### Chapter 221 Multitasking in Bed

"Go ahead and lie on the bed with her back facing me."

Su Yang instructed Yu Yan, who was feeling a bit terrified because of Xuan Jinglin's words.

Yu Yang sighed and laid on the bed with her eyes closed so she wouldn't have to see Xuan Jinglin glaring at her with eyes that looked as though they couldn't wait to be entertained.

Once Yu Yan was on the bed, Su Yang began massaging her as usual.

A few moments after the massage began, Yu Yan already forgot about Xuan Jinglin's presence and began indulging herself in the pleasure that drowned her body.

"Mmm... Ahhh... Nnnn..."

Xuan Jinglin watched Yu Yan moan in pleasure as her expression became filled with bliss and delight.

"If you think that feels good, just wait until you have a taste of his..." Xuan Jinglin laughed in her heart and couldn't wait to see Yu Yan fall from grace like herself.

For the next few minutes, Su Yang massaged Yu Yan normally without any tricks, which greatly puzzled Xuan Jinglin.

"Why isn't he bringing out the special oil? He should have brought it out by now..." she pondered.

And just as she had that thought, Su Yang spoke, "Would you like to try something new? It's a special oil that if rubbed onto your body, it will enhance your sensation for pleasure and even increase the strength of your Yin Qi."

"Eh? Oil?" Yu Yan looked at Su Yang and then to Xuan Jinglin, who was still glaring at her with a grin on her face.

"This must be what caused Senior Sister Xuan to be like that... If that's the case, there's no reason for me to refuse such an opportunity!" Yu Yan thought to herself.

"I want to do it!" she quickly answered.

Su Yang nodded and said, "Go ahead and remove your clothes."

Yu Yan nodded and removed her clothes without any hesitation. And although she was aware that Xuan Jinglin was watching her, they have seen each other naked many times before, so this wasn't anything new for either one of them.

Once she was naked, Yu Yan laid back on the bed and waited for Su Yang to do his thing.

A few moments later, Su Yang poured a handful of oil on Yu Yan's back, causing her body to tremble in response.

He then placed his hands on her smooth back and began spreading the oil all over her body.

"Ohhh!" Yu Yan had underestimated the pleasure the oil could bring to her and released a loud cry of joy, one filled with intense satisfaction.

Minutes later, when Su Yang began massaging her sensitive areas, Yu Yan began screaming in pleasure as her body constantly sprayed out water.

Meanwhile, Xuan Jinglin watched the scenery with an entertained expression, almost like she was watching a play.

Some moments later, when Yu Yin could no longer restraint her own sexual desires, she began aiming for Su Yang's pelvic area as Xuan Jinglin had before her.

"C-Can I cultivate with you?" Yu Yan asked him with a bashful expression, looking like she'd just confessed to her crush about her deep love for him.

Su Yang did not say anything this time around and directly pulled out his already thick rod from within his robes and placed it before Yu Yan's face for her to see its spectacular appearance.

"Oh my god..." Yu Yan gawked at the thick rod before her the moment Su Yang revealed it, looking as though she was looking at a priceless treasure.

After she awakened from her daze a few moments later, Yu Yan wrapped her small hands around Su Yang's thick rod and started licking it in a manner that made it seem as though she was afraid to damage such a perfect treasure.

Xuan Jinglin stared at Yu Yan's actions with her eyes as wide as saucers and jaw dropped to the ground. In her head, she was thinking to herself how she would no longer be able to see Yu Yan in the same light ever again after today.

"Please... I want it inside my body..." Yu Yan suddenly said in a pleading voice.

Su Yang nodded and laid her on the bed, grabbed her by the hips, aimed the tip of his rod right at her yearning entrance, and he began shoving his rod in and out of her wet hole.

"Ahhhhh~!" Yu Yan released a sharp cry that caused Xuan Jinglin's heart to skip a beat when she first heard it.

Xuan Jinglin covered her mouth with her hands and watched in silence as Su Yang dominated both Yu Yan's body and soul with his techniques and divine rod, and every moan that came out of Yu Yan's mouth would cause her body to tremble.

Xuan Jinglin felt that she was not watching sexual intercourse right now but an act of art instead, as every movement Su Yang executed was made with elegance and beauty, yet there was a sense of dominance that surrounded his presence.

And after watching the two cultivate for a few minutes, Xuan Jinglin became aroused herself and began playing with herself as she watched.

However, when Su Yang saw this, he smiled and said to her, "I can handle you too if you want to join us."

Xuan Jinglin was dumbfounded by his words at first and stared at him with a dazed look for a good minute before she quickly removed her clothes once again and joined them.

Thus, Su Yang started massaging Xuan Jinglin, who was laying right beside Yu Yan, with his hands while he also massaged Yu Yan with his rod, satisfying both of the girls simultaneously and with ease, showing his talent and experience in multitasking.

"Ah... Ahh... Ahhh..."

"Ah... so good... Ahh..."

Suddenly, the room became much more livid with two beauties moaning beside each other with erotic expressions, causing the room to be filled with a euphoric atmosphere that could only be described as a dream for men.

### [Chapter 222 Can I Call You Daddy?](#)

"Wow, Junior Sister Yu actually managed to last longer than Senior Sister Xuan..."

The remaining seven girls shared their surprise in the living room when Yu Yan remained inside the room for over half an hour.

That being said, there was no way they could've known that Yu Yan only managed to last longer because Xuan Jinglin had taken some of her burdens by joining them.

A few more minutes later, the door opened again, and Su Yang appeared before the seven girls.

"I-I am next!" Shang Wenjie, the third girl, approached him on her own accord.

Su Yang nodded and went back into the room.

When Shang Wenjie entered the room and saw Xuan Jinglin and Yu Yan sitting at the end of the room, she was hit by a strong sense of déjà vu, like she had been in this situation before.

"Can the both of you leave? I want to be alone," Shang Wenjie said to them, as she didn't want them to see any more of her embarrassing side like last time.

"No."

"Nope."

However, Xuan Jinglin and Yu Yan immediately refused her request, as they wanted to share the shame they had to endure.

"No? I was not asking you! In the first place, it's weird for the two of you to be in here while I receive my massage! If you can't move by yourselves, then I will help you move!" Shang Wenjie was determined to make the two of them leave.

"Haaa..."

Seeing how Shang Wenjie had no intentions to let them watch her like last time, Xuan Jinglin and Yu Yan reluctantly left the room while sighing with the help of Shang Wenjie.

Once they were kicked out of the room, Shang Wenjie eagerly laid on the bed without needing Su Yang to say anything.

Although she didn't show any indications, out of the nine of them, Shang Wenjie was the one who had anticipated this day the most — so much so that she parted with her partner just a few days after meeting Su Yang for the first time.

"Umm... before we start, I have a request..." Shang Wenjie suddenly spoke with a hesitant expression.

"What is it?" he asked.

"I-It may seem a bit weird... but... can you allow me to call you 'daddy'? I-It will only last until I leave this room..." Shang Wenjie's face flushed red from embarrassment after speaking those words, feeling ashamed of her own fetish.

Su Yang looked at her with raised eyebrows, clearly surprised by her unique request.

However, being the gentleman that he is, Su Yang nodded with a smile on his face, agreeing to her unusual request.

"If it makes you happy," he spoke in a calm voice.

After sleeping with countless women from all kinds of backgrounds and status in his past life, Su Yang has had the opportunity to receive more than just a few weird requests from his partners, even learning of many fetishes that he wasn't aware of prior to meeting them. As for Shang Wenjie's daddy fetish, Su Yang considered it to be one of the least bizarre fetishes out there.

Shang Wenjie's eyes brightened after getting Su Yang's approval. Although she didn't want to make that request at first, she had the feeling that Su Yang would not ridicule her for it.

"Thank you, daddy!" Shang Wenjie said with a beaming smile.

Su Yang responded with a smile of his own, but he was wondering inwardly what Qiuyue might say about all of this if she were to witness their little roleplay.

A few moments later, Su Yang finally began massaging Shang Wenjie.

"Ahh..."

"Oh..."

Shang Wenjie, who had been craving for this feeling ever since she first experienced it, moaned to her heart's content. And without anybody there to watch her, she did not feel the need to hold back on her desires.

"Senior apprentice — daddy... I want to cultivate with you..." Shang Wenjie loosened her robes before the massage ended, feeling the desire to cultivate with Su Yang before she even reached the oil massage.

"Do you really?" Su Yang asked her with a teasing smile.

Shang Wenjie fully loosened her robes and allowed it to slip off her body, revealing to Su Yang her jade-like skin and erotic assets.

"Look... because of you, it is soaking wet..." Shang Wenjie showed him her little sister that was dripping wet with love juice.

"Hoh... then why don't you allow me to bear responsibility?" Su Yang said as he retrieved his stiff rod.

"Good lord..." Shang Wenjie covered her mouth from shock after seeing Su Yang's magnificent manhood for the first time. She did not think that something this terrifying could also appear so beautiful and majestic at the same time — it was the type of shocking discovery that could only be experienced once in a lifetime.

After spending some time to admire Su Yang's little brother, Shang Wenjie opened her legs widely to welcome Su Yang's little brother to meet with her little sister.

However, before he pierced Shang Wenjie's body, Su Yang retrieved his special oil and poured some of it onto his rod, as he wanted to benefit as much as he could from Shang Wenjie's Yin Qi.

"What is that?" Shang Wenjie did not understand his actions and asked.

"This is something I made that will strengthen your Yin Qi and make your body more sensitive to pleasure, allowing your body to feel even more satisfied."

"What a profound substance! How come I have never heard of something this wonderful?" she wondered inwardly, feeling awed by all of the effects some mere oil could bring to the table.

"But for it to be able to strengthen one's Yin Qi, it must be as valuable as the Profound Yin Pill if not even rarer..." Shang Wenjie was slightly worried. Although she was overjoyed by Su Yang's thoughtfulness for willing to use something this precious on her, she felt guilty for making him use it on someone like her. After all, she was only an Outer Court disciple.

However, almost as though he could read her thoughts, Su Yang said, "Don't worry, you are definitely worth it."

"Senior apprentice-brother Su..." Shang Weijie forgot about her fetish for that moment and looked at him with adoring eyes.

A few more moments later, once Su Yang's little brother was soaked in the special oil, he shoved it inside Shang Wenjie's wet cave, causing her to scream loudly, "Oh, daddy!"

## [DUAL CULTIVATION](#)

### [Chapter 223 Theres No Way He Can Handle All of Us Together!](#)

"What did you experience inside the room?" The girls asked Xuan Jinglin and Yu Yan after they were kicked out of the room by Shang Wenjie.

"Umm... I think it'd be better if you experience it yourself without knowing beforehand," said Yu Yan, as she didn't want to ruin the surprise for them.

"Ehhh... At least give us a hint... My curiosity is killing me!"

"Let's just say that compared to our first visit, it is at least ten times more enjoyable..." Xuan Jinglin said to them.

"Ten times more enjoyable?!"

The girls stared at her with a shocked expression. If they nearly ascended to heaven during the last visit, wouldn't this truly die from pleasure this time around?

Sometime later, the door opened again and Su Yang appeared with a nonchalant expression.

However, before the next girl could even step forward, Su Yang spoke, "I have a suggestion."

"A suggestion?"

"In order to be efficient, why don't I take on all of you at once?" Su Yang said to them with a smile. He figured that since the last three have all requested for the same thing that he might as well take on all of them at once. This way, he would not only save time but also get to consume much more Yin Qi simultaneously.

The girls stared at him with wide eyes. Besides Xuan Jinglin and Yu Yan, they were all confused by the meaning behind his words.

"Senior apprentice-brother, what do you mean by that?" one of them decided to ask.

"What I mean is... I want to cultivate with all of you." Su Yang said with a calm expression, which dumbfounded the girls even more.

"Y-Y-You want to c-c-cultivate with all of us... at once?"

The girls asked with a trembling voice.

What shocked them the most was not the fact that Su Yang had just asked them to cultivate with him but his request to cultivate with all of them at once! In their minds, they didn't believe that a single individual would survive if he had to satisfy so many women simultaneously, as his Yang Qi and stamina would simply be insufficient!

That being said, it wasn't as though the girls did not want to cultivate with Su Yang, as he was incredibly charming and talented to the boot with his techniques. In fact, they would've asked him to cultivate with them at some point today or in the future.

They were only worried that Su Yang might not be able to handle all of them at once, as they would surely suck away his Yang Qi until there is not even a single drop left, something that could damage his manhood and cultivation base.

"Senior apprentice-brother, I would love to cultivate with you, but... are you sure? In case you forgot, we are not your average ladies but disciples of the Profound Blossom Sect."

"That's right! I will gladly cultivate with you, but don't you think that you may be biting more than you can chew right now?"

"We may only be Outer Court disciples, but we have a big appetite when it comes to Yang Qi, you know? Especially if the Yang Qi is coming from someone charming like senior apprentice-brother..."

The girls reminded him that because they are disciples of the Profound Blossom Sect, their desire for Yang Qi and stamina far surpasses that of the average female.

Perhaps Su Yang may be able to handle this many females at once if they did not dual cultivate as a lifestyle, but unfortunately for him, the girls before him are all seasoned experts with abnormal stamina when it comes to cultivation.

Seeing the girls worry that he would not be able to handle all of them, Su Yang burst out laughing. Forget about nine little girls, he could handle even a hundred of them at once if he wanted to!

"Senior apprentice-brother?" The girls were slightly startled by his sudden laughter.

Su Yang wiped the tears in his eyes and spoke, "I understand that you think that I am biting more than I can chew, but I can assure you that such worries are unnecessary!"

"If you still doubt me, then why don't I prove it to you?" Su Yang spoke as he removed his robes before the girls, revealing to them his alluring body and magnificent rod.

"Oh my..."

The girls' eyes widened with shock and stared at Su Yang's perfect body with hearts in their eyes. They were already feeling the urge to pounce on him after being shown such a delicious view.

"Follow me if you want to cultivate! Today, I shall show you what I am capable of!" Su Yang turned around and walked into his room with a confident aura surrounding his body, leaving the door open for the girls.

"..."

The place turned dead silent, and the girls exchanged glances with each other. None of them spoke a word, but they all somehow understood what everybody else wanted to say and nodded their heads simultaneously.

"Although he may be senior in terms of status, he is still younger than us by a few years! Let's show him what happens when he challenges all of us at once!"

"That's right! There's no way he can handle all of us together! Let's make him regret underestimating us!"

"I won't stop sucking away his Yang Qi even if he begs me to stop!"

The girls took Su Yang's words as a challenge to them and decided to accept his challenge.

Sometime later, once they prepared themselves and removed their clothes, they entered Su Yang's room. With only one goal in mind — to defeat Su Yang and squeeze every last bit of his Yang Qi out of him until he collapses from exhaustion!

Once the girls beside Xuan Jinglin and Yu Yan entered Su Yang's room, the two of them exchanged glances.

"W-What do you think? Do you think senior apprentice-brother will be able to handle all of them?" Yu Yan asked.

Xuan Jinglin pondered for a moment and spoke, "Junior sister... let me ask you this... did Su Yang release his Yang Qi even once when he cultivated with us?"

Yu Yan's eyes widened with shock, and she turned to look at Su Yang's room with a dazed expression.

## DUAL CULTIVATION

### Chapter 224 Cultivating with Nine Beauties Simultaneously

When the only six girls that have yet to experience Su Yang's techniques today entered his room, they were shocked to find Shang Wenjie laying on the bed with her eyes closed, seemingly passed out.

"S-Senior sister?" The girls shook her body to wake her up, but alas, Shang Wenjie remained unresponsive.

"Don't worry about her, she fell asleep after our cultivation." Su Yang said to them.

The girls looked at him with a dumbfounded expression. She had passed out from their cultivation? Just how intense was their session?

"Now then..." Su Yang looked at the six naked beauties before him and said, "Who wants to be first?"

Even in such a situation that could only be described as every man's paradise, Su Yang remained a calm composure, controlling his lustful desires perfectly.

"I will go first!" one of the six girls stepped forward, and her name was Jia Biyu.

Su Yang nodded, and once Jia Biyu was on the bed, Su Yang massaged her body with the special oil for a few minutes to help her get into the mood.

"What is that?" The other five girls that were watching from the sidelines asked him when they saw him pull out the oil.

"It will strengthen your Yin Qi and increase the pleasure you feel," Su Yang explained.

"Something like that existed?" They looked at the oil with great interest.

"Ahhh... Ahhh... Ahhhhh..." Jia Biyu moaned like a signing bird when Su Yang massaged her little sister, causing the bystanders to swallow a mouthful of saliva.

And once Jia Biyu's body was hot enough, Su Yang pierced her body with his thick rod, increasing the volume of her song.

Furthermore, after piercing Jia Biyu, Su Yang turned to the other five girls and said, "I have enough hands for two more."

He then showed them his two free hands with a smile.

"..."

The girls were speechless. Just how much more efficient does he plan to get? Will he massage them with his feet next?

A few seconds later, two more girls laid on the bed, one to the right of Jia Biyu and the second girl on her left.

Three girls were laying on the bed before Su Yang right now, and he massaged the two on the sides with each of his hands while he handled Jia Biyu in the center with his hips and little brother.

The remaining three girls stared at the scene with their eyes popping out of their sockets, as they have never witnessed such a scene before.

"H-He's actually handling three of them at once!"

"And it doesn't even affect his pace one bit!"

"My lord... is he even a human?"

One would expect Su Yang to slow down his pace when he had to handle three women at once, but the girls were shocked to learn that such a limit did not exist for Su Yang. Furthermore, the three girls on the bed seemed to be enjoying it as much as next, meaning that even the pleasure he was giving them did not worsen despite being so busy with his entire body!

Su Yang's techniques in bed were truly heaven-defying and mind-boggling, and these girls learned that today after seeing him in action.

"Ahhh~"

"Mmmm!"

"Oooh..."

The three girls on the bed sprayed simultaneously after just a few moments later, filling the room with Yin Qi.

However, Su Yang was not finished with them and switched Jia Biyu's position with one of the girls on the side and began thrusting his thick rod into her.

"More... More... Ahhhh!"

"Yes... Yes... Ohhh... Yes~"

"Faster... do me faster~"

Su Yang cultivated with Jia Biyu and the other two girls for half an hour, switching their positions every few minutes so that they could taste his thick rock without fighting for it or feeling left out.

"Senior apprentice-brother... why don't you let them rest for a bit and cultivate with us?"

"That's right! We are here too!"

The three girls that have been watching were barely able to control their urges to join them by force, as their little sisters have been dripping wet from arousal for some time now.

"Don't worry, I did not forget about you girls. Come over here..." Su Yang said to them as he helped the three exhausted girls move to the end of the bed where Shang Wenjie was resting.

Luckily for Su Yang and the girls, he had prepared the room beforehand and moved the beds from the other empty rooms into this room before all of this happened, or else there wouldn't have been space to fit all of them on the bed at once, as the Profound Blossom Sect did not design this room to fit this many people cultivating at once.

After moving the three exhausted girls out of the way, three more beauties laid before Su Yang with their bodies fully exposed to him and burning with passion.

A few seconds later, Su Yang began moving again.

With his left hand, he massaged the left girl's large breasts. With his right hand, he rubbed the right girl's wet cave. With his thick rod, he pounded the center girl's tight hole.

And just like with the previous girls, he would switch their positions every few minutes so that they didn't have to feel left out.

"Senior apprentice-brother... I love you..."

"Ahh~ Me too~"

"My body is burning~"

The three girls screamed in pleasure as their bodies overwhelm with pleasure, feeling as though they were in heaven.

This continued for another half an hour with no breaks in-between — until two more figures entered the room.

It was Xuan Jinglin and Yu Yan, and they also entered the room naked, their intentions as clear as day.

"C-Can we also join?" Xuan Jinglin asked him in a nervous tone. She was worried that Su Yang might see her as greedy after already doing it two times and refuse her.

But fortunately for her, Su Yang also happened to be a greedy individual, especially when it comes to women.

"The more the merrier," he responded with a smile.

Thus, two more beauties entered the frame.

As for Shang Wenjie, she also woke up a few minutes later due to the loud moaning in the room.

Although she was bewildered at first to see everyone else in the room naked and taking turns cultivating with Su Yang when she woke up, she quickly adapted to the environment and joined them within minutes of waking up.

## [DUAL CULTIVATION](#)

### [Chapter 225 An Endless Supply of Yang Qi](#)

Many hours have passed since all nine disciples from the Medicine Hall entered Su Yang's room to challenge him in bed.

However, they quickly realized that they were up against a monster with a seemingly immortal body that could not be exhausted, allowing him to cultivate with all of them without even breaking a sweat.

"Ahhhhhh!" Jia Biyu released a deafening cry of joy when Su Yang suddenly filled her stomach with his Yang Qi, enveloping her body with heavenly pleasure.

After releasing his Yang Qi into Jia Biyu, Su Yang laid her back down on the bed to rest.

"Who's next?" Su Yang turned to look at the other eight beauties with narrowed eyes that resembled a predator looking at his prey.

When the other girls saw that Su Yang's rod was still stiff despite just releasing his Yang Qi, they were shocked scared.

However, that was not even the scariest part.

"T-This is his 42nd time releasing Yang Qi..." Xuan Jinglin spoke in a trembling voice.

Normally, the average man will go limp after just one ejection, and even seasoned experts within the Profound Blossom Sect cannot remain stiff after a few discharges, yet Su Yang, like it's some kind of a phenomenon, managed to release his Yang Qi 42 times and still remain as energetic as his first.

It's almost like Su Yang has an endless supply of Yang Qi flowing within his body that is allowing him to have such a large quantity of Yang Qi. Another reason why Su Yang can remain so stiff after so many discharges may be due to his body having a powerful regenerating ability that is restoring his Yang Qi at a rate faster than it is being discharged.

Either way, Su Yang's body was no different from a priceless treasure for the Profound Blossom Sect, and it will without a doubt become a commotion within the Sect if the female disciples were to learn of it.

After all, the Profound Blossoms Sect is a place where its entire female population cultivates mostly using Yang Qi. In other words, the Profound Blossom Sect values Yang Qi like how the rest of the world values Spirit Stones as their main resource for cultivation.

This is why it is without a doubt that Su Yang's heaven-defying ability to produce a mass quantity of Yang Qi will cause a commotion within the Sect, as he is no different than a miracle fountain that could seemingly produce an endless amount of resources for the female disciples to cultivate with.

In the worst case that the wrong type of people learns of Su Yang's amazing ability, they might even turn him into their Yang Qi slave, whose only purpose in life will be to produce Yang Qi until he dies in his prison.

And due to the overall richness of his Yang Qi, the chances of such a tragic future would only be higher.

"I-I am next!" Yu Yan approached Su Yang after the place had turned silent because the other girls were simply too exhausted and sensitive at this moment. While she has no plans on making Su Yang a Yang Qi

slave, she intends on taking advantage of the current situation to cultivate as much of his Yang Qi as possible.

"The quality of his Yang Qi is absurdly rich and high and better than any pill or resource I have used before — it'd be foolish of me to let such a chance go to waste!" Yu Yan thought to herself as she sat on Su Yang's laps, who was in the sitting position, inserting his stiff rod deep into her hole.

Like everybody there, she was determined to cultivate with Su Yang until she passes out from exhaustion because of over-spraying!

"Ohhh! Yes... Yes!"

Yu Yan began moving her body up and down, thrusting herself on Su Yang's rod.

However, her actions did not last too long, as her exhaustion began hindering her movements a few seconds later.

Once she slowed down, Su Yang held her by the butt and pounded her himself.

"Ahhhhhhhhh~"

Yu Yan could feel her bottom lips burning with passion, and she screamed in delight.

Sometime later, when Su Yang noticed that Yu Yan was beginning to lose consciousness from the overwhelming pleasure, he injected a large amount of Yang Qi into her body, filling her body with energy, which allowed her to remain awake.

"Good lord... he came again..."

"And he's still as hard as ever..."

The girls finally understood the true meaning of the word 'indomitable' today, as Su Yang was the embodiment of such word.

"Do you still want to continue?" Su Yang asked the shocked spectators after moving Yu Yan to the side with a victorious grin on his face.

The girls looked at his smug face and his thick rod that was provoking their lust, but alas, they all lowered their head and admitted defeat.

"You are simply too amazing, senior apprentice-brother Su. Not only are your techniques unparalleled but so is your endurance — it is our loss," said Xuan Jinglin with a bitter smile.

"That's right... you have taught me a valuable lesson today... that people like you can exist in this unworthy world..." Shang Wenjie spoke with her gaze filled with awe when looking at his seemingly flawless appearance.

"Senior apprentice-brother, how can you still be so hard right now? I am speechless..." Yu Yan sighed, her body feeling incredibly sore.

"I would love to continue cultivating with you until you are tired, but unfortunately my body will not be able to handle it. Even now, I can barely move..." Jia Biyu softly laughed.

After speaking their thoughts to Su Yang, the girls exchanged glances with each other.

A few seconds later, all nine girls used what remaining strength they have left in their body to kowtow on the bed.

"Thank you, senior apprentice-brother Su, for the cultivation session today!" They said to him while in the kowtow position, their voices sincere, sounding like it came from the bottom of their heart.

It is incredibly rare within the Sect for Inner Court disciples to waste their time with Outer Court disciples like them because of their low cultivation bases, so for Su Yang to cultivate with them and even satisfy their body to such an extent, they felt nothing but respect for him.

As a matter of fact, they doubt that even Core disciples would be able to pleasure their bodies as Su Yang had.

Despite the unusual sight, Su Yang remained calm and said to them with a handsome smile on his face, "It was my pleasure to be able to cultivate with you ladies."

## [DUAL CULTIVATION](#)

### [Chapter 226 Moving to the Inner Cour](#)

After admitting defeat, the nine girls in Su Yang's room rested for a few more hours on his bed before they left his house.

"Senior apprentice-brother Su, do you think... we can come back to cultivate with you again?" Shang Wenjie asked him before leaving.

Although she was worried that he might refuse, she still wanted to know.

The other girls also looked at Su Yang with a pleading gaze.

"It will get busy here very soon, but as long as you come back, I will not refuse you," Su Yang said to them with a smile.

The girls were immediately relieved and thanked him with gleeful expressions.

"Even if the line stretches to the horizon, I will return!" Shang Wenjie said, and the other girls agreed.

And while they wanted to return the next day, they will most likely be sore. Not to mention they still have to cultivate the Yang Qi in their bodies, which could take days if not weeks due to the richness of its quality.

"By the way, senior apprentice-brother, why don't you move to the Inner Court where the houses are far bigger? You can fit over 10 people easily in those rooms." One of the girls asked him.

After all, Su Yang is the only Inner Court disciple within the Sect that have yet to enter the Inner Court.

"If I move to the Inner Court, how will you girls be able to find me? It's against the Sect Rules for Outer Court disciples to enter the Inner Court." Su Yang reminded them.

Unless they were authorized by a Sect Elder or have an Inner Court disciple guiding them, Outer Court disciples are prohibited from entering the Inner Court. However, this rule does not apply if an Inner

Court disciple wants to enter the Outer Court, so it would be foolish for Su Yang to move to the Inner Court and potentially stop all of the Outer Court disciples from receiving his service.

And because he wanted to cultivate as much Yin Qi from as many disciples as possible, Su Yang has decided to remain in the Outer Court so that disciples from all ranks will be able to reach him.

"You are right..."

The girls began sweating profusely when the thought of not being able to see Su Yang because of their status as Outer Court disciples entered their minds.

"I-I change my mind! Please don't go anywhere, senior apprentice-brother!"

"T-That's right! Don't leave us alone!"

They began pleading him to stay.

Su Yang chuckled and said, "If I wanted to enter the Inner Court, I would've done so ages ago. You don't have to worry, as I have no plans to move there."

The girls thanked him again for his thoughtfulness and left a few minutes later.

Once the nine girls left his house, Su Yang sat on the bed that was soaking in Yin Qi and closed his eyes to cultivate. However, even though he used the special oil and increased girls Yin Qi and cultivated with them multiple times, because of their low cultivation base at the Elementary Spirit Realm, Su Yang's cultivation base barely saw any growth after cleaning every last bit of Yin Qi in the room.

It was like filling an empty cup with just a few drops of water.

"Haaaa..." Su Yang sighed after his cultivation.

If he continues to cultivate with only disciples at the Elementary Spirit Realm, he will have to cultivate with tens of thousands of times before he could even attempt to breakthrough into the Heavenly Spirit Realm. Not to mention his limited supply of special oil will not last.

Thus, Su Yang began thinking of ways for him to entice those with a higher cultivation base to cultivate with him.

"It would be ideal if I can cultivate with Lan Liqing every day, but her body will not be able to handle me every day, not to mention her worries for the sect rules. Other sect elders are also out of the picture because of the exact same sect rule that prohibits sect elders from cultivating with disciples."

"As for the Core disciples, they will most likely be too prideful to cultivate with an Inner Court disciple like me, and there are so few of them in this place that it won't be worth the effort unless I am given the opportunity."

"Liu Lanzhi is on the same boat as Lan Liqing, and because she's the Sect Leader, it will be even harder to secretly cultivate with her."

Thinking up to this point, Su Yang felt the urge to reveal his true identity to Liu Lanzhi and become the new Patriarch of the Profound Blossom Sect. However, if such a thing happened, then he will no longer be able to participate in the Reginal Tournament and meet with Xie Xingfang that way.

Not to mention that he won't stay in this place forever, so taking the position of Sect Leader will only harm the Sect in the long term once he leaves.

"It seems like the best choice would be to go for the Inner Court disciples right now..."

After some more pondering, Su Yang got off the bed to organize the room and clean his body before sleeping, as it was already late into the night.

The next morning, Lan Liqing stood inside the Medicine Hall with a dumbfounded face.

"Where the hell is everybody today?"

Her disciples are usually already working at this time, but only a single individual has shown up today.

"Disciple Xiao, what happened to everybody? Do you know they are absent?" Lan Liqing asked the only disciple there.

Disciple Xiao, who refused to follow her fellow disciples to meet Su Yang yesterday, shook her head. "I also didn't hear anything from them."

Lan Liqing then recalled that they had gone to meet Su Yang after work yesterday and sighed.

"I can go to their living quarters and find out for you, Master," Disciple Xiao said after seeing her sigh.

"It's fine, you don't have to bother with them," Lan Liqing said to her, as she could guess their reason for being absent today. "If they don't show up tomorrow, I will find them myself."

"I-Is that so..." Disciple Xiao nodded, feeling that Lan Liqing was acting a bit out of character, as she is normally very strict about such matters.

### [Chapter 227 Convincing Li Xiao Mo to Cultivate](#)

Su Yang woke up early in the morning and left the house as soon as he washed his face.

After leaving, he went directly to the Inner Court to look for Li Xiao Mo, the only Inner Court disciple he's familiar with.

Upon entering the Inner Court, Su Yang retrieved his identity jade slip and looked for the location of Li Xiao Mo's living quarters with it, as it contained information of the location for all Outer and Inner Court disciples' living quarters. However, such a function could only be accessed by Inner Court disciples and above.

The purpose of such a function was to allow its disciples to seek out other disciples for dual cultivation — even if they have never met each other before. This gives any disciple that wishes to find new partners an opportunity to do so, not to mention its convenience.

For example, if Su Yang had lost his partner for whatever reason and wanted to find a new one but is having a hard time doing so, he can use the jade slip to look for people and try to convince them to be his partner.

In fact, many Inner Court disciples use this function to look for new partners when they are bored with their current one. If they fail to convince their first target, then they will simply go to the next one.

And although some people are not fond of this system because it can get bothersome sometimes with people constantly looking for them, especially the popular disciples that already have partners, they can always request for their information to be hidden from others.

After walking around the Inner Court for a few minutes, Su Yang has arrived at Li Xiao Mo's living quarters.

Upon arrival, however, Su Yang realized that he was not the only one to have come looking for Li Xiao Mo. In fact, there were already a few male disciples that have arrived earlier than him to try their luck with Li Xiao Mo.

Four handsome young men stood before Li Xiao Mo's living quarters with Li Xiao Mo at the door speaking to them.

"Junior apprentice-sister Li, can you at least tell me the reason why you do not want to cultivate with me? I promise you that I will make you experience a whole new world of pleasure!"

One of the handsome young men spoke with a desperate expression.

If he doesn't convince Li Xiao Mo, then one of the other three men there might take her from him!

However, Li Xiao Mo stared at the young man with a cold gaze and spat, "You want to know why? It's simple! I don't want to cultivate with a man who will not be able to keep his promises!"

After experiencing Su Yang's godly techniques, Li Xiao Mo's standard for pleasure has risen a few levels, so finding a partner that could satisfy her lust suddenly became incredibly difficult even with all these men going after her.

"What do you mean by that? How can I fulfill my promises when you won't even give me the chance?" the young man said with a crying expression.

"Give it up, young man. Can't you see that you are bothering junior apprentice-sister Li? There's a line here, you know."

One of the young men waiting outside for him to finish suddenly said out loud, causing the rejected young man's face to flush red in anger.

"That's right! Junior apprentice-sister Li has already refused to cultivate with you twice! You are not worthy of her! Get lost!"

Although the rejected young man wanted to beat these young men and release his anger, he did not want to lose any more face he has to in front of Li Xiao Mo and said to her, "Junior apprentice-sister Li, I will be back tomorrow to ask you again—"

"You don't have to come back tomorrow because my answer will still be the same — I will not cultivate with you," said Li Xiao Mo, breaking the poor young man's heart even further.

However, she was not finished speaking and continued, "As a matter of fact, all of you can leave and never come back because I will not cultivate with any of you!"

"What?! But..."

The other three young men were shocked by her words.

"H-How can you say that, my darling? Don't you remember me? We have cultivated a few times before—"

"Don't call me that! I don't recall cultivating with someone as ugly as you!" Li Xiao Mo spat on the floor.

"U-U-U-Ugly?!"

The young man's appearance was by no means ugly and nearly burst out crying, as this is the first time someone has called him ugly.

However, what the young man didn't know was that Li Xiao Mo's standard of 'handsome' had also changed due to Su Yang's significantly superior appearance.

"W-What about me, junior apprentice-sister? You promised me that we could cultivate together the last time we spoke!" another one spoke in a trembling voice.

"Hm? Did I say something like that? I don't remember it so you can forget about it," Li Xiao Mo said in a nonchalant voice.

"N-No way... you're too cruel, junior apprentice-sister..."

"Junior apprentice-sister..." the last disciple there no longer felt like trying to convince Li Xiao Mo after seeing her ruthlessly turn down the other three, especially when they are superior to him in most categories. Not to mention he wanted to prevent Li Xiao Mo from mocking him at all cost.

"I will not repeat myself! All of you can get out of my face because I will not cultivate with you!" Li Xiao Mo said to them.

The four young men sighed, wondering in their heads what had happened to her because she was not like this before.

A few seconds later, just as Li Xiao Mo prepared to close the door on them, another voice resounded in the area.

"What about me? Do you want to cultivate with me?" A calm voice spoke to her from the distance.

Before she could even take a good look at the face of this calm voice, Li Xiao Mo shouted, "No! I do not want to cultivate with a pig like you—"

"Is that so? What a pity. I was even looking forward to it..." Su Yang sighed with an expression that was filled with disappointment.

"S-S-S-Su Y-Y-Yang...?"

When Li Xiao Mo finally saw the face of the voice, she instantly regretted speaking so hastily and choked from shock.

## DUAL CULTIVATION

### Chapter 228 Euphoric Oil

When Su Yang was immediately rejected by Li Xiao Mo, the other four male disciples there laughed at him inwardly, as seeing others share the same miserable fate as them helped relieve some pain in their hearts.

"A pig, huh? I don't think I have ever been called a pig before." Su Yang approached them with a calm smile on his face.

"W-W-Wait! I-I didn't know it was you!" Li Xiao Mo's complexion immediately paled upon realizing that the individual she just cursed had turned out to be the one and only Su Yang.

"It's fine... I understand... you don't want me here..." Su Yang pretended to be heartbroken by Li Xiao Mo's response earlier. "I will leave right this moment..."

However, despite his words, he continued approaching her.

"T-That's not true! I have been waiting to see you for so long!" Li Xiao Mo was on the verge of crying at this moment. To think that her long-awaited reunion with Su Yang would turn out to be so disastrous.

The four male disciples there stared at the two of them with perplex emotions on their faces. None of them were able to understand the situation. Why is Li Xiao Mo acting like this after calling Su Yang a pig? And most importantly, who the hell is Su Yang and what is his relationship with Li Xiao Mo?

And if Su Yang is someone important to Li Xiao Mo then how come none of them know about him?

"Are you so sure about that?" Su Yang ignored the four disciples standing there and staring at him like idiots and walked past them, not even glancing at them as he passed.

"If what you say is true, then why don't you prove it to me... inside?" Su Yang stood before Li Xiao Mo and spoke.

"P-Please... come inside..." Li Xiao Mo stepped into the house to allow Su Yang to enter.

Once Su Yang entered her house, Li Xiao Mo turned to look at the four disciples with narrowed eyes and said in a cold voice, "I slice off your dick if you bother us — get lost!"

And she slammed the door shut, leaving the four disciples standing outside with a gawking expression.

Nevermind Li Xiao Mo's foul language, the way she looked at them as though she was looking at trash caused their hearts to sink like a metal ball thrown from a high area, shattering all of their hopes cultivating with her with a single gaze.

After closing the door, Li Xiao Mo showed Su Yang a place to sit and even served him tea.

"W-What brings you here today, junior apprentice-brother?"

"Junior apprentice-brother, huh?" Su Yang smiled.

Li Xiao Mo's expression froze, and she quickly corrected herself, "I apologize, Master..."

Su Yang raised an eyebrow. "Who are you calling Master? I don't remember making you my student or servant."

"Eh? But just now you..." Li Xiao Mo looked at him with wide eyes. If he wasn't annoyed at her calling him junior apprentice-brother then why did he just act as though he was offended by it?

"Forget about the minor things and let's talk about why I am here today," Su Yang retrieved a glass bottle from his robes and placed it on the table before him.

"What is that?" Li Xiao Mo asked him after seeing the glass bottle that seemed to be containing some sort of transparent liquid substance.

"This is a specially made substance called Euphoric Oil; if you rub it on your body, it will strengthen your Yin Qi and intensify your pleasure."

"E-Euphoric Oil?" Li Xiao Mo was startled.

She has never heard of such a thing before and was certain that the Profound Blossom Sect did not have such a miraculous treasure.

"Where did you get such a thing? The Profound Blossom Sect will go crazy if they learn of it!"

"Where it came from does not matter," said Su Yang.

"Then what do you want from me? Seeing that you have shown it to me, I am guessing that you want me to do something with it?" she asked him.

"That's correct," he nodded, and continued, "I want you to take this bottle of Euphoric Oil and share it with as many of your friends as possible."

"Y-You want me to share this Euphoric Oil with others? Are you not afraid that the Sect will be coming after you afterward?" she asked in a concerned tone.

"There's no need to worry about the Sect because I intend on visiting the Sect Leader after this," Su Yang said with a smile.

"I-Is that so... Then what should I do after sharing it?"

"You will find out after you share it," he answered.

"I understand..." she nodded despite not truly understanding.

After a moment of silence, Li Xiao Mo looked at Su Yang with a reserved face and asked him, "Umm... is there anything else that you need from me?"

Although it was hidden under the table, Li Xiao Mo was fidgeting with her fingers, as she was hoping that Su Yang had other intentions for seeking her today.

"Hmm? What makes you think that?" Su Yang asked with a mysterious smile.

Li Xiao Mo's face slightly flushed, and she spoke, "About what you said before..."

Normally she wouldn't beat around the bush when it comes to speaking her mind like when she chased away the four disciples outside, but Li Xiao Mo was finding it especially difficult to utter even a single word without sounding bashful when speaking to Su Yang.

Seeing Li Xiao Mo's reaction, Su Yang chuckled and said, "Don't worry, I do not intend on making you work for me without any payments."

"T-That's not what I mean!" she hastily said. "I will gladly do this job for free!"

"Are you sure?" Su Yang smiled. "And I was thinking of giving you a special massage as a payment..."

Li Xiao Mo's expression froze after hearing his words. Once again she had spoken way too early.

## DUAL CULTIVATION

### Chapter 229 Enslaving Her Body and Mind

"A... A special massage, you say?" Li Xiao Mo looked at Su Yang with a dumbfounded face, and she cried inwardly, "Why didn't you say so earlier?!"

Su Yang nodded, "A massage using this Euphoric Oil. After all, you should at least be aware of the thing you are trying to share."

"But if you don't want to do it, then I will be leaving now—"

Su Yang stood up and prepared to walk away.

But just as he turned his body, Li Xiao Mo jumped from her seat and tightly embraced his back.

"W-Wait! I want it! Please give it to me!" she begged me while hugging his body to prevent him from leaving.

"Very well..." Su Yang nodded.

A few moments later, Li Xiao Mo led Su Yang to her room, which was at least three times bigger than Su Yang's little room at the Outer Court.

"Go lie on the bed," Su Yang said to her, "And take your clothes off."

Li Xiao Mo nodded and began undressing.

A few seconds later, Li Xiao Mo laid on the bed with her silky-smooth back facing the ceiling.

"This reminds me..." Su Yang suddenly spoke, "You really went all out when you were alone in my room, huh?"

"Huh? What do you mean by that—"

Li Xiao Mo suddenly recalled their first meeting and how Su Yang had left her alone to deal with the frustration he'd caused in her body.

And flashbacks of her satisfying herself in Su Yang's room appeared in her mind, causing her face to flush red in embarrassment.

"T-That was because you left me alone after everything you did to my body! I would've gone crazy if I didn't release the frustration in my body back then!" Li Xiao Mo cried out loud.

"And if you had approached me in a proper manner back then, I wouldn't have needed to tease you like that," Su Yang responded with a smile.

Li Xiao Mo immediately turned silent. She still regretted her decision to make Su Yang her 'slave' on that day to this second.

But even if she never underestimated his ability as a mere Outer Court disciple, her attitude would've still wanted to keep Su Yang for herself.

"I... I know apologizing won't excuse my behavior on that day, but I will try my best to make it up to you in the future," Li Xiao Mo looked at him in the eyes and spoke in a sincere voice.

Su Yang did not say anything and began pouring the Euphoric Oil on her back.

"Ohh..." Li Xiao Mo could feel a warm feeling slowly envelope her entire body, almost like she was wrapped around in a warm blanket.

Su Yang then began spreading the oil around her back, massaging all of her weak points along the way.

"Ahhhh... This... I have been waiting for this ever since that day..." Li Xiao Mo thought to herself as memories of her first experience with Su Yang's technique filled her mind.

Ever since Su Yang used his technique on her body, Li Xiao Mo has tried everything to recreate the pleasure Su Yang made her body feel, but alas, no matter what she tried, they all ended up in vain, even leaving her body craving for more.

Her desire for satisfaction had gotten so bad at one point that Li Xiao Mo went to Core disciples to seek a resolution. But when even the Core disciples, the most seasoned experts in the art of pleasure within the Profound Blossom Sect cannot fully satisfy her hunger for pleasure, Li Xiao Mo finally realized Su Yang's true ability and just how truly horrifying his techniques were.

She had realized at that time that Su Yang had the ability to enslave just about any female body and mind by making them experience a type of pleasure that they can only crave for after experiencing it once, and once they experienced it, they will never be able to satisfy themselves again unless it was with Su Yang.

This type of horrifying ability meant that Su Yang has the capability to enslave any female he wants with just his divine techniques, and Li Xiao Mo's heart would sink whenever she thought back to how she'd once tried to make such a dreadful individual her slave.

But fortunately for her, Su Yang is not the type of person to abuse such strength unless absolutely necessary. And while he does make all of his partners crave for him, he does not make it so that they cannot live without his techniques.

If Su Yang was such a person then he would surely be hated by the world and would've died by the hands of the countless female experts that are stronger than him in the Four Divine Heavens before he could even be imprisoned by the Heavenly Emperor.

Once Su Yang covered Li Xiao Mo's back with the Euphoric Oil, he flipped her body and began massaging her front.

"Ahhh..."

"Mmm..."

"Nnnng..."

Li Xiao Mo's body twitched in an erratic fashion as Su Yang teased her little sister with his slender fingers. Her bottom lips were swollen from lust and her little pink pearl was constantly trembling from the intense sensation.

Li Xiao Mo had sprayed so many times within these few minutes that her mind was on the verge of collapsing.

And compared to her session last time with him, it was a difference between heaven and earth — incomparable.

Su Yang stopped massaging her after a few more minutes.

"Haaa... Haaa... Haaa..." Li Xiao Mo took heavy and deep breathes as she laid on the bed with her body soaked in sweat and Euphoric Oil, her lower body still jerking from the lingering pleasure.

"A-Are we already finished...?" Li Xiao Mo wondered in her head, feeling like only a few seconds have passed.

Li Xiao Mo slowly turned her head to see what Su Yang was doing, and her eyes widened with shock when her gaze landed on the long and thick rod that was sticking out of Su Yang's robes.

"You didn't think that was it, right?" Su Yang asked her with a smile on his face.

"T-That is..." Li Xiao Mo stared at him with a dazed face — she was speechless and overjoyed at the same time.

## [DUAL CULTIVATION](#)

### [Chapter 230 Returning to the White Pearl Treasury](#)

"T-This is his... it's so beautiful..." Li Xiao Mo nearly began salivating after Su Yang exposed his little brother to her.

"Do you want it?" Su Yang asked her with a grin on his face.

"I... I want it..." Li Xiao Mo nodded with a dazed expression.

Hearing her words, Su Yang pulled her body toward his own and began poking her soaking wet cave with his rod without fully inserting into her.

"Please... stop teasing me and stick it inside me already..." Li Xiao Mo muttered in a pleading voice.

"Hmmm... what should I do...?" Su Yang made a pondering expression and acted as though he was really thinking about it.

Li Xiao Mo felt like crying. However, she would rather be teased by him than having what happened last time to repeat itself.

After teasing her for a few more moments, Su Yang suddenly pierced the trembling flower before him in one fierce movement without any warnings.

Li Xiao Mo felt her heart skip a beat when a sudden wave of pleasure consumed her entire body. She was so unprepared by the piercing of her body that her voice got stuck when she moaned.

"S-S-So sudden..."

Tears filled Li Xiao Mo's eyes yet her body was screaming with delight as her little sister sprayed a large amount of love juice.

After piercing her body, Su Yang began moving his hips, thrusting in and out of Li Xiao Mo's tight cave, feeling a strong suction force with every thrust.

"Ahhh! Ahhh! Ahhhhh~!"

With each thrust made by Su Yang, Li Xiao Mo's body trembled in joy and more of her Yin Qi would flow out from her wet cave, soaking the bed in her Yin Qi.

At this moment, Li Xiao Mo felt as though her body had entered paradise, and her mind drifted into a profound state that was unlike anything she's ever experienced before.

"Is... is this the legendary state of Sexual Enlightenment?" Li Xiao Mo wondered as her body became as light as a feather, feeling as though her body was slowly ascending towards the sky.

Time passed by much faster for Li Xiao Mo when she was in this state, and by the time an entire hour have passed, it only felt like a few minutes to her.

Su Yang released his white liquid into Li Xiao Mo at the end of the session, filling her body with rich Yang Qi that could rival even peak Heavenly Spirit Realm experts.

After their cultivation finished with Li Xiao Mo barely conscious at the end, Su Yang said to her before leaving her alone to rest, "Once you finish the task I gave you, my doors will be open for you if you ever feel like cultivating."

When she heard his words, Li Xiao Mo silently vowed to finish the task as soon as possible.

"I will leave behind five bottles of Euphoric Oil behind; it should be enough for even 100 people if you portion it properly, as you don't have to cover their entire body with the oil like I did with you. Just rubbing a little on their most sensitive areas so they can experience it will be more than enough."

After leaving behind all of his instructions, Su Yang left Li Xiao Mo's living quarters and returned to his room, where he cultivated Li Xiao Mo's Yin Qi and cleaned his body.

After doing all of that, Su Yang organized all of his resources again.

"I only have ten more bottles of Euphoric Oil on hand, but I have enough ingredients to make another twenty bottles."

Each bottle of Euphoric Oil held about a liter of oil, and if used appropriately, it will still last him for only a few weeks.

Hence Su Yang decided to only use the Euphoric Oil when he's cultivating with those that are at least within the middle stages of the Profound Spirit Realm.

In other words, only those above the fourth level of the Profound Spirit Realm will be able to experience the oil massages — at least until he finds more resources to create more Euphoric Oil.

"The Profound Blossom Sect should have most of the ingredients required to make more since the ingredients are not that rare in itself. However, in order to get them, I will probably have to use more Premium Points."

However, he barely had any left because he'd already spent the majority of his Premium Points on the Pure Yang Flower.

Su Yang pondered for ways to earn Premium Points, but because he's no longer as desperate as before to increase his power, he did not have the intention to charge people for future massages.

Su Yang looked at the Euphoric Oil and an idea appeared in his head.

"If I sell one of this to the Profound Blossom Sect for enough Premium Points to make more than just one Euphoric Oil, I will be able to make them without running out of resources!"

Su Yang has decided to just sell the Euphoric Oil for Premium Points due to its efficiency and ease.

Thus, Su Yang left the house again and began making his way towards the White Pearl Treasury, the place where all the disciples go to exchange their Premium Points for resources and vice-versa.

Upon arriving at the White Pearl Treasury, Su Yang noticed a familiar figure casually sitting behind the desk.

It was Elder Zhao, the one who sold Su Yang the Pure Yang Flower, and as usual, he seemed to be asleep.

Once Su Yang stepped into the White Pearl Treasury, Elder Zhao opened his mouth to speak without even opening his eyes, "What do you want from the White Pearl Treasury?"

"I want to know if you have any of the ingredients on this list," Su Yang placed a piece of paper on the desk before Elder Zhao and said.

"Hm...? This voice..."

Elder Zhao snapped his eyes open when he heard Su Yang's familiar voice, immediately recognizing it.

When he saw Su Yang's handsome face and green robes, Elder Zhao sighed, "So it really is you... Why have you come here this time?"

"Didn't you hear what I said just now?" Su Yang calmly responded.

"Hmph! Still as rude as ever!" Elder Zhao coldly snorted.

[DUAL CULTIVATION](#)

## [Chapter 231 Testing the Euphoric Oil](#)

"Spirit Yin Root, Crystal Ginseng, Blue Lizard Tears..." Elder Zhao read the contents of Su Yang's list. There were approximately 30 ingredients required to create the Euphoric Oil, and although none of the items needed could be considered rare, they were all ingredients commonly used by Alchemists to concoct pills.

After reading the list of ingredients, Elder Zhao turned to look at Su Yang with raised eyebrows, his gaze filled with puzzlement. "These ingredients... Are you concocting a pill or something? Since when did you become an Alchemist?" he asked with an expression of great interest.

When it comes to Su Yang, Elder Zhao found him to be unpredictable and mysterious, which only made Elder Zhao want to learn more about Su Yang.

"Just some experiments, nothing worth mentioning. Anyway, how many Premium Points would it cost to buy all of them?" Su Yang casually dodged the question and asked him.

"Hmm..." Elder Zhao looked at him suspiciously before returning to the list with a pondering face.

After a moment of silence and calculating, Elder Zhao spoke, "It will cost you 2,000 Premium Points."

"Two thousand, huh..."

While it paled in comparison to the Pure Yang Flower that cost him 10,000 Premium Points, it is still quite expensive.

"I understand." Su Yang nodded, and he continued, "Then how much Premium Points would this fetch for if I were to sell it to the White Pearl Treasury?"

Su Yang retrieved a bottle of Euphoric Oil and placed it on the desk before Elder Zhao, who picked it up and looked at it with a puzzled gaze.

"What is this supposed to be? It's transparent like water but also seems to be slightly thick in the textures..." Elder Zhao spoke as he wiggled the bottle around to inspect the liquid inside.

"Not to mention its smell... it has quite a strong and alluring aroma..."

Su Yang smiled when Elder Zhao began acting all professional all of sudden.

"It's called Euphoric Oil, and it can strengthen a woman's Yin Qi if rubbed onto their body," he explained its main characteristics.

"Say what?" Elder Zhao's eyes widened with shock, and he immediately stopped fiddling with the glass bottle.

After a moment of silence due to shock, Elder Zhao frowned and spoke with a serious expression, "If this Euphoric Oil is as valuable as you say, then you wouldn't mind me testing it first, right? If I come to find out that you are only farting, then I will personally punish you myself. Do you have anything else to say?"

Elder Zhao wanted to give Su Yang one last chance to come clean before he tests the Euphoric Oil.

"Go ahead." Su Yang responded with a confident smile on his calm face.

Elder Zhao silently stared at Su Yang with narrowed eyes for a few seconds before shouting, "Disciple Sun! Come out here for a bit!"

A few moments after Elder Zhao called for this disciple, a slim figure appeared from the door a few feet away.

"What is it, Elder Zhao?" asked the disciple as she appeared.

When Su Yang saw the disciple's familiar face, his eyebrows raised slightly.

"Hm? It's you?" The disciple also seemed to recognize Su Yang.

"It's been a while, Elder Sun's granddaughter," Su Yang said with a smile.

"I have a name, you know? Sun Jingjing," she responded with a frown.

Indeed, this disciple Elder Zhao had called for happened to be Sun Jingjing, Elder Sun's granddaughter, who was responsible for his journey to the Immortal Treasury that resulted in his meeting with Xiao Rong alongside with other events.

"Sun Jingjing, huh?" Su Yang couldn't help but chuckle when he heard her name, as it reminded him of Wu Jingjing, the Prime Disciple of the Holy Sword Academy from the Holy Central Continent.

"Is there something funny about my name?" she asked him, who laughed at her introduction.

"It only reminded me of someone else I know, that's all."

"The two of you know each other?" Elder Zhao raised an eyebrow at Sun Jingjing.

What kind of relationship does Sun Jingjing have with someone like Su Yang? Does her grandfather, Elder Sun, know about this?

"I cannot really say that we know each other, as we've only crossed path once, and it was only for a few minutes." Sun Jingjing responded.

"Is that so..." Elder Zhao felt relieved for some reason, as he was sure that Elder Sun will definitely cause a commotion if they were anything more than that.

"Anyway, why did you call for me, Elder Zhao? I was just finishing up organizing the room," she asked him.

"Oh, right." Elder Zhao finally recalled the situation, and he showed her the glass bottle in his hands, "I wanted you to take a look at this."

Sun Jingjing raised an eyebrow when her nose accidentally sniffed the sweet aroma coming from the glass.

"What is this? It smells so nice..."

"This liquid is called Euphoric Oil, and apparently it can boost the Yin Qi of any woman — at least according to this young man over here."

Elder Zhao spoke in a semi-sarcastic voice. He is clearly still sketchy of Su Yang's words.

"Is that so..." Sun Jingjing inspected the liquid with her gaze flickering with interest.

Although she didn't say anything, she did not immediately dismiss Su Yang's words no matter how absurd it may seem. After all, what he did at the Disciplinary Office had left a profound impression on her.

And his knowledge of the Sacred Language that was written in the scroll she had brought back from the Immortal Treasury managed to not only surprise her but also stump her grandfather, Elder Sun, who is considered to be one of the most knowledgeable people within the Profound Blossom Sect, proves that Su Yang is an individual that cannot be underestimated and dismissed so easily — at least that's what Sun Jingjing thinks of him after her first impression on him.

"And you want me to use this on myself?" Sun Jingjing could already guess Elder Zhao's intentions.

"Yes... if you don't mind." Elder Zhao did not want to force her something she didn't want to, as she's the granddaughter of the highly respected Elder Sun.

After a moment of silence, Sun Jingjing nodded, "Very well, I will do it."

## [DUAL CULTIVATION](#)

### [Chapter 232 Betting with Elder Zhao](#)

After agreeing to test the Euphoric Oil on herself, Sun Jingjing grabbed the glass bottle and went back to the other room.

But before she left, she asked Su Yang, "How much do I need to use for it to be effective?"

"You will see immediate effects if you rub even a few drops of the oil on your most sensitive parts, but of course, the more you use, the more effective it will be," he responded.

Inside the other room, Sun Jingjing dipped an inch of her finger into the oil. She then loosened her robes and began rubbing her little sister with the Euphoric Oil.

Although she never imagined that she'd do something like this in the White Pearl Treasury, Sun Jingjing was not too bothered by it, as even the most unpredictable thing could even happen.

After all, when she tried to return to the Immortal Treasury a few days after meeting Su Yang, the Immortal Treasury had not only closed but also disappeared entirely, almost as though it had never existed in the first place.

Her trip to return to the Immortal Treasury had wasted not only her time but also taught her that no matter how unlikely something was to happen, it was not impossible.

After gently rubbing some of the Euphoric Oil on her bottom lips, Sun Jingjing could feel her body immediately flare up with the desire to mate.

"T-This is incredible!" she thought to herself as she started playing with her virgin hole.

Because Sun Jingjing joined the Profound Blossom Sect as an Inner Court disciple, something that Elder Sun had a role in, she became the only disciple within the Profound Blossom Sect to have become an Inner Court disciple with her Pure Yin Essence still intact!

And the fact that Sun Jingjing is still a virgin despite being an Inner Court disciple made her incredibly sought-after by every male disciple within the Inner Court, and even most of the Core disciples have tried to court her. However, because she'd only joined the Profound Blossom Sect because of her grandfather, Elder Sun, Sun Jingjing refused all of them and remained pure even to this day.

That being said, that did not mean Sun Jingjing wanted to remain pure forever, as she also would like to have a partner someday. However, because of her character, such desires are being held back, especially when it's a challenge for her to find someone that could even slightly impress her.

Meanwhile, while Sun Jingjing was testing the Euphoric Oil on herself, Elder Zhao tried to get more information on the Euphoric Oil from Su Yang, "Where did you obtain that thing, anyway? Or did you buy it from somebody else?"

"Who knows where it came from? Even I don't," Su Yang shook his head and said, "It was beside my pillow when I woke up one day."

Elder Zhao frowned and growled, "Do you really think that I will believe such crap?"

Su Yang merely shrugged. Even if Elder Zhao wanted to beat the answers out of him, the Sect strictly prohibited sect elders from taking advantage of its disciples. If a sect elder is found to have abused their status and pressured or forced disciples to expose their secrets or give away their belongings, then that sect elder will immediately receive punishment from the Sect Leader herself.

"If you don't want to tell me, just say so," Elder Zhao shook his head and sighed.

The place turned quiet afterward, and it continued to be that way for many minutes.

"How long does it take to test some oil?" Elder Zhao began feeling impatient after Sun Jingjing entered the other room for half an hour without coming out.

"You shouldn't rush a lady when it comes to things like this," Su Yang said with a calm smile.

"Hmph! What do you know? You are a hundred years too early to be lecturing me in such a subject!" Elder Zhao snickered.

He's been apart of this Profound Blossom Sect for over 100 years and has cultivated with countless disciples when he was at his prime age, and in his mind, Su Yang is far too green to be talking about ladies when before him.

"Are you sure about that?" Su Yang couldn't help but laugh at his ignorance.

Elder Zhao frowned and said, "Even if your techniques may satisfy the Outer Court disciples, the true seasoned experts, the sect elders, will not feel a thing if you used it on them!"

Elder Zhao was fully aware that Su Yang had been quite popular for his massages for a certain period, but in his eyes, it was only because all of his customers were Outer Court disciples.

"Hoh? Are you willing to make a bet on that?" Su Yang asked him with narrowed eyes.

"You want to make a bet with me?" Elder Zhao burst out laughing despite finding Su Yang to be disrespectful to even think of such a thing.

"That's right," Su Yang nodded. "Since you sounded pretty confident when saying that my techniques will not work on sect elders, then you should have confidence in winning this bet."

"Interesting..." Elder Zhao looked at him with a pondering face.

Because he cannot find anything to do that could entertain him, Elder Zhao is always sleeping his boredom away. However, now that something that could pique his interest has appeared, there's no reason for him to turn down Su Yang's little bet.

"What are the conditions?" he asked Su Yang.

"It's simple, really. You will find three sect elders that are willing to donate their time to participate in our bet, and I will use my techniques on them. If I cannot satisfy all three of them, then you win."

"Hmph! That wouldn't even be a challenge for me!" Elder Zhao snorted with arrogance.

"One! If you can satisfy just one of them, I will consider it my loss!" Elder Zhao gave Su Yang three chances to satisfy at least one of them with his techniques, something Su Yang could do even with his eyes closed and hands tied together.

"Very well," Su Yang had no reason to refuse Elder Zhao's generosity that was akin to stabbing himself in the foot when he is already on the chopping board!

## [DUAL CULTIVATION](#)

### [Chapter 233 Selling the Euphoric Oil](#)

"Now that we have the conditions out of the way, what will we be gambling with?" Elder Zhao asked him.

"If I cannot satisfy even a single sect elder then I deserve to lose everything I have — if I lose, I will do whatever you want," Su Yang said to him with a calm expression.

"How bold of you..." Elder Zhao narrowed his eyes at Su Yang, who was seemingly so confident that he couldn't even imagine losing.

"How about this? If you lose, you will tell me where you have obtained the Euphoric Oil." Elder Zhao did not want to bully Su Yang too much, as he was someone who valued his own face.

"That's fine with me," Su Yang nodded.

"If I lose... let's see... I will allow you to grab any one thing from this White Pearl Treasury as long as it's in stock," Elder Zhao said.

While the White Pearl Treasury has even the most valuable resources and treasures, Elder Zhao was also confident that he would not lose to Su Yang in this bet, hence why he did not hesitate to bet with such high stakes when compared to Su Yang's low seemingly low stakes.

A mysterious smile broke out on Su Yang's face when he heard Elder Zhao's words. He can pick any one item from the White Pearl Treasury? That's already more than what he could ask for!

In fact, Su Yang had only intended to ask for some Premium Points! But alas, Elder Zhao had unknowingly dug another hole for himself to fill his tears afterward!

"Very well, then I will be waiting for you to find three sect elders after this." Su Yang eagerly nodded.

"In the meantime, why don't you show me a list of everything you have at the White Pearl Treasury? I would like to see if there's anything worth picking after I win," he continued.

Elder Zhao's face sunk, and he spoke in a serious voice, "Don't get too cocky! You can look at it after you win — if you win!"

A few minutes after Su Yang and Elder Zhao made the bet, the door finally opened, and Sun Jingjing walked out of the room with her face red like an apple, and embarrassment could be seen in her expression.

"Disciple Sun...?" Elder Zhao looked at her with wide eyes. What on earth happened back there? She seemed pretty exhausted, looking like she was pretty active back there with the testing.

"I'm sorry, Elder Zhao," Sun Jingjing suddenly said to him with a saddened expression.

Thinking that she was apologizing about the time it had taken her to finish, Elder Zhao shook his head and said, "It's fine, it didn't even feel that long."

"No... I don't mean that..." Sun Jingjing held out the Euphoric Oil in front of her and said, "I... I got ahead of myself and used more than I was supposed to..."

When Elder Zhao saw that more than a third of the Euphoric Oil in the glass bottle was gone, his jaw dropped to the ground.

"T-T-This is..." Elder Zhao was speechless, but he still wanted to know the results, "W-What about the results?" he asked her.

"It worked... greatly..." Sun Jingjing spoke with a bashful expression, something Elder Zhao has never seen before from her.

"If I had to compare it with the Profound Yin Pill, then it's at least three times more effective..." Sun Jingjing continued.

"Good lord... three times as effective?" Elder Zhao was truly speechless and bewildered now. He slowly turned to Su Yang and thought to himself, "I must know where he got this Euphoric Oil now!"

"Now that you know it works, do you want to buy it from me?" Su Yang asked him with a grin.

As much as Elder Zhao hated to admit, he really wanted this Euphoric Oil for himself to study, but due to the circumstances, he will have to show it to the Sect Leader before deciding anything for himself, as this new discovery could greatly change the Profound Blossom Sect!

"How much Premium Points do you want for it?" Elder Zhao asked him with a defeated expression.

"I want three thousand Premium Points for it." Su Yang said with a nonchalant expression.

"Three—?!" Elder Zhao nearly punched Su Yang in the face for asking for such an exorbitant amount for some oil.

"What's wrong? You can't afford to pay a mere 3,000 premium points for something that is three times as effective as the Profound Yin Pill?" Su Yang spoke in a mocking tone.

"You—" Elder Zhao forcefully took a deep breath to calm himself down and continued, "It may be worth 3,000 premium points if it was a full bottle, but as you can see, there are only two-thirds left."

Although Elder Zhao was aware that it was not Su Yang's fault, he still wanted to annoy him a bit, even if he had to sacrifice some face in order to do so.

And sure enough, Su Yang raised his eyebrows in surprise. He couldn't believe what he was hearing.

"And how is that my problem? If it's like that, then you might as well use the entire bottle before buying it from me for free!" Su Yang said to him.

"Elder Zhao... he is right... it's entirely my fault that there are only two-thirds left." Sun Jingjing also tried to reason with him.

"In fact, allow me to pay for what I've used!" Feeling guilty about the situation, Sun Jingjing offered to pay 1,000 of the 3,000 premium points.

Elder Zhao looked at her and shook his head, "Forget it, the White Pearl Treasury will buy it for 3,000."

"You can think of the used Euphoric Oil as a reward for always helping me organize the place," Elder Zhao continued speaking.

"Elder Zhao... thank you!" Sun Jingjing bowed to him as a show of her gratitude to him.

Afterward, Elder Zhao returned to Su Yang and said, "Give me your identification badge and I will transfer the funds to you."

Su Yang smiled and quickly handed him his identification badge.

## [DUAL CULTIVATION](#)

### [Chapter 234 What Have I Done...?](#)

"The fund has been transferred," Elder Zhao handed Su Yang back his identification badge after transferring 3,000 premium points to him.

Although he may have seemed reluctant to give Su Yang the 3,000 premium points for the Euphoric Oil, it was not as if he didn't think it was not worth it.

In fact, paying 3,000 premium points for something that has the same effect as the valuable Pure Yin Pill and even being three times more effective, it was an incredible steal for him in Elder Zhao's mind, especially when a single Pure Yin Pill alone would cost a disciple 3,000 premium points to obtain.

"If I separate them into many bottles and sell each of them for as much as a single Pure Yin Pill, then I can easily make back what I had spent for it!" Elder Zhao laughed inwardly.

"If there's nothing else you need, you can scram." Elder Zhao said to him after handing him the identification badge. "As for our agreement, I will contact you once I am ready."

Su Yang could tell that Elder Zhao no longer wanted to see his face, but unfortunately for Elder Zhao, he still needed to buy the ingredients to make more Euphoric Oil.

"I want everything on this list," Su Yang showed him the list again.

"..."

Elder Zhao did not say anything to him and grabbed the list.

"Can you get these items from the back for me?" Elder Zhao asked Sun Jingjing as he handed her the papers.

Sun Jingjing nodded and went to the back again.

A few minutes later, Sun Jingjing returned with a large bag of ingredients.

"Everything you listed is here — double-check if you want."

Su Yang did not need to open the bag to see the ingredients inside and only needed a single sniff to tell what was inside the bag.

"There's no need," he said as he handed 2,000 premium points back to Elder Zhao.

After selling to Elder Zhao one bottle of Euphoric Oil for 3,000 premium points and spending two-thirds of that for enough ingredients to create two bottles of Euphoric Oil, Su Yang left the White Pearl Treasury with 1,000 spare premium points to spare for the future.

All in all, his purpose has been fulfilled without any hiccups. Not to mention his little bet with Elder Zhao, which will guarantee his pockets another valuable treasure from the White Pearl Treasury.

That being said, even if he can obtain the most valuable treasure the White Pearl Treasury has to offer, it will most likely not be of any use for somebody like Su Yang, especially when he has a cultivation base at the ninth level of the Earth Spirit Realm.

Once Su Yang returned home, he removed all of the ingredients from the bag and began creating more Euphoric Oil.

Meanwhile, back at the White Pearl Treasury, Elder Zhao asked Sun Jingjing, "Do you recall every item that was on the list?"

Sun Jingjing nodded.

"I need you to keep the list and this Euphoric Oil a secret from everybody — even sect elders if they ask you — until the Sect Leader gives official word on what we should do."

"I understand," she quickly replied.

"Good. And tell your grandfather to come find me in two days, as I have important matters to discuss with him."

"I will tell him that."

"As for what happened today, you don't need to think too much about it, as it's quite natural in the Profound Blossom Sect. And when you finally find a partner for yourself, you will be doing things even more embarrassing than what you did in the other room." Elder Zhao did not want Sun Jingjing to be too bothered by her actions today, as it might affect her cultivation.

"I..." Even though she appreciated his comforting, Sun Jingjing did not know how to respond to Elder Zhao, as it would only make her feel more embarrassed and awkward.

"You can leave for today." Elder Zhao then said to her.

There are only very few people within the Profound Blossom Sect that receive that same treatment as Sun Jingjing when it comes to Elder Zhao. Because she's the granddaughter of Elder Sun, someone that has been friends with Elder Zhao since their days as Outer Court disciples, Elder Zhao could not see Sun Jingjing as a mere disciple.

In fact, in the entire Profound Blossom Sect, Sun Jingjing is the only disciple that could act so casually when around someone like Elder Zhao.

That being said, Sun Jingjing is fully aware of Elder Zhao's biased treatment towards her, yet she decided to act as though she couldn't tell, as she didn't want other disciples to start any unhealthy rumors.

After being told that she could leave, Sun Jingjing left the White Pearl Treasury and returned home.

Once she returned to her room, Sun Jingjing locked herself in her room despite being the only person living inside the house.

When she was certain that nobody was around, Sun Jingjing retrieved a small bottle that was hidden inside her robes and stared at it with a guilty face.

"I'm truly sorry, Elder Zhao..." she sighed.

Sun Jingjing had actually sneaked some of the Euphoric Oil into her own container when she was still inside the other room and brought it home.

When she experienced the pleasure that the Euphoric Oil brought to her body, she wasn't able to resist the urge to steal some for herself to use at home when she's alone.

"What have I done...? To think I would do something like this... I must be going crazy!"

Sun Jingjing was relieved when Elder Zhao did not suspect her after seeing that a third of the Euphoric Oil disappear and even accepted her excuse or she would've killed herself from shame. And while she disdained her own actions, she most definitely did not regret it!

Once Sun Jingjing was prepared and naked on her bed, she proceeded to rub some of the Euphoric Oil onto her most sensitive area.

A few seconds later, Sun Jingjing began moaning as she pleased herself.

[DUAL CULTIVATION](#)

## [Chapter 235 The Sect Leaders Task](#)

After Su Yang and Sun Jingjing left the White Pearl Treasury, Elder Zhao went directly to the Yin Yang Pavilion to meet with Liu Lanzhi regarding the Euphoric Oil.

"It was given to you by Su Yang, huh?" Liu Lanzhi closely inspected the glass bottle in her grasp with a serious expression.

Anything that has Su Yang's involvement required her to be extremely cautious, as who knows what someone unexpected like him would do.

"Indeed." Elder Zhao nodded and continued, "It was already tested by Elder Sun's granddaughter, Sun Jingjing, and she determined it to be at least three times more effective than the Pure Yin Pills."

Liu Lanzhi did not say anything for a moment and dipped her fingers into the slimy oil, and directly in front of Elder Zhao, she proceeded to rub herself under her robes.

"..."

Elder Zhao sighed inwardly but didn't say anything and closed his eyes.

A few moments later, Liu Lanzhi spoke, "This is indeed a substantial discovery! If we can figure out how this is made or where it came from, it will greatly boost the overall prowess of the Profound Blossom Sect!"

If the female disciples within the Profound Blossom Sect received a boost to their Yin Qi, then the male disciples that cultivate with them will also improve! However, as excited as she was, Liu Lanzhi was not too optimistic, as who knows if they will even obtain another of this Euphoric Oil in the future.

"Did Su Yang tell you anything about where he obtained this from?" she asked Elder Zhao.

He immediately shook his head and spoke, "Not only is that brat incredibly rude but he also refused to say anything — not even a hint."

"Is that so..." Liu Lanzhi sighed inwardly. Forget about him, even she, as the Sect Leader, does not know how to deal with someone like Su Yang properly.

"However, there might be a clue..." Elder Zhao suddenly said.

"Go on."

"Alongside the Euphoric Oil, he also brought a list of ingredients, spending 2,000 premium points without any hesitation after selling the Euphoric Oil. If I have to make a guess, that list has something to do with the Euphoric Oil — a recipe perhaps."

Liu Lanzhi's eyes lit up when she heard Elder Zhao's words. "Do you recall every ingredient that was on that list?" she asked him.

"I do."

"Good shit!" Liu Lanzhi cursed from excitement, nearly bursting out laughing at Su Yang for underestimating their shrewdness.

However, little did they know that Su Yang had foreseen such a situation. That being said, even if they knew the ingredients to create the Euphoric Oil, if they don't have both the technique and skills required to create the Euphoric Oil, they won't be successful no matter how many experiments they do, hence why Su Yang did not care about letting them see the list of ingredients.

Elder Zhao recalled the list of ingredients from his memories and wrote it on a piece of paper according to Liu Lanzhi's wishes.

"Here you go," he handed it to her after he finished.

"This is quite the long list," Liu Lanzhi said after reading through the ingredients.

"That only makes this list seem more authentic."

"Very well," Liu Lanzhi nodded, and continued, "Although we are not concocting pills, I want the Profound Pill Hall to study the list and see if they can find anything. Also, because we are dealing with mostly medicine and herbs, I want the Medicine Hall also involved in this. Give them some of the Euphoric Oil and see if they can figure out how it's made."

"I understand, but... what about him?" Elder Zhao asked.

"Him...? If you mean Su Yang, I already have another business with him, so I will be seeing him very soon!"

Liu Lanzhi still hasn't forgiven Su Yang for slapping her in the face while she was asleep. Even though it was to wake her up, weren't there any better methods than to slap a beauty in the face? Only a villain would do such a thing.

Elder Zhao left the Yin Yang Pavilion a few minutes later to complete Liu Lanzhi's task.

He first went to the Profound Pill Hall, where all of the pills found in the White Treasury Hall came from.

"The Sect Leader has a task for the Profound Pill Hall," Elder Zhao said to them as soon as he entered the building.

"Elder Zhao!"

The alchemy masters inside greeted him.

"What does the Sect Leader desire from us? As long as it's pill related, the Profound Pill Hall will not disappoint her."

"Unfortunately, it's not about a pill." Elder Zhao retrieved the list of ingredients and said, "The Sect Leader wants to know if there are any recipes out there that require all of the ingredients listed here. If none of you know, she would like for you to research it to the best of your abilities."

Once Elder Zhao handed them the list of ingredients, the alchemy masters at the Profound Pill Hall gathered in a circle and began their discussion.

After his job at the Profound Pill Hall was finished, Elder Zhao went to the Medicine Hall with a tiny bottle of the Euphoric Oil in his pockets.

\ "This disciple greets Elder Zhao!\ "

The girls at the Medicine Hall immediately greeted Elder Zhao upon seeing him.

\ "Elder Zhao.\ " Lan Liqing also greeted him with a courteous bow.

Elder Zhao nodded and said, \ "I came here today because the Sect Leader has a task for the Medicine Hall.\ "

\ "What does the Sect Leader want us to do?\ " Lan Liqing asked.

Elder Zhao retrieved the small bottle of Euphoric Oil in his pockets and showed it to her.

\ "This aroma...\ "

Not just Lan Liqing but every disciple there beside one individual immediately took notice of the sweet aroma that was around the glass bottle.

Although none of them showed it on their faces, they all recognized the Euphoric Oil by its distinctive smell, especially when their body was soaked in such substances not too long ago.

Lan Liqing felt an obnoxious feeling in her heart when she saw the Euphoric Oil. Why is Elder Zhao showing them the Euphoric Oil? And more importantly, where did he get such a thing?

## [DUAL CULTIVATION](#)

### [Chapter 236 Heavenly Massages Return!](#)

"The Sect Leader has tasked the Medicine Hall to study this substance to the best of your abilities. Even if it's just a few, try to see what ingredients were used to create this substance," said Elder Zhao.

"W-What is this substance? And where did you get it?" Lan Liqing asked with an ignorant expression, acting as though she's never seen the Euphoric Oil before.

"This is called the Euphoric Oil, and if deemed possible, it will replace our Profound Yin Pills. As for where it came from, that is something I cannot disclose. If you really want to know, you can ask the Sect Leader herself," said Elder Zhao.

"There's no need..." Lan Liqing said, confirming the source of the Euphoric Oil from his words.

There was no doubt that it'd come from Su Yang, which left Lan Liqing slightly worried. Because she's well aware of the Euphoric Oil's effects, she could see the Profound Blossom Sect going after Su Yang for its secrets.

Elder Zhao left after handing Lan Liqing the Euphoric Oil.

Once Elder Zhao left, all of the disciples gathered around Lan Liqing. They all wanted to confirm whether or not it was the oil that Su Yang had used on them.

"It really is the same oil..." Xuan Jinglin mumbled.

"Do you think they got it from senior apprentice-brother Su?" Yu Yan asked with a worried expression.

"What if they're interrogating him as we speak?"

"Don't say something that obnoxious!" Shang Wenjie frowned.

"No matter where it came from, the Sect Leader is expecting us to examine it, so that is what we will do. If you are that worried about Su Yang, you can check on him after we are done," said Lan Liqing with an annoyed tone.

"Yes, Master!"

The Medicine Hall immediately began working on the Euphoric Oil. But the people there were unable to work without being distracted by their worries for Su Yang, especially Lan Liqing, who was particularly absentminded throughout the entire day.

Meanwhile, Su Yang just finished creating two more bottles of Euphoric Oil while inside his room.

"I should go once a week to the White Pearl Treasury for more ingredients," he thought to himself.

Afterward, Su Yang went outside of the house and hung up a banner on a stick like a flag in the front yard, where it used to be when he was farming for premium points.

While words that he has resumed his business will without a doubt spread by itself without needing him to do anything, the rumors will spread much faster if Su Yang himself advertised it.

After Su Yang posted the banner outside that stated the reopening of his business, he went back inside to wait for customers.

And very quickly, the disciples that pass by Su Yang's living quarters noticed his obvious flag and the large characters on it.

'Heavenly Massages Return! Free of Charge! No Time Limit! Special Services!'

"Good lord! Su Yang, that bastard has finally returned!"

The male disciples felt as though the sky has darkened once again, and their worst fears have returned. At this rate, their partners will return to Su Yang's business for pleasure and completely forget about them like before!

"Fuck! My girl has only recently started seeing me again after going to Su Yang for a massage! Once she hears about this, I won't be able to cultivate again for heaven knows how long!"

As for the female disciples, they began celebrating on the spot when they saw the sign.

"Su Yang is reopening his massage business?! And for free?! Am I dreaming right now?!"

"What kind of special services will he be providing? I can't wait!"

"Forget about all of that! There's no longer a time limit of 10 minutes! This means I can enjoy his massage for as long as I desire!"

"I was just about to go cultivate with my partner! Forget it! He can wait!"

Female Outer Court disciples immediately began lining up in front of Su Yang's house after seeing the banner.

"Senior apprentice-brother! Are you really opening again?"

Su Yang opened the door and appeared before them after they knocked on the door.

"That's right," he responded with a handsome smile.

"What kind of special service do you provide? How is it any different than what you were doing before?" one of them asked.

"You will find out inside."

"Is it really free?" another asked.

"That's what it says on the banner, right?"

"W-What about the time limit? If somebody decides to stay for the entire day, won't it take forever before the majority of us get a turn?" somebody at the end of the line asked.

"You don't have to worry about that, because the majority of you will not last for that long." Su Yang responded with a smile.

"Anyway, why don't you come inside first so we can get this started?" Su Yang said to the first person in line.

"O-Okay!"

The disciple first in line entered the house with an eager expression, and her excitement could be felt by even the people at the end of the line.

Once the female disciple entered Su Yang's room, he asked her in a calm voice, "Do you want a massage, or do you want to cultivate with me?"

"Excuse me?"

The female disciple looked at Su Yang with wide eyes, seemingly in disbelief. And thinking that she heard him wrong, she asked, "Y-You want to cultivate with someone like me?"

"If that is what you desire," Su Yang replied with a smile.

"..."

The female disciple turned speechless. She never expected there to be such an option when she came here!

"I-I want to cultivate with you!" she quickly replied.

Not many Outer Court disciples would refuse to cultivate with an Inner Court disciple, much less with someone as skilled and as handsome as Su Yang.

"Very well. Why don't you take your clothes off so we can start?"

The female disciple swiftly and elegantly removed her clothes, before laying on the bed.

A few moments later, Su Yang began playing with her body before sticking his thick rod into her and absorbing her Yin Qi.

## DUAL CULTIVATION

### Chapter 237 Sect Elders in Distress

"Ahhhh! Ahhhh! Ahhhh!"

The female disciple screamed in pleasure as Su Yang destroyed her body with his thick rod, reforming her hole into the shape of his rod.

And within minutes since they began cultivating, the female disciple was already exhausted from releasing too much Yin Qi.

"If we cultivate any further, your body might be harmed from Yin Qi deprivation," Su Yang said to her.

"Un..." Although she was reluctant to leave after spending what felt like a few seconds in this room, the female disciple left after putting on her clothes.

More than a dozen more female disciples have entered the queue in front of Su Yang's house since the first service, but when the first customer to enter Su Yang's house returned after spending only a few minutes inside, everybody that was waiting outside was stupified.

"Why are you already back outside? It hasn't even been ten minutes since you went inside!" the people in line asked her, thinking that she was being silly for wasting her opportunity as the first individual to enter.

"Y-You don't understand a thing..." the female disciple shook her head and left with a sensitive body, making her pace and movements awkward.

The people in line watched her leave with a puzzled expression and wondered, "What did she mean by that?"

"Next guest in line, please come inside," Su Yang said from inside his room.

The next individual in line no longer pondered and entered the house.

Once she was inside his room, Su Yang asked her, "Do you want a massage, or would you like to cultivate?"

"Eh?"

The girl looked at Su Yang with wide eyes and a shocked expression, resembling the last girl.

"Which service would you like to have? I can give you a massage, or I can cultivate with you," Su Yang repeated his words when the girl remained unresponsive after many seconds.

"I want to... cultivate?" still unsure of the situation, she responded in a questioning tone.

"Very well, please remove your clothes so we can begin."

The female disciple removed her robes and laid on the bed, and Su Yang began his services a few seconds later.

"Ahhh! Ahhh! Ahhhhhh!"

The female disciple couldn't believe the pleasure she was feeling; it was like she had entered a different world!

And just like the last customer, she was exhausted within minutes.

"Senior apprentice-brother, you are amazing..." she praised him in a sincere tone.

Su Yang smiled and said, "I will be here if you want to return at any time."

The girl nodded and left soon after.

Once the female disciple left his house, when asked by the others, she said, "You can receive a massage from senior apprentice-brother or you can cultivate with him! And you get to choose!"

"What?! We can cultivate with senior apprentice-brother Su?!?!" The girls waiting in line were shocked speechless, and their expectations and excitement have soared to the sky.

"Which one did you choose?" one of them asked.

"I chose to cultivate with him... and it was... otherworldly..." she responded with a bashful expression.

"Even better than his massage?" another asked.

"Way better..."

When the female disciples heard that, their anticipation and enthusiasm skyrocketed and reached the point where it would have enough power to destroy an entire city if such emotions were to become a technique.

Once the third customer entered Su Yang's room, she immediately said, "I want to cultivate!"

Su Yang only nodded, and a few seconds later, he began thrusting the female disciple.

After he was finished with his third customer, Su Yang continued to accept female disciples into his room, and in eight out of ten customers, they would request for a cultivation session with him.

And with each session lasting no longer than ten minutes, Su Yang would cultivate with around four to eight girls every hour. However, because each sessions are short and quick, Su Yang would only release his Yang Qi after cultivating with a dozen or so girls.

The line outside Su Yang's house has increased to the point where one can no longer see Su Yang's house from the end, and there were at least a hundred people standing there.

It didn't even take an entire day for nearly every single Outer Court disciple to hear that Su Yang has reopened his business, and everybody that has gone to him before for a massage made their way towards Su Yang's living quarters once they heard of it. Furthermore, once they learned that Su Yang would be providing special services that allow them to choose between a massage and cultivation with

him, they nearly went crazy from excitement, as that is something they have been wanting to experience since their massage with him!

Su Yang reopening his business caused a huge commotion within the Profound Blossom Sect, even creating heavy traffic within in the Outer Court, making it difficult for everybody else to travel, all because Outer Court female disciples flooded the area Su Yang lived in.

Meanwhile, the sect elders were flooded with complaints from the male disciples, blaming Su Yang for their lack of partners and cultivation ever since his reopening.

"What should we do? At this rate, we will see a significant decrease in the cultivation rate between disciples, and the male disciples will continue to complain until Su Yang stops his little charade."

The sect elders discussed with each other as the days passed.

"Why don't we just tell Su Yang to stop his business?"

"Unthinkable!" A few female sect elders immediately refuted that suggestion, causing an awkward silence in the atmosphere.

"Yes, I admit that I have gone to him for a massage before this, but as long as we don't cultivate, it is not against the sect rules!" one of them said.

"Let's talk about that another time..." said one of the more senior sect elders there. "We are here to discuss a solution to the disciples' complaints. As for forcing Su Yang's business down, it will only cause the female disciples to revolt and complain next, so it will not solve anything."

"We have been through this last time."

The sect elders sighed.

Just how did a single disciple manage to cause such a commotion and dire situation for the male disciples? It's not as if he is doing anything against the sect rules, either. And does a solution that will calm both sides even exist?

## [DUAL CULTIVATION](#)

### [Chapter 238 Anonymous Vote](#)

The sect elders spent the next half an hour pondering in silence.

If they continued to allow Su Yang to operate his little business, then the male disciples will complain about their partners ignoring them.

But if they stop Su Yang from giving away massages, it will become the female disciples' turn to complain to them.

No matter which path they decide to take, it will not be able to satisfy both sides and anger the other.

"Any better ideas?" the senior sect elder there asked after many ideas later.

"If it's impossible to satisfy both parties, why don't we just pick one? The other side will calm down once given the time."

"That's true, but which side do we pick?"

"Why don't we have an anonymous vote? We either stop Su Yang and anger the female disciples or ignore the situation and anger the male disciples."

The sect elders there exchanged glances with each other and agreed to vote anonymously.

A few minutes later, once the votes are cast, the senior sect elder counted the votes.

"Nine of us would rather ignore the situation, while the other ten wants Su Yang to stop his business."

When the five sect elders that voted to support Su Yang's business learned of the results, their faces showed signs of regret, as they will no longer be able to experience Su Yang's massages anymore.

"Although it was anonymous, I will say that I voted against Su Yang." One of the sect elders suddenly spoke. "It is one thing if the female disciples are angry, but if the male disciples lack partners to cultivate because of Su Yang, it will greatly affect our Profound Blossom Sect, as their only way to strengthen themselves is through dual cultivation."

The sect elder explained, showing logic to his reasoning for being against Su Yang.

And after hearing such an explanation, those who supported Su Yang began having second thoughts.

Even if half of the male disciples from the Outer Court do not cultivate, the entire Sect's overall prowess will be lowered, which could pose a great threat to their security.

"But females are extremely unpredictable beings, especially when they are disciples of the Profound Blossom Sect... Who knows what crazy thing they will do if we deprive them of their pleasure, and this is coming from a female..."

"If most of the sect elders step up, nothing will happen and everything will return to normal before we know it. Even if they are mischievous, they won't dare to cause too much trouble for the sect elders."

The place turned quiet after that.

A few moments later, the senior sect elder spoke, "Then it's decided. Although it is regrettable that things have come to this point and he has technically done nothing wrong, we will need Su Yang to stop his business, as it is creating too many conflicts and anger amongst the disciples."

After another moment of silence, the senior sect elder continued, "That being said, who would like to be the one to speak with Su Yang about our decision?"

The sect elders there began exchanging glances once again, but all of them held a perplexed expression.

Although half of them voted against Su Yang, none of them actually dared to be the one to physically stop Su Yang's business, as they did not want to appear responsible for shutting Su Yang down, because the female disciples would surely flood that individual afterward.

When many minutes have passed and nobody wanted to volunteer for this task, one of them raised his hand and spoke, "Since nobody here wants to volunteer despite eagerly agreeing to shut Su Yang's business down just moments ago, I will do it."

The sect elders in the room all turned to look at the man who just spoke.

"Are you sure about this, Elder Sun?"

The one who had volunteered was none other than Elder Sun, Sun Jingjing's grandfather.

"Somebody has to do it, right? Not to mention I have spoken with him a few times before, so I am best suited for this task."

"Sorry to trouble you, Elder Sun."

Elder Sun shook his head and left the place soon later.

Once Elder Sun left, the rest of the sect elders began expressing their surprise.

"Who would've thought that someone like Elder Sun would volunteer for a task like this..."

"Right? He's the last individual here that I'd expected to go!"

While the sect elders remained inside their meeting area, Elder Sun approached Su Yang's living quarters.

However, unsurprising, the place was packed with female disciples.

It's been a few days since Su Yang started his business again, and the entire Outer Court has heard of it by now. In other words, the majority of the Outer Court female disciples were here, which were in the hundreds.

That being said, despite the blockage in the area, once Elder Sun appeared and the disciples noticed him, they all made a path for him while greeting him as he passed them.

And because they made way for him, Elder Sun reached the entrance to Su Yang's house with relative ease.

However, while Elder Sun could enter the house at will, the doors to Su Yang's room were closed, and since he didn't want to cause a scene there, Elder Sun decided to wait outside until Su Yang came outside by himself.

A few minutes later, the door to Su Yang's room opened, and a female disciple walked out with unstable movements, looking like her legs were sore.

Elder Sun watched her leave with a raised eyebrow, and once he could smell the scent of Yin Qi coming from the female disciple, he sighed inwardly, "This brat Su Yang... to think he'd still have the strength to cultivate when there are this many people..."

Elder Sun couldn't help but feel envious towards Su Yang in his heart after seeing this scene because even he wasn't this popular during his prime days as a Core disciple, much less an Inner Court disciple like Su Yang.

"Hmm? Elder Sun?" Su Yang appeared after the disciple left, and he said with a casual expression, "I am happy that you are here, but aren't you aware? I only accept females into my room."

"What—? Screw you! I am here on a different matter!" Elder Sun quickly shouted at him to prevent any misunderstanding.

"Is that so?" Su Yang merely smiled and said, "Let's talk inside."

## DUAL CULTIVATION

### Chapter 239 The Desire to Cultivate!

After Elder Sun entered the house with Su Yang, Elder Sun spoke, "I will keep this short and simple, what you are doing right now has caused too much of a commotion and the sect elders have decided to stop it once and for all."

"Quite straightforward," Su Yang said, his expression still calm.

"Although you aren't doing anything against the sect rules, it has led to many male disciples unable to cultivate, and we cannot allow this to happen anymore. I hope you can understand that it was only brought to the sect elders' attention because of the constant complaints being thrown at them, and they are all fed up with it."

Elder Sun explained to Su Yang that although they wanted him to stop doing this, they were only forced to by the disciples.

"Hmmm... is that so?" Su Yang remained nonchalant, and he continued, "So it's my fault that these disciples are unable to please their own women, huh? I thought the Profound Blossom Sect encourages its own disciples to cultivate with as much as possible, and that is what I am simply doing."

Elder Sun knew that it wouldn't be easy to convince somebody like Su Yang, but he tried regardless, "That is true, but in your case, it is something the Sect has never seen before. I am certain that nobody within the Sect would have expected a single individual to cultivate so many people that it's actually causing trouble."

"And what will you do if I refuse? Since I am not breaking any sect rules, you will need a better reason to convince me to stop. As a matter of fact, why don't the Profound Blossom start teaching its disciples how to pleasure women better?"

"Su Yang, this is not a matter you can refuse, as every Outer Court sect elder are expecting you to stop this charade," Elder Sun frowned.

"Charade? That's hurtful, Elder Sun. All I am doing is helping the Sect by pleasuring the female disciples, but because of some complaints, you are willing to take away the happiness of these women? I am ashamed to be apart of a place with such a mindset." Su Yang shook his head, seemingly in distress.

However, despite his little act, Elder Sun did not believe it for a second and said, "Although I have only spoken with you a few times, I know your character very well, Su Yang, and you are not the type to be saying such words."

Su Yang smiled and said, "Then you clearly don't know me at all..."

Seeing how this is going nowhere, Elder Sun sighed, "What will it require for you to stop this madness? I am only here to send you a message. If you do not want to listen to me, then you will have to deal with others, and they are not as patient as I am."

Su Yang looked at Elder Sun with narrowed eyes. Although the Yin Qi he gets from cultivating with all these Outer Court disciples were minuscule at best, it's been a while since he last cultivated with so many women without any breaks, and he quite enjoyed it despite not benefiting as much as he'd like from it.

Though, while it may not affect Su Yang that much if he were to stop cultivating with these Outer Court disciples, he does not like it when people force things on him.

"Let me get this straight — you only have a problem with what I am doing because the female disciples that are coming to me for pleasure would not return to their partners, and they are complaining, correct?"

"In a sense, yes." Elder Sun nodded.

"Then you won't bother me if those disciples stop whining, right?"

Elder Sun looked at him with a pondering expression, thinking to himself, "What is he thinking of doing this time?"

"If you can make that happen, then the sect elders would have no more reasons to stop what you are doing."

"How can you be so sure?"

"Who do you think I am?" Elder Sun spoke with an arrogant voice, "If I say that the sect elders won't bother you, then they will not!"

After a moment of silence, Su Yang nodded and said, "I will take your words for it."

A second later, he approached the door.

"Where are you going?" Elder Sun asked him.

Su Yang did not say anything and went outside.

Once he was outside, every disciple there looked at him with worried expressions, wondering if something troubling had occurred, as Elder Sun is chief of the Disciplinary Squad, and there's only one reason why he would make an appearance in the Outer Court.

"I have three things to announce," Su Yang suddenly began speaking in a loud enough voice for even the people in the back to hear it.

"One, I will no longer continue this service."

When Su Yang said those words, every female there felt as though someone had stabbed them in the heart with a sharp sword.

"What?! Did something happen?!"

"Is it because of Elder Sun?!"

"This is too sudden! I have been waiting here for hours!"

An uproar occurred outside Su Yang's living quarters, and Elder Sun could feel a drop of sweat dripping off his face when he heard his name constantly being mentioned by the masses. Sure enough, the disciples have immediately considered him as the reason for Su Yang closing his doors.

"Quiet down for a second! I still have two more things to say!" Su Yang roared, instantly hushing the place.

"Although I will no longer be doing this as a service, my doors will still be opened to anyone who wishes to cultivate with me! So nothing has changed!"

"What is the meaning of this?!" Elder Sun stared at Su Yang with a dumbfounded expression.

And before the female disciples could even celebrate the news, Su Yang continued speaking, "However, that being said, because most of you have been neglecting your partners, I will be in trouble if this continues! If you want to continue cultivating with me, make sure that you at least don't ignore your partners! Because at the end of the day, I am not your partner — only a disciple of the Profound Blossom Sect with the desire to cultivate!"

The entire place turned completely silent, and it remained quiet even many seconds after Su Yang's words. Everybody there was at lost for words — Elder Sun included.

### [Chapter 240 God of Pleasure](#)

"Will this be good enough for you, Elder Sun?" Su Yang turned to ask him, who was staring at him with a dumbfounded expression, seemingly in a daze.

"I... I guess?" Elder Sun didn't know how to react, as none of the sect elders had expected this situation.

"If there's nothing else you need from me, I would like to return to my cultivation," Su Yang spoke in a calm manner.

Elder Sun stood there like a statue for a few more moments before leaving the place, as there was truly no longer a reason for him to stay any longer, not to mention the sharp glares being thrown at him from the female disciples.

He was afraid that if he'd stay any longer, the female disciples there will truly see him as a villain.

After leaving the Outer Court, Elder Sun returned to where the meeting had taken place, where the rest of the sect elders were waiting for his news.

"Elder Sun! You have returned quite faster than I have expected! How did it go with that disciple? Did he give you any trouble?"

The sect elders asked him.

Elder Sun shook his head, "Although I didn't manage to convince him to stop, the male disciples should no longer be complaining after today."

"What do you mean by that?"

While the sect elders were puzzled, no matter the situation, they were more shocked about Elder Sun being unable to convince a disciple, especially when he's the chief of the Disciplinary Squad.

Elder Sun sighed and explained to the rest of the sect elders what had happened when he tried to convince Su Yang to stop his charade.

"Who would've thought that there was such a simple yet effective solution..." mumbled the senior sect elder there.

All they had to do was to ask Su Yang to convince the female disciples to stop ignoring their partners and everything would've been solved without needing to shut down his service.

"But to think that he'd say some as bold as 'taking away the females' happiness', he sure knows how to put people in tough spots."

The sect elders there laughed, especially the female elders.

However, despite the perfect results, not every sect elder there was pleased. They disliked how Su Yang, as a mere disciple, was able to do whatever he wanted like he ran the place. That being said, none of them spoke up, as they believed that if Su Yang continued to live with such attitudes, he will one day offend someone he cannot afford to offend and learn the hard way.

"Now all we can do is wait for the actual results," said Elder Sun.

Everybody there nodded, and they all left the place a few minutes later.

Meanwhile, back at the Outer Court, the line in front of Su Yang's house did not shorten even after many hours later. In fact, it had even grown.

The word of Su Yang's cultivation techniques and the thick rod that he wields in bed were spread across the sect within the first day, and pretty much every Outer Court is aware of it by now.

Now that many days have passed, even those female disciples that have sneered at Su Yang in the past have gone to him for cultivation at least once.

There were also disciples that have vowed to stay away from Su Yang, but after hearing nothing but his name for many days caused their curiosity to overturn their resolve and seek for him.

After an entire week of cultivation within the Outer Court, only very few female Outer Court disciples that have yet to cultivate with Su Yang remained, something they view as an achievement worth bragging about.

What's more, Su Yang has become a sort of a divine figure within the Outer Court, with many females even starting to address him as God of Pleasure when speaking about him.

A week has passed since Liu Lanzhi woke up from her seemingly enteral slumber.

"It's been a week and there are no signs of your slumber returning — you should be in the clear for now. That being said, don't do anything too dangerous for the remainder of the month just in case it returns." The doctors said to Liu Lanzhi after a week of observation.

Once the doctors left, Liu Lanzhi immediately left the Yin Yang Pavilion for the first time in a week, and with a destination in mind, she headed towards the Outer Court.

"Just you wait, Su Yang! You may be thinking that you have gotten away with slapping my face because I haven't sought for you in these few days, but now that I can leave the Yin Yang Pavilion, you will regret ever slapping my beautiful face!"

However, when Liu Lanzhi arrived at the Outer Court, she was shocked by the scene before her.

There were at least a hundred female disciples hanging around Su Yang's living quarters, and there were even a few male disciples there that were seemingly trying to convince the female disciples to leave the place.

"This disciple greets the Sect Master!"

The disciples there immediately bowed to Liu Lanzhi and greeted her when they noticed her figure.

"W-Why are there so many people here? Is there a celebration or something?" she asked them with a dumbfounded expression.

Because she has been inside the Yin Yan Pavilion for the past week and the sect elders did not want to bother her, they did not mention to her about the situation here, hence her bafflement towards the situation.

"That is incorrect, Sect Master. We are all here waiting to cultivate with Senior Apprentice-brother Su."

One of the disciples there explained to her.

Liu Lanzhi's jaw immediately dropped to the floor upon hearing that. All of these female disciples were here to cultivate with Su Yang?

"What in heaven's name happened while I was absent?" she cried inwardly.

Why would there suddenly be so many people wanting to cultivate with Su Yang? Did he do something again?
