed as if the darkness could not even hide its colour.

“Arise!”

The Heavenly Water Jiao's voice boomed, and the next moment the white bead instantly rose up into the air.

Following this, one could only see that the white bead unexpectedly melted quickly, and then formed a white barrier that enveloped the entire room.

"This is a formation?"

Inside the government residence, Lin Ran's face changed when he saw this thing.

This wasn't even an ordinary formation, this was one that couldn't even travel through the void to leave, the Sealing Formation!

Wonder Doctor Chapter 2193

"What is this thing!"

"It's a grand formation, but I've never seen this grand formation before either!"

The Sea Violet and Red Dragon on the side were both a little panicked.

The great formation that the Heavenly Water Jiao had cast out was definitely very extraordinary.

But was there a need to cast a grand formation against them?

They were both a bit confused, as their strength was completely inadequate in front of the Heavenly Water Jiao!

They still needed to use the formation to deal with themselves and the others?

Li frowned slightly as he watched, and the moment this formation came together, he sensed a hint of danger.

Compared to Hai Zi and Red Dragon, his perception was even sharper.

"Lin Ran!"

Li couldn't help but shout.

"Don't rush, let's see what he's up to first!"

Lin Ran transmitted a voice.

At such a close distance, if he wanted to make a move, killing the Tianshui Jiao would only be a matter of the blink of an eye.

And the most important thing now was to find out what this Tianshui Jiao was up to!

"Lord Tianshui Jiao, what do you mean by that?"

Red Dragon looked at the other party with a slight frown.

Heavenly Water Jiao's gaze then swept over the three of them and opened his mouth to ask.

"Where is Mo Tian?"

“Mo Tian is injured, and we still want to ask you about this matter, my lord!”

“The promised cave of opportunity, why is there such a terrifying formation inside?”

Red Dragon asked rhetorically.

The Heavenly Water Jiao frowned slightly at his words and said blandly.

“Since you have said it is a cave of chance, is there a problem with the formation inside protecting it?”

“Since the beginning of time, chance and danger have existed side by side! Why else do you think so many people with great talent have not been able to get their chance?”

“If you can’t overcome the danger, you can only blame yourself for your lack of strength, can you blame anyone else!”

The Heavenly Water Jiao spoke in a righteous manner.

It was as if this matter had nothing to do with himself at all.

“Tianshui Jiao, you’re not telling the truth!”

On the side, Li suddenly spoke up.

“Hm?”

Tian Shui Jiao’s face instantly turned ugly at his words.

“You said that chance all depends on one’s strength, so what’s up with Hai Zi, he’s clearly going to give up himself!”

“Why is there a strange power sending him in again?”

“Yes Lord Tianshui Jiao, I was ready to give up before!”

Hai Zi sniffed and said busily.

“In this Tianshui Mountain, who else could send a cultivator in under your eyes, Lord Tianshui Jiao!”

“And as soon as he appeared, he was within the formation!”

“And what is your explanation for this matter!”

Li took over and questioned.

“Explanation?”

The Heavenly Water Jiao laughed at his words.

“Do I have to explain to you?”

“I think it’s not that you don’t have to, it’s that you’re weak-minded and don’t know how to explain!”

Li’s voice was equally cold.

Things had come to this point, and he wasn’t stupid who couldn’t see it.

Moreover, it was obvious that the Sea Violet and the Red Dragon on the side didn't believe Tianshui Jiao's nonsense either!

"Haha!"

Tian Shui Jiao suddenly laughed.

"Your group is considered to be the smartest of all time!"

"But in the end, it was you fellow who ruined the old me's plan!"

The Heavenly Water Jiao said and suddenly looked to the side at Li.

"You're right, Hai Zi was sent in by me!"

"A magical beast with an activated bloodline still wants to return to the Tide Serpent Clan alive? Don't you think it's ridiculous?"

"But Lord Tian Shui Jiao, why did you do this!"

Hai Zi looked at Tian Shui Jiao in disbelief.

To be honest, the Tide Serpent Clan had actually unlocked the fallen status quo these many years.

It had also never occurred to them to deal with Tian Shui Jiao or anything.

After all, it was almost impossible for a clan that had fallen from grace to try and deal with the towering Tian Shui Jiao!

But this was clear that Tian Shui Jiao wasn't prepared to let Hai Zi go!

"Why? You've activated the power of your bloodline, and you're asking me why!"

"Have you forgotten that you are a magical beast? The bloodline power can be devoured!"

There was greed in the eyes of the Heavenly Water Jiao.

"That's right, this brat guessed everything right, I arranged that formation too!"

"The people together went through those formations just like you guys, but they were much more stupid than your door!"

"They all thought it was a test for you and wouldn't leave until they were dead!"

"Do you know where they ended up?"

"Where!"

Li and the others frowned as they looked at the Tian Shui Jiao.

"Haha! They are right next to you!"

Tian Shui Jiao said with his entire form of madness, only to see his palm slammed up.

In an instant, all the brocade boxes on the shelves around him were actually all opened.

And as the lids of these boxes were opened.

At once, countless miserable screams and angry roars rushed out.

The room, which had been fairly quiet, suddenly seemed to be a mass of demons dancing around.

Many of the voices were so loud that it was impossible to tell whether they were people talking or ghosts screaming.

This was because these people's divine sense had been trapped in the bloodline for so long that they all somewhat wanted to assimilate with the bloodline.

But this was something that could already make Li and the others understand what exactly they were in at this moment!

"You.... You!"

Sea Purple and Red Dragon looked at the Tianshui Jiao, where there was still any worship in their eyes at this time.

There was only anger, and cold killing intent!

"I was going to wait, but you guys had to barge in!"

"Since that's the case, we'll have to use it early!"

The Heavenly Water Jiao's voice was bland, and there was a cold smile on the corner of his mouth.

"You won't get away with it!"

Li looked at the Heavenly Water Jiao, with anger in his eyes.

"Just by you? Or with the Triangular Electric Snake in your hand?"

Tian Shui Jiao laughed.

"From the moment I set up this forbidden formation, did you think the Triangular Electric Snake would still be able to take you away?"

"That's a joke!"

The Heavenly Water Jiao laughed coldly.

"You!"

Li's heart sank when he heard that, no wonder this fellow had set up the formation first without saying a word as soon as he appeared.

It turned out that from the very beginning he was afraid that the Triangular Electric Snake would escape and reveal his secret!

"Alright, that's enough of the nonsense, you guys can now prepare for the road too!"

"Don't worry, I won't turn you guys into what they are!"

“Because I I will just kill you all!”

Tian Shui Jiao said with a cold smile on the corner of his mouth.

In a whirl, his entire body violently floated up.

Instantly the brocade boxes on the surrounding shelves all moved.

Countless balls of light flew out from within the brocade boxes, and one by one, they actually flew towards the Heavenly Water Jiao.

“What about Lin Ran!”

Li saw this scene and couldn't help but be anxious as well.

“There's nothing we can do, many of these light masses have already assimilated their gods' minds!”

“It can't be saved!”

Lin Ran shook his head helplessly.

Assimilated divine wills were considered to have fused with flesh and blood, there was no possibility of saving them at all!

Otherwise, given his character, I'm afraid he would have struck long ago.

Countless balls of light surged towards the Tianshui Jiao's body.

At this time, he had already separated several channels of power and rushed towards the Sea Purple Red Dragon's own glaze.

Clearly ready to make a move towards them as well!

Inside the government residence, Lin Ran frowned slightly as he watched and spoke.

“Qin Bing, go ahead! Kill him!”

“Mhmm!”

Qin Bing nodded, and without the slightest hesitation, she instantly disappeared within the mansion!

Her heart was also filled with killing intent at this moment.

To brutalize so many cultivators for one's own selfish desires, this was simply something that only an evil demon could do.

Wonder Doctor Chapter 2195

As the thought was going through his mind, the shadow of the Tianshui Jiao's palm in front of him had already collided with the white stream of light that Qin Bing had turned into.

The white light was invincible and did not pause at all!

In almost an instant, it passed through the shadow of the Tianshui Jiao's palm!

Tian Shui Jiao looked stunned, and his entire being could not help but sigh.

“It’s over!”

His own attack had easily been passed through by his opponent, this difference in strength clearly no longer needed to be explicitly stated!

“Ka ka ka!”

To Tian Shui Jiao’s surprise, the moment the white stream of light passed through, his own palm void actually shattered straight away!

The huge palm shadow was first frozen and then shattered into dross like an ice sculpture!

You know, that palm shadow was made of true qi, it had no solid form at all!

How strong must the opponent be if he wanted to freeze true qi!

“Gulp!”

The Heavenly Water Jiao couldn’t help but swallow his spittle, and he lost all desire to fight!

The difference in strength was not a single star and a half point!

“Go! Go!”

The Heavenly Water Jiao was instantly anxious, and his entire body turned around and rushed towards the cave entrance behind him.

At the same time, behind him, countless white lights enveloped towards Qin Bing.

The surrounding formation barriers were like a large net, trying to stop Qin Bing.

But in front of Qin Bing, how could these things stop her?

The moment the Heavenly Water Jiao rushed out of the cave, a loud “bang” was heard behind her.

The white stream of light that Qin Bing had turned into had instantly broken out of the formation!

At this moment, in the dark sky, the Heavenly Water Jiao was fleeing frantically, while behind him, a white stream of light was following him like a swimming dragon, and the distance was still getting closer and closer!

“Look over there!”

“Hey, what’s going on! Isn’t that Lord Tianshui Jiao?”

“Yes! What’s with that white stream of light!”

“My goodness, what the hell is happening!”

In the square below, countless magical beasts looked up at the sky with shock in their eyes.

There were even more chattering voices!

“Whoosh!”

Suddenly, in which white stream of light, three light masses were instantly flung out.

The three light masses rushed rapidly towards the square below.

The magical beasts below were so frightened that they were all busy scattering backwards.

But when they saw clearly that the three light masses were actually three people, they couldn't help but all exclaim out in shock.

“That's the Red Dragon! That's the Red Dragon!”

“There's also Hai Zi, and Mo Tian ah!”

“My god, what the hell is going on!”

“What the hell is happening!”

One by one, the crowd was dumbfounded as they looked at the three people on the ground!

Mo Tian was completely unconscious at this point, having been severely injured and stripped of his bloodline by the Tian Shui Jiao, he was already lucky to have a breath left at this point!

Red Dragon and Sea Violet were relatively better, and soon regained consciousness!

As they got better, Tianshui Jiao understood that he was completely finished!

At least in the Taiwaters, he could no longer stand!

“Bastard! Bastard!”

Tianshui Jiao was so furious that he was hovering on the side of Tianshui Mountain, as if he were mad!

Qin Bing was still following behind as a white stream of light, seemingly in no hurry at all!

“Bastard! Even though I am not as strong as you, if you want to kill me, you can try!”

Tian Shui Jiao said as his entire body actually began to change.

The robe on his body instantly exploded and his torso transformed into the body of a magical beast in an instant!

Only to see that it was actually a huge Jiao dragon!

It said it was a jiao dragon, but it was actually just a jiao, not really a dragon at all!

After all, in the entire Immortal World, even Lin Ran had never seen a pure dragon race!

The so-called Tianshui Jiao and the Red Dragon were only descendants of dragons with a trace of their bloodline!

If they were true dragons, wouldn't they be so weak!

“Die!”

The Heavenly Water Jiao roared, and almost instantly, his entire body slapped towards Qin Bing like a huge mountain with black clouds pressing down on it.

The huge body of the magical beast compared to Qin Bing's white stream of light, and the comparison between the two was like a small mountain against a ribbon of silk.

The gap was really big!

But the magical beasts below couldn't help but gag as they watched.

No one would underestimate that white stream of light if it could force the Tianshui Jiao to use its original body.

At least the reaction of the Tianshui Jiao had proved it!

The huge body of the Heavenly Water Jiao was like a small mountain, instantly pressing down towards the white stream of light.

It seemed to want to disperse the white light!

However, the white light did not seem to care at all, not only did it not dodge, but instead it swung upwards to meet the huge body of the Heavenly Water Jiao!

"Bang Bang Bang!"

As the two came closer and closer, the space around them emitted a sonic boom under the immense pressure of the two.

At the same time, everyone could see.

In mid-air, a blinding white light erupted from the middle point where the two clashed!

It blocked out everyone's vision.

At this moment, no one could see what was happening at the point of collision!

Everywhere that Fleshbud Heng could see there was white light everywhere it passed!

The white light had lit up the entire black night!

"Bang, bang, bang!"

The white light was getting brighter and brighter, and the sound of the explosion was getting louder and louder!

It was as if it was going to blow the entire space through!

And at this moment below, countless magical beasts were all looking nervously at the sky.

They wanted to know who would get the upper hand in this clash!

The white light was quickly diminishing, but the crowd still couldn't see clearly what was happening up there!

"Oh my god what is that!"

Suddenly, I don't know who shouted, but everyone saw that a black dot was falling from the sky as if it was raining.

The crowd didn't know what the black dots were and were all busy dodging away.

But some of them were not so lucky, one of them raised his hand above his head and tried to retreat!

But suddenly an object landed in his hand.

What a heavy thing!

The beast was so stunned that he took it down to look at it.

But when he looked at it, he froze!

He saw that the object in his hand was no other than the remains of a magical beast!

The remains looked like the hoof of a Tianshui Jiao!

"Tian.... Heavenly Water..."

The youth's voice hadn't even finished exclaiming!

Suddenly a host of shouts came from all around!

"Look, the body of Lord Tianshui Jiao!"

"My god, Lord Tian Shui Jiao has been defeated!"

The voices rang out and the crowd looked up, only to see that the huge flesh of the Heavenly Water Jiao in mid-air had collapsed in an instant!

Then a seven-coloured inner elixir appeared!

This inner elixir was suspended in mid-air, if it wasn't the Tianshui Jiao's inner elixir or someone else's!

"Collect!"

The white stream of light that Qin Bing turned into rolled around and instantly collected the Tianshui Jiao's inner elixir.

At the same time, the white stream of light rushed towards the halfway point of Tianshui Mountain.

The crowd was puzzled and busy following the gaze!

It was only then that they realised that a white mass of light was rushing towards the mountain side of Tianshui Mountain.

The aura emanating from that mass of light was either the Tianshui Jiao or someone else!

"Heaven. Lord Tian Shui Jiao's physical body was actually destroyed by the other party!"

"My goodness, who the hell is that!"

"No.... I don't know, Lord Tianshui Jiao's divine sense, I'm afraid "

Wonder Doctor Chapter 2196

At this point, the surrounding crowd of magical beasts hadn't even reacted yet, having no idea what kind of person their Heavenly Water Master, the Heavenly Water Jiao, really was!

But it was clear that this situation would not last for long.

With the awakening of the Sea Purple Red Dragon and Mo Tian, they would also relearn what kind of person Tian Shui Jiao was!

Lin Ran naturally didn't care about these matters, as the Tianshui Jiao's position in the Heavenly Waters had been completely lost!

All he wanted to do now was to find out where Li's chance was!

....

The white stream of light that Qin Bing had transformed into rushed all the way towards the mountainside of Tianshui Mountain.

At the last moment, the Tianshui Jiao's flesh had been destroyed by her though.

But at the last moment, this fellow had also managed to escape his divine sense.

It would be a nuisance if he wasn't rid of his divine sense as well!

"Rumble!"

Suddenly, above the entire square, a group of magical beasts had not yet reacted to what was going on!

The entire island where Tianshui Mountain was located was shaking violently.

At the same time, there were already sharp-eyed magical beasts pointing at the Tianshui Mountain in front of them and shouting out.

"Look what's going on there!"

"Tianshui Mountain, the mountain is cracking open?"

"My god, what the hell is going on?"

The crowd of magical beasts froze in place one by one.

Although Tianshui Mountain was just a mountain, this was the Heavenly Waters!

The isolated island of Tianshui Mountain was, to put it bluntly, being supported by the mountain!

If Tianshui Mountain split open, the whole island would sink into the sea in no time!

And when that happens, the once glorious Tianshui Mountain will only become a habitat for the sea races!

"This is terrible!"

In the square, there were already magical beasts who could not sit still and were ready to leave.

The battle had gone on so far that they could no longer intervene at all.

Even just watching from the sidelines, they could feel their hearts palpitating.

Later on, if Tianshui Shang was really sinking, their situation would be even more dangerous then!

“Let’s go too!”

Red Dragon looked to Hai Zi in greeting.

Hai Zi was lacking was shaking her head.

“If you want to go, you go, I’m going to wait here for Glaze!”

There was determination in Hai Zi’s words.

He really did consider Li as a friend, at this moment, Li still didn’t know where he was going, asking him to leave alone was something he couldn’t do!

“See for yourself, the island might have to sink later, you’ll only be able to see him if you live!”

“If you die, he’ll still have to come and find you!”

Red Dragon said indifferently, then turned around and left.

He didn’t want to waste his time here, he had other things to do!

That was to spread the true face of the Tianshui Jiao throughout the Heavenly Waters, so that all the magical beasts here could see clearly what this bastard was really up to.

....

On Mount Tianshui, the white streams of light had already rushed close to the mountainside.

And at that moment, in front of them, a huge crack almost split the entire mountain in half!

“What to do!”

Qin Bing asked through a voice transmission.

“Where’s Li!”

Lin Ran spoke.

“At it!”

Lizzy popped up busily.

“How is your chance!”

Lin Ran asked.

By now, the inner pellet of the Heavenly Water Jiao, they had also obtained it, so they wondered if Li’s chance was still sensed.

“It’s still there, and it seems to be right down there!”

Lizzy busily said.

“Go on!”

Lin Ran smiled and didn't say anything else without a word of greeting!

The inner elixir had been obtained, and Li could still sense the chance.

It could only mean that the inner bile of the Heavenly Water Jiao wasn't his chance yet!

Qin Bing didn't ask too many questions, and immediately rushed in towards the inside of the crack in the mountain below!

The crack below was very large!

Dashing all the way down below, Lin Ran soon noticed a situation!

“This heavenly water jiao has split the mountain, but the sides around it are not open, so if the mountain collapses later!”

“The lake water around it will definitely pour in, so you have to be careful!”

Lin Ran reminded.

Qin Bing nodded without saying anything!

At this moment, the closer we got to the bottom, instead, a warm feeling appeared!

It was as if there was a hot spring below!

The rocky walls around them also gradually turned red from the grey at the beginning.

The entire mountain crack was only that big, and Qin Bing's strength was far above that of the Tianshui Jiao.

Trying to catch up with him was almost a matter of moving one's hand!

“This guy has stopped!”

Suddenly, Qin Bing spoke.

“Gave up resistance?”

Lin Ran asked.

“I don't know, but he did stop!”

Qin Bing said.

As his body dodged, the white stream of light had already reached the bottom of the crack in the mountain.

Only to see a white mass of light not far away was hovering where it was, motionless.

And in front of it, there was no longer any place to go!

“No more running?”

Qin Bing reassumed his human form and looked at the mass of light in front of him, his voice bland.

The white mass of light trembled, and in an instant it actually transformed into a human form as well, if not the Tianshui Jiao or someone else!

But at this point, he was a bit miserable, his body was destroyed, and his whole body was covered in a divine sense condensed shadow!

“Frozen for 100,000 miles, who doesn’t know the word Qin Cold!”

“Tian Shui Jiao pays respects to Lord Qin Bing!”

The Heavenly Water Jiao said and actually knelt down directly in submission.

“My Lord, I am also one of the Immortal Emperors sitting down, I don’t know what has offended you, please tell me clearly!”

The Heavenly Water Jiao said busily, seemingly knowing that there was no way out for him.

“You don’t need to climb with me, I’m no longer a member of the Immortal Emperor now!”

Qin Bing’s voice was bland, but to hear it, Tianshui Jiao was desperate!

“No.... Not one of the Immortal Emperor’s?”

“That’s right, the Immortal Emperor wants to harm me, I’m now a member of the Anti-Alliance!”

Qin Bing was no nonsense.

“That....”

The Heavenly Water Jiao was suddenly dumbfounded.

Originally, he had wanted to use the deterrent power of the Immortal Emperor to find a way out for himself.

As a result, who knew that he had actually stumbled upon this situation!

“My lord, don’t make a move yet, in fact, to be honest I’ve put up with the Immortal Emperor for a long time!”

“Or else you can take me in and I’ll go with you to fight against the Alliance?”

The Heavenly Water Jiao was in a hurry and said.

“You? What use are you?”

There was disdain in Qin Bing’s eyes.

“You are still the Immortal Emperor’s man, and you dare to brutalise a party like that in his territory!”

“What am I taking you to the Anti-Alliance for? Looking for trouble?”

Qin Bing said with a wave of his palm, and a long white sword had already surfaced.

Clearly this was non-negotiable!

“Not my lord!”

The Heavenly Water Jiao was instantly anxious.

“My lord, in the end your grudge with me doesn’t matter about the camp!”

“Or else this way, you name a condition, as long as I can do it, Tian Shui will never say anything! As long as you spare my life!”

“Conditions?”

Qin Bing smiled at his words.

“My condition is that you go to hell!”

Qin Bing’s eyes were utterly icy cold as he said that, following which his body disappeared from the spot!

“You!”

Tian Shui Jiao was furious, he had already said this, but the other party still made a direct move!

“Qin Bing, don’t go too far, do you really think I’m afraid of you?”

“Even if you are very strong, if I fight to explode myself, you will not be able to benefit!”

The Heavenly Water Jiao said angrily.

“Just your strength? Let me see if you blow yourself up!”

Qin Bing’s voice was bland, and snowflakes were still drifting around him.

As the snowflakes flew, a harsh aura like a sharp sword had quietly approached towards the Tianshui Jiao.

“Qin Bing! You deceive people too much!”

Sensing the threat, the Heavenly Water Jiao’s entire body suddenly glowed white, and the aura around his entire body actually began to burn.

Wonder Doctor Chapter 2197

“Burning the origin? You’re really willing to give up!”

Qin Bing stopped directly when he saw this scene.

There was an essential difference between a person burning their origin and exploding themselves!

In the Immortal World Continent, the truly top-notch powerhouses were all able to communicate with the Heavenly Reincarnation!

For example, existences like the Immortal Emperor, Zhen Yan and the Lord of the Alliance!

Of course, some reclusive powerhouses could also do so!

But their sense of connection to the Heavenly Reincarnation was obviously not as strong as the Immortal Emperor and the three of them!

In the Immortal World Continent, one's own strength was only part of the overall strength!

Apart from that, one also needs a kind of qi thing!

This kind of thing may seem esoteric, but there are actually traces of it!

For example, the Qi of the Immortal Emperor is above that of the Lord of the Alliance and Zhen Yan!

And the Qi of the Lord of the Alliance is above that of the Zhen Yan!

In other words, the strength of a power affects the strength of its qi to a certain extent!

When the warring masters are in turmoil and the living are in chaos, the Wheel of Heaven is bound to choose some of them!

Let them take their place, to quell the war and usher in a peaceful and prosperous world!

And these are the Chosen Ones, and they have a very strong qi!

But in the end, only one can do it, and this involves the battle for qi!

The three divisions of the Immortal Realm have been divided for years, so why have the Immortal Emperors hesitated to make a move to unify them!

Apart from the Divine Shadow Clan, the mastermind behind it.

The Immortal Emperor himself knows very well that by starting this great war, his qi will also be affected!

The Heavenly Reincarnation wants a tranquil world, and it would be fine if the Immortal Emperor won!

If he loses, or if the war goes on for too long, it will only make his qi worse and worse!

In time, the defeat would be his too!

So the war between the Immortal Emperor and the Anti-Alliance lasted only a dozen years before it was over!

The Lord of the Alliance also had this same concern, which is why he finally chose to have people flee from the Anti-Alliance territory.

If people don't die, faith will remain, and with faith the Qi will not be affected!

When the war rises, ten thousand people will come from all directions!

....

Cultivators who explode themselves are also dead, but at least they can still enter the reincarnation heavenly path.

They can be reborn in the future!

But if they burn their origin, they will really be dead, and they won't even be reincarnated!

Not to mention reincarnation!

"You've forced me to do this, what good can come from being in your hands?"

"Why don't we just end this once and for all?"

"What do you mean by burning the origin and not being able to enter reincarnation?"

"I can enter reincarnation, but if I forget the causes of my past life in the next, how can I cultivate the fruits of the next!"

"You want to kill me! Then come on!"

The Heavenly Water Jiao said frantically.

At this moment, his whole body's divine sense was burning, and the blazing white flames of fire seemed to burn up everything in heaven and earth!

Even the rocky ground around him was beginning to melt under the burning of this white flames!

"Don't go over there, no one can resist the power of burning origin!"

Lin Ran warned.

Qin Bing nodded his head and took two steps back to watch quietly!

Although the power of the burning origin was terrifying, it was simply uncontrollable!

And it wouldn't take too long, as long as one didn't take the initiative to go over, it would all be over once the time was up!

Qin Bing didn't even have to do anything!

The Heavenly Water Jiao would be finished by itself!

"What? Scared? Ready to watch the show? Do you think I'll let you get away with it?"

The Heavenly Water Jiao sneered, and immediately his entire body lunged towards Qin Bing.

His life was at stake, and you still want to watch the show! Dream on!

The Heavenly Water Jiao acted as if he was crazy, and as he charged forward, the Origin Force around him seemed to melt the air around him!

Qin Bing frowned as he shook his sword in his hand and instantly blocked himself with a layer of sword aura!

This sword aura was so powerful that even a person at the Perfection realm might not be able to break through it!

But in front of this burning origin power of the Tianshui Jiao, it still couldn't!

Gradually the sword mane was melted away too!

"Go! Don't fight it hard!"

Lin Ran said.

Qin Bing nodded, and with a swirl of his sword, he split the rock wall behind him and charged in towards it!

"Where do you run!"

The Heavenly Water Jiao roared, and his entire body rushed towards Qin Bing like a maggot on a tarsal bone!

The entire mountain crack was already very small!

At this moment, the two of them were running wildly inside, and within a short while, they had rushed the entire mountain into a thousand holes!

"Rumble!"

Finally, the cracks inside the mountain were getting bigger and bigger and could no longer support the entire mountain form!

The mountain peak began to collapse!

There were even more and more cracks in the ground!

Qin Bing was running wildly all the way ahead!

Even she didn't know where she was at this moment!

But there were still rock walls around her, so she could be sure she was still within the confines of Tianshui Mountain and hadn't gone out!

"Bang!"

Suddenly, just to Qin Bing's side, there was the sound of the mountain crumbling.

Qin Bing didn't care, and after feeling the distance of the Tianshui Jiao behind him, he was ready to continue running!

According to the time calculations, I'm afraid that this guy's origin burning wouldn't last much longer!

But before she could move, suddenly Lin Ran spoke up.

"Look at that!"

"Hm?"

Qin Bing was stunned, and busily turned her head to look.

Only to see that in the cracked mountain on one side.

A red light had actually appeared!

The red light was so dense as if it was fresh blood, and it would not dissipate!

And in the red light, a blood-coloured lotus was slowly spinning

On top of the lotus, a round object the size of a fist was also spinning with the lotus!

A warm sensation was emanating from it!

“What is that thing!”

Qin Bing frowned as she watched, feeling uncomfortable at the same time!

She cultivated the Ice Dao technique, and was naturally close to water attributes and icy cold things.

This hot thing made her feel uncomfortable all over!

“This is my chance!”

Li suddenly spoke.

At this moment, when confronted with what was on this blood-coloured lotus, Li’s entire body was thrilled!

If he wasn’t inside Lin Ran’s mansion, he really wanted to rush straight over!

“This is the Blood Essence Fruit!”

Lin Ran spoke.

“Blood Essence Fruits?”

The crowd was stunned at the words, not knowing what the use was!

“Blood Essence Fruits simply don’t exist in heaven and earth, they must be cultivated artificially!”

“This Tianshui Jiao killed so many people and sealed their divine senses in their blood veins!”

“So it’s to cultivate this kind of thing!”

“No wonder he hasn’t been devouring those people’s bloodlines!”

By now, Lin Ran had fully understood the Tianshui Jiao’s intentions!

“The Blood Essence Fruits must be cultivated by using intention as a guide to draw out the power of the molten rock under the ground!”

“So many divine senses were sealed in the cave before, all of them were refining the Blood Essence Fruit for him!”

Lin Ran explained.

But Li was already a little impatient and wanted to go straight over and eat this Blood Essence Fruit!

“Bastard!”

Suddenly, at that moment, the Heavenly Water Jiao at the back also caught up with him.

Seeing the revealed Blood Essence Fruit, he was instantly furious!

“What the old man has worked so hard to cultivate, you will never get it!”

The Heavenly Water Jiao said, surprisingly not bothering about Qin Bing as he turned around and charged towards the Blood Essence Fruit.

At this moment, his Origin was burning around him, so the Blood Essence Fruit could not withstand it!

“Lin Ran!”

Li saw this and immediately became anxious.

“Don’t panic, I’m still here!”

Lin Ran said indifferently.

“You stay here! I’ll go!”

At the same time, he greeted Qin Bing, and the next moment his entire body directly disappeared from within the mansion.

At the same time, one could only see a cold mane not far away as fast as a stream of light!

In an instant, it had already rushed towards the Blood Essence Fruit in front of him.

Wonder Doctor Chapter 2198

“Hm?”

The Heavenly Water Jiao was charging towards the Blood Essence Fruit in front of him at this moment when he suddenly felt an aura that made even him feel palpitating on one side!

“What is it?”

The Heavenly Water Jiao’s eyes were icy cold as he wondered what exactly was happening.

At this moment, the origin power around him was about to burn out.

If he couldn’t destroy this Blood Essence Fruit in front of him before it completely dissipated, he really wouldn’t be willing to do so.

After all, it was something that he had worked so hard to cultivate, and if he ended up making a dowry for someone else, he would have to suffocate to death.

“No matter! Let’s destroy the Blood Essence Fruit first!”

With a cold snort, the Heavenly Water Jiao turned around and charged towards the location where the Blood Essence Fruit was located.

However, just as he was about to approach the Blood Essence Fruit.

Suddenly, a stream of light swept past in an instant.

The Blood Essence Fruit in front of him had actually disappeared!

“What is it?”

The Heavenly Water Jiao was instantly shocked and enraged.

Under his own nose, the Blood Essence Fruit had actually been snatched away!

A moment later, Tian Shui Jiao saw that a white-robed figure had actually stood in front of him at some point.

He was suspended in mid-air, dragging the Blood Essence Fruit in his palm, his face as calm as water.

“Who are you again!”

Tian Shui Jiao said angrily.

However, the white-robed figure was not speaking at all.

“Speak! Who the hell are you!”

Tian Shui Jiao said angrily.

The white-robed figure remained silent.

“It’s you! Is it you who is controlling everything behind the scenes!”

“Why! Why are you targeting me!”

The Heavenly Water Jiao said angrily.

The more the other party ignored him, the angrier he became.

“Bastard! Say something!”

Tian Shui Jiao roared in anger, yet the white-robed figure seemed not to hear him at all.

It was always just standing there indifferently.

“Bastard! Bastard!”

The Heavenly Water Jiao was finally furious, and in an instant, he charged forward without a care in the world.

However, the white-robed figure was standing still, as if the entire time had nothing to do with him at all!

“Lin Ran!”

Qin Bing shouted when he saw this.

However, Lin Ran waved his hand and laughed after him.

“It’s no matter, he’s out of time!”

Qin Bing was stunned, and only then did he realise that the origin power on the Tianshui Jiao had indeed burned out.

His entire being was rapidly disintegrating as he charged forward.

The white shadow was like a crumbling quicksand on the side as it continued to dissipate.

Until it was finally completely reduced to ashes!

“I’m not willing....”

The Heavenly Water Jiao’s voice was still echoing in mid-air, but the entire person had completely disappeared.

“Let’s go too!”

Qin Bing stood in the distance and shouted.

The heat wave around the place where Lin Ran was was too great.

It made her very uncomfortable!

“Don’t rush yet!”

Lin Ran said as he waved his hand to admit Qin Bing into the mansion.

The environment here was making her uncomfortable, so it was better to go back inside the mansion!

“Li!”

Just after sending Qin Bing back, Lin Ran called out to Li.

“Give it to me! Give it to me quickly!”

Li was very excited, his gaze fixed deadly on the Blood Essence Fruit in Lin Ran’s hand.

He could feel that this Blood Essence Fruit was exactly the chance he needed.

“Hold your horses for now, where are you going to cultivate this Blood Essence Fruit?”

Lin Ran asked.

This Blood Essence Fruit was obviously very important to Lizzy.

As a magical beast he was afraid that once he swallowed it, he would also fall into a state of cultivation.

A good place had to be determined first.

Otherwise, if he swallowed it straight away in this place, it would also be troublesome in case this fellow became uncontrollable at that time.

“Right here, there’s still the power of the Blood Essence Fruit left here, and there’s still hot lava below, it’s simply too suitable!”

Li said excitedly.

“Good!”

Lin Ran nodded his head, and immediately tossed the Blood Essence Fruit to Lizzy.

“You’ll eat it later, this place won’t last long!”

“I’ll go set up the formation first!”

Lin Ran said and instantly shot up into the sky.

“Master Shu, Qing Zi together!”

Lin Ran greeted.

The area around this place was extremely large.

Moreover, because of the Demonic Beast Chance Conference earlier, Lin Ran couldn’t be sure if the surrounding demonic beasts had left.

If they weren’t prepared, it would be troublesome in case they were barged in.

“Got it!”

The Pillow Book responded and rushed over towards this side already.

Qing Zi was also not willing to lag behind and rushed towards the other side at the same time.

Lin Ran, on the other hand, was suspended in mid-air, acting as the centre of the entire formation, along with Qing Zi and Pillow-side Book’s position.

A great sealing formation was quickly laid down.

As the formation rose, Li below could no longer hold back, the Blood Essence Fruit was too tempting for him.

In an instant, he swallowed the Blood Essence Fruit in one gulp.

A burning sensation swept through his body as the Blood Essence Fruit entered his mouth.

Li could not even resist revealing his original body.

The moment this body appeared, it instantly shattered the surrounding mountain walls.

Fortunately, the sealing formation had already been set up.

Otherwise, the consequences would have been unthinkable.

I’m afraid that the surrounding lake water would have filled the place in an instant.

....

As the formation was set up, Lin Ran also took the crowd back inside the residence.

Only Li was left alone to refine the Blood Essence Fruit outside.

At this moment, as the Blood Essence Fruit was gradually refined, a red blood mist had begun to appear around Li.

It wrapped his entire body in it.

As he couldn't see clearly what was happening to Lizzy, Lin Ran didn't bother to care anymore.

I was afraid that this fellow's chance would not be fixed in a day or two.

Lin Ran also simply crossed his knees and cultivated.

Time passed day by day.

The entire Immortal Realm seemed to want to calm down.

The Immortal Emperor did not send troops to the Beast King Domain.

Perhaps in his opinion, it no longer mattered whether the Beast King Domain existed or not.

As long as the Anti-Alliance scattered, the Lord of the Alliance would be left as a bare-bones commander.

The threat to him would have been gone.

If a great war really broke out then, those old undead in Chaos Space should also be clear about how to choose a side.

After all, at this point in time, the strongest force in the entire Immortal Realm Continent was the one represented by his Immortal Emperor.

....

In the chaotic space, Lin Ran had finally arrived at the first small world of the conquest after his trek!

Although it was a small world, the area within it was far too large.

It was clearly impossible for Lin Ran to figure out everything within it in a short period of time!

But it was good that he had discovered a problem.

That was that there weren't many strong people in any of these small worlds of conquest.

At least not many strong people were revealed.

And in this situation, Lin Ran thought of a way.

While the two armies were fighting, he directly killed the battlefield and captured some of the people from both sides.

And then after questioning and probing the memories of some of them.

Only gradually did he gain some understanding of this small world.

But in the subsequent investigation, he was still a little disappointed.

Because he had searched for three months in this small world.

But there was never any sign of the Divine Shadow Race.

In the end, he had no choice but to leave and head towards the second small world.

And after these three months, the Tianshui Mountain Range located in the Immortal World.

Li's cultivation had finally come to an end.

Compared to the beginning, the blood-coloured light around Li was significantly larger at this time!

If Lin Ran hadn't set up the sealing formation, I'm afraid that this place would have turned into a sea of blood by now.

Within the blood mist, it was impossible to tell how big Lizzy was!

The mansion that was originally on the side was like a speck of dust compared to Lizzy!

With just the size of his body, one could tell that Lizzy had already turned into an unparalleled beast.

Wonder Doctor Chapter 2199

The waters of the sky in the early morning were as quiet as usual.

Not a hint of noise!

"Bang!"

Suddenly, an earth-shattering loud bang broke the calmness of the entire Heavenly Waters.

At this moment, countless magical beasts on the Heavenly Waters were all looking in one direction, the direction of Tianshui Mountain.

It used to be the place where the Tianshui Jiao was.

When countless people looked there, they would unconsciously carry a hint of awe in their eyes.

But now, there was no longer a Tianshui Jiao there.

Countless magical beasts wondered why there was still such a big commotion there.

"Boom!"

The doubts in his heart had yet to dissipate when, in the next moment, a huge shadow had emerged from the sky in the distance.

The shadow was as big as a mountain peak, and the entire Heavenly Waters was so big, but at this moment, that shadow could be seen from anywhere in the Heavenly Waters.

And it was incomparably clear.

It was a huge magical beast with four hooves and a single horn on its head.

Although the shadow of the beast was not really real, just by seeing it, one could feel the oppression on its body.

As well as that majestic overbearing aura.

“This... What kind of magical beast is this? It’s so powerful!”

“I don’t know!”

“But I feel that our Demonic Beast clan, seems to be on the rise!”

“I have this feeling too!”

All the magical beasts in the entire Heavenly Waters were discussing this matter.

And at this time, within the Immortal Emperor City.

The Immortal Emperor who was seated in a piece of chaos also snapped open his eyes.

There was a hint of coldness in his eyes, a hint of surprise.

“This aura, why is it so familiar!”

The Immortal Emperor waved his palm, and instantly a curtain of light appeared out of thin air.

On the light curtain, it was clearly the situation within the Heavenly Waters.

One could only see that at this moment, within the Heavenly Waters, a huge demonic beast shadow had not yet dissipated.

However, compared to the beginning, it was already much more illusory.

Only a vague appearance could still be seen.

“This is...”

Seeing the demonic beast’s imaginary shadow on the light screen, the Immortal Emperor’s eyes instantly became a lot colder.

One of his palms even unconsciously tightened up.

“I didn’t expect it to come so quickly, is the first pawn of the arrangement already about to start manifesting!”

The Immortal Emperor’s voice was bland, but it was ice-cold.

Obviously the demonic beast void in front of him made him feel threatened.

“Go!”

Suddenly, the Immortal Emperor waved his palm, and instantly a ray of light struck out towards the front.

The light struck out and soon a figure appeared.

“Father!”

Immortal King Fu Gu appeared out of thin air and bowed in salute.

“Immediately send someone to the Heavenly Waters, find this demonic beast, catch it if you can, but kill it immediately if you can’t!”

The Immortal Emperor’s voice was icy cold.

“Yes!”

Immortal King Fogu was busy bowing in response, and then disappeared back into place.

The Immortal Emperor looked at the beast on the light screen with a cold gaze throughout, as if his heart would not be at ease until he killed it!

The Emperor was not able to kill it.

At the same time, in the Beast King’s Domain’s Fire World, Zhen Yan also seemed to have sensed something.

He appeared in a secret room!

There was no light in the chamber all year round, only a single life lamp neatly arranged on a bar in front of him.

At this moment, on one side of the table, one of the lamps had caught the attention of Zhen Yan.

This lamp had changed.

The flame of the lamp was burning, and at some point in time, a strand of green had appeared in the original red flame.

This wisp of green was so conspicuous that it was exceptionally blinding to Zhen Yan’s eyes!

“How can this be!”

Zhen Yan’s heart immediately seized as he looked at it.

He couldn’t care about anything else and busily waved his hand to put away this Destiny Lamp.

At this moment, his entire heart was pounding.

He didn’t know what was happening.

But the impact this Fate Lamp had on him was too great!

“What the hell is going on! What the hell did Lin Ran and the others run into!”

Zhen Yan’s heart could not be quiet for a long time.

When green appeared in the Destiny Lamp, others might not know what it meant.

But he was very clear about it!

“No! We have to plan ahead!”

Zhen Yan thought and immediately sent out a divine sense voice transmission.

In the courtyard not far away, the Heavenly Wolf was in closed-door cultivation, and when he felt the call of divine sense, he immediately left the room.

....

But at this time, in the Heavenly Waters.

Lin Ran was sitting on a long sword, constantly flying towards the front.

And at this moment, within his mansion, Qin Bing, as well as Lin Ran’s divine sense, were both looking at the innocent-looking Li in front of them, with doubts in their eyes.

“Li! What’s wrong with you, why do you feel as if you’ve changed into a different person!”

On the side, Xiao Jiu also looked at Lizzy with suspicion.

She always felt that Lizzy seemed to have changed in some way.

But she couldn’t understand it for a while.

“This guy does seem to give people a different feeling from before!”

Qin Bing on the side also said suspiciously.

The feeling that Li gave them was indeed very different from before, but the reason for that they were somewhat unable to say.

“It’s probably because the strength has become stronger!”

Lin Ran said from the side.

That was the only explanation that could be willing at the moment.

“Forget it, and don’t think too much about it!”

Lin Ran said.

The crowd nodded at his words, although Li had changed a lot this time in her retreat and cultivation, she was still Li after all.

As long as there were no safety issues, there was no need to think about anything else!

“Where are we going next!”

Qin Bing asked as he looked towards Lin Ran.

Lin Ran smiled and thought about it and said.

“I haven’t thought about it yet, so I’ll go wherever we arrive!”

“Anyway, at the moment, the entire Immortal Realm continent is almost all the territory of the Immortal Emperors!”

“We’ll just be responsible for muddying the waters!”

Lin Ran laughed.

The Immortal Realm Continent was currently all under the Immortal Emperor’s control, so it didn’t really matter where we went anymore.

What mattered was how we could make the Immortal Emperor angry!

Let him have no time to worry about the Beast King Domain and buy time for the Beast King Domain’s Payload World.

As long as the fundamental strength of the Beast Kingdom and the Anti-Alliance was preserved before the final showdown.

This struggle had not yet reached the point of running out of gas.

All the way forward, although there was no destination, at least the direction was clear!

But that said, this heavenly water was also surprisingly large.

And along the way, but wherever there were islands, there was almost always a demonic beast clan cooped up.

In order to avoid unnecessary trouble, Lin Ran did not stop and hurried along the way.

The journey was a long one.

Two days later, Lin Ran’s pace of travel finally slowed down.

At this time, Qin Bing was also on the side, and suddenly she frowned slightly as she pointed ahead and said.

“That person seems to be a Vine Devil!”

“Vine Devil?”

Lin Ran smiled and also squared up, the Vine Demon was clearly from the Demon Jiao tribe.

And it had quite a big grudge against the Tide Serpent Clan where Hai Zi was from.

A few days ago, Hai Zi had even defeated him to his face, which was how he had gotten the last extra spot.

“Why is he here?”

Lin Ran felt curious, he had learnt before that the Demonic Jiao clan where Vine Devil was located didn’t seem to be in this direction!

“I don’t know, should we go over there and take a look!”

Qin Bing asked.

“Go and have a look! The Tide Serpent Clan seems to be in is nearby, I wonder if the Vine Demon Clan has and intention for appearing here!”

Lin Ran said.

Because of Lizzy’s Sea Violet, how could he say that Sea Violet was also considered his friend.

If the Vine Devil Clan made any moves, one still had to go and inform the Tide Serpent Clan.

After making their decision, Lin Ran and the others didn’t bother with any nonsense and immediately hurried towards the front.

However, they didn’t know what the other side was up to.

So Lin Ran didn’t get too close.

There was a huge difference in strength, and it was impossible for the Vine Demon to find out that Lin Ran was following them.

After following them for a while, Lin Ran found that the Vine Devils seemed to be preparing to go back.

This was because the direction they were heading in was clearly leaving this place and heading towards the Demon Jiao Clan!

“Running all the way here and now going back!”

What on earth had they come for?

Lin Ran frowned slightly as he watched.

Although the other party was quite a large group of people, Lin Ran honestly couldn’t tell what the other party was up to!

At least he didn’t see anything right now.

Originally, he just wanted to follow and see what was going on, and if there was no problem, he would leave.

But who knew that he would have to follow him for two days.

It wasn’t that Lin Ran hadn’t thought of giving up during that time.

After all, the Vine Demon’s strength was simply not enough to see in front of him.

He could easily kill it with the lift of his hand!

But Lin Ran had a bad feeling in his heart, if he left straight away, he was afraid he would miss something!

The stronger his strength was, the stronger Lin Ran’s premonition of this was.

This was both the cause and effect of cultivating a path.

It was also this feeling of karma that made Lin Ran uneasy about leaving.

That was why he had been following for two days.

At this point, they had already left the range of the Tide Snake Clan, and according to Lin Ran's knowledge of the waters of the sky.

According to Lin Ran's knowledge of the Heavenly Waters, with two days to travel, they would almost reach the area of the Demonic Jiao Clan.

And this was what Lin Ran was most worried about.

The Devil's Jiao tribe was a big race, no matter what.

Even if he was strong, he couldn't break the taboo, if a race was really a fish out of water.

Even Lin Ran would have to be careful of the undercurrents it contained.

Otherwise, the Tianshui Jiao would not be able to suppress the Tide Serpent race to such an extent, yet hesitate to take action to really destroy them.

A rabbit bites when it's anxious, that's the truth.

Just as Lin Ran was considering whether or not to continue chasing.

Suddenly, the crowd ahead of them finally came to a halt.

They should have been tired of rushing and were ready to rest.

He saw the Vine Demon take out some food and water from his body, and then with a wave of his hand, he disappeared into the gourd in his other hand.

There should be someone inside.

Otherwise, they wouldn't have sent food and water inside!

Just as Lin Ran was thinking about who could be inside the gourd.

Suddenly the Vine Demon seemed to get angry and with a wave of his hand a huge black shadow instantly flew out of the gourd out of thin air.

It fell heavily on the ground to the side.

Lin Ran was hiding not far away at the moment and could see it with unparalleled accuracy.

The person who was thrown out of the gourd was not someone, heck that was none other than Hai Zi!

"Why is it him!"

Lin Ran frowned slightly as he watched, he had already sent the three Hai Zi out after the match that day.

Together with the subsequent collapse of the Tianshui Mountain, these people should have left straight away!

How could they appear here now?

And they had even been captured by the Vine Demon.

Lin Ran's side had just seen this scene when Li's voice came over.

"Lin Ran let me out, I want to save him!"

Lizzy was busy saying.

With Lizzy's current strength, there was no way the Vine Demon would be a match for him!

"Mhm! But you wait, I'll set up a formation!"

Lin Ran said.

There were so many people stacked up that running away was definitely out of the question! After all, he was very strong himself.

But if the other party were to blow themselves up and let their divine sense leave, that would inevitably cause subsequent trouble!

Since they were going to do it, they naturally had to eliminate the aftermath forever.

As he spoke, a formation had already been laid out of thin air.

And Li also made his move almost simultaneously.

He transformed into a human form and instantly rushed into the opposing crowd.

The opposing crowd was instantly in chaos.

Lin Ran just stood by, and had no intention of making a move.

Li, however, was unfazed, even though he was in his human form at this moment.

But his power was still not something these people could resist!

When Vine Devil's men saw this one by one, they all used self-destruction to protect Vine Devil.

They wanted him to escape.

But they soon discovered that a formation had been set up around them.

It was impossible to run!

"Hand over the Sea Violet, or none of you will run away today!"

Li said angrily.

In this desperate situation, it was reasonable to say that Vine Devil had no choice but to hand over the Sea Violet in order to stay alive.

But for some reason, the Vine Devil actually looked very angry at this moment.

There was even a feeling of a fish dying!

Lin Ran could see it really well from the sidelines.

The Vine Devil was lifting Hai Zi in his hand, and his palm was even directed at Hai Zi's back.

Hai Zi's entire body seemed to be badly injured.

There wasn't even the slightest hint of resistance.

And not even a word was said.

It seemed that the whole body was sealed.

"Li! Kill him!"

Lin Ran suddenly transmitted a voice.

"Huh?"

Lizzy was stunned.

"But Hai Zi is in his hands, if we can't just kill him, he's afraid he will!"

Li was a little worried.

"You're strong enough to hurry up and kill him, I suspect that Hai Zi might have been badly injured!"

Lin Ran said.

"Good!"

Li smiled and immediately stopped talking nonsense.

When he heard that Hai Zi was injured, he was also instantly anxious.

The entire person instantly turned into a black smoke.

He rushed towards the Vine Demon right in front of him.

The Vine Demon hadn't even reacted yet.

The black smoke that Li had turned into had instantly passed through his eyebrows.

The next moment the Vine Devil's breath was already cut off.

There was not even the slightest possibility of a struggle.

Let alone explode itself!

Once the Vine Demon was dead, Lin Ran collected the Sea Violet in his hands.

As for those of the Vine Demon's men, he didn't bother to care at this point.

Li would naturally take care of them!

Inside the government residence, Lin Ran placed Hai Zi on the stone platform.

And then personally checked his condition.

Only the more he checked, the tighter his frown became.

At the same time, he also saw that Hai Zi on the stone platform was actually crying.

“How is Hai Zi?”

Li had rushed back after finishing off all of Vine Devil’s men.

But the reply he received was something he hadn’t expected no matter what.

“My bloodline, it’s been sealed by the Vine Devil!”

Hai Zi sat on the stone platform, her entire face covered in tears.

“Sealed? He.”

Li looked at Hai Zi in disbelief.

“Then just open it in!”

“It won’t open!”

Lin Ran said helplessly to the side.

“This seal in Hai Zi’s body is induced by the blood of the Vine Demon!”

“Only the Vine Devil himself can open it!”

“But now that he’s dead, if he tries to open this seal, Hai Zi will also suffer a huge backlash!”

“Lightly, we’ll lose all our cultivation, and seriously, we’ll lose our lives!”

“We were the ones who were reckless!”

Lin Ran sighed.

He hadn’t seen things coming like this either.

He was in a hurry to save the others himself, but he had ended up leaving Hai Zi in such a situation.

“I don’t blame you guys for this, if you hadn’t saved me, I’m afraid I would have died at the hands of the Vine Demon!”

“The big deal is that I won’t cultivate!”

Hai Zi said.

Lin Ran, however, knew very well what it meant for a person with the power of the bloodline to appear in the Tide Serpent Clan!

But now.

“Come on, let’s go to the Tide Serpent Clan! This will matter to us as well, we must find your clan leader and talk it over!”

Lin Ran said.

Having reached his level of strength, heart knots were the most taboo of all.

If waves were to appear in Ran's heart because of what happened to Hai Zi.

If it affected his dao heart, that was the last thing he wanted to see!

Whether it was out of good intentions or not, since it had already happened, it had to be resolved properly!

A trip to the Tide Snake Clan was unavoidable!
